

## CHAPTER XV

December 17, 1938

LOS ANGELES, CALIFORNIA

I greet you, Beloved Ones, in the fullness of your Life, in the fullness of My Enfolding Love that is finding Its Mighty Radiance in your feeling worlds.

How deeply I congratulate you on your willing obedience. Keep on, Beloved Ones, in the great Victory of your Light. All are gaining so rapidly in the Victory of that great, great Light. Do not let human qualities have any action. I cannot tell you—words are inadequate to convey to you My Gratitude for all the obedience that is being given and what it means to you, what it means to the whole world.

Do you quite realize that in the Victory of each one, how this means the Victory of America, then the world? I do not mean by that to cause you to feel undue responsibility; but I do want you to realize how much depends upon the harmony of this Focus, the obedience of this Focus.

We are rapidly coming to the Final Goal of the Victory of the Light. Of course, We do not

recognize such a thing as failure. The Victory of the Light in America, to Me, is assured! The full outpicturing of that depends largely upon the staunch stand of the Student Body.

This attempt to throw over the Student Body financial fear is the last throes of the human destructive forces; and the financial fear, owing to the conditions that exist in the government and the industrial activities, is not so far governed. It is making a strong attempt to act through the Students; but I trust before the Shrine Class is half finished that We will have been able to dispose of that fear, and especially over this locality.

I wish the Law of your Being for a moment permitted Me to show each one of you individually your achievement since the Chicago Class. It is tremendous! Hold that sustained; and whatever confronts you individually, please do not let your feelings become aroused or disturbed in any manner whatsoever, because you are at the point now where the outpicturing of this Perfection will begin to take Its Dominion and Action.

But, My Dear Ones, do you realize what it means? You here in the Heart Center or Focus are steadily and surely like a mighty avalanche moving down the mountain! Hold steady to that Power and Focus of the Light and, you Blessed

Ones, let nothing in the world turn you aside from this Service; for it means a goal you cannot in the slightest comprehend. It all seems so natural to you, I know; and sometimes you feel like you are not doing so much, and sometimes like more and more was being piled upon you to do; but still is the Great, Great Law working out.

Will you try for a few moments to comprehend with Me what it means and how it is that you are here. How is it that out of all the millions of people you have been chosen to become the Student Body? Think of it! If it were not that the Light within each one of you made it possible, do you think you would be here? That should be sufficient to give you Invincible Strength and Determination to silence every quality of your human, to compel its obedience to the Law under any and all circumstances. I feel so sure that not one of you will have any great difficulty in the future in absolutely holding complete self-control and mastery of yourselves.

Do you know that humanity is like a great group of children? If you saw a group of children at play in the street and a vicious avalanche of destruction was bearing down upon them and you could stop that, wouldn't you do it? So today, you are in a position to hold the balance of Light by obedience and harmony maintained in the feelings—to

the degree that it is stopping the avalanche of destruction bearing down upon the Children of America. And as you would save that group of children in the street, so may you save the Children of America. It is so great, so far-reaching that it is impossible for you to even conceive of a sacrifice upon the human part in whatever is required for that accomplishment.

You do not realize, Beloved Ones, how the whole world is looking upon you as ideals. You have no idea how so many are watching to see whether or not you will yield to things of the outer world. That is why today, My Love is so great for you; My Gratitude so great for your accepting My Humble Efforts to prompt and correct, that you might be that Victory—oh, not only for yourselves, but in this great need of today.

The world is like lost children not knowing which way to turn. Only those who are anchored in this Light have any stabilization, and you cannot imagine what the feeling is that goes through the feeling world of those millions of individuals. For instance, may I again call your attention to Italy, Russia, and Germany. Germany in its catapulting into this recent condition is perhaps a greater illustration than any other spot. Could you know the fear, the agony, the distress that surges daily through those blessed

people—the majority who are so good and mean so well—just because those individuals have been seized upon and made insane.

Do you realize, My Beloved Ones, that only an Ascended Being could endure what it is to look upon people in the position of Italy, Germany, Russia, Japan, and China today. Could you not see and understand the causes back of it, no one could endure it; and yet, there beating each Heart is the Power of Light and Freedom, forgotten so completely.

How fortunate you are that your Light was sufficient to draw you into this Eternal Focus, which with your greater and greater obedience will mean the Ascension of every one of you. There is not one thing now can prevent It except yourselves! Even though the shell of your body remains, still would It be accomplished—the greatest privilege ever bestowed upon mankind.

You have not quite realized your position, your Service that you are rendering which has made all of this possible; but do you not realize the great Truth the Messengers have said to you so many times: “When you have served the Light enough, then the Light turns and serves you”—the greatest feat of accomplishment ever in the history of the Earth. That is what has made the success of all

Students of all ages—that they were able and strong enough to stand in their Service to the Light until the Light turned and began to serve them.

Do you realize today how grateful each one of you should be to be free, how grateful the Students throughout America and the world should be in this Understanding! To have had these points clarified for them and stand not only in their connection with the Presence of Life, but their conscious Application of how to hold such obedience of the outer until the fullness of that Power takes Its Dominion naturally through the human form—it is so magnificent!

Tremendous Power is being drawn for this coming Class; and the greatest things ever accomplished will be accomplished for the Student Body during this Class—not only those here, but those who are not able to reach here.

Will every one of you make definite, powerful Calls twice a day for the limitless Release of the money supply required for this Work? If you will do that, I shall appreciate it; and wherever you can, disabuse people's minds that these Messengers are millionaires. This has definitely been spread in order to try to cut down the gifts of the people; but We say to that, "It has no power," and that goes into every influence sent forth to do that.

Within the hour it has been made possible for Me to render you a Service which I have longed to do, and may you rejoice with Me in that achievement. In the days to come you will really and truly know what it means to have strong and powerful Friends, and the world has really never known what Friends mean until they have the Ascended Master Friends.

In the period in which your attention was upon the sustaining of Life in the body, it was a vastly different thing than now; for now, the whole world's attention, practically, has been called to the Ascension. You see, there is no Final Goal in sustaining Life in the body. It is a tremendous power of achievement. I mean, you go from one vast achievement to another; but in the accumulation of that very great Wisdom and Power, still you are not Free. *Only in the Ascension do you become wholly Free Beings!*

Therefore, at this period when the Goal of mankind, the Ascension, has been permitted to be given to mankind, and now the new Dispensation—can you believe Me when I say to you that in the beginning of this Work six years ago, such a thing as this new Dispensation was not even conceived of? That has all been drawn forth from within the Great Silence by the unfolding Activity, since you first began giving out this Work in Chicago.

You see how these things come about, by the vast

and tremendous Call of mankind! I tell you frankly, the people that are secretly making these Calls, even just having heard the transcriptions—it is amazing. That is why the Great Ones seeing this—and when the Goddess of Light joined the Goddess of Liberty in this tremendous Work, and in the intercession of the Central Focus of all Light, Power, Wisdom, and Energy to this System—then from within that Great Light were revealed these possibilities which cannot be revealed and are not revealed until the time approaches for mankind's release, which can only come through the Calls of mankind.

Do you realize that only since the close of the Second Golden Age have such Calls ever been made from the body of humanity as are being made today? In your busy lives I realize you have little time to think of those things, but still it is true; and oh, what a Service to render this Service to the Light!

*Question:* Saint Germain, does the Law of our Life Streams permit, or would You take out of each of us all desire and capacity to ever want anything for ourselves, or want our own way about anything? Why should any of us who have spent centuries building all kinds of vicious conditions—God knows what, and we don't want to know—ever again want our own way?

*Saint Germain:* I would qualify it in this way: I would take out the desire for individual achievement.

*Question:* I do not mean that. I mean the dissolving of the human that cannot have its way.

*Saint Germain:* The desire for the human to have its way, I think, would cover that entire feeling, because that desire is taken out; and that is what We are really proceeding to do today in raising your desire world into the Command of the Higher Mental Body. It means ere long the complete dissolving of the human desires, which would include one's desire for having his own human way because—now each one, please remember this, since this point has been brought up—the moment you feel resistance one to the other, it means that that is a human quality acting. And it is up to the individual who feels that, to stop it immediately and know that its business is to perfect its own world and to be harmonious and cooperate, each one with the other. That is imperative, because as the Light expands, the one who will not do that would be thrown out of the Light—not by any one's desire, but the very Light Itself would throw them out of the Heart Center by Its ever-intensifying activity of the Light. Therefore, in these prompts there is no reason why anyone

should not govern it.

*Question:* When you realize every bit of unhappiness anybody ever experienced was caused by their wanting their own way—that was the thing I want taken out.

*Saint Germain:* Well, this today will assist tremendously in that; and I think everyone has been realizing more, more, and more not only the need, but the reason why this is necessary. To gratify human desires is an obstruction always to the freedom of the Light; but in the Service of the Light, to be harmonious and cooperative will cause the Light to bring about this which We have begun today.

I say this to you: if you cannot discuss a point happily and harmoniously, discontinue the discussion. Don't feel, anyone, that you are each other's keeper. The kindness and consideration of each other is absolutely imperative. You are dealing at this point with the Mightiest Law in the Universe; and each one has within them now the Power of Complete Achievement, but not if they judge each other.

There is one point I want to bring to your attention. My little pal has rendered gigantic service to America as Lafayette. You don't know the half of it yet. All I ask is that it may keep

on. Your absolute self-control and obedience will allow the outpicturing of all that that service has meant. One of the reasons why the Great Law and why I have been very happy to provide for you financially at this time, is because of your great generosity to America, to Washington in that time of great need.

*Donald Ballard:* Saint Germain, notwithstanding, if there is any way I can give more service in balance for what I received, I wish it would come about.

*Saint Germain:* Just make your Call and the Great Power of Life will adjust all of that.

Tell Me, do each of you feel this tremendous glowing Circle that envelops you? You remember how at Chananda's Table this enveloped the heads of the individuals? This envelops your whole bodies in an even far greater Power than that which was in Chananda's Home. So, please feel that you stand and rest within the Great, Great Sanctuary of Life.

These meetings—no words could describe what it means to each of you! But to have that complete love and blessing, one to the other, would so quickly bring into action and reveal certain things that would make you rejoice forevermore; but as long as there is one who does not give that, then all must wait until that one gives the

needed obedience. So, each one please see their own responsibility to the rest of the Student Body; and know that each one's entire business is the harmonizing and perfecting of your own feeling world and your self-control.

I wonder if you quite realize that the Messengers request not one thing that is not My Desire, My Wish, that will enable Me to do more and more for each one of you. I want to so much, and how long I have waited for this time! Sometimes, when from the appearance world it seemed it would be impossible, still, in knowing the appearance world had no power, has it arisen. Won't you do the same thing, each one in *your own* feeling world; and every time it feels resistance to the other, simply say, "Be silent!" and see that it is silent—all human feelings. You will be so happy, and it will give Me the opportunity to do so much more which I have longed to do but could not. Today has been started that which I trust will help each one of you so quickly to attain complete self-control and mastery, and give completely into the Hands of your Higher Mental Body your entire desire world.

This has made Me so happy today; and do you realize, Precious Ones, that we are entering into this Shrine Class in the greatest harmony ever experienced so far! So, let this help all to enter into

this great Activity with absolute, complete harmony in everyone, and give the opportunity for Life, the Great Ones, to do to the fullest capacity everything They wish during this Class.

Beloved Ones, Our Work is accomplished for today. May I offer you My Thanks, My Praise, My Gratitude forever; and may you feel that freedom, that mastery, that self-control which is yours today and forever. Be alert! Stand guard over your feeling world! The moment it tries to arouse any kind of resistance or disturbance, conquer it; and remember that firmness toward human qualities does not mean humanly dominating anyone.

Oh, My Dear Ones, what a tremendous thing to be a part of drawing mankind's attention to the "Mighty I AM," the Presence of Life. Oh, think of it! That alone would be the greatest Service on Earth.

I thank you for your love, your presence; and may all that has been started into action today continue its mighty work until you are lifted in the Arms of your "Presence," unto your Eternal Freedom. Thank you and bless you, each one.

By the way, Najah wishes Me to convey Her Love and Blessings to the Messengers and the Staff. You have no idea the Ascended Masters' great Love when They see you arise in the Strength of your

“Presence” and render this Service—never is there such rejoicing in the Octaves of Light as to see those on Earth nearing their Victory and Freedom.

Thank you, and good afternoon.
