

# BELOVED DIANA, GODDESS OF FIRE'S, DISCOURSE

CHICAGO, ILLINOIS

JUNE 25, 1944

Evening

**B**ELOVED Blessed People of the Light! To you, who have stood so faithfully in this room night after night for months past, I come tonight, to offer the Radiance of My Love; to offer the Flame of My Life Stream; to assist you in doing that which needs to be done for America and to co-operate with your Beloved Saint Germain.

I come from Great Heights of the Mighty Action of the Sacred Fire, which brings to earth Its Healing and Its Freeing Action. It comes so gently and yet It is so powerfully charged with the Power of the Great Great Silence!

There are many Activities of the Flame, My Beloved Ones, of which you do not know, because the Fire Element is the Limitless Treasure-house of Life! From within the Fire comes forth everything Absolutely Pure! There is no such thing as an impurity in the Power of the Sacred Fire! Even the physical flames of your physical world—so-called physical, are Pure. I say to you, physical fire is a Great Gift of the Flame of Life and within Itself there is no impurity! There is impurity in the substance that is placed within the fire, but the Fire Element, my Beloved Ones, will consume everything that is not the Eternal Purity of the Universe; and the Fire Element which I direct, carries with It the Power of the Great Great Silence!

"I AM" concerned principally with that Cosmic Flame of Cosmic Love in Its Mighty Healing Action; the Healing which comes in the Flame clothed in the Cosmic Silence. With It there comes such Peace, such ease, such

relaxation! That is what We wish to bring to wounded humanity!

Mankind because of their unfortunate lack of attention to the "I AM Presence," has drawn about themselves this condition of the outer world. Argument has not changed them! Intellectual explanation has helped some, but I say to you, the Most Powerful Healing Activities, outside of Instantaneous Manifestations, come in the Silence, in the use of the Fire Element—the Sacred Fire and Healing Power of Cosmic Love! That Healing Flame can change all things in every one's feeling world, as gently as a summer breeze, and yet as dynamically ALL-powerful as a Mighty Bolt of Lightning.

When you combine the Power or Pressure of the Great Silence with the Cosmic Healing Flame of Cosmic Love, my dear ones, you are entering into the Heart of God's Mightiest Activity! In the Silence, We can accomplish many things which can never be accomplished any other way! There are some activities of human creation that will never yield to anything except the Power of the Great Silence! There are some activities which will never yield to anything but that Cosmic Flame of Healing Love!

Nearly every one has tried many many ways of healing. They have all been only partially successful, but I say to you, there is nothing which can withstand the Power and the Pressure of the Great Silence! When the Flame goes forth from Our Octave, whether It be from Our Hearts, Hands or Our Foreheads; when the Great Flames from Our Life Streams go forth, that Fire Element is projected instantly where We wish to direct It! Then the Power of the Great Silence moves in with It, and forms a concentrated Pressure around It. The Power of the Great Silence intensifies that Cosmic Pressure, until It drives that Flame thru everything on the planet; everything that is of human creation.

Just as you have never found a substitute for Love, the Great Cosmic Love of the Universe; just as you will never find a substitute for kindness; just so do I say to you tonight, you will never find a substitute for the Power of the Great Silence or that Cosmic Healing Flame of Cosmic Love! With It, there comes always a Gentle Illumination of the mind; for Our Illumination can come thru the Silence into the feelings and become a part of an individual, before the intellect is ready to accept the explanation.

Strange it is, that the human intellect is so filled with various outer activities; but the feeling world, once it becomes clothed in the Power and Pressure of the Great Silence, can absorb in a flash, the complete comprehension of a condition thru that Cosmic Flame of Love! The intellect will never understand anything completely, until the Flame in the heart and the Flame in the forehead have become ONE.

Why do you suppose I have been called the Goddess of Fire? Because this Fire Element to which We refer, must be drawn forth and concentrated by some Ascended Master or Cosmic Being, under the direction of the Cosmic Law, for any definite manifestation to take place. It has been My Great Privilege thruout the centuries to draw that Great Healing Flame of Cosmic Love for the relief of all Life! After all, impurities can only be burned away by the Fire Element. While your Beloved Saint Germain's Cosmic Action of the Violet Flame, is expanding thruout the earth, and being established permanently to purify all, We can add to that this Great Healing Flame of Cosmic Love.

Your Precious Saint Germain, in His Gift of Himself and His Healing Power to the earth, thruout the centuries has established a Mighty Pathway which has cut thru the blackness of human mistakes and creation. He has blazed as it were, a Pathway of Flame that purifies

everywhere It goes. It is Our Great Joy and Great Privilege, after the cleansing has taken place, to rebuild, re-establish, the Perfection which was once manifest; the Perfection that is always within the Divine Plan.

In the restoration of the body to a condition of Perfection, the building of the cellular structure, is but a matter of clothing every particle of substance of Light that is drawn thru that body, with the Cosmic Flame of Cosmic Love. In the Love that is given thru that Flame, there goes and glows a tiny particle of Itself which is the Gift from the Being's Life Stream, who is sending forth the healing Power, into the condition that needs healing.

To heal in Reality is a giving of the Flame of Love from the Life of the one who is the channel for that healing, into the condition which is to be healed and yet, Life is so generous with Its Mighty Out-pouring. Since Life is so ready to pour out everything of Beauty and Divine Healing Power, then It will not withhold from you, the Mighty Healing Power, for which you are calling in order to assist others.

What do you think would be the Blessing of the world, if you were to draw the Healing Power of My Cosmic Flame of Cosmic Love to the Degree, that when you said: "I AM' the Law of Forgiveness and Consuming Flame of all inharmonious action," and you stood still calling My Flame to take the place of all that was not Perfection; that you were able to give Part of your Life, Part of the Flame from your Heart to become the Permanent Perfection of healing for others or the condition! Is that not what Life has offered you from the Great Octaves of the Ascended Masters?

Have They not said to you: "We offer you the Love from Our Hearts"? That is the Flame of Their Life Streams! They have given Their Life, Its Substance and Particles of Its Fire to you and anchored that in your being and world. It is as if you planted a growing plant,

a tiny one and it began to expand to the Fulfillment of your Divine Plan of Beauty and Perfection. Then, when you desire to heal others, it means the giving of Part of the Fire Element—the Cosmic Flame of Cosmic Love from your Life Stream into a condition or into an individual and let It expand, until Its Perfection fills the body.

This Gift of the Cosmic Flame of your own Life Stream, my beloved ones, is the Perfection of the Cosmic Plan of your Life. That has nothing to do with human personality! That Flame of Healing Love which you give comes from the Heart of your Higher Mental Body; for It is willing to give without limit to perfect the Universe around you! So, it is as if you stood within the Higher Mental Body and called forth Its Cosmic Flame of Healing Love into persons, places, conditions and things! It is as if there poured around you constantly at your call, a Continuous Stream just like Oceans of that Flame going to Its destination and concentrating there until the atomic structure yielded to Perfection.

“I AM” intensely concerned with the Healing Power which is to be drawn forth thru both your “I AM” Music and your “I AM” Decrees for the assistance of the rest of the world; because there is moving into outer action, much Cosmic Assistance along lines of healing to raise mankind out of the clutches of destructive forces which have almost engulfed them in those channels.

Just as the Mighty Oromasis, by His Use of the Blue Flame which radiates forth from Himself, could walk thru this room and purify the atmosphere instantly by that Flame around Himself, so it is My Great Happiness and Great Power of Life to walk thru wherever there is distress and spread My Healing Flame of Cosmic Love! I just let It pour and move thru, leaving Perfection where I have found imperfection. It is as easy as that, when you know that the Full Power of the Sacred Fire, IS the Master Authority over every manifestation in this

world. That is not just an intellectual concept, that is a Deep Deep Feeling! It is a Tremendous Pressure of that Feeling within you, which you sometimes call a conviction. It is the FEELING, the Absolute Certain Feeling within you, that when you command that Flame to pass thru substance, every cell in the body rejoices, that it is being held within the Eternal Perfection of the Universe.

My precious ones, in the Healing Activities that go on in a great city like this, if you would call My Cosmic Healing Flame of Love around every hospital; around every place where people needed healing; there could be anchored a Steady Ceaseless Out-pouring of the Cosmic Flame of Healing Love from Our Octave of Light and from the Great Temples of Light and Healing. There could be established a Permanent Out-pouring to keep that Flame in ceaseless action, just as the blades of that electrical fan are in continual service, so long as the current flows thru. Just so, could these Mighty Flames flow forth from the Healing Temples of the Sacred Fire from Our Octave. That could be established in, thru and around every hospital, every school and everywhere that you would call it forth; and as easily as water flows over Niagara Falls, could that and would that Flame of Healing Love, pour forth without cessation thru all the atomic structures of all who entered those places.

You may build that, my precious ones, thru the "I AM" Music; thru your "I AM" Music Temples! Any time you choose to give your time and help thru your "I AM" Music, you may remember this picture if you will; know that the "I AM" Music you send forth, whether it be in thought, in song or instrumental is qualified with the Great Cosmic Healing Flame of Cosmic Love, Cosmic Silence and Cosmic Power of the Silence! It could surge forth continually just like a Mighty Surge of Flame that pours forth like an Ocean in, thru and

around a condition; until that continual passing of the Fire Element thru the atomic structure of those who entered, would compel the release of all distress from their bodies and their minds.

Is it not Love that builds the Universe, builds the planet? Is it not Love from your Lord the Maha Chohan, that brings forth the Gifts of Nature? Then is it not the Love from the Ascended Masters' Octave that would pour forth to heal you when you call? There is a difference, my beloved ones, between just your call for these Activities for yourself or your loved ones, and that which gives acknowledgment to the Cosmic Flame of Healing Love!

When you call forth the Cosmic Action of anything, you are applying to Life, as it were, for a Greater Proportion of the Action of the Fire Element than is required for the individual. When you call forth the Cosmic Flame of Healing Love into a condition, a building, an individual or a city, you are directly requesting from Life, the Action and Gathered Momentum of Cosmic Power drawn by the Ascended Masters and Cosmic Beings thru long centuries of Their Application. In other words, when you want to heal a group of people, a city or a Nation, the call must be that which is of Cosmic Power! You must draw forth enough Pressure and Cosmic Action to take care of that which affects a large group of people!

Individual calls for yourselves, your families or your affairs is one thing, but when you want to call forth assistance for a city, a Nation or all mankind, then there must come into action in addition to your own individual Out-pouring, the Cosmic Action of the Sacred Fire! For instance, you make a call to your own "Mighty I AM Presence" and the Ascended Ones for Assistance to some individual or condition; but suppose you wanted to stop an epidemic; suppose you were calling for that which affected the Nation, you not only would need Greater

Pressure of the Flame or the Energy or the Light drawn forth; but you would have to connect thru your call, with the Cosmic Beings who direct the whole group of people affected.

Just as there is a Presence—your own Individual “I AM Presence” directing your Life Stream, so there is an “I AM Presence” directing each city, each Nation and the various Group Activities thruout the world! Your own Electronic Body, your “Mighty I AM Presence” can draw Cosmic Flame and Power into outer action, the same as the Ascended Masters and Cosmic Beings! Ordinarily, when your calls go to your “I AM Presence” and the Ascended Ones, your Higher Mental Body draws forth the amount of Assistance necessary to correct the condition! Those Masters to whom you call, clothe your Individual Out-pourings in Their Mighty Life Streams’ Love, Power and Perfection; but when you call for Assistance for a whole city or a great group of people, you not only call to the Great Ones Who are controlling directly the destiny of that group under the Action of the Cosmic Law; but you are calling thru your own “Mighty I AM Presence” Cosmic Activities of Creation; because ordinarily your Electronic Body is busy drawing the Cosmic Powers of your Life Stream into outer action at Cosmic Levels of Creation. Therefore, it would be concerned with that which affects a great group of people, the same as the Ascended Masters or Group Who definitely were the Authority over that Activity.

That is why, it means so much more to call forth the Cosmic Action of these various Powers of the Sacred Fire and the Cosmic Light to which your attention has been called. It means so much more, than when you are just dealing with the individual’s Life Stream.

It is necessary that you get this very clearly in your minds. You, from the physical side, make the call to your “I AM Presence,” but when the Flame starts to surge

into a condition, your own Electronic Body focuses and draws that; and the Cosmic Beings Who are Authority over the condition, draw Their Great Momentum of Aeons of time, into concentrated Action with the Cosmic Power of your own Life Stream. That is why your Beloved Saint Germain said to you, with the average person's Life Stream, only ten percent of It is being used by the individual's outer personal self.

All of these Great Cosmic Powers abide at the Inner Levels of Life and therein is focused the Cosmic Action of the Sacred Fire. You may have as little of that as you choose or as much; but it takes your conscious call for Its Cosmic Action, if you are to have the Great Concentration of Power that is required to assist the mass.

This is the thing that is required in your military camps. That which will assist those Life Streams, where there are so many gathered together, must come under the Action of the Cosmic Law! That is what We have all referred to from time to time! The Cosmic Action of the Law is that which affects many people at one time! Your individual action to affect them constructively, is drawn forth from your own "Mighty I AM Presence" and your Higher Mental Body! Your Life Stream becomes ONE with the Cosmic Law, when you understand in the call for the Cosmic Flame of any particular Quality to go forth, your "Mighty I AM Presence" draws It forth in Cosmic Action! Then, the Ascended Masters and Cosmic Beings release Their Manifestation and Amplification. That is Their Power accumulated thruout the centuries.

This is what America needs tonight! This is what you will need in the coming conventions and the coming election; to affect all the people of the Nation and thru this Nation the world. There must be a Release of the Power of the Cosmic Fire, which is drawn forth from the Electronic Body of every individual in America, and

the world as far as that is concerned. The Amplification of that, is by the Cosmic Power which has accumulated thruout the centuries, under the Direction of these Great Cosmic Beings and Powers of the Sacred Fire, being added to It.

Just so the Seven Kumaras, Who came from Venus centuries ago, thousands and thousands of years ago, poured forth the Power of the Flame of Love from Their Own Hearts; and that Substance and Action held the Balance on the constructive side for the mankind of this world. They gave and poured the Flame of Love from Their Hearts into the Life Streams of the mankind of this world; and you will not know until your Ascension, how much of that Substance, how much of Their Sacred Fire there is within your own Life Stream, which has kept burned away a certain proportion of your discord, enough to enable you to come to this point. That is what I refer to as the Great Healing Flame of Cosmic Love, for that is the Love which affects a great mass of people or all mankind at the same time.

This is what We have waited so long to explain to you all; but We had to bring you to a point where a certain amount of the accumulation could be cut away, and the mind illumined to a certain intensity, before the Tremendous Meaning of this could be shown you. That is why, my precious ones, none can live unto themselves alone! If These Great Cosmic Beings have lived in this System of Worlds to give you Their Love thru the centuries past, to help your Life Stream fulfill Its Divine Plan; then will you become awakened to Their Action of the Law? Then, will you call your "Mighty I AM Presence's" Cosmic Flame into outer action, to give Freedom and Help to others as Those Great Ones gave It to you?

The Greatest Joy in this Universe, my dear ones, at least in this world, is to draw forth the Power of the

Flame of your own Life Stream; and by that Power of the Sacred Fire, compel every human imperfection to be consumed and replaced by Cosmic Perfection, forever expanded, Eternally, Invincibly Protected.

In whatever Cosmic Manifestation you call forth, It always carried with It, Automatic Protection, since It affects the mass of people; automatic this far, that in the use of the Fire Element, It holds certain Protection around them, until individuals themselves, make the call for that to become Eternal.

My beloved ones, will you realize deeply with Me tonight, what the Sacred Fire means and what the Fire Element of Life can do, at the conscious command of any individual who obeys the Light! Will you try to realize with Me, that the Sacred Fire is Life and the Only Sustaining Action of everything constructive in this Universe. If you were to withdraw the Power of the Sacred Fire what would happen to your world? Complete disintegration! What would happen to your own body, if the Sacred Fire or Flame in your heart withdrew? Disintegration! Well then, the more the outer world becomes distressed with discord, the more they need your Cosmic Flame of Cosmic Love, to hold together that which is constructive; to protect it, until it grows Great Enough to be stronger than the discord around it.

The world today, needs your calls for this Cosmic Healing Flame of Cosmic Love. It is not only the bodies of the people that need healing; it is the mental and feeling world that needs purifying and balancing; and where the discordant substance has been consumed, it needs to be replaced by this Cosmic Flame of Healing Love, to be the Master thruout the centuries to come.

Do you not see that you, every one of you, in your calls to your "Mighty I AM Presence," can give this Healing Flame of Cosmic Love to every particle of Life wherever you move; and that has not a thing to do with

your outer personalities, except that you are to make the call, thru them?

Oh, my dear ones, as you remember to do this, and as you call to your own "I AM Presence" and the Ascended Masters, to open Their Hearts to you and reveal all the Powers and Perfection of the Sacred Fire; to tell you what that means to the earth; as you make that call, one thing after another will clear in your consciousness to the point, where your every call will be the Release of the Healing Flame of Cosmic Love, until all substance on this planet has been purified by that Flame as It passes thru, and is raised into the Beauty of Its Perfection.

Try this on your bodies, when distress seems to come. Command the Healing Flame of Cosmic Love to enter into and blaze thru and fill every cell with Purity and Perfection! This is very effective because, when you focus the Flame upon any condition, whether it be the discordant substance thruout the Nation, the physical body or the atmosphere of the outer world, you call forth the Action of the Sacred Fire! Then, you raise the vibratory rate of whatever that touches! Just the same as your physical fire raises water to the boiling point—where you can accomplish with it, what you cannot do unless it is boiling—just so, does this Inner Sacred Fire of the Healing Flame of Cosmic Love, enter into the substance or energy of any condition and raise the vibratory action, until all qualities are those of Perfection.

Is it not wonderful as I stated to you in the beginning, that there is no substitute for the Healing Flame of Cosmic Love. How could there be? These are Deep Deep Actions of Life, my beloved ones, and the Ascended Masters, have been the Custodians of this Knowledge for centuries; yet the outer world has been incapable of accepting and receiving this Deep Explanation of Life, because of their discordant feeling; hence they have gone on in their continued destruction.

Individuals do not need to stay in any condition of distress, when they will make themselves the Open Door for the Healing Flame of Cosmic Love to pass thru everything they contact! As the Beloved Mighty Oromasis, passing the Flame around His Body thru the atmosphere consumes all impurities, because that Fire Element raises the atmosphere into Its Own Vibratory Action of the Flame; just so, can this Mighty Healing Flame of Cosmic Love, be consciously drawn and concentrated in the Ever Intensifying Power of the Great Silence—to any definite point—in, thru and around an individual; and then held in concentrated action, until everything in that condition has become Perfection.

THE MASTER POWER OF THE UNIVERSE IS THAT OF THE SACRED FIRE! Therefore, when you draw forth Its Cosmic Action, Its Healing Flame of Cosmic Love, you have signified to Life, that you want the Assistance of Those Cosmic Beings to bring Help to more of mankind, in the Cosmic Speed of Action that blesses and raises the whole quickly.

You could not be given this, until you had worked upon yourselves and purified yourselves to this point; but now that you are sincerely trying to purify the outer structure and dissolve the discord, you can call forth these Greater Cosmic Actions of the Sacred Fire thru all conditions; for then, you will find what you draw forth, will affect all of mankind.

If you had an "I AM" Music Temple, where the Great Perfection of the "I AM" Music of the Spheres was poured forth hour after hour, just as you precious ones sang tonight; with your calls to the Great Cosmic Beings Who govern the Sacred Fire to the earth, to release Their Healing Flame of Cosmic Love into that Music; and hour after hour Great Oceans of that sound went forth, it could be concentrated and directed into any locality or condition. That Sound is Pure Energy and

the Great Ones, qualifying It with the Healing Flame of Cosmic Love, could send It forth like a Niagara Falls; but instead of It flowing out over the earth, It would be raised into the atmosphere and be directed wherever It was most required.

These are the Cosmic Powers, my precious ones, that We want to focus into outer action; and over the last three or four weeks especially, your attention has been drawn to these Cosmic Activities of the Cosmic Flame! That is because your country and the world en masse, need the Cosmic Action of Our Assistance!

I trust I have not burdened you, tonight, with too Deep a concept of this Inner Action of the Sacred Fire. I trust I have not wearied you with too Deep or Intense Concentration of that which is required; because to understand this and think deeply upon It, holds you in connection with the Great Cosmic Beings who govern the destiny of great masses of people! Of necessity, that must widen your concepts and make you of greater use to Those Mighty Beings, Who direct the destiny of this System of Worlds!

Tonight, my dear ones, Oh, We want so much to help mankind come into the condition, where there is no more physical distress from illness or disease of any kind. There have been Golden Ages on this planet when there were no armies, no navies, no hospitals, no insane asylums, no penal institutions, nothing of poverty; and they were maintained for thousands of years. It can be done again, and We want so much to release the bodies of mankind from their distress and impurity! We want to release the Beings of the Elements from that pressure also! This is a Cosmic Service, my dear ones! Each one must some day come to this Conscious Understanding and Cosmic Use of these Great Activities of the Sacred Fire!

With enough of mankind who are unascended, making the call for these Great Activities of the Healing

Flame of Cosmic Love, to pour with Ever-increasing Pressure of the Great Great Silence, into the minds and bodies of those who have been wounded in the war; that Concentration—in addition to your “I AM” Music, my dear ones, could produce such Miracles as mankind have never witnessed in any age! It would compel Illumination of the minds of those who are caught in the shadows. Some of those people could not resist certain activities of “I AM” Music; and when they are united with the call for the Healing Flame of Cosmic Love to go into any condition, the atomic structure would have to respond. The mind would have to open up and receive that which had blessed it so richly.

So there are many avenues of approach, for the Light to enter into conditions that seem to be insurmountable or of stubborn appearance. Musical sound can go into any part of each one's consciousness, when the intellect will not let the reason function! The feelings, if they be rebellious, will not let the intellect explain or accept. Therefore, thru the “I AM” Music of the Spheres and the Calls to the Sacred Fire, you have a Scepter of Power, an entrance into conditions which compel them to change and leave the individual Illumined and more obedient to Life. Truly, that is a Service worthy of every one's attention, Love and devotion.

May you remember Me and the Service I give, as the Healing Flame of Cosmic Love, clothed in the Power of the Cosmic Silence. With your assistance, may We one day, draw into the outer activities of mankind, the Cosmic Power of that Healing Flame, which can pass thru a city and consume all distress in the bodies of the people and never allow it to return.

One of My Personal Gifts to Life, is to bring mankind up to the point where no disease could touch them. Then, you will know the Full Illumination and the Cosmic Joy that Life intends in the fulfilling of Its Divine

Plan! The Divine Plan of every Life Stream, is to release this Healing Flame of Cosmic Love; and to dissolve gently yet irresistibly and in silence, that which has opposed Perfection thru the ages!

Your Beloved Saint Germain told you once, that Harmonious Sound was quiet! It sounds like a paradox, doesn't it? Harmonious sound is very quieting, very soothing to the emotional bodies of the people. Your "I AM" Music is Harmonious Sound—when you don't strain your voices; when you sing on pitch; and when you sing accurately!

Let us have Harmonious Sound in the "I AM" Music of the Spheres, that there may come forth on all that Music at your call, My Healing Flame of Cosmic Love! Call to Me! Just try It out and let Me show you, how much easier It is to love your way thru Life and leave a Radiance behind you, that will raise those who follow on; than to fight thru the physical world of existence. Life never intended you to fight about anything!

So tonight, in your calls for assistance to those in the outer world who are in distress, remember Me; and do not fail to give Me, the Calls your hearts desire; and let Me have an opportunity, an opening, thru which I may flood Oceans of My Healing Flame of Cosmic Love to do that which mankind requires, which they need this hour. You, thru your call, become My Open Door!

Use My Cosmic Flame, My Healing Flame of Cosmic Love! It is My Life! I offer It! Take It! Use It! Let Me show you the Peace and the Blessings which It is and will become in your world! Let Me make you an Out-pouring of It, wherever you wish to call forth Its Cosmic Action! With enough Power of this Sacred Fire, We will move forward, and day after day, like a forest fire, It will become brighter and brighter, and greater and greater, until that which is of human distress has been consumed; and once again, you live in the Heart

of the Sacred Fire—the Healing Flame of Cosmic Love and bless all Life with Perfection, which is sustained and expanded forever.

From this night, direct your calls to Me and see the Feeling, that I can pour into your worlds to heal whatever is required! With the Beloved Oromasis to clarify the atmosphere, I trust that the two Cosmic Flames which We direct, may enfold you; to bless you; to love you; to raise you; to supply you; to protect you; and to charge you with Happiness, until that moment when your Victory is complete in the Ascension.

May you call forth these Powers in Our Mighty Cosmic Action for your Nation; especially those precious beloved ones in the National Defense this night! May My Healing Flame of Cosmic Love wrap Its Mantle about them and draw them into My Peace and Harmony; My Perfection and Freedom forever!

I would that I might spread the Power of the Sacred Fire which I can direct, like a Mantle over an entire city and hold It there, until all become Its Purity and Healing Flame of Cosmic Love. Let Me show you in your individual lives, what I can do thru your calls! Then, together with the "I AM" Music of the Spheres, We will concentrate Our Assistance to the beloved ones of the outer world; until they too know the Feeling of the Healing Flame of Cosmic Love unto their Ascension!

Thank you, beloved ones, for this opportunity tonight! Thank you for your attention! Thank you for your acceptance of Me! I shall not fail you; but I want you to feel the Intensity of My Love and My Perfection in your world! Then, you become that Cosmic Flame, that Healing Flame of Cosmic Love, until all are Free!

Thank you! I bless you for this night! I stand ready at your call to flood to you that Flame which raises all into Perfection and sustain It forever.

I thank you so much!
