

# DESCRIPTION OF THE CHART

The Picture of the "Mighty I AM Presence" as illustrated in this Chart, is the Focus which mankind have required thruout the centuries, in order to hold the True Pattern for each one's own Reality before the vision, that thru the attention, Its Power could be drawn forth in Its Fulness. Then, the human accumulation of discord can be dissolved and consumed from everyone's Life-stream, for that is the only reason why everyone does not see his or her own "Mighty I AM Presence" with the physical sight,

any time the attention is turned to It or the call goes up for help.

The Mighty Light Rays pouring out from the Electronic Body (the Upper Figure in the Chart) are the Outpouring of that Divine Love which transcends every human concept, and which opens the Door to all the Perfection which is within Its Heart. That Door not only opens to us all the Perfection which is within the Heart of our own "Mighty I AM Presence," but also all the Perfection from the Ascended Masters' Octave and the Great Central Sun. It also opens the Door to

all the Perfection which pours forth from the Heart of Every Ascended Master who ever existed in this Universe.

Those Light Rays are the Irresistible Power of the Light from the Great Central Sun, the **ONLY PLACE** from which Light can come forth into any part of the Universe. That is the way and means by which the whole Universe came forth and is constantly sustained. Those Light Rays are the Power by which all substance and energy is drawn up into the **ASCENDED MASTERS' PERFECTION**—which is the **ONLY PREDESTINATION THERE IS**.

In **UNVEILED MYSTERIES**, the statement is made, that all your faculties are elastic! Our Beloved Master, Saint Germain and all the Ascended Ones have reminded us again and again, of our Power of the Attention, the Vision and the **FEELING** or Power of Qualification.

We call to the "Mighty I AM Presence" and Higher Mental Bodies of all who read or hear these words and to the Ascended Masters, to charge these words with such Blazing Ascended Master Illumination, Directing Intelligence and Discrimination, that you cannot help but get the Full Ascended Master Understanding and Consciousness which is the **FEELING** of all they contain and never forget them in all eternity.

We call Saint Germain and Mighty Mercury to charge you with Their Power of Concentration, Crystal Clear Comprehension and Keen Alertness, so you will understand and remember all this means to you; apply it and **FEEL** your close connection with Them and the Release of Their Power thru you, to fulfill your Decrees instantly.

The faculties of the intellect **ARE** elastic! Observe! You can hold your attention upon a problem here in this physical world, and the very next second, you can

place it upon the Physical Sun, the Great Central Sun, any planet, sun or star in space. You can also place your attention upon any Ascended Master or Cosmic Being in the Octave of Light!

Remember, when your attention is on your problem, the energy and qualities of the problem are being drawn right back into you constantly! That means into your flesh and your FEELING world; for if the problem seems serious, it causes worry and a disturbed feeling within you. The moment you think about your problem, all the feeling and energy in your body and world is in a tension, showing the qualities of your problem are absorbed thru your feeling, into the flesh structure of your body.

The moment you take your attention off your problem, place it on our Physical Sun, and begin to think about the Perfect Focus and intense concentration of Electronic Force which It holds, you begin to realize how ALL-POWERFUL MUST BE THE GREAT DIRECTING INTELLIGENCE WHICH CAN CONCENTRATE SO MUCH ENERGY INTO ONE PLACE, hold It in Its orbit, direct Its Rays to the various planets of our system, sustain It thru millions of years, hold It suspended in interstellar space, supply It with Intelligent direction and make It obey the Great Cosmic Law of Vibration and Magnetic Attraction.

When your attention is on the Sun, you are contemplating the Perfection which is there, what a Magnificent Intelligence created It, what Wisdom sustains It and what tremendous Blessings It pours constantly to you and me and all mankind; for without Its Rays of Light on this physical earth, no physical body could live here. Thru the ELASTIC POWER OF YOUR ATTENTION, you can connect with the energy of the Sun millions of miles away.

While you are thinking of It, the energy of the Physical Sun is flowing into you, filling you with Its Qualities, Its Intelligence, Its Marvels, Its Blessings, Its Consciousness and Its Power—ALL OF WHICH ARE WHOLLY DIVINE, ETERNAL AND EVER-EXPANDING!

Any instant, you can turn your attention from the distress of your problem, to contemplating the Perfection of the SUN! The moment you look there, the feeling of distress about your problem is gone; because you are absorbing Qualities from the Physical Sun into yourself. The Qualities, Intelligence, and Greater Action of Life which are there cannot help but draw forth from you, Love, gratitude, worship and adoration to that Magnificent Intelligence, Power and Consciousness of Life and Whose Substance and Energy you are privileged to use.

Thru your attention at any instant, your feelings can be charged, either with the qualities of your problem or the Qualities of the Infinite Intelligence which governs interstellar space and the Great Manifestations within it; your attention draws to you instantly either the Mighty Gifts, Illumination, Sustaining Power, Peace, Happiness and Love that are within the Light of the SUN and other Heavenly Bodies; or the limitations of this physical world which is so full of conditions people do NOT want.

If you can think of the Physical Sun, you can think of the Great Central Sun, or of every Great Being in the Universe. You can think anywhere in Infinite Space and draw forth the Qualities and Powers of Life which are there.

In contemplating that Great Magnificent Activity of Life, your feelings and world expand. They become saturated with the Qualities and Powers which are there; and all those Mighty Manifestations are Infinitely greater than you and this tiny physical world on which we live.

When you know that your attention is elastic, you can understand how you can reach into the Infinite and draw forth all Its Gifts and Powers into action in the finite. Then you can have all the Power of the Infinite flowing thru you, when you hold your attention upon that Power long enough to let It flood you and your world.

Mankind are limited because they have held their attention fastened to the limited. They can become Unlimited the moment they hold the attention CONTINUOUSLY on the Unlimited and fasten it there.

The more you think about war and its insane vicious destruction, the more of it will there be in this world and your individual world. If you hate those who have created it, you are only adding energy to keep it sustained longer, because all war is sustained by hate. However, you have the capacity to fasten your attention to the Infinite Power of Light; and release Its Overwhelming Action into this physical world to stop all that is not Perfection, if you will make the call using the Great Creative Word "I AM," in the Authority and Power of the Ascended Master Consciousness, instead of the human acceptance of limitation.

You cannot master the problems of the finite by more of its limitations! You cannot master your problem by holding your attention upon another problem, just as destructive and trying to fight one problem with another. By the time you get thru, you will have three problems for every one you try to solve; and that is what is the matter with the whole world today! Every time the people try to solve one problem by anything but the call to the "Mighty I AM Presence" and the Ascended Masters, they create many in the place of the one, because they are not using Intelligence which is greater than the problems they are trying to solve.

If a problem is vicious here in this physical world, there

is only one thing which will change it and that is to fasten your attention to the Presence and Power of Light which dissolves all unlike Itself. That is why it is necessary for the individual to issue these Mighty Decrees for the annihilation of ALL human problems, whether they be individual, or of the state, the nation or the world. Everyone who has problems and wants to be free from them, must make the call for all mankind to be free also; because when we call for the release of enough Light to free the whole, the individual receives all that is required to free himself from pressure of the whole, which after all is the driving power that keeps crowding in more and more problems upon everyone at this particular time.

That is why it IS necessary to give Love and adoration to those Great Ascended Masters of Light who want to set you free; who want to set America free; who want to release all mankind from all viciousness forever! Can you release yourself from all the mass accumulation of all the viciousness of the centuries? You know you cannot! You know you cannot do it alone! The outer world cannot help you and does not, because it is not using consciousness above the problem.

When human beings of this world fail you, then turn completely to your own "Mighty I AM Presence" and the Great Host of Ascended Masters and say: "Mighty Beloved Ones! give me Legions and Legions of Angels, to compel the Freedom and Victory of Light everywhere! Bring Them into the physical octave and let Them do what mankind cannot"! That is what it means to have Ascended Master Friends of the Light! That is what it means to have the Power of the Ascended Masters fulfilling your calls! If mankind knew the full import of that Chart of the "Mighty I AM Presence," nothing on this earth could keep them from giving it first place

everywhere they stay; because It is a constant reminder of the Greatest Power and Presence in the Universe and from It, comes all that will ever be required by anyone on earth as long as the people of earth remain unascended.

Therefore, keep yourselves so constantly in connection with the FULL POWER of your Presence and the Ascended Masters, that the very intensity of Their Qualities, Energy, Substance and Power flowing in, thru and around you, will automatically dissolve your problems and sweep out all your distress, as you continue to keep your attention upon Their Power of Mastery.

Command in the Power and Authority of your "Mighty I AM Presence," the Great Host of Ascended Masters and All Beings of Light, and let Their Mighty Power of Light take out of the Universe every condition less than Their Perfection; removing its cause, effect, record and memory so it can never affect anybody or anything anywhere in creation again.

In order to be free, you must command as God commands; because you have to command substance and energy to determine how it is to be qualified, if it contacts you and your world! If you feel the problem is very great, keep right on calling those Great Ones to requalify it, until it yields and never stop until it does yield. There is only one failure and that is quitting. So STAND! FACE! AND CONQUER! BY THE "MIGHTY I AM PRESENCE" AND THE GREAT HOST OF ASCENDED MASTERS FOREVER!
