VISION, ATTENTION AND QUALIFICATION

Y BELOVED ONES of Light, Dear Hearts of the Light, I have watched and watched and watched your Light from the Inner Level, grow brighter and brighter about you. I have come to offer again the Outpouring of God's Flame of Love from My Heart, to make It grow still brighter, and to enfold your Life Streams' Outpouring in all the Cosmic Action of the Sacred Fire at My Command. May that go forth tonight, intensifying and expanding constantly in such overwhelming Cosmic Action thruout Our Beloved America, that the Pressure becomes so great, every destructive plan within your borders fails, and fails instantly, before it can even get into outer expression.

May there blaze in, thru and around your bodies as you sit here, tonight, the Full Dazzling Outpouring of your own Beloved "I AM Presence." May It draw that Action of the Sacred Fire, the Blue Lightning from the Great Central Sun, the Great Fire Breath of the Almighty, and blaze It thru your minds and bodies; blaze It thru the structure of the earth; blaze It thruout This Land; Intensify It and expand It, as if It were a Forest Fire of Cosmic Action—to forever shut off, choke out, dissolve and consume everything that has sought to rob America of the Freedom which God has commanded shall come forth here!

It is God's Will that America is given to the Free, and those are Free who turn their hearts, their feelings unto the "Mighty I AM Presence" and the Ascended Host; and keep his or her attention there, until the Fulness of the Light from the "Mighty I AM Presence," the Great Angelic Host and the Ascended Masters' Octave, has completed Its Circuit and released into the physical octave, the Greater Flame and Greater Light for the Freedom of all.

I am going to take up again, a Reminder of the Power of your attention, your visualization and your Power of Qualification. Your attention, My dear ones, is one of the most amazing

faculties you have! The ability of your consciousness to reach out anywhere in the Universe thru thought, feeling and the spoken word, is the most Amazing Activity of Life! It is the Most Amazing Activity, I say, because it is the way and means provided within Life or given to you by Life, thru which you can reach out and contact anybody or anything in the Universe! If it be of the Light, you will draw Perfection back to you! If it be not of the Light, then will you draw back whatever your attention rests upon. I am going to liken your attention to perhaps a very crude activity, which you could perform, if you care to do so. If you were to put something sticky on your fingers, then go forth and touch this and that and the other thing, you would be able to draw what you touched unto yourself. Suppose you had many papers and things around you and you put something sticky on your fingers, you could pick up every one of those and bring it back to you. Well, your attention does exactly that same thing! Your attention is an Action of the Flame of Life within your own forehead, the Seven-Fold Flame of the Seven Mighty Elohim. This faculty of your consciousness, of your intellect, is an Action of the Seven-Fold Flame from the Seven Mighty Elohim. It is given to you from within the Sacred Fire, so as you reach out to any other part of the Universe, you may connect with everything greater than the manifestations in this physical world.

Life is very wonderful! Life is very gracious! Life is very marvelous, in the use of these faculties with which It endows human beings, and by which It enables them to reach out and contact anything or anybody in the Universe. Life can contact all that is greater in the Manifestations of Light and the Sacred Fire, than that which is manifested thru the physical personalities of this world. If it were not for your use of this faculty, you could never know anything, My beloved ones, beyond what you experience thru these flesh forms; but you know very well that there is a Part of your Consciousness—both in your intellect and thru your feeling, sight and hearing, which can go forth and seek out the solution to your problems; contact the greater Powers of the Universe; and the greater Manifestations of whatever qualities you wish to draw forth into this octave!

If you seek the Cosmic Flame of Cosmic Love within the Great Central Sun, you will find within It, the Concentrated Action of the Treasure House of the Universe; for within It is all of everything that has ever come forth into outer manifestation; and the way and means of producing It, expanding

It without limit, and commanding It to be sustained as long as you so decree It!

Life is very generous, very kind, in this provision of Itself within every Life Stream on this earth; but the pull of the feeling world is the thing which has drawn the attention of mankind and held it upon the distress, that has outpictured in this physical octave. Now, just as easily as you can raise your hand from here and move it to here, can you draw your attention from the distress of the physical world and place it back upon your "Mighty I AM Presence." You can place your attention upon Its Heart, Its Head, Its Hands, Its Rays of Light, Its Marvelous Eyes, Its Mighty Glory and Its Outpicturing of the Sacred Fire or Cosmic Light! Just as easily as you take your attention from that which is distressing and place it upon the Presence, can you hold it there, until all Its Perfection comes into your mind, body and use out here. It is just as easy to do that as it is to keep your attention on destructive conditions. It is really easier, once you understand how to do it quickly! It is easier to enjoy Greater Perfection, than to keep your attention on the destructive things of the physical world. The more you think of destructive things, the more they stir up your feelings; and the more stirred up feelings become, the more distress comes into your world.

If that is true thru worry and the destructive activities of the outer world, then how much Truer and more powerful is the same activity of the consciousness thru the attention, when it comes to the Great Heights of Perfection; which instead of stirring your feelings with discord and distress, take you into the Great Cosmic Activities of Peace, Purity, Love, Protection and Perfection of Freedom and Victory. It draws those feelings back into you, and then stirs those same feelings within you. It stirs your own corresponding feelings into action, for the expansion of Their Light and Sacred Fire in Blessing to the Universe around you.

It does not make the slightest difference to any human being on earth, so far as the ability of the individual is concerned, how you change the attention; because everyone has that ability to place the attention where each one wants it to go. Even people who are off balance mentally, still have the free will to place their attention where they want it to go, and that is why they are in such distress. I want you to feel tonight, that if there are problems and distress in the physical octave in your affairs,

instead of milling over those constant distressing conditions, take your attention off completely. You will have to be the Master of that attention! You will have to say to that attention, "Go into the Heart of My Presence! Go into the Hearts of the Ascended Masters! Go into the Heart of Creation, and there give your Love and Adoration to the Source, from whence cometh every good and perfect thing. Go into the Ascended Masters' Octave of Light, and give my Love and Gratitude there which enables the Solution of this problem to come forth; and with the Speed of Lightning you shall return to me, bringing the Solution of this problem."

You do not yet understand what a controlled attention means to you in the way of Mastery, and the Cosmic Power that you can release thru your own controlled attention. The attention has been so in the habit of running wild, jumping here and there and anywhere it has been accustomed to go; because your attention, My dear ones, is really but the energy in your intellect and the energy in your feeling world, which has been allowed to dash here and dash there and run around wild, just like a little dog. You have seen some of those little fellows run scampering here and there and then scamper somewhere else; and they don't do anything very important, do they? Well, that is what is the matter with the intellect. The average person's attention does not hold steady upon one subject three sentences in succession. I have come tonight, to help you take command of that attention, and say on arising in the morning, "I command you into the Heart of My Presence! I command you into the Octave of Light! I command you into the Heart of Creation, the Great Central Sun! I command you into the Heart of the Cosmic White Fire and Blue Lightning of Divine Love! Go there and stay there, and see nothing comes back to me, but the Perfection which is in that Mighty Height of Manifestation!"

I guarantee, if you take firm command of your attention in the morning for about three days, you will find such a relief from the pull of outer things, which ordinarily get you to milling them over within your intellect and arguing about everything. You wonder if this is right, and you wonder if that is right. You wonder if you have to look on both sides of the subject to be sure you are right. You don't have to look on either one, if you go to the Heart of the Presence and say, "Now You take possession and do for me, that which is the Fulfillment of the Divine Plan; and blast everything else from creation and see I

am not even conscious of anything but Thee and Thy Perfection."

My dear ones, some day you have to be like your Higher Mental Bodies, and like your Precious "Mighty I AM Presence," that Electronic Body of Blazing Flame which says to every human thing, "No, you don't enter here! You cannot come into My World! I know you not! Go into the Violet Flame and be thou no more!" Your Higher Mental Body does not accept the limitation and distress which is in this physical octave! Your Blessed Glorious Electronic Body says, "I won't have anything to do with any of it! I just don't know it exists! Mine eyes are too Pure to behold iniquity! I have ears that hear not and eyes that see not anything but the Divine Plan Fulfilled." My dear ones, that is exactly what Jesus meant when He said: "See no man after the flesh." Why in the world do you think He spoke those Words? To try to give mankind a simple reminder, not to keep the attention feeding the Life energy of individuals into the very things which they know are wrong!

Supposing there is something you do not understand, if you applied This Explanation of the Law, given in these Magnificent Books by the Ascended Host, you could draw all the Illumination you desire into any condition. Supposing there is something you do not understand, say: "My 'Mighty I AM Presence' I call to You for Help, and in Your Mighty Name, I command my attention to go into Your Heart and learn the Truth, the Full Truth of this for which I call." Supposing it is something concerning some of your affairs; suppose you are an inventor and you are not quite sure that what you are building is going to work; or suppose you want to bring forth something far in advance of anything which has already come forth, you might not have the full idea concerning it. You could definitely command your attention to go into the Heart of your "Mighty I AM Presence" and Mercury's All-Knowing, Dazzling, Fathomless, Diamond Shining Mind of God; and there receive the Full Illumination and Explanation specifically of whatever you wish to know; **OR YOU COULD DIRECT YOUR ATTENTION AND CALL TO ANY ASCENDED MASTER WHO HAD SPECIAL KNOWLEDGE ALONG ANY PARTICULAR LINE.**

My dear ones, when Life provides a blessing, a way and means by which you can go forth and can gain everything, why in the Name of God stay down here in limitation, when you can have the Freedom which is above and comes from above?

Simply because the attention was allowed to look away from the Light, mankind are in this distress today; because thru the attention they chose to take up the energy of Life and turning away from the Glory of that Presence, said: "I will seek in the manifested world that which I desire and become an authority separate from my Source." That, My loved ones, can never be! Everything in Creation depends upon that Central Sun! At least everything in this System of Worlds, and in other Systems of Worlds, comes from a Central Sun, which is the Source of their manifestations. There are Systems of Suns around a Central Sun everywhere thruout Creation! Since everything in this System of Worlds is dependent upon the Central Sun which supplies Life, Energy and Substance to them; then how could any particle of that which is the Life, that came forth from the Central Sun, ever become an Authority separate from It or opposed to It? Don't you see why mankind must have this Light? Oh, tonight, My dear ones, you are reaching a point where with a breath almost, as it were, in the fierce determination you have been releasing through your Decrees, you could reach to almost any Height of Knowledge or Manifestation in the Universe! In the great need of America, you can reach into God's Great Cosmic Energy, and ask that Beloved "I AM Presence" and the Ascended Host to release down here to yourselves and to your fellow students, whatever is necessary to hold the guard for America; to be all that is required to illumine mankind; and to compel the annihilation of all hypnotic control of mankind; because thru hypnotic control and suggestion, their attention goes below the heart.

If you want your problems to cease; if you want your struggles to cease; if you want to snap your chains, your limitations and be Free as you should, in the Arms of your Higher Mental Body unto the moment of your Ascension, then take daily possession of your attention. Command it to the Heights! Compel it to stay there, and never again yield to anything less than the Greatest Perfection in Creation!

When suggestions would come to you from the world about you, of discord, disaster or what might approach or seem to appear on your horizon, say to your attention: "No, you don't rest there! Tarry there no longer! Go thou! unto the Heart of Creation and become the Flame of God's Almighty Perfection for which I call! Then return to me, bringing the Power which annihilates all that would cause distress!"

It is time the student body were given Assistance thru this

of which I am going to remind you, tonight. Many times there comes up to your visualization, sometimes when you are quite happy, harmonious and moving around in your daily activities, a suggestion of some frightful destructive thing; or there arises a feeling in you of resentment or rebellion thru what the outer world calls righteous indignation against injustice. Stop such things the instant they come to your attention! There is no such thing as righteous indignation! Do not let those things act in you or your world! Many times when you get all steamed up, as it were, about things which are wrong in the outer world, there come suggestions to your mind of various pictures of things that you would like to see the so-called enemy experience, in order to make someone be good, so to speak! That is a dangerous pastime! Don't do those things! If a thing is wrong, say to your Presence, "Mighty I AM Presence" blaze the Blue Lightning and Sword of Blue Flame as of thousands of Suns into that thing! Shatter and annihilate it, and compel Eternal Perfection to take its place! Then expand God's Almighty Perfection forever." When such a suggestion comes to your mind even in amusement, say, "No, I will be no part of that!"

Now, I am warning you tonight! I have not come here idly! This is of more importance than you know! When any picture, suggestion or anything that comes to your attention would try to induce you to send anything forth but the Perfection of your "Mighty I AM Presence" and the Ascended Host, stop it instantly! If something has already come to your attention and you find yourself thinking about it, say quickly to your "Mighty I AM Presence," "No! I will be no part of that! See none of my Life goes there! Strike Your Sword of Blue Flame into it! Annihilate that thing, so it touches no other part of Life! Blast its cause, effect, record and memory, and compel the Glory of the Central Sun to take possession there; You possess everything with which I am concerned, and close the door to all that has been of human imaging."

You have no idea, My dear ones, what occurs, if you happen to be in a certain attitude, sometimes a careless frame of mind, or a humorous one, if you use an unguarded expression and say something destructive—you wish "so and so" would get it in the neck; you have no idea that moment what you do to your own world! Do you know what it means to hold a picture of that sort now in your mind, after you have drawn this tremendous quantity of energy thru these Mighty "I AM" Decrees in and around your physical bodies, as you have for

months past? That energy is qualified and is standing here like a leashed stroke of Blue Lightning, waiting to dash at any moment into an activity to produce instantaneous manifestation! When you carelessly make those remarks, do you know what that does at the Inner Level? It is just as if you walked by a destructive activity, whistled to it and said, "Come on! Won't you be my pal?" Then you wonder why something strikes you and you have discord to handle! Now govern that thing, because the student body are drawing tremendous Power of Light, and a great deal of this is coming from your own "Mighty I AM Presence," as well as the Ascended Ones to Whom you are calling, and all Who are giving Assistance! My dear ones, you cannot afford to hold a picture in your mind for the fragment of a second, that you do not want to see out here as a physical manifestation; or that you do not want to take into your own physical bodies as the fulfillment of that which is in the picture!

If you suddenly see a picture which your words contain, you think it is getting even, or it is the recoil of something destructive to individuals who have an unfortunate creation. You often say, "It is good enough for them; I hope they get it in the neck"; and you sometimes say a lot of other things. If you hold that picture in your minds, My dear ones, you are wishing it against Life, and you have flashed sixty per cent of that into your own flesh body before you can speak the words. Now please do not fool with This Law! We are coming to a time when the Cosmic Light in the very air you breathe will be of such intensity, that It will produce in your bodies almost instantly, the pain and the destruction that you temporarily visualize in someone else. It is one thing to say to the "Mighty I AM Presence" and the Ascended Host, "Drive and bind that viciousness back into its cause," and it is another thing to in your own feelings release from your own Life's energy the desire to injure Life; the desire to send forth anything that adds to the world war!

You are calling for the Power of Precipitation! Unless those habits are corrected, you could call for a million years and the Cosmic Law would not grant your request. You are doing beautifully; you are doing wonderfully. I am not criticizing or blaming you, but I am warning you and I see some of these things that I know to be extremely dangerous. Why? Because the atmosphere of earth, thru the war, is heavily charged with destructive, physical force. When you hold those pictures; when you speak those words, you invite that destructive physical force

into your body, into your house, into your business, into your loved ones, into your finance, into your affairs, into every piece of work you do in the physical octave! This is a dangerous thing, is the reason I have come tonight, to help you see the necessity of not allowing those expressions to go forth from you; since you have drawn the tremendous Power which you have, over the last year, thru these "I AM" Decrees. You must not let those remarks go forth, unless you want to experience that destruction in your physical flesh!

I cannot protect you; your own Presence won't protect you; the Ascended Masters cannot and will not protect you, if knowing This Law, you deliberately defy those destructive forces! When you say those destructive things, it is a challenge, it is a dare to the destructive element among mankind and they take it on the instant, believe Me! There is no such thing as idle conversation. You cannot send things forth in a destructive joke and expect not to reap the results! I have seen many a person nearing the most magnificent accomplishment; and because of that habit alone, have to wait months or years, sometimes Lifetimes, because they won't listen or correct themselves, when it comes to this thing. Tonight, I see a receptivity within you, and I call this forth to your attention, so you may lock the door against it, and never open it again by destructive conversation. It is one thing to call forth Manifestations of the Law, that would astound the destructive forces by Its Illumination; but to temporarily wish for a destructive force to go forth against Life is another thing.

When you have heard this Messenger, the Beloved Saint Germain, and some of the Others of the Ascended Host, as well as Myself, call for individuals who have frightfully vicious creations to be taken to the compound, that is to shut off the expansion of their destruction. That is not a desire to torture Life, it is not retaliation, nor to impose injury upon Life! That is to shut off the expansion of their destruction, and leash it, until it can be consumed from the Universe; and it is but to shut off the destructive part which would in time destroy the whole. That has nothing to do with revenge, nor the desire to see anyone suffer; or seeing any part of Life bound in suffering! There is a vast difference between shutting off the expansion of frightfully vicious destruction to prevent it destroying the whole, and the feeling of that which wants to retaliate.

Cleanse yourselves of the slightest thought of retaliation! That is not a Divine characteristic of Life! If the Ascended Mas-

ters had held over you, a feeling of retaliation when you have slipped in the past, where do you think you would have been today? If We had wanted to retaliate against you every time you did destructive things, where do you suppose you would have been this hour? I could tell many of you! So that characteristic is not worthy of Saint Germain's Family. Please do not stoop to revenge; to retaliation or to resentment! They are qualities that must die within you and die they shall; because they do not belong to God!

You must become incapable of feeling those qualities, before you can be Free! You have signified your intent to serve the Light by accepting this "I AM" Instruction, and making the application that you have, thus far. So, I know that the Real Desire in each one of you is to truly serve the Light. These old habits, these hypnotic suggestions over many, many Lifetimes come forward, My dear ones, to be consumed! As your Light grows greater, they come forward as an outer reminder again, for you to call for their annihilation. Please remember what Our Beloved Saint Germain said in one of the early "I AM" Discourses, that when conditions seem to get troublesome, say: "Mighty I AM Presence," charge me with the strength to go thru all experiences and remain joyous and uplifted, no matter what they may be!

My dear ones, if We could trust every one of you in this room tonight, to never again send forth a destructive impulse against even those under This Radiation, I could bring to you such wealth, such Powers from Our Octave, as would enable you to go forth and correct every condition in America which is wrong within a few months. We must be certain, at least ninety per cent certain, and ninety-nine if We can make it, that you are not going to be tempted thru habit, to do anything to injure Life; because We cannot confer Greater Powers upon you and then be responsible for their misuse.

There is something the student body has not understood! Every time you ask for more Power; more of the Powers of Life, Someone in the Ascended State or your own Higher Mental Body, must guarantee you to Us, in order to release that Power which is greater than you have now, if it is to be released to you. Somebody must be your Sponsor to those who are guarding the safety of all mankind, before those Powers can be delegated to you, and the reason for that is this: all of you once had all of these Powers of which We speak, but they had to be withdrawn from you by your Higher Mental Bodies and

the Ascended Host, in order to keep you from dissolving the planet on which you lived. Mankind in the past, when they had these Powers, did so much that would have destroyed the whole world, that the Higher Mental Body had to withdraw from each individual those Powers, which if not governed and used on the constructive side of Life, would have destroyed everything.

Now, since you are coming again on a Higher Spiral and you are reaching, some of you, a correlative place where you have been many centuries ago, where you can draw forth again into your outer use, many of these magnificent Powers of Life, this time someone has to guarantee you to the Great Cosmic Beings Who are the Operators of the Cosmic Law to this Planet; so if you are given the Assistance and these Greater Powers of your Life Streams are allowed to come into outer use again, this time you won't misuse them. Until Those Great Beings can be absolutely certain, that you would not misuse those Powers, they must stay within your Causal Body and the Higher Mental Body withhold them from your use thru these physical forms. Otherwise you could have them at any time!

When you realize that in those former Golden Ages, the people levitated the body; they precipitated the food; there were no armies; no navies; no penal institutions and hospitals, and they were all joyous and free from the limitations of today; when you realize mankind have been like that six times before and still they turned again to the shadows, you must know that now, as We enter the Permanent Golden Age to the earth, the Cosmic Law is demanding the removal from every Life Stream of the last fragment of everything, by which anyone could fail again!

So, I have come to bring this Reminder tonight, to help you put a greater check upon those impulses, because that is all they are. It is not because you want to be especially revengeful, but these things open you to destructive forces; and a tiny feeling of resentment often repeated and released, becomes retaliation before you know it! The next step is revenge, and then you are lost! Revenge never pays, nor does retaliation! Any feeling within you of getting even for something, My dear ones, is a quality that belongs to the animal, not to God! That is purely an animal characteristic! If one animal snarls at another, the second one snarls back, then they are in for it. That is not a Divine characteristic! So, if you are going to be worthy of the Powers for which you are calling, then cleanse yourselves of these careless habits of speech; and of holding or allowing any picture to re-

main in your mind which cannot be made Eternal, and which is not a blessing to every particle of Life in the Universe forever. A picture of destruction held a moment with intense feeling, either of humor, resentment or irritation, can open you to destructive physical forces, from which the Great Cosmic Law will not permit Us to protect you, when you do that of your own free will, knowing consciously This Law; knowing also that your Spoken Word is the Great Creative Activity of your Life!

When you have conscious knowledge of a thing, We cannot protect you, like We could those who do not yet understand the Law! Whatever acts in your world from now on must act consciously at your command; and a strong feeling or sharp picture in your mind can open you between two minutes, or between two seconds, to the intrusion of a force that may wreck you! Now please do not do those things!

I shall help you! I shall try to be a Reminder to you. If I were you, I would call the "Mighty I AM Presence" to establish a Guard to remind you, the moment any thought, feeling or picture comes to your attention which would not be created by the Ascended Masters, to instantly call forth the Sword of Blue Flame in the Hand of your Higher Mental Body, to annihilate all imperfection, and see it does not exist any longer, to intrude upon any part of Life any further imperfection.

Once you enter the conscious path, My beloved ones, there is no such thing as an innocent joke with This Law! There is no such thing! All energy sent forth either produces Perfection or it does not! If it does not, then it must come back into you! If you send it forth, sixty per cent of it stays in you right then, and the other forty per cent returns later for redemption! It may go forth and injure others, in the meantime, but eventually the whole hundred per cent of what goes forth comes back to you. None can escape! So "I AM" come to you tonight, to bring you a Radiation and a Reminder that will make this day your Thanksgiving Day for Eternity! If you understand, against what I am trying to guard you, and how with a little more attention, a little more Self-correction, it will enable you to step out of the shadows, take the trust that Life offers you, wield the Greater Power, and go forth freeing yourselves; you can be clothed with the Power to free others, as We are trying to free you! That is worth every effort at Self-correction you have ever made or ever will make. Because I see this danger, is the reason Saint Germain asked Me to come tonight, and clear this

by an Explanation which will help to free the whole student body from many habits that they do not even realize are acting. Habits are very peculiar things. They have been of such long duration and they rush forward at the most unexpected moments; for they are so very troublesome, and are one of the greatest barriers to your Freedom and your Victory.

We are winning the Victory; We want the world at Peace; and if there are destructive remarks or pictures in your mind, it delays both! You are nearing the end of the race, and as you near the goal, sometimes the race becomes very close! We are seeking to have mankind turn completely away from that which has opened them to this frightful destruction of war.

Mankind are in this condition today, because they talked the Armageddon for so many centuries, and now they are in it. That is exactly what this world war is. We had hoped so much to avoid the whole thing, and if mankind had stopped discussing it, stopped keeping their attention on it, and stopped repeating it as a prophecy, We could have done much more to avoid it. Remember, when the attention goes to a thing, My dear ones, your Life energy goes into it whether you want it or not; because the very fact that your attention is upon it, is the drawing back of its energy into you. When your attention goes to these flowers, the vibratory action of the yellow flowers comes back into your body thru your optic nerves, whether you want it to or not; it just does, because thru your sight and your feeling, your Life consciousness has reached out and touched that, and it comes back into you again and again, so there is no such thing as escape from that Action of the Law.

Now let Me show you what a controlled attention and controlled spoken word, a controlled vision and feeling, means to the individual. You don't have to get stiff; you don't have to be prissy; you don't have to be all straight-laced until nobody wants to associate with you. Quite the contrary! You can be so happy on the right side of Life; you can be so humorous with all the wonderful things there are to see; because there are many situations that you can enjoy tremendously, carrying no injury to anyone and yet bringing tremendous relaxation.

Oh, My dear beloved ones, when above you stands this Presence that has waited for centuries to give you these Magnificent Powers of Life, so you would never worry again; as you call forth such a condition into the outer, with a few turns of your hand, the work would be done. You lived like that once

before—many times! You may do it again today, in the midst of a hailstorm, as Saint Germain says.

Do you know what We want you to be like? Like the Sun! It abides in Its Own Realm, above the atmosphere of earth, and into the Sun's atmosphere, the shadows can never pass. You may have a cloudy atmosphere; you may have the smoke and dirt of a city, which shuts out the Light of your Sun, but the Sun is not even concerned about it! It does not care anything about it! The Sun is in Its Own Atmosphere of Light! Helios abides within It, and the shadows touch Him not! So do We want you to become! We want each of you to just be cut free from all destructive habits of thought, speech, attention and vision! Just let go of everything which does not produce Perfection! May I remind you that I am not doing this to be severe, but it is the Truth and the Action of the Law! I am bringing This Illumination to you, that you may more quickly let go of these habits, because you can, if you want to! Saint Germain, Jesus and Myself and Others of the Ascended Masters, your Precious Mary, your Beloved Nada, the Mighty Beings Who have come to you, the Seven Mighty Elohim of Creation, the Mighty Beings Who have offered Their Love to this world—They have come, My dear ones, and have given you the Love from Their Own Life Streams! They have given you the Substance of Light from Their Octave! Now, that is part of Themselves! That is just as much a Part of Their Life Streams as your hand is a part of you! When They have come from Their Great Heights of Purity, Perfection and Joy to pour Their Love to you in an hour or two of Dictation; or when you are giving your Decrees or singing, and They are pouring forth Their Life Streams' Energy and Substance in and around you to help keep you harmonized; to help draw to you your supply and help protect you; They have released into your brain, body and atmosphere Part of Their Own Life Streams, just as surely as the Physical Sun releases from Helios' Focus of Its Power, Its Light Rays, Its Energy and Substance to this earth. Just as surely as the Sun's Rays supply energy to the earth, do these Great Beings of Light give to you, Their Life's Energy and Substance and Flame of Love.

When you do these things, My dear ones, you are driving Them away! Suppose you make a destructive remark; that is just as if you took a knife and scarred the face of an individual or of an Ascended Master, with the destructive thing that you spoke. It is terrific before Life! It is as if you took a knife and

scarred Jesus or Saint Germain on the cheek with the destructive picture that you speak in those words. I am speaking of this tonight, in a way I know will help you, to let go of ever doing those things again! It is not smart! It is not entertaining! It is not funny to use your Life's Energy and the Substance the Great Ones have drawn around you to help you become Pure and Free thus far, to say or do those things. It is not the right Action of Life to send forth, for you who know the Law! Those remarks mar Life, and the Substance which has come from those Great Beings, from Their Great Heights of Purity and Perfection, is to help you to become like Them and They do not do those things!

That is the reason the Master Jesus said, "Thru a soiled garment My Light cannot shine," and "If you have done it unto the least of them, you have done it unto Me." After tonight, I know you will not do it again! I shall establish a Reminder around you, to close off the words before you speak them; and to strike the Sword of Blue Flame into the picture, before it can come out and touch the rest of creation, or become focused upon the Substance of Life. If I can cut you free, My beloved ones, of that habit tonight, it is worth everything I have ever experienced, to help you put an end to such use of Life's Energy!

There is so much before you and so much that has been given you, beloved ones, that is so worthy of your discussion! There is so much that is beautiful and entertaining! There is so much, if you placed your attention upon it, which will draw back to you the Divine Cosmic Powers of Manifestation, and make you the Majesty of Beauty, Power and Glory; of Freedom and of Victory; and a Master Presence Who can release to the rest of mankind, the same Great God Powers to set them free. And never again let the attention rest upon anything which does not bring Perfection to you! Then your Perfection may expand to set others Free! I saw grave danger for some of you, was the reason Saint Germain asked Me to come tonight, and clear this away from every one of your Life Streams. I shall establish a Reminder, a Guard around each of you, to check those impulses before they can act; until you can gain the momentum yourselves to shut them off; and never again allow conditions to be built in or around you, which would cause disaster to anyone or discredit to Saint Germain's "I AM" Activity!

These things cause great danger to your Beloved America, My beloved ones—that is one of the reasons I have come! America in the next few weeks is going to need every acknowledgment

of Light, Life, Protection and Perfection for your Constitutional Government, that you can release; and so, if I were you, and if you care to cooperate with Us, We would appreciate deeply your use of all your energy, your words and all your conversation to just command the protection of your Constitutional Government, and make no idle remarks about anything! Just call forth the Light, because America will need It! The sinister forces are trying to strike at your Constitution and have been for months past! There is not a thing that they won't try; but that is no excuse for giving them their own way! If you will listen to Us, the Cosmic Light can release whatever is required to make their every plan fail and fail completely; but you cannot stop their plans by words and pictures and feelings that are like themselves!

Every destructive picture, word, thought or feeling, feeds that communistic feeling which wants to wreck your Constitution; and I am here, tonight, to help defend you and your Constitution; to warn you, what is trying to reach in its claws and dim your Light, or prevent the Victory for which you are really calling. This is one of the gravest dangers that We have seen; and now with this Reminder tonight, and that which I will establish within and around you, I feel with your conscious guard to do the best you can and check yourselves, you will go forward and not give any more energy to those forces, especially over the next two months. It is of very grave import, My dear ones! Many of those destructive forces are being revealed that did not think they were going to be revealed; more are coming; but that should not enter your discussion. Leave that in the Hands of the Great Law, and command and compel the annihilation of everything in America, which dares to interfere with Saint Germain's Constitutional Government and the Gifts of His Purity, Freedom and Victory of Himself, for this Nation, and for the redemption of the world from all that is of war forever.

Always when the greatest danger threatens, a Great Light Appears! Always when the Great Light blazes forth, a shadow tries to arise! When the Seven Sacred Weeks are in progress, and the Mighty Outpouring from the Beloved Jesus, the Precious Mary, and the Mighty Elohim of Peace, are focused to bring World Peace to the earth, then there arises within the "Cup of Light" those shadows which try to break the Cup. America is the "Cup of Light" to the earth! There are those who are trying to break the Cup by shattering your Constitutional Form of

Government. Let that not occur, My beloved ones! You are the Light within that "Cup" and please do not give them one word, one picture, one thought or one feeling of discord ever again! Please, tonight I plead with you!

I will give you everything for which you call! I will stand and protect all! I shall blaze the Light! I can release the Light! I can give you Victory, if you will listen to me tonight! I have come because America needs you! Saint Germain requires your assistance, and you have the Power to give it! His Love to you entitles Him to it, and I shall stand guard and do everything the Cosmic Law will permit, to assist you to be this Victory for which you call!

There is one other thing I want to help you with tonight. This is in no sense of criticism—it is but an explanation of the Law which is acting and it is for your protection. If I were you—all of you—I would definitely take myself in hand and command yourselves never to speak suddenly with much force! I mean by that—I do not mean interfere with your "I AM" Decrees, or anything of the kind—but I mean, break any habit of sudden speech when you are not decreeing, and govern completely the quick impulse to say something with much force, unless it be an "I AM" Decree, a constructive command, that is for some definite manifestation of the Great Law! Many people, many of the student body have this habit of speaking very rapidly and very suddenly with great force!

Govern that thing, because if you don't it is still uncontrolled energy; and you are here to be the Master of all energy! Watch that you don't speak in nervous, rapid, sudden bursts! Contemplate well what you are going to say before you say it! Try to avoid unnecessary words in your expressions! Try to concentrate your thoughts so that you speak clearly, simply and directly; and not have to say a lot of words in order to carry your meaning. You can just as well be quiet a moment first; be sure of what you are going to say and then say it with Power! Watch that you govern the habit of sudden impulse in speaking; because if you don't, one day you will be off guard as sure as creation exists, and something will go forth that you will regret with the next breath. Govern that impulse, because it is part of your Mastery! The Ascended Masters are never hurried about anything! No one can ever get Them off guard, and They always speak with Great Dignity, yet great naturalness, great Power, great Force; but when it is necessary, in order to stop a sudden destructive force, They can speak One Word

and instantly the thing goes down and is annihilated even with that One Word! That is the habit of feeling We want you to acquire! Many of you have it naturally! Others need to acquire it! Don't always think it is the other person who needs to acquire it. Everybody just apply it to yourselves to be safe, because it will give you a sense of Mastery, Poise and the Power that all people will respect. It will compel respect from the rest of mankind, when they see the "I AM" Students poised, clear thinking, intelligent, with Great Discrimination and absolute God-Victorious Self-control, as this Messenger says!

You are moving forward! The Great Law of Life will then entrust you with Its Power, and the Radiation of that Power around you, will compel all whom you contact, to feel that Power and compel respect. We want you to come to that stage, because many of you could be placed in positions of great trust and importance! Many should be able to carry the Light with great calm Mastery into the heart of many conditions; and let the intensity of that Light clear away the wrong in those conditions, set things into Divine Order, fulfill the Divine Plan, and finish by a Great Majestic Victory of that which has been started with good intent and should not be interfered with! These are conditions which We want to bring about in the "I AM" student body, so it will assist the outer world to more rapidly come into Divine Order, and avoid the aftermath of much depression following a war. It can be avoided; and if the student body will acquire this greater Self-control, at least, it will be avoided for the students. Their Radiation will help others to avoid it, and that goes on, and on, and on, like a stone you throw in a pool of water; one wave goes out and it travels and travels out to the edge of the circle and then comes back to the center. So everything of the Ascended Masters' Qualities and Powers, thru Self-correction will go forth to bless all the rest of Life; and as they return to you, do you know what they will bring back? They will bring back the Love, the Gratitude, the Freedom, and the Happiness from those Life Streams to which you have brought help. That will be a Tremendous Raising Power in your own world!

Oh, there is so much, My dear blessed ones, which you can have by placing your attention upon your Source, your Beloved "I AM Presence," the Ascended Masters and those Great Cosmic Magnificent Activities of Life! When you place your attention upon the "I AM" Miracle Music of the Spheres, the Great Temples of Light and Purity in the Electronic Belt around the

Physical Sun; when you place your attention upon the Fourteen Etheric Cities, or the Ascended Masters' Retreats, and ask Them to flood to you that which They know you require the most, Oh, My dear ones, there is not one call which would ever be refused. Many of you in many ways are coming to a point where many things can be released under your direction, with just a little more attention to some of these habits of thought and feeling, which you are not always quite conscious are acting.

The raising Power tonight, is being drawn in and around each of you to raise you as rapidly as possible out of those habits; so you may feel as if you had thrown off a heavy garment which was worn out, and took your new Robe of Authority, of Mastery, of Self-control, in the Poise of your Higher Mental Body. Then in Its Beauty, Its Freedom and Its Opulence, you move forward clothed with the Sun, giving Its Radiance, Its Warmth, Its Cosmic Love to every particle of Life you contact! Then none can be vicious to you! None can be discordant to you, because that Light will go ahead of you and Its very Intensity will consume whatever is destructive, or hold it in leash until you pass by! It is well worth every effort it takes, My dear loved ones.

Dear Hearts, I have loved you a long time. Like your Beloved Saint Germain, We loved you in that seventy thousand year civilization. We have never stopped loving you—this Messenger, Donald and Myself. We have loved you for seventy thousand years, always wanting your Freedom; and one day Our Love and Desire for your Freedom, will be your Victory and complete release into the Ascension! Therefore, from tonight, as you are nearing Greater Freedom, will you let your Love always increase?

Will you send forth your Cosmic Love and expand the desire within you, to just help all Life to be Free, with no sense of criticism or condemnation? When a gathering storm cloud of human creation bursts around an individual, threatens a Nation, or a group of people, will you go into action and like the lightning in the atmosphere of earth, shatter and annihilate the heavy storm clouds?

Your calls to the "Mighty I AM Presence," the Great Central Sun, the Ascended Host, and the Higher Mental Bodies of all mankind, will draw forth the Blue Lightning from the Great Central Sun. You can draw forth the Cosmic Swords of Blue Flame into the gathering storm cloud, and in one Mighty Flash, shatter it! Then, with the Violet Consuming Flame dissolve

and consume the substance, so it cannot whirl forward to release its destruction. That is what I want to convey to you tonight. I want to help you be the Great Power and Victory of Light, which prevents anything further acting against America, when she is so near the Great Freedom and Victory of her own Great Light.

Dear Hearts, there is God-Power Unlimited! There is Love beyond any human concept! There is Protection that nothing human can stand against! There is Unlimited Wisdom which you may have! There is all the Wealth of the Ascended Masters' Octave! There is all the wealth of this octave! There are Unlimited Legions of Ascended Master Friends and Cosmic Beings! There are Uncountable Legions of the Angelic Host, Who can come to your assistance on a moment's notice. The Forces of the Elements can be your Friends at any moment, and in the midst of seeming destruction, sweep and turn everything into your Protection! Those who pour Their Love to Life and will be no part of destructive qualities, will be held within the Protection of those Forces of the Elements! Those things will seem miraculous to the outer world, but they are nevertheless an Action of the Law of your Love and your Life, poured forth to bless the rest of Life.

I feel that there is not one in this room who cannot have this Victory tonight, over any disturbing habits. If something attempts to rush forward, just a little momentum—the warning will come and you will say, "Now, just a moment! No more of that! Be thou consumed! You cannot have my Life to wreck America!" And with that the struggle will be gone! When you seem to have a struggle with anything, stop and say to yourself: "No, you don't! If it has been my feeling of struggle that has caused this struggle, well then I struggle no more! 'I AM' the Light that sets all Free! 'I AM' the Light that blesses all! 'I AM' the Light to which there is no obstruction; for I am clothed with a Sun of White Fire, and the Blue Lightning from the Great Central Sun! It is around me a Wall of Protection—and Perfection is mine for Eternity!" That is what this Messenger means by the God-Victorious Cosmic Obedience; God-Victorious Self-control, Management and Mastery! Mastery by the Power of Light over your feelings and your spoken word; so all the Power and all the Powers of your "Mighty I AM Presence" thru your Higher Mental Body and the Ascended Host, may be released for your direction; and you go forward to safely

use those Powers which compel the rest of mankind to be raised out of the shadows of their distress.

My dear ones, I know, tonight, you are receiving this! You are getting it; because the shadows that were around you when I came have been taken away; and I feel tomorrow, you will know the release coming within you is permanent! I am consuming the shadows of those habits which were tempting you to do things, to sustain the destructive forces longer. You will not do that again! Watch yourselves! This does not mean you are not to keep your conscious guard! Your Freedom depends on your firm determination and intellectual awareness to stop these things! Keep that guard up with every atom of your Beings! Then, I can help to take away from you the rest of it; so you may be more Light in America's Cup, and her Cup of Saint Germain's Constitutional Government be never shattered—Never! Never! Never!

The sinister force has so often tried to wreck your Beloved United States of America! By one war after another, they have tried to separate this country. They have tried to wreck your Constitution! America's Cup, which is the Constitution of the United States of America, must not be shattered! We are depending on you to be the Light within It, and make It so blazing that Its force and pressure sustain the Cup, and the blows driven against America from without, are compelled back into their creators before they can act!

I clothe you, tonight, in My Mantle of Cosmic Obedience, God Victorious Self-control, Management and Mastery; My Cosmic Love and Watchfulness; My Cosmic Guard; to help you accomplish this Victory tonight; and move you forward Free to wield the Power of Light which sets all America into Divine Order; fires her people with the Light of Freedom; protects the Divine Rights of Free Men; and holds her Victory of the Light as the only Authority in Our Land, until the Ascended Ones come forth!

I appreciate your Love! I appreciate your Loyalty to this Light; to this Messenger; to your Native Land, to Our Beloved America. I appreciate Infinitely more than you know, all that you have ever poured forth, and it is because of all you have done, that I come to be the Guard to help you; and now lock the door forever, against any more danger to yourselves or This Land; against any more danger to the loved ones in the National Defense, and to the younger generation.

For just a moment, accept the Flame "I AM" calling forth

of that White Fire and Blue Lightning of Divine Love from the Great Central Sun; to sweep thru you, and around you, and hold the Violet Consuming Flame in Action, until all habits and etheric records which do not produce Perfection are dissolved from your beings and worlds. Then, you can be made as strong as Hercules, with the Cosmic Light Substance that anchors within and around you like solid steel; and stands as the strength of millions within America against all that is not of the Light. (Silence)

"I AM" your obedience! "I AM" your Victory! "I AM" the Love that calls you from the shadows and makes you strong in the Light; so America's strength may be enough to hold her Victorious and shatter from the earth, all that is of war forever! Acknowledge, beginning today, many times during the day, the Mighty Cosmic Outpouring at this time from the Mighty Elohim of Peace! Ask that His Cosmic Flame of Cosmic Peace go forth and wrap Itself around all in America, and then sweep thruout the world; to possess the world and hold all upon it within His Cosmic Flame of Cosmic Peace. It will more quickly bring the release of the world from all that is of war.

In that Love which knows no contamination or shadows, I clothe you tonight; and in It is this Awareness, the Guard which prevents anything human ever acting again. As you give your command for those habits to cease, the Cosmic Flame of My Love shall stand guard around you to strengthen your calls, to shut off all suggestions and momentum which are not of the Light; and you will move forward without the limitations, the problems or the struggles of the past. As you hold this Freedom and ease in your own feeling world, Its radiation goes out to the people of America, and it makes their Light blaze brighter, which is the strength within America to stand against that which is not of the Light! Now, may the "Cup of Light," Liquid Light, which is Really Visible and Tangible, come to you and lift you into all Light in which there are no shadows!

Dear Hearts of the Light, I shall call you! I shall remind you, and guard you from this night, to help you hold America's Freedom and bring the Victory of the Light to the world! We shall bring Victory over all that is of the shadows forever! Dear Hearts, I love you! I shall do everything to make your pathway brighter and smoother! Just face the Light! Contemplate no thing but the Victory of the Light, and let us move forward to help release America and the world as soon as possible!

I thank you for this Thanksgiving Day! I thank you for your Love of the Light. I thank you that you have come this far in the Light! Now may the Light come and serve you, to lift you into Greater Light; until the whole world is God's Blazing Sun of Perfection, and Saint Germain's Freedom and Victory reign Supreme forever!

Thank you, beloved ones! Good night!

Excerpts from a recent Dictation given by the Beloved Astrea in New York City, wherein He gives another warning to the Student Body about being in bed by 12:00 o'clock midnight.

* * * *

MIGHTY ASTREA

“ELOVED ONES, I love you so greatly and “I AM” over-stepping the bounds a little under the demands of the Cosmic Law, to remind you again, as have Others of the Ascended Masters, of the Blessed Godfré's request since last September, that the Student Body try to be in bed by 12:00 o'clock.

We are trying to give you certain Assistance in the purifying and strengthening of your physical bodies, if you will give Us this opportunity; but beside that, there is another reason why “I AM” again reminding you of this request! There are certain dangers I wish you to avoid, and if you don't believe Me and give the co-operation, the results which you experience must be upon your own heads! Now further than that, We cannot go!

The Beloved Godfré requested three times since last September, the entire Student Body be in bed by 12:00 o'clock, if they expect this Cosmic Work to be done for their assistance! That is a certain attunement of the Inner Bodies, and a certain strength and energy We have been anchoring within your atomic structure, to strengthen you against world-wide epidemics; and if you don't listen you will pay!

This of which I remind you today, is a physical danger and further than that I cannot explain! If you don't want to give that co-operation, then I must turn My Attention elsewhere! “I AM” very inflexible on this Reminder today! The Mighty
