

BELOVED MARY'S DISCOURSE

OURAY, COLORADO

AUGUST 15, 1944

BELOVED ONES of My Heart, I come tonight to wrap you in that Great Flame of the Peace and Cosmic Healing Power which "I AM" to the earth! For long centuries, I have poured that forth and nothing can resist My Love. Be at Peace, precious ones, be at Peace! I shall continue to pour that Flame of Love, until you have become Its same Great Power and Peace also!

We are so grateful when the hearts of mankind reach to Us for Assistance. When they call to Us for Our Assistance, We are so grateful that you give Us recognition, with the Conscious Understanding of what the Action of the Law is, and how you can cooperate with It. Then, We can come back to you and will continue to expand every bit of Light in and around you, until you have become the full Cosmic Feeling of your Dominion over everything on this Planet which is of human quality.

I want you to feel tonight, that in your efforts of Self-correction, when you have conquered something within yourself, which is of human quality or limitation, do you know really that you have conquered it everywhere in the outer world? When you have compelled Peace within yourselves and can hold your feelings quiet and at ease when disturbing conditions surround you, do you know you are that moment the Master of those conditions? Because every bit of energy and all the Beings of the Elements know, when you are controlling those Elements within your own body and when you have become their Master. They know when you hold Mastery over them, all other parts of any element will recognize that you have controlled it in your own Life Stream.

These things that seem like problems to you are not so to Us. You might think sometimes surrounding conditions are pretty fierce and true, they are; but My dear ones, you forget what some of Us went thru in the time of Our Attainment. You surely do not think Our Pathway was one of roses, do you? Do you know every moment, until the Ascension of My Beloved Son, every moment I had to be on guard against those frightful destructive forces; and that means thru a whole Life-time of thirty-three years. You have not been at this quite that long. In those days every diabolical force was directed against establishing the Example which Jesus left. The black magicians were determined that It would not be left as a Record in the atmosphere of earth,

but they were helpless before the Power of Light which He accepted!

In the time of Saint Germain's Attainment, as He told you, did you know the actual experiences thru which He had to pass in those middle ages, your hair would stand straight up. I think He once said, you would have to strap your hat on, if He ever told you His experiences. So this seems like such a mountain to you, I know presses heavily upon the emotional body, but We are so ready to lift that. We have come closer and closer this year into your atmosphere than ever before; and the purpose of that is to keep drawing the substance of Our Love and Our Light in and around your physical bodies, so you may maintain Peace. No matter what goes on in anyone's feeling world, Our Peace can come in and around your own energy and qualify it, insulate it and shut you off as completely from the surrounding vibratory action, as if it never existed. I want you to come to that Feeling tonight, because every particle of disturbance, My dear ones, is nothing but a rate of vibration of energy passing thru substance; and when you send forth the Cosmic Flame of Cosmic Love's Perfection into that, do you know what the Action is at the Inner Level?

If you call to your "I AM Presence" or to an Ascended Master to send that forth, It really is a Flame that floods forth and enfolds every rate of vibration in a condition. It changes its form and pattern and raises it into the vibratory action of the Flame, just as easily as you tune the harp strings from a low pitch to a high one; and just as surely as the low pitch ceases to exist, will your destructive condition cease to exist.

In using the Cosmic Flame of Cosmic Love's Perfection to enfold a condition, in either mind, body or in the atmosphere about you, It raises all into Itself. Now this is a peculiar expression, but that Cosmic Flame goes forth and loves the other rate of vibration into Its Own Vibratory Action. Now that might seem like you loved discord, but It is really the Flame dissolving the discord by the Power of the Sacred Fire. When the physical flame consumes a piece of paper, it draws that paper into itself, does it not? The paper ceases to be, and the flame remains always the Master Authority. If you throw a piece of paper into the fire place, the two have become one, have they not? But it is all raised into the Fire Element. The same is true in the vibratory action of your bodies. When thru much experience of disturbed conditions around you, the attention has drawn a certain amount of energy toward the physical body, there has

not been a blessing going forth to Life; but when you call the Cosmic Flame of Cosmic Love's Perfection to go into a condition, you have sent the Blessing of Life, to raise the condition in that place until it becomes one with It. The same thing is true in the healing of the atomic structure of the body.

Now I want you to feel that you, your Eternal identity is the Light Body within the atomic structure! The nerves within the body carry the Light from your Higher Mental Body, and thru Radiation It controls the atomic structure in the flesh and makes it go when and where you please, but you are the Being of Light! Your Light Body around which, or upon which, the atomic chemicals or atomic structure of the body are placed, is you! The Light Body is you! That is what you go out in at night when you go to sleep! You can just feel, oh, often during the day; "Well, 'I AM' the Being of Light from the Central Sun within this atomic structure," just as if you were a diver within a diving suit. The diver, when he goes into that, runs the suit around under the water; the same with you when the Light Body goes into the physical structure and you move that body about in the atmosphere about you. You are not the body, you are the Being of Light that wears the body.

Remember it is just as if you poured water thru a sponge to take out the substance you did not want there. Just so, can the Cosmic Flame of Our Healing Love pass thru your body like a breath, just as if you stood under a Niagara Falls of that Flame passing thru you, until you are completely at Peace. In visualizing that Flame, I would advise It Gold and Pink—Pink first followed by the Gold. That is the Vibratory Action of the Flame which carries Our Peace Radiation to the nerves in a body. It really fills the nerves with a vibratory action of the Golden Liquid, and It always brings Peace.

Try to fully comprehend the Cosmic Power which is within your call to Us. Just charge thru your flesh Our Great Feeling of Love to the atomic structure, even though it seems to be disturbing to you at the time. Simply use the Words: "'I AM' the Peace of Cosmic Love." "'I AM' the Peace of Cosmic Love," and each time see that Golden Pink Flame pass out thru the body with a Great Blessing to everybody and everything in the Universe. Cosmic Love, being the Hub of the Universe, and being the Highest Rate of Vibration of the Fire Element, everything in the Universe knows when you get enough pressure of that Cosmic Flame of Cosmic Love, it must subside and become that Presence in Action. I want to give you Our Feeling of It

tonight! I am sure you must feel It! Feel Our Gold and Pink Flame filling the entire upper portion of the body and just pouring Its Love to everything in Creation; pouring Its Love, Its Blessings, Its Perfection without any thought of anything but the Expansion of Itself.

Please do not condemn yourselves; do not condemn each other. Just rest within the Great Acknowledgment of pouring your Cosmic Love and your Blessings to all of Life, every particle of Life, when you see Life anywhere, My dear ones! One day when you become the Fulness of that Cosmic Flame of Cosmic Love, you will simply enjoy the daily release thru your every breath and heart beat, of saying to all Life everywhere: "My Love shall set you Free"! "My Love shall set you Free"! "My Love shall set you Free"! "I AM' God's Cosmic Flame of Cosmic Love that sets you Free," speaking to Life in everything; and seeing the Light and the Cosmic Flame expand, until It stands around the individual or the condition, and holds within Itself the Great Perfection of the Divine Plan in action. Everything abides within that Sacred Fire of the Cosmic Flame of Cosmic Love. It is the Healing Power of the Universe, and of the Nations!

Will you remember that the Cosmic Flame of Cosmic Love can never stop in the Universe! Therefore, when it comes to a condition that is to be handled, you cannot take the Cosmic Flame of Cosmic Love out of the Universe, because that is the Cosmic Law; but every rate of vibration below that must one day be raised into its Higher Vibratory Action. Therefore, everything human must one day come to an end and that which is Divine never ends! Remember the Cosmic Flame of Cosmic Love's Perfection is forever Divine! None can ever requify It.

May I ask you to consider every cell of your bodies as one of your children? Your consciousness abides within each cell of your body, and if you loved and forgave, yourself principally, and then anything that was around you which had caused any discord to be imposed upon the atomic structure; if you just loved it, just forgave it, then poured your Love and your Blessing to every atom in your bodies, you not only could heal yourselves, but you would beautify these bodies so they would very nearly resemble your Higher Mental Bodies. These bodies have been frightfully criticised, and are rarely blessed. Now let us just reverse the whole picture tonight. Say, "All right, let us stop that." We enter into a new day, and the order of each day is to

love, bless and thank every atom of your body for what it has done for you; what it is to do today, and what it is to do tomorrow, and the rest of the future. Consider your body your friend, your co-worker, your companion in a way; and when you have that feeling of loving and blessing the body, and thanking it for enabling you to accomplish the Fulfillment of the Divine Plan, your bodies will be very, very grateful, for the kindliness in your feeling. After all, in every cell of your bodies is Life, and Life is entitled to your Blessing! Just because some kind of vibratory action has been imposed upon that and changed its original Peace and Comfort, is no reason you cannot stop it the next instant, and begin to bless your bodies.

You are in these conditions of the physical world and you are in contact with the conditions in the physical octave, because you have all been a part of the vibratory action of the outer world, thru many centuries. Thru your own Life Energy released, you have sent forth Life's Energy qualified with many of the qualities which are in the outer world today. You have been a part of that. Therefore, because of that, you can be the most powerful way and means of the release of the whole earth from these conditions of war and frightful misuse of Life's Energy by the Authority which you are in this octave. If you have used enough of the Authority of Life thru your mind and body to create discord in the past, then you are still the Authority of Life thru your conscious command, to create anything that you desire to annihilate that discord. Do not yield your Authority to anything in this Universe, except the Power and Peace of your "I AM Presence" and the Ascended Host.

There are times in the outer world when you will need to be tremendously dynamically positive, and there are other times when you will be just as dynamically positive but with the Power of the Silence! You know there is a Silent Power which is very disconcerting to destructive forces, because they do not know what you are thinking about. When people are silent, the enemy so-called, is very uncertain as to what you are going to do. When you call forth the Cosmic Flame from the Heart of the Cosmic Silence, or the Great Silent Watcher's Cosmic Flame of Cosmic Power and Silence, that Silence and that Pressure of Energy, can go into a room with such concentration that a physical body cannot even move thru the room, until that Power is released.

Well, what do you think the vibratory action of destructive forces is, when all of a sudden that Pressure releases from the Great Silent Watcher and by the Silence, every rate of vibration

is stilled until the Cosmic Flame of Cosmic Love passes thru and is the Commanding Authority from then on. Many of you, I think, have not called to the Silent Watcher enough. Outside of Sanat Kumara, He was the first one that this Messenger kept calling to before the Dictations came forth; and that drew a certain enfolding Substance of Light around the house and the Messengers before the Dictations began. The Silent Watcher's Radiation, My dear ones, carries Tremendous Peace!

You have heard Our Precious Saint Germain and the Beloved Godfré say often: "In the Silence is God's Greatest Power." Well, the Silent Watcher wields Power beyond your comprehension, and when you call forth the Silent Watcher's Cosmic Flame of Cosmic Love and Silence, you will find every rate of Vibration in your bodies will be compelled to obey. I want you to feel this Ease, this Mastery, this Power tonight! I want you to become more accustomed to feeling the Silent Watcher close to you; because if you ever once begin to fully comprehend your Authority and Ability to call the Power of the Cosmic Flame of the Cosmic Silence in and around you, to silence everything that is not of the Light, you could intensify that Substance and Feeling in the atmosphere about you until people of the outer world, stepping into your atmosphere with intent to say something that was destructive, would not be able to speak the words. I think that would be a very Powerful Insulation.

If you will draw the Power of the Cosmic Silence in and around your bodies and atmosphere, to the point where it holds a feeling about you that automatically silences destructive forces, you will really begin to comprehend what Power means. One day, My dear ones, you have to come to this, because if you are really going to wield Cosmic Power, then when you deal with frightfully destructive forces, it will be very well to have that Substance and Authority of the Silent Watcher enfolding you, your atmosphere and your entire Life Stream, which compels the vicious creations around individuals, to be silenced before you approach. You will do mankind a tremendous service when you make them feel Our Authority over the human, which prevents them saying the things that would create such destruction. If you felt the Silent Watcher close enough about you, or rather His Flame and Luminous Presence enfolding you, you could shut off some of the orders of destructive forces in various channels of the outer world.

This Messenger had an experience in Washington, D.C., the last time she was there, that one individual will never forget.

There was a lady clerk showing her several things, and someone else waiting. She was deciding which one she wanted. There were several things from which to choose. The woman had a very vicious creation around her and was extremely disliked by everyone else in the store. She wanted to say something to this Messenger that was very unkind, and the Messenger said within herself: "No you don't." She said, "Silence"! That woman could not get it out. She could not say what she wanted to, and she did not know why. That is the Power I want you all to use. I mean I want that condition about you all; because when suddenly vicious creations around individuals want to interfere with that which is destructive, or someone whom you are protecting, and suddenly that Flame from the Silent Watcher comes into the atmosphere about you, I will guarantee, the individual will either speak harmoniously and decently, or won't speak at all.

I wish you would accumulate this momentum, for in a Court of Law it would be a very valuable asset, if it became necessary to handle frightful viciousness in those channels; because you can just as well paralyze, which means to stop the vibratory action, of the vicious creations around individuals and hold them helpless, as to be at their mercy. My dear ones, to Us it is such a useless thing for individuals who have this Knowledge of the Law, to constantly be disturbed by the human creations around other individuals, and to feel that you are at the mercy of that sort of thing; or that you cannot conquer it. You can! This is one reason I am reminding you tonight of the Flame from the Hand of the Silent Watcher; because when that Silent Watcher raises His Hand, He doesn't even have to speak a Word; the Flame goes forth and Silence reigns Supreme!

I am asking another thing tonight, and I think it will bring tremendous assistance to your Nation. Ask the Silent Watcher to take possession of all radio broadcasts, and silence every rate of vibration that is not the Purity, Blessing, Peace and Perfection of the Cosmic Flame of Cosmic Love! Now He is the Authority over more than you realize and you could call into cooperation with Him, the Mighty Aries, the Mighty God Himalaya, the God of the Air and all who govern the air currents of the atmosphere of the earth. If He saw a group of people, unascended mankind, who were calling to Him to release His Cosmic Authority and Power into the atmosphere over this land to silence every sound that was destructive, His Heart would leap with Joy, My dear ones, if you will give Him that opportunity to act.

In the calling forth of your Power of the Cosmic Silence, and

the use of your Cosmic Flame of Cosmic Love and Healing, as you take your Authority over all human creation, whether it be in yourselves or around you, never yield to the feeling that you are not Master of the condition. If you will remain within that feeling, and yet pour only kindness and Love upon the situation—when you have established that habit, you will find as you call forth more of the Cosmic Action of the Fire Element, you will be entitled to more and more Dispensations from the Great Central Sun! I mean Assistance will come to you in the outer world conditions, which will delight you greatly. If you call directly to the “I AM Presence” first always, then the Silent Watcher, to come forth and silence everything in this country that leads the people into limitation and destruction, silence every hypnotic suggestion to the people; and replace it with the Full Illumination of Our Cosmic Love, you will give Him an opportunity to act from a national standpoint; and will enable His Authority to dissolve much from your Government which has become a barnacle upon your Nation.

You could call to the Silent Watcher to silence every sound of war. You could render mankind tremendous Cosmic Assistance if you called, in the Authority of the “Mighty I AM Presence” of every Life Stream; in the Authority of the Great Divine Director and the Silent Watcher, to command and compel by the Power of the Cosmic Silence, the silencing of every destructive word that has ever been spoken into the atmosphere of Earth. You know the word, “STOP” which you give in your Decrees, is a powerful, sudden shock to the energy in destructive conditions; and when you release the word, “SILENCE,” in that same feeling and Authority, again it is a shock against the expansion of those destructive rates of vibration.

Now We come to the application of It in healing. My dear ones, We have to use that word, “STOP,” to destructive conditions which enfold an individual; or if there has been a creation built which is frightfully disturbing. When you issue a command in the Authority of the “Mighty I AM Presence” and speak directly to the consciousness within a destructive creation which is causing an individual distress, you can say to that thing—because it is a thing: “In the Name of the ‘Mighty I AM Presence,’ SILENCE! Be thou no more!” Do you think there is anybody’s human creation that does not have to stop instantly, when We speak those words? You are Life! You are the same Life We are! If We can speak those Words in the Authority of Life and make human creation stop—then so can you! Life

is Life, and within all Life is the Power to dissolve all human qualities which have been imposed upon Life!

Now "I AM" speaking perhaps more dynamically tonight than I think I have ever spoken into the atmosphere of earth; because I want to charge into your feeling world a reminder of the Cosmic Authority which is yours; to command every disturbing thing that comes to your attention, to stop, and be annihilated! I want to encourage you tonight, because you are going to move in very shortly, to a very rapid fulfillment of your Decrees! As more of the Cosmic Light comes into the outer manifestation, everything will act with greater speed, and as this is increased around you, it is going to be necessary to hold about you an atmosphere that particularly thru the Silence says to human disturbed conditions: "Silence! Stop! Be thou no more!" Do you remember Jesus, in the healing of those who had been insane, said: "Come out of him"? He spoke to the consciousness within that creation, whether it was the individual's own hate creation, or whether it was a discarnate—it mattered not. He spoke in the Authority of Life, and that Authority of Life is Supreme!

Now as you continue to gain a momentum in your Cosmic Call for Cosmic Mercy to be extended to all mankind—My dear ones, that is a Secret Power which compels Dispensations from the Great Central Sun to be released in Fulfillment of your calls. When various Ones of the Ascended Masters have gone to the Great Central Sun and asked for more Assistance in the handling of world conditions, those requests are considered, and then later on the Dispensation usually given; but when a group of unascended beings, driving to the Heart Center of This System of Worlds, call directly to that Great Central Sun for more Mercy to all Life here, you will compel Dispensations to be given for which even We had not even hoped.

I am explaining this, tonight, so you will not fail to keep up that Decree! Your calls for Cosmic Mercy to be extended to the Life of this world, will compel Dispensations from Those Great Beings in the Central Sun, that Oh My dear ones, We have hoped for throughout the centuries; and I know you will really draw forth Activities that have never before come to this earth; because now as you enter the New Cycle, or as you are already entering into the Incoming Golden Age, your call for Mercy to be extended, sets the Key-note of the Age; and that is what the Great Ones must have, before a certain amount of Manifestation can be produced in the outer.

Oh, My dear ones, just keep calling that forth. Whenever

you see anything wrong, just call for Mercy, governed with the Cosmic Flame of Cosmic Love and Divine Justice to Life! Command every wrong silenced and removed from the Universe forever! Then just go on pouring out your Great Gratitude to Life, so you can have and use Our Full Cosmic Power and Authority in this Octave, while you are yet unascended. That is the most rapid Raising Activity to yourself, your Nation, and the Earth! You could call to the Great Silent Watcher to release all His Cosmic Authority and Power; to silence all sound and action of every gun on this planet; and as you call for Our Mercy and His Power to rule the atmosphere of earth, you will be amazed at the rapid change in world conditions.

I want you to rest tonight in Our Feeling, in the Assurance, that when you speak these words in your Decrees, you have sent forth the same Life and Its Command, that We use. We have greater concentration of Energy, true; but your Life and Our Life, is One Life! The only difference between your Power in this Octave, and Our Power in the Ascended Masters' Octave, is that We have gathered more Cosmic Light Substance, and more Activities of the Sacred Fire within and around Our Visible Bodies than you have! In other words, Our momentum of Energy is greater than yours, but the Life, the Authority, Its Qualities and Actions are the same, and are always innate in your Life, the same as It is within Ours; because your Life is your Light, and within Light is all of everything! Within your Cosmic Flame of Cosmic Love's Perfection, you have ALL of everything! My dear ones, when you say, "I AM the Cosmic Flame of Cosmic Peace, and My Peace I give to all Life," Wave after Wave of that Peace does flow thru you!

I am going to repeat what Saint Germain said to this Messenger yesterday morning. She was calling for more Assistance, more Help; for some way and means of removing the substance that has been placed in the bloodstreams of mankind thru this frightful practice of injection during this war thru medical channels. Saint Germain very plainly said to her: "Well, they have used Life to put it in physically; can't you use Life to take it out physically? Your Life is certainly as powerful as theirs; and if they used Life to put it in, We can use Life to take it out, so why be disturbed." And I say the same thing to you tonight! If thru the use of Life's Energy, you have opened the door and created something to cause distress in the body, then by the use of your own Life can you call forth a Power that changes it.

Never fear, My dear precious ones, or have any sense of hope-

lessness, when above you stands that "Glorious I AM Presence" and the Ascended Masters, waiting and ready to answer your slightest call. Do you know how your calls come to Us? Do you know, the moment you speak Our Names, think or feel anything about Us, We are instantly aware of that in Our Octave, as a flash of Light? Why? Because Our Names contain Our Life! You cannot think, or speak, or write Our Names, that We are not aware of it instantly in Our Octave; because there comes a Flash of Light to Us the moment you touch or mention that which is the Cup of Light which indicates Our Identity to you. Our Life is all Light! The moment you write the Name of Our Life in the Light, about Us is the registration of that perfectly clear to Us. Mankind does not yet know the Power in the Names of the Ascended Masters! That is the reason you were told by Jesus, "Ask the Father whatsoever ye will in My Name, and He will give It to you."

You have been told, "Concerning the Works of My Hands, command ye Me." That does not mean that you order around the Beings in Our Greater Octaves of Light by any means; but when in the Name and Authority of the Great Creative Word of the Universe, you command a Manifestation to come forth, which is the Fulfillment of the Divine Plan, then that Presence and the Ascended Host rush to your Assistance to fulfill It. Suppose you command the Divine Plan of Perfection of your health made manifest thru your bodies, then your "I AM Presence" and the Ascended Host immediately focus whatever is required to bring that into outer manifestation, provided you hold Uninterrupted Harmony and give your "I AM Presence" and Us your undivided attention and call. When you command the Divine Plan fulfilled, by the Cosmic Flame of Cosmic Love's Perfection, by the Cosmic Flame of the Cosmic Silence, My dear ones, It must manifest! That is the Law of Life's Action! My dear ones, there is nothing on this planet can interfere with you, IF YOU KEEP AT IT! Those Decrees are in agreement with the Perfection of the Universe, with all that is Life's Authority. Why wouldn't Life fulfill that which is Its Own Divine Pattern, or Manifestation.

Now I am going to draw you an Illustration, because in this comes the Feeling of the Cosmic Love I want you to pour to your bodies. If you would love and bless your bodies as you do a little child that loves you; you take that child in your arms; you love it, you lift it up and bless it, and you set it down on its feet again. It is happy for that Love. If you would pour the same blessing

to your bodies, just pour your Love and Gratitude to them, and pour Our Cosmic Love into their substance which has served you so well, they would be purified and healed. When you breathe the Points of Light in the atmosphere about you into your lungs, those Points of Light carry their Radiation into your bodies.

When you accept the Ray of Light from your "I AM Presence," It carries Light and Perfection into the structure of your bodies. It releases Substance into those bodies, and that Substance is wholly Pure and Perfect when It comes into you. Then don't you think It is entitled to your Love and Blessing? It has come to give you all of Itself, to do with as you please. Why shouldn't you love It? It is a Great Trust of Life. Your body is the "Temple" of the Most High Living God—The Unfed Flame in your Heart! Then there will be no disturbance, My dear ones, in your minds, your bodies or your affairs, when you just learn to love and bless all Substance. Keep qualifying It with the Flame of Cosmic Love, Cosmic Purity, Cosmic Peace, Cosmic Health, Cosmic Silence, Perfection and whatever else you choose that is constructive.

We have been focusing your attention for months past upon the Cosmic Action of the Sacred Fire thru these various Flames, and your concentration of their Activities and Qualities into this physical octave; because We want you to have Our Healing Atmosphere around you. It is but a matter of continuation of your calls, My dear ones, to produce these Manifestations for which you call. If Life, thru Our Calls, has endowed Us, or We have drawn forth from within the Heart Center of Life to This System of Worlds, the Continual Outpouring of the Healing Flame; and We have drawn that until Our Momentum is so great that It answers instantly to anyone on the earth, you can do the same! We have done that! We were once unascended! You can do the same! I want to make you feel that you can do whatever is necessary to produce Perfection here and now! You don't have to wait, because We are ready to assist you at any moment.

Did you ever think of blessing your bodies with the Cosmic Flame of Purity and Cosmic Freedom? That is Saint Germain's Gift to you—His Cosmic Flame of Cosmic Freedom. That would enable Him to focus around you whatever Action of the Violet Consuming Flame that might be required—the Pink Flame, the Gold Flame, any colored Flame He saw you needed on the moment! Saint Germain has never refused you, precious ones.

He won't now! We won't refuse you! I want so much for each one of you, to become Oh such an Outpouring of the Power of that Healing Flame to everyone! Some of the Staff know something that took place upstairs here last winter when an individual was hurt, and this Messenger sat with the hand on the spine all night. She sat there pouring her Love to every atom within that flesh body, and within twenty-four hours, that individual sat up and ate a meal. She had been carried in on an ironing board, because she could not bend the spine which had been hurt.

Now My dear ones, you can charge the Cosmic Flame of Cosmic Purity and Love thru your hands. You can call the Cosmic Flame of Cosmic Purity and Love thru your hands, whenever you are doing anything, and you can command That to heal, to purify, to protect, to bless, to fulfill and expand the Divine Plan in all manifestation of the outer world in all you do every day. You can constantly remember that your hands are the Gift of Love from your "I AM Presence." You can bless them; you can ask that thru them flows the Cosmic Healing Flame of Cosmic Purity and Love, and everybody and everything your hands touch will be better, and permanently so if you remember this and are sincere and True to the Light.

I want you to feel and know how many, many ways you can release these Cosmic Flames, charged with this Healing Power, provided you call Purity thru yourselves first! You know of the expression, "The Great Love-Breath of the Almighty." Well were you to acknowledge: "'I AM' 'I AM' 'I AM' the Great Cosmic Love Breath of the Almighty; the Great Fire Breath, the Sacred Fire of God's Great Healing Flame; 'I AM' God's Healing Flame, the Cosmic Healing Flame to all Life," you could draw any intensity of God's Healing Power you desire, if you concentrate your attention enough, hold Our Cosmic Purity, Uninterrupted Harmony and make your calls continuous and dynamic! My dear ones, I could go on all night almost, showing you these Mighty Activities, until you would become so absorbed in the drawing forth of these Greater Actions of the Fire Element, the Sacred Fire, mark you, that you would just gradually raise into Their Vibratory Action. Then you would become a Pillar of Their Power in this octave, before your Ascension.

Our Healing Power can come thru this building, thru these "I AM Temples," thru your "I AM" Music Temples, which are to come forth here and everywhere to bless all Life! The other "I AM Temples" which are to come forth, My dear ones, can

become Cups of Healing Flame of Cosmic Purity and Love, if every one of you will pour out your Cosmic Love and your Blessing, thru your calls. Not one human thing can stand in your way, when Our Momentum begins to surge; and you are not to be concerned with anything but the releasing of Our Blessing and Mercy to all Life! When you call to the Great Central Sun, and Those Great Cosmic Beings there; "Oh God have Mercy on all mankind," and pour your Cosmic Flame of Cosmic Purity and Love to Life, My dear ones, Perfection is in action, and must come forth and reign Supreme!

Do you think, My beloved ones, all the Healings have taken place in the Shrines thruout the world, that have been established thru which they call to Me for Assistance. I am only One Individual Life Stream, am I not? Yet thousands and hundreds of thousands are calling to Me constantly. Every call which comes receives a Flash of My Flame on the return current on the instant; because I know that My Love can reach everywhere! Therefore, My Cosmic Flame can go forth and heal everywhere. Your Blessed Saint Germain gave you a Statement in the "I AM" Discourses, to say often: "'I AM' here, and 'I AM' there, 'I AM' God in action everywhere." When you pour your Cosmic Purity and Love to all Life, and then any particular part of that Life calls to you for assistance, back comes Our Flame of Love instantly thru that acknowledgment. If the people would just keep their attention upon It until It comes back, the Healings would be Instantaneous; and Eternal. When they are not, it is simply because the attention wanders, and it comes back to the body or the surrounding physical limitation; and does not keep the door open for the Perfection to anchor into Its Permanent Existence within the individual.

I think I shall christen you tonight, My Family of Cosmic Purity, Love and Mercy! I hope you may become that to all Life! Merciful first of all to the atomic structure of your own bodies. Merciful to the Life in the atmosphere about you, by blessing it and pouring forth your Love and calls for Perfection. Then the Great Cosmic Healing Flame can come thru you to all who call to you for assistance. I would love to help you draw forth Phenomenal Healing Power everywhere you move, until all mankind would look upon the "I AM" Students as a channel thru which they always received Perfection without fail, instantly, and It would be sustained forever! My dear ones, I want that to come about more than you know, because of My Love to Saint

Germain! He protected Me, My dear ones, in those years when the struggle was very great!

No one knows quite how I feel to Saint Germain, and it would be one of the Greatest Joys of My Existence, to see the "I AM" Students who represent His Freedom to the earth—everyone of you, become the Full Focus of Healing Power that never fails to produce Perfection in answer to every call; until all mankind would become aware that when they called to an "I AM" Student for help, they always receive Perfection instantly. Then would mankind begin to realize what they owe to Saint Germain! Oh, My dear ones, you can go into the depths of anything if it is necessary, and free Life from those frightful qualities, but you must have this Insulation about you of the Cosmic Flame of Protection from the Silent Watcher; because then when you come into contact with viciousness, it will be as if it struck a Wall of Steel and was silenced instantly by the Silent Watcher! If you give the acknowledgment, He will amplify and release whatever Intensity of Cosmic Power is necessary to compel Silence, if you will continue to accept and make the call; for that Flame to be charged around you, until none can speak destructively in your Presence.

We need this very much in the physical octave, because the mass of mankind must come to the point where they realize, if they are impudent and have vicious intent, the creation around those Life Streams, when it comes into contact with this Light, must be still and obey! Mankind must have an experience of that kind many times, to shock them out of the hypnotic control of their own destructive creation. From tonight on, will you please consider individuals who seem to be doing wrong, and seem to be injuring others, as victims of their own wrong doing? Instead of looking upon them as culprits of viciousness, will you just rather feel that they are the victims of their own creations of the past? In that way, your feeling of Mercy will go forth and you will be more able to call forth the Decrees, or give the command for those individuals' destructive creations to be annihilated.

Now, Our Beloved Saint Germain—bless Him for Eternity—is ready in the midst of the world's chaos to draw forth thru you, whatever is necessary to give mankind an experience which they will remember forever. In regard to His Authority, thru the "I AM" Students, to stop this war, to cleanse America, I come to your assistance tonight to pour My Love and offer all that I have; to help make you such a Focus of Healing Power, that

mankind will remember Saint Germain's Name, means Instantaneous Freedom and Perfection to all Life! In that way, We can assist Him greatly in His Cosmic Victory and America's Freedom!

Call forth if you like, My Cosmic Healing Flame, for I have a Great Momentum of that. After calling to your own "I AM Presence" first, then ask that My Cosmic Healing Flame compel Perfection made manifest, eternally sustained and expanded, and I will add everything I can to fulfill your calls. Then We can establish you in the outer world as the proof of Saint Germain's Freedom, Great Mercy and Love to all mankind, whenever they call to the Light for help!

Your Manifestations or Miracles produced thru this "I AM" Activity should come forth more and more rapidly; more and more powerfully, until the Medical Profession will be compelled to observe and know the Truth; and yet be silenced and unable to speak anything that could be derogatory to this "I AM" Activity longer. It is time that all viciousness against this Light and those who carry It, be removed from the earth; and it is because I want to help remove it, that I ask you to become Instantaneous Healing Assistance to the rest of mankind, in Saint Germain's Name; because the cleansing of the Medical Profession is about to come into outer action. All that is good in those channels We always bless, protect and expand; but the frightful viciousness in some of those channels has got to cease against Life; and the Purification of the blood streams of the race be established in the place of the frightful impurity imposed upon Life. Therefore, begin to draw your Momentum from the Silent Watcher! Call for My Purity and Healing Flame, and command Saint Germain's Freedom and Victory of Light to enfold all who call to you for assistance; and We shall see that the outer world is compelled to respect that which bears Saint Germain's Name.

My dear ones, from tonight rest within this of which I have reminded you. Feel that within Our Love is all Peace, all Healing Power, and it is Our Life, and Our Life loves to bless your Life. Our Life loves to expand all the Powers from within your Life, and Our Life loves all Life until Perfection reigns Supreme everywhere.

I bear to you tonight the Love from Jesus, and those Who are directly connected with the Healing Activities of the earth. I wish to remind you that during the Seven Sacred Weeks of the coming year, We shall greatly intensify the Mighty Miracle Power of Our Healing Love, especially to those of America and those

who give Us recognition in the rest of the world. So if you will give Us at least a little recognition each day, We will begin to gather the Momentum, so that when those Seven Sacred Weeks release their Out-pouring, each of you may step forth clothed in Cosmic Glory and Cosmic Power, and heal instantly at your command all who call to you for assistance. We will intensify that this year because of the greater need of mankind in the outer world.

So you can begin to build your momentum now, and when those Cosmic Rays strike the earth and begin expanding, you will be carried forward as it were, on the Crest of the Wave and be able to release much greater Power than otherwise would be. So live from tonight on, in the Great Love of Our Healing Flame; the Great Love and Cosmic Power of the Flame from the Heart of the Silent Watcher; and feel your Mastery of Life go forth to control around you, that which must be dissolved and released from the earth, in order to set America and all mankind Free.

I have one more reminder. It would be very well for your country, if you call to the Silent Watcher to silence every claw of communism in this land. Compel the silencing of every communistic claw in this country, and I think you will receive very Great Help very quickly. In conditions and activities where communistic viciousness is going on, you can call directly to Saint Germain and to Others to charge forth whatever is necessary to silence every communistic activity and set America and the whole world Free.

May that Cosmic Flame of Healing Power which "I AM," enfold each of you and expand your own Momentum, until It becomes so great that those who look to you for assistance, will realize what Saint Germain means to the earth and give Him the Love which enables Him to set them Free too.

Will you rest tonight, in My Cosmic Flame of Cosmic Love, Cosmic Peace and Healing Power? "I AM" very Real! All the Power I have gathered thru the centuries, can be charged with the Great Cosmic Healing Flame to enfold you and all who need release from human qualities. I want that to expand thru each of you, until We have drawn all Life out of all human qualities; each one knows the Reality of the "Mighty I AM Presence" and the Love, Freedom and Victory of our Precious Saint Germain. Oh, My dear ones, all the Love in Eternity could never repay Him for what He has done for Me, so I plead with you to help clear away all human concepts; that His Name shall mean Freedom to every particle of Life on this planet from

tonight. May all viciousness to this Light and those who carry It, from this hour, be no more! You step forth, and just see those Miracles of Healing take place in such Love, that mankind on bended knees will ask for the "Mighty I AM Presence," so It may be acknowledged to give the Freedom of Life to all.

May your Cosmic Call for Cosmic Mercy to the earth, register tonight in the atmosphere of earth with such Power, that It compels those Manifestations released, to raise America tonight into the Great Light which is Saint Germain's Freedom and Victory forever!

May the Healing Angels who are at My Command abide with you and help you to draw this Momentum of Healing Power and the Cosmic Flame of Cosmic Mercy quickly, to produce these Manifestations that will compel Peace and Freedom to all.

Thank you, precious ones, for this evening!

GEMS OF LIGHT

SAINT GERMAIN

Do not let anyone induce you to speak a critical, discordant word about anybody. If somebody comes to you and asks about something discordant, simply say: "Well really I know nothing about it." Then, if they insist on discussing it, say: "Now, I do not discuss those things." Be firm and determined and soon no one will attempt to bring those things to you, because it is all an attempt of the sinister force to get you disturbed, so it can get its claws into your world.

* * * *

SAINT GERMAIN

Except to be humble and willingly obedient, place everything else and all responsibility upon the Presence. Do you not see then, how you really hold the human at ease and in giving the responsibility to the Presence, where it belongs, It will take the responsibility and release Its Powers, which cannot be interfered with, to do the things required, then all battle ceases. The Light just moves into action and all unlike It dissolves and disappears.

* * * *

SAINT GERMAIN

Anything that disturbs you is an activity of the sinister force, watching its opportunity to get its claws into your world to turn it upside down; to get you confused so it can do its work. I marvel that the students do not fully realize that.
