

# BELOVED MARY'S DISCOURSE

CHICAGO, ILLINOIS

MARCH 5, 1944

Evening

**B**ELOVED ONES of My Heart, I come tonight, to bring you the Radiance that will put your feelings at Peace; and I trust that I may anchor within your feeling world such Assistance, as will enable you to give that Peace to all Life wherever you go.

My Love, My Peace and My Healing Power are My Great Joy of Life, and it is My Privilege to direct, with certain Others, the Healing Activities thruout the warring Nations of the world. We have done this, Oh, so many times before, in one war after another. The weary children of earth HAVE received Our Love, Our Blessing and Our Healing Powers! We have poured this to mankind for many centuries.

It seems no time since My Manifestation upon earth, and I have been so glad and so willing to answer every call that comes to Me. "I AM" not concerned with any one's mistakes—"I AM" the Healing and the Forgiveness and the Love that knows no mistakes! To Me they do not exist! I give the Blessing of My Life Stream thru the Healing to other Parts of Life. It is My Joy to give all that can be accepted, that I may bring the Peace and the Happiness of Love! Why will they not stop this frightful feeling against each other?

We will continue to pour, and pour, and pour the Healing Power! There is not one individual who has ever called to Me whom I have not answered; for I live but to pour the Light and the Healing Radiance of My Love, upon any Part of Life that is in distress. I know only Mercy and Love and Healing Power! I never refuse, but with

all that We have done thruout these many centuries, still the people have not awakened to the use of their own Authority; until that Beloved Precious Saint Germain gave them this "I AM" Understanding, and now they are awakening in great numbers, in many places where you do not dream awakening could come.

I want to help you tonight, if I may, to understand something from Our Side of Life, of what world warring conditions means. The Beloved Meta, the Beloved Quan Yin, the Beloved Nada, and now the Four Nadas, are very much occupied with Me in trying to bring release to mankind from this continued suffering. It is Our Hope, thru Saint Germain's "I AM" Activities, to bring forth such Magnificent Healings thru the "I AM" Music, thru your Decrees, thru your Radiation and thru the Actual Healing Power drawn forth at your conscious command, that It may be so overwhelming to the mass, that none can deny It longer.

I have poured Healing to those who have called to Me, but so often they would not let the Illumination of the mind anchor in, to prevent them doing the same things over again, which produce conditions wherein they will need to be healed again. That is what We owe to Saint Germain, for thru this "I AM Knowledge," you not only can heal yourselves and others, but with every Blessing you give, with every Healing call, you can call for that particular release, to not only bring healing from the distress, but the Illumination of the mind that is the Permanent Healing of the Nations.

Mankind needs Healing from hate; Healing from selfishness, and then much of the other discord will disappear. We want to show you from Our Octave of Light much that occurs, which occasionally is mentioned in the outer, but never, except thru This "I AM Activity," has there been much recognition or adoration poured out to understand, what the Angelic Host do with Me and Others

who work with healing, to fulfill the need of the mass of mankind thruout the world.

The Healing Angels are legion in number. They are the Guardians of the Great Powers of Healing which are drawn for the accomplishment of any special purpose. Whenever healing is required, if you will also make the call for the Illumination of the mind and the feelings of the individual who requires healing, then send your Love and your call to the Angelic Host and the Healing Angels; to see that everything required to fulfill your call and produce the manifestation is drawn in, thru and around the one who requires healing—They will come.

If We could be unhappy, it would be when We see the mass of mankind in such poverty, in such distress, when We from Our Octave and with the Angelic Host and the "I AM Presence," are always standing ready and waiting to release mankind from their unhappiness. We cannot intrude upon them, this which would set them Free, regardless of how intense their suffering is, if they will not understand and desire the Light. The Light has never intruded Itself upon the Free Will—and if they are to have release from these distressing conditions, they must come back of their own Free Will, for the Light will not force them. It will blaze Its Love and there is always an Automatic Drawing Power within the Light, which raises the consciousness of all who look unto the Light; but those who have turned their backs upon the Light, must turn about and face It—if they are to receive Its Blessings and Its Release.

In the devotion that has been given to Me thruout every Nation of the world, when people are in distress the call goes up for help, which as I said We always answer; but the Healing that We have poured forth and all the energy that Life has given to raise mankind out of their destructive conditions thru those calls, has still been principally concerned with the distress of the physical

body. Very few, when they want healing, ever ask for Illumination so they may not do the same thing again which produced that distress; or that they might draw forth and give assistance to others as We have given to them.

The Beloved Quan Yin, like Myself, has gone on, and on, and on thruout the centuries, just giving, and giving, and giving and forgiving. She never refuses, neither do I, but the people must be awakened consciously, so that when the Healing is complete, they will have the Understanding not to repeat the causes which produced the condition; and to bring conscious understanding of the Law, that they in turn may draw forth and use Its Powers to free others as We have freed them, for that is the Law!

We stand so ready to release the Love, the Blessings, the Peace and the Healing into the mass of mankind and dissolve what has caused distress now for so many years. We stand ready to harmonize those conditions, and We can do it with one wave of Our Hands. We never refuse, but what is the use of mankind going on and on, and repeating those conditions; unless they are taught how to prevent the recurrence of their suffering and their problems!

With your call there is a Service which the Angelic Host can render and are always grateful for the opportunity to render; and that is, in calling forth the Healing Power to restore a body to Health, Peace, Purity and Perfection, that you may call for the Angels of Light to illumine the mind and the feelings of the individual at the same time.

The Master who is concerned with Healing, releases the Power and helps to correct the condition and by Radiation tries to Illumine the mind, if the individual will accept it; but the Angels of Light can be called into action with every healing that takes place, to keep intensifying the Ascended Masters' Illumination within and around the individual, until the Increasing Pressure of Their Light comes to the point where the intellect accepts It.

That is why in the Healing Activities that will come

thru this "I AM" Music, the Illumination of the mind can be accomplished at the same time; as you call for the Angels of Light to illumine the consciousness while the Music is being played. They are coming into the outer activities, not just immediately, but a little later some Magnificent Miraculous Powers of Healing will produce quite wonderful manifestations and awaken many of mankind to This "I AM Activity," if Illumination can be accomplished thru that Healing.

Much could be permitted at this time, in the way of very Unusual Healings—the Release of Powers that would restore bodies to their Perfection; if thru that the Great Cosmic Law sees that, it will awaken the people to the desire to give obedience to the Law: Then those manifestations could come, wherein new limbs, new eyes and portions of the body that have been distorted could be restored. This is the thing for which We are hoping. It is the thing this Messenger has called for repeatedly, in fact over the last thirty years she has called for this Power; and if you will go on with your calls and don't limit your Presence or the Ascended Host but keep asking for your Dispensations, no one knows except those from the Great Central Sun, what sudden Assistance the Cosmic Law would release thru many of you who sincerely want to use that Power, if Illumination is accepted with the Healing.

Now, that is something which is governed by the "Mighty I AM Presence" and Higher Mental Body really of every Life Stream; for if It sees thru the Healing It can accomplish the Illumination of the mind and the Victory of the Ascension, either in this embodiment or the next one, then those Powers can be released. This We are hoping for on a scale large enough to undo much of the damage of the war; and use the Healing Power to accomplish the Illumination that gives the Ascension at the same time, or at least within this embodiment.

Now there is another phase of Our Work with which I wish to acquaint you tonight; and that is, the affect of this outer destructive condition upon the incoming children. I appreciate deeply your calls for them, and so will the parents of those Life Streams which are taking embodiment during this time; for when they are a little older, the handling of those dispositions will not be an easy thing. Life Streams that take embodiment thru a warring atmosphere to a large degree, register much of that in the emotional body and when those emotional bodies enter into greater control, around seven years of age, from then on the reaction of much that is going forth in the world of cause now, will have to be handled.

While children are very young, there is not so much of that to be met with as later, and this is where thru your calls and the Great Mercy of Life, you can give protection to those Life Streams, with the call that they be insulated against the destructive conditions in the atmosphere at the present time. Give them assistance and make the call that they have marvelous, harmonious, sweet, obedient dispositions, that love the Light and want to serve It harmoniously.

This will benefit every one who touches the Life Stream of those blessed individuals. It will also affect them in the future educational channels, for those children are something to be handled, if this is not done for them. This is the reason I come tonight, to give you the Explanation of the Law and the Radiance of My Love with the Hope that you will awaken, thru your calls, the Life Streams of those who are embodying at this time. If you will call to the Higher Mental Bodies of those Life Streams to enfold them in your Love and your Protection and command that they do not record the destructive conditions in the atmosphere, thru which they are coming, it will help greatly.

It is such a pitiful thing when all the Powers of Life

and Light stand ready to bless mankind of earth, that they should be content to go on destroying each other! That is tragic indeed before the Great Law! So you, knowing the Law, making the call can draw Assistance and many times, Dispensations from the Great Central Sun which do not quite seem possible at this time; and yet no one knows when a certain group of people are determined to give release and Illumination to Life, just how far reaching that will be and what effort those Great Beings will go to, in order to give that Assistance.

Without your calls it would be a very very much longer time in accomplishing this; but with your daily calls for the Protection of those Life Streams and their Freedom from that thru which they must come, many whose Light is great, will be enabled to come thru almost untouched. We are hoping for as much of this as possible. Keep calling for them and all who need healing, to be clothed in the Luminous Presence and Personal Rays of Our Beloved Jesus, Myself and all the Other Ascended Masters. This gives Us an anchorage into many many Life Streams that is not an intrusion at all; because the call has come from those who are unascended and yet, who are concerned enough about the Perfection of other Life Streams, to make the call that Life demands from this Octave, in order to draw Our Assistance to them.

Here again the Angelic Host can give great great Help. There are always Limitless Legions of the Angels who can be called into action to protect the children, both the incoming children and those who are already in physical embodiment. The Guarding Angel is a very Real Being! I mean those who belong to the Angelic Host besides the Individual's Higher Mental Bodies, which sometimes has been referred to as the Guardian Angel. Many times individuals who have seen the Higher Mental Body have thought It was the Guardian Angel, when many times it was the "I AM Presence" guarding thru the Higher Men-

tal Body. Beside that, there are those of the Angelic Host who will answer every one of your calls, who will come at your call instantly, and hold Their Love around either your loved ones, a child or whatever condition needs to be protected; and keep pouring the Radiance and Flame of Love from Their Hearts around the person or condition, until the manifestation is complete.

Now with all of this Assistance which the Great Ones offer, which Life provides, which the world needs and which We love to give, beloved precious "I AM" Students, you become just like a Hand of Ourselves in action down here. As you maintain the Harmony and apply the Law, we can confer One Power after another upon you—that you do not have It from your Presence, because It all comes forth from the Presence; but We can enfold you and We can show you the Action of the Law, which will make you just love to give the obedience that enables you to release that Power. Those Activities are principally Powers of Assistance to you thru Radiation.

I appreciate deeply your song to Me and My Service thru the "I AM," will bring the Illumination for which We have hoped thruout the centuries; and if I can do that to mankind in great numbers, I will be very grateful, so grateful to Saint Germain for the Open Door thru which that may be accomplished.

You think you love Saint Germain. You cannot possibly love Him enough, for all He has done for you and mankind thruout the centuries! I was One of the beneficiaries of His Love, His care and His Protection. He has poured It thruout the centuries, to so many Life Streams. Now it is Our Great Privilege to work with Him, to bring His Final Accomplishment into the Great Cosmic Victory in this System of Worlds, which is His Service to Life.

Like many others at certain points in the Expansion of the Light of a planet and its humanity, when a need arises there are those Life Streams who offer assistance

to the world; and whenever that is given, those Life Streams thru that unselfish Love, draw Unusual Powers from within the Heart Center of the Great Central Sun; to make those Life Streams strong enough to go thru the outer activities and give greater Assistance. Saint Germain was one of those. The Beloved Jesus—I love Him forever—was another who gave that Assistance. Your Beloved Godfré thru many embodiments has given that same Assistance. So has the Beloved Donald, so has this Messenger and so have many many many of you.

That is why you are Guardians of the Light now, because when you offered to assist in the redeeming of some of the conditions of earth, you drew Greater Powers from the Central Sun; and even though you too had turned to some degree away from the complete Divine Plan at the end of the Second Golden Age; yet when you found that the shadows were increasing, your Love of the Light was stronger than the pull of the outer world to engulf you; and your unselfish desires to help the rest of mankind won you merit, which has been the Guardianship of the Light down thru the centuries.

Oh, if the Great Cosmic Law would only permit, how We from Our Octave would love to place Our Hands upon the Head of every individual who is in distress and release the Love and the Light which would dissolve it all in a moment; but that may not be, until the individual calls for it, with the sincere desire to not again repeat the cause that produced the distress.

The Greatest Mercy that Life has ever shown to this earth, beloved precious, precious Ones of the Light, is the Dispensation from the Great Central Sun for the Ascensions that are being given to those who are passing out thru war. Never in the history of the earth has such Mercy been extended to Life, and thru that, there will come a softening in the feeling world of the people, which will enable them to love the Light with a Strength and a Power,

that will hold a balance on the Constructive side for those Life Streams. It will make all easier.

Do you know, precious ones, what a tremendous healing Power Pure Divine Love is? Do you know tonight, that were I to release all the Power of Love which is at My Command upon you, It could dissolve every particle of substance in your bodies that was not harmonious and Self-luminous? Our Love can do that! Our Love can remove from you everything that is a record of a mistake! Our Love is that Power! We want to give It, but in order to have the Fulness of all that We can give, you must want to give as We do, and that is the Release of the outer self into the Management of the "I AM Presence" and the Ascended Host. From then on, the Presence clothes you in the Mantle of Its Flame and shuts away forever the pull of the outer world.

Many want to be Free from the misery of the outer world, but many of those do not want to quite let go of the management of the things of the outer world. If you are to have all that is in Our Octave, you must be thru with what is in this world. You can love it and pour your blessings and commands for Perfection to go forth and illumine and purify and raise it; but your surrender must be complete to your "I AM Presence" and the Ascended Host; not only in the words of your Decrees, but deep, deep, deep within your feeling, there must be that Complete Release which rests within the Heart of your "I AM Presence," and is the management of all outer things.

Were you able right now to maintain this which was given to you this afternoon by Saint Germain, as an Ideal to try to live up to for the next thirty days, were We certain that you could not be disturbed in your feelings, precious, precious, precious ones of the Light, We could confer these Powers upon you almost immediately; but it takes that Great Inner Complete Release into the Hands of the "I AM Presence," of the management of every-

thing out here that you hold near and dear and ordinarily want to control. When you have completely released that in your feelings, you will be at Peace forever.

You know you cannot heal distress, unless you have Peace to give in its place. The Healing of the body is but a small part of the Power of Healing; because unless you heal the feelings of their habits of centuries, the healing of the body would not be permanent. Unless you heal the attention of the habit of going to outer world distress and ordering it to go back to the Presence and the Ascended Host for Its Perfection, you could only have temporary release from the distress that is of the body.

I have healed a long time and I have loved a long time, but I long for the Illumination of every Life Stream to the point, where when I heal, it will be the Complete Release of the individual into his or her own Mastery so that one may become the Healing Presence to go forth and help others!

For your Illumination, I want to tell you that in the various Shrines thruout the world which have been dedicated to Me and Others of the Ascended Host, those Healings were Real and they were produced by My Love, My Light Rays and Those of the Others who gave those Healings. They were not the blind faith of the people. Blind faith does not heal! When any unascended person calls to an Ascended Being thru devotion for healing, that Ascended Being under the Cosmic Law answers that call and gives Release; but it only becomes permanent as the mind is illumined and the cause removed by the Free Will of the individual who generated that cause.

That is why We are trying to bring mankind to this Conscious Understanding of the Law, which will give the Complete Release that has been so much needed thru the centuries; for without understanding of the causes that produce a condition, it is but a temporary thing to release

one from its effects. The effects are produced under the action of the Law in the use of Life's Energy.

By calling the attention of the individual to the fact, that disobedience is acting, when there is pain in the body, limitations or distress in the affairs, It is Life saying to the individual—"you created not according to the Divine Plan, and now you must dissolve this which you did wrong." Problems and limitations are silent commands of Life that are constantly saying to the individual—"You did not fulfill the Divine Plan! Dissolve it and try again."

"I AM" going to touch upon something else about the healing tonight, which every one needs to know much more in the feeling than in the intellectual explanation, and that is, the increasing interference that has been gathered affecting the sight of the people of America over the last forty years. Instead of people having better sight, it has been getting less and less perfect, which is Life saying to the individual: "you have not seen My Beauty! You have not seen My Divine Plan! You have not looked within and listened to Me"!

If you will just take up the call at intervals for the Perfection of your sight and the sight of all mankind; making the call for the dissolving and consuming of the cause of all that interferes with mankind's perfect sight of the Presence and the Ascended Masters; then the Cosmic Law in your call for the Cosmic Light to go in and dissolve that obstruction, can remove that which for centuries has tried to impose limitation upon mankind.

When mankind became enmeshed in the outer world's activities and discord to the point where they no longer saw the "I AM Presence" above them, then imperfection in the sight began to manifest in the outer; because in those former Golden Ages, every one saw his or her "I AM Presence" face to face, the moment the attention went to that Presence. Now, as your attention goes back to the Presence and you make the call for It to reveal Itself and let

you see It face to face; ask It to reach Its Hands down and remove the obstruction to your sight! Then command that you see Perfection consciously out-picturing everywhere around you in the Light. As this becomes a habit and Harmony is maintained within your feelings, you will just naturally find yourself seeing clearer, and clearer and clearer; and you will wonder that there was ever a time when it was not so clear.

It is not wise, just because you begin to make the call to lay aside your glasses, to allow pain to come in and hold your attention on the distress longer, and make it really worse. Just go on as you are, but correct the habit of seeing imperfection in the world around you. I know this is a habit that you will have to break, when you look at the ladies' hats. You know I have a sense of humor, even though the outer world has not portrayed it to you; but We often see many many things that are holding the attention of mankind upon imperfection, when they are also cultivating habits that are limitations.

Now this is what I want to release from you and your worlds as much as possible; as much as possible from your feelings, because the race consciousness, the race habit of the feeling, when you see something that does not agree with your own ideas, is to say something about it. You like to tell it to others, not that it is necessary, but it is just a habit and a useless one, in fact a destructive one. So, I come and I want to put the Flame of My Love in the place of that habit, if you will let Me.

I want so much to perfect you precious ones, of course for your own Freedom, but for a much Greater Blessing to Life even than that. It is, so you may be strong enough to wield this Healing Power, mankind needs so greatly; and will need over the next twenty years much more than you see tonight. The aftermath of the hate of war is not wiped out in a moment; and for those who wish to heal and correct those conditions, it means day in and

day out, the use of these Powers to undo, and undo, and undo that which was not of God. Not that you ever become weary, rather the opposite, for every time you complete the Victory, release the effects of those mistakes from an individual and you see that one arise, made whole, see the Love and Gratitude released from the "I AM Presence"; when you see the individual go forth to make the best conscious effort to understand This Law and make the right application, your heart will sing Its Praise to Life every time; and for days and weeks afterwards, for that Life Stream's Freedom.

There is no greater Joy in the Universe, than freeing Life Streams from that which has happened to them in this war, and that will increase your Love and your Gratitude back to Life; but It can only come as your own habits of seeing imperfection have ceased to act; for when Instantaneous Healing Power is released thru your physical forms to control the atomic structure of another individual, then your own mind and body must be very Pure and no pictures held within it from habit or constant impulse, that might impose imperfection upon another Life Stream. You would not want to do that! So the habit is to be corrected in you first!

These are the things that have stood in your way many times in the Release of the Greater Powers and Manifestations from your own Beloved "I AM Presence"; and that is why I congratulate you blessed ones with every atom of your Life Streams, for your determination released in your Decree to Purify, Purify, Purify my mind, my body, my feelings. Go on with that! Sing it, use it and live in it, until its full out-picturing has cleansed your feeling world; your habits have been changed and you stand before the "I AM Presence" awaiting Its Commands; for the Power to descend that makes you the Master Healing "I AM Presence" to Life wherever you move! Then you are worthy and strong enough, to wield the Power that

sets other Life Streams free from their mistakes; so they may come to the point where they too are strong enough to draw forth the Power to heal others; until that goes on, and on, and none of Life or any Life Stream in this world is ever again held in the bondage of human desires, habits or feelings.

This might seem far in the future. It might seem far distant to you tonight, yet it may be very much closer than you dream. Do not limit your "I AM Presence" in what It can do for you, and don't limit Us. Not that you could limit Us, but don't limit your acceptance of what We can do for you. Do you know in addition to the Words that "I AM" speaking, that I can give you everything that you can accept in your feelings? You can accept one thing one day, and if that brings you Illumination, a certain amount of Illumination, well then the next day you can accept more; and We are standing ready to pour It forth all the time.

I wish the world tonight, were in a condition where I could step thru to the people en masse, instruct them and heal them at the same time, but they will not listen just yet! We have watched for many centuries! We have given them nothing but Good and this "I AM Activity" has had Manifestations unnumbered that are all the proof anybody wants of the Reality of Our Existence, and the Powers and Blessings that We have been bestowing. The world has had ample proof! It has had ample Blessings! It has had a long time in the shadows of distress! May your calls bring forth the Illumination which is the end of all that has held Life in any condition less than the Fulfillment of the Divine Plan, in the Ascended Masters' Purity and Perfection that blesses all forever, with Happiness and Unlimited POWERS of Life's Perfection.

Will you help to bring more Healings in another way beside the "I AM" music and your calls thru your Decrees? Do you know you may bring much Healing thru beauty

—not to satisfy vanity, but to provide beautiful clean surroundings that produce Harmony, Illumination and Perfection for all to gaze upon? The world must have more Purity, more Beauty, more Harmony, more Illumination, but at the present, it must have the Healing Hand of a Love that forgives the cause of what has produced this condition and stills the pain; until the attention can see the Light from whence the Hand comes and the Release is brought forth.

“I AM” very grateful for the Assistance that has come from out the Great Silence just before Christmas, of the Mighty Elohim of Eternal Invincible Peace. Call forth His Flame into your feeling world! Call It into the feeling world of every one thruout the world; thruout the earth and do you know that it can be increased and intensified to the point, where It is perfectly solid around destructive forces and conditions that shuts off their expanding action?

The Flame from the Heart of the Elohim of Peace is offering you His Blessing tonight, and if you could feel, rest, move and act within His Feeling of Eternal Invincible Peace for thirty days uninterrupted, you could anchor the Power around yourselves thru which almost anything could be accomplished. “I AM” sure you must feel It in the room! “I AM” sure your feelings are at Peace tonight! “I AM” sure as you sit within the Radiance of this room, that your feelings register none of what is in the feeling world of the mass of mankind in the outer world tonight! Then, did not something raise you out of connection with that other vibratory action of human qualities?

Isn't the Love of My Heart an Atmosphere of Peace within the room, which gives you Peace? The moment you turn your thought to the Mighty Elohim of Peace, can you not feel His Peace flood your feelings! Well, then, He is Real! “I AM” Real! I could not give you Peace, Love, Blessing and Healing, if I were lying to you! He could not give you that Peace, if He were not that Peace;

and if He were not in the Universe, you could not feel that!

If you can have it for a few moments or an hour tonight, you can have It for Eternity! We give It! Won't you BE It! Won't you give It to others? Won't you BE the Peace thru the Radiation of your feelings, that rests serene within the Heart of the "I AM Presence," and lets Its Unlimited Power go forth to handle conditions of the outer world; because you must have more Power of Light and Peace to handle outer world conditions, than you have had in the past, if your own world is to be swept and kept clear of the problems thru which you have passed.

BE My Love! BE My Peace! Be My Healing Power to all Life wherever you move! Give your Love and your Devotion to the Mighty Elohim of Eternal Invincible Peace; and ask Him to blaze an Ocean of His Flame around you, until It is like a Mighty Hand that stills all at your approach and you give His Peace unto all Life.

Tonight, I call the Angels of Light to hold within your feeling world, until certain things are accomplished, this Feeling of My Love and His Peace tonight! I ask Them to guard It around each one of you, and if you will give It acceptance, daily recognition and make the call to your "I AM Presence" to add Its Peace—Eternal Invincible Peace, to that which We give, It can go on expanding in, thru and around you, until It is so powerful that It is Greater Protection than a wall of steel; for not all mankind's destruction on earth can pass into the Flame that comes from His Heart; nor can they enter into My Flame of Love that enfolds you tonight in My Healing Power, if you will remember Me and accept It.

My Work of the centuries is just beginning to come into the Final Activities, in which I hope you may be My Co-workers in the Healing Activities of the future, that will do away with all distress forever. Forgive, Forget, Purify, Harmonize, Heal, Illumine and Set Free My Family of the world. Let the Love of My Heart and the Peace

from the Elohim of Peace, become Real Tangible, Living Flame around you wherever you move; to bring Happiness, Beauty and Freedom to Life, that the Healing of the Nations may be accomplished by the Powers of Light; for you will never have permanent Peace on this earth, until every problem is solved by Light and Love from Our Octave.

May Frederick the Son of Music, blaze forth thru the "I AM" Music the Healing Powers for which you are all calling! May you all pour It forth thru the "I AM" Music of the Spheres in more and more Wonderful Music; more magnificent instruments and Greater Freedom and Greater Perfection come into your hands at once; to increase the Freeing Powers of Light and the Healing of all from the distress of the shadows.

May your "I AM" Music of the Spheres be sung around the world, the Most Magnificent Melodies and Powerful Harmonies, the Most Glorious Manifestations of Beauty, Power, Healing and Perfection come thru your music; until all are the Song of Joy that Life intends! May the Healing of My Heart sustain Perfection and raise all into the Perfection that I want to give.

I see not your shadows! I love only your Light! Let My Love and your Light heal all Life! Let the Flame from the Heart of the Elohim of Peace, blaze on your pathway, until all enter into the Octave of Light wherein there is Our Eternal Mastery.

I bring to you the Blessings of the Four Nadas, the Flame of Love from Their Hearts, from that of our Precious Meta and Beloved Quan Yin! I bear the Healing Power from the Heart of Mighty Helios, from the Heart of Beloved Cha Ara, from the Beloved Saint Germain, Beloved Jesus and Beloved Godfré; and from Those Other Blessed Ones from the Healing Temples and from the Angels of Light, who love you precious ones of the Light. They love you, They love you, They love you; and Love

is the Greatest Gift that can be given. LET It in and LET It raise you into your Eternal Invincible Healing Power, to help the rest of My loved ones to be FREE.

Thank you for your acceptance, tonight, of that which I have sought to pour to you! Thank you for your Love, devotion and loyalty to This Light and the Messengers; and to Our Beloved Saint Germain! May My Love give you all that is required for your Victory in the Light now!

I thank you!

### SAINT GERMAIN

*If you have to be firm with the human, then be firm in no uncertain terms! Let them know, you will no longer tolerate these things, and do not be afraid of hurting someone's feelings. If they are hurt by telling them the Truth, then the sooner you know it, the better it is.*

### SAINT GERMAIN

*Oh, beloved ones, please do not let anything take from your consciousness and feeling world, the fact that everything is within this Presence that beats your heart and gives you Life. It will give you everything there is in the world, thru that Life, if you will but stand by It firmly with great determination and call It into action. The very desire which holds the picture of a thing you wish to use, will require that Mighty Energy to take command and produce the very thing you require.*
