

BELOVED MASTER JESUS' DISCOURSE

CHICAGO, ILLINOIS

DECEMBER 25, 1944

CHRISTMAS DAY — AFTERNOON

BELOVED of the Light, it is My Great Joy in coming into the atmosphere of earth today, to see the Love and devotion to your hearts, your acceptance of Me; and I thank you for the assistance you have rendered, in calling forth My Luminous Presence to enfold mankind whom I love so dearly. I have loved mankind so long regardless of their mistakes, regardless of all that is in the world today. "I AM" the Love and the Peace that all are seeking and which all must one day become.

I offer the Light, I offer the Love, I offer the Peace of My Presence wherever "I AM"; and did I not tell you long ago, that "I AM" with you always. I wish you would with Me feel these Statements that I made so long ago and which are just as True and powerful today, even more so, then they were in those centuries when only a few understood what I said. The Statements are meaning more to mankind today, because more have a real comprehension of what I meant when I spoke those Words.

When I said: "'I AM' in ye, ye are in Me and we are all together in the Father," then your statement, "I AM" HERE and "I AM" THERE, "I AM" GOD VICTORIOUS EVERYWHERE, or whatever you wish to say following that, is the Acknowledgment that this Light which "I AM," the Perfection which "I AM" to the earth, is everywhere acting thru all Life whenever individuals turn their attention to Me, or whenever I pour My Love to them.

When I said: "'I AM' with you always," I meant that, because My Flame of Love is in and around your Life Stream until you stand Ascended with Me; and none in the Universe can change My Love and Determination to give you that Assistance, regardless of any struggle, past, present, or future, that you might contact. When I said that, I decided to abide with your Life Streams to watch, to wait and to enfold you in My Love, until you could feel Me in yourselves and when you feel Me enough, you will see Me in the Tangible Form. Do I make Myself clear?

I have come to thousands thru the centuries for I have kept My Word when I said: "'I AM' with you always." When I said: "Call unto Me and I will answer Thee," I have kept My Word to all who have ever called to Me! I shall always keep My Word to Life when any part of Life calls to Me, and I will answer, for "I AM" with your Life always.

When I said: "‘I AM’ the Way, the Life and the Truth," I meant exactly what those Words convey. "I AM" the Light of That "I AM Presence" which stands above every human form, that ever came on to this world or ever will. "I AM" One with that "Mighty I AM Presence" of each one and since My Body is All Luminous, then "I AM" the Light! Since My Understanding of Life provided the Power by which I accomplished My Victory of the Ascension, then "I AM" the Way unto that Ascension! Since My Words are Life, the Truth of Life, then "I AM" the Truth in the Words I have left for mankind to follow!

There is but One "I AM" Presence thruout Infinity because there is but One Life, One Energy, One Substance, One Activity that you call Space, but I call Life. Since "I AM" Life, then "I AM" the Light, the Way and the Truth of that Life, which "I AM"! "I AM" That "I AM" to the earth! Therefore, since "I AM" Life, "I AM" in you! Since you are Life, you are in Me. Since We are both Life, We are all together in the Father, the Unfed Flame from the Great Central Sun that reigns o'er all Supreme.

When I said, "‘I AM’ the Open Door which no man can shut," I meant just what those Words convey, because My love poured to your Life, is the Open Door by which you can attain your Ascension! It is the Open Door thru which you may receive an answer to every call from your heart; and not all creation can shut the Door of My Love to Life, be it your Life here, or Life in Infinity or Life in the structure of earth itself. "I AM" the Open Door that no man can shut, because "I AM" the Open Door of that Flame of Life from the Central Sun, which none of mankind can ever interfere with; none can ever close! Then since "I AM" the Open Door of that Cosmic Love which transcends every human concept; since "I AM" the Flame of Peace, for "I AM" the Prince of Peace, then "I AM" that Love of Life which is all Authority in this world forever! "I AM" all Authority over all discord of mass generation.

When you use My Ascended Jesus Christ Consciousness, then the Flame of Love from My Heart, flashes to enfold all to whom you call that forth; whether it be within yourselves or sent to your loved ones, or to correct a condition of a State, the Nation or the world.

When I said, "‘I AM’ the Resurrection and the Life," that is the Authority and the Power of the Flame of Love from My Heart which raises every focus of energy, no matter by what qualified, takes command of it and turns it again into its own right

channel of manifestation, where it fulfills the Divine Plan and produces Perfection Permanently.

Therefore, when you use that Statement, "I AM" the Resurrection and the Life, My Flame of Love, the Flame of My Life, being Authority over all manifestation in this world, causes any quantity of energy to be raised into the Perfect Qualities which "I AM" in the Ascended Masters Octave of Life, where I now abide! Therefore, by the use of that Statement, you can cause the energy in any condition to rise out of the human qualities and go forth into the constructive action of the fulfillment of the Divine Plan; exactly as you would turn the tributaries of a river into a different direction by cutting off the channel wherein they ran before.

This perhaps is one of the most powerful Statements I gave. "I AM" the Resurrection and the Life! That Statement means more than just My Ascension! It means more than My Resurrection, because when I said: "'I AM' the Resurrection and the Life," it means that My Flame of Love is the Cosmic Authority and Power which can direct any stream of energy up into Perfection, up into the fulfillment of the Divine Plan. And when I said: "I AM" the Life, mark you, I said "I AM" the Resurrection, which means the turning of the energy and raising it out of human qualities into the Octave of that which is Luminous, therefore Divine! I said, "I AM" the Resurrection and the Life, the raising of that energy and the Life of the Unfed Flame from whence it sprang.

When I said: "The Light of the body is in the eye, and if thine eye be single, thy whole body shall be full of Light," I meant exactly what I said. The Light of the body is the "I AM" Presence," and if you turn your attention and look there and continue to look there, the Light that you will draw back into your bodies, from the contemplation of the Source from whence the Light in your body comes, your body will become Light.

When I said: "Now are ye the Sons of God," I meant it. Who else could you be! You are the Projection from that "Mighty, Wonderful, Adorable I AM Presence," the Source of all. You surely know your Presence as the Father by now! None other has given you Life but your own "I AM" Presence.

When I said: "The things I do, all mankind shall do also," I meant it, just as powerfully as I meant anything else; because in the fulfillment of Life's Divine Plan, the Cosmic Fiat is for every individualized Flame of Life from the Great Central Sun, to do all I did! As It passes thru the substance and energy in the

embodiment of this world It must one day—by the expansion of the Love from within its own Flame, bless all! I mean by that the Cosmic Love from the Central Sun thru the Electronic Body, thru the physical structure, blesses the atmosphere of earth and the substance you contact. One day, as you allow that to continue to expand, It makes you the Perfection of Life, which "I AM" now!

Therefore, the Divine Plan of Life is to be Perfect, isn't it? I said: "Be ye Perfect even as your Father in Heaven is Perfect," your "Mighty I AM Presence." Within the Harmony of the Causal Body abiding in Its own Octave of Light, is the Focus of the Perfection from the Central Sun, that pours Itself thru the physical forms of earth; and when they are harmonious enough, It will bless all whom you gaze upon and all will become Perfection who harmonize themselves.

These Statements, My dear ones, are the Law of Life! They are the Law of My Life! They are the Law of all Life, and I came to give the Mastery, the Freedom, the Perfection, the Power and Powers of the Life which was in Me. Thru My Love to the rest of Life, I came to give the Perfection that helps all to become the Ascended Beings as "I AM." When I said: "The things I do shall ye do also," and if you will remember I promised greater things, I said: "Greater things than these shall ye do," I knew whereof I spoke; because I know and you know that Love is ever-expanding Perfection and Permanent Happiness to all.

Therefore, your journey thru this world is not just for the satisfaction of your own human desires. Your journey thru this world is to expand the Perfection from within your own Flame of Life; to send forth Its Love and Blessings to all that you contact; and when you have expanded your Flame to a certain point and the substance of your bodies has become purified and luminous, then will you rise into the next Octave of Light, the next room of the Universe. There, free from the discordant qualities of this world, will you continue to expand the Outpouring of the Flame of Love from the Heart of Creation, to the rest of the Universe in Magnificent Manifestations of Beauty, of Joy and of ever-expanding Perfection.

Why tarry in the discordant senses gratifying the feelings of the human qualities within you, when every one of your Life Streams has anchored within your own Blessed Hearts the Unfed Flame which, if called forth constantly into outer action, can make you Beings of Magnificent Mastery, tremendous Victory and accomplishment?

When you live, My loved ones, to glorify the Source from

whence you came; when you live but to expand the Unfed Flame, will all the Powers of Freedom be yours; and all the Mastery contained within Life, will open the doors to you wherever you move, to the Perfection of the Universe around you.

Since the outer world today has its attention upon My Life Stream, in their Love and acceptance of Me, "I AM" greatly privileged to expand the Love, the Flame of My Own Life Stream to every other Life Stream on the earth who gives Me acceptance! Even with those who do not, still do I know there is nothing in the Universe, that can keep Me from wrapping My Flame of Love around those Life Streams, whose human creation is of such density and quality that it thinks it does not love Me nor accept Me. There is nothing in all Infinite Space can prevent Me wrapping the Flame of Love from My Life around every part of Life, which has ever come on to this world or ever will; and the more My Heart's Flame floods the earth, the more the discord is dissolved, the same with yourselves.

That Beloved "Mighty I AM Presence" above each one, your Higher Mental Bodies, We, the Ascended Masters and Cosmic Beings, ask not permission to perform in this world! We pour Our Love and Light! We pour Our Blessing and Perfection! It stands waiting like an Ocean of Substance and Flame, to flood thru any place where the opening is provided. The Cosmic Law demands a certain action of mankind's Free Will in reaching up to Our Octave for greater Assistance; because mankind has turned away from the Perfection of their God of their own Free Will, and they must turn back of their own Free Will!

May I say something to you, Beloved of the Light, that should be very encouraging, for the world is almost at this point? When destructive forces reach a certain momentum, their own destruction recoiling back into itself, causes a reaction like a ripple in a pool of water when you throw a stone within it, while it travels to the edge of the pool, yet it travels back again to the center. So it is with destructive forces, when their momentum reaches a certain point and wave after wave, after wave, of their own destructive momentum sweeps back upon them, many of the outgoing waves might themselves return but had never reached the edge. Had you ever thought of that? Well, some of the destructive forces of the world are reaching that point now, and thanks to the Great Law of Life when things reach a certain point of destruction, they have to stop because there is no other place to go, and then they have to travel back to the center again.

Mankind has about exhausted its capacity to think of any

more means of destruction! There is nothing more which they could devise that they have not already brought forth; and when their destructive creation and inventions, reach a certain point, the individuals who invent them will find that they will recoil upon the brain and body of their inventors, as the Cosmic Light is increasing in the atmosphere of earth; and compelling the destructive action to take its toll before it can reach the mass of mankind, and that is well!

Now as you turn your attention to Our Activity from the Octaves of Light, I wish you to know that every time you visualize My Luminous Presence or that of the Other Ascended Masters or Cosmic Beings within the atmosphere of earth, We hold that picture imperishable, Self-luminous and Expanding; so there is that much of the atmosphere of this earth which is charged permanently with Our Ascended Master Consciousness and Perfection from Our Octave of Life. Therefore, in visualizing this in and around people and conditions, remind yourselves that at your command, it is anchored permanently to produce Our Ascended Master Perfection there for Eternity and to expand It thruout Infinity. So don't feel when you have visualized Our Luminous Presence that We are gone the next moment, because We are not!

If you will realize the Action of the Law, that when you have visualized Our Luminous Presence, you have anchored the Substance from Our Octave into this world permanently; and It continues to grow just like a plant, because the Law of Our Octave is the Expansion of Perfection; and all the Energy and Substance of Our Octave is Permanent Perfection, ever-expanding. So if you draw It forth into this octave, remember, It is something that is going to continue to grow and none in this world has power to stop it.

Do you quite understand what you do, when you form the opening thru into Our Octave and the Substance comes forth in Our Luminous Presence, clothed in the Flame of Love from Our Hearts? When you do that It is held sustained and is expanded for Eternity! You who have been doing this over the last few days and those who have been doing it for months or years past, please feel Our Encouragement today. I want you to realize that Our Perfection which you draw forth into this octave is Our Permanent Ever-expanding Action of Life; and once It is here, It will grow until It has raised all into Perfection also! That is what I meant when I said: "If I be lifted up, I will draw all mankind unto Me." As I told you in the "I AM"

Discourses, the Etheric Record of My Ascension over the Hill of Bethany, will stand there a Vibrant Living Etheric Record, until It has drawn all mankind up into a like Perfection. Did you think I established that there to have something of human creation wipe it out a few centuries later? NO! The Perfection of Life does not act like that! There are many points upon the surface of the earth where the Great Beings all thru the centuries have brought Marvelous Manifestations of Our Greater Perfection of Life's Activity. These Manifestations have come from age to age and are established forever! There are points all over the earth's surface where those Mighty Manifestations have been drawn and anchored permanently, because if it were not so, the earth itself would have dissolved long ago.

The Great Cosmic Law of Life's Perfection definitely establishes Mighty Centers of Its Own Activities at various places on the earth's surface, to be the raising, harmonizing, controlling Presence in that locality; to hold the Authority of Life as the Governing Intelligence, until mankind can awaken to greater obedience and to the Fulfillment of the Divine Plan! At this time in the Cosmic Work that was started last night at midnight, "I AM" anchoring the Cosmic Flame of Cosmic Peace in and around all who will give It acceptance. In, thru and around each of you, It shall continue to grow, until It has claimed the earth into Its Heart forever. All the earth shall abide within the Cosmic Flame of Cosmic Peace from the Love in My Heart, and that of the Ascended Masters and Cosmic Beings Who assist Me.

Therefore, beloved ones, no earnest effort is ever lost! Everything you have ever called forth from the Ascended Masters' Octave is anchored here permanently, and will forever expand until everything human is burned out of the Universe and all has returned to the Perfection that it once was, expanded into Our Octave.

Therefore, when you feel in and around yourselves My Luminous Presense, I will anchor each time, another Intensification of the Flame of Love from My Heart! It shall fill you and surround you! It shall protect you and supply you! It shall lift you and shall heal you! It shall enfold you and make you Victorious, if you remember Me.

When I said to those at the Last Supper: "Do this in remembrance of Me," I said that, so each time your attention came to Me, a Greater Expansion of My Flame of Love from My Life, could anchor within to enfold each one and raise each one higher

and higher, until the moment of their Victory. So I offer It to you the same way!

I say, visualize My Luminous Presence! Call forth My Mastery, My Love, My Power and My Powers! Use My Ascended Jesus Christ Consciousness and My Perfection which "I AM" for "I AM" that "Mighty I AM Presence"! and every time you visualize this, do it in remembrance of Me, so I may have the connection, thru which to send you a Greater Wave of My Love for your Perfection. Won't you give Me this opportunity? Will you give the Others of the Ascended Masters the same opportunity? Will you feel that, when a Wave of Our Energy and Love comes thru your bodies, and you feel the thrill of that Electronic Force? Will you feel right then, that It is a Flame from Our Octave planted permanently in and around you, which begins to expand; and then give Our Blessings to all the Universe forever, and let It ever grow greater and more Powerful in Its Outpouring thru you? I want you to have this Deep Understanding today, of what occurs when you visualize the Luminous Presence of an Ascended Being or a Cosmic Being, into the atmosphere of this world and give that Activity of Life acceptance. Remember this—that It may expand Its Blessings and Perfection to assist you and all Life forever.

If you would do this often enough, there is not a thing of your human creation which could remain in your bodies. There would not be a thought or feeling, My loved ones, that could distress you if you would remember Me and Those Ascended Ones who have offered you Their Assistance.

If every time you are conscious of a human limitation, you could remember Us and ask Us to take its place, We will do so. We are waiting to set the earth Free! We are waiting for you to Ascend and fulfill the Divine Plan's Perfection for you! We are waiting to bring upon this earth the Perfection from Our Octave, so It may once again be Luminous from the Light in the bodies of mankind who walk this way! Please feel that every time you visualize Our Luminous Presence, the Flame of Love from Our Hearts takes up Its Residence in you forever. Then will you truly know the meaning in those words, "I AM" in ye, ye are in Me and We are all together in the Father, the Glorious "I AM" Presence of Infinity.

When you turn your attention to Me, My Charge of Electronic Force blazes thru your bodies and you feel My Radiation, am I not nearer than breathing and closer than hands and feet? I think you feel Me today more powerfully than ever before! This

day, while My Love pours to you Its Illumination for your Freedom, this day does the Intensification of Cosmic Peace come into the world. All the Love that I pour to you, shall carry the Cosmic Flame of Cosmic Peace to envelop the world, just as if a Flame descended; and then from that Flame another Flame enfolded the earth in Cosmic Peace, until that Fire Element has burned away all that hides that Glorious Presence from the sight of any human being.

I am taking full advantage of your Decrees and I thank you for them, because one day, you shall hear the Music at the Inner Levels which is the Rejoicing of the Angelic Host and the Cosmic Beings; that the mankind of earth once again has loved their fellow-men well enough to call for the Freedom of all Life, with no consideration of the mistakes that have been made.

My loved ones, as you call forth My Luminous Presence, those who really need It, can just as well have the Healing Flame go with My Love as the Flame of Peace to the earth. If you will so call it, the Great Cosmic Healing Flame of My Love can go forth to Heal the bodies and minds of the people, as well as to compel Peace by the Fire Element of which "I AM" the Master. It is a Great Joy to see the Flame of Love from Our Hearts, Heads and Hands burn thru the atmosphere of a destructive condition, collapse the plans, reverse the orders, burn away the momentum and see the Hand of the Flame of Peace sweep onward in Its Pathway; and plant for Eternity the Flame of permanent Peace, Healing Peace and Cosmic Love Supreme.

Please feel in the future, that My Luminous Presence is a Cosmic Flame of Love, Authority and Power Supreme whose Command is Peace to all that is; the Victory and Freedom of Life's Divine Plan Fulfilled made manifest in this physical octave and be ever-expanding, until one day, it possesses the world and raises it into Our Octave forever.

I thank you for your Love and your music. I thank you for your Decrees! I thank you for holding to the visualization of My Luminous Presence, and I shall not fail you, not once will I ever fail you, the Beloved of the Light! I do not know how to fail and, therefore, you must succeed when you remember Me! You will always be Victorious when you remember Me.

I say to you again, With My Love I enfold you, with My Light I clothe you, with My Energy I sustain you, that you may go forth dauntless in your quest for happiness and be the success and the Victory of the Light which is your Divine Destiny forever!

Thank you, My loved ones of earth.
