

· BEHOLD THE LIGHT ·

BEHOLD the Light, Oh, mankind of the world!

Behold the Scroll of all Life now unfurled!

Behold appear all Great Beings of Light!

Behold sweep thru earth Their Rays of God's Might!
Behold thru the air Lights' Legions sweep on!

Behold Their Mandate: "Earth's night, now be gone!"
Behold Their Flame clothe the earth and the sky!

Behold all the Power, They draw from on high!
Behold Those Who lead—the Great Shining Ones!

Behold Those Who come from the Great Cosmic Suns!
Behold from Their Hearts pour out Their Great Rays!

Behold all Their Voices singing Light's Praise!
Behold the Great Word—"I AM," in the sky!

Behold every hand raised to Them now on high!
Behold every knee surrendering bows!

Behold every voice accepting Life's vows!
Behold the Light answer all who implore!

Behold open wide, the Great Cosmic Door!
Behold all the Light—"I AM"—mankind's Hope!

Behold in a flash, comes the One Mighty Stroke!
Behold the earth tremble! then all else is still!

Behold evermore mankind do God's Will!
Behold all destruction recoil and then cease!

Behold in command the Goddess of Peace!
Behold! Behold! all the Power of Light!

Behold Light's Great Action, Victory and Might!
Behold all the earth becomes as the Sun!

Behold in the Light, "I AM"—the Great ONE!
