

· GREAT CENTRAL SUN ·

REAT Central Sun of Life Supreme,
Whose All-pervading Light,
Flows through us all majestically
From Thy Great Heavenly Height—
In Splendor Great—Perfection's Way,
All forms It does control
And in Its Dazzling Substance bright,
The Universe now hold!

Great Central Sun unto Thy Height,
In Mercy's Name we call,
For Help and Blessings to mankind,
That Light may free them all!
Send now to earth, Thy Legions bright,
Sweep on Thy Plan fulfill,
Command Thy Presence' Purity—
All else forever still!

Great Central Sun enfold our world
In Cosmic Substance too!
Take Thy Command of everyone,
And blaze Thy Power through;
For only in Thy Heart of Flame,
Thou Great God Source of all,
Shall we abide in Freedom here
And answer Victory's Call!
