

DISCOURSE IV

DENVER, COLORADO

June 19, 1938

SAINT GERMAIN

Beloved Students and friends of Denver, since the Mighty Victory holds the Quality of Victory and is able to convey It into your feeling world for your activity, I have asked Him to give the Dictation, for this is your need today!

I want to say to you how very grateful I am for the earnest, loyal sincerity with which you are carrying on; and remember, "I AM" Students and Group Leaders everywhere—you are not serving Me, you are not serving each other. You are serving the Light for your own Freedom! Please remember that! You are not serving the Messengers; you are serving the Light for your own Freedom, and that is what each one should feel in order to have the greatest results possible!

I cannot tell you how very great is My Gratitude for the wonderful, loving kindness and harmony which you have manifested to the Messengers, which has made their work so easy here, and made it possible for Us to do that which is beyond even Our fondest Imagination—and that is considerable!

Now as the Mighty Victory talks to you, will you

just with all the kindness and calm quiet of your beings, accept into your feeling world the Qualities which He wishes to establish there, to help you most rapidly on your way to Complete Freedom?

MIGHTY VICTORY

Beloved Students, in the Service which is being rendered mankind today and your position geographically, I think I should whet your appetites just a little bit. Do you know how close you might be to the City of Light to the Westward? I leave that with you to think it over! Do you know where that comes forth on Earth, it must be above a certain altitude? Now be careful—don't jump at conclusions; but it is very encouraging.

I say, you are fortunate in living in this altitude, as the Messenger stated to you, surrounded by vast acreage of country in which there is practically no human creation! Do you know what it represents to Us? It is as though you stood against the Great Wall of Light which lends Its Protecting Powers to you! Truly that is the case.

I say you have no idea, friends of the mountains, what is in those Magnificent Rockies today! You have heard of the Cave of Symbols and a few places, but I tell you within the heart of these mountains so near

you are things which would lift your Hearts forever to the Heights! One day you will find your great mines, which have been in operation and have produced such blessings for mankind—were only just the beginning. So I encourage you, Beloved People. If you love the mountains, if you love your financial freedom, pour out your love and blessings to the “I AM Presence” of Life and to all Nature! Then see what Nature will do for you!

Today there stands before mankind such Power and Speed for their Freedom, and We frankly admit that We are able to do infinitely more than We conceived—I mean considering the conditions which existed in mankind even six months ago. When We chose to come to the Royal Teton and make Our Homes there for two years or more to give this Assistance to mankind, you may be sure We saw the opportunity for the Victory of the Light for you and beloved mankind.

Did you understand fully what the Radiance from the Royal Teton and from the Cave of Symbols means to you, you would understand how great was your privilege and what Power you could call forth for yourselves and your city, to bring about and release that great Perfecting Activity!

You know it is not just an individual affair. While the final Great Perfecting Activity must come through individuals, yet you are working as one great body.

Let Me remind you again today, because it is very necessary. When the Divine Director asks the “I AM” Students throughout America to follow a certain routine, it means that makes each one—all Groups and “I AM” Students—one Great Body of Light, whose released energy from the human octave—from human bodies—is necessary for the Release and Activity of the Cosmic Light! As We are taking that up, expanding, intensifying, and amplifying It, you will see what that means for all of you.

Beloved Students, you might be very wise, but I do not think you are wiser than the Ascended Masters. I know the human in a great many kinds of whisperings in your ear, says, “You can formulate your own Decrees.” Surely! and some go ahead and do it, but those are your words! That is not the same as the Ascended Masters’ Words which are Cups that carry Their Qualities!

Allow Me to suggest that you be very careful. Isn’t it strange how mankind just at moments, either through great enthusiasm or feeling, think they too can receive the same Great Power from their “Mighty I AM Presence,” or think, “Why should I hold to those Decrees which the Ascended Masters have given? Why can’t I rise up, straighten my spine, and receive some too?” Surely you can, but you are not Ascended Beings! Remember that! One day you will be, but you are not yet!

So be careful, Dear Hearts, in replacing the Ascended Masters' Words with yours. I know you see this! I know you feel it, and it is important, very important at this time! Is there anyone here who does not want the most rapid progress possible? If you do not follow that which They ask, how can you have the Greatest Achievement in the shortest time?

I am trying to be so practical with you today, so you comprehend and grasp these things which sometimes sound simple, but they are very vital in your Life! Very! I wanted to take you into My Garden today; but since these things are vitally important, We shall postpone that until another time.

It is wonderful, Beloved Ones, how mankind can just let go of disturbing conditions. They can be released and drop away like an old garment which was disturbing them. That is what happens when they come into the Knowledge of this Great Presence—the “Mighty I AM.” It is True! Do not let this which I am going to say confuse you; but in the accumulations around you, sometimes you have really formed many dense garments. As your attention goes to the “I AM Presence” and this Light begins to release Itself in greater volume, one by one those garments let go and drop into the Violet Consuming Flame!

This Good Messenger before you, in his earlier experience, had vivid proof of this; for at that time, when he thought he had to draw the conditions off

from the bodies and the feeling world of the individual with his hands, he made many, many discoveries. Many times, as he drew his hands down over those bodies—not touching them—and he would draw off that substance, according to the conditions which existed would that substance be of very unpleasant colors. He did draw that off! While he did not understand the Unfed Flame or the Violet Consuming Flame then, yet he understood It as the Fire of God into which he threw that undesirable substance; and garment after garment was drawn away from individuals who were very ill—and when the last garment was drawn off, they arose well.

Now I wish to show you how you can handle the Substance of Light which some call the Universal Substance. We call It Self-luminous, Intelligent Substance! You can gather that, draw It forth, and spread It over a human form which is ill; and as that one absorbs It, he or she will arise well! How many times in your life, this life, have you been so ill at night, and awakened feeling wonderful in the morning? Sometimes you had a sudden illness in the day, and in a few hours you would be transformed and be strong and well again. How do you suppose that came about? Sometimes from your own Higher Mental Body was released this Self-luminous, Intelligent Substance which just enveloped the body; again, some one of the Ascended Masters seeing the need, projected a

Light Ray carrying this Substance, enfolded you in It—and the other substance was dissolved. That is how magnificent is your opportunity and your ability today, to cause to be dissolved everything which might limit or distress you, as you call forth these Light Rays.

As We have been rendering this Service to mankind and for the Nation, from the Royal Teton We project these Mighty Light Rays, carrying this Substance and Intelligence.

Beloved Ones, when you want to have peace, happiness, and rest, and have freedom to love your God as you please and adore It, if there seems to be obstruction in your way, call the “Mighty I AM Presence” to envelop any person, place, or condition in Its Mighty Radiance and dissolve the human qualities! It will do it, but don’t doubt it when you ask it to be done. You sometimes do doubt in your feeling, when you don’t know it intellectually. So watch and see that your feeling is responding to your Call every time.

Today, in Our Great Joy in ministering to mankind, We have found such response. If you could see Our Records and how many hundreds of centuries it has been since there was any perceptible response to Our Humble Efforts, then you would know why We often speak of Our Gratitude, each one of Us, in finding your response today.

Do you think that is just the response to Us? No,

of course not! In one sense it is, but the principal response is in the response to your own Life. It is that in which We want you to be firm and unyielding! We will give every Assistance, but We must have your attention to your own "Mighty I AM," first and always! Then afterwards you can make your Call to Us, if you like; but remember, We cannot allow you to begin to feel you can lean upon Us. You would not have your Freedom and We would do you an injury, because you would begin to lean again on something outside of your "I AM Presence"! It is because mankind have done this throughout the centuries that it has brought about all these limitations.

Observe the Messengers in this lifetime. They have achieved more Victory in four years than they did in all the other years together. Don't you see what it means in knowing the "I AM Presence" is there, by giving It your attention and in calling Its Mighty Intelligent Energy into action? If you see that result in three or four years, then what can be done in as many more? I want you to feel the encouragement of this.

Look upon the mechanical progress of mankind in the outer world progress in forty years. See the transformation which has taken place in your means of conveyance, for instance. When mechanical change and blessing in the speed of conveyance can take place in forty years, as it has with you—then how much greater would be the speed of the Power of Achievement of

the individual who has direct communication with the Greatest Power and Intelligence of Life? Do you not see, if you have made this great progress in one, two, three, or four years, what eight years would be—because every year will more than double the speed of achievement which you had in the beginning! That is the Power of momentum gained.

Never, Beloved Ones, forget the power of your attention. It will lift you to the Heights or pull you down to the depths. Don't let it be fixed and held upon destructive things of any kind; if you do—down you go! If you hold it, or turn it back again and again to the "I AM Presence," then you are constantly rising. Every time it begins to look too much out here, and begins to accept the appearance world, say: "Hold on! Stop that! Come back here where you belong!" You will soon become so alert that there will not be a moment when your attention becomes fixed on something out here which would pull something discordant into your world, that you would not be able to draw it back and put it here where it draws forth Perfection! (*pointing to the "Presence"*)

I do not think you quite comprehend yet, that when you fix your attention upon discordant, destructive things out here, you pull that activity into your world and experience it—just as definitely as if you threw a lasso around it and pulled it surely and slowly in. It is your Life doing that! You do not want it to, but

because you have not understood, you have been compelling your Life to pull into your experience the undesirable things! Now let Us determine, let Us help you, if you will, to hold the determination never to do that thing again! You can face about any moment you determine to—because if you will, you can have the Full Power of your “I AM Presence” in your determination and strength to do it.

Why do you think you have strength in those physical bodies? How much strength would be there if Life suddenly withdrew? They would just collapse and lie there helpless. So the strength is not there; it flows in and through the body, but it is not generated there. I smile so many times as We move among the beloved Students, among mankind, thinking they have to eat and eat and eat to have strength in the body. Well of course habit has made it seem necessary, but what would that food do in the body without this Life taking care of it? You would soon get overloaded, wouldn't you?

Now this is very practical. Therefore, Beloved Ones, Life acts upon that food and withdraws the essence from it, or whatever is there. Some of it does not have so much, but do you know what the atomic structure of the body is? It is the density gathered about those Points of Light, which is in your stomach cells, and what do you think that does? That habit is not satisfied unless there is a certain amount of substance in the

stomach, regardless of what it is going to do there.

The Messengers and the Staff have found out that they do not eat one third of what they did, and yet they are stronger than they were before. I do not mean, Dear Ones, that until you grasp sufficient Fullness of the “Presence,” that you could suddenly leave off two thirds of your food; but as your attention goes to the “Presence” and is held there, the Love, Wisdom, and Radiance of the “Presence” will cause you to do perfectly the things you should do. Then say, “‘Mighty I AM Presence’! cause me to do the Perfect Thing of the moment.” Then you will be fulfilling constantly everything which is required; and as you are raised in vibratory action through your attention to the “I AM Presence,” the undesirable things will surely and steadily drop away.

That is why We call your attention to these things, because if you will give obedience to this, you will find such Freedom in no time. The Great Energy, Strength, Power, and Courage comes from your “I AM Presence,” because It is the Pure Essence of Life. Saint Germain used to very often first gather the Substance together, and then afterwards, precipitate the Elixir of Life—and It produces marvelous results! You today have the same Elixir of Life flowing into your bodies, exactly the same which He produced in outer Manifestation to mankind! They drank It and received the cleansing, purifying activity through the flesh structure!

I want so much to convey to you today that in all mankind's search for the Fountain of Youth, they had It all the time right here, in the "Presence" above them! In the earlier centuries, you have no idea how many hundreds of people sought the World over in search for the Fountain of Youth! Mark you, the transportation was not a fragment of what you have today; yet with all the hardship and privation, they sought and searched the World over for something which would give them Eternal Youth. Why did they do that? Because something in here (*pointing to the Heart*) knew It was attainable; but not having a clear enough concept of It, they thought they had to search outside.

For instance, many of you have read in the book called *She*, of where she stood in the Sacred Flame of God's Love and maintained Perfect Beauty and Health in her body for many, many centuries. That is no myth! Mankind think all these unusual things, so-called, are sometimes someone's imagination! Let Me tell you, the Great, Great Truth has been trying to find Its way to mankind all through the centuries; and now and then one who might be in sufficient attunement was inspired with Great Truth. But in most instances, they did not hold steady enough to get the Fullness of It; and before It was completed, their own human concepts intruded and the individuals did not know one from the other.

We can show you through many things, Magnificent Statements of the Law and Truth, but with them are mixed other things which are misleading! Therefore, in Saint Germain's "I AM" Activity, you will never find one word, one phrase which could in any way be misleading. It is the Statement of the Law—clear, definite, powerful, concise—that all may grasp and use! This is because the need of mankind today has been so great, it had to be done or they could not survive!

I say to you, have courage; do not let down for a moment on your Application! A few more Classes with the achievement as great or greater than this will change the whole affairs of America.

Now you think that you have been enjoying yourselves, and you have been greatly blessed, but what else do you think was being done while you were listening? Through the Great Currents of this Mighty Radiance, which was released for your Blessing, these Currents have been going forth everywhere! You do not see that. You do not see the current flow through the wires that gives you the light, but it is acting there. So it is with this. These Great Currents of Energy go forth everywhere!

Let Me remind you of one thing. I was in your midst the other day when the Messengers called your attention to the plague in India, which is becoming so far-reaching just now. What do you suppose happened

when you called for that Release of Power? Great Currents of Energy charged forth, coming from the physical octave, which the God Himalaya took up and projected into the plague condition! Watch the papers and see the change in a few days! The evidence is before you constantly. I invite you to watch and see how quickly that plague will subside!

The mass of mankind does not know what that means in the slightest. But, oh, how they could remedy everything in city, state, or nation with enough individuals together who would call for that which was required. Call to the "I AM Presence" of Life, and It will release those Mighty Currents! This is what occurs in the Assistance of the Ascended Masters, the Legion of Light, and the Great Cosmic Beings who take that up, amplify It, and hold It focused upon a given objective, until the thing is done for which you call!

How do you suppose the strikes were settled every place the Messengers have gone? Because they made the Call which was necessary to release the energy from the physical structure, which is the element the Ascended Masters required. The Ascended Masters took It up, amplified and projected It into their meeting places; and the strikers changed their minds.

It is a joyful thing to be able to have people change their minds because they want to! Do you see then, how all becomes a natural process? They might not

have known a few moments before, that they wanted to change their minds; but suddenly they had a desire to do it. That is how all things can be changed in the experience of the individual, as you call these Great Light Rays to take command in your world of action! Your “Mighty I AM Presence” holds those Mighty Currents of Light steady, amplified by the Great Ones; and the first thing you know, your world is moving in Perfect Harmony.

I saw the Messenger reading a letter just before he came down, and the lady who wrote it had been calling for help concerning the settling of an estate. Such chaos reigned and she was in such agony and distress. So the Messenger sent her a letter to calm herself, call the “Mighty I AM Presence” into action, and he would assist her. Her distress was so great because she was about to be deprived of much. He was quite sure everything would come into Divine Order, and Divine Justice reign—and later, behold, it did!

Dear Hearts, there is not one thing in the Life Activity before you where you cannot call this Great “I AM Presence” into action, to hold these Mighty Light Rays focused to bring Divine Justice and Order out of it, because not one of you wants anything but Divine Justice—not even for yourselves! You don’t want all of mankind to be set aside for you—because when you call for Divine Justice to everyone concerned, then the Greatest and Fullest Power of Divine Justice

will act for you!

I prompt you upon this one point, for there are many in this room who need this Assistance and who can have It: Suppose injustice has been done in your world of activity and you want Divine Justice to take its place. How can you have Divine Justice start into action until you are willing to pour forth love and blessing upon all activity? If you will do that *now*, and call the “Mighty I AM Presence” and the Ascended Masters to see that Divine Order and Divine Justice are produced in your world, don’t you see, you cannot be deprived of a single thing?

If in the past something which seemed to be yours seems to have gone away from you, how do you know that it might not be returned, its equivalent, or even something better? Do you not see Life owns all that is, and you are only custodian of what happens to be in your worlds? Do you not see that? Do you not see, then, why Life can produce for you the Fullness of all good things, if you will only realize It—*feel It deeply*?

Now remember, your Call to your “I AM Presence” releases the Infinite Power of the Universe into action, to produce the exact result for which you have called. It is imperative that you understand not to allow your attention to run hither and thither while this Infinite Power is in action! That does not mean you must concentrate on It or call every moment of the day; but

take at least five minutes one, two, three, four, or five times a day. If there is something vitally important, then hold the Full Focus of your attention upon the objective and its accomplishment, knowing that Divine Love, Wisdom, and Divine Justice are in action there, producing the perfect result!

My Dear People, there is not one thing which could not be immediately accomplished! Understand please, I ask you not to do it too long at one time. *The average person today cannot hold a powerful concentration of the attention very long; and do not do these things when you are extremely tired! Call the "I AM Presence" to replenish your energy before you make your Application! It would be the greatest thing for you if you would just do it in all these things which We have given to help you. You can say: " 'Mighty I AM Presence,' take command of this mind, body, and world of action! Charge forth Your Divine Order and Divine Justice into it! Hold It steady for constant action."* Well, do you think whatever has gone amiss in your world could bring privation or limitation to you, with such an "I AM" Decree of Power going forth to the Presence of Life?

Remember, what is It which is sending forth these Decrees? Oh, do you think it is just you physically? It could not be! It is your Life which is acting, and when you are speaking in the Name of the "Mighty I AM Presence," don't you see Its Power and Authority are

issuing these "I AM" Decrees for yourself or others? Then how could It fail? It could not do it!

These are simple things which you need to keep before you when you do your work or expect to have results—then they will gather a momentum powerfully! That is why I am utilizing this time today to remind you. The next time I have an opportunity, We shall take one of the most Wonderful Journeys you ever took in your Life—I promise you that—for Our Life for so many hundreds of centuries has only All-powerful, Invincible Victory!

When I look upon the action of mankind, I cannot conceive how it is possible for mankind to be so limited! I have not known what such a thing was in thousands of centuries, and of course, I now have the Full Divine Memory and have had for a long period! I have had the Full Divine Memory of everything which has ever been in My complete Life Stream; but fortunately from the beginning I was able to hold to the Great Presence of Life, the "Mighty I AM," with such Firmness that I never had to contend with in My Life Stream what humanity and many of Our people have had to overcome!

If you could only see the Perfection which is on the other Planets of your System! Oh, Dear Ones, in Our Homes on Venus, everything acts with such precision, such Divine Order; and our children ten and twelve years old naturally perform so-called miracles—or a

service equal to many of the unascended Masters on this Earth today! That is because Great Purity, Perfection, and Understanding of Life are there.

We do not require much of it, but We have some mechanical activity which would delight your Hearts. For instance, one thing I might call to your attention, since you have to deal with it so much in your present activity today; and that is concerning the publishing of books, magazines, and newspapers! Our mechanical inventions are so great that one simply speaks or talks into an instrument and it goes on in the action of printing and binding, and comes out a finished volume. That is the difference between your mechanics of today and the Perfection of the Planet Venus, which We use constantly there.

Be of good courage! Before in your America, there has been great Perfection, and with your assistance it will come again on a far higher octave than previously—at least three octaves higher! That means everything to you, Dear Ones! While you have not yet seen such Great, Great Activities, who of you shall tell Me what transformations would take place in your Life in the coming six months as you continue your great firm Application in your Calls to your Great Presence of Life? Oh, no one knows! I could tell many of you the marvelous things which are indicated; but if you should decide not to stand firm to your “I AM Presence,” then I would have been a

false prophet, wouldn't I? So We are very cautious how We prophesy, but there are those who prophesy and don't feel so cautious! So be careful of prophets, and be careful of human suggestions which say to you: "You had better look out, you are in danger of an accident; your business will fail; you don't look so well today! Why, are you feeling ill? You look so pale"—and such things as that.

To any individual who says such things, if you are wise, you will say, "Just kindly run along"; and if he will not do it, kindly say it a little more firmly! Remember you are the guard over your world of action, as to what is going to take place there! Don't forget it, Dear Ones! If you will call your Higher Mental Bodies to stand guard, They will prompt you and give you the courage and strength to be firm enough to repel all destructive human suggestions of every kind!

Oh, don't you know that, Dear Hearts? Just think what you have been doing! You have welcomed discordant suggestions into your world by the armful when saying, "You cannot do this, you cannot do that—look out!" Well, you have looked out long enough—you should look up!

That is why, Beloved Ones, today I thank you for giving Me the opportunity to give you Assistance. How We love to give Assistance, when We have lived in that Great, Great Freedom and Perfection so long, knowing not one single thing to mar Our Worlds of

Action, not one single discord to cause a ripple upon Our World of Great Achievement or that which We wish to do! Then to be able to project into your world of action—into your feeling world—a Substance and Action which even your human cannot requalify, do you not think you are quite fortunate—because, Dear Ones, if mankind could not have this Assistance, there are very few who would be strong enough to stand up against the impact of human creation, to call forth the Power of the “Mighty I AM Presence” and hold their Protection long enough to win their Victory.

Therefore, remember and be grateful for all the Divine Director and the Mighty Astrea have been doing! Need I remind you that the Mighty Astrea with His Legions has taken so many discarnate entities out of the Earth and its atmosphere! It is one of the Greatest Services which could be rendered the Earth. Oh, how many of you have been cut free from entities who have been hovering about you, your whole lifetime! *

*Near the end of 1939 the Mighty Astrea, the Goddess of Light, and others of the Ascended Masters and Cosmic Beings took away all discarnate entities from the United States of America; and no more will ever be allowed to remain or enter here. Since then, they have taken all discarnate entities from the Three Americas; and all the “I AM” Student Body have been asked to keep decreeing for them to be taken away from all mankind, the Earth, and its atmosphere—until it is completely accomplished.

There are two kinds of entities: first, the discarnate entities, which are those who have cast off the physical body; second, there are the humanly created entities, which are the thought and feeling creation produced by destructive thoughts, feelings, spoken words, and acts—through hate, anger, jealousy, and

Call at least twice a day—it only takes you a few minutes—call earnestly and sincerely for the Mighty Astrea to send His Legions to take away, and into the Octave of Light, any and every entity who attempts to reach into your world or come about you! Then you will keep your world wholly free! Do not be afraid of those things; they have no power, unless they can throw fear over you.

I saw another letter the Messenger was reading this morning—one who had written him two years ago and did not like his answer; therefore kept right on refusing to follow his direction to act, and of course she still has the entity!

so on—by those who are in physical embodiment.

All individuals who pass out of the body, if they have been principally constructive in their desires, do not remain in the atmosphere of Earth but are taken by the Higher Mental Body and the Ascended Masters directly to the Octave of Light—which is that part of the Earth's atmosphere above all destructive vibratory action. This is not the Ascended Masters' Octave, but is simply the upper atmosphere of Earth where those who pass out of the body dwell between embodiments. There they rest for a time, absorb the results of the earth life, and receive Instruction from the Ascended Masters between embodiments, until they come into the lifetime, the physical embodiment, in which they receive the Ascended Masters' Conscious Understanding of the "Mighty I AM Presence" and begin to use this Law of the "I AM" to dissolve and consume all their discordant creations, limitations, mistakes, and problems—by the use of the Violet Consuming Flame! When that is accomplished, they are given Assistance by one or more of the Ascended Masters to accomplish the Victory of the Ascension! Once that is attained they never take on physical embodiment again.

Children who pass out of the body through so-called death, stay in the Octave of Light until they re-embody again.

When people sleep, the waking consciousness of the individual goes to the Octave of Light and receives Instruction while the physical body is being filled with energy—unless one experiences unpleasant or destructive sensations while the body sleeps. In that case, the waking consciousness does not get out of the lower atmosphere of Earth, but becomes caught in the destructive feelings and creations there.

I want you to know, after some unpleasant experience there are many people who have half hypnotized themselves by their own suggestions, and that is the reason why it sometimes requires considerable time to free them from those things! True enough, the entity who got hold of her twenty years ago had made life very miserable; but if she would only listen and understand what We say, take her stand and rise up, she could throw him off instantly—and having noticed that letter, I shall do some of the throwing Myself! After he is done away with, she is very apt to believe for some time that he is still there because of the feeling with which she has charged the atomic structure of her body.

That is why I explain these things and prompt you, so when you have called the Mighty Astrea to seize and bind the entities and take them away, you can be sure it has been done! After that, do not let your human self go on accepting there is something else around, because if you do, that very suggestion will sooner or later invite something else. It is in this Knowledge of the “Mighty I AM Presence” today that you are the Absolute Master of your world in your Call to your “Mighty I AM Presence”; and Beloved Ones, *please feel that!*

I am also very glad to find the “I AM” Students very good natured, so you don’t mind if We run overtime a little. Today, let us feel this Eternal Rejoicing. I say that

with all the Earnestness of My Being; for there is not one thing which can touch your world that should cause you one moment's anxiety, when you once know this "I AM Presence," if you are quick and firm in calling It into action! No appearance, no condition can last any longer than you are calling your "Presence" into action to dissolve it, if it be undesirable!

I want you to feel that, and I am sure you do, for there has been great comprehension in this Class; and I want you to sustain it when the Messengers have gone on to Los Angeles. I think you do, but I just want to remind you that you will never find two beings in the human octave who will love you as they love you and will work incessantly for your Freedom as they do! We have watched over four years, and Beloved Ones, when We see the determination, the tenacity, the Unyielding Power they call forth to stand against human creation, it is a powerful thing! Sometimes We almost feel inclined to pick them up in Our Arms and take them where they can have a glorious rest, but they do not need it! Their joy in Service is unparalleled; and so We appreciate more than you can ever know, your love, your gratitude, and your blessings to them.

We too can say as you do: We love you! We love you! We love you! And in the Fullness of that Transcendent Power which is Ours to wield, with your obedience, We too can help you to free yourselves—just

as if you raised your hands like that, and if something were before you, in one sweep you could walk forth into the Glory and Freedom of your Life and Its Mighty Activity!

Remember, you are never alone! Henceforth, you have become a Great Army of Light, and your weapons are the Mighty Light Rays! Remember one thing more: Do not accept for one moment, because of some old occult ideas, that you had better be destroyed by something vicious than to destroy it! Well, if you are wise you will destroy it first. Now get this, Beloved Students: There are a lot of people who have been so imbued with the old ideas—"If something wants to destroy me, I will have to lie down and let it do it." Do not believe that for one second! You have your own Stream of Life to live, and if you allow something to cut it off, then you are to blame! Don't be afraid to repel destructive forces! Don't be afraid of calling for any destructive thing to be destroyed, blasted, and annihilated! Do that to destructive forces! If you don't, you won't be here long, I assure you!

That is the idea which has allowed mankind to meet such distress. In India today those blessed, blessed people—and the Great God Himalaya knows it well enough—that in their abstractness, the mass of them have become almost helpless in the physical octave! They long so much to sit the bodies down and go

out into Samadhi! Remember what the Great God Himalaya said to you in His Dictation: “The need of India today is to realize that they must call this Great Perfection in and through the physical body, and perfect the conditions of the outer world—or they will continue to re-embody century after century in the same conditions”!

That is why the World is in its distress today! Beloved Ones, in this Magnificent Understanding of the “I AM” which Saint Germain has brought forth, there is nothing which will ever touch It throughout the centuries, because It is teaching mankind to bring about Perfection and raise the physical structure into that Perfection which is an Eternal Thing! You might sit in Samadhi for centuries and you would still be there, because you have not drawn forth Its Perfect Activity in and through the physical body! That is what must be done—because that is where you have willfully brought forth the limitations! Therefore, don’t be misled by these conditions which exist in the outer world! Unless you will arise in the Power of your “Mighty I AM Presence,” you will remain in limitations!

Therefore, I say to you today: Arise! Awake! O Children of the Light, and enter into the Fullness of Its Glory, Its Perfection, Its Dominion; and have It manifest in and through your physical bodies! Then raise the Purified Structure into the Glories

of Light, the “Mighty I AM,” and be Free in the Power of Its Light and Dominion forever!

I thank you.
