

DISCOURSE VII

BLESSED GOD OF THE SWISS ALPS

January 13, 1954

CHICAGO, ILLINOIS

Beloved Ones of God's Heart, it is My privilege tonight to bring to you an Explanation of the Activity of the Gods of the Mountains which I trust will stay with you forever; and it is this: The Four Gods of the Mountains, in Their Outpouring from Our Retreats to the world, form a Cross from the four points of the compass; and that performs the same Service to the structure of the Earth that the skeleton-work, so to speak, of a building forms to the building. It is the support and the structure of those great Outpourings and Streams of Life in Its Mighty Power through the Mountain Ranges of the world to the rest of the Earth. And if you will understand that, from north to south, those Currents are under the control of the Mighty God Tabor and the

Blessed God Meru, and the Currents from east to west are under the control of Myself and the Mighty Himalaya; and this forms, My Children, an Open-ended Cross through which constantly flows the Cosmic Life, the Cosmic Strength, and the Cosmic Love to the planet from the Great Beings who are the Dispensers of that Life and Its Blessing for the upliftment of mankind and for the Expansion of the Light through the Powers of Nature and the Beings of the Elements.

Now since this is the Cosmic Handiwork of the Great Builders of this System of Worlds, I trust you will understand something of what Our Task is in the Radiation which We pour forth from Our Retreats to the surrounding countries that come within the Radiation of the Focus of the Flame that abides in each Retreat of the Gods of the Mountains. That is a Radiating Center of the Sacred Fire from the Great Central Sun to this Earth, and It is the Controlling Intelligence and Power by which We govern certain outer world conditions as they affect the mass of mankind.

When the destructive accumulation of mankind gathers to a certain point, it becomes necessary for Us to draw forth certain Cosmic Currents

through the Mountain Ranges of the world to offset the pressure of that discord; and I wish you to understand this tonight, because those of you who love the Mountains can feel, as it were, the Heartbeat of Life within those Mountains. And that Heartbeat that lifts you and thrills you with the joy when you are in the Mountains is the Radiation of Our Love that pours forth to all who will accept It and all who are sensitive enough to feel It and enjoy It and feel they are a part of It.

So you can be the bearers, as it were, of the Powers that come under Our Direction. You can be the carriers of that Radiation to the rest of the Earth; for It must go forth. The same as the heat comes into this room to make you all comfortable from the source that supplies it, just so must the Perfection of Our Love and Its Cosmic Power and Action go forth to all Life, to all mankind, from the Gods of the Mountains, to make life more comfortable in the lower places of the Earth until all becomes purified and works harmoniously with the Great Cosmic Law's effort to purify and set mankind free through the Attainment of the Ascension.

People enjoy this or that other part of the Earth. They enjoy this climate or some other

climate; and they gravitate, as a rule, to those places where life is, may I say, easier. And, of course, in the tropics everything comes with so little physical effort that they become lazy. Not so with the mountains. When they come to the mountains, they come into a Focus of terrific Electronic Force, tremendous Electrical Power; and when they come into that Radiation of greater Purity, they become more alert, more active, more dynamic, more charged with the Power that is there. And if they will absorb that whenever opportunity offers, and then return to the other portions of the Earth carrying with them the Blessing and the Strength and the Power of the Mountains, it will be just like the veins in the body carrying the blood of the Life Stream to the various portions to render the service that helps the whole body to maintain balance and health and perfection.

So you see, each thing has its own proper use, its own proper location. But I tell you, in the Mountain Ranges abides the Purity and the Power of Purity which must flow forth to the rest of the Earth if the lower portions of the Earth are to be purified. Were We to remove the Electronic Force in the Mountain Ranges, the world would,

as you term it, be “sick” because of the lack of the Purifying Energy which is, mark you, generated and radiated by the Sacred Fire in the Retreats of the Gods of the Mountains.

Just exactly as the electrical equipment of your cities draws the electricity from the powerhouse and lets that light be produced which blesses the city and enables greater activity to take place, in exactly the same way does the Sacred Fire in the Retreats of the Gods of the Mountains send forth Its Purifying Life—mark you, I said “Life”—to the other portions of the Earth, because We are the Guardians of the Purity of Life; and so the Electronic Force that is held focused and under Our Control through the Mountain Ranges of the world is Ours to dispense as Wisdom directs and as the Cosmic Law commands. So whether that dispensing of that Life, Purity, and Power is required through the Powers of Nature or through the waters of the planet or through the Beings of the Elements or through mankind, it all comes under Our Direction.

And We are the Supplying Source and Balancing Activity through the Radiation that pours forth to the Mountain Ranges of the world. So if you will understand this, I want you who

are familiar with your Blessings of the Rocky Mountains to feel quite close to Us, because since your Beloved Saint Germain has His Home in the Rocky Mountains and I have My Home in the Swiss Alps, I want you to know that My Home is His Home also; and He has invited Me to visit His Home! (*applause*) Thank you, Precious Ones.

Now I want to show you how the Great Intelligence of the Cosmic Law has blessed mankind in Its own great Wisdom of Life. I wish you to understand that since We are the Guardians of much of Beloved Saint Germain's Blessing to Europe, that which is to come to America from the Great Central Sun is to be dispensed to the rest of the world, and those of Us who direct those Mighty Blessings to the Earth are watching with very great intensity some of the conditions within your Land.

I wish you to realize that Switzerland, given Her Freedom so long ago, guarded that Freedom that was given her since way back in the thirteenth century. America was given Her Freedom, and in both cases by the efforts of your Blessed Saint Germain. Now since these are the two points of the greatest Freedom upon the Earth, and since

He is the Great Guardian of that Freedom for America, and that which He sought to do in Europe was His Gift of Love there, "I AM" the Guardian of some of His Work—in fact, all of It—in Europe. There is an Inner reason why the two Nations who have clung to Freedom are closely associated with the Power of the Gods of the Mountains and your Beloved Saint Germain.

So We are ready to honor His Mighty Work of Freedom in America because all that protects God's Freedom in America will protect God's Freedom in Switzerland, and all that protects Our Freedom in Switzerland will protect God's Freedom in America. The Powers within the Mountain Ranges are great Currents of God's Life. And so since that Life must flow everywhere and carry Its Blessings of Love and Peace and Intelligence to the rest of the world, Our Service to individuals is largely carried on through Radiation. But those who know of Us consciously and can call to Us of their own Free Will, will automatically draw very much greater Power and Currents of Energy from the Gods of the Mountains than the rest of mankind who simply absorb through Radiation as much as they can, may I say, in their sleep state. They

are still in the nightmare of existence, and you have awakened in the morning. I trust none of you will go to sleep again in the human desires of this world!

So, Beloved Ones, try to feel Our Love for America. And the Precious Ones who have come and gone to Our Country have been quite aware of that Power and Strength that they received there, the same as you are all aware of the uplift that you receive when you go to the Mountain Ranges of your own land. The same is true of the Mighty Himalaya; and when the Blessed Godfré and the Children were there in the Himalayan Range, they received from one sunrise alone Blessings that are still Theirs and still expanding to bless the rest of the Universe. So it is with Our Land. So it is with your Land.

The Light within the two Countries of Freedom must expand until It penetrates the darkness in the rest of the world; for that darkness is selfishness, and the selfishness is destruction. So, Beloved Ones, it is a very great Joy and Privilege and a very great Responsibility for all of Us, you and I, and the Blessed God Tabor, your Mighty Saint Germain—and all—to keep expanding the Light until It penetrates to the

farthest resources of the world and consumes the selfishness that mankind has imposed upon the Powers of Nature.

The more you can call consciously for the Purification of the Powers of Nature and the Beings of the Elements, the less will the damage be done by the destructive forces; for when you demand the Purification of those blessed Beings of Nature and the Forces of the Elements, you take out of the hands of the sinister force much of its energy and power to create further destruction.

When you demand by the Action of the Cosmic Law, as you have tonight in the use of the Great Command, the Purification of the Powers of Nature and the Forces of the Elements, do you know what that does? It is just as if you swept debris out of your homes and then the light and the fresh air came in to give you greater blessing. And so it is when you demand the Purification, by the Power of the Great Command, of those Forces of the Elements, the Powers of Nature, you sweep away the conditions on which the sinister force survives and feeds to hold mankind in the clutches of its destruction.

So We are deeply grateful for everyone that has come from Switzerland to America, and everyone

who has come from America to Switzerland with the realization within of what the Power of this Light of the “Mighty I AM Presence” means to the Earth. Mankind has little concept of how important this Work of the Mighty Saint Germain is to the survival of that which is constructive throughout the world. We are, each of Us, guarding wherever possible in Our own Domain and wherever We can in the rest of the world; but He—Honor be to Him forever for taking the Responsibility of cleansing the Earth—you scarcely can understand what that means. (*applause—audience rising*) Thank you, Precious Ones. Won’t you be seated, please, and just remain so.

When the Mighty Saint Germain took the Responsibility, or offered to take It, for the cleansing of the Earth, that He might bring to its Fulfillment the effort of the Blessed Jesus to set mankind Free, it was to prove His Love and His Gratitude to Life for His own Freedom. That was what He offered back to Life, for He was so grateful for His own Freedom.

His Freedom came through His Love to the Blessed Jesus. And His Love to Life through long centuries, My Dear Ones, has been something phenomenal in one Life Stream; and since

He has taken the Responsibility of so great a task, I can but say it has made Us all love Him even more than We did before He assumed that Responsibility. And so in the Love which We bear Him, We are so grateful to be of any Service possible to those of His Family, those whom He has loved, those whom He has drawn from the shadows and held by His Love in the Light. And so We are willing to do likewise, and draw wherever We can those Life Streams that are caught in the shadows, and show them, once again, the Way into the Light and call them Home where they belong.

So, Beloved Ones, vicious as are some of the conditions of the outer world, yet I say to you, there is no way to permanently cleanse the Earth or correct these conditions except by the Great Cosmic Law, the Cosmic Law of the Central Sun's Love, Forgiveness, Mercy, and the use of the Sacred Fire by which the Purification is accomplished. And since your Mighty Saint Germain has given you that Assistance, We are ready with everything We are and have to help protect you all, to fulfill every Call you send forth, to strengthen you, to strengthen all that is of the Light, that It may expand more rapidly,

and therefore release more of Its Power to shatter that which is destructive before it can any longer destroy that which should never have been desecrated by discord.

It is a magnificent Plan of Creation that gives and gives and gives of Itself with such Love and Beauty and Power to Its own Creation to ever provide Eternal Happiness. That is why, when people come into the mountains to enjoy the beauty of the scenery and feel the Strength and the Energy and the Health which they attain in that atmosphere, it is because the Purity of that Energy is the Pure Love from the Great Beings who control the Powers of Nature and bless the Forces of the Elements with the greater Happiness and Purity that must come forth into outer conditions through those channels.

Within your own Country, I tell you frankly, that Purity must be maintained to your people. They must be aroused; they must be made to understand that unless they will purify themselves and guard that Purity, there is only one other answer—and that is they must pay the penalty. The Great Cosmic Law is no respecter of persons. All must be ground into Perfection. All must obey the Great Cosmic Law that holds

Systems of Worlds together; and the individual is no exception to that Law, I assure you.

The “Great God Presence,” the “Mighty I AM” that has provided the world to live upon, has provided for mankind the Blessings of Nature, has provided the Beings of the Elements to help serve mankind, that they may create Perfection and Eternal Happiness to bless all manifestation—that “Great God Presence,” the “Mighty I AM,” has been very wonderful in the Gift of Itself to the human beings of this world. And when Its Blessings have been desecrated and chaos built where Love meant Perfection and Happiness to hold Command, then sometimes there must be something done that is very drastic in order to stop mankind’s frightful creation of that which is wrong. And so We work always with the Expansion of the Light in the individual through the Mountain Ranges, through the Powers of Nature and Forces of the Elements. Our Duty is to keep the increasing Power of Light in the Mountain Ranges ever expanding and flowing into the rest of the world.

And part of Our Blessing which We offer the rest of the world is the supply of water. (*applause*) Thank you, Precious Ones. Let Me assure you

tonight, so far as your supply is concerned, when you love your "Mighty I AM Presence," when you love Purity, when you love to use the Power of God's Love and the Sacred Fire to bring Perfection into your beings and worlds, supply of every good thing will always be at hand for you.

And when mankind, not awakened to this Love or rebellious against God's Law of Love, choose to desecrate the Blessings of Love, then they will find themselves in dire want. Poverty is a reprimand to mankind for not using the Love that Life is offering to do what needs to be done to bless the rest of Life. So if I were you, I would give every Call I knew how, and call every Power of the Sacred Fire in existence to prevent the desecration of the blessings of the pure water of your Land by those who are fiends. And I say that advisedly. I know whereof I speak. Their intent against you is far more vicious than you comprehend. Knowing even as much as you do, you cannot yet comprehend just how low they have gone.

So those of you who are awake and are calling for the Protection of your Nation, know that you have My Love and My Assistance and everything

I can give to assist you and the Blessed Saint Germain to accomplish His gigantic Task in saving your Nation and bringing to the Earth that which awakens mankind and keeps them awake in the future. (*applause*) Thank you, Precious Ones. I say to you all tonight: the problems of Europe and the British Isles are not solved; and what solution has to come in that part of the Earth must come either from Purity and Love and the Radiation of Our Retreat, or it won't come.

So hold to your Calls for Purity, My Dear Ones. You know not how important that is. Be no part of the filth of the outer world. Do not desecrate your temples by anything of the outer world's filth. Stand like shining stars in the midst of the shadows, and let your own Light expand until It shatters the darkness and demands its Annihilation by the very intensity of your Heart's Love to your Source, and on whose Love comes back the Power from the Heart of Creation to envelop you, supply you, protect you, and to blaze through you that which consumes from the Earth that which should never have been created.

I say to you tonight: regardless of all the groups of individuals on the Earth, the problems

of Europe and the British Isles are not solved, and will not be until they are compelled to be purified. And part of their Purification is to take the claws of their filth off of this Nation. (*applause*) Thank you, Precious Ones.

Now you—in the great Love and Mercy and Forgiveness to Life, My Dear Ones, I offer you tonight the Armor of your Invincible Protection. Call with every atom of your beings to the Heart of the Central Sun for whatever Forgiving Love, Mercy, and Divine Compassion in the Descent of the Sacred Fire is necessary to purify the rest of the world—purify yourselves, too. But you call for the Love and the Mercy and the Forgiveness from the Great Central Sun to blaze the Sacred Fire that compels the Purification of the rest of the world, and that will be your Protection because of your Obedience to the Law of the Love of the Central Sun.

The same group of individuals in every government of the world is doing this thing which is desecrating every nation and trying to destroy America. It is the same group of individuals throughout the world. And so your Protection is to call for the Great Central Sun's Fiery Love, Fiery Mercy, Fiery Forgiveness, and Fiery Purity

to move into the brain and body of every human being that wants to destroy you or desecrate you; and We will help through the Radiation of the Mountains. You call for the Great Central Sun's Fiery Love and Fiery Forgiveness and Fiery Mercy and the Great Cosmic Fire that purifies mankind's human creation, no matter where it is; and in your willingness to do that and help the life of the rest of the world be free, you automatically draw the Protection of the Great Central Sun to yourselves.

That is why, when you understand this Law and you call Its Power from the Great Central Sun, and make mankind understand the Immortality of the great Authority of the "Mighty I AM Presence" and Its Mighty Assistance of Love to the individual, It is the Strength of the Great Central Sun in you. Then that enables you to stand against the destructive forces of the world; for they know—regardless of their opinions to the contrary, they know they cannot conquer Immortality.

It would be well if they learned just how powerful Immortality is. Your positive Knowledge and Authority and Love from the Heart of the "Mighty I AM Presence" and from the Great

Central Sun is the Immortal Power of Protection. It is the Immortal Sacred Fire of Command to the Earth. It is the Immortal Control of everything in this world that forces the Purification that takes mankind back to God. And not all the human creation of all mankind can take Immortality out of the Universe. And you are that Immortality! (*applause*) Thank you, Precious Ones.

So, Beloved Ones, tonight I give you, I trust, a very valuable Secret, a very wonderful Wand of Power, a wonderful Gift of Illumination. If you will acknowledge yourselves as the Immortality of the Sacred Fire from the Great Central Sun walking the Earth, with the Great Central Sun's Great Command that that which is of the shadows must dissolve at your approach—I think you will have some experiences that will reveal just what the Sacred Fire means, at least to you. When you understand that the Immortality of the Universe is the Sacred Fire of God's Eternal Love, and It is the very Life of Creation Itself, and you acknowledge yourselves as that in action in this physical world, It will draw a Strength and a Power of that Sacred Fire around you that will speak for Itself; and your own experiences will prove to you the Cosmic Power that has come to your Assistance.

So I leave you to your own experimental use of that; and as you send forth into the atmosphere about you your Acknowledgment of your “Immortal Presence” of the “Mighty I AM” and Its Immortal Sacred Fire in Command of everything in this world, you will find circumstances will bow to you, and that which has been your struggle of the past becomes your opportunity of the future to use your Authority and your Power, and prove to yourselves and to mankind your ability to compel that which is of the darkness to be annihilated.

Acknowledge your Immortality, My Dear Ones, in your Blessing to your “Mighty I AM Presence” when you say, “‘I AM’ the Immortal Presence of the Great Central Sun’s Fiery Command to the Earth that forbids the hordes of darkness existence! And ‘I AM’ the Immortal Love of the Sacred Fire in action wherever I go! ‘I AM’ Its Immortal Victory, and ‘I AM’ the ‘Freeing Presence’ to Life!” And wherever you abide and give that Acknowledgment, It shall be so and established to you. There will come the Power and Authority into this physical octave by your Conscious Command that will compel respect and compel obedience from individuals,

the Powers of Nature and the Forces of the Elements, to the Fulfillment of the Divine Plan and the accomplishment of anything you choose, so long as it be constructive.

That is your privilege, authority, and power to use without limit in your Acknowledgment of the Immortal Blessings and Gifts of that "Beloved I AM Presence" above you and in the Great Central Sun. Just know you are that Authority to Life and to the world, and It is the Power that conquers the hordes of darkness. I bid you use It and go forward to your Freedom. (*applause*) Thank you, Precious Ones.

I have just one more Blessing to offer in this phrase. Acknowledge: "'I AM' the Immortality of the Great Central Sun's Great Command to the Universe! 'I AM' the Immortality of the Great Central Sun's Command of the Sacred Fire; and I bid It come forth and fulfill my Calls, to the Glory of my 'Mighty I AM Presence' and the Freedom of Life by the Love which 'I AM'!"

May the Fullness of all the Power from all the Gods of the Mountains clothe you with the Fulfillment of that Call and make you the Legions of Invincible Immortality by the Great Command of Life. May you forever feel the Glory and the

Power and the Authority of Its Presence, and Its Love becomes for you the Manifestation of Its Everlasting Dominion over this Earth and all upon it.

We shall hold your hands across the seas until the Sacred Fire of that Command is heard and mankind are grateful for their Freedom in the Love of God's Heart which America is to the world. You who are the Bearers of that Love, acknowledge your Immortality of that Love, and see for yourselves whether God is your Defender or not. God, the "Mighty I AM Presence" in the Great Central Sun, and the Magnificent Beings who govern the Universe and design its Beauty, will ever be by your side as you acknowledge Their Presence of Immortal Perfection ever with you.

I clothe you in all that that Immortal Love can bestow upon Life, and may you reveal the Victory of Its Presence wherever you abide. Thank you with all My Heart tonight. I bear to you the Blessings from the Alps, and may their Love enfold you with Eternal Happiness. Thank you.
