

**C**OURAGEOUS young people, who have taken up the I AM work, we are depending upon you to help free your associates in educational, business and social channels wherever you move in the outer world.

Every young person on the earth to-day needs all the help, the "Mighty I AM Presence," the Ascended Masters, you and we can give to help them hold firmly to ideals that will bring them protection, happiness and freedom now and in later life.

The younger people of the world need to have this Truth and Instruction from the standpoint of Eternal, Invariable Law and not from the outlook or viewpoint of scientific theory which changes almost as often as the fashions—or belief, faith, philosophy or psychology.

Until the "Mighty I AM Presence" is understood by all mankind, as an Immutable Law which is the principle of Life and Its conscious application, there can be no possible permanent solving of humanity's problems or the freeing of mankind from Its chains and limitations.

If you young people of America can realize, that the only door into the Ascended Master Octave of Life is through Their Instruction and application of the "Mighty I AM Presence," you will know that nothing in human experience is of

any value to any human being, but the conscious effort he makes to gain his Ascension.

Then you will be able to give the greatest assistance possible to your associates, your Instructors, your parents and yourselves and in giving that assistance you will be releasing yourselves and giving mankind God's greatest blessing forever.
