

## DISCOURSE XIII

### GREAT COSMIC ANGEL

August 18, 1957

SHASTA SPRINGS, CALIFORNIA

Beloved of My Heart, tonight in bringing to you Our Assistance for America, I wish you to try to comprehend just how deeply We love America, because America is the last surviving Hope of mankind—I'm speaking of the masses of the people of the world—to reach up with power enough, of Devotion to God, to draw the God Government and God Control of the legal activities of a nation to hold Freedom for the outer activities of the daily life of mankind.

Now you know how you love those you hold near and dear. That which you love the most, you are deeply concerned, are you not, with its protection, the future of it, and your enjoyment of its existence? The same thing is true with Us. We love the Nation that is

the Focus of Freedom's Purity and Power and Peace. We love that with the same intensity that you love either the dearest person on Earth or the dearest thing. If you understand what the Cosmic Love of Life means, you will know It as the Power within Life to protect and expand all that is constructive, and to repel and dissolve and consume all that is not.

Now in saving that which you love, you are most concerned with the protection of that which you are trying to save. And so it is with the Nation. So it is with that which is constructive throughout the world. We are more concerned with the Protection and Expansion of that which is right than We are with so-called evil for this reason: That which is constructive and is fulfillment of the Divine Plan has within its heart the Eternal Command of the Sacred Fire for its eternally sustained existence and its ever-expanding Blessing of Love to life. That which is of evil is but of temporary existence.

Therefore, Our Life and Our Love which We give for the Protection of the Nation or that which is of God throughout the world, must anchor in and around that which is constructive, sustain and protect it and expand it. And if We can pour into

it Our greater Power of Love of the Sacred Fire, that becomes the Strength within it to expand and repel the evil. So it is with the Nation. As the people within the borders of the Nation reach up to God as they know It—and you, of course, to the “Mighty I AM Presence” in your recognition of It, and to the Ascended Host and the Angelic Host—as you reach up and call for the Sacred Fire’s Strength and Power to save, protect, and forever expand all that is of God within the Nation, that is permanently sustained action. It is the permanent Perfection of Life that you are building within the borders of America to be the Ascended Master Nation of the World.

Unless that Command goes forth, and the Heart Call—which is intense Desire of Love—reaches up to the “Mighty I AM Presence” and the Ascended Host for the intensification of the Strength and Power of the Sacred Fire within the Nation, how can you have that which is constructive sustained? Constructive activity is created only by that which is of the Sacred Fire. It is sustained only by the Sacred Fire. It can only be protected by the Sacred Fire.

Therefore, as you strengthen and protect and expand everything that is good within the

borders of the Nation, you are giving permanent Assistance to Life, because all that is constructive contains within it some Activity of the Sacred Fire. That which is of evil is but the radiation or the energy of the Cosmic Light—that's the only thing that can be requalified into producing discord. So when We ask you to use these various Activities of the Sacred Fire, or to acknowledge Our Sun Presence within the Nation that delivers all within your borders from evil, I assure you, it is as if you fanned a spark into a forest fire. This can be done, and has been done times without limit down through the centuries.

Now those of you who understand how to do it, if you will keep your attention upon the Perfection you desire within the Nation, and the Power of the Sacred Fire to protect and strengthen and expand that which is constructive, you will find it like the Sun coming forth through a fog; and the very intensity of the Sacred Fire of the Sun dissolves and consumes the fog. So when you call for the Violet Flaming Cosmic Christ Control of conditions within the Nation, you are strengthening everything that is constructive within your borders.

When you understand the full Power that you can release by calling this into outer physical

conditions, you will find mastery coming into these conditions instead of opposition and fight and resentment and rebellion and criticism and condemnation. So long as you have a feeling within of fighting a condition, the very feeling sent forth will energize that condition; and it will send you back more of itself. And so it is with the Sacred Fire. The more you can love the “Mighty I AM Presence” and the Sacred Fire of the Universe, and call It in Its Strength and Power into yourselves, the more you expand Its Mastery in you, the more you pour that Mastery into the life around you, and the more the Sacred Fire takes Its Dominion in the world of manifestation where limitation and distress and discord have been.

So as you keep your attention upon the Powers of the Sacred Fire, you will draw Them into yourselves. And the more you use Them, the more you will enjoy Them. Now I’m going to try to help you replace everything that has been of distress by the enjoyment of using these great Master Powers of the Sacred Fire, and draw within yourselves that which keeps you permanently harmonized, infinitely happy, and gives you the freedom to give to life as the Sun gives Light to the Earth.

And this is what the Nation needs. Unless you strengthen that which is constructive within your borders, how are you going to sustain it or protect it? Unless you keep your attention upon that which is constructive, how can you draw it to you? Everything that is contained within the Sacred Fire is constructive; and if you command a manifestation made Eternal by the Love of the Sacred Fire, then that becomes established to you.

In the infinite space of the Universe abides this boundless Sacred Fire. It fills all space. And you may reach up to your "Beloved I AM Presence" or the Ascended Host, who concentrate and draw that Sacred Fire into outer manifestation according to the Divine Law that operates in this System of Worlds. And so it is with you—individually or collectively—or the Nation, or the world. The Principle is the same throughout Eternity, throughout Infinity.

Therefore in dealing with mankind, if you will make conscious effort to call forth the Strength and the Power of the Sacred Fire's Mastery into everything that is constructive within everybody, who of you can tell Me what can be released on an instant to take any Life Stream out of the distress under which it has struggled, perhaps for

centuries. This is what enables the “Mighty I AM Presence” to draw in and around you, and into your outer use, the stored-up energy in the Causal Body—which is all the energy of the past lifetimes that you have lived, that energy which you used constructively. That is stored and accumulated and intensified in the Causal Body of each Life Stream.

Now when you begin to call forth the Ascended Masters’ Strength and Power of the Sacred Fire in and around yourselves, and the Ascended Masters’ Use of the Powers of that Sacred Fire into yourselves, and then out through yourselves to hold control of conditions—My Dear Ones, now please remember this phrase tonight—*everything in you that has been of distress, whether it be human desire or human accumulation, will absolutely cease to exist!*

You will wonder how Great is the Love in that Sacred Fire when you feel the irritation and the human creation of the emotional body—the atmosphere about you—let go. Now this will have tremendous Blessing to you upon your health, your finance, your affairs, and associations of the outer world. This makes you Master wherever you abide.

And My Dear Ones, with just a little use of this—just experiment for maybe one week with

holding to this systematically with great devotion, will bring you such relief within yourselves from the habits and the strain and the stress and the struggle that have been your daily experiences, that it's like a sun blazing its power; and the cloud passes by. I want you to come to this place of Rest, of Peace, of Purity, and of Mastery; for I assure you, this will bring you Relaxation and Strength and Power to do things in the outer world with scarcely any sense of exhaustion. Do you not think I'm practical? (*applause—audience rising*) Thank you so much, Precious Ones. Won't you be seated, please, and just remain so.

Now as you make the Call for this to your “Beloved I AM Presence” and to Us, and you call for your “Mighty I AM Presence” to fill you with the Invincible Strength and Power of Its Sacred Fire Presence within you, you will find, automatically, the Hand of your “Presence” controlling your outer world affairs. If I can impress upon you tonight, not that I don't have the Power, but if you will accept the importance of this, that you at least try it out—of filling yourselves with the Invincible Strength and Power of the Sacred Fire Control and Mastery in and around yourselves—I tell you, Precious Ones,

your struggle will be over. If you fill yourselves with this, It makes you the magnet to draw from anywhere whatever your Higher Mental Body knows you need the most, whatever you wish to use to fulfill the Great Divine Plan.

Now when you call to the Ascended Masters' Octave for the Ascended Masters' Strength, Cosmic Strength and Power of the Sacred Fire's Presence within and around you to control everything—I tell you, It does control it. And that is what it means to use the Love of the Sacred Fire within yourselves to control everything of outer action so that the struggle ceases, the success appears, lack is no more; and you begin to realize that wherever you abide, by this recognition the Sacred Fire Mastery surrounds you and controls conditions that you contact.

Then the constant resistance and rebellion against conditions of the outer world will not seem important to you. You will wonder why you ever did it! It will be so—it will be so unpleasant to you that you will no longer want to associate with it. And that's what it means to recognize that: *"I live, move, and have my being within the Invincible Strength and Power of Sacred Fire Mastery in me."*

You just say this a few times before you go to sleep—maybe three times. Now I’m making it very easy for you! (*laughter*) And who knows, maybe I’ll say it three times—or a lot more—for you. But if you make that effort, the Cosmic Law will permit Me to assist you. If you will do one-third of what is required, We will do two-thirds; and certainly We should be successful and victorious.

Now this is necessary to come to all of you before you can be strong enough to take the responsibility of using what you might call “unlimited wealth” that comes from the Ascended Masters’ Release of the Sacred Fire into your outer use, for the building of the Incoming Civilization and the producing of things in the outer world that are far in advance of what has been brought forth thus far—because I assure you, until certain Purification takes place, that greater Perfection cannot come.

But if you call the Ascended Masters’ Invincible Strength and Power of Sacred Fire Control in you, you won’t need to be concerned about what’s around you; for Its very Presence will radiate through you. And then your Higher Mental Body will draw the Power from the Causal Body into those outer world conditions that transmutes them into what blesses you and helps you to fulfill the Great Divine Plan.

And I assure you, there is no way in Heaven or Earth—or anywhere else—of overcoming evil except by the conscious understanding and conscious use and direction and concentration upon the Strength and the Power of the Love of the Sacred Fire. The more you love It, the more intense becomes Its Action around you. The more you call It into yourselves, the greater is the Invincible Protection about you and Its Control of conditions, no matter where you move.

Now let us apply this to the Nation. If you care to make the Call to the Great Cosmic Law, the “Mighty I AM Presence” in the Great Central Sun, to make the Atmosphere over this Land the Strength and the Power—Invincible for Eternity—of the Ascended Masters’ Sacred Fire Control of the atmosphere over this world, I think some of the destructive forces will be very successfully disappointed. Sounds like an enigma, but it isn’t. If We can be successful in disappointing the sinister force, it will be well for all. So in order to hold Protection in the atmosphere about you, the atmosphere must become filled with the Sacred Fire. And if you call for enough Power of the Ascended Masters’ Sacred Fire Presence to be the only Atmosphere

over this Land, many things will be revealed to the people that they will understand—if not at first, then a little later.

But just as certainly as those Manifestations of the Sacred Fire come into the atmosphere over this Land will mankind awaken and be purified and love those Manifestations. And in that love, that Sacred Fire can come into the individual and hold Dominion over destructive qualities. That is why I issued that Cosmic Fiat for Eternity that: "So long as the stars remain and the heavens send down dew, so long shall the Union last!" And that "Union" is the Union of the Earth with the Ascended Masters' Purity and Love of the Sacred Fire which We have flooded into the Nation for Its Eternal Sustaining Victory unto the Ascension. And It shall manifest forever! (*applause*) Thank you so much.

Now those of you who understand this Law, if you will, not with strain or tension, but with a Majestic, All-powerful Command to Life, demand that America be delivered from all evil by the Ascended Masters' Strength and Power of the Presence of the Sacred Fire within the Land, you give Us a wide-open Door through which We can flood that Sacred Fire into conditions so We

strengthen what is right—and dissolve and consume that which is not a God Creation, therefore not Eternal.

But acknowledge the Presence of Invincible Sacred Fire Strength and Power as the Atmosphere over your Land. Acknowledge It as your own Atmosphere. Acknowledge It as the Atmosphere in your cities; and wherever you abide anywhere in the world, if the Call goes forth, there must come back the Answer to that Call. There's no such thing as failure when mankind desires the Sacred Fire, desires Its Strength and Power and Its Presence on the Earth. There's no such thing as not being answered. So I assure you of absolute Victory. I assure you of absolute release from distress of every kind as you set this into action with a Majestic, All-powerful, Commanding Authority that is forever the Sacred Fire's Control of all manifested things.

I have a very important reason for bringing this to your attention tonight—not only for the Protection of the Nation and that which is constructive within your borders. There's a very definite effect upon your supply. Now why do you think I'm interested in supply? Because I don't want you to sustain channels of limitation in which some of you function, and you think you

can't leave those channels long enough to gain this Momentum of the Sacred Fire's Boundless Supply to you forever.

So long as you are bound by a channel of limitation, you need the Call for the Sacred Fire's Strength and Invincible Power of the Presence of that Sacred Fire in you to consume the limitation. And so it is, whether it be supply or health or illumination or opportunity matters not. Everything that is of Perfection depends on the Release of the Presence of the Sacred Fire. And you may have all the Strength and Power, all the Supply, all the Freedom and all the Victory, all the Protection of the Sacred Fire as you acknowledge or desire and call Its Presence into yourselves.

Now the Unfed Flame in your Heart is that Sacred Fire; but We, drawing from Great Heights of Cosmic Activity in answering your Calls, concentrate that into the cellular structure of the flesh, into your atmosphere, your affairs, your environment—into your entire Life Stream; for the Sacred Fire in Our Octave and the Unfed Flame in your Heart is one Sacred Fire. And if you ask the Presence of Our Sacred Fire Strength and Power in yourselves, if you release enough of It inside, there can't be anything else.

And that's what the Mighty Saint Germain meant when He gave you that Command, " 'I AM' the only Presence acting." That means this Sacred Fire from the Heart of Creation, from the Heart of your "I AM Presence," the Heart of the Physical Sun, the Heart of the Great Central Sun, the Hearts of the Ascended Host. Now if you want that into this physical octave, It must come into yourselves first. And I assure you, if you dare to do, there will be no such thing as failure. So I just offer It tonight so you may know what the Love of the Sacred Fire can bring into you, in your world of manifestation, by calling the Presence of Its Strength and Power within you.

You must have more Power than destructive conditions if you are going to overcome them. And the Sacred Fire is the only thing in the Universe that contains more energy in any condition than the human creation within it. So It makes you master of circumstance. It makes you master of yourselves, because It releases you from the very things under which you have struggled through the centuries. And I think it is time for Freedom! (*applause*) Thank you so much.

So if you will recognize only the "Mighty I AM Presence" acting in you, and in everyone else, as

the Strength and Power of the Presence of the Sacred Fire, so shall it be established unto you. Then if you call It into the Nation and into the world, the Sun Presence of that Sacred Fire enters into the structure of Earth and the Purification goes on until its Perfection is complete for Eternity.

So I commend you to the greatest Joy you've ever known if you will accept this tonight, and set into action with fierce determination to use It until that Joy knows no bounds and you have burst the limitations of the centuries, and you feel your Divine Freedom and Mastery over all wherever you abide. Thank you with all My Heart's Love for Eternity.
