

# BELOVED JESUS' DISCOURSE

CHICAGO, ILLINOIS

APRIL 9, 1944

## EASTER SUNRISE SERVICE

Y BELOVED ONES of the Light, I greet you this morning in the Name of the Freedom and Light of the world! That Light from whence all proceed, unto which all must return and within which, all may abide when they love Me.

I have loved you, I have loved all mankind thruout many many centuries; and each time I bring with My Love, a Wave of the Substance of Light from My Octave. I have been building that thruout the centuries, since My Attainment of the Ascension. It is increasing hourly and since the world's attention is upon Me this morning, it is My Opportunity and My Great Joy to pour back to the earth, in, thru and around every Life Stream who thinks of Me, a Ray of Light from My Octave within which abides a Flame from My Heart! It is My Great Cosmic Privilege to clothe all mankind with the Flame of Love from My Heart; and I mean a Tangible Flame, when they love Me!

To those who call unto Me, I answer at once, for I want you this morning, if you have never done so before, to feel deeply with Me, that We are no farther apart than your thought and feeling decide to be. That rests with you how far apart we seem to be. I have come many times thru the centuries, to those who have given Me acceptance in Love, in Devotion, in Obedience. I can come to every human being on earth, just as easily as I can come to any particular individual.

Strange as it may seem to you, this is the only place where I have been invited today, to speak in My Tangible Presence, not visible to you perhaps, but tangible thru

My Feeling to you. It is the only place where I have been invited to speak My Love to you. Many are calling to Me, many are giving Me acknowledgment this morning; but none have asked Me to speak My Words, which are Cups of all that I can give from My Octave of Light.

I want you to feel deeply this morning, a tremendous privilege that is yours. Whenever you visualize My Luminous Presence enfolded in the Light or the color which you might require at the moment, around those to whom you wish to send assistance—that Image of Me is imprinted upon the Great Silence and flashes Its Light to Me instantly; for your thought of Me by holding My Image clearly, is a direct Focus into which at any moment, or continuously, if you will so decree it, there can flow from My Octave, the Power and Light and the Outpouring of whatever you require.

Would it amaze you to know that when you visualize My Likeness upon the forehead of an individual, that I can imprint My Likeness upon every atom of the atomic structure of that individual; and within that Image the Great Cosmic Law permits Me to pour everything that is required to assist Life to the same Perfection which “I AM.” When I say: “the Great Cosmic Law permits Me,” you surely know that all Ascended Masters and Cosmic Beings obey the Infinite Cosmic Law of Creation. There is no desire to do anything else. We are that Law; We are One with It, and therefore act in Perfect Accordance with that which releases Its Greatest Powers.

When you visualize My Luminous Presence, remember Me, for “I AM” within that Likeness! In My Ascended State, I can project a Light Ray to enfold every physical body on this earth; within that Light Ray, I can send forth a Flame of Love and Blessing from My Heart; and I am never intruding upon the free will of any part of Life either.

Since I have been called the "Prince of Peace," and since Peace is the Cosmic Law of Infinite Space, then "I AM" Peace to the earth! If you will use those words I spoke so long ago, you may have their Blessing; for in speaking to the waves, when I said: "Peace be still," PEACE was registered within every atom of that water element. You are privileged to issue that same command, if you like, to the whole world! If you will give that same command with Me, we can build a momentum of Cosmic Power, together with the Mighty Elohim of Peace; and speaking that same Command to the energy of all mankind and in the atmosphere, in the Name and Power of all Light, we can again say: "Peace be still."

Your opportunity is very great, when you call My Peace into outer action; and when you issue that command, REMEMBER ME and again hold the Luminous Presence of Myself, My Likeness wherever you wish that Peace to act! I will be there within that Luminous Presence, for there is no limit to the Love and Powers of Light which I can direct instantly to any point upon the earth, and anywhere in its atmosphere.

I wish you would always remember Me, as the Master Presence of Peace and ALL the Powers of Light. I am not and never was a man of sorrows. I wish that concept to be consumed. I AM Peace to the earth in the Cosmic Power of Light, which if mankind want Me enough, My Peace shall again take Its Dominion and reign supreme thruout the earth and its atmosphere; but Life expects those who want Peace, to use the Authority of their Life Streams to command Peace in My Name! I long ago said: "Ask the Father whatsoever ye will in My Name and I will give it to you." The "Father" I referred to then was My "Mighty I AM Presence" and the Great Central Sun.

Within My Name, as well as the Name of any Ascended Being, is the vibratory action of the Conscious-

ness of each One's Life Stream; and in the Ascended State that means the Ascended Masters' Consciousness and Cosmic Power to which that Being has attained.

I wonder if you quite realize what you do, when you visualize My Luminous Presence! When you hold that upon the forehead of an individual you are calling My Perfection, My Balance and My Authority of Light into action, to assist that Life Stream to the Perfection which is Its Destiny. If there be destructive impulses, the Light enters in and first of all stills them and later consumes them.

My Luminous Presence is one of the Actions of the "Crystal Cup" of Life! You have heard many times, the call of this Messenger for the Powers of the "Crystal Cup to flood you, your world and your loved ones. The Great Cosmic "Crystal Cup" contains all of Life's Powers and Secrets and blesses all Life for eternity. My Luminous Presence is one of the actions of the Light of My Life Stream, acting within the "Crystal Cup" of the Great Cosmic Scheme of creation.

You may have an individual "Crystal Cup" of My Light whenever you will! I feel the devotion and the gratitude in the hearts of each one of you and I say to you: remember Me often; for there is a Cosmic Moment over the next six weeks in which I may act with very much greater intensity and Power than has yet been revealed to the earth, outside perhaps of the moment of My Ascension.

The Cosmic Cycles of time have come again, again and again, and every time I always seek to work in cooperation with those Cycles. Over the next six weeks, there is a Release, an Out-pouring, of the Cosmic Light and since there are two Out-pourings to the earth with which I AM individually concerned, then the Cosmic Law will amplify greatly that which ordinarily has been given during this period of the year.

We are hoping before a great while to consume much in the atmosphere of earth, that prevents many who want My Light from really accepting My Presence. You would be amazed, if you could see the workings of some people's minds and feelings. In distress they want My Assistance, but they are not quite so sure about Me. They would like to think "I AM" Real and many of them in the feelings know that "I AM," but that human intellect! as soon as the feelings have become reasonably harmonized, the intellect again asserts its dictatorial non-sense; and tries to deny the possibility of My Tangible Presence in this physical world.

So, I say to you who have truly accepted Me, keep on with your calls; for the Cosmic Law demands a certain amount of calling from unascended beings, before manifestations beyond what occur in the general outer conditions of mankind, can be permitted to be the wedge of many more manifestations which are to come in the New Cycle; and which later on, will be as natural to all mankind as breathing.

Do not let any one sway you from visualizing the Luminous Presence of Myself, the Other Ascended Masters, the Cosmic Beings and also the Actions of the Sacred Fire and the Light of God that Never Fails, the Great Cosmic Light! It would be well, if you keep qualifying the atmosphere of this planet with the Cosmic Light Substance to the point of saturation. You know when a sponge absorbs water and it has about all it can hold, it is a very easy matter to release that wherever you want it. Well, just so with the atmosphere of earth.

I think, if you will call to the Great Central Sun and the Great Beings who direct the atmospheric activity—the God of the Air and Beloved Aries, for the release of all the Cosmic Light required to saturate the atmosphere of earth, then that Cosmic Light can more quickly

stop the action of destructive forces, which have to utilize the atmospheric conditions, in order to fulfill some of their destructive plans.

I have enjoyed greatly your Out-pouring of music in recognition of Me and the Other Ascended Beings. May that go on and on, until you have such magnificence in your musical activity; until the Power of it is so great and the Light so tremendous; that like a Great Sun, It automatically draws all mankind into Its Heart and gives them everything required for their Peace and Victory in the Light!

In the Dispensation for which I called and which I trust in Its Fulness, will be released before a great while, there comes an Action of the Cosmic Light which has not been released before upon the earth. This Activity of the Cosmic Light to which I refer, will be a permanently established Power; therefore, holding the Cosmic Balance and Expanding Power of Light around all mankind who remain here in the future. It will give an impetus, or rather an added impetus to each one's natural forward movement, and the Cosmic Assistance thru that Cosmic Light, will make everything much easier for all who are constructive.

If you so desire, you may use My Luminous Presence and call for My Personal Ray and Cosmic Flame to be anchored into certain localities; into certain cities, or in any particular place within those cities! I am very happy, very grateful and will establish permanently an Out-pouring which will increase in those localities, if you desire to make the call.

You cannot yet quite realize how great is the Power that We can focus thru your mental picture of Ourselves, held either within or around yourselves, your loved ones, or wherever you choose to direct It. That is a Conscious Connection made from your Octave of Light into Ours, of your own free will, by an action of the

Power of sight; and therefore, it is an up-reaching from the physical octave to the Ascended Masters' Octave.

May I give you an illustration! It is as if you reached a Cup to Me, into My Octave, and I filled it with the Nectar of Life, the Liquid Light from My Octave and gave It back to you; only when you call to have My Luminous Presence established at any particular point, It becomes a Fountain thru which at all times My Light, My Substance, My Flame and My Love can flow into the person, place or condition; and the Action of the Sacred Fire, which I direct, can be called forth thru my Luminous Presence almost instantly.

There are Mighty Actions of the Sacred Fire and the Powers of Light, many of which mankind could use today with remarkable results. They would produce manifestations for which every Life Stream actually calls, but the intellect does not know it, because the call is thru the feeling in the heart. The heart of every human being desires these Greater Manifestations of Life's Freedom and Powers and Perfection of Light, which are within and come from Our Octave of Existence. Every Life Stream knows that Our Octave of Light is True and Real! There is an innate up-reaching thru the Flame of Love in the heart, when the discord becomes stilled enough around any individual; because the heart knows that Its home should be in the Realm of Happiness and Light.

My Luminous Presence has appeared before millions of mankind, and has produced healings, has set free and has produced miracles unnumbered. Strange to say, many of those whom I have helped have been again off guard, and still do not realize the demand of the Law of Life to work consciously for their own Ascension. They could accept other Assistance which I can give, beside just healing the body or solving some problem.

I am so grateful and so willing to give help! I never refuse, nor does any other Ascended Master ever refuse to answer every call; for We do so want mankind to be free. When I went to the effort of leaving the Etheric Record of My Ascension, it was to give assistance because of the necessity of holding mankind's attention to the Goal for which they came into physical embodiment. If they are to complete the Victory, their attention must go to the contemplation of the Ascension! There must be a full acceptance of It in both thought and feeling and then, there must be conscious effort made toward Its attainment.

Oh, the Great Ones, beside Myself, long so much for that hour, when We step thru and mankind's veil of ignorance, doubt and fear will be consumed for all time to come! We are awaiting that hour! Until that does take place, the Expansion of the Light goes on as rapidly as mankind can assimilate the added Power which they draw forth thru their calls; but when the hour strikes for Us to step thru, then the Cosmic Law will act to consume that which has been the veil, the human veil thru centuries past.

Because mankind are here in physical bodies gaining their experience in this world, is no reason why they should not have had visits from Us from time to time as consciously as they visit with each other; in order to assist their progress and show them something of what lies beyond this physical experience world. Because of the lower vibratory action of the mass of mankind's feelings, the Light could not be released beyond a certain point, beyond a certain intensity until the atomic structure is adjusted and released from some of its pressure of frightful discord. Then, the mind has an opportunity to get a glimpse of Life above and beyond this physical world. Then the desire thru the feeling to become like that is aroused.

Much preparation is being made at the Inner Level and Great Great Assistance is going forth constantly to the earth, thru the Ascensions of those who are passing out of the body thru war. While it takes some time to adjust their consciousness, after they are catapulted out of the body, yet as soon as that Adjustment does take place and the Power begins to come forth, they draw It into the activities of the outer world. It is a tremendously gratifying thing to see one Life Stream after another awakening into Our Octave; and then begin to reach out and wield the Cosmic Powers of the Universe, drawing them into action and turning back upon the earth THAT which will eventually assist it to be free completely from all war! Those who are attaining the Victory in this frightful struggle, knowing that they will be Eternally Free, almost never stop in their fierce relentless determination to remove that frightful condition from the earth forever.

If you think you are determined here, you should see some of them as soon as they are thoroughly adjusted to the use of the Greater Powers of Life in the Ascended Body! Their Joy knows no bounds and they are determined to help, as you have never seen individuals want to help before in the history of this earth.

It is a most amazing thing, but I want to explain it for the benefit of you all. When individuals are suddenly taken out of the body thru war, they cannot complete the Ascension on the instant, because of the sudden change. They step out in the Etheric Body and the work is done from there on. The Substance of their Light is drawn gradually into the Higher Mental Body with the Assistance of the Ascended Masters who are rendering that Service. The Higher Mental Body works with each one, until all that substance is drawn into Itself. Every destructive Etheric Record of those Life Streams, has to be consumed before the Ascension is completed. With

some whose Life is very great or whose Harmony has been great naturally until they entered the warring condition, it is a very much quicker victory and a shorter process of completing the Ascension; than with some of those who did not have quite so much momentum of harmoniously qualified energy.

I want you to feel that in the Out-pouring of My Love to the earth, I know naught except to give. I mean, I know no feeling of judgment of the individual, except to the point where I may give the Greatest Light and the Greatest Love to help in the most powerful way; to expand their own Light and hold protection, until they reach a point where they can hold the balance themselves by their own conscious application.

The calls of many who come to us must be given for this reason. Where the mass of mankind are calling to Us because of outer problems or distress, from the Inner Standpoint, there is always a Wave of Light which comes forth from each Life Stream into Our Octave, and that is a raising power to the whole. From each there comes a Wave of Light thru every call, and a desire in the feelings of the people for Our Help! Their attention coming to Us, draws Our Light back to them and that is always a raising process. While We never refuse to fulfill every call that is constructive—We are so glad to give every Assistance, yet the people must have conscious understanding of the Law of Life.

You have all been told: "With all Thy getting, get understanding," because only the conscious knowledge of the Law of each one's own Life can ever bring Mastery. You cannot have Mastery without Ascended Master Understanding of the Law of your own Existence, in Its relationship to the rest of the world and the Universe around it.

In that which I poured out many do accept Its Blessing. That which I offered and the acceptance of the

Light I released, have been like an Anchor thru the centuries, unto the time when Saint Germain brought forth this Instruction of the "I AM."

For the encouragement and Greater Assistance to many of you, I would remind you again to more frequently use My statement—"I AM" the Resurrection and the Life," of whatever you desire to use. Then, you give Me an opportunity when you use My Words, to charge thru that Statement, the Power which came forth on the morning of My Resurrection. In other words, It was the Action at that time of My Higher Mental Body completely reigning over all human limitations—I mean the outer physical experiences!

I was not limited, except as I chose to allow certain things to occur, in order to give the Example of that Action of the Cosmic Law, when I moved among mankind in the Higher Mental Body for forty days before My Ascension. That was a time wherein I could give tremendous Out-pouring of Light, as I moved among those with whom I had been in contact. I was anchoring the Substance of Light in, thru and around them which was their Sustaining Power and a great deal of their Protection in the years that followed. It was the finishing of my Glorious Association with them for the time being; for when the Ascension was completed, then the Higher Mental Body being drawn up into the Electronic Body, became the Full Action of the Flame or the Fire Element, as I now abide in the Ascended Masters' Octave of Light.

Now, there is a point, a time, in which every Life Stream can do a similar thing in your progress along the pathway of your Attainment. There comes a time when you have purified the physical structure enough and have gained control of the feeling world, when you can be almost completely freed from all human qualities; and yet, remain in a body whose atomic structure is raising

hourly into the Full Perfection of the Higher Mental Body. Many of you can have a similar experience, if you choose to render a service that way. At least, it can come to those thru whom the Higher Mental Body wishes to give that Assistance. While yet unascended, you may so purify and perfect these bodies in which you now abide, that almost the complete Powers of your Higher Mental Bodies will be released into your outer direction. Many will do that in the near future.

I do not mean just the immediate future, but not so far off; because that is an Activity which can be released thru many of you; to assist in the transition period, wherein many—who know This Law and have decided to give service to the Light as much as possible in the physical octave, will carry the Light forward, releasing more of Its Manifestations. It will be like so many new trees planted in a Garden for the Incoming Cycle.

Many of you will draw this Light from your Higher Mental Bodies Consciously; and call forth the manifestations that are to be sustained here permanently in the future; to bless and raise all Life, all Life Streams which come after you. We are hoping that this Assistance may be given to many. It will bring you very great joy, very great Freedom; and while yet unascended, you will wield Power in this manner and increase our conscious effort to the point, where you will gain very very great Power of Light. Then as the Ascension finally takes place, you will have a momentum of energy gathered from this octave which will immediately become Cosmic Power, when you complete the Victory.

As soon as this warring condition is removed from the earth, the Light as It takes Dominion in the outer world, will release very rapidly, many marvelous things; many marvelous manifestations of Itself, which have not been permitted on this earth since the end of the Second Golden Age. You may be a part of that, at least those

who choose to remain here, if you will purify these bodies and control the mental and emotional bodies so you are Absolute Master over your feeling world; because when you have a firm grip on that and nothing is able to disturb you, then these Manifestations can come forth thru your direction. They have to be drawn forth by unascended beings who know the Law and will give the obedience which enables protection to be maintained; until they have been accepted by the mass of mankind.

Just because We might remove war and its destructive conditions completely from the earth and with that a great deal of the discordant accumulation from every Life Stream; yet it does not mean that everyone's impulses have been completely changed from the human to the divine. They are not! When this Great Assistance is released into the outer, still the Cosmic Law demands that each Life Stream must make certain conscious effort also, before the Full Flow of these Cosmic Powers will sweep the earth and become the accepted daily action of the Incoming Cycle.

Do you know what you could do thru which I could give you great Assistance in the visualizing of My Luminous Presence? It would not only be holding My Luminous Presence before or enfolding the physical bodies of human beings; but you could draw forth My Luminous Presence as a permanent Out-pouring, to the Powers of Nature and to certain Activities of the Four Elements—which will enable Me to bless thru the Four Elements in a way, that ordinarily mankind does not recognize. The Beings of the Four Elements are of course always obedient to every Ascended Master; but at the call of unascended beings, I can so easily give to the Powers of Nature Assistance for any specific purpose just as well as not.

While the Lord the Maha Chohan is Authority over the manifestations of all Nature thruout the world; and

the Great Cosmic Being Virgo directs the whole Activity of the structure of the earth itself; yet the Ascended Masters at various points, can call into action, the Love and Blessing of Their Own Life Streams; to bring forth Assistance that will greatly speed up the Perfecting Action which is needed thruout the Forces of Nature. With your calls to Us, any of Us can establish permanent Assistance for your crops! I want to show you that all Blessing and all Power which changes destructive conditions into the Perfection of the Light, all that affects the Beings of the Elements, is done thru Love. The Beings of the Elements will respond to that Love even more quickly than mankind; because It was Their Natural State, until discord was imposed upon Them!

When I spoke to the waves and said: "Peace be still," I gave them My Love, which was Peace, is Peace and shall forever BE Peace! Do you see that when you speak to any Activity of energy, you can say to that which has been charged with a destructive rate of vibration: "Peace be still," and you shut it off? If something has set into motion a rate of vibration that is discordantly qualified, it flows on and on and on. When someone issues the command: "Peace be still," it stops that rate of vibration from traveling any farther. It stills the action. Then, you have prevented it producing its destructive results! It is just as if you had a pan of water and were rocking it and someone said: "stop that"! and you stopped it. The vibratory action would cease. That is what Our Love does to any situation.

I wonder, if you really realize what Power is in that command! When you say to any disturbing thing: "Peace be still," you are speaking to the rates of vibration in that energy and they are always subject to your Authority of Life. I trust I may impress this upon you this morning with all the Joy that is in My Heart and

all the Love that I want to give; so that when you use My Words, which are My Consciousness, they will pour forth My Power in addition to that which comes forth from your own Higher Mental Body, to still disturbing conditions!

Never place anything nor anybody before your own "I AM Presence"! That must always come first; but if you will use the Authority of your Presence to command discordant conditions to cease to be, and then, use My Words in that command, you have given Me the opportunity to join My Power in outer manifestation, with that which is flowing from your Presence into any condition! By that combined Authority thru your command, you change the conditions which have been disturbing into that which yields you Perfection.

Oh, that you would only speak many times to your own feelings when they seem to disturb you! If you would use My Words to anything that disturbs your thought or your feeling, then My Life and Power pour into you thru My Words! Just in the Authority of Your Presence, take command of that disturbance in yourself. Speak as your Presence would command it, and say to those feelings: "Peace be still." Then, turn your thought and feeling thru your call, to Me! I will flood forth the Love from My Heart and that is always My authority over all energy! You may be the Peace Producing Presence thru that call, if you will.

You must all some day learn to command the Forces of the Elements within your own atomic structure—within your minds, within your feelings, within even your etheric body. The destructive records you can command to be dissolved and be replaced by My Peace; for I have uncountable, indescribable Legions of Peace at My Command. I have Limitless Legions of the Angels of Peace

at My Command, as does every Ascended Master and Cosmic Being.

It is your calls for this Quality and this particular Action under your own authority, for which the Mighty Elohim of Peace, Myself and Others of the Ascended Ones, have waited for centuries; and which under the Action of the Cosmic Law, must come forth from you, before We can release Our Powers of Peace.

You all want Peace in your feelings, because when you don't have It, you are distinctly uncomfortable. You need Peace perhaps more than any other one thing I know of; because an impure condition is certainly not comfortable, and if you are to replace that by Peace, then Purity must come first. Peace and Purity are the two sides of the Scale in the Balance of Life. Freedom and Justice are the two sides of the Scale.

I want you to feel deeply the Power of the Elohim of Peace and My Peace! Call It into action! Use My Words; for have you not been told, that We are no farther apart than your thought and feeling; and if something disturbs your Peace, then you need My Peace, for remember My Love is My Peace! When you pour out Real True Divine Love, Ascended Master Love, you are at Peace! It makes you feel very much more at ease; so when you have not Peace, won't you call for It? It will establish the Balance in your feeling world which will produce Perfection.

Precious ones, Oh, beloved Ones of the Light! could you see the Angelic Host, the Angels of Peace! Beloved ones, They are indescribably beautiful and the Power of Their Peace—just the Radiation from the Angels of Peace, will bring you a joy that you can never describe in words. Their very beauty will bring you Peace and Their Love is so great! They are waiting in Legions, waiting for the hour, when They may flood the world

with Love so great, that every atom is held eternally at Peace; waiting thruout the centuries to give a Love that brings Eternal Peace.

The Mighty Elohim of Peace has at His Command such Magnificent Cosmic Beings as mankind has never gazed upon; and those Great Blessed Transcendent Beings are awaiting just mankind's attention to Them, in order to flood back that which will lift all out of this human creation and discord.

Whenever anything disturbs you, raise your head and turn your eyes to Those Great Beings—the Limitless Invincible Legions of Peace, who are waiting to give you Peace and Love, that none in this physical world can offer.

May I say something in regard to your personal conduct? Please do not allow yourselves to become fanatical about anything. May I remind the students again, for it is necessary as this good Messenger said not so long ago; please control your eyes. Don't close your eyes half way and roll them up! Please don't do these things in public! If you want to rest your eyes and look up, be sure you are alone. Please don't subject yourselves to criticism and ridicule, because that hurts This Activity. It prevents the Light coming, when the world needs every atom of Light that can be released now!

You have never seen your Beloved Godfré do these things. You have never seen Saint Germain do them! I don't do them! I ask you not to do them! Will you be so fine and so naturally at Peace, that the Higher Mental Body is always governing your outer activities; and you, just as easily as breathing, do the right thing which enables these Great Ones at all times, to release you at any moment's notice. Between two seconds, their Love can flow to give Assistance to others around you, so you may not even know what is going on.

Great Great Blessing can come to the Powers of Nature wherever you move, just by your Radiation when you have that Great Peaceful Feeling of Mastery and Self-control. Did you ever stop to realize that you cannot have Peace without Self-control? If you cannot control yourself, you cannot control the waves. If you cannot control the waves of vibratory action in your own energy which is a small portion of activity in your bodies, then you could not control the waves of the ocean or a lake which is just a greater quantity of energy.

So if you will speak to yourselves often My Words, I can come into you and bring the Love in My Heart unto you and give you My Peace! That is why I said to those to whom I came: "My Peace I leave with you! My Peace I give unto you—not as the world gives give I unto you." When I give you My Peace Beloved of the Light, I give you the Flame of Love from My Heart, which is Master over all energy! Therefore, My Love is My Peace and when you use My Words, They are the Flame of Love from My Heart.

Command often: "Peace be still," and it shall be so wherever you speak My Words, for there "I AM" in the Flame, in Action. "I AM" Peace to the world! "I AM" the Resurrection and the Life of all that is Peaceful and Perfect and of the Light!

Do you know what you could do for each other, for your loved ones or for those who might be ill? If you would use those two statements together—"I AM" the Resurrection and the Life of Peace that surpasseth the understanding of the mind within that loved one, and I say to everything that seeks to disturb: "Peace be still" forever, you would open the door for My Peace to enter in and set Free all to whom you direct it! If you would use My Words to give that acknowledgment in sustained action, then "I AM" with you forever.

"I AM" with you always, whenever you use My Words! "I AM" with you, whenever you turn your attention to Me, and "I AM" with you in the Visible Tangible Body, when the atmosphere has been cleared enough and the Cosmic Law says: "Step thru"! That time is coming! It is as Absolute as that the Sun is in the heavens, for the hour strikes when the Ascended Ones must step thru into the outer world!

To those who have stood with their faces to the Light, know that the Light is My Authority. Obedience enables It to give them all; and they will find that in the Light they desire and the Light they require, is the Visible Tangible Presence of the Ascended Host come thru! They come in the Light! They come to bring the Light, the Greater Light! They come to expand that Light and They are always the Pathway of Light!

You, the Beloved of the Light, are very dear to Us, and while this morning, the Radiation pouring forth is tremendously Powerful, yet the Love is so great! It is a Love and a Peace which is reigning today; which is pouring forth the Action of the Cosmic Powers of Love and Peace, that are moving in and abiding with you forever!

Go on with your purifying calls for they bring Peace that is unspeakable! My Peace and My Love you shall have without limit, whenever you call to Me! My Beloved Brother Saint Germain and My Beloved Brother Godfré are with Me always! There is no separation in Our Octave! There should be none between yours and Ours, and there will not be, when you have formed the habit of commanding every human thing in the Authority of your Presence and say to it: "Peace be still! 'I AM' releasing Thy Powers of Light! 'Peace be still', 'I AM' the Resurrection and the Life of that Light and Love that is all Peace."

The Cosmic Pressure of the Peace which "I AM" and which the Mighty Elohim of Peace pours out, is that which moving into the atmosphere of earth, can shut off everything mankind has generated of discord! When the Action of the Cosmic Law precedes that dissolving and consuming of human selfishness from the planet, then My Peace and that of the Mighty Legions of Peace, the Peace from the Heart of every Ascended Master and Cosmic Being of Light in this Universe, the Peace from the Seven Mighty Elohim floods in and abides forever!

Will you use the Peace I give? Will you feel that My Love is the Peace that all must have? May I say to you—problems may come and problems may go; mankind may come and mankind may go, but My Peace goes on forever! Won't you be My Peace to each other? Won't you give My Peace to all Life? Won't you use My Words in the Authority of My Life Stream and command every disturbing thing everywhere to be at Peace, until it is dissolved and consumed from the Universe?

If you will use My Luminous Presence and My Command for Peace, then you shall command and manifest what is contained within those words—"I AM" the Resurrection and the Life! "I AM" the Light, the Way and the Truth! "I AM" the Open Door that no man can shut! I might give you the fourth statement—"I AM" the Peace that passeth the Understanding of the mind.

Let Me in, when I knock and the Love in My Heart wants to give you My Peace which is Eternal! It may be yours here and now in this physical world, if you will let Me in, when I knock! I will bring you Peace and My Love shall lift all things from your pathway that are not My Peace!

Now ALL that the Great Central Sun and the Beings of Light pour forth and all that Life has given to My Life Stream, I give unto you! BE My Peace and expand It, until all have become the Light that is Eternal Peace!

All that has been given to Me, I give unto you! All that is Mine to give unto you, and "I AM" ALL PEACE! "I AM" ALL LOVE COME THRU TO YOU!

May I anchor within your beings and worlds, the Substance from My Octave and the Flame from My Heart, to make you the Perfection your hearts desire; for that is forever the requirement of Life, until you stand with Me in the Victory of the Ascension. Whether I come thru now or a short time later while you are yet in the unascended state, to give that which is the next Out-pouring of Assistance; or whether you come quickly into the Ascended State, know this: that I can only come to you, by the Authority of your thought and your feeling; and you can come to Me at any moment thru both.

Therefore, "I AM" with you always, and I will never leave you, My Beloved Blessed Ones of Peace and Love and Light Eternal!
