

DISCOURSE IX

December 19, 1938

LOS ANGELES, CALIFORNIA

I greet you in the Name of Life and in the Name and Power of Victory over financial limitations, which I shall charge into your feeling world this night! (*applause*)

We thank you with all Our Hearts for your gratitude and the ever-growing Feeling of Our Reality to you. Since you have not seen Us thus far in the Tangible Body, then to be able to accept Our Reality, Our Presence, as you are daily and increasingly doing—then it gives Us the opportunity to do for you what never has been done before.

In preparation for this coming Class, will you be kind enough to accept that which We offer, in the Full Power of your feeling, which will set you free from financial lack forever? We wish to do this, and We are going to do Our Part!

I have Limitless Power to charge My Power of Victory into your feeling world, and I am going to specialize It now and henceforth for your financial freedom. (*applause*) Since there has been a deliberate intent upon the part of vicious individuals to interfere with you, then I shall take

a hand Myself; and We shall see whether they have the Power or whether I do! (*applause*) That might sound just a little curious to some of you, to think We take that interest in the affairs of the people of the Earth; but why do you suppose I am remaining here from Venus? If I were not interested in your welfare, I would not be here; but since I am, and I see your earnest, determined effort to free yourselves, then by the Powers of Light, you shall be Free! (*applause—audience rising*)

Now for a few moments while you are standing, will you close your eyes and silently accept the Power of Victory—that Quality of Ascended Master Light-Substance, which I shall charge into your feeling world for constant action, for Dominion for you in your Application, and your acceptance of the Presence and Power of Life. Thank you so much; will you be seated.

Will you be kind enough to make yourselves as comfortable as possible and, please, no matter what I may say, remain perfectly at rest and quiet; and for this Service I wish to render tonight, please keep your seats! In that ease, rest, and quiet as you listen, all that it is My Wish to do, may be fulfilled in the fullness of Its Infinite Power and come forth to bless you all.

In watching the activity and the requirements of America, and observing all that has been released from the Body of “I AM” Students

throughout America—We shall in the future say the World; for you have “I AM” Study Groups in every country, and you would be surprised if you saw the great sincerity in them all. While those Bodies of Students are small in number, there is almost without exception a very great sincerity, a very great loyalty; and remember those precious people have not seen the Messengers, and yet the loyalty in most of them is as great as yours. It is quite a wonderful thing, and We deeply appreciate it. It is making things possible which would not otherwise be.

Therefore, tonight I shall cover some things which you have oftentimes heard—but this time, I trust, with a conviction in your intellect and feeling world which will give you a sense of Rest and Dominion such as you never have had. In the first place, your Application is the Dominion of Life, Beloved Students! Now let us see why this is so! When you call to the “I AM” Presence of Life, what operates? A Light Ray which is charged with Substance, Intelligence, and Energy, which is Power for the Fulfillment of your Call, acts in a fourfold activity for your freedom from human conditions.

Therefore if you understand that, if you have thought about it deep within your feelings, you cannot help but have the conviction that your Application is the Dominion of your world in the Call to the Presence of Life. Feel this deeply, so every time you

apply the Law of Life, releasing Its Mighty Energy, you have that feeling of Its full conviction. This is true, but heretofore the accumulation of mankind in the past has not always left the feeling world free in its acceptance. The intellect will accept readily enough; but the feeling through its charged energy and the force field around the Points of Light, has not allowed your Calls to act freely.

I am speaking definitely now of your physical bodies. It will act more readily in your feeling world and in your mental body, than in the atomic structure which has been charged with discord, because it is the force field of density within the physical structure. That is why I regret many have not had the intensity of feeling required in the use of the Violet Consuming Flame to free themselves. You have accomplished much, there is no question about that; but be more intense in your feelings in the use of the Violet Consuming Flame—not with any uneasiness, not with any fear, but with just a great calm, determined intensity to have the effect from the action, in calling into use the Power of the Violet Consuming Flame. As you do this you will find immediate change; for tonight that Power of Action shall be charged into your feeling world, which you have not had heretofore—besides the Quality of Victory which is Mine!

You must have more powerful action—oh, not to

the outer appearance, but from within the feeling world, which is a Great Calm Power acting; just as if you were entering into the Full Power of the Great Silence. That Cleansing Power of Action would be as a great breath sweeping through you, which would immediately upon your Call, cleanse and purify your body and your world within a few moments.

You will remember that many, many months ago it was requested that all consciousness of growth in your Activity of the Light be dismissed from your feeling world! You see, the previous idea was that we had to grow to something. The Truth is, we do not. The Truth is, we expand the Light from within, which dissolves the density of human accumulation, and we are Free.

Now notice how Saint Germain's Mighty Understanding which He has brought to you, reverses almost all conditions of previous teaching; and that is why many times people do not accept in their feeling world this Mighty Truth, because It has reversed many, many things which they have been taught in other activities. But that does not mean, Beloved Ones, that Saint Germain is wrong. On the other hand, it is a Convincing Power of Light that He is right—because if He were not, He would not be reversing the things which others have taught, but did not know they were wrong.

Now remember—before this, in all the World you

had not had the Teachings of an Ascended Master who was Free, except in the few sentences which the Beloved Master Jesus brought to the attention of the World. In the past, mankind were delighted to repeat those Words, but they had no feeling of action or conviction of all They meant; and They were not used with intensity enough to bring about that which They would otherwise produce.

In this Understanding, because of Its Simplicity and Majesty of Power, you are reversing these conditions which you have seen. Many who have tried It out, have seen how Real these Truths are! Therefore, I ask you tonight, in Great Earnestness and Sincerity, to stand guard over your feelings, and watch whether your feeling is following your attention or not. That will not interfere with your Application; so for a moment remind yourself, "Now is my feeling following my attention?" And in ninety-nine cases out of a hundred, you will find that simple thing will draw your feeling and compel it to follow your attention. This is the Reminder of the Power of your attention.

When you fix your attention upon the Almighty "I AM" Presence of Life, after seeing the Chart, you can close your eyes or otherwise, and see there before you the mental picture of your Almighty Reality! Then as your feeling enters into your Call, you will have the Trinity of Action of the Power of Life, to draw forth in your Application all that you require.

You will remember that in the Trinity of Action—which is the Presence of Love, Wisdom, and Power in your physical body—there is the vision, attention, and feeling which is the Power of Qualification. Then you will see at all times in the Harmony of Life, the Combination or Trinity of Action is released—which is the Power of the “Mighty I AM Presence,” at all times drawn forth at your Call.

Therefore, as you remind yourselves of these Mighty Activities which you use through your physical forms through your Call, the Call is your responsibility but the action is not—except that you remain harmonized—because the responsibility is in the Power of Life which you call forth to render that Service! Therefore, your Higher Mental Body, being the Directing Intelligence and Power of those Mighty Light Rays and Currents of Energy, and being without limit of any kind—you will understand in Its Action at your Call, the Intelligence, Power, and Light of the Universe are acting directly at your point in the Universe, to produce these exact mathematical results which are the Power of Supply and Freedom.

Therefore, I say to you tonight, as you become firmer and more joyful in your Application, you will find greater and greater manifestation coming of that for which you ask; but Beloved Ones, do not become too serious. You know when you begin to accept a condition as real, you have that all-

gone feeling. That is a signal of something amiss in your acceptance of the "Presence." Then stop all operation until you quiet yourselves and ask the "Mighty I AM Presence" to take that feeling out of you; then as you steady yourselves and become calm and serene, go on with your Application.

I am determined that not one sincere "I AM" Student among this great Body of Students, shall any longer go on with a feeling that their Calls are not being answered. Many of you have had marvelous answers to your Calls; and there have been hundreds of answers to Calls which you did not really recognize, but that is neither here nor there. I am determined that you shall have such manifestation to your Calls, they will satisfy any of you; and that is the thing which means the Victory of the Light for the "I AM" Student Body of America.

Remember, Beloved Ones, you might have seemed to have a struggle thus far in your Application and in governing conditions in your individual worlds; but remember, during this process, let us say the past three years, the achievement is very great. The first year was preparatory work largely, and the Application has since followed. In the past three years, the achievement, Dear People of Earth, is beyond anything ever witnessed on this Earth. We alone are Authority for that! You don't see it, but We do! We know exactly the record of every "I AM" Student

in America. We have it, and We have it before Us!

Therefore, why do you suppose I am here tonight in this almost fierce, positive attitude? Because I am going to shatter everything that remains of your human in your feeling world. It shall no longer act to interfere with the Outpouring of the Light of your Life, your "Presence," through your physical body at your Call, to produce Its Perfection and results for you! Will you accept that in your feeling with Me? Therefore, you have been told that the preparatory work is finished, and that We are entering into Definite Action. Believe Me, you are going to see it. You are going to know that We do tell the Truth.

Now, then, remember your part. You have the Power of Infinite Life to keep you happy and courageous. Regardless of all We offer, when you go forth from this room tonight and you get back in your own atmosphere, if you say, "Oh dear, oh, what am I going to do tomorrow?" My Dear Ones, don't you see you are just giving power again to that human thing which really has no power? Instead of yielding to any such feeling of sadness, depression, or feeling of lack of anything, stand your ground with your "Mighty I AM Presence." Suppose you have not a cent in your pocket tonight; what has that to do with the Power of your "Presence," in placing in your hands a hundred dollars tomorrow or in the morning? It is said by human individuals, tomorrow never comes;

so perhaps I should not say "tomorrow."

Do you know that yesterday, today, and tomorrow are always here? Therefore, in Reality there is not yesterday, today, or tomorrow. There is just right now, and that is the important thing! Whatever happened to you one hour ago of limitations has nothing to do with this hour! Remember that in your future activity, in your future Application! Suppose you had everything swept away from you twenty-four hours ago—has that anything to do with the Power of your "Presence," who is the Power of this Universe to bring about and harmonize human conditions, and bring into your hands God's supply which has seemed to recede from you?

Do you not see, Beloved Ones, you have not understood. You have accepted the appearance world as powerful; and you have given power to the appearance world—which has none, except what you give it, so far as your world is concerned. Do you not see that? Let Me bring before you again tonight the reason why things seem to limit you. If you pour your Life Energy by the power of your attention into the appearance world which limits you, is there anyone to blame but yourself? You don't have to do that. You can take your attention off that appearance of limitation, and put it back with the "Mighty I AM Presence" where it belongs. Then the attention cannot observe the limitations in the appearance world which have

no power there. You have been told this many times; but I say you are going to have the Conviction of it tonight, if I have anything to do about it. Beloved Ones, train yourselves, prompt yourselves to be alert!

Now Dear Ones, when you enter this coming Class, charge yourselves and everybody in that audience to be alert! Charge the Power of each one's "Presence" to see that all are alert, and that they give no attention to anything but the speaker. Then the intellect, the feeling, and the vision—attention and qualification—will act in one-pointed Harmony, to gather the Force which is released and hold It in All-powerful Action in their feeling world for constant use.

My Dear Ones, We mean business! Please mean it as earnestly as We do for your Freedom. We are pleading for your Freedom, Dear Ones! Not only that, We are furnishing the Energy, the Substance, and the Qualification into your feeling world, which will place you there unless you reverse It.

My Dear Ones, that which I am charging into your feeling world tonight, would produce Eternal Release from all financial limitation forever if you were to fully accept It! That is why, Beloved Ones, please tonight as never before, realize the Effort We are making to give you the Power of Freedom, while you are going through the process of the cleansing activity which brings about your Financial Victory.

Do not be frightened at this, but I would not be

surprised ere long to have Saint Germain say to you, "Now no longer may you ask the Messengers for assistance." That has not been said yet; but do you know every one of you has within you that limitless Power of God, the "Mighty I AM Presence," which is beating your Heart every moment? It will answer your every Call, and It will project Its Mighty Light Rays of Substance, Energy, and Intelligence to bring about the results you require. One day the Law of your Life will demand that you stand wholly with your "Mighty I AM Presence" of Life.

Think of it, you who have been courageous enough to stand firm and unyielding! There are a number in this city who have stood in the face of great privation and yet broken through the wall of human limitations, and the Glory of abundance swept in. Therefore, what is done for one can be done for all; but it means standing firm and unyielding in your "I AM" Decrees, in your acceptance of the "Presence" as your supply of Directing Intelligence and Invincible Protection and all else you require.

It is true, Beloved Ones—your "Presence" is the Supreme Power not only of your world, but of the Universe; and I say frankly to you, if you really understood that your Higher Mental Body, at your Call, is the Director of those Mighty Invincible Currents of Light and Energy, you would know in that moment, it would be impossible for your Calls not to be answered.

Therefore, as you stand firm and unyielding in this, will you have that Full, Almighty Power and Conviction that your Call to the Presence of Life is the Signal to the Infinite Power of the Universe to render that Service to you, and through your human form. That is why the Great Ones and the Messengers have urged all the beloved Students so earnestly, to remain Harmonious in the feeling long enough for the discordant qualification to cease acting in your feeling world. Then, the Victory of the Light will come so quickly in limitless supply in all that you require.

Remember again, My Beloved Ones, the great, great number of people who for thirty or forty years have wanted to serve the Light, have not known quite how. Today, in joining this Mighty Body of "I AM" Students and issuing these Mighty Decrees, you are rendering one of the Greatest Services the World has ever known. As We watch these Great Waves of Light go forth, it is tremendous. Especially, when the Messengers were in New York, and the great Body of Students here were issuing your Decrees for their Blessing and for the Students there—I wish you could have seen as We do, those Mighty Waves of Energy, Substance, and Light going forth and enfolding them. Well do the Messengers know and appreciate deeply all which that has meant.

It is a magnificent service, Beloved Ones, that you only comprehend slightly as yet; but when We see

the exact result, won't you let Us advise you and help you, until that day when you actually, through your own volition, see and know as We do? I ask you, Dear Ones, in anything the Messengers have ever said to you, have they ever deceived you in one single word? That is why you should now have great confidence in your Power of the Presence—the "Mighty I AM," in the Presence of the Ascended Ones, who are pouring forth Limitless Power for your Blessing and Assistance.

I ask you to compare for just a few moments the conditions which existed in the World one year ago, in comparison to all that has been achieved in the past six months. Then realize with Me from the Light within your Hearts, that the Power of the Great Ones—the Cosmic Beings, the Ascended Masters, the Legions of Light—is doing a Work which the human does not conceive! These are not so many Words; these things have actually been done—by dissolving and consuming the substance which has been drawn together for destructive purpose.

When the Goddess of Light was instrumental in dissolving the war entity of Europe, My Dear People, do you think We would recite that to you as an opinion of somebody's, or describe a condition that had no foundation? Do you think We, as Ascended Beings, could by the Law of Life speak to you one untruth? It would be impossible! An Ascended Being cannot speak to you an untruth, regardless of the viciousness

of mankind who deny it. But to you who are in earnest, I wish to convey to you this conviction tonight, that what We say to you in the accomplishment of the World for mankind today, is an Almighty Truth and is actually substance governed and handled just the same as you housewives mold a loaf of bread into the form you wish it to have—only We mold that Substance of Life with a great speed and Power which you have not yet understood.

Now then, please keep your seats, for I am going to tell you something, and I say this especially for the Peace and Gratification of our Beloved Lotus tonight. She has been calling with an intensity of the Power of Divine Love for the dissolving of the destructive substance charged into the atmosphere of Earth! Just before the close of the New York Class, there began this Mighty Spectacle in the atmosphere of Earth. Let Me draw you a slight picture of this tonight.

Suppose you saw a great circle which represents the atmosphere of Earth; then you acknowledge that circle as containing this substance which is charged with destructive, immoral purposes, causing a pressure upon mankind. Oh Children of Earth, follow Me closely! If you have a great mechanical engine, let us call it that, pouring forth the Mighty Fire Breath of God, the Threefold Flame, and you moved that physically into the circle of that substance and it ate it up—in other words, dissolved and consumed

it as it steadily and surely moved forth—you would understand what has been done! That is what has occurred!—only instead of your mechanical engine, the Great Power of the Cosmic Beings has set this Mighty Power of the Threefold Flame into action, which is eating up this substance thrown off by the discord and excess sex activity of mankind, which has returned its terrific pressure upon mankind.

Tonight as I speak to you, almost half of that circle is no more. Now then, Beloved Ones, do you get some slight idea of what the Power of the Cosmic Light, the Cosmic Beings is? When Life says, "Go ahead," what can They do? You are not dealing with human limitations in these Mighty Activities, you are dealing with the Infinite Power of Life which is the Unfed Flame; and as fast as discord touches that Flame, it is dissolved and consumed. I shall be greatly surprised before this is finished if there are not many people who actually see that in looking toward the sky at about a forty-five degree angle, and who will witness some of the Power of that Light!

Dear Ones, this is a Mighty Reality and a Tremendous Effort! Even Dispensations have been granted to try to have this done before the opening of the Shrine Class; and yet, if it is not completed by the opening, it will be shortly after—and in your Hearts, rejoice as never before!

Now then, follow Me again. Will you understand,

Beloved Ones, why Our Presence is needed by mankind—why Our Service is needed by mankind? Do you not see that, had it not been for the Call, had it not been for Our Effort, had it not been for the Calls for certain Dispensations which We are not yet permitted to reveal to you—how do you think this could have been done? How long do you think the Earth would have remained in the clutches of this accumulation of mankind, which has accumulated for thousands of centuries? Look at what mankind accumulates in one embodiment, and think then of the number of embodiments which take place in even half a million years.

Oh, Beloved Ones, I smile today when mankind begins to compute the years of one embodiment, when you are thousands of years old; and yet regardless of those years, when you are born into a new embodiment, you are beautiful—and did you but know it, you could return to the beauty of childhood at your command, just as easy as that. Oh, My Dear Ones, what a pity in all that has been said, that the feeling world has not permitted you to grasp it. Within your hand is the Scepter of Power to mold your bodies at will, into whatever you would have them be; but because of the long accumulated suggestion of mankind, people allow a little pain or disturbance of human creation to be their master. Isn't it a shame? Isn't it ridiculous? Be not discouraged!

Remember the old human saying, that "if you don't at first succeed, try, try again." How important that is, really, because no one can be deprived of that Freedom, Beloved Ones. Don't let anything in the world ever discourage you in that. While you have only been, let us say three short years so far applying this Law, in all that has been accomplished in yourselves—especially in your bodies—yet what if it took you ten years? What if it took you forty years—what is that in comparison to the thousands and hundreds of thousands of embodiments in which you have lived?

Pardon Me if I say I think you do not quite appreciate all the Power and Blessings which are yours, regardless of all your great gratitude and loyalty to the Light—and I mean by that in your feelings, Beloved Ones. Oh, let go, and let the Power of Light, the Power of Perfection flow in! Oh, My Dear Ones, observe that Chart and see flowing into your body the Perfection of Life, which gives you action every moment! Then how can you hesitate to give It the Full Power to produce Perfection in your body and harmonize your world as Its Mighty Radiance goes forth; and know that It stands there the Supreme Power of Action, which would hold steady and dissolve harmoniously everything that touches your world and make you master of it!

Therefore, I say to you tonight, you need not be in distress longer. Just be a little firmer, a little more

determined, a little clearer in your consciousness of the Power which is acting at your Call, knowing that It is Invincible; that there are no human qualities can stop It, either in yourself or any person or condition.

Remember, flowing into your Heart is the Perfection of Life; and it only requires the stopping completely of your power of qualification, to let that Perfection of Life bring Its Perfection into every atom of your body, and hold It in Its expanding Activity. Then, let It flow out into your world like a Great River of Light, harmonizing everything and causing everyone who touches your world to love you and want to bless you.

If you have irritation and disturbance in your feeling world, it is a repelling force! It is not a matter of persons, places, or conditions; it is a matter of the quality of energy acting. Therefore, if you want to be a Mighty Magnet for all good of every description, you must pour out Divine Love and Blessings continually; refuse acceptance of disturbance in your feeling world, refuse to be irritated or angry, refuse to gossip! Then you will find the Powers of Infinite Light flow into your world in the great Glory of Its Perfection, releasing limitless abundance of every good thing.

This has been said so many times; but tonight I say it with a new conviction, with a Power that I have especially charged to carry Its Constant Action

into your world. Therefore, tonight in the Glory of this Almighty Radiance which is here, will you feel It forever Eternally sustained in Its Limitless Power of Action? As the Great Class is entered into, you will go there as a New Being filled with alertness, comprehension, applying instantly everything which is given forth for your Eternal Freedom in every way.

I congratulate you, Beloved Students of Light, and I congratulate all who are standing so firm! I congratulate you with all My Heart in the constant growing of your Self-mastery, in the constantly growing Power of your Application, and the constantly growing Conviction of the Mastery of Light, acting at your Call to produce Its Limitless Freedom for you.

You beloved ones may not quite realize yet what it has meant to draw together and carry on these Great Groups; and in that Release, to be the spokesman in the Call for that Great and Almighty Release of Energy—qualified with the Perfection of the Ascended Masters and the Cosmic Beings—to go forth in the world of mankind and do Its Mighty Perfecting Work. As I observe your ever-increasing humbleness in that Almighty Service, hold fast to it, Beloved Ones; and the greater that Service the more humble you should become in that great Service before the Presence of Life. Then see the Glory which will fill your world.

I say to all, you have long had great desires in your world. Be of good cheer! With a power and speed of

which you are not yet fully aware, the Law is acting to produce the fulfillment of those great and almighty desires. Remember, every constructive desire in your world is the Power of Life acting now at your Call, to bring about its quick and powerful fulfillment. As you harmonize your feeling world more and more, and cleanse and purify it, will you see the outpicturing with the speed and Power of Blue Lightning, to bring about the fulfillment of these desires for the Perfection of Life.

What do you think it is that makes those firm, unyielding desires in yourselves and in the great Body of "I AM" Students? The Power and Activity of Life, pouring forth Its Perfection, Its Strength and Power! So hold your attention long enough on your "Mighty I AM Presence" for the Dominion of Life to command and complete Its Perfect Action in your outer world of manifestation. Today, It is going forth with a speed and power which, could you see It as We do, it would give you Infinite Courage and Strength. It would make you instantly and forever courageous toward the Power of the Light, and enable you to stand against the human appearance world and the conditions which exist through that appearance world in and around mankind today.

Therefore, I say to you, be of Supreme Courage! You are Children of the Light; and so many hundreds of the "I AM" Students in their Service to the Light,

are now nearing the point where the Power of the Light is beginning to serve them. Then, as the Messengers have experienced, will you too find so much greater Ease, Peace, and Assurance in your Application, which will make you quite Invincible in your own power of Application.

Therefore, I say to you tonight: Go forward, Beloved Children of the Light, in the Victory and the Power of the Light which is yours from this hour henceforth! Let no human suggestion ever deprive you of that Almighty Acceptance in your individual world. Do not discuss it with other human beings; but stand in the Glory of the Happiness, Courage, and Full Power of Our Conviction which has been brought to you tonight.

Silently call forth the Unyielding Power of Light to take Its Dominion in your Life, body, and action; produce Its Perfection; hold dominion there, and release from your Treasure House the Limitless Supply of money and all else required—anything you require in the Service of the Light! Remember, Beloved Ones, the Presence of Life does not limit you! If you require ten million dollars, then the Power of Light is able to supply it—and will supply it at your Call, if you stand firm and unyielding in it.

Therefore, Beloved Ones, go forth in Our Conviction. Hold it steady and unyielding, until there is not one single suggestion from your own human self

or anyone else's, which can enter your world and find the slightest disturbance there. Oh, My Dear Ones, how firm you must be against human suggestions. Oh, the atmosphere is charged with them. Remember, the consuming of this substance is not the consuming of human suggestions. Human suggestions will remain as long as mankind remain in imperfection. Do you not see that? Do you not see how you cannot stop human suggestions until mankind individually arise into the Power and Purity of Life, where there is no longer a desire to put forth one discordant suggestion, one limiting suggestion?

As long as mankind is unascended, you will have to deal with human suggestion; but you don't have to accept it! One day ere long, you will be so firm in Our Understanding of this Law of the "I AM Presence," that not one single discordant human suggestion will be able to penetrate your world or find action there.

So I say to you tonight, with all the Joy which it is My Great Happiness to be, do you quite realize Our Victory is more than just Victory! Our Victory is Limitless Happiness, Limitless Courage, Limitless Strength and Power in the wielding of the Light Rays, to produce Perfection everywhere! As I, Myself, am charged into your world, be careful what you do—for remember from tonight, you are a part of Me, so be careful! You would not do anything after tonight that

I would not do, because you are a part of Me. Now who do you think the responsibility rests with—you or Me? If I have intruded into your world, just say, "Get Thee hence," and there will be no battle about it; but if My observation serves Me correctly, I do not observe anyone saying, "Get Thee hence."

Oh, My Dear Ones, Joy is the Great Motor of Life; and when you make your Application, let that great Happiness release with great Firm Realization that your Application could not fail, because it is the Power of Life, the Power of Light acting at your Call, flooding and controlling you completely. "I AM" just making the Call through this human form, and I have Full Power to do that, Full Authority; but the "I AM Presence" and Intelligence which is acting to produce these results is the Invincible Power of Light and Intelligence, which no human condition can limit.

Therefore, as you bring this idea before you, see how definite and powerful is the assurance, and how much more powerful your Application will become—and produce more and more quickly, the results you require.

Oh, Beloved Ones, how can you question when you have seen the Messengers from the beginning, and see today what has been accomplished? I trust you believe them when they tell you of the thousands of instantaneous answers to their Calls, which they were not able to produce the first year. It took hours, weeks,

and days of Application to produce the same result, they tell you quite frankly. Today in one Mighty Call, the same result is produced which took hours, days, and sometimes weeks four years ago. Now that is Eternal Proof to the World of the Power and Acknowledgment of your “I AM Presence,” which is the Momentum, the Perfection gained to act in your world.

Therefore I tell you, Beloved Ones, before the great Body of Students is this Almighty Evidence of the Power of Light—the “Mighty I AM”—to produce Perfection in the world of the individual. I say to you who might not have had the full results which some others have had, My Dear Ones, remember it means standing unyielding and firm in the Power of your “I AM Presence.” Remember that you are standing, you are moving, you are living in Its Constant Radiance; for beating your Heart is the Power and Light of that Almighty Intelligence of the Universe. You cannot be separated from It; you cannot fail to have Its Power flow into your world, as long as you operate that physical body! Therefore, why not dismiss any question in your world, and know that Power is sufficient to flow in with Its Limitless Action every moment.

Oh, do not let the human suggestion make you quail or fear before that appearance world. It has no power! Oh, My Dear Ones, when you understand what happens when you say with intensity and powerful conviction to all human limiting conditions,

"You have no power," you stop that instant, everything of a limiting nature from acting in your world! If you will call your "I AM Presence" to sustain that and see that it never moves forward into your world again, you will steadily and surely gain the power and momentum which will prevent forever, any human suggestion or condition acting in your world to limit you or give you pain or distress in any way.

I ask you to observe from the beginning of this Class and all that will follow. You will see an ever-moving Power that will bring the Almighty Instantaneous Healing, the Almighty Instantaneous Freeing Power to individuals for every condition.

The Messenger had a letter from an individual today—now notice carefully as I repeat it, for it is important to every one of you. That letter said: "Why is it, when I come into those Classes, such a pressure seizes upon me," and—referring to the Messenger—"when I come into your atmosphere, I feel that tremendous repelling force?" It is quite easy to explain. The destructive forces which are trying to compel that individual to turn away from the Light, throw over that individual a repelling force to try to discourage him from the Light; but I tell you, that one will not be disturbed by that from tonight. You see it must be the destructive forces doing the repelling, because there are millions who love the Messengers and who are powerfully attracted; and through their devotion are having their Freedom and

solving their problems.

Beloved Ones, even in your city are individuals exercising every power in their beings to bring disturbance to the “I AM” Students, to bring confusion. Be firm and unyielding, for they have no power to do it or touch you; but you must be firm, calm, and determined! Here in the city are groups of people—I could point them out and give you their names—who are holding sessions twice a day to throw a force of disturbance into this coming Class. The foolish creatures! Oh, that they might realize what that energy could do if turned to draw forth Perfection to themselves!

Do you not see how foolish human beings can be? For what reason do people want to interfere with this Light? Do you not see that individuals become vicious through long accumulation; but when that returns upon them, they will be compelled to face the consequences.

Those unfortunate individuals think they are dealing with these Messengers—how very foolish! They are dealing with the Infinite Power of the Cosmic Light, which is determined to raise the vibratory action of this Earth, and all human beings on this Earth cannot prevent it; and it is a pity they do not understand enough to see it. Therefore, Dear People, these unfortunate individuals will find they are not dealing with the Messengers at all; they are dealing with the

Power of Light which knows no opposite!

Therefore watch! You know Jesus in His Ministry said, "Can ye not watch with Me one hour?" and they all fell asleep; but you are going to watch clearly and definitely. And as you see one by one of these individuals disappear from action, then will you know that the Great Cosmic Light has released Its Mighty Action and taken Its Dominion, because mankind is once again to be Free!

To think that there is any human being who does not want mankind to be Free—who, in the arrogance and egotism of insanity, tries to oppose the Greatest Blessing ever brought to mankind! Because people are too ignorant and vicious to know that, does not change the Truth of it in any way. Yet the condition in the appearance world exists, and therefore must be disposed of—and disposed of, it will be! We can afford to be very patient! We can afford to give them every opportunity possible; and when having been given opportunity, repeatedly they refuse, then shall their own destruction return upon them!

Therefore, Beloved People, the Cosmic Light in Its Release during the Class in New York has said this, and how do you think the Cosmic Light speaks to Us? How do you think the Cosmic Light speaks to you? You remember that the Cosmic Light to which We refer is that which is released from the Central Focus of Light, Intelligence, and Power to this System of Planets—

directed by Beings of such Power and Intelligence as are inconceivable to the human intellect. Those are the Great Beings from that Central Focus who are releasing this Cosmic Light!

It is not the Universal Cosmic Light We are speaking about. It is a Consciously Directed Power of the Cosmic Light, projected by those Great Beings; and They have said—knowing this Light is the only thing which will bring Freedom to mankind—“All opposition to this Light must cease!” Then are We to blame, if We stop the operation of the viciousness of individuals who refuse, after being given opportunity for three years, to stop? Can We be blamed if We operate the Law, fulfill the Command of the Great Cosmic Law, and see that this is stopped?

I want you to understand clearly, as you see these things occur, that no power can stand before this Great Light! You see the changes in the government; for you have seen the evidence, Beloved People, times without number, since those Mighty “I AM” Decrees went forth, for the revealing of the dope activity of the World! Look what has happened, Beloved People! Your papers have been filled with the exposures and seizures, in the release of mankind from these great focuses of that terrific thing which tries to do everything for the destruction of mankind. Since that “I AM” Decree has gone forth, spies have been revealed one after another. Dear Beloved People, the

investigations in Washington have gone on. Some of the Staff met this individual and know how marvelous has been that exposure, and it is only a fragment of what it could be.

Remember, Dear Beloved Students, in some of your magazines are great truths being given to mankind. These people really have "inside information," as they term it, and really are giving forth the truth of the condition behind the scenes. Then, as you know these conditions have to be governed, to be handled, to be regulated, send forth your Mighty "I AM" Decrees for the remedying of them. Let the Wisdom and the Power of the Great Cosmic Beings and the Ascended Masters who are wielding those Light Rays, render that Service to mankind! Then without struggle, without battle will come the Great Change and the Blessing of mankind.

Remember, there are no longer powerful feeders of destructive energy. Remember that, Beloved Ones. I repeat to you again: There are no longer left, feeders of destructive energy which were the black magicians in your America. When the destructively qualified substance in the atmosphere of Earth is completely consumed, We have only the discarnate entities to clear from the Earth. * One day mankind can live in a charmed world of Beauty and Perfection. Then will the desire world of individuals cease to act with discordant suggestions, discordant feelings! Then in

the Great Peace which will rest upon mankind, will they find that Peace which passeth understanding.

The great cry of individuals who are being used destructively today to try and spread the fear of war over humanity, does not have to come into America! Of course it is operating in Europe, but that is no indication it has to appear or will appear in your America! You as a Body of Students today have the Power to absolutely control and repel all war from your America, if you hold Harmony and make your Calls.

Beloved Ones, be grateful for the privilege which is yours. Continue to operate it, giving all into the Hands of the Power of Wisdom and Light! You are but calling forth for Perfection. Leave all the Mighty Action of producing that Perfection in the Hands of the Great Power of Light! There are many times when physical action is required in the fulfilling of the Great Law, but still it is the Great Law acting.

Therefore, remember that when you call forth to

*On December 2, 1939, during the Class in Washington. D.C., the last of the remaining discarnate entities in the United States of America were taken away, the Circle of Blue Flame drawn, so no more would be allowed to enter; and now as soon as individuals pass out of the body, they are taken out of the atmosphere of Earth immediately.

At the same time, the astral or psychic plane was also consumed; for that was the accumulation of destructively qualified substance, thought, and feeling forms, which had been held here for centuries.

This Transcendent Service to our Blessed Country was accomplished by that Glorious Being, the Goddess of Light; our Beloved Saint Germain, and others of the Ascended Masters who assisted. Our gratitude to Them is boundless and Eternal for that Transcendent Service.

Great Cosmic Beings to project Their Mighty Light Rays into your government, into official places, and produce Divine Order and Divine Justice—there instantly goes forth into that objective, the very Light Ray to produce that exact result. Do you realize the Great Cosmic Beings are standing ready hourly to answer your Call, because you must make the Call. They will not act without your Call!

You might say, and many have felt, “Well, why don’t the Cosmic Beings act independently?” Because it is not Their business! You have got yourselves into these conditions, and you have got to get yourselves out! That is the position of humanity now. That is why this Magnificent Understanding was brought forth, so mankind might feel the necessity of giving the Calls to Life to be released from the conditions into which they have drawn themselves.

Don’t forget this, Beloved Ones: there never will come a time in the unascended state when mankind does not need to make this Call for greater Perfection; otherwise mankind would long ago have been Perfect, and they would never have gotten into the imperfection they are in today. The evidence is here. Mankind have made these mistakes; and to correct them, they must call to the One Power which can do it.

Human beings never in Eternity would free themselves without the Call to Life and the Great

Beings of Light, because they have not the strength and courage! The energy of mankind has been wasted to the extent that they have not the courage of their own volition. Only today, by the Assistance of the Ascended Host, has that been given. There are thousands and thousands of the “I AM” Students gaining the Understanding to stand firm in their “I AM Presence” and gain their Freedom, but they could not have done it without Our Assistance. That is why you need Us, Beloved Ones, very much!

Remember again, it always sounds so beautiful to Me when various Ones have said to you: “You have Powerful Friends.” Is that not a beautiful thought, a beautiful Reality? How many of you have sought friends in your physical embodiment and have been grievously disappointed, because those who have promised to be your friends would suddenly turn and be your so-called bitter enemy? That is the instability of the human; but in the Divine Order of things—Divine Order, Divine Justice, and Friendship in their True and Almighty Perfection will again be known to the people of Earth. And when One of Us tells you, “‘I AM’ your Friend,” that One will remain so forever.

I say to you tonight, “‘I AM’ your Friend!” May you remember it forever! In any trial which confronts you, may you be reminded that “I AM” your Friend! “I AM” the Mastery and Victory of Life! Do you think there is any condition in the World, over which

I do not feel the Victory and Mastery? Now, I am trying to help you feel that same Victory and Mastery over yourselves, and over all conditions which have touched your worlds; to harmonize and bring the Perfection of Life there, in Its Full Dominion and Manifestation of Life.

I thank you.
