

· SANAT KUMARA'S DISCOURSE ·

*Los Angeles, Calif.—July 30, 1939*

GREET you in the Name, Power and Victory of your Life to-night, for into and thru your own Life Stream, there will go into action to-night, a charge for which you have called these five years.

Beloved ones, before I begin to talk to you, will you close your eyes and accept with the greatest intensity of your feeling, the Perfection and the Glory of your "Mighty I AM Presence" in full command thru your mind, body, feeling world and outer world activity so you may do the most possible in co-operating with Us in the great changes which are near at hand.

Beloved ones, you have thought some of earthly cataclysmic activity, but much more has gone on within mankind. The battle going on between the human and the Divine in mankind is quite cataclysmic in its action, as you may have observed. Therefore, be alert, be aware and Oh, that you may not experience it!

Let each one arise in the Dominion of his or her "I AM Presence" and into the Great Limitless Assistance which is being given! Then, go forward in Its Great Serenity with the fulness of the Light in command. Thank you so much.

Thank you, beloved ones of the Light, that your hearts respond, and may the fulness of the Great Memory of to-night be your great courage, strength and power to go forward into your complete Victory of the Light. Thank you, and won't you be seated?

Be not dismayed at what I shall say to you to-night, but understand that I am calling to your attention the Great Laws of Life which no human being can change—which not even the Ascended Masters attempt to change. The Great Cosmos having come forth, has changed not the Laws but Their Activity for the people of earth. Mankind, unless they understand this, will not understand many things which will take place in the future.

You remember right here in this spot, I asked you, to call for the return of all who had gone forth from this Light. To-night, Life compels the recall of that request. Mankind in the future, must stand upon their own two feet and, by their call to the "I AM Presence" of Life, win the Victory or fall.

When individuals have been trained under your Beloved Saint Germain and then, have willingly with great determina-

tion turned aside with great viciousness, they may no longer have Our Assistance. Only those who turn vicious toward This Light are on the edge of a precipice in the student body. Therefore, remember! For the vast student body, whose loyalty and Love is so great for the Light, for America, for the Messengers and the Ascended Masters, your Victory is very great!

We are dealing with Life, beloved ones, not with individuals, not with human forms. Will you not understand, beloved students to-night, that whatever human form is expressing viciousness is doing it willfully of his or her own volition? Therefore, it is not entitled to your respect or association. If you choose to associate with viciousness, you will become that, unless your Light is very strong.

I assert again, beloved children of earth, you are dealing with the Most Magnificent Law in this Universe—the Law of your own Life. That Law is not a respecter of persons but when mankind have been taught this great and Mighty Law for a number of years, then refuse It, the fault is within them wholly. Therefore, they forfeit their right to Our Assistance and must rise or fall by their own call to the Presence of Life and cease to express viciousness of any kind.

This is the Law! Since the Great Cosmos has come forth, many of mankind have lost a great opportunity. When the Messengers, your Beloved Saint Germain and the Ascended Masters pled, and pled, and pled, with mankind to see, to understand and to live the Great Law, It was not idle talk, beloved ones, but the Greatest Truth ever known to man and the Greatest you will ever know on this earth. There is no greater Law, than your "Mighty I AM Presence."

Remember! the Assistance from the Central Source of all Intelligence and Energy to this system of planets, never was known on this earth before. When I came forth from Venus four and a half million years ago, I came of My Own Volition to assist people of earth; but even with all the Power I had, how much did I succeed? I leave it to you. Now beloved people, knowing that I am a Being of Limitless Power, I came here of My Own Volition to assist mankind, and then it was not accomplished—do you comprehend why?

I am going to show you, to-night, more than you ever saw in your Life, what your Beloved Saint Germain means to you. Those who came with Me and I Myself, owing to the free will of mankind, even with the Almighty Out-pouring and charge which We poured forth to this earth, still did not bring about the change that mankind required; because during

those ages, age after age, after age, mankind's free will was supreme and We dared not interfere with it. Only a few came out Victorious from the great mass of mankind, and your Beloved Saint Germain was One. (applause—audience rising)

Would you mind remaining standing, just a few moments while I speak these few words? Your Beloved Saint Germain who started in Europe—endeavoring to awaken mankind with but little success, sought out His Children of seventy thousand years ago and looking down those two Life Streams, saw that which He believed was enough Strength and Power of Light, to carry This Light in America and to the people of the earth. He and the Beloved Nada stood alone in that belief or Reality, whichever you may choose to call it, which has proven to be a Reality. They said: "We shall try it out." I leave it to you whether it has succeeded or not. (applause) Won't you be seated?

Because of the vibratory action in the room, no matter what I may say, will you for the rest of the evening, just remain quiet and seated; that this Great Energy may do Its Perfect Work for you.

With all My Efforts and My Assistance, I did not accomplish this. Yet to-day, He has come forth and has brought This Light which is Freedom. It has been the Freedom of every human being whoever gained his or her Freedom on this earth. The Law of the "Mighty I AM" has existed forever, but mankind have forgotten It! He has returned the Memory to mankind of the Greatest Presence and Light in this Universe, the Law of your own Life! It is not something far off not something questionable as to an opinion but a Law which governs every heart-beat that sustains your physical body! It is a Law and the Power which gives you Intelligence and achievement in the outer world or in the Octaves of Light.

It does not matter upon what octave you are operating. Life is the Authority! Life is still the same in Its Greater Power of vibratory action. Everything in your physical structure to-day contains a certain vibratory action of the atomic structure of earth. In the Octaves of Light, the same power operates in Its finer, higher rate of vibration, which brings and holds mankind within Its Mighty embrace as they go forward with their attention held to that which lifts them.

I say to you, to-night, beloved students, some of you I observe do realize It, but still some do not. Every moment you give attention to your Great Presence of Life, you are lifting, lifting, lifting yourselves into that Freedom of the Light. Oh, It

is not an idle thoughtless thing! It is not time or energy wasted; but every time you give that impulse to the Presence of Life, you are lifting yourself out of the limitations of earth, into the Glory and Freedom of the limitless supply which Life is ready to pour forth into your world at any and all times, provided sufficient Harmony is there.

The Messengers have drawn to your attention, a few things in their own personal experience, of how discord removed from their Heart Center released from the Treasure-house of the Presence—immediately—double what had been before. Oh, I could tell you some things to-night, which the Messengers have not chosen to tell you, which would fire you into action, let Me tell you, but I shall leave that to them.

Beloved people, the Glory and Victory of these beloved Messengers, is the most magnificent thing on the face of this earth. We know, in spite of all mankind and their vicious falsehoods about them, never have any two human beings on the face of this earth poured forth in the face of such viciousness, such great Power of Divine Love, Forgiveness and Blessings to mankind. This, I know to be Real; and when those about them would have torn them to pieces, still they poured out their Love and Blessings upon them. Thus shall it ever be; but that does not mean they must not remain positive against such viciousness. I prompt every one of you again to-night because you have known this Presence, because you are calling It forth into action, because you need to be humble and kindly and pour forth Divine Love and Blessings, yet you will have to be extremely positive against all viciousness from human beings.

Is it not a pitiful thing to know that from nowhere else in the world, comes viciousness except thru human forms? While it has been told you, few really comprehend it, that even the animals and the birds have taken their viciousness from human beings. The discord generated by mankind has been imposed upon the earth. This is the Truth of Life! Can anyone of you tell Me where any kind of viciousness is generated except thru the human form, thru the human intellect? Of course you cannot, because there is no other place in the Universe for it to come from. Then is it not time to silence it, to dissolve it from the face of the earth and especially from your world of action, if you want to be free? You cannot be free without dissolving it!

Mankind has been told now these past three years, that they could never be Free, as long as discord and viciousness

act within their feeling world. Mankind is coming to see it now.

Your Beloved Saint Germain was so gentle, so kindly, so patient, allowing most vicious discord to go on in the midst of this Activity; yet going on trying, trying, trying again, again and again to dissolve it; imposing upon the Messengers that discord, hoping that at last it might be dissolved—but to no avail—and then the end came. You see beloved ones, Your Precious Saint Germain makes good His Words. One day you will see that, with a Power and Authority which will satisfy every human being on this earth.

Therefore, to-night, in the release which is coming to you, It will remain forever active and you who are so sincere, remember the Goal of your Victory is assured! Never question it for a second! Your Ascension is as assured as if It was done to-night, as long as you remain honest, earnest and sincere to This Great Light and to these beloved Messengers. Remember, you cannot be loyal to the Light and not these Beloved Messengers. Unfortunate individuals have believed that such could be done, but I say to you, that is a falsehood. It cannot. The Messengers have been the wedges of Light which have driven this Great Understanding into mankind and when mankind lose their respect for them, they have lost the Light, and don't forget it!

We know that they have never in thought or feeling poured out anything but the Greatest Power of Divine Love and kindness! I want this great beloved student body, here in Los Angeles and vicinity, to understand this Mighty Law and in the glory, happiness, Freedom and generosity which you have expressed in carrying on This Great Light, remember—your Treasure-house I say, shall be opened! and pour Its Blessings to you! Be patient, beloved ones! Who of you can say to Me: "Sanat Kumara, since You have this great Authority, why do You not release It to me to-night?" Because I am not the Authority of your Life Stream; but you were given a magnificent Tip, if I may use your expression, and I call your attention to It to-night, because some of you missed it. When the Mighty Cosmos talked to you, He said: "I represent to you, exactly what your own Life Stream represents to you!"

Did not your Beloved Saint Germain assure you long months ago, that the Greatest Assistance ever given to mankind was being given and would intensify up to a certain point? Many of you have forgotten It, but He did say it! He told you that, and He has told you many things which have been fulfilled.

As your attention was called to-night, to these activities in the government and in the world of industry, in which these Mighty Decrees are doing their Mighty Work, is it not sufficient for mankind to see and understand that they are not dealing with idle things but with the Power of Life and Light in Its Great Commanding Presence, sent forth in their call to the "Mighty I AM," to render this Service to mankind?

What do you think I could have done, had the Great Cosmic Law permitted the Intercessions from the Great Central Source of Intelligence and Power to this System of Worlds, to be given then as to-day? Do you realize, my beloved students, that this did not come from the Great Source of Light and Intelligence of Its own volition? Do you not realize, that this came thru the Intercession of These Great Ones, who are pouring forth Their Blessings to you? I wish you to understand this to-night! This came about by the call and the intercession of Those Great Ones, going to the Great Central Source of Power and Intelligence to this earth! Their Requests were granted!

I say something very important to you; unless you see and understand this, you cannot release the GRATITUDE required to bring about the speed of action of the Inner Powers of your own Being, which bring you the release, the supply and the conditions that you require for your Freedom.

I assert, to-night, with very great vehemence, you have the Assistance in this call to Light, to lift yourselves so quickly out of limitations into the conditions of Freedom and your Ascension. The laws of earth are no longer governing you! The magnetic pull of earth—I mean so far as your spiritual progress is concerned! I am not speaking of the outer laws, because you must always obey them, when they are constructive; but I am talking about your Freedom in the Light!

Remember! Take one million students, of those whose attention has been brought to This Great Light in America to-day. As they make their calls to the "I AM Presence" of Life, each call is lifting more and more and drawing up the great mass of mankind in America. Now why do they do this? Please see and understand. America is surrounded by a Wall of Light. Then everything within that Wall of Light, responds to the call of the vast body of the "I AM" Students of Light and all are being lifted, and lifted, and lifted. Oh, even if they never heard of This Great Light, that does not change the Great Inner Action of the entire feeling world of mankind for they are being raised out of it, into a higher rate of vibra-

tory action, which makes their comprehension clearer, makes their courage greater, makes their determination more firm! All is a steady magnificent process in the Action of Life, my dear ones!

You are not acting on superstition of any kind! You are acting on the Law of Life—the greatest in the Universe—which We must obey! Which everything thruout the entire Universe, every human being, must obey!

Why do you think the Great Cosmos came forth? Because in the culmination of the ages in releasing mankind from the apex of human discord and viciousness, mankind had to have Assistance direct from the Source of Its Intelligence and Energy acting here upon this earth—but without your calls, without your determination, without your loyalty and firmness, He would never have come.

I wish all your Great Groups here to realize what a part you played in this during the past eight months. You began this great determination—many of you were not aware of it—two months before the Messengers were here at Christmas time; but since that time, the determination, the loyalty, the staunchness which has gone forth from a majority of the students has been magnificent. We witnessed it with Heart-throbs and with Joy; for when you realize the hundreds of thousands of years in which We have waited for this, you should know what it means to Us, and what it should mean to you.

You who have thought that your capacity of service was so small, my dear ones, I say in your Great Groups here, as you enter into these Decrees in a great body of a thousand, three thousand or five thousand people, then you are rendering that Service five thousand times your own capacity. Will you not see that? It is a thousand times your own capacity when you are joyful, ready, and willing to join, in the great student body and issue these Decrees. This is not idle talk. When you join with a group of people, according to the number there are, are you acting to that number beyond your own individual capacity, for each one lifts the other.

This is why I cannot yet understand, how any human being who is sane, could come into the magnificent sincerity of these Great Groups, with treachery and deceit in his or her feeling world. I fail utterly to understand it. How can any human being come into this Great Body of Students here, and not see the loyalty of those hearts when they hear them sing these songs, and issue those Decrees with the Power and

Authority of Life? I do not see how they remain to feel treachery and deceit within their hearts.

You are dealing with the Greatest Law in the Universe, dear ones, and please don't fail to see it! I rejoice with you to-night, in all these magnificent achievements of the past two months. It is so far beyond anything, that has been drawn to your attention. It is so far beyond what the average human being could comprehend. You do not fully grasp all that is being done in the dissolving of these conditions and forces which have been the great pressure upon mankind.

If anyone of you sat down in a chair and let someone step behind you and every time you wanted to get up, that one would put his or her hands on your shoulders and hold you down, you would get just a little bit of an idea of what I mean to-night, in the pressure of mankind's own creation being removed from them. It is so much less, so much less.

To-night, I want to correct the wonderment in a great many minds, when the statement was made in San Diego, that the entities from Southern California had been removed! We mean just that! Where do you consider your Southern California begins? I do not think you quite realize what your Tehachapi mountains mean to you. Why do you suppose some months ago, a few individuals saw out upon your desert a Great Pillar of Light and within It, a Great Being? That was Real, and It came very close to the dividing line between Southern and Northern California. This city could more quickly than you believe to-night, become the out-picturing of its name.

If I seem to speak just a little in riddles, read between the lines. I want you to think! I want you to feel thru your Great Presence! Beloved students, let Me prompt you on one thing, please. If there is something, you do not quite understand, please do not begin to revolve it in your thought. Simply say: "Mighty I AM Presence" put that on the shelf, and when my vibratory action comes to a certain point, I will understand it clearly." It would save you from going into all kinds of feelings and questionings about some point of the Great Law.

Dear ones, if you did but one thing and held to it with great firmness and intensity and just said to your "Mighty I AM Presence": "Fill me with Your Perfection! Make me Yourself in action at all times," you could not help but attain Perfection! You could not forget that, but I tell you, beloved ones, when some point of the Law comes up, you begin to

revolve and question it; and the first thing you know, you get fluttering away somewhere and you have lost your centralized focus of Power. Don't do it, please!

If you will all take the determination: "'Mighty I AM Presence' reveal that which you wish Me to do," and be unyielding in it, how could you fail to have it? I wish you to understand, to-night, you cannot fail to have the answer to your every call; but It is Life acting and Life will not withhold one single thing from you as soon as you become harmonious enough, so that you are not revolving doubt of the Great Power of Life, as It flows forth to bring you Its Blessing.

But I say to you again with all My Heart: If there be deceit and treachery in your being, pluck it out, as if it were a poisonous serpent. You cannot attain your Freedom with those qualities! You cannot do it! You would say to Me perhaps: "must I always tell the Truth to all mankind?" Not if it is concerning your personal affairs. Just be frank and say: "I do not choose to answer your question."

My dear ones, what does the social world mean? What does the friendship of an individual mean, if that one is being treacherous and deceitful? There is no such thing as that in friendship. You must be strong enough, to say to one making inquiry regarding that which is not any of that one's affairs, in order to silence it: "I won't inform you."

How mankind have bound themselves by the false social thing of the outer world because of such treachery and deceit! They smile in your face and stab you in the back as soon as your back is turned. That is the treachery and deceit in the social world which is now considered an art. It is a very darkly colored art.

You have never seen the Messengers pretend to be what they are not and you never will! They are just as humble to-day, as when they started to carry This Light; but they are dynamic to human viciousness and discord. Well it is and so should you be.

I say to you, beloved ones, you are living under a Law that was unknown to this earth ten years ago. You are being given Assistance, you could not estimate. That is why the greatest blessings in the world are being prepared for those beloved ones who have been and remain so loyal to the Light. Now only will you have your Victory in every way; but you will leave when your Ascension is attained—that Almighty Raising, Cleansing, Purifying Power which is indescribable.

I say to you, for your satisfaction and comfort, beloved

students: it does not matter in the slightest, how your so-called passing might come about, for your Ascension under the New Dispensation. All that preparation is going on hourly now. As long as you remain loyal and harmonious to the Great Light, the Great Law and these beloved Messengers, that Speed and Power of Action will go on; and there is no human being nor all on this earth, who can interfere with that preparation for your Ascension which is every hour going on, waking or sleeping for while you are quiet many times, the greatest work goes on in the achievement of your Freedom. Then, you are not revolving human opinions in your mind or brain and its structure is quiet. The feeling world is quiet. Then, the Higher Mental Body will go on, with Its Mighty preparation.

I say to you, please still yourselves and listen while I repeat these Words. Every hour, to every sincere individual, is the Activity of the Higher Mental Body going on raising, raising, raising the vibratory action, drawing into the etheric body the Light Substance, as the Great Wisdom of that Life Stream may require. The great preparation is going on.

Oh, my dear ones, if you were to entertain a great Royal Guest—if one of the Ascended Masters were to come forth in the Tangible Body to sit at a Banquet Table with you—would you not do the utmost in cleansing and purifying yourselves in preparation for that event? Oh, my dear ones, is this not a thousand times more wonderful, than to be the guests of an Ascended Masters in the Tangible Body because this is your Freedom forever? Oh my dear ones, FEEL It as never before! This is your Freedom forever! Free from the wheel of birth and rebirth!

Of course many of them do not understand, but if the people of this earth would use the word "re-embodiment" instead of re-incarnation, it would be a very great blessing. That word "re-incarnation" does not quite fulfill the need but re-embodiment is the Truth of Life! for you come again, again, and again, in bodies similar to these, but this time, you can be Free forever. If you think I am not telling you the Truth, then you are missing a great great opportunity. We have never told you anything else, but the Truth and never shall; but you must decide, for It is the Truth to every one who accepts Our Words as the Truth. You are the authority in your world, except where great viciousness is expressed; then you are no longer authority in your world—that time has passed!

When you see the vast changes taking place everywhere and that most frightful of conditions—the communistic element—about to be removed from your earth, from your America, what a magnificent thing! That has brought in its train such grief, such heart-aches to the motherhood and fatherhood of America; brought such devastating forces into your schools and universities. It is soon to be forever removed! How grateful mankind on earth and you who understand should be; and what an encouragement it should be, that you see this thing being done before your very eyes can mankind ask for greater proof of the Ascended Masters and the Cosmic Beings of Light and Life than that? No miracle performed for an individual, no matter how great, would be more magnificent than that evidence which you see taking place and now the Light **MUST** come in your government and world of industry today.

Have you not been calling for Ascended Master Friends to be raised up everywhere? Do you think that call can go on unanswered? Not at all. Can any one of your calls go unanswered? Never! but sometimes in receiving the answer to your call, you forget to consider the Wisdom of your Life, which is acting to bring the answer of that call to you.

I remind you once again of the reason why every human being, who understands This Law, should know that his or her calls hold within them the Power of the answer. Since it is the lesser Life in you calling to the Greater, how could anything stand between your call and the answer? Impossible! If you see that, you will never fail to have the answer to your calls and quickly.

Therefore, as you see and understand these vital points, you will see and feel with the fulness of the Power of that Light which makes the call, the fulfilling of the answer. These very simple things are so vital to all; and remember, the farther you go in this Great Law and Its application, the more simplified It becomes.

In talking with your Beloved Saint Germain a few days ago, I said to Him: "Saint Germain, why did You give such a vast scope of application"? He said instantly: "Because of the very very great variation in the vibratory action of individuals upon earth. One will comprehend one presentation, and one another," and in the vast number of Decrees which have been given you, It was an attempt to fit all cases. After awhile, soon perhaps, you will find that those Decrees will come down to a few vital ones.

Did you ever notice, that for a time, you will use a certain Decree with great enthusiasm? Then that wanes and you take up another and you get the same enthusiasm! Then, was the Wisdom not great in giving you an abundant supply? Some struggle greatly, trying to utilize all. That might be a simile to Jonah trying to swallow the whale and yet beloved ones, how magnificent it has been. How wonderful it has been to watch your progress and the Expansion of your Light.

Oh, my dear ones, did your Life Stream permit Me to draw the Cosmic Screen here to-night, and show you just a few of your activities, you would all readily see what a magnificent thing it has been. This Law is Real, my dear ones. The Expansion of your Light is Real. Oh, just because all the problems in the outer world have not vanished, what has that to do with your progress and the Expansion of your Light? This is what will happen. One day, when the Expansion of that Light is great enough, all these problems will have disappeared and you will look around to see where they have gone. I would not look the second time. You will notice that once will be sufficient.

How many times, Oh beloved ones, how many times—mankind have looked around and hunted up something they did not want. It is only too true, and do you know that the *most* subtle way, you begin to search for what you do not want, is the revolving of discordant thoughts and feelings, in your mind and in your feeling world? When you do that, you have just started on your search for further limitations.

We are trying to put all of this in its great simplicity to-night, so you may more fully comprehend all that this means to you, and the Great Reality of this Great Light. Remember your precious, precious Messengers are no longer permitted to battle for the students. They will continue to make their calls for you and your Victory of the Light but you must take the reins, make your dynamic calls and you will find more and more of the results coming forth.

I say to all these people who within the past, thought they were endangering This Great Light or Its progress by turning aside from It, how foolish! As if this Great Light depended upon a few human beings! Anyone who wants to turn aside from This Great Light is quite free to do it. If human beings want to go on and build the tragedies of Life for themselves, they are free to do so and now they must choose!

May I endeavor to try to have you feel to-night, that one who has not contacted This Great and Mighty Law of the

"I AM," is in a wholly different position from one who has contacted It? Shall I bring to your attention two reasons tonight, why some individuals find it a struggle, when they come into this Great Light?

In the first place, their own human creation wants to hold them bound and it will try to throw every obstruction in their way unless they are very positive and firm. Then, it will have no power to do it.

Now the second reason is, that individuals who have not known This Great Law, and many who have, have great accumulation of discord in their Life Streams; and when they touch This Light, it is for the purpose of bringing that forth to be dissolved and consumed from their Life Streams, which gives them their Freedom. If they will not do as your Beloved Saint Germain and the Messengers have asked and call the Presence to use the Violet Consuming Flame with great intensity, they will have a struggle to keep the past creation from coming into the outer expression and releasing the discord which has been generated within their Life Streams. Would it be any wonder, if they met difficulties?

My dear people, you have got to do this purifying some day, somewhere. It is no longer a matter of choice! If you want to be Free, you have got to apply This Law, you have got to call the Violet Consuming Flame into action to keep dissolved every discordant thing which comes forth, because come forth it will! It has got to come forth to be dissolved and consumed! Do not be frightened about it! Rejoice that it *is* coming forth to be dissolved and consumed. If you will use the Violet Consuming Flame, as directed, it will never find outer expression in a single instance.

I say to you, my dear ones, steadily and surely, there is coming the clearness in your comprehension—the definite assurance within your feeling, of your Victory, of the Power and Authority of your application. Hold fast to It.

May I offer this suggestion in behalf of these beloved Messengers? Please do not write long letters! One page is quite sufficient. If you ask for assistance, please do not enumerate your troubles by the page! You are making a written record of that from which, you are asking them to release you. How can you expect it, if you are going to make a record of what your distress is? Just say to the Messengers, you need assistance! The Higher Mental Body of yourself, as well as theirs, knows quite well what is required. You would hardly be able to advise that; but mankind so love to talk about their

difficulties and to write about them little realizing what that is doing and how more and more, it is binding the problem upon them tighter.

May I offer another suggestion, beloved students? To your friends who do not know much yet about This Great Light, I would suggest that you not ask them to write the Messengers for assistance. Call their attention to the books. Tell them the first requirement is for them to study and learn to apply This Law, before they ask for assistance. Then, when the Messengers give the assistance, they are not wasting time and energy. If a person asks for healing and is not interested in This Great Law, that one really does not want the healing.

Now remember, beloved ones, if one wants to be healed that one must love This Light! They cannot be healed and then go out and spread discord concerning This Law. Many have done that! It is not permitted in the future! People must study these books, because they want to grasp This Law and apply It because they want their Freedom! Then they will have It with great results.

The Messenger has had many letters from those who know nothing about This Great Light, whose attention has been called to It thru the radio or otherwise; but those individuals must understand that they must comply with the Great Law of Life, their own Life, if they wish to be healed. To ask the Messenger to perform some miracle for them, just to let them go on and have no interest in the Great Light which produces their Freedom, would be tragic indeed.

Again I say, beloved mankind is dealing with a Mighty Definite Law of Life and no one escapes! That is why, to-night, I trust that I have made clearer to you the simplicity of This Great Light and Its imperative demands upon mankind! Oh, no one is an exception! If someone wishes to ridicule This Great Light, well that one will just impose upon himself or herself great limitations and privation. If they want to do that, should you interfere?

Don't think, my dear ones, that it is up to you to drag somebody back who wants to go away from This Light. Make the call earnestly and sincerely to their Higher Mental Body, then leave them in the hands of that, but don't try to argue with people. Do you know what it does when you try too much? It is well to make one trial to plead with individuals to have them see; but if you go beyond that, dear ones, they take that as an encouragement and it makes them more fierce and vicious than ever because they think they are getting

you irritated and perhaps they will change you too. These are Great Laws which are your Freedom. Can you afford to fail, to allow them to act, to give you Their Blessing?

Dear ones, if you saw within the Activity of the gathering Power which the Messengers are continually calling about them, you would see that which would astound you! Your precious Lotus, hour after hour, after hour, serves and serves, and serves to provide for you and bring to your attention these great and vital points of these Great Laws—thru the Transcriptions and in all the ways in which It is coming forth to mankind. Think of it, beloved ones, the magnificent service which she is rendering. Then, to think that anyone should feel unkind to her for a single instant!

I thank you, beloved ones here to-night, for this Almighty Response to My Call and the vibratory action which I have sent out to bless you. It will remain forever, beloved ones! No matter what you may do in the future, still will that remain, to one day wrap you in Its Blessing and bring you home again!

In the outer world, when you have travelled abroad in other nations, where conditions are different than yours, then after a month or two or three, you start to return home, is it not a happy time? You travellers of the world, I ask you, is it not a moment of rejoicing? Even with all the beauty and Perfection which you have seen, still the thought of home brings rejoicing. Yet the Home here in the Octave of Light to which you are going now, is the Greatest in the entire Universe! It is the Home of Eternal Freedom in a form of Eternal Light, Beauty and Perfection, where all substance obeys your command instantly. Such is your Goal, beloved ones! Oh, the foolishness of mankind who do not believe that! Let them go on in their chains and you go on in your Freedom of that Great Light.

Once again I say to you, remember that your call to Life, is the lesser part of Itself calling to the Greater and there is naught stands between your call and its Answer here. It would be impossible. See that! Then go forward in the Almighty Victory, Power and Freedom of your Application of Life—the Eternal Blessing of Life enfolding you to-night in Its Infinite almighty Power and Glory, in Its Courage, Strength, Happiness and Joy which will stand forever a Beacon Light to you; drawing you on as the Mightiest Magnet in the Universe—the End of that Glory, that Goal, your Freedom and Ascension in this embodiment! I thank you.
