

# BELOVED QUAN YIN'S DISCOURSE

CHICAGO, ILLINOIS

JULY 22, 1944

Afternoon

BELOVED Ones of the Light, I come to bring you the Cosmic Flame of the Mercy of My Love; to blaze It around you that the shadows may flee at your approach! I bring the Cosmic Flame of Cosmic Mercy, that Great Action of the Fire Element which shall forever return all things to the Heart of God.

"I AM" the Cosmic Focus of Its Fire Action to the earth! "I AM" the Authority of Life over all human mistakes, and when you see Life from the Same Mighty Height of Attainment as We do, you too will know that the Mercy of Life, is the Greatest Power of Creation, because that Mercy and Love are ONE.

The Mightiest Out-pouring from the Great Cosmic Beings, is always qualified with Their Love and Mercy, which enables those of earth to turn away from the appearance of all that is less than the Perfection of their Source. Is it not a Great Mercy to Life, that Life provides a way and means of turning away from that which is not Its Perfection! Isn't Life merciful, when It extends to those who have dwelt so long in the shadows, a way and means to harmoniously re-adjust the Great Currents of Life's Energy, and establish the Balance that enables the Divine Plan to be fulfilled?

For long long centuries, I have poured just the Forgiving Love of My Mercy upon Life everywhere, whenever there was the slightest up-reaching or momentary call to God for Help; for I, answering, came back on that tiny Thread of Light with a Wave and a Flame of the Mercy of My Love, to expand their slightest call; and do now

whenever it is an up-reaching from those in this world to the Power of God for Assistance!

I shall explain to you how your calls come to Us in Those Great Octaves where the Light is so blazing, you in the human, could not gaze upon It—Light that contains within It such Magnificence, Beauty and Power of such Magnitude, that your intellect cannot comprehend It. Only as you see that Mighty Light and feel Its All-knowing Power, do you begin to comprehend what is within some of the Higher Magnificent Octaves of Life's Activities.

Many times, individuals who have so long rebelled against the correct use of Life's Gifts, in a moment of great distress, great agony of mind, body and feelings, have called out for Help; have called to God; and never once in All creation has a call ever been refused; or the answer failed to be released to those who called. Many calls have not received their answers, because the answers have not been accepted nor allowed to come into the situation; but the call has always been answered.

If individuals, turning from their discord and reaching to the Great Powers of Light for assistance, would only hold the attention there—in that call until the answer comes, they could be cut Free very rapidly; but many times, they become discouraged or the discord becomes so great, that the attention is held upon the distressing condition with such intensity, that when the Help is released, the attention being on something else, the help is not always accepted. Remember! the Presence ALWAYS GIVES and the Ascended Ones and the Cosmic Beings always give the Release of Light, when the call goes forth for Light!

Remember, there is no place on this planet where Light cannot go, when Light is called forth and the Heart turns to the Source of Creation and asks God for Help! Never once has Life ever failed to release that which is

called forth; but people do not always receive it nor accept it, because the surrounding discord is sometimes so great, that the Help is repelled before the individual will let it into the feeling world. It is Our Great Joy and Privilege to answer every call, so wherever the Light is trying to expand, more Light floods forth to assist in the Freedom of Life.

My dear ones, We are not concerned with people's mistakes! We are not concerned with whether one is worthy or unworthy of assistance. All Life is worthy to be set Free from human qualities and that is what I wish you to understand! Regardless of what the mistakes have been, Life is the Divinest Power in the Universe and the Only Power of Action there is! Life is worthy of being freed from all human qualities, because that Life is Eternal and the human qualities are not!

It is the Great Mercy of the Universe that brings forth the fine things of Beauty, of Perfection which reveal the Divine Plan in Its Mighty Perfection! The Divine Plan of Life contains no limitations! Therefore, that Divine Plan in action, is all Mercy, for It gives of Its Love and Its Beauty and Its Light, until the shadows of discord have been forever consumed! So the Mercy of Life, the Great Cosmic Flame of Cosmic Mercy, is really the giving of the Perfection from the Ascended Masters' Octave into all substance, all energy, into all conditions, into all Activities of Life, until that which is not the Divine Plan has ceased to manifest.

If people would only call in the Authority of their own Life Streams and in the Name of the "Mighty I AM Presence," for the Great Cosmic Flame of Cosmic Mercy to perfect the earth—if every human being would give that call, my dear ones, the shadows could not last longer! It would be impossible!

Harmony instead of discord is the Great Mercy of Life! Supply in the place of lack is the Great Mercy

of Life! Peace in place of distress is surely the Great Mercy of Life! You cannot live long without My Mercy! Remove Mercy from the earth and what have you? Only destruction! Yet very few call to Me! They want It for themselves, but My Great Forgiving Mercy they do not give to Life; hence they are bound so long in the shadows of their own creation.

The Call that went forth from this Messenger last night, went to the Heart of the Central Sun and will be heard there, until mankind is completely released. When a Life Stream bearing the Light, knowing the Power of the Great Creative Word, "I AM," makes that Call to the Heart Center of Creation, every Being of Light in the Universe hears that Call and every Being of Light in the Universe answers; for Mercy is the Law of Love and the Law of Light and Life everywhere!

After repeated centuries of wandering in their frightful destruction of human feelings, mankind goes on again, again and again building these conditions. My dear ones, mankind needs to know something about the Mercy of the Universe! Mankind needs Illumination of the intellect, in their worship of the Cosmic Laws of their existence to know the Divine Plan and purpose of their journey thru this world.

The Word "Mercy" is really from the word "mercie," meaning thank you. It is the call and the acceptance of the Light into conditions of darkness; and these days you don't hear much about the word Mercy, do you? Do you hear the term used very often? How often in your daily existence have you heard the word Mercy used, until This Activity came forth? The people have not used the word Mercy very much, and hence they do not have much Mercy in the outer world's activities.

If they want the Flame which "I AM" to the earth; if they want the Power and the Fineness of the Perfection which "I AM" at the Inner Levels of Creation, then

they must use the Word that is the "Cup" of My Qualities and the Focus of the Flame of Love from My Heart! If Mercy is not called forth, Mercy does not act in this world; and if those of you who are travelling the Pathway of Light, would like to have Mercy extended to you by the Cosmic Law of your own Existence, then I would use the word Mercy often and call It forth to bless all Life.

You cannot expect Mercy in Life's judgment of your creations past and present, unless you give It. You cannot expect It unless you offer It to all! Therefore, in the use of the Cosmic Flame of My Cosmic Mercy, the more you can use It for others, the greater can be the Mercy of the Cosmic Law to you! As you insist on Its Victory, Its Love and Freedom, Its Great Healing Power purifying the outer activities of mankind; as you command It to go forth, as a Living Flame and set Life Free everywhere; so can the Cosmic Law insist to the Beings of the Great Central Sun, on the Law of Forgiveness acting to consume your own mistakes and the Release of the Great Out-pouring of Their Love and Mercy to you!

In order to have a thing, you must give it first. That sounds like a paradox, but it is not. Unless you give some of your Life, your energy, thru the vibratory action of either thought, feeling or spoken word; unless you give to Life a pattern and a description of that which you want to see brought into outer manifestation, Life remains quiescent in the Octave above. Therefore, if you do not give your call for Mercy to be extended to the Life around you, Life has no Open Door thru which Its Mercy can act in your own individual affairs!

May I make very clear this afternoon, that Mercy is not an emotional silly fanatical release nor impulse of the feelings. Mercy contains Wisdom within It! Mercy is the conscious command of Wisdom and the Focus of Power, qualified with Cosmic Love that blazes Light

greater than the shadows of destruction! Therefore, in extending Mercy to others, don't allow an uncontrolled sudden emotional impulse to cause you to do things that are fanatical.

My Mercy thruout the centuries has been the giving of Love, Wisdom and Power in such Concentration of Light, that It dissolves the qualities which have been causing the distress of individuals. Mercy can be extended not only to individuals, but to the Beings of the Elements; and I would appreciate deeply, your calls for Mercy to the Forces of the Elements; so the impurities which mankind have imposed upon them, might be dissolved. That comes within My scope as well as that of the Mighty Being Virgo, the Lord the Maha Chohan and the Beings who direct the Forces of the Elements; because My Mercy extends to ALL Life everywhere.

My Mercy is a Flame of Love so Great and of such Cosmic Pressure that when It blazes, It stills everything and takes command for future action. Cosmic Mercy is the Mastery and the Authority of whatever Intensity of Light is required, to consume the blackness of hate and anger and the destructive feelings, which unfortunate mankind charges forth constantly into the atmosphere about them.

It was the Great Cosmic Mercy of the Cosmic Law that permitted the consuming of the war entity of the world, before America entered into this present war. If, in the Great Mercy of the Cosmic Law that could not have been done, what think you would have been the condition of your Beloved America this hour? So We needed a Great Out-pouring of Life and the Mighty Service rendered by the Cosmic Beings—your Beloved Saint Germain, the Goddess of Light, your Beloved Nada and Others of the Ascended Host, when that frightful accumulation over Europe was taken into the Great Circle of Blue Flame and consumed from the Universe.

When millions of people for century after century have hated each other, have released their resentment, their rebellion, their selfishness, have clung to their own ideas; and never let a glimpse of Light come thru, because of their hate of each other; what do you think that does to the atmosphere over those countries? What do you think that does to Life? Where do you think they stand before the Judgment of Life? If in the Great Mercy of the Cosmic Law, It has permitted the consuming of that, in order to hold the Protection of the Heart of the World, which America is, how much more should you be concerned about extending Mercy to all Life everywhere forever?

Mankind yet has no idea, when they send forth discordant thoughts and feelings or just express opinions, what they do to themselves and what they create around themselves. So, if you are to become a Cosmic Being of Great Power, if you are to wield greater Power for the Freedom and Victory of America, even before your Ascension; then the Cosmic Flame of My Cosmic Mercy is required in and around you, and should be extended to all Life everywhere you see struggle or limitation.

People of the western world do not know how to call into Me, except the "I AM" Student Body! For centuries, I have worked with the Mighty Goddess of Justice in the legal procedure of all nations, to try to bring Mercy and Justice in mankind's outer regulation of their daily affairs. With mankind in its present state, it is necessary that there be some regulation thru outer legal procedure, but it does not have to contain injustice; it does not need to be used for selfishness to injure Life!

Therefore, that which I have poured forth thru the centuries is a Consuming Activity; and I trust "I AM" not intruding on your Beloved Saint Germain's Domain when I say to you, My Mercy is Part of the Purifying Power over which He is the Authority to the earth! My

Mercy is Freedom and the Goddess of Justice and the Goddess of Purity are a very close personal Group of the Ascended Masters, Who thru many centuries, have tried to raise mankind out of their frightful degradation.

You have many things that are depraved enough, God knows in this land, but you do not know many of the things that My Beloved China has struggled under so many many centuries! The last thousand years especially, has China struggled under the frightful injustice of selfishness, not so much from within her own people, as that imposed upon her by other nations of the world. I shall not mention some conditions that have been imposed upon Life in the orient, particularly in China; but in the Great Mercy I have offered to the earth, I pour My Heart's Flame that I may minimize everywhere all that would be the greater pressure of discord upon Life.

When you become an Embodiment of Love, it becomes your Great Privilege to pour out your Love when you become an Ascended Master or Cosmic Being! When you become that Love, my dear ones, Mercy is the Law of your Being and Its Out-pouring is the Joy of your Heart! Therefore, you will not withhold It, "I AM" sure, even in the unascended state; for the more you call It forth before your Ascension, the Greater will be your Cosmic Power when that hour strikes and you take your Dominion in the Next Octave!

In calling for the Great Cosmic Flame of Cosmic Purity to act thru your bodies, as you do thru your Decrees and any of the outer world's activities, my dear ones, you render a double Service to Life! When you call for the Purifying of your bodies and for your world to be released from your human creation, you are also releasing the Forces of the Elements from the discord you have imposed upon Them and which others have imposed upon Them! Your Service is two-fold! Whenever you

purify anything and you gain the Release from the distress of your own world, you give a Release to the Forces of the Elements! Its action is really three-fold, because then it allows a Greater Expansion of your own Light to go forth and bless the rest of the Universe around you; and that means an increase of the Momentum of your own Light which is accumulating for your Freedom.

There must come, my dear ones, a Great Call for the Cosmic Flame of Cosmic Mercy, to increase Its Action thruout the earth at this time; in order to prevent some of the frightful destruction that those forces want to release, from gaining further headway in the outer. When your call goes to the Heart Center of Creation for the Cosmic Flame of Cosmic Mercy to cover the earth, it gives the Authority from This Octave to the Great Cosmic Beings thru which They shut off the action and plans of destructive forces.

Had you ever thought that in extending Mercy to Life and calling for the Release of the world, it will release the earth from the hate of all mankind? That would be one Action of My Cosmic Flame of Cosmic Mercy, to release the entire planet from the pressure of the accumulation of mankind's hate and anger; for all those other qualities are but forms of hate, even mild dislike as your Saint Germain told you.

You are able if you wish to be, to command yourselves Free! Were you Free from all pressure of your own dislikes, My Mercy would have a very much greater expansion thru the "I AM" Student Body. We do not expect you to like discord nor destruction, but you do not need to add to it the pressure of your feeling of battle against it; for if you do, you tie yourselves to it; when with your calls to Us and by the use of the Fire Element, there can come into the outer world's action, the Flame that cuts the earth Free. Cosmic Mercy to the earth thru the consuming of hatred, will do much to prevent

destructive forces from fulfilling their plans completely as they desire!

My dear ones, I shall only touch lightly upon it, then turn your attention from it and I ask you not to contemplate it; but were you for one fraction of a second allowed to gaze upon the Compound and what is there, you would spend the rest of eternity, or at least until the earth was cleansed, in calling forth the Cosmic Flame of Cosmic Mercy, to consume all that causes any such quality to be imposed upon Life and Its Energy.

Mercy to each other is one thing; Mercy to a Nation is another; and Mercy to the earth is still another; but the greatest Mercy of all, is that which continues to call for the Freedom of all Life from all human qualities forever! All of that is held within the atmosphere of earth, for it is never allowed to go outside of this Octave. No discord from this world can enter into the atmosphere of any other planet! Therefore, all is bound within the atmosphere of earth! The more unascended beings call for the Cosmic Flame of Cosmic Mercy, to burn away all human qualities and quickly let the Light of this world expand and illumine your atmosphere, the quicker can the earth be freed from all war.

These calls must come from unascended beings, because they have been part of the creation of the discord of this planet. This is the reason many of Us have remained in the atmosphere of earth and have not taken Our Cosmic Freedom in Its Fulness, to go deep into the Heart of the Great Silence, when the need was so great in the lower atmosphere of earth.

When you have gazed century after century upon the conditions of the outer world and upon the Compound; and you know there are many of those you have loved still caught within such a frightful condition, you will not wonder that I took My stand centuries ago, when I said: "I would not enter Complete Freedom—I would

not enter Heaven, until there were no more in hell.” There is a reason why “I AM” Cosmic Mercy to this earth! When you see the cause and effect of all things, you will not condemn, you will not judge, you will not battle, you will not criticize any part of Life! You will call the Cosmic Flame of Mercy to stop the action of that which is binding and destroying those you love! In that way, your Love becomes Forgiveness to all Life! That is the Cosmic Mercy which removes the human and one day, allows each Life Stream to fulfill the Divine Plan to produce the Beauty and Perfection which was originally intended.

When you see and feel the Love and Gratitude from those you have been privileged to rescue and take out of the torture of the shadows, you will not want to be anything but the Cosmic Flame of Cosmic Mercy to all Life! When you feel their Gratitude surging to you, long after Their Ascension, and They pour Their continual Love, you will not want to send forth anything but the Cosmic Flame of Cosmic Mercy, which sets Life Free from the frightful distress of human viciousness.

Let Me remind you, as I said in the beginning, that My Cosmic Flame of Cosmic Mercy has nothing to do with fanatical sympathy or uncontrolled impulsive action. The Greatest Mercy in this Universe to vicious forces, is to drive and bind their viciousness back into them, until you stop its expansion first; then in the Great Mercy of Life, you begin the pouring of the Violet Consuming Flame and the Cosmic Flame of Cosmic Love upon it, until those qualities are no more.

My Cosmic Flame of Cosmic Mercy is a Mighty Positive Force and contains nothing in It of uncontrolled emotional impulse. It is Love, Wisdom and Power in Perfect Balance and is the Mastery of that Great Power of Love which uses all qualities in Absolute Balance; but when you deal with viciously qualified energy, murder-

ously charged energy, my dear ones, you cannot be sympathetic and wishy-washy in the feeling! You must call for the stopping of its action until it is leashed, driven back to its cause and dissolving that cause from the Universe, command it to be no more!

There is a Cosmic Authority in the Cosmic Flame of Cosmic Mercy, that vicious forces understand quite well, and they know they cannot reach! When they have been leashed and been held bound and finally comprehend, that they can no longer expand their viciousness and that Life will no longer give energy with which to expand it; then they look into themselves and the stubbornness begins to break! They begin to comprehend that there is a Power in the Universe Greater than themselves and their conceit; from then on, Illumination is possible.

Hatred is a frightful thing to behold, my precious ones, in its concentrated action; and the more you see it, the more you want Mercy to take its place. So, govern your emotional impulses! BE the Balance of all things that My Mercy in Its Cosmic Action and Its Cosmic Flame may act; then I can direct My Entire Energy and Substance, charged with the Flame of Mercy to the earth and release it from that which is of human creation.

It is the Great Mercy of Life, to gently take an individual by the hand and turn their attention away from viciousness and into the Light; to show them the Light again, again and again! It surely is the Action of Cosmic Love beyond all words to describe! Saint Germain has provided you, my beloved ones, with the Way and Means of pointing all mankind to the Heights to raise them out of all their distress!

This "I AM" Activity should be in every Nation on the planet; should be in every corner of the earth! People are starving for It and there are millions who will take It up yet; and the Greatest Mercy ever extended to this

earth, is your Beloved Saint Germain's Gift of the Violet Consuming Flame and the Cosmic Understanding of the Great Creative Word, "I AM"! Do you wonder, I abide beside Him and His Precious Goddess of Justice? Do you wonder the Goddess of Purity is My Companion in My Service of Mercy to the earth? Do you wonder the Beloved Nada, the Beloved Mary, the Beloved Meta and I govern the Healing Action of the Nations of the world? We pour the Great Flame of Love, Mercy and Purity into all human distress; but the ignorance of mankind is so great and their hatred is so frightful, than even when We pour the Flame, they do not always let It in!

If you will call from the physical octave, you being the authority in this octave, and demand Our Flame of Purity, Love and Mercy to be established in Permanent Authority, so shall It be established unto you! So shall there come into outer manifestation, these Cosmic Flames planted for Eternity wherever you call them forth; for the Law of Our Octave does not permit Us to intrude into yours; but with your calls of your own Free Will and the command for the descent of Our Flame to be established permanently in various channels, We shall be happy and grateful to fulfill your calls and establish mankind's Complete Release!

I would request, today, that you make the call for the Permanent Establishment of these Flames which We direct, to be brought into everything concerned with the medical profession thruout the earth; for they are the channels to whom mankind look for outer assistance, and selfishness must die within those avenues, if mankind is to survive.

I shall say another thing, this afternoon, that might surprise you, for do you know there is tremendous Illumination in Mercy? Do you know, that My Cosmic Flame of Cosmic Mercy lets the Light come thru you and to those who expand It to other parts of Life? The

medical profession certainly needs My Illumination and Mercy! They need the Violet Consuming Flame from your Beloved Saint Germain to take out the selfishness; and if you will decree, We will answer.

You have done marvelously well, but there are some special things, that are required to handle the aftermath of a world war. Call forth the complete annihilation of all human selfishness in all channels! Replace that by Our Cosmic Flame of Cosmic Mercy and Love to the earth; Our Cosmic Flame of Cosmic Mercy and Purity to the earth, and you will see many changes that will delight you greatly!

The Life of this world has struggled so long, supporting mankind and receiving in return only filth, disaster and destruction! The earth Itself is a Being, my beloved ones, and these things have gone on against Life for centuries. Now, I come to give you an Explanation of the Inner Action of the Law! As you co-operate with Me and the Others who minister with Me, and release these Cosmic Actions of the Sacred Fire, the cleansing of the earth will be a more rapid process; and mankind will feel the Greater Release and much greater Perfection can come in sooner than otherwise would be.

We, as a rule, do not ask you for things or assistance, but I am going to ask for something today, for I feel your hearts really want to give it. I ask you to call forth Cosmic Mercy to be expanded to My Beloved China and Blessed India, as well as the Americas! Not that We do not want It for the rest of the world, We do; but those countries represent Certain Out-pourings to the earth, which must be guarded and give their Blessings to America; but their Blessing should come to America with the Power of Light and Love, as the answer and the Release which your calls will bring. If the call for their Freedom, their Blessing and Protection comes forth from the Amer-

ican people, then will the return Blessings be very great to your Nation.

We ask you to make the same call for all Nations, as far as that is concerned; but the Three Americas, India and China have a Special Service to the rest of the world and their destiny travels side by side, unto the accomplishment and Fulfillment of that Divine Plan.

May I also make this request? It seems I am asking much this afternoon, but if so you will be the beneficiaries. I would ask that you send up your daily call for the Cosmic Flame of Cosmic Mercy's Power, to be expanded to the Incoming Children of this Nation! Those Precious Life Streams, some of them of such magnificent Light, have to come thru the conditions which are in the atmosphere of a world war. It will give you something to handle my dear ones, if the call is not made and Cosmic Assistance given from the Inner standpoint, before those children become full grown. Mothers, who for ten to twenty years, have smoked and drank liquor, are providing the bodies for these children to come thru; and it is a frightful thing, for the Life Stream to have to come thru that substance; just trusting that perhaps somebody will be kind enough, to let it grow up and fulfill its destiny.

If this "I AM" Activity were spread thruout the world with your "I AM" Schools in every city, town and hamlet on the planet, those blessed ones could be taken in early childhood, taught where the "I AM Presence" is, and how to undo the damage that has been imposed upon those Life Streams! That would be well indeed. May Our Great Cosmic Love and Cosmic Mercy release everyone from all opposition to this coming about as soon as possible. May the Greatest Expansion of Saint Germain's "I AM Activity" come forth thruout the world without any opposition from those, to whom it is the Greatest Blessing.

There is not a reason in the Universe why anyone should oppose Saint Germain's "I AM Activity" or Its Expansion, and anything that seeks to limit It is to be wiped out! (applause—audience rising) Thank you precious ones! We offer that to Beloved Saint Germain, for the Complete Release of the people of the world, from all that is not His Freedom and Victory of the Light. Won't you be seated?

My beloved ones, these books should be in the hands of every human being on earth! Those songs should be sung by every voice on the planet! That music should be heard by every human being, and anything which limits that, should now be dissolved by the Cosmic Flame of My Cosmic Mercy, My Cosmic Love to Life which I bear to the earth!

The Divinest Gifts on the planet, the Greatest Gift that can be given—the Freedom of a world, rests on the Expansion of your "I AM Activities" of the Saint Germain Press and Foundation; and no human being nor all together have a right to shut that Light away from mankind! Therefore, I shall see in the Great Mercy of Life, which "I AM," that the Flame burns away that which wants to limit Life and prevent His Words going to bless all.

In the Cosmic Commands of Creation; in the Cosmic Dispensations that have been given—and more can be obtained, there shall come forth the expanding Power of My Love, the expanding Mercy and the Spinning Violet Consuming Flame from your Beloved Saint Germain; to envelop the earth and expand Mercy to the world, until His Words are made manifest in the Ascension for all!

Cosmic Mercy is a Dynamic Force which it is My Privilege to wield and direct at your call; and My Cosmic Love for the Freedom of all Life, is greater than the mistakes of all. I said centuries ago, centuries ago: "I would not enter Heaven until there are no more in hell," and

I meant it! I mean it still; and I know that in you, I have God's co-workers thru your conscious calls to release mankind from that which is not of God. (applause—audience rising) Thank you, precious ones! Make your calls for the Freedom of My People, and I will show you the Love and the honesty of their hearts. I will show you the Light in India that mankind has never seen in the western world! Make your calls for the Freedom of Life and love It as I do; and you shall know what Life can extend to you in Its Forgiving Love to dissolve all your mistakes. Thank you, beloved ones, won't you be seated?

Our Love and Mercy together with your conscious command for Its Expansion, can be released to cover the earth; and It is Power Greater than all the human creation that has ever taken place on this planet or ever will! So, as We call into outer action these Mighty Cosmic Flames, each one a Special Quality of Life; when they unite in outer action thru a Nation, at the conscious call of Love from the Hearts of its people—at least those who know this Law, Life thruout Infinity, sings Its Song of Praise and Gratitude, that earth is soon to be Free from all that is not Love's Mercy.

Live for the Expansion of this Light! Pour the Cosmic Flame of Cosmic Mercy from your hearts! Remember, there is no substitute for Love, for Light, for Kindness, nor for Mercy; and as you pour those Divine Qualities forth and give without reservation, so shall Life show you what Great Mercy is within the Ascended Masters' Octave and within the Flame in the Heart of your own "I AM Presence"! Extend your Love and your Mercy to the Incoming Children; to the younger generation; and especially those younger ones in the National Defense! They need your and Our Help, Oh so greatly! Have no opinions! Just go on with your calls and Our Love and Our Mercy will be great enough, to undo all that is not of the Light!

I could show you in Our Realms of Beauty and Perfection such Refinement, such Exquisite Magnificence in Our Temples of Light and Love and Mercy, that you would want all here to be that same Great Perfection NOW! Once you get a glimpse of that Out-pouring from Our Octave, you will never be content until this world is that Perfection too. That is the Mercy which "I AM" to the earth!

Life is a Trust to you from the Great Central Sun! Love It! Protect It! Illumine all things by the Mighty Love from Our Cosmic Octaves of Activity; and rest not, until all have been raised into Our Octave!

I have a Temple of Mercy and the Beauty I have there and the Power which has been gathered, is the Activity of many many centuries of My Service to Life, and My Continual Outpouring of Love, Forgiveness and Mercy to this world; because one I loved centuries ago, became entangled in the shadows and I will never stop, until that Life Stream is Free and as Happy and Perfect as the Central Sun! That is Our Loyalty to Life! That is Cosmic Mercy to the earth! That is Real Cosmic Love! May you become Its Cosmic Out-pouring to the earth! May you BE Its Freedom to all! May you blaze My Cosmic Flame and have the answer instantly to your every call!

My Love and My Mercy are ONE! May the Mantle of that Substance from My Octave which makes you the Great Cosmic Flame of Cosmic Mercy to all that is of Life, blaze around you Its Dazzling Cosmic Power; and draw to you consciously and at will from My Great Temple of Mercy, Everything My Heart can give; until not one particle of Life on this earth is held in human qualities for any reason.

One whom I loved must be Free, and My Cosmic Flame of Cosmic Mercy shall govern the earth until that is attained! Purify those bodies, be merciful to the Forces

of the Elements and We will draw the Healing Powers thru you, to enable you to be and do all your hearts desire in the release of Our Healing Action, which is required and will be required in America, then thruout the world; for with ENOUGH LOVE AND ENOUGH MERCY, We can heal the world! Mercy to the earth is the release of even the conditions in the Compound from existence; and the Freedom of those Life Streams! They must be purified and raised into the Octave of Light, for that is the Command and Fulfillment of the Great Divine Plan!

May I flood you with the Love that makes you love all Life, even as I do! May you know just Our Cosmic Love, the Cosmic Flame of Cosmic Love's Perfection; and BE all that Cosmic Mercy of Love's Protection, until We meet again, for I shall come and visit you again.

Thank you for being here! Thank you for your Love of the Light! Thank you for your calls for the Freedom of Life! Now, let Us turn on Its Great Cosmic Expansion of Cosmic Mercy! and bring in the Happiness which is Saint Germain's Blessing of the Incoming Golden Age, and His Freedom and Victory to Life everywhere.

With all the Love and Mercy at My Command, I call to the Great Central Sun for My Flame to enfold you and those Great Dispensations be given NOW! May They be the Expansion of Cosmic Mercy to you which releases you from every limitation, every problem, every human struggle and quality! May you be the Fulness of My Cosmic Flame of Cosmic Mercy to the whole earth and set it FREE forever!

Call Me, for I will come and together, We shall blaze the Flame of Cosmic Mercy, until ALL are in the Octave of Light.

Thank you!
