

BELOVED RAY-O-LIGHT'S DISCOURSE

CHICAGO, ILLINOIS

MARCH 12, 1944

MINUTE MEN

BRING you Greetings, beloved Minute Men of Saint Germain; Greetings of Fearlessness; Greetings of Courage; Greetings of Invincible Victory! Will you accept My Fearlessness, which is different from Courage! You all have courage of very great power; but Fearlessness is My Quality, and when you fear nothing, then you know you are Master of everything!

Will you accept My Feeling of that Mastery this morning, for I want to convey this into the business world thru your minds and bodies, thru your mental and feeling world? I want you, each one, to be a Flame of My Fearlessness in all outer activities; until the very Presence of My Radiation around you, makes others feel the Power, the Strength and Courage to go forth and stand for that which is Honest, Honorable and True!

In the outer condition of the business world today, the selfishness, which has created so much fear, is soon to take its toll upon those who are still trying to impose upon mankind, those conditions which were never meant to be. If I could depend on the business men of America being Absolutely Fearless and in both speech and feeling, stating that which is Right, Honorable and True; and insisting that nothing else was acceptable, I could release the constructive business activities of America within thirty days, from those frightful vicious conditions under which they are now struggling; and all destructive business conditions, would be held inactive until they could be consumed.

It is fear in the feelings of individuals, that they are

not going to have a competence or enough to meet their daily needs, which makes them many times do things that their hearts do not want to do, and if left alone they would not do! It is to bring Assistance to those, that I come to you this morning, to charge you with the Flame of Fearlessness from My Heart! May you feel It about you as a Garment of Living Fire, so Blazing that fear and selfishness dare not approach.

If you will remember Me often and call My Authority into action to overcome fear and selfishness, you will feel a Lightness and Release from the problems of your world, that you have never thought possible up to this moment. Hercules can charge you with Indomitable Courage; but My Service to the earth, is to remove the FEELING of fear. In order to do that, there must come the Love within your hearts for your "I AM Presence" and the Ascended Masters, which draws into outer action, the Expanding Power thru which I may act.

I can enfold you at any moment, in a Radiance of Fearlessness; to go thru any experience and to hold you Fearless Enough to win your Victory; but that would be but a temporary thing, unless you call on your own "I AM Presence" first to annihilate the cause, effect, record and memory of all fear; whether it be in you or around you; for if your "Mighty I AM Presence" is called into action thru your command, then when I clothe you in My Flame, that becomes a permanently established Garment about you! Then, as you give your "I AM Presence" recognition and acceptance, you will feel about you that Great Calm Mastery which comes only with Fearlessness. You will wonder, that it was ever possible for you to have experienced anything less than Its Great Mastery!

In the business conditions of the outer world today, if you will charge this Tremendous Power of Fearlessness around you, when those who have selfish or deceit-

ful motives come near you, they will not impose upon you further burdens nor add to those under which you have been struggling; but you need to charge the Substance and Flame of Absolute Fearlessness, the Mastery of Absolute Fearlessness, into the very air around your physical body!

As you build a Momentum of this, you become absolutely Invincible, if you call to your Presence first, then to Me; for I have at My Command, Countless Legions of the Angelic Host; of Those Great Beings who serve the Light; and of the Forces of the Elements. If you understood the commanding of the Forces of the Elements thru Love and Fearlessness, there could be drawn around your physical bodies, an Activity of the Substance of the Fire Element which would amaze you and all with whom you come in contact!

I want you to FEEL this Mastery, for with the Knowledge that you now have of this "Mighty I AM Presence" and all the Assistance the Great Ones have given; with the Momentum that has been drawn forth in this class; I want you hourly to feel your Fearlessness as you move in the outer world; for destructive forces while just as vicious as they have been, are hourly fearing more and more the recoil of all they have done! When they come suddenly into the atmosphere of an individual, around whom My Flame and My Substance is drawn, they know not what to make of it; but they are well aware instantly that they cannot have their own way! Sometimes, they are infuriated, but the more angry they become, the more helpless they are.

So it is necessary, as you move among the people of the outer world, to hold a Great Calm Happy Serenity within; but a fierce Commanding Power of Fearlessness in the atmosphere about you; which will give Strength and Courage to millions, who really want to stand for the Constructive Way of Life and do not yet know how.

I want you to be the "Open Door for My Fearlessness," to enfold many many of those in the outer world and ALL for whom you will call this forth. You know just one courageous person can charge a room full of people with courage. In the last world war, it just took General Foch to charge his entire army with the Power of Victory! That shows what one person can do, when you are ONE with the Constructive Way of Life and when you are without fear!

It is one thing, precious ones, to call forth strength, courage and power and still inside have an uncertain feeling, or wonder if the ultimate is going to be as you hope. That tendency, that uncertainty, is not Fearlessness. If you will call My Flame into action around you, you shall be without fear; and then you rest at Peace in the Mastery of your own "I AM Presence."

Many people have marvelous courage, when they go thru a crisis in the outer world's activities; but many times in that crisis, while the courage and strength carry them thru, yet underneath in the feelings, there are many moments when they wonder if the ultimate is going to be as they desire; but when you are Absolutely Fearless, then you are Master! There is no wonderment! You move in like the Light comes into the room and there is no more darkness.

When you are Fearless within, there is no opposing force! I wish you would ponder that Statement for a long time! Fear is the only thing that makes any one acknowledge anything opposite to the Mastery and the Perfection of God's Light! Therefore, My Fearlessness is all of God's Light, if it be Light that you require! It is all of God's Flame, if it be the Fire Element that is necessary! It is all of God's Courage that never wavers as to the ultimate result; and then, you have the Full Pressure of all of your feelings concentrated upon your objective.

Then, you move into action and there is nothing which can stand before the Onrush of My Authority!

The Divine Director has given you Wondrous Assistance, as He has to all the students under This Radiation; and sometime every Life Stream on this earth, comes before Him for Complete Observation! Some things are His Domain of Activity; some are Mine; some are Saint Germain's; some are Jesus'; some are Victory's! We do not intrude on each Other's Avenues of Service to which Life has appointed Us, neither do We do each Other's Work.

It is not that Jesus or Saint Germain or any of the Great Ones could not give you as much Courage as I could; it is not that They could not make you Fearless; but since "I AM" that Quality to the earth, then My Service is to expand My Flame of Fearlessness to and thru all! So, the more you can call My Flame into action, or My Light Substance or My Power and Encouragement; and the More My Qualities can flood forth to all, the sooner all are Free.

Do you quite comprehend that Inner Action of the Law? Any Ascended Being can clothe you in Fearlessness; but it is My Responsibility to get that Quality expanded thru each Life Stream; and so, as events of Life appear to be handled, then wherever "I AM" accepted and called into action, I can expand My Quality thru each Life Stream, until selfishness and fear are no more!

In the Great Service which the Ascended Host give to the people of earth in the Expansion of our Special Qualities, both thru Radiation and the Spoken Word, it is like growing a garden—each Master's Quality gives, in Its Expansion thru mankind, Its Blessing to the earth. Therefore, each Quality has to come forth with all other Qualities. It is like a garden. Your various flowers, fruits and shrubs are each planted in its own special portion of the garden, bringing forth its own beautiful design;

yet building the picture of the whole into a thing of Beauty that is a joy forever to the Victory of Life's Out-Picturing of Perfection.

Just so, do Our Qualities thru individual Life Streams or thru all mankind, build the Design of Life which enables the Full Perfection from each one's "Mighty I AM Presence," to have Complete Freedom of action thru the outer self! So problems that come up to be handled, are not just to be solved and the next day more appear. They are events, which, if you will use them to draw forth the Greater Powers and Mastery of each one of your Life Streams, will lift you every time a step higher, after you have solved the problem. Then, you will be enabled to handle Greater Power in the next problem that appears; or rather the next Expansion of the Light, for what We want to do, is to get you to the place where you do not have any more problems.

That does not mean inertia or sitting down meditating on the Presence, until your Ascension! You will go on in greater and greater action! You will create many marvelous things, but none of them will be a problem. The things that Life offers you in your outer activities, will be an ever-Expanding Joy and a Thrill, every time you have accomplished something else; and there will never be the sense of heaviness nor problem nor struggle about your activities! It is to this point, that We wish to bring you.

Hope really never dies in the feeling of mankind! Hope is Eternal and that which expresses thru the feeling as a Hope for something better, is an Open Door thru which My Fearlessness can expand, until that becomes Absolute Certainty of the Victory ahead. If every time you hoped a condition was so and so, you would say to Me: "Beloved Ray-O-Light, blaze Your Flame thru me and make me know Your Absolute Fearlessness and the Perfection which shall be and belongs here," then you give Me an Open Door, thru which I

can flood into your world, the certainty which is the accomplishment of your Victory in any line.

There is much more Fearlessness among the people than there was even three months ago in the outer world today. That does not mean the challenging of destructive forces! I wish you would distinguish very carefully between these two conditions. Sometimes the human gets very cocky and it begins to feel that it is the Power, the Accomplishment, as a Great Pressure of Light flows and one success after another comes along! Many times, the human takes the bit in its teeth and after several Victories, rushes forward and challenges destructive forces! When you do that, We have to stand aside; because that is the human acting, wanting to exploit itself and feeling that the Courage and the Power belong to it, instead of the "Mighty I AM Presence" and the Ascended Host.

We do not want you to become enmeshed in those experiences, because you will always have something in the way of a shock; to turn your attention back to the "I AM Presence," until humility is maintained. When you are Absolutely Fearless within your feeling world and move forward with that Feeling in your atmosphere, charged with humility and courage, there really is not a thing in this Universe, which could stand against you; for Humility and Courage are Harmonious and are forms really of Divine Love. If that is maintained with Absolute Fearlessness, then you are Authority in anything and Our Protection would always be given.

This is what We want you to accomplish, because then, just your Radiation into a room full of people, without a spoken word, would give them the Strength and Courage which would enable their Presence, the "I AM Presence" of each one, to go into outer action; to control destructive conditions and govern them Harmoniously, until their discord could be dissolved and consumed.

In the business conditions of the country at large, My Flame of Absolute Fearlessness is very much needed! I would appreciate so greatly, your calling My Flame, My Substance, My Power and My Mastery to enfold all in the outer world who are constructive; and who see the hand writing on the wall; and who are trying to stand for the Protection of those Constitutional Rights in America, which are the Foundation of your Freedom and the Protection of the future.

To every constructive person in the outer world, I will give the Flame of Fearlessness from My Heart, if you will call It into action. "I AM" over-stepping My Bounds just a little, in even offering this as an idea, but it is so greatly needed, that "I AM" taking the Responsibility hoping you will respond and give Me the Freedom to act thru those who are not yet in This Work.

If every person in America this hour, who wants to do right and wants to save America, were charged with My Fearlessness to stand right up and say: "I will be no part of anything but that which is Freedom, Justice and the Victory of the Light for America," you would be amazed at the collapse of many channels, which are trying to throttle your country this hour.

Every destructive force holds its dominion thru fear! We have all told you that repeatedly! If every one in this country who has been afraid of the communists, could be wrapped in My Mantle of Fearlessness and go forth, you would take the wind out of their sails so fast, they would gasp for breath. They live only by fear and usurped energy and authority—stolen energy and authority, if you please. Their own "Mighty I AM Presence" and Higher Mental Bodies will co-operate with you, if you do not fear their human creation; and as Saint Germain told you—"If you love Us, how can you fear"? I know this is very much more easily said than actually lived in your feelings; but you must go on, and try, and try again; until

you can stand in the midst of destructive forces and they break and flow around you, instead of into you.

Do not condemn others if they fear, for this reason: if you do, you will draw the same thing upon yourself in the first place! In the second place, if the person is afraid, he or she just is afraid. That is feeling—feeling vibrating the entire emotional body. Criticism, condemnation and blaming, does not change it and ridiculing it does not replace it with Fearlessness; but if you will charge such individuals with My Fearlessness, then the Flame of Fearlessness from My Heart can burn out their fear! Then I can help them, and We can move forward together—dissolving this which has held mankind in bondage; for all selfishness is a form of fear! All hate is fear! It is simply fear in the human, that it is not going to dominate according to its own desires, or get its own way.

So, if there are those who are afraid, then just call to their “I AM Presence” and to your “I AM Presence” and say as your Beloved Saint Germain said to you: “That feeling does not come from their ‘I AM Presence’ and it does not come from my ‘I AM Presence’! Therefore, Mighty Ray-O-Light, take it out of them and replace it with Your Flame of Fearlessness; and move them forward the Victory and Authority of Your Presence and of their own ‘I AM Presence’.” Then, you will help to dissolve the fear that holds people slaves to destructive conditions, which they really dislike and of which they do not want to be a part.

The Flame of Fearlessness from My Heart has much to do with the health of your bodies! It has much to do with the condition of your feelings! So I trust, I can give you Great Relief, Great Peace and Great Relaxation; if you will accept My Presence, the Love I offer. It is the Flame from My Heart, which is My Life! I offer you the Flame of My Life and no Greater Gift can be given anywhere in this Universe!

I want to call to your attention, a thing that has happened many times on this planet. Many times, tiny children who are unafraid; who do not know an animal is vicious; who do not know that there is any particular danger, often walk up to a wild beast or a destructive condition and the animal or the person does no damage to the child; because the child does not know and does not accept nor feel anything destructive there, because it is fearless. Those destructive forces are not able to act against the child.

The same thing is true in anyone's feeling; for you can charge the feeling around your bodies of Absolute Fearlessness, then hold humility, kindness and obedience within your feeling world; knowing that it is the Power of the "Mighty I AM Presence" and the Ascended Ones, which releases that Substance and Flame around you for your Protection! Then, you would move forward without ever feeling the pressure of the outer world's discord. Now does that not sound remarkable?

Fearlessness is insulation against the pressure of the feelings in those around you; but if you never know such a thing as a feeling of fear, then you remain Harmonious; because every destructive quality is a form of fear. Hatred, anger, irritation, criticism, condemnation, all unkind feelings, are really a form of hate and a form of fear! Saint Germain said even mild dislike was a form of hate, and why would anyone hate? Because fundamentally, such a person fears that he or she is not going to have his or her own way. So all fear is based on human feeling of usurped authority!

It is that, which, as you come into this Understanding of the Light, will give you the release from fear which I want to convey to you this morning. If you always rested within the Arms of your "I AM Presence," asking It to do just what It wanted to do thru you, and prepare all outer conditions; then you really rest in your feelings.

Knowing that It always has done that for you, you would have no fear! Many experiences repeated many times, of always being answered instantly as soon as you call, would bring you to a point of such intense Love and Gratitude to your "I AM Presence," that you would automatically feel and BE Its Power, wherever you moved, and you would know that outer world conditions had no effect upon It or you.

Fearlessness is a very Comfortable Feeling. I should know, since It is My Heart, and since It goes forth from My Heart! My Heart is very Comfortable and I would like to convey that Comfort to you; both in your bodies and in your affairs. It has to reach both thru your feeling.

So, any time the load seems heavier than you can bear, call Me into action and see how quickly your feelings get Release! I have not been called to as much as I would like; since I dictated! I announced My Presence and I offered My Help; but I think you have not quite realized, the necessity of making yourselves Absolutely Fearless. From now on, I think I will come to associate with you much more closely; and you know "I AM" a very good Business Partner—silently of course to the outer world's knowledge, but nevertheless very Tangible; and I trust I will make Myself very much felt thru you in the near future.

May I give you an idea—a part of an idea? Then "I AM" going to let you work the rest of it out. I shall say this much: try to convey to the business people of the outer world, how absurd it is that you, the people of America, should fear public officials whose salaries you pay! If an employer feared his employee and kept paying his salary, soon the employee would own the business, and We don't intend to let that condition come into America; but We need your calls to make others Fearless who are standing for that which is Constructive! If

every person who wants that which is Constructive would become Fearless—now notice—by the Power of Radiation, as well as spoken word, the destructive forces would be done for in no time! It is the Radiation of Fearlessness, that We want around you and around thousands and thousands of others.

Words convey so little, compared to what can be given thru Radiation; and many times, without a spoken word at all, you can radiate to another person, the Power of Accomplishment thru Fearlessness, which would never be accepted thru the spoken word. So with the Power of the Silent Watcher and Myself, I think We can give you many Victories, which will bring great joy to your hearts, if you will invite Us into your worlds more frequently.

If you do not like to do things thru the spoken word and it does not seem advisable, just let Us go into action with the Power of the Silent Watcher's and My Fearlessness; to watch and accomplish your Victory thru Radiation and the Blessing of the Light, which is the direct opposite of hypnotic control! We give you Freedom and We have never intruded on anyone's Freedom; except where individuals are frightfully vicious; and the expansion of that viciousness has to be suddenly shut off, for the benefit of many others. Then, We sometimes leash that and bind it, so it can no longer expand, but We never intrude on the Free will of the Life Stream.

So, if you will accept the Silent Watcher, as well as Myself, We might be your two Silent Partners and accomplish thru Radiation what you can never do thru the spoken word. Not that the spoken word is not necessary at certain times in its own right place, it is; but there is the time for Silence and there is the time for the Spoken Word, and all the time is the time for Fearlessness.

So, may I abide with you at least thru the Flame of Love in My Heart; to give you that which overwhelms

all of the human; for without fear, the human would be powerless in everyone.

I think in the coming changes of many things in your beloved country, it would be wise to charge every one in public office with My Absolute Fearlessness; to stand for that which is Right, Just and Honorable in every sense to the American people and to Life everywhere! Many are being raised up who are more interested in America's Freedom and Protection, than they are in their own personal fortunes. Many will yet arise, for there are thousands within this Nation, who are just as ready to defend the Rights of Free Men, as were that little hand full of early patriots. Many of those early patriots loving Life still enfold America. Many of them do and there are still many more who could be raised up; and as you call My Fearlessness into action, for the Protection of your Nation, it will make their Victory very much more powerful.

Destructive forces always fear! Therefore, they are tremendously afraid of Me! They are extremely afraid of My Radiation! They are extremely afraid of Mighty Astrea and the Silent Watcher; for when people are silent, the destructive forces do not know what they are thinking or planning. So, if you will read between the lines—the Power of the Silence, the Power of Fearlessness in your business affairs, It will bring you many Blessings and make you able to bless others in a way that will delight you greatly; and I think you will find your own business affairs moving forward very satisfactorily, as you flood your business with Absolute Fearlessness!

Much is being accomplished; much has already been accomplished; much more is yet to be accomplished in America; but We are doing all the Great Law permits, as rapidly as mankind can assimilate the Cosmic Light, which is reaching into the earth more powerfully each day.

Do not fear to call forth great wealth; great opulence; great supply of every good thing; into your hands and use for the Protection of the Light and the Service of the Light; but always with the command that everything called forth, carries Absolute Invincible Protection and all who use that wealth, are made Fearless in the Victory of the Light forever! and all is used only to fulfill the Divine Plan forever!

Your Beloved Saint Germain wants to give you Limitless Freedom! Victory has offered you His Momentum of Hundreds of Thousands of Centuries of Victory! I clothe you in My Cosmic Flame of Absolute Fearlessness! May I put in a Good Word for Saint Germain this morning? Again I ask, that you call My Fearlessness into action with My Victory and the Mighty Silent Watcher's Power for Saint Germain's Victory—His Cosmic Victory in this System of Worlds! I know how deeply you love Him, as do We; and I offer My Fearlessness to assist you; that His Victory may come quickly and be complete this time forever. He has worked so long thru the centuries, to enfold mankind in His Great Love, which should have brought this Freedom centuries ago. Now it is here! The Cosmic Moment is approaching and We offer every Assistance, so the Victory of the Powers of Light for the earth, may be made complete and manifest in the outer very soon; for you will never know Complete Happiness, until Saint Germain's Victory—His Cosmic Victory is Complete! I know how deeply you love Him. You will never know Complete Happiness, until you have felt the Fulness of the Flame of My Absolute Fearlessness!

So I wrap you this morning in My Mantle of that Flame from My Heart, which shall forever make you feel My Fearlessness, the Joy and the Freedom which is within My Heart! May we walk the Pathway of Light together and give that Light, Strength and Courage to all Life,

wherever We move; until like a great magnet, We have drawn all up and out of the shadows of fear; and the Flame in each one's Heart takes Its Dominion and moves Its Victory into control in all outer activities.

To your Beloved America, Our Beloved America, God's Beloved America, may the Flame of Absolute Fearlessness from My Heart, blaze as an Ocean thru the feelings of her people; to take their stand for the Light and blaze It without fear; until It has purified all and she stands Blazing and Free in the Light—Saint Germain's Heart of Victory and Freedom to the earth forever!

May you feel tomorrow morning, as you contact the outer world, My Mantle of Flame about you! It is Gold—Golden lined and Blue without! May It become Visible and Tangible around you, to bless all Life wherever you move; with the Love that is in My Heart for you; and your Love to all forever; for with Enough Love to your "I AM Presence" and Absolute Fearlessness, you may move anywhere in this Universe without obstruction. May you feel that Freedom from this hour, and your problems drop away as if they had never been. Then, you move forward the "Master I AM Presence" of the Unfed Flame, to free all Life with My Love forever!

I thank you.
