

## GODDESS OF JUSTICE'S DISCOURSE

CHICAGO, ILLINOIS

JANUARY 28, 1945

EVENING

MY BELOVED ONES of Light, Bearers of Freedom to mankind, and Ambassadors of Divine Justice to Life! I greet you tonight, in that Great Cosmic Balance of the Unfed Flame, which "I AM" to the earth forever!

In coming to you and speaking My Wishes, that I may be of assistance in giving you Greater Freedom, so do I enfold you in that Perfect Balance of Love, Wisdom and Power in the Unfed Flame from My Great Temple of Divine Justice! Long have I held the Balance in many portions of the earth! Long have I been active within mankind in establishing Balance for those who are seeking the Light. Tonight, I come to you to bring the Illumination which must one day come to all mankind, of what Divine Justice is.

I have given you some Concepts on this subject before, but tonight, I want you to feel the Full Responsibility that is yours now—as Students of the "I AM," and as those of mankind who are becoming more Free hourly, from human limitations in your service to mankind in the outer world. If you will understand your Responsibility to Life and really know what Divine Justice is, you will no longer be caught in the feeling world of those about you, when they do something that displeases you.

If you will remind yourselves that Divine Justice to Life is always the fulfilling of the Divine Plan, then you must know that maintained Harmony—Invincible Harmony! is the only thing that could possibly bring Divine Justice to Life. The Divine Plan cannot be fulfilled thru discord. Divine Justice cannot come to anyone thru discord. Then, since your responsibility to Life is the same as Mine, in bringing forth the Fulfillment of the Divine Plan—you in your individual Life Streams, I in My Cosmic Action which affects the whole world! then you can have whatever added Power from Our Great Octave of Life is required, to compel uninterrupted Harmony—made Invincible by Our Cosmic Flame of Cosmic Divine Justice and Love, to move among mankind; and in the use of your "I AM" Decrees, command and compel Divine Justice everywhere you move, for the Fulfillment of the Divine Plan!

Now there are millions of those in the outer world who do not want to fulfill the Divine Plan, but that has nothing to do

with you. If you contact their human creation, then you in the Authority of your "Mighty I AM Presence" and your responsibility to Life, are obligated to silently command the annihilation of all that interferes with the Fulfillment of the Divine Plan. Therein is where Our Cosmic Assistance, both Saint Germain's and My Own, can come to you in the Action of the Fire Element, thru which the human creation of others dare not pass, and that is in the Focus of the Unfed Flame.

Since there is an Unfed Flame in the Heart of every human being in physical embodiment, then there is an anchorage within every physical body that you can touch and in your call to Us, command Its Expansion to the annihilation of any interference from the human creation, either within or about the individual.

When you are dealing with viciousness, my dear ones, in the outer world, there are two things you must use—one the Blue Lightning of Cosmic Purity and the other the Violet Consuming Flame; and if you will use the Authority of My Divine Justice in the Unfed Flame, you will find all human creation understands well enough, when you are determined to annihilate it. I do not mean that you are to have a sense of battle, not at all, that is the thing you must NOT have; but feel yourselves sealed within My Luminous Presence and command My Sword of Blue Flame from above, to strike into the human creation of the other individual. Speak to the Flame in the Heart of the other individual to come forth, compel Divine Justice to Life and fulfill the Divine Plan! Then, you will have cooperation thru the human creation to the point, where with continued application, you have but to issue one command to that human creation—"In the Name and Authority of the 'Mighty I AM Presence,' the Unfed Flame in the individual's Heart, My Cosmic Authority and Assistance and the human will be compelled to bow."

You see the Unfed Flame in the Heart has so long been disregarded by mankind. All of you have uncountable millions of times, had a slight impulse in your feelings of what was the right thing to do, but you did not let It rule; showing that there was more energy elsewhere that you accepted, than you did the Gentle Feeling from the Unfed Flame in your Heart. That Gentle Feeling from the Heart never makes a mistake. That which makes the mistake, is the continued determination and feeling to disregard that kindly gentle warning. To obey It would enable every human being on earth to avoid all mistakes, if people would learn this Truth.

Now what is it that keeps you from obeying? Human crea-

tion! Sometimes it is within yourselves ; sometimes it is in the atmosphere about you ; sometimes those creations are attached to other human beings. But why should you allow any one's human creation to over-rule the impulse in your Heart? Answer Me that! Why should you disregard the Information that your Presence releases to you thru the Unfed Flame in your Heart? Why do you think the Presence releases It, if It is not to fulfill Life's Divine Plan?

Well, in trying to fulfill Life's Divine Plan, there are many, many, many times when the human intellect and your human feelings rush you into conditions that are like running into a wild animal in the jungle! Once you get in there, the battle is on and you do not know how to extricate yourselves ; while if you would call to your "I AM Presence" to speak to you thru the Flame in your Heart, and then compel you to obey the Direction from your Presence, you would be caught in time and held within the Radiance from your Presence ; and It would not allow you to rush into conditions that never bring to you anything but greater distress.

So it is My Activity, as One assisting in the Fulfillment of the Divine Plan to bring about Uninterrupted Harmony! If you would only let the Gentle Impulse from the Heart—just like a hand covering over the feeling at the solar plexus, be the Authority, you would move forward on an even plane to one Victory after another, if you will give that obedience to the Unfed Flame in your own Heart! but remember the feeling at the solar plexus does not want you to fulfill the Divine Plan. Now understand that thoroughly! Unless your feelings are harmonious at the solar plexus—any other feeling there does not want the Divine Plan fulfilled, and drastically moves into action to prevent Its Fulfillment.

Now then will you try, at least for the next thirty days, to command your emotional bodies to be still and harmonious, so your feeling world is at ease? No matter what is going on ; no matter what you are doing, please do that! You can do tremendous physical work, my dear ones, and yet your Inner Atmosphere be perfectly at ease, the Light very clear and very bright. You can use great strength, great energy thru your muscles and yet your feelings be at ease in the Inner Bodies.

I know you think that other individuals disturb your ease. Well, that is because you let them. Nobody in this Universe can disturb you, if you make up your mind that your "Mighty I AM Presence" is the One that is going to shut them out and

shut out their disturbance ; but if you think you have to shut out that disturbance, then the battle is on, as soon as you think that.

When you have made up your mind thru your "I AM" Decrees, to be at ease, to hold Harmony uninterrupted and fulfill the Divine Plan, then you will say to your Presence: "Now my 'Mighty I AM Presence' and Higher Mental Body, You stand on guard here, and You compel this for which I call, to be manifested and I give you all Authority to do it." You might say to Me, well my Presence always has all Authority. Oh yes, It always did, but you took it away from your Presence. The moment your feelings become disturbed, you have taken the Authority, the Harmony away from your Presence, away from the fulfillment of your call! The "Mighty I AM Presence" does not know how to feel discord! Your Higher Mental Body won't allow Itself to feel discord! So the moment that discord comes into your feelings, you know very well, that the discord has driven the Higher Mental Body back ; and Its Authority is not allowed to control your energy before you come into distress, physical, financial or otherwise. Please remember the human discord is not more powerful than your Presence or Higher Mental Body, but you can only have Its Powers and Blessings thru your loving acceptance of Its Presence, for It will not intrude Its Perfection upon you. You must give It Full Command of your own Free Will—then It gives you all of Itself forever.

Now I am here to bring Divine Order, Divine Balance and the Fulfillment of the Divine Plan! That is My Service to the earth! That is the only thing Divine Justice is! Do you know now why your courts of law in the outer physical world have so little Divine Justice ; and how rarely Divine Justice ever comes thru those courts? Because they have not Harmony! They are an arena and a battle field of frightful discord. How can Divine Justice come thru those channels—tell Me?

If you had on a white suit and you walked inside of a chimney and you bumped against the walls, you would not expect to come out clean, would you? You know very well you would not! Well there is no difference! When people's Life energy goes into a court room and unkind feelings go forth, everybody is trying to prove the other person wrong. In the Name of God, how can Divine Justice prevail? Well, it just does *NOT* and you know that!

That is why the Divine Director and your Mighty Saint Germain have said to you: "There is no Justice in the outer world courts of Law." There is none there now ; therefore, if you want

Divine Justice, then you must charge Divine Justice into them, if they are ever to give any Justice back to you.

So in your Decree for the annihilation of all legislation, courts of law and legal procedure that does not guarantee and give Divine Justice to the people, I say, it is a very wise thing to keep giving that Decree! If the rest of the people of this Glorious Land wanted Divine Justice enough to give that Decree, nobody could impose limitation upon them! but people must say to the "Mighty I AM Presence" by the Authority of their own Life, what they want Life to produce out here in the conditions around them; and you cannot have the Fulfillment of the Divine Plan nor Divine Justice without Harmony! It is impossible!

So keep yourselves insulated. No matter what the other person does, if you are in channels where that discord is functioning, double your armor and Power of your Magic Electronic Tube of Light! Keep charging It with greater and greater Invincible Protection, so that you remain at ease; but you remain quiet and harmonious no matter what anyone else does, and keep saying to your Presence: "'Mighty I AM Presence' You compel Divine Justice here."

Now why is it so necessary for you to hold Harmony in your own feeling world, in order for your Presence to give you Divine Justice from the world without? Why is that so important? Because your Presence has to have a means of connection with the energy in this physical octave, which It does have thru your physical body. Otherwise, if It did not need that connection to render some Service for you, It would reach Its Hand out here and pour Its Radiation and compel Divine Justice regardless of what individuals do; but you have been told repeatedly, that the "I AM Presence" can only do for you what It can do thru you; and your Presence cannot do anything for you or thru you, unless Harmony is in you, and that Harmony means the feeling right at your solar plexus.

Why, if your feeling at the solar plexus is discordant, does it keep your Higher Mental Body from controlling conditions out here? Because, if your intellect has received clearly a right idea from the Higher Mental Body, the Presence thru the Higher Mental Body does pour that forth to help regulate conditions; and when you become disturbed in the feelings, there is a wave of discordant energy which goes right straight over the Stream of Light that is carrying the thought into the atmosphere about you, or thru your spoken word; but as surely as you feel irritated,

that discordant energy passes up and covers over the thought and spoken word from your Presence and distorts it. That energy distorts both the thought and the spoken word, and therefore when it gets out here, it is not the same as It was given to you by the Higher Mental Body.

That is why there was the old admonition in your copy books —“Think ten times before you speak.” That would be a very wise thing in most cases. If you thought ten times before you spoke, you would not have what you call social chatter; not for the “I AM” Students at least. Will you try that for one day?

I shall never forget the opinions of the students that were taken into Kuthumi's Retreat, when He was Pathegorus. In the Pathegorian School, the First Law was Absolute Silence, and that Silence was for five years. If you could know the criticism that was directed against Him in the feelings, because they could not speak, you can imagine what His Service was to that group of students in that life time; but after much loving and Infinite Patience and Untiring Instruction, those who survived the discipline and were not sent back to the outer world, became very Great Masters, because they mastered themselves first; and after they once began to speak, they never spoke except when it was really necessary and when people were ready to listen; but when they did speak, they spoke with a Power and Conviction and the very Radiation of their calmness and Self-control, was the Mastery that made mankind know that they were Divine and had Powers that people ordinarily did not have.

Well, so it is with My Request for Harmony in your feelings and the reminder to your intellect always, that whenever you want Divine Justice for yourselves, stop! and ask yourselves, if what you think you want, is the Fulfillment of the Divine Plan.

Now I don't mean for one second that the “I AM” Students are to allow individuals with vicious creations in the outer world, to injure you or impose viciousness upon you, not at all! The Fulfillment of the Divine Plan is Divine Justice; and if you are doing that which is constructive and there are those who want to interfere with you, control your feelings first, and then be dynamite against all viciousness! Hold your Invincible Protection, and even though you speak with great Authority and Power, you can hold your solar plexus perfectly calm. Then, when you ask the “I AM Presence” to release the Force, that is necessary to compel the shattering of that which is unjust, you will find it shattered very much more quickly.

The Great Divine Director, as well as Myself, is concerned

with Divine Justice, because in His Service to those on the Pathway of Light, He pours forth the Light Rays from His Heart, His Head and His Hands. What for? To help take away the human creations, that have interfered with the Fulfillment of the Divine Plan of those Life Streams.

Every Ascended Master works continually with the taking away of discord and directing the individuals' attention to the Light, to the Harmony, to the Obedience to the Law; and in trying to get each one's feelings harmonized, and maintained without interruption. There is no use decreeing for Peace and Harmony one minute, and the next time somebody does something you don't like, feel a lot of irritation at your solar plexus. That is like the frog in the well that walked up two feet one day and slipped back three feet the next.

You see the intellect has fooled you so long, because there has been the substance in the brain, which would not let the right ideas get thru; and it has had to take the shock generally of the irritation from the solar plexus, until when the right idea did come thru, the irritation in the feelings shattered it; just like static on your radio. There is no difference, it is identically the same action of the Law of Energy!

The energy in the Ray of Light coming from your "I AM Presence," carries the Right Idea, before it can get into the atmosphere about you; but if you have become disturbed in the feelings, these rates of vibration in the feeling of irritation, shatter the connection with the right thought. Then the mind becomes confused, because you forget the idea or the next one that belongs with it does not have a chance to get thru at the right time.

Bringing Divine Justice into the outer world, is quite a task these days, because people won't keep harmonious long enough to let It come! Divine Justice is always in the Light and the Light will always fulfill the Divine Plan; but when people in positions of trust and authority order Light shut off from mankind, then how can you expect Divine Justice anywhere—not until the Light is restored! Not until the Light is placed first! Not until that Light is given the Authority to hold the feelings Harmonious, and especially to consume fear, will mankind ever know Divine Justice!

I am going to say just like Others of the Ascended Host have said lately: Don't you accept for one moment, the suggestions of the outer world that say you cannot have this and you cannot have that. If you are to have supply in the midst of the

wild jungle of human selfishness, then you must keep up your "I AM" Decrees for your supply and your protection; and you must at the same time always refuse acceptance to anybody else decreeing to use the energy of your Life. This is where My Divine Justice comes in.

If you are to fulfill the Divine Plan of your Life Stream, then you have got to be Divinely Just to your own Life, and you are not, if you accept someone's else decree that you cannot have what God has created and placed here to fulfill Life's Divine Plan. If you accept it, you will have to live under it, but if every time any one says: We cannot get this or we cannot have so and so, say: Maybe you can't but my "Mighty I AM Presence" can, and then proceed to stay with your Presence in that call, until you get it and get it for all your loved ones, too, as well as for all who are constructive! (Applause—audience rising)

Thank you, precious ones! I amplify that and charge It around you, as your Wall of Protection of the Divine Plan Fulfilled! Just accept It. Just refuse acceptance to everything else, and you shall have the Supply of that Presence and the Ascended Host. Won't you be seated? Thank you so much.

Just remember this—in all outer world suggestions, whether they come from people in so-called positions of authority, or whether they are the mass accumulation of mankind thru the centuries, no human being and no condition of limitation of this outer world, is authority over your "Mighty I AM Presence," and you are connected with your "Mighty I AM Presence" by the Ray of Light in your Heart—your own Life. You are still connected with that Presence which is All Authority and the only Eternal Authority; but you have to be on guard in refusing acceptance to anything that you do not want to experience.

Because somebody else says a thing is thus or so, or because there may be a million people experiencing it is not authority over your "I AM Presence"; because if you will keep harmonious and your love goes to your Presence, you are insulated in a world of your own, and what is out there has nothing to do with you; unless it fulfills the Divine Plan. If it be discordant it does not fulfill the Divine Plan! If it be discordant, it is not Divine Justice!

You have no idea how great is the pressure of that suggestion which the outer world has accepted, of more and more and more limitations being imposed upon the American people! You, being atoms in the body of the mass of the people, can be like a Blazing Sun whose Light is ever increasing and expanding—

intensifying. It is just like a flower growing, it just grows and grows and grows greater and greater. The pressure then becomes more and more intense, and it just drives and drives back those suggestions, until they are compelled back upon those who sent them forth.

Now remember, whenever you are handling problems your first Law of this Universe, your first obligation to Life is to fulfill Its Divine Plan and the Divine Plan of your Life Stream is Harmony forever! That is the whole of the Law! The first commandment said: "Thou shalt have no other gods before Me," and that is your Glorious Adorable "Mighty I AM Presence." That Presence in Its Radiation thru you, is the Harmony, is the Fulfillment of the Divine Plan, and anything or anybody that wants to upset your Harmony, just needs to be handled with very definite force; and when sometimes, you suddenly come up against a very discordant individual, or something flares—let Me give you a Secret! The first thing to do is not to talk for one full second or a half second. Hold yourself absolutely still for just a few moments before you say a word and in those few seconds of absolute stillness, you can call to your "Mighty I AM Presence" to take possession and rule with full Power!

Now, I am going to give you a very practical suggestion—no, just an idea! It is not a suggestion, because it is an Action of the Law. Many times, when something goes wrong with your automobiles, if instead of becoming irritated or disturbed, you would just be still before you start to do anything, just be perfectly still a few moments; then call to the Presence to take possession, fulfill the Divine Plan; to illumine and show you what it is necessary to do to produce Perfection, your problem would be solved much more easily, but as a rule in those conditions, the first feeling that goes forth is one of irritation or feeling provoked because it stopped. I know, it is not a very pleasant thing, but still, there is no reason why it should disturb the Inner quiet atmosphere of your world, just because the automobile does not go. A great many have not in the past. They have stopped many times. There is no reason because when something needs attention, that it has to interrupt the Harmony of your Presence! If every one would just be still for a few moments like that (motion of the hand) and take the outer self in hand first, ask for illumination on the subject, then try to do the necessary physical thing, you will find it will be just like the Hand of the Presence going before you. It will either show you where the cause is or correct the condition before you can do anything else.

I could go on and on in applying this to your business activities, to your homes and to everybody and everything on the planet; and since I must some day see that Divine Justice is done to all Life, I think I shall be here as long as Quan Yin. (Applause—audience rising)

Thank you precious ones, I accept that Love and I shall stand guard and help you to fulfill the Divine Plan thru that Love. Won't you be seated please?

You know there are several of Us who have accepted the Responsibility of seeing that Life's Divine Plan for this earth is fulfilled. My Beloved Saint Germain and the Blessed Quan Yin have loved mankind so long and so intensely, that They have taken that Responsibility, accepted It under the Action of the Law of their own Life Streams, for the cleansing of the earth; that it may enter the New Cycle and go forward to the Fulfillment of Its Divine Plan!

Like the Goddess of Purity, most of My Activity is the building. You have never quite thought of Divine Justice as an Activity of Creation, had you? Your Beloved Quan Yin in Her Great Love and Mercy, together with Saint Germain's Love and Use of the Violet Consuming Flame, have to come first and cleanse away the discord before Love, Wisdom and Power in Perfect Balance can bring about the Fulfillment of Life's Divine Plan! The Goddess of Purity supplies the Substance of Light to fulfill the Divine Plan and I stand as the Balancing Action of the Sacred Fire with Love, Wisdom and Power governing and directing the Substance of Purity. Thus, We move forward to the building permanently of the Golden Age, which becomes Life's Tribute to our Beloved Saint Germain. (Applause—audience rising)

Thank you my loved ones, We offer that to Him in all the Devotion of Our Hearts for Eternity, because of His Love and Assistance to mankind for so long. May every human being on earth love Him as you do, and at the same time We offer that same Devotion to the Beloved Quan Yin whose Love and Forgiveness are certainly Cosmic and Divine. Thank you so much, and won't you be seated?

Since many of you are of the Legions of Light who will assist both Saint Germain in the cleansing activities and the rest of Us in the building of the Permanent Golden Age, then it becomes a Family affair. You see in the building of that Golden Age, which is to be permanent to the earth, is the Culmination of the Fulfillment of the Divine Plan! The Mighty Blessed Jesus during the time of His Ministry, came at the darkest hour of mankind's

enslavement to their own human creation. His Light has expanded thru the centuries and in the service which Our Beloved Godfre has rendered, each time more Light is added to the Manifestation coming forth to assist mankind. Each time that Light grows brighter and just like a planet expands and expands, until It becomes a great tree that no storm can destroy.

The Great Work of many centuries is coming to Its Fulfillment, in the Permanent Golden Age that is entering into the earth. The cleansing must come! The Love and Mercy of Quan Yin must bring within mankind, God's Forgiveness that lets the Light begin to show them the Way out of the shadows. Beloved Saint Germain's use of the Violet Consuming Flame and the Great Command of the "I AM," is the Scepter of Power and the Assistance which He offers to those who are returning from the shadows, and are entering once again the Father's House—the Mansion of Light!

It is My Privilege, together with Others, to be a part of the building of that Permanent Golden Age. You too are the builders and you too must know that Divine Justice to Life means the Fulfillment of the Divine Plan with every breath you breathe and every heart beat, every moment of every day; until the Edifice or the Great Temple of Light, built over a period of time, stands revealed as a Tribute to Life's Perfection and a Temple of Love and Gratitude to those who open the way for your Freedom.

The Beloved Godfre in His Service of Healing really stands as the Great Physician to wounded humanity—in an hour, when they need Friends of the Light who will rescue them, and heal them; who will cleanse and love them; who will set them safe on the Pathway of Light and guard them, until they have passed thru the Doors of doubt and fear and entered into the Freedom of their Victory in the Ascension. (Applause—audience rising)

Thank you, beloved ones, while you are standing, I want you to know that our Beloved Godfre has healed, and healed, and healed, all thru the centuries with a Love that has always fulfilled the Divine Plan, and that can never fail you nor any part of Life. He IS the Great Physician! May mankind accept the Power He wields, have the Freedom that He can give, and be forever released from their distress. Thank you, beloved ones, for your Love to Us all. We shall come back to you without limit, and when you least expect it, We will step thru and you will be unafraid. Thank you, won't you be seated?

Within America's "Cup" of Light abides the Unfed Flame,

the Way and Means of Fulfilling the Divine Plan, of holding Balance, of holding Harmony; because when you have Love and Wisdom controlling Power or the energy in your feeling world, then will you thru that Balance be able to fulfill the Divine Plan; but you must have the Unfed Flame to compel Balance in the energy of your emotional bodies; before you can maintain Harmony permanently, and allow the Divine Plan to go forward in Its Full Power and Victory.

It is My Great Privilege and Responsibility to enable you to feel that Expanding Unfed Flame from your Heart, spread Its Mighty Radiance over the energy in your emotional bodies. Thus, It holds steady the Flow of the Light from your Presence. I shall walk beside you and I shall prompt you many times to remember Me and to remember, that DIVINE JUSTICE is always to Life everywhere—to release It from all discord!

So remind yourselves to Will Divine Justice to everybody and everything—first to mankind wherever you move, to the plant life of the planet, to the Beings of the Elements, to your fellowman and the Ascended Ones above; because Divine Justice is the Fulfilling of the Law, the Manifestation of the Divine Plan in Action in your physical octave; and if you are really going to give Divine Justice to Life, to Our Life in the Ascended Masters' Octave, then you will maintain your Harmony and provide Us with an Open Door thru which at any moment, We can pour any amount of Power necessary to illumine the minds of mankind, to quiet and purify the feelings, and compel the darkness to disappear.

Divine Justice to your Presence means to hold Harmony in your feeling world, and let Its Right Ideas and Its Love pour thru you constantly to release Its Perfection into the world about you and fulfill Its Divine Plan. Your Divine Justice to your fellowman, is to call for the annihilation of everything that is of the shadows; because it interferes with the Harmony and the fulfillment of each one's Life Stream, in Its Release of the Divine Plan into action. Your Divine Justice to Us, is to maintain the Harmony and let Our Greater Perfection enfold you and all you pour forth, to bless all the Universe about you! Your Divine Justice to the Forces of the Elements, is to command the annihilation of all impurity imposed upon them by mankind, so they too may become harmonized and fulfill the Divine Plan in the physical octave. Your Divine Justice to the world, is to carry This Light which consumes the darkness, so the Divine Plan revealed may move into outer action, the Permanent Golden

Age to the world and dissolve ahead of you all that is of the shadows before it can approach.

My Loved Ones, the use of the Unfed Flame—Love, Wisdom and Power are held in Absolute Balance, and maintaining thru that the Uninterrupted Harmony, means the Mastery of Love, the Divine Plan Fulfilled, the Purity, the Freedom and the Victory of all that is constructive for yourselves and for your fellow-men and women everywhere. Then, the Powers of Nature and the Forces of the Elements come into full cooperation with the Ascended Masters and the Angelic Host, in raising all into Their Ascended Master Octave of Life and Perfection.

We move forward to the Fulfillment of God's Destiny for mankind, the earth and its atmosphere, and whatever must be done between now and the completion of its accomplishment, can only be done by calling into action thru yourselves, the Violet Consuming Flame, the Cosmic Blue Lightning of Cosmic Purity, the Cosmic Obedience and Self-control that compels Harmony maintained without interruption. Then you will find the Divine Plan fulfilled each day, each hour, each instant, until as the Beloved Nada said to you, as you continue to call to the Presence and hold the Harmony, each moment of the day—every service of the outer world becomes without considering it, the Perfect Divine Service of the moment.

Be strong, my dear ones, in your fearless determination to maintain Uninterrupted Harmony in yourselves regardless of anybody or anything around you; and when you have proved your strength to your "Mighty I AM Presence" and the Ascended Ones, and you do not let irritation and destruction about you make you do something that is wrong, then will All Powers that Life contains, be conferred upon you and safely will you go forth in their use for the Freedom of the world.

Stand True to the Trust Life has placed upon you! Compel Divine Justice—the Fulfillment of the Divine Plan to come forth and reign Supreme in America; to guard her "Cup" of Light that the Divine Rights of Free Men, may become a Reality thru-out the earth and Saint Germain's Cosmic Authority take Its Dominion in America—to release Life everywhere on the planet from all that has been of distress and limitation thru the centuries.

The Incoming Cycle is the Open Doorway to a Divine Vista of Magnificence and Perfection, but only thru the cleansing of those under This Radiation and their willing obedience, can the Cosmic Law accomplish the Fulfillment of your Destiny and the Destiny of America. Only then can the redemption of the earth

take place and it be raised into the Octaves of Light in the Fulfillment of the Divine Plan.

Therefore, only as you maintain that Harmony, can I come to you in greater and greater Power of the Unfed Flame, to guard, to supply, to illumine, to protect and to take you thru safely and Victoriously into Infinite Freedom for Eternity!

May the world this night turn its attention from war, unto the Heights of the "Mighty I AM Presence," the Ascended Host and unto the Light! to be drawn into Its Heart and let the Blue Lightning of Cosmic Peace strike everywhere and compel the Fulfillment of the Divine Plan in the Ascension for all.

I thank you for this night and I shall not leave you! Call to Me and I will help you to hold Harmony Invincible in and around yourselves, that Divine Justice to Life may be the Ruling Authority in and around you, until all are Victorious and Free.

Thank you beloved of the Light!

### SAINT GERMAIN

*You know when destructive forces generated by an individual reach a certain point, they have to do one of two things—find an outlet or return upon its creator.*

### SAINT GERMAIN

*Beloved ones, there is no one, today, that realizes how one who reads or listens to a vicious thing, how much that enters their feeling world in spite of themselves! It riles you; and even if you keep yourself calm so far as the disturbing feeling is concerned, if your eyes are registering that thing, you are letting it into your feeling world as sure as you do it! Therefore, do not only keep your attention, but your vision off destructive things!*
