

## BELOVED ROSE OF LIGHT'S DISCOURSE

OURAY, COLORADO

AUGUST 20, 1944

*Morning*

BELOVED ONES, who carry the Light to the people of America and the world, I come to make you feel this morning the Power and Expanding Activity which it is My Privilege to pour to you, that you may give It to others without reservation.

Since My Assistance to mankind is the Release thru the Flame in the Heart of Our Great Cosmic Illumination thru the Cosmic Flame of Cosmic Love, then I trust I may enfold you in the Flame and Substance which holds you at ease for all Eternity.

Everything in My Being and World is the Flame of Love and Illumination—Illumination of the mind, of the feelings, of the flesh structure and of the atmosphere about you. You may become an Extension, as it were, of My Outpouring to every Life Stream you contact; and I want you from this hour henceforward to rest at ease within the Cosmic Flame and Illumination from MY Heart.

It has been a long time since mankind has given enough recognition to Me to enable all that I can do for those who will accept Me, to come and act in the physical world; and I trust I may release every Life Stream in this room this morning, those under This Radiation, and those for whom you call forth My Power, from every feeling that is not the Happiness and the Illumination to your minds which enables the Divine Plan to be fulfilled thru you, with every breath you breathe, and with every heart beat in the great enjoyment of Life.

I want you to be clothed in My Cosmic Flame of Illumination and Love, which stands around your physical bodies with such Power, that when you move in the outer world or are concerned with dissolving some of its problems or limitation, you may be conscious of My Flame standing between you and every disturbing condition. With My Great Enfolding Security, first of My Love, then My Explanation or Illumination to your minds, It enables you to have Wisdom and Love acting together within the One Flame, to make you Master of every set of circumstances.

I want to help the student body, every one individually and all of you together, to keep feeling more dynamically your Mastery over every outer world condition. I want to strip away all artificiality, because only that which is the Divine Plan Fulfilled

thru the Flame in each one's heart is Real! The outer world is full of pretense—the entire outer world is a world of make believe; because the outer world pretends—I am speaking of the human authority in the outer world channels. It pretends to be the authority, pretends to be the doer, pretends to be the ruler, the controller of the destiny of the mankind of this earth; and it is no such thing!

The only authority over each one's Life Stream on this planet is that Beloved "I AM Presence," the Ascended Host and Cosmic Beings. So-called outer world authority is no authority at all. It is stolen usurped power and nothing else. It is merely energy qualified with that which is a pretense of knowing, and the outer world does not know enough to keep itself out of distress.

So, I come to bring you the Illumination thru your hearts, that will make every limitation drop away from you like a garment you would throw aside and as easily as that. My dear ones, when the Flame of Life from My Life Stream, the Inner Illumination which "I AM" to the earth thru each one's Heart, begins to expand thru the Flame of Love in your own hearts, and that Light grows brighter and brighter, Its Love more intense in Its Cosmic Service to Life, as that Flame and Light pass thru your atomic structure, you can have such Healing Power go thru your flesh, as to dissolve from within it every imperfection.

Now that might seem like a broad statement, but I have much to do with healing; and Permanent Healing to any Life Stream can only come, when the Flame within the Heart reigns Supreme thru the atomic structure. Now don't longer let your intellects constantly suggest to you: my body is this and my body is that! I have done this and I have done that! This has happened to it and that has happened to it! **EVERY ATOM OF YOUR BODIES CAN BECOME THE COSMIC FLAME AND ILLUMINATION OF MY LOVE, IF YOU SO DECREE IT;** but so long as you accept the pain and the limitations, just so long will you energize them to live longer.

Now, "I AM" here this morning to cut away every unreality, every bit of pretense from all, and everything from every one of your Life Streams, if you will let go. No matter what has happened in the past, never look back! Remember, above you is Light without limit! Above you is the Cosmic Flame of Love without limit! Above you is the Master Presence of Uncountable Billions of Beings, Magnificent, Beautiful, All-powerful beyond any human concept; and Every One stands ready to give

you Perfection in every atom of your beings, regardless of anything that has happened to the body.

I want to explain this morning, an Action of the Cosmic Flame of Cosmic Love in Its Healing and Illumining Power. Will you consider it almost like a Hand of Flame that can remold every particle of the body as a sculptor would mold clay into a form? That Flame as It passes thru can mold every part of the body back into Perfection, just as you would take your hand and mold any part of the wax from those candles when it becomes soft. When the heat of the Flame softens the wax in the candle you can mold it back into any form. Just so can the Cosmic Flame of My Cosmic Love fold Itself around you and mold any part of the flesh of your bodies into Perfection.

I want you to have your Freedom from constant consciousness of your bodies. I want you to give them the charge of Perfection and see the Cosmic Flame of Cosmic Love and Illumination flow thru them. See every part become Perfect! Bless them with the Cosmic Flame of Cosmic Love and then accept that sustained activity, until every particle of your bodies becomes the Beauty and Perfection of the Higher Mental Bodies.

Now this might sound like a crude illustration, but it has a lot more similarity back of it, than it sounds like on the surface. You know if you have a very lovely silver service—you take pretty good care of it, don't you? You put it aside for your guests and before the guests arrive, you use considerable energy which your Presence has given you, to polish away all the tarnish. Why do you do that? Because you love the silver, don't you? You love the thing that is of Beauty and Perfection and Service. You love it, so you use your Life's Energy to remove from it substance that has spoiled its beauty.

You precious ones, did not your Beloved Saint Germain say to you: FEEL the Violet Flame passing thru your hand and go over any part of the body and keep on, until the atomic structure has been released from all substance that is not the Purity and Perfection of the Divine Plan? Did any of you ever use that Violet Consuming Flame with as much energy, concentration, attention and determination to make it shine with Its Greatest Beauty as you do your silver service? Have you ever put in that much muscular effort with the Violet Flame rubbing off the tarnish of the flesh—the substance that has covered over those Points of Light in the body; with the same fierce determination that you have cleaning your silverware—shall I say, hundreds of

times in a life time? You have all been thru that, I am sure you have; even some of the boys who have been put to cleaning the silverware when they were children. What is that? The use of Life's energy to take away the substance that had spoiled the beauty and usefulness of the things you loved.

How much do you love Perfection? Enough to annihilate every bit of pretense, the moment that human thing comes up and pretends to tell you, that you are not as strong as you think you should be! You are not this, that and the other thing! You don't know whether you are doing right or not! What are those suggestions, My dear ones? It is nothing on earth but suggestion to keep you from having the full Freedom and Perfection of your "Mighty I AM Presence," and that which the Ascended Ones wish to give you.

I am taking this up this morning because of the necessity in the future, of the student body wielding more Power for the assistance of others. I hope I am not distressing you this morning, I don't mean to; but I must make you see what it is that holds limitations in or around you or your world. Every limitation that has ever manifest thruout the centuries thru mankind, is because the human personality, the feeling, holds to itself some of the substance of Perfection that the Presence had given, with which to expand Happiness and Blessing to the rest of the Universe. The personal feelings held that substance, but covered it over and held it covered over, with its own qualities and ideas; and held that substance to the body, instead of blessing it with Joy and Happiness and sending It forth to fulfill the Divine Plan as the "I AM Presence" had commanded.

So every limitation, every human desire, every problem and every struggle in everyone's world, is simply because the personal feeling held to itself energy and substance that the Presence had given to go forth and bless all. It has interfered with that flow, stagnated it and held it close to the human personality and qualified it with the feelings of the moment.

Now that is what I want you to let go of this morning. If you will feel your human problems or limitations merely as substance that was not allowed to flow forth to bless all, then you can take that and clean it up. Pass the Violet Consuming Flame thru every particle of substance, thru your bodies or your affairs, which remains as a problem or struggle of any kind. Call to the Presence and your Beloved Saint Germain to keep pouring the Violet Flame thru it, until it is purified. Then pour your

Love, your Blessings and your Gratitude upon it with the command for the Perfection of Divine Love to reign Supreme and flood It forth to bless all in creation. In that way, My dear ones, there will be dissolved from your bodies, every atom of substance which does not register Perfection for you; because instead of rebelling and hating, or rather disliking the substance that is still not manifesting Perfection and feeling a sense of battle or condemnation of it—if you will realize you simply held it too long in your own human feelings and now you can release it; you can blaze the Violet Consuming Flame thru it to purify it; and you can charge it with the Cosmic Flame of Cosmic Love's Perfection and say to your Presence and all that is of the Light: "Flood forth Your Light and take this forth with My Love to bless the Universe."

My dear ones, that is the redeeming of the substance in your own bodies, which has been qualified with the irritation and discord of the past. That is far better than condemning yourself for something which has gone wrong. Suppose you have made mistakes, who has not? The world is still full of them, so it is nothing outstanding for you to claim you have made a mistake. You do not stand out from the rest of mankind because you have made one or more. Everybody has made plenty of mistakes, so there is no excuse for anybody feeling badly, because you have made a mistake or you are distressed and carrying it around as a burden. Now just let go of that nonsense.

If you really want to be outstanding in this world, let Us help you to be outstanding from the point of Happiness, Courage, Strength, Power and Illumination! Be outstanding because of the Light you reveal, not because of something you hug to yourself, because of a mistake of the past. The whole world is hugging the war right now and a lot of other things, and someone must release the Light with intensity enough, to help each one let go—by the Illumination of the intellect and the Flame of Love from the Heart.

I want you as "I AM" Students to be outstanding because your Beloved Saint Germain is Outstanding, very Outstanding; and if you are His Family, you are the children I believe who resemble the father, and the mother too, and should be outstanding because of His Qualities. I think it would be lovely for all of the "I AM" Students, to resemble Saint Germain as much as possible, and His Outstanding Characteristic I think, is one of Poise and Dignity, but Great Humble Assistance and Loving

Kindness. He never condemns, any more than do the Other Ascended Masters. He is not interested in condemning anybody or anything; but when you hold limitations to yourselves, My dear ones, you are condemning that substance to human qualities.

Every limitation in your bodies, every limitation in your feeling world, every limitation in your affairs, is the condemning of some of the substance and energy of this Universe, to live within human qualities. Now let Us help you let go of that this morning! No matter what your own problems are, BE a Blazing Sun of Happiness to everybody and everything that crosses your path. Make it your business to be a Sun of the Cosmic Flame of Cosmic Love and Illumination to everybody else; and if you will do that, you will find your own problems and limitations have been removed from you by the time you turn around, when you think you have to take care of them.

Do you know what your obligation to Life is? Your obligation to every particle of Life in this Universe is to pour Happiness to all the other parts of Life. It is your duty to pour Happiness and the Joy of just living for the Happiness and expanding Illumination, Love and Kindness to everybody and to everything, even to the atomic structure of your bodies. Just live in the Great Joy of Blessing and charging Happiness into everybody and everything, that comes in contact with you or your Life Stream.

Happiness is the Law of this Universe and, My dear ones, if the Ascended Masters, every time mankind disappointed them, were to sit down and mope about it, you would not have much help in this world; because mankind has disappointed the Ascended Masters for a good many thousands of years. If the Ascended Masters don't become discouraged about anything, there is no reason for unascended beings to be discouraged.

The Ascended Ones have tried to raise mankind out of this distress longer than mankind has tried to raise themselves; so there is no place in This Activity for discouragement! The only difference between unascended and Ascended Beings is, that unascended beings quit and the Ascended Ones never do; and if We could only get that stopping, that quitting, on the right side of Life, your Freedom is here.

Please feel from now on, My precious ones, your obligation to pour Happiness to every Life Stream that comes to your attention, and it does not make any difference whether you like other

Life Streams personally or not, that is not your concern. Every one is Life and all Life is entitled to Happiness from you; and if you do not pour out Happiness, you will never have It! Each individual has received back just exactly what each one has given to Life.

So I come this morning, to release you from all that is not the Illumination and Great Happiness of the Cosmic Flame of Cosmic Love in your own hearts! Every one in this room, thru calling forth the Cosmic Flame of Cosmic Love from within your own hearts to bless every atom of the atomic structure, with the Great Cosmic Happiness and Illumination of Cosmic Love, can bless and bless and bless, until not one imperfection can remain in those bodies—not one! I have seen this applied for centuries. No one yet knows what transforming Power there is within the Cosmic Flame of Cosmic Love, which is commanded to bless all substance with Purity and Happiness and the Expansion of the Light!

I trust that the Cosmic Flame of My Illumination, may remove from your minds this morning and from your feelings, the idea that you have a right to move thru this Universe, without giving Happiness to the rest of the Universe around you. People often think: Well this is my business, my Life; I will live it to suit myself and it is nobody's business! Excuse Me! Everything that the Ascended Masters' Octave of Light pours to this world, contains Happiness! Everything your Presence pours out to this world contains Happiness! Everything your Higher Mental Bodies and those of all mankind release on this earth, contains Happiness! Everything that Life has placed here originally, contained Happiness! Then, if that is the Law of the Universe around this planet, if it is the Law of each one's Life Stream, then that human accumulation around the outer self or within and around the human personality, has no right to impose distress upon that which was flooded forth in Happiness.

You can redeem and release every particle of Life which comes to your attention, from every quality that is not the original Happiness of fulfilling of the Divine Plan; if you will take your stand to be no part of anything that causes distress to any other part of Life.

No Ascended Master ever comes in the Tangible Body to unascended Beings without leaving them happier; without bringing Happiness and planting It there, sustaining It and expanding It. Well, why are you not supposed to do the same thing to

Life? I am going to say something very severe, but if I do not awaken you, I will not illumine you. Unhappiness is down-right selfishness. Now there it is!

With a Being of Magnificent Beauty and Perfection above you, that Glorious "I AM" Presence; with Ascended Masters—uncountable numbers of Them; and Cosmic Beings pouring Their Light and Love to the earth constantly for centuries! Your Beloved Sanat Kumara for two and a half million years has poured His Love and Patience to the Life Streams of this earth, and His Purity and Happiness. With These Great Ones flooding this forth to free every Life Stream—and They have worked so long to take mankind out of these qualities—then what right has any unascended being to impose discord upon this world? Upon any part of Life?

Don't you see that the obligation of your Life Stream is to blaze Happiness, no matter what seems to be? You are not concerned with that which has already occurred. That which is manifesting now is the result of former causes. You, today, are setting into action causes to produce Happiness and Perfection for the future! Therefore, if something of the past come forward, if after you have sent forth all your Love, Blessings and Happiness, then some discordant result comes forth to be handled, instead of feeling, well it did not work; just take that thing and say: "All right, I shall take that substance and energy and purify it, with the Violet Consuming Flame and the Blue Lightning of Cosmic Purity from the Great Central Sun; and now I command that to become my Eternal Happiness." You can take every event of Life and command the energy within it, to yield you Cosmic Illumination and Eternal Happiness, if you will. Your Free Will is paramount and always will be!

May I say to you, charge yourselves with Herculean Cosmic Strength and Power to conquer every human quality, no matter whether it is in yourselves, or in some one or condition in the world around you! Call for Herculean Strength, Courage and Power to conquer every human thing and dissolve it from creation, no matter whose it is. Call forth My Illumination, to purify and illumine every condition that comes to your attention and LET Me bless it with My Cosmic Flame of Cosmic Love and expand the Light within it.

Now we come to the Realm of Beauty. Thruout the centuries the Rose has always been the symbol of each Life Stream's unfolding of the Divine Plan of Perfection and the full blown

white rose represents the Ascension. Do you know every Point of Light in every atom of your flesh bodies could be commanded to expand Its Beauty thru your flesh, exactly as the petals of the rose unfold, until every rate of vibration passing through your atomic structure, would create beauty and reveal the Perfection of your Higher Mental Bodies thru the atomic structure?

I hope you retain the picture this morning that I am conveying to you now, of every Point of Light in your atomic structure expanding and giving off more and more and more Light thru the flesh, and in that Light is Beauty! In that Light is Happiness! Keep It expanding, until It goes on and on and on, and stands around your bodies in the form of a Blazing, Blazing, Pure White Rose of White Fire; as if you stood within the center of that Magnificent White Rose, Its Petals Flames of White Fire! That will be the symbol to Me of your call for My Illumination and Love to bring you the Beauty, that I want to express and amplify upon this earth.

If each of you stood within a Blazing Rose of Pure White Fire from My Octave of Life, and that Rose shed Its Fragrance, Its Radiance, Its Beauty and Happiness into the atmosphere about you, you could not help but be happy and your Radaince would compel Happiness and Illumination wherever you moved.

Won't you this morning bless all the atomic structure of your bodies and the atmosphere about you; first of all, with the Violet Consuming Flame, then command that every atom of that substance be made as Pure as the Heart of the Goddess of Purity; and My Light and My Love be charged into it, with the command to expand the Beauty which makes every one happy?

You cannot gaze upon the beauties of nature and be unhappy, My dear ones, not if you are really giving them your attention; because when your eyes gaze upon beauty they are absorbing those rates of vibration that are the Happiness outpictured from some Life Stream. The Beauty of your mountains, is the Gift and Handiwork of the Gods of the Mountains, your Beloved God Tabor, your Mighty Maha Chohan, Your Beloved Virgo, the Beings Who direct the Forces of the Elements. Therefore, all Beauty is the Gift from some Life Stream, of Its Happiness to the earth.

Now I want you as you move among mankind, to give the Beauty and Happiness of your Life Streams to the rest of mankind. Don't let any one under This Radiation ever again, when you have the privilege of calling to your "Beloved I AM Pres-

ence," the Ascended Ones, and the Cosmic Beings Who on the instant answer you with Their Great Currents—electrical charges of Their Blazing Light, Protection and Encouragement, when that is already flowing to you on the moment—don't ever again add one feather's weight of unhappiness to the pressure of discord in the atmosphere of this earth; when above you are These Beings ready to flash the Currents of Happiness to you on the moment, to keep you happy and hold you expanding that Happiness to the rest of mankind. Don't let anybody who calls himself or herself an "I AM" Student ever again go around with a feeling of depression, when Those Great Beings stand ready to make you happy on the moment.

Then, what is the cause of all unhappiness? Why is anyone unhappy in a world of Light and Blessing and Perfection? Because the human feelings just did not get their own way. Since all distortion and all unhappiness, all that is not the Beauty of the Ascended Masters' Octave, is simply because the human feelings had their own way; rather covered over the expanding Light from the Presence which contained the Happiness; then if the human had dared to intrude, the human can be commanded to be annihilated and never yield until it is.

We no more think of giving up because a thing has been of centuries of duration than anything in the world. We never give up! When We start out to command Happiness, Beauty and Perfection, We stay with it until everything yields and there is no other way, which is Mastery of Life, than just that.

My dear ones, We need every individual at this time to be the Open Door thru which by your own conscious command, you compel the Cosmic Flame of Cosmic Happiness from your own individual Life Stream, to go forth and make everybody happy whom you contact; then We can amplify that and flood it forth to raise the feelings of the rest of mankind out of depression. There is always an increase of this thing felt in war, because of the frightful tragedies that it produces; but you, My dear ones, who live in this Light and have been loved by the Messengers and the Ascended Masters, you who are held in Our Embrace, who hear these Dictations, every Sunday, you My dear ones, are the Outpouring, you are the Sons and Daughters of Our Happiness, to go forth and lift that depression from the world and NEVER BECOME A PART OF IT.

That which does not send forth joy, is sending forth shadows, so please every waking moment command your Joy, Happiness;

the Cosmic Flame of Cosmic Joy, Beauty and Illumination, to go forth into everybody and everything! It matters not whether you are digging holes in the ground, sewing, cooking food or talking over the radio or what you are doing, it matters not what you do—every moment your “I AM Presence” is giving Its Life to you and the Life when It comes into you is Pure and Happy; and It expects you to expand that and bring happiness to the world around you.

That is one of My Great Services to Life, not only the Illumination and the Love from the heart; but My Command to all Life in existence, is to be the Purity and Happiness of the Cosmic Flame of Cosmic Love; then you will heal on the instant, those who come to you out of the shadows asking for help. It is necessary, if you are going to be entrusted with the Great Cosmic Power of Healing Flames, to assist these blessed ones coming back from war—it is necessary that there stand around you a Blazing Ocean as it were of Happiness; because Happiness is Illumination and Happiness comes from the Cosmic Flame of Cosmic Love.

Stay no more in the shadows, when the Light above you blazes with Happiness and Perfection, and the Great Power of the Cosmic Love of the Universe, a Love so Great the human consciousness cannot comprehend It; that Love has given of Itself for centuries to try to undo that which the human continually generates.

Now let there be the decision in the Life Streams of every one of you, that from this hour henceforth, each of you becomes My Cosmic Rose of Happiness and Illumination and Love to everything of Life, from the atom to the Central Sun. Feel your obligation and give Me the opportunity to clothe you in My Cosmic Rose of White Fire of Happiness Supreme, of Illumination and Love, which lifts everything that contacts you into the Light of Eternal Happiness.

You have Free Will and nothing on the planet or anywhere in the Universe, can stand against the determination of your Free Will when you decide to do something. When you become irritated and angry, there is plenty of energy and Free Will to do anything that you have decided to do, under those moments of terrific feeling. Won't you release just as terrific feeling thru My Cosmic Flame of Cosmic Happiness, Love and Illumination and BE that Assistance to Life, which keeps you happy all the time you are raising others into happiness also?

There is not as powerful a Healing Flame in this Universe as the Healing Flame of Happiness. Enough Happiness could cure every bit of disease on the planet; and it seems to Me, it is a far more comfortable method than surgery and some of the other methods by which others try to help mankind, although We always bless every kind of assistance that really helps mankind to be more harmonious. That is why the "I AM" Miracle Music, will render such tremendous service. You cannot play any of those songs, or sing them with sincere adoration to Those Great Beings and not be happy, when that song is going forth from your bodies.

Thru music the feelings can be purified and charged with happiness, and if that power were not within music, why do you imagine they use the marches in war to stimulate those who otherwise would drop by the way-side? Music has been used in those channels; then why not use Our Command this morning to release thru your "I AM" Music, thru your bodies and thru everything you touch, the Cosmic Flame of Cosmic Happiness with such Illumination, Power and Love that nothing human can remain?

My dear ones, send Love enough to your own "Mighty I AM Presence" and all Great Beings of Light and you will have the Perfection of Life! Love enough the Fulfillment of the Divine Plan and never again will there be a wave of unhappiness in your beings and worlds. BE My Rose of Happiness and the Cosmic Flame of Illumination and Love from My Heart, and I will show you what the Power of your Happiness will bring to you.

The Healings that can be made manifest thru this "I AM" Music and the happiness of the "I AM" Students, shall become phenomenal thruout the world; until it silences every tongue and pen of every human being on this planet against Saint Germain's "I AM" Activity of This Light and Those Glorious Beings who have given It. Happiness, as Saint Germain told you is the Great Motor of Existence! So, if you need energy, charge yourselves with the Cosmic Flame of Cosmic Happiness! If you need money and supply, charge your business with the Cosmic Flame of Cosmic Happiness! If there are problems to be solved, dissolve them by the Cosmic Flame of Cosmic Happiness and Illumination of the Cosmic Flame of Cosmic Love from My Temple of Light; and you shall know Freedom from every limitation, whether it be mind, body or affairs.

What do you think would be the Power of this "I AM"

Activity in the rest of the world, if every one of you took your physical bodies and kept pouring your Love, Blessing and Happiness thru them, until you perfected and made them look like your Higher Mental Bodies? What do you think would be the effect on the rest of mankind, if every one of you made your bodies look like your Higher Mental Body, handsome, limitlessly supplied, Self-luminous and pouring forth Assistance that none else can give? What do you think would be the effect upon the rest of mankind? What would be your power in the business world, in the world of music, art or anything where you would choose to function, if the "I AM" Students would out-picture this? I think you owe it to Saint Germain. "I AM" very plain about that.

Everyone under This Radiation owes back to Life, anything and everything each one can ever give, for the Freedom and Blessings which that Great Glorious Being has brought into your lives thus far. In all Eternity there is no balance for the Illumination of those Words "I AM," or the Love He has poured for the Victory and Freedom of your Ascension. The whole planet put together is not a balance for the Freedom of your Life Streams, from any more human qualities in the future.

Therefore, to that Glorious Being who has led the way, opened the door and given the Light, it seems to Me, that in the Great Balance of Life, each one should consider it his or her personal obligation to Saint Germain; to continually pour out Happiness, Purity and the Cosmic Flame of Cosmic Love to all Life, as some balance for what He has done for all.

My dear ones, do you know how much patience it takes to love a Life Stream for seventy thousand years, when that Life Stream has been defiant again and again; deliberately defiant of the Perfection of the Divine Law and the Command for the Divine Plan to be fulfilled? Yet that has never once caused Saint Germain's Love to vary—never. The darker the shadows became around a Life Stream, the more He has poured His Love. Can you not do likewise?

My Symbol is a Large White Rose of White Fire. You may stand within It, if you will, visualize It and feel My Flame come back to you instantly! I will make that agreement with you this morning; that the moment you think of Me, feel My Cosmic White Rose of White Fire around you and hold that picture within your minds, there shall flow to you My Love, My Light and My Happiness. I guarantee to you from this morning on,

you can have My Happiness every instant, until your Ascension; if you choose; and if you do not choose, well then you do choose to stay in human creation.

So if you are not happy, My precious ones, it is no one's fault but your own. Not that it is very consoling, but I am trying to remove every way and means, by which there can any longer come any distress to the "I AM" Students. You are so much happier than the rest of mankind. Now you can come up and be still happier! You can let your happiness go forth and undo the depression of the world around you. That is the duty of the Student of the Light! That is the obligation of one on the Path, who has been shown the Light and the Goal of Attainment! That is the obligation you owe to Life—to bring Happiness to Life!

If no one had offered you Happiness in the hour of your darkest distress, what think you would be your condition today? If someone around you had not been happy, when you were distressed, and tried to release you from it, where would you be today, if you sat in that depression and kept on sitting in it? Where would you be? Well, since others have poured their Love, their Happiness and Illumination to you; then if you are to lose your discord and limitations, you must pour Our Love, Our Happiness and Illumination to Life wherever you move; and when you give It freely to all Life, you yourself will be Free; because It has to flow thru your atomic structure, before It can even reach the rest of Life. So in Reality this morning, I am asking you to Free yourselves by your own Happiness poured forth to others, for you receive the Greatest Blessing. You receive most of the Blessing, which "I AM" asking you to pour to the rest of Life.

May I release some of you from another thing that I am sure is what has caused you sometimes to feel depressed, when you did not know it; and that is too much interest in the mistakes of others. If you keep looking for limitations, you will never get free in all Eternity. You have to take your attention off the personal self, place it on the "Mighty I AM Presence"—the Ascended Masters and Cosmic Beings who direct the Sun, Stars and everything that is above you. You must keep it there, until you draw so much of those Qualities into the personal self, that the ever increasing Light will have dissolved the human distress of which you were thinking.

The attention, My precious ones, you must give to the Pres-

ence first, and then, to the Light and the Cosmic Flames of These Great Magnificent Qualities of Life, if you are to have Their Qualities in the personal self. Now let Me show you, what will take place in your world if you will do this. Suppose you took one particular quality—suppose you took the word “Miracles” and just for one day, I ask you to try this out and you keep acknowledging that—“I AM” the Cosmic Flame of all the Cosmic Miracles in Creation—Their Illumination, Cosmic Love and Happiness Supreme, which lifts every bit of depression from every one I contact”! “I AM” the Miracle-Working Presence that releases every one from all that is not the Great Joy of the Ascended Masters instantly.” Acknowledge yourself as the Cosmic Flame of the Cosmic Happiness that sets all mankind Free! Acknowledge that for one day! Acknowledge yourselves as the Cosmic Miracles of the Ascended Masters’ Happiness to all Life! Acknowledge yourselves, as the Ascended Masters’ Cosmic Flame and Cosmic Miracles of Saint Germain’s Freedom to all Life, and see whether you can remain depressed or not.

I stand ready to help every one in this room and every one of mankind on this earth; but I am not going to humor any of your human qualities! Let us get that very straight to begin with! I shall not humor any human quality in any human being; but I will expand the Flame of Happiness, of Love and of Light in your hearts; and every bit of Perfection, that you may be the Happiness you ought to be, to the rest of the world.

Why am I placing this as an obligation upon you this morning? Because there are so few “I AM” Students compared to the rest of mankind, and there are so many who need your Happiness. Eleven million of your people are in the National Defense and more than four million already wounded. How can you longer stay in your own feelings, when you have the Power to call forth the Cosmic Flame of Happiness and Healing, and release America from that condition?

No! from this hour henceforth, I know not one in this room will ever again allow depression to have any energy from your Life Streams; when the world needs every ounce of your Life you can pour forth with the Cosmic Flame of Happiness, Love and Illumination, to hold the balance in your country, against the conditions that are in the rest of the world.

Happiness, My dear ones, is the Divine Plan of Life fulfilled; but if you are not happy, you may know right then, you are not fulfilling the Divine Plan of your Life Stream; but you can turn

away from it as easily as you can pass thru a door, close it and go somewhere else! You have Free Will! You are a God Flame from the Great Central Sun! You have that Flame in your own hearts, and that is what I am expanding this morning with the Cosmic Flame of My Love and Illumination, to record in your intellects today as well as your feeling worlds, this Explanation and requirement of Life, for Happiness to the rest of Creation.

I am determined that those under This Radiation, shall no longer remain in distress, when they can be happy as easily as raising their hands. The whole thing lies within your own determination. That Blessed Fun Wey! There is not a student under This Radiation who has ever called to Him to charge forth His Happiness, that It did not sweep thru the individual or the whole household, before one full minute had passed by.

Those Great Beings stand ready to give Their Happiness, as do I, and your Beloved Saint Germain is an extremely Happy Person! So, if you are going to inherit the Characteristics of your Father you had better be a credit to Him; and release His Happiness to the Land of His Heart—America the Land of Light! America the “Cup of Light” to the earth! America the “Open-ended Cross” of Saint Germain’s Freedom to all Life on this earth forever! I trust you will carry well the Honor of the Family Name, since He has called you His Family of Light, and Light is never unhappy!

So will you this morning accept My Cosmic Rose of Cosmic Happiness, Illumination and Love; and let Me take away from you, everything that is not the Happiness of the Divine Plan of your Life Stream Fulfilled? I ask you, if you will, to give My Rose of Happiness, Love and Illumination, to every Life Stream that you contact; and let Me have an opportunity to illumine all with My Cosmic Happiness. I refuse everything else!

You can come with Me and My Refusal will help you to refuse everything of human qualities! Let us, the rest of the time that you are in this world, feel the Great Privilege that Life offers us all, to flood forth Cosmic Happiness to a world, wherein the sounds on this planet have become the cry of distress in the system to which you belong. The sound in the atmosphere of the Planet Earth, is a cry of distress in this System of Worlds. Add not one ounce of energy to it, but feel your privilege, opportunity and obligation, to call the Great Cosmic Activities of the Sacred Fire into action wherever you move! Call the Cosmic Light without limit, to burn away the human and illumine all!

conditions of mankind. Call forth every Action of the Sacred Fire to burn away the depression that sounds such distress in the atmosphere of earth.

You are held this morning within the Cup of these Mountains, who only give you their energy charged with Happiness, Beauty and Perfection! All that is before you, has given you Beauty, Happiness and Perfection! Move among mankind "Crystal Cups" of Our Happiness from the next Octave, which illumines all in this world! Bring back the Song of Life—the Joy of Life, to set every Life Stream free that you contact. You have all Power! Life will give you the assistance! Your "Mighty I AM Presence" wants an opportunity to expand Its Cosmic Powers of the Sacred Fire, thru your physical bodies while you are yet unascended. Will you deny It longer, an opportunity to release you from all that is not of the Light?

Let your "Mighty I AM Presence" blaze Its Cosmic Flame of Cosmic Joy, Love and Illumination thru you everywhere you move, and see what the change in your bodies will be. There is not an imperfection in your bodies this hour, that could not be removed by the Cosmic Flame of Cosmic Love, Illumination and Happiness. It is the Mightiest Healing Power in all Creation! It is the Mightiest Re-molding Power in the Universe! It is the Authority of the Ascended Host, before which the human must one day bow and be forever consumed!

Life expects you to pour Happiness to the Universe around you!

My Cosmic Rose of White Fire and Illumination with the Love from My Heart, I offer you; and may Its Fragrance and Enfolding Flame become for you such a Mighty Cosmic Focus of Ascended Master Happiness, that everybody you meet will love you, and you will have the opportunity of making them happy; to endow them with the Power to make others happy, until We have all drawn this world up and out of the shadows of depression; back into the Light wherein the Song of Light sounds forever, the Joy of Life unto all Creation. It must be done!

When your Beloved Saint Germain stands so patiently waiting, for more of mankind to use the Authority of their Life Streams to command the Light, to take Its Dominion on the earth, then let His Freedom bring Happiness and Perfection to all!

I think, until I come again, We will accept the White Rose

of Happiness as our Pass-word to each other when My Radiance draws near; and if you would like My company, send that call to Me for the White Rose of Happiness, to spread Its Flame around you and make you Its Mighty Gift of Happiness, to all wherever you move. I have not had much opportunity, from the calls of the student body to come close to you. You have not called to Me very much. I am waiting and I am waiting for you to call My Happiness into action in your worlds; that I may flood to you thru that Happiness, not only the Love and Illumination; but on My Happiness comes all supply of everything your heart desires; because within Illumination, Love and Happiness, is the Divine Plan fulfilled; and It lacks nothing. My dear ones, to carry into outer manifestation every constructive desire of your hearts. You may have It without limitation.

"I AM" the Cosmic Rose of Cosmic Happiness, of Cosmic Light, of Cosmic Love! Please don't stay one second longer in the shadow of your own human feelings, when I can give you the Happiness of Eternity, and make you an Out-pouring of that Happiness to all forever. Let Me help you fulfill the Divine Plan of the Happiness of your Life Streams, and be so busy pouring It out to others, that you have forgotten the self that once made you so unhappy.

Every Power of Life at My Command in the Love of Creation, can blaze thru My Hand and My Heart; It shall flood and pour forth without limit, the Flame of Love, Light and Happiness, to seek you out and to forever dissolve the shadows that have once sought you. From this hour, My dear ones, accept My Love and let Me show you what Happiness is within It! Let Me pour forth thru you, that which the world needs! Give Me your calls and you shall be happier than you have ever been in your lives before.

From this hour, I offer you the Fragrance of My Cosmic Rose of Light, Love and Happiness Supreme! Let us help Saint Germain make all happy forever; and until We meet again, may the Flame of Love from My Heart go before you and make your pathway the Happiness I want you to have.

Sing your song to Me, and I will come back on that song in the Flame of Love that is unmistakable to you; and you shall not know anything again but Happiness.

Thank you for your attention this morning! Thank you for being here! Let Me have your calls, that We may bring more Happiness to all.

Thank you so much.
