

## DISCOURSE II

February 27, 1938

KANSAS CITY, MISSOURI

Beloved Children of Earth, in My Endeavor to give the Assistance today which has been planned for you, remember the Victory in My Name is carried to you into your feeling world while the Messenger repeats My Words for future requirement!

Far beyond Our Expectation has been the Achievement here! We like to see the evidence in mankind as well as yourselves. How far We can depend upon the earnest "I AM" Students to stand by the Light of their own "Mighty I AM Presence," and to issue the necessary Decrees to enable Us to produce the Results which you of Earth so much need, We do not yet know.

The culmination of certain activities in Europe has compelled Us to speed up this Activity in America and, as you so often term it, "step up" your Activity to hold Our Dominion against the destructive activities which are the shadows of Earth. To Us, as We see from the Higher Octave, all discord of mankind is but a shadow. Sometimes—not so much in your America, but if you were in England and Germany—you would

find sometimes what they term a grey fog. This is the nearest description I can give you of the conditions which exist from discord among mankind.

Human beings who continue in considerable discord clothe themselves in a greyish garment of substance, just as tangible as your physical dress or suit of clothes. The Messenger has had innumerable experiences in drawing off that garment from those who were ill, and throwing it into the Violet Consuming Flame, and they were free at once—showing it is that discord with which mankind clothe themselves which is their mistake. Just as you have clothed the Points of Light within the cells of your body, and they no longer give forth their Radiance to the physical sight, so do you clothe yourself in the very thing you do not want, by discord! Therefore, for the “I AM” Students, I take it that is no longer permissible.

I do not like to say this; but since it is the Law of your Life, I think it very wise to say it—then you may decide! The time is so short, when you are going to have the opportunity to decide. You perhaps think sometimes the Messengers are somewhat urgent in almost the demand for Harmony in you and your world! Well, that is not because the Messengers desire it, but because they know what you are facing today!

The frightful destructive qualities generated by mankind and projected at them are the thing which

is your danger today. When you have entered this Stream of Life, make no mistake, you must call forth more than ordinary Protection! Not that there is the slightest thing to fear—not at all; but because you become a Greater Focus of Light and more noticeable, then you must have the greater Protection. We trust by July you will have passed beyond a certain place in the position of the Cosmic Light which will make it much easier for you to give obedience to this Great Law of Life!

When I speak these next Words you will see another reason for the Achievement here. In this small audience, the human creation of three hundred forty-six "I AM" Students has been dissolved and consumed! Out of that, there are twenty-six for whom you could not have believed it was possible; but because of the great sincere love poured out to the Messengers and the Light, the Cosmic Law has allowed this to be done! The Great Divine Director is greatly pleased with that which has been possible; and He thinks by this, that in future Classes He may depend upon a certain number of the people for whom He can do this. And that will give greater and greater and greater Assistance for the Freedom of America.

We are watching with all Earnestness to bring about a condition where a sufficient number of mankind can be shown—for instance an audience who could be lifted in Vibratory Action to where they could

see these Activities as the Messenger does! Only far more in that case would be revealed, so they might bear witness to the Perfection which the Messengers have described for more than three years! We firmly believe, in what has been accomplished here, that it may be done—because mankind has been calling for some such Revelation, but notice the difference since Saint Germain brought this “I AM” Activity forward.

In the first year there was, I am frank to admit, considerable curiosity among the Students as to Our Reality, and as to the various things they were calling forth—for instance, Our Tangible Presence; but today that has grown into a Great, a Mighty Sincerity which is most gratifying to Us, and surely should be to you. It means that from the Expansion of the Light within your own Hearts there is coming that Mighty Activity which refuses all subterfuge of any kind.

That is what We have been requiring. Mankind from their feeling world must dispel all curiosity, all anxiety for these Great Manifestations! Then when they come, they will do for mankind what they are intended to do, because no thing is brought forth to satisfy anyone’s curiosity—that would be quite childish. But when something Transcendent is brought forth, it is because It brings a Tremendous Release and Freedom to mankind; otherwise We would not make the Effort!

That is why We call forth the Light of your “Mighty I AM Presence”—not only by your conscious effort, but your sincerity, your love, your honesty—for remember, you are bound to face that! There is not a thing which can prevent it. Why? Because your Life demands it! Nothing in the world but your own Life is demanding, now at this time, that you face yourself and see whether you are honest, whether you are sincere, whether you are strong enough to stand against human suggestions—and if you will take the reins of Mastery in the acceptance of your “I AM Presence,” hold that Dominion, and remember in holding your Dominion, you are not the doer because you are the caller, if you will pardon that term. You are the one who is calling Dominion forth, and that is why these Ascended Master Qualities must be certain within your feeling world—Honesty, Sincerity, Purity, and you must be free from false pride.

If you have a Revelation, if you are permitted to observe, or if you have tremendous success from your Application, and then you feel for a single instant, “Well, my Light is very much brighter than my associates because I was able to do this,” that would be very likely your downfall!

“I AM” mentioning some of these things today because they are so subtle. You have been taught something about your thought world, but mankind even yet know so little about their feeling world. You

will accept something in your feeling, and you will not know it until it outpictures; and that is where your danger is. That is why I am prompting you today against all that is in the atmosphere and that in which you move in the outside world. If you draw that Tube of Light about you, or call the “I AM Presence” to draw It, you cannot fail to have the Protection which IS necessary.

We are touching upon and calling forth the things you most need. We are not going into any elaborate discourse, for in the Victory which is gained here, We are calling forth these Qualities and Powers within your own selves which you need right now; and with your obedience to that, in six months every one of you will thank Me and bless Me for having called your attention to certain of these things!

You know there are a few people who look to Us, expecting Us to flood forth some great Magnificent Expression of Life which they won't understand. Would that not be childish and foolish? What mankind needs is the simple language, conveying the Qualities into their world of action which produce Results—not some scientific explanation which the mass of mankind does not understand.

When Saint Germain talked to Me the first time, and when I saw what He wished to do, with all My Heart I joined Him in this “I AM” Activity; and We have remained at the Royal Teton to give this

Assistance, not returning to Our Homes as We had previously intended! If the Ascended Masters from your civilization love you, then realize how much We do if We are willing to remain and give you Our Assistance!

May I remind you of the Great Sanat Kumara who for four and a half million years has blessed your Earth with His Presence! He and His Associates came from Venus and remained! After the great change takes place, and He comes forth in His Tangible Body so the World may see His Reality and know how He has blessed the Earth, then He will return to Venus! These are Great Truths which mankind needs to understand; for knowing the power of your attention, you must understand that without it, there is not a thing which can take place in your world!

The Glory of mankind is at hand! I have the Confidence in you, in all the "I AM" Students, that you are now strong enough to stand against all suggestions of the outside world and let your Light go on expanding, through your Tremendous Determined Calls which is the Assistance the Cosmic Law requires. I shall depend on you to give this Assistance to Saint Germain! All the Earth will bless you one day because you were courageous enough to stand with the Light and call It into action for the Freedom of America and the Blessing of the rest of mankind!

The Great Divine Director, the Goddess of Light, and the Blessed Nada have determined to try an

experiment in Europe. Should this prove out, you will see some of the strangest changes you ever witnessed on Earth. That remains to be seen! In the Assistance you are giving in these Calls for the Protection of mankind, their Blessing, and the Service you are rendering or releasing from the physical octave—a sufficient amount of Substance which is not needed for America, They intend to utilize and use there for this experiment! So you see how far-reaching it is.

You are not the frail beings that you think you are! I wish that some of you might suddenly see the Power of the energy released in some of your “I AM” Decrees. Let no one in the future have the slightest feeling that you cannot make a Call with the strength and energy necessary to release sufficient energy for whatever your “I AM Presence,” through the Higher Mental Body, wishes to do for you and in your world of action. Accept this right now and let the Fullness of Its Power of Action go forth! As you do this, you will see sufficient outpicturing to satisfy yourselves and fulfill your fondest hopes!

Therefore, today while this Tremendous Radiance is going forth, and the great depths of your beings are being touched, you will feel that which you have never felt before! Do you know that there is a Height and a depth to your being? From the depth of your being is being brought forth everything to be disposed of. While I am holding your attention on these simple

Words, great Activity is going on in the most important part of you, so far as the physical world is concerned; and that is your feeling world!

So I want you to know that some day when the need is passed and you want to bask in some flowery language, then We will give It to you! Oh yes, We could! We could recite Poems and give you Expressions which would just about lift you out of those chairs, but that is not so important just now! I am grateful to see in your feeling world that Acceptance, that Humility which is so vital to the future. Remember, Dear Ones, before the Light be humble—no matter what Manifestations take place; but before the face of man and human viciousness, be as positive as you like, because you must be positive against those human creations!

Now understand, in the dissolving and consuming of your human accumulation, it means you are released from the pressure of your own creation, which makes it so much easier for your Answer to come from your Call! There is much else I might say, but it is not wise at this time. Just let that be sufficient; and if you will abide in the True, Sincere Feeling, accepting all We desire to do for you, you will have Its Manifestation in your feeling world. It is not necessary for you to understand all the details of It, but remember your feeling is very important to Us!

Saint Germain has thus far done for mankind what has never before been done on the face of this Earth!

Therefore, I am so grateful for your sake, for the great Love which is growing for Him among the great number of “I AM” Students from all walks of Life, because it is important! Oh, not that He needs it, but because you need it—because America needs it! Saint Germain is the Heart of this “I AM” Activity for America, the same as your physical Heart is the Focus of the Light from your “I AM Presence” for your physical body! It has to be so! The Law of Life has made it so! It is not anyone’s particular choice, but the Ray under which He operates compels Him to be the One who is the Heart of Freedom for America. That is why He was Wise enough and Fortunate enough to select from His own Family those He could depend on!

I ask you today, can you with Me just for a moment feel how fortunate you are—beings who are caught in the Great Radiance of Light drawn forth by the Divine Director from the Cave of Light in India, which for thousands of centuries has been the Purifying Glory of the Mighty Light Activities through the Earth, where thousands of individuals have entered, who have been set free from the limitations of Earth? You, who are right here in the comfort of your own city, are having It brought to you! You are being enfolded in It, when people have sought the Earth over for that Privilege!

We try in many ways to give you the Feeling of the Privilege which is yours, because when you

attain to a Certain Point, a Certain Intensity of that, you will find your Complete Release—because only through Gratitude and Blessing do you hold your Armor about you! Since I have touched upon that, may I remind you there has been the constant Call, the constant decreeing for your Armor of Light! Now you need not answer Me, but I ask you, how many of you sitting in this room, have actually accepted that in your feeling?

Think of It! Contemplate It! Do you know what it means when a Great Presence offers you something and you, in your ability to feel the Reality of that for the moment, think, "Yes, that is wonderful"; but an hour later you feel, "I wonder just what all that means anyway"? Observe what it means to hold an acceptance in your feeling of the *Most Perfect Thing in Life which is offered to you!* The Great Beings of Light have said to you, "according to your acceptance will We clothe you in that Armor of Light which is Assistance to your Call!" Now how many of you—just be, oh, so really honest now for a moment with yourselves—think, "To what degree have I accepted that?" You see! It is Tremendous!

Make yourselves so alert and remind yourselves daily of that which has been offered you; for instance: your Armor of Light, your Freedom, the dissolving and consuming of the remainder of your human creations and accumulation! Then you will see what

it has meant to pour forth your love to the Great Ones of Life and to issue your “I AM” Decrees, which is the releasing of your energy for your Freedom! Then you are complying with the Law!

So in the future, Beloved Ones, I urge you—go on and on in your Mighty Decree work! Will you allow Me to remind you that until you are released from It, give strict attention to the Divine Director’s Outline so all this “I AM” Activity may be uniform! Dear Ones, let Me say something so kindly—it might sound a little severe, but don’t take it so! I say to all the Blessed “I AM” Students, Group Leaders, and everyone everywhere representing this “I AM” Activity: don’t be so anxious to give expression to your own feeling or powerful impulse as you are to stand by and use the Ascended Masters’ Words, which carry Their Cups of Light—a vitally important thing for America and yourselves today. Won’t you remember that?

Oh, I know mankind has thought—you know the human element—“Oh dear, I just can’t go on with the same old thing over and over; I have to have a change! I cannot do these things! You know I want expansion, and I have to have it.” That is all right, quite right! All that will come in good time. But today, Precious People of Earth, the need is for America—and don’t worry one moment about your own expansion or expression! You will find plenty of opportunity for that, but the need today is this Great “I AM”

Activity for America. Your "I AM" Decrees and your Harmony among each other are very important so this Great Release of Power goes forth—and then see how quickly will come the accomplishment!

I know, I have seen it while watching a few, so far as giving forth the Instruction is concerned, in art and music—various ones begin to call forth the Energy and Power of the "I AM Presence." They become inflated and think, "Oh my, this is marvelous! I shall give this forth to the World." Be careful! Be careful! The first which comes forth is not apt to be as perfect as that which follows! So just let it flow and keep track of it. Then after a while, when you see this really great Perfection come forth, then you will say, "Was it not a good thing I held that thing in abeyance at first!"

That is the position of mankind today. When you feel this Great Power of your "I AM Presence" flow forth, say, "All right, just go ahead"; but to the outer self's expression say, "Just wait!" until Its Great Perfection begins surging forth! You will thank Me for that remark I am sure, because then you will know what it means. Now why do I prompt you on that? Not to hold you back, by any means, but so you may avoid these suggestions about which I have been talking to you. If you put out something which you think—because it is your first expression—is magnificent, and it should not quite be, then there comes back at you the criticism and condemnation of the World!

That is why We do not want you to allow these things to go out until you find you are giving forth the Perfect Expression which your “I AM Presence,” through your Higher Mental Body, intends. Oh, just let it flow! Don’t think you must stop because the first you have given expression to, isn’t accepted by the outer world! Don’t mind that, but just let it flow! Just let it keep flowing; and all of a sudden, when it strikes a certain vibratory action, the whole World will accept it. There will be thousands among the blessed “I AM” Students who will have that recognition. The Students don’t quite see this, but that is where self-control and governing of this energy comes in!

Precious Ones, now remember My Words—every one of you will come to a point where you will all of a sudden, some day in your Call, feel the Energy from your “Presence” surge forth so you will think you are going to burst—because It is a Tremendous Release! Then is the time to say: “Hold on now! Wait a minute! ‘Mighty I AM Presence,’ take command here! Release that in the proper manner, and see that I do not get excited about it.” Then you are governing the flow of this Energy! It is the most important thing in your Life right now, because you will find that Energy surging in every one of you! There is not one in this room who has been here throughout this Class who will not feel that, so I am prompting you to govern it!

If you had a great volume of water behind a dam,

and you wanted to use that for irrigation, you would release just the amount you wanted, would you not? But suppose you pulled the whole gate out and let it all out at once, what would you do afterwards? That is just exactly what I am talking about! This Great Energy which you are calling forth in purifying and charging your feeling world, the large percent of it yet needs to stay there! Then as you gain this, when something wants to come forth, or an achievement before you needs this Energy, you can say, "Now go and do your Perfect Work"; and just as straight as you point your finger to an object, will go that Energy in the Full Volume to accomplish whatever is needed!

That is what every one of you needs to do in calling forth and holding that Great Energy in and about you, so when the necessity arrives you can release it to do whatever is required. Why do you suppose I am prompting you today to do this? Because the time is not far distant when you may need it! You will want to have that Energy where, on a moment's notice, you can release It for your own Blessing and that of others!

Between now and the time when the Discourse follows tonight, We shall endeavor to decide whether We may speak to you of certain Cosmic Activities which have taken place during the past twelve days, or not. If it is thought wise, then We shall call your attention to It. Very Great Cosmic Activities have

taken place in the northern part of South America, throughout America, through southern Europe, New Zealand, and Australia. These are particular Points or Focuses; and while the results are not yet complete, it is the only reason why We should withhold the Information describing the activity to you.

Again may I refer to your own humble efforts! These conditions, even certain Activities of the Cosmic Light would have been absolutely impossible to release, had it not been for these Mighty “I AM” Decrees sent forth by the mass of the Students! May you rejoice forever in your part of that Service!

In the Fullness of that Light, that Authority, that Energy which It is Mine to convey and control, I charge your beings and worlds, your activity with Perfection of Our Light, which knows no opposition! May you be able to accept It today and feel Its ever-expanding Activity in your Life, in your activity, in your homes and your world! Try not to battle anything in the future, but rather in the Great Calm Serenity of your “I AM Presence,” call It forth into action to govern all things; and let this Light which I charge forth into your feeling world and activity today, do Its Perfect Work for you. This is a very Tangible thing, quite as Tangible as if I precipitated a Garment to you to wear and to use—quite as Tangible!

Therefore, in My Humble Endeavor to give Assistance today, remember—“Victory” is My

Name! Victory is the Power which goes forth into your feeling world, to remain there ever active! Will you accept It and let the Power of Victory act in your world, to produce these results you require? I trust you will! I want to give that Assistance! I am quite able to give It! Therefore, according to your acceptance, be It unto you!

I love you! I thank you! I bless you forever, in the Power of the Infinite Light and Its Expansion of your own "Mighty I AM Presence," forever sustained, all-powerfully active in you and your world!

I thank you.
