GEMS OF LIGHT

PRECIOUS BOB

*When Ascended Beings want to know something They direct Their attention upon that which They wish to know and It is there. **** MASTERY IS IN BECOMING ABLE TO DRAW FORTH OR FOCUS YOUR ATTENTION UPON WHAT YOU WISH TO KNOW AND HAVE THAT DEFINITE THING THERE BEFORE YOU AT THE TIME YOU REQUIRE ITS USE! That is Mastery. To think that We should have all the Wisdom of the Universe at Our finger tips at any moment would be ridiculous, because that is not the Law. The Law is use, from the highest to the lowest.*

PRECIOUS BOB

There is not one thing in the Universe, beloved ones, that amounts to anything to you until you begin to find your ability to use it and that use comes thru the FEELING. Your intellect, thru which Intelligence acts, as well as your feeling can be a Mighty Directing Power for the attention, which carries the Currents of Energy from the Presence to an objective, either for Information, Instruction or the handling of great forces, but you are the director of it.

PRECIOUS BOB

(Correction of this same Gem in December 1941 Voice)

Let us try to clear some of the points so few seem to grasp. You have come to know in your outer world of activity what your attention does for you. You cannot have a thing, you cannot know a thing without your attention is upon it. So it is with the Ascended Masters Who have become Perfect. They do not sweep the Universe in one sweep and draw all knowledge into Their use. What would They do with it? What would They do with all the Information gathered within Their Arms? Even the Ascended Masters probably would not know what to do with ALL of It.

SANAT KUMARA

In all that has been said about your attention, your qualification and your outer vision, still so much is yet to be comprehended in the full meaning of it; because those Powers—those Three Faculties—are almost Infinite in their Power of action. That is why today, I am endeavoring to give you such a vivid Feeling of the power of your attention, your vision and qualification, that when you look upon an appearance you can, even thru the vision, say not only: "You have no power," but "Be thou no more," and it shall cease to be. In that attitude, there is only the most Glorious Feeling of Victory and Mastery.

SANAT KUMARA

It is only when you sometimes feel too much responsibility of your human form that you get some sense of tension; but when you realize the Presence is the Doer and the outer is just still, then the Presence does it; because you actually call It forth into action, but It does not do that until you actually know It is there and call It forth.

DAVID LLOYD

I wish everyone really realized what the intense Love of the body of students for the Messengers is doing. It is the Greatest Release, without exception, ever known on the earth. Do you realize that all mankind must have something to love? You could not exist but a few years without something upon which to pour your Love; because that is the Heart Center of the Out-pouring of Life. Even the miser loves his money, and it is the only saving grace for him, because every human being must love something.

HERCULES

Mankind's determination to powerfully assert Authority was the first intimation of the beginning of the release of destructive forces. Of course that was thru long aeons of time gaining, even a perceptible change, but as it gained more and more attention and more and more energy, well then it gained more and more power and speed of action. That was with no assistance from any source except the desire within individuals, and out of that came the black magicians! Human desire to move alone in the outer, to be free from its Source, which of course could never be.
