

## ELOHIM OF PURITY'S DISCOURSE

CHICAGO, ILLINOIS

DECEMBER 2, 1945

AFTERNOON

ELOVED ONES of the Light, great is the rejoicing of Those in the Ascended Masters' Octave and the Great Cosmic Beings of the Universe, when there comes forth from the heart of each of you, the continual call for Purity and the Great Perfection of Life, which We alone can give!

In lifting your attention to Me this afternoon, while the Radiance of My Flame surges in and around you, there goes forth into your own Life Streams, first from your Higher Mental Bodies and then from My Heart, the Flame and Substance of the Purity of the Cosmic Christ. Each one feel your body absorb that this afternoon, so your Life Stream in expanding Its Power of Cosmic Purity thru you, and enfolding you in the Substance of the Cosmic Christ, makes you a Glorifying Magnet to all parts of Life which you contact.

Feel yourself in the Raising Activity which is going on this afternoon, in your brain structure, your mental and emotional bodies and the atmosphere about you, that your body is absorbing My Cosmic Action and Flame of the Cosmic Purity, which "I AM" to all Creation! Feel the surge of that Flame into every particle of your atomic structure! Feel It from within your Higher Mental Body surging within the physical form, expanding every Point of Light in your flesh, and continuing to expand into the atmosphere about you, until you stand clothed with a Sun of My Cosmic Flame of Ever-lasting Purity.

Regardless of anything that has happened in your Life-Streams, past or present, "I AM" concerned with only one thing—pouring and flooding forth the Flame and Substance of Cosmic Purity into every particle of substance on this earth and in its atmosphere; until My Expanding Pressure becomes so great that It compels all substance and all energy raised into Our Great Octave and the Vibratory Action of the Purity of Cosmic Life, which "I AM."

If there are those of you, who because of past conditions, feel sometimes you are not making as rapid progress as you like, in the purifying of your bodies, your atmosphere and world, be not discouraged. Condemn not any part of Life! Face the Light which is the Great Magnet of Creation that draws you

into Its Heart Center, and everything drawn into It becomes the Perfection of Itself. Therefore, instead of battling and struggling under the load of discord, which is in the outer world about you, arise and face the Light! FEEL yourselves drawn within Its Heart! As you abide there, FEEL the change that takes place in every cell of your bodies. See everything within you become Blazing Light and every cell itself become a Blazing Sun, which ever pours forth Wave after Wave of Its Expanding Light, until the pressure of Light is so intense, It becomes for you the Illumination of your flesh and the atmosphere in which you move.

The purifying process of the brain structure, comes about thru the Higher Mental Body pouring forth Its Cosmic Flame of Purity thru the pineal gland. That is what takes place from within your own Life Stream; but the Flame of My Purity within the forehead pours Its Flame in every direction thru the brain structure, to meet the Expanding Flame from your own Life Stream. As the two become One, the energy which your Higher Mental Body pours forth into your brain structure, becomes clothed for Eternity with the Flame of Cosmic Purity, which "I AM." It is My Privilege to pour the Flame of My Love and Purity into the atomic structure, wherein abides the Unfed Flame of God's Heart.

In feeling the intensifying, expanding Power of My Love and Light within the brain structure, and enfolding your physical forms like a Seven-fold White Flame of Blazing, Dazzling Brightness, the Unfed Flame within each heart is given greater Freedom to expand thru the atomic structure of the body, to reach up and become One with the Seven-Fold Flame in the forehead. As that Unfed Flame rises passing thru the Flame at the throat, and entering in thru the All-Seeing-Eye of God into the Seven-Fold Flame of the forehead, the Unfed Flame within the heart rises into the Central Three Plumes within the forehead, clothed by the two on each side, which become Wings, as it were, of the Cosmic Fire, to forever expand and hold Its Balance everywhere It contacts substance and energy.

Beloved Ones, in the purifying process of each Life Stream there comes the moment, when the desire of the outer self in reaching up to the "I AM Presence," and the Higher Mental Body reaching up to Us for that which We can give, passes thru the upper atmosphere of earth and touches momentarily into Our Great Octave of Activity. When you once in the feeling world, begin to be aware of the expansion of the Flame

in your heart, and then feel the Return Current from Our Octave pass thru your heart, It begins to expand the Light thru the flesh form and into the atmosphere about you. Sometimes the onrush of that becomes so intense, it becomes balanced suddenly, then there is almost an ecstatic raising of the form.

The Vibratory Action from Our Octave expanding thru the Flame of your own Life Stream, blesses every Point of Light in your atomic structure. As Our Enfolding Love—Our Flame of Cosmic Love and Purity touches those Points of Light, It ignites them and begins a constant expansion and release, in rhythmic pulsation thru the atomic structure and into the atmosphere. Sometimes it takes place very rapidly in the brain structure and seems like a tightness in the forehead. That is merely the expansion of the Flame of Our Love and Light passing thru the brain structure, which receives It and releases the expansion more quickly, than the bone structure of the head. It takes a little more time for that Light to pass thru the skull itself, because the substance is of a more dense nature.

Beloved ones, once you understand how on the instant by your attention and call to Us, you can draw forth into your own brain structure whatever intensity of Our Purity and Light and Love you desire, you will never cease to call! You can draw It thru your heart! You can draw It thru your throat! You can draw It thru the hands! You can draw It to any place in or out of the physical body, at your conscious call!

Now, We want you to become aware whenever you make the call, of how instantly the Flame or the Light Ray goes forth, releasing Our Substance wherever you consciously direct It, because once you see the Instantaneous Response from Us to your calls; once you see It actually flash on the instant as soon as the call is made, beloved ones, you will for all Eternity understand, that to Us there is no time nor space; and there will not be to you, as soon as you see that response come quickly enough.

A great deal of mankind's doubt and fear come only because the physical sight does not see the Inner Action of the Light and the Sacred Fire at the moment It is releasing; for could you on the instant, see the Presence flash the Flame in answer to your calls, My dear ones, there is not a thing in the outer world, which would ever again get you to accept, that there was any power anywhere opposed to your "I AM Presence." If you could see instantly how that Beloved Higher Mental Body of each Life Stream sends forth on the moment in response to your calls, the Fulfillment of those calls, you would

move forward with your hand in the Hand of that Higher Mental Body, and you would know that you had a Friend indeed—a Friend that never failed to answer your call instantly.

Today, I want to give you Assistance in the release of Protection to your mental and feeling world which you all need; because there is more acceptance, beloved ones, of the thoughts, feelings and suggestions in the atmosphere about you, than you ever dream. You have all had the experience of being in a marvelous state, so happy and harmonious, and all of a sudden something discordant strikes like that (motion of the hand) and you say something and a moment later you wonder why in the world you said it. You did not want to and you had decreed not to. Well, let Me tell you, because this is always the condition in the atmosphere following a war and many times previous to it.

The atmosphere of earth, and "I AM" speaking of the lower atmosphere, at the present time, is almost reaching the point of saturation thru discord. Now when that occurs, the feelings of those who have faced the Light, even though you have drawn great protection about you, many times are slightly off guard, and you do not realize it. You often feel a sudden impulse come thru, and it very often acts before you can check it. Now it is for that reason, I have come this afternoon to establish My Cosmic Guard about you; if you will accept It, give It recognition and charge It each day to be intensified and expanded. In addition to your own calls for your Tube of Light-Substance, "I AM" offering a Cosmic Guard of the Flame of My Purity, to envelop your brain structure with a greater pressure than you have ever had before; in order to shut out and repel more quickly the destructive suggestions in the outer atmosphere wherever you move.

Now the same thing must be established in your emotional bodies. Do you remember the Great Divine Director in the Shrine Class, offered the Disc of Light-Substance which He placed within the emotional bodies of the students at that time; and that was to help them to more readily control the feeling world, and to more quickly repel destructive feeling surging everywhere in the world about them? Well, there is a similar Activity which "I AM" offering you this afternoon in the emotional body as well as in the brain structure.

It is the Action of My Flame of Love and Purity and is in the form of a Star! As It lays within the brain, the Rays go forth over and around the head, giving the effect of a Sun.

As that intensifies and expands around you, there pours forth from Our Octave of Light, from the Electronic Belt around the Physical Sun, certain Crystal Rays of Electronic Force, to be an intensifying, repelling Power to protect the mental body against destructive suggestions. The same Substance is placed in and around the emotional body, in order to establish about you once again, the Great Protecting Oval of Light-Substance, soft and dazzling white! This time, because of the atmosphere in which you move, it becomes necessary for that to be established in and around those, who are determined to put an end to everything human in themselves and around them.

Therefore, I have heard your calls and "I AM" grateful for the privilege of answering. Once again, let us build that Great Oval and Protecting Radiance about you, but this time of Crystal Light-Substance whose Rays pour forth like White Lightning, which more quickly repel the suggestions of discord and impurity in the atmosphere of earth, until the final cleansing takes place.

It is necessary for you to accept this and give it daily recognition, asking It to become so intensified, that It becomes physically visible to you. That should extend around you for a radius of at least nine feet in every direction around the physical body. If you will do this, if you care to accept My Assistance, the outer Radiation beyond the nine foot radius, pouring forth will be very uncomfortable to destructive suggestions and creations in the atmosphere about you. Therefore, it will become a natural repelling Radiance around you. Then, within your own Tube of Light, you may draw forth greater and greater Power, Intensity of the Light, Perfection, and the Master Powers from your own Higher Mental Bodies, without feeling that as soon as those greater Powers are released, some force around you tries to disturb or keep you from having their fullest Blessing and Victory.

This Protection is a Great Action of the Cosmic Law which takes place everywhere thruout all constructive manifestation in the Universe. When an Intense Flame Activity is drawn forth, or the concentration of certain Substance of Light is drawn into a concentrated Stream and consciously fastened some place to produce manifestation, there must always be, as that Substance flows thru, an outer Radiance of Flame which shuts it off from the other Universal Substance surrounding it, so It can produce a definite form. That is the reason "I AM" offering this Assistance today, because many of you have so

sincerely tried to rise out of habits and conditions which have been heavily energized in your own Life Streams; and every time you draw more Power and you think you are just about to the place where a manifestation will come thru, something happens and discord again drives in, and which you did not even expect was possible. Well, that is because of this pressure in the atmosphere about you.

Now with the Assistance which "I AM" privileged to give, outside of your Tube of Light, which is the Protection of your own Life Stream's energy and substance, you can more quickly close out all discord! Whatever you choose to bring forth into manifestation, is within your own Powerhouse; but this Radiance around the outside of your Light, becomes Our Enfolding Flame; to more quickly repel any discord in the atmosphere of earth, and to release your emotional body from the pressure and feeling of so much of that irritating destructive element, which floats everywhere in the atmosphere of earth, until the cleansing takes place.

When We come into a large city, We have to pass thru its atmosphere, which is really indescribable, precious ones; because of the vibratory action and the forms of substance, which are gathered in a large city. You see, if mankind would shut off generating discord part of the time, We could do a great deal to raise their vibratory action more rapidly and assist them to their Freedom; but the mass of mankind are so enmeshed thru the holding of their attention on outer things in the physical world, that even when the bodies are asleep, they do not come to the Octave of Light far enough or often enough, to draw forth the Power from Our Octave which would be the repellent force in the waking moments, to help them hold their Victory against destructive forces.

So if you will hold clearly in mind the visualized picture, which I shall give you this afternoon, as you stand within It, you will feel My Flame and Crystal Light Rays go forth outside of your Tube of Light to that distance! They still go on with another Wave, calling for the action within them, to be a shock to any destructive force coming near! You will find it much easier then, to control the spoken word or any irritated feeling, which might suddenly touch you when you were unaware.

Blessed ones, don't be off guard in your calls for protection, for remember, as long as you are unascended, your Eternal Vigilance is imperative, if you are to draw the Greater Powers from Our Octave thru yourselves; hold the Protection and be

the Mastery which compels conditions around you to change. You will find with this Assistance—which “I AM” giving this afternoon and which I wish to establish eternally about your own Life Streams, with that Assistance you will find it much easier to move among your fellow-man, hold to the Light, and just BE the Blazing Glory of Its Presence made manifest. As your momentum increases in your Decree for the acknowledgment of the Victory of the Presence, that Light within your own Electronic Tube of Light-Substance, and the Light within you, will grow very much brighter, so it will be a much more rapid purification of your own atomic structure. It will release youth and beauty, and will release Its Healing Power to you with very, very much greater speed.

We could not allow greater intensity of your own Life Stream's Light and Substance into the atomic structure, without the establishing of this which I offer today. You see in the beginning during the first two Golden Ages, every one's physical body was automatically enveloped in a Great Protecting Oval of Light-Substance and the atmosphere at that time was not loaded with discord. If it were necessary in the beginning as the Enfolding Insulating Power of Life which It required to produce Perfect Manifestation, how much more necessary is it today, if you are to draw forth the Master Powers of Life thru yourselves, to do the things in the physical world around you, which shall lift mankind's attention to the Fulfillment of the Law thru yourselves.

Do you not see how imperative it is, that mankind understand the existence of the Ascended Masters, and accept thru Love and Gratitude, the Help They are so willing to give? All mankind could just as easily receive this, if they would give Us their attention and make the call; but the downward pull of the attention thru the outer things concerning the physical desires of the physical form—food, clothing and the activities of the outer self, the demands of the human, use so much time and energy of the waking state, to bring about these conditions, that the Higher Mental Body gets almost no opportunity to release Its Mastery; and to show individuals the Greater Powers, the Magnificent Perfection of Life which stands waiting to bless them and lift them out of their distress.

Now, to the blessed ones who have been in the service of the National Defense, I say, please be of good cheer, precious ones, you must know how much We love you! If We have been able to focus Our Protection around you which has brought

you back, surely We have a use for you in the Light. So, be not discouraged because of what you have been thru. Face the sunshine of your Presence once again! Feel Our Luminous Presence and Our Arms about you! Feel the Love from Our Hearts pour thru your hearts! Feel the Mightiest Purity in all the Universe come down and enfold you, and melt away that which has been of human discord! Close the door on the memory of all that did not lift you unto the Heights, and consider it no more than passing from one room into another. Your experiences may have been severe, but what of it! You are out of them and isn't that important? You have been thru many severe experiences in many embodiments all thru the centuries. Just shut the door on the memory of the human, and from this hour henceforth, face the Light from whence you came. Remember—It is your Eternal Home and in that Light is Purity, Love, Happiness, Peace, and a Quiet in the feelings, which this surging seething discord in the outer atmosphere of earth, can never reach.

So long as you dwell in the feelings of the emotional body and allow them to make you happy one moment and distressed the next, you will never come to Permanent Peace and Perfection; but to arise into the Light and Mastery of your own Higher Mental Body, means to abide in Eternal Happiness, to hold the control of conditions about you wherever you move, never again to know distress. **ETERNAL HAPPINESS DOES NOT COME FROM ALLOWING THE FEELINGS OF THE HUMAN SELF TO HAVE THEIR OWN WAY!** That is what has created the discord, but to arise into the Feeling of the Higher Mental Body, the Christ Self of each Life Stream, and **TO FEEL** the Love, Purity, Beauty and Perfection of Eternal Youth from the Ascended Masters' Octave, which can be charged around you as a Living Flame, means Eternal Happiness and Mastery thruout the Universe!

We offer you that which is Eternally comfortable! The outer world offers you temporary sensation, and the end of it each time is agony! Be not deceived! The outer activities of the physical world will never offer you anything which seems to be good without some condition underlying it, submerged so that you do not see it, which will bring you limitation and distress; because Freedom does not come from anywhere but above! Eternal Happiness does not come from anywhere but above! And that means your "Mighty I AM Presence" and the Ascended Masters' Octave.

So to arise and feel yourselves clothed in the Blazing Luminous Presence of your Higher Mental Bodies and this Great Enfolding Oval of Flame and Crystal Rays of the Great Eternal Purity of Cosmic Creation, means an Eternal Protection, beloved ones. As that Momentum is built and maintained in ever-expanding Beauty and Power, when you begin to draw the Powers to produce manifestation in the physical octave instantly at your call, you are insulated in the Protection which nothing can disturb, in a moment, when your attention is occupied with the use of the Power.

This has to come before the Power of Instantaneous Precipitation or Other Manifestations could come forth in constant outer use of the Student Body. That which you draw from above must have protection against what is around you, or that which is of the human will seek to use this greater energy to sustain itself! I say to you, as you use the Master Powers of Life, Absolute Purity and Cosmic Love are the Guard and the Invincible Protection against the misuse of them!

You do not know, precious ones, when you call forth the release of certain Powers from your own Life Stream first, of course, and then from Our Octave, how much hate and jealousy you would have to stand against. Suppose suddenly, such Powers were released in, thru and around you! Suppose you produced some Magnificent Manifestation in the outer, which aroused the jealousy and the viciousness in those forces that have not purified themselves. Do you realize you would have to stand against the accumulated pressure of their hate and jealousy? Well, that is why "I AM" offering you this Great Oval of My Protecting Love and Purity! You will need It! All the Student Body are outstanding from the rest of mankind. Already the world is watching you under a magnifying glass, may I say. You are not always aware of it. You do not always realize it, but nevertheless it is true. The eyes of the world are upon you, beloved ones, and therefore, as you stand the Vanguard to the rest of mankind, drawing forth these Powers of Mastery thru your physical forms, you must have the Insulation of this Enfolding Oval of the Cosmic Flame of My Eternal Purity. Then no force in an unguarded moment will strike in to discourage you, or prevent you rendering this service and gaining the Victory which you desire.

Remember the experience of the Goddess of Light! It was only because in the Great Glory, Happiness and Perfection of the Power She was wielding, She was so happy in releasing it,

that She did not quite keep up the Guard, and She thought everybody else had accepted It as She had; and those who struck and imposed that condition upon her, awaited the moment when She rested and She did not think to intensify Her Protection!

I say to you, as has the Beloved Saint Germain, as time goes on and the Light grows brighter within you; as these Master Powers of Life are released thru you, to bless your fellow-man and to purify the world about you; increase your Guard rather than ever rest in the feeling, you have so much momentum you will be safe now and you can just forget it for awhile; because if you do, you will be rudely awakened by conditions under which you may have to struggle for a long time.

Every Blessed One thru the centuries who has sought to bring the Light to mankind, has gone into vicious conditions to try to correct them. With every one who has gone down, it was because he or she did not hold the Guard against destructive forces! I say so long as your body is unascended, do not let down on your call for daily and hourly Protection of the Light! You cannot afford to do it! I know it is much more comfortable to just relax, forget about it and become so absorbed about what you are doing, that you bring forth the Manifestations your hearts desire; but I tell you the Manifestations will come quicker and render their full service, if you keep up your guard!

Don't forget the Statement of your Blessed Saint Germain which He gave you in those "I AM" Discourses: "I AM" the Guard established, sustained and maintained over my mind, body, world and affairs. If I were you, I would follow that phrase with—"in the Mightiest Cosmic Love, Purity and Protection of the Seven Mighty Elohim, until My Ascension is complete"! I would not miss that three or four times a day or once an hour wherever you happen to be! You can just as well do it once an hour, if you call to your Presence to remind you to make that a habit; and whenever you call Protection forth, stop a moment, and visualize outside of your Tube of Light, this Enfolding Oval of My Blazing White Fire and Crystal Light Rays of the Cosmic Purity over which "I AM" the Master—the Star over the head and the Star on the chest.

Feel your outer self a Blazing Sun with a Star in the center, as if I stood behind you pouring It thru. Visualize My Luminous Presence standing behind you and from My Heart, passing thru your heart and expanding thru the chest, see the Great

Cosmic Star of the Flame of My Purity. It will intensify the Expanding Power of your own Life's Flame! As It pours forth to fill the Great Oval, know that It becomes so Blazing with My Power—now this is My Responsibility—that as you visualize and feel My Luminous Presence pouring that Flame thru your bodies and expanding out until this Oval is formed, "I AM" the One Who releases the Pressure against the surrounding discord. Your own Life Stream from within your Tube of Light will release Its Pressure, but it will be My Responsibility to release the Cosmic Pressure around you, which holds My Flame there for your Protection; until the Victory is accomplished and your service rendered in the outer world, turns mankind's attention away from the shadows and into the Light; so they too may be clothed with the Sun of My Cosmic Purity and Ever-lasting Peace!

THESE INNER ACTIONS OF THE FIRE ELEMENT, THE SACRED FIRE OF LIFE ARE AS REAL AS ANY PHYSICAL FLAME YOU HAVE EVER CONTACTED! They may be drawn forth from Our Octave as easily as you draw the physical flame thru those candles. If you choose to touch the flame of a match to the candle, the candle goes on burning, doesn't it, as long as it is created to render service? So it is with Us. When your Love, Devotion and Calls for Cosmic Purity reach into Our Octave, they touch the Flame of Our Life Streams, and that Flame surges around you to render Its Service and continue in action as long as it is decreed.

Do you not see how ready Life is—Our Life and the Life of your own "I AM Presence" to give you, thru yourselves, My loved ones, everything which is the Mastery and Perfection of Life, provided you maintain Purity; but you might have all the energy, all the power and ideas in the Universe, but if you have not Purity you have not Love, and nothing can come into Our Octave nor into your Higher Mental Bodies but that which comes thru Love. Therefore, My Flame of Love and Purity can ignite the Flames in your own hearts, to expand those Flames and fan Them, until They become the Great Ovals of Protecting Radiance of your Life Streams! Then you may move anywhere you will, and draw the Powers and greater manifestations in and thru yourselves to bless the Universe around you; and still the Protection of the Sacred Fire ever stands around you to repel all which is not Perfection.

Do you not realize what transcendent Freedom there is. beloved ones, in being able to release from the Body a Light

to take you anywhere and thru anything, sealed in your own Radiance where nothing disturbs your Perfection? As you feel this more deeply, many of you will wonder, that you never become tired or exhausted. I think that is quite an advantage these days. "I AM" sure you will appreciate it. (Applause—audience rising)

Thank you, precious ones. Thank you so very much for that, and I shall charge your Love with something which I love to give you and "I AM" sure you will all feel. Won't you be seated please?

Now I wish to explain an Inner Action of the Radiation of each Life Stream and this Enfolding Oval, which a little later on can be photographed by some of the highly sensitized camera apparatus in the physical octave and show you what I mean. The general Radiation of the energy from your own bodies when you are rested, happy and harmonious, goes out in straight lines around the physical form. That is because there is plenty of energy flowing thru you to repel the substance of discord in the world around you; but when you are weary, discordant or tired in any way, those lines of force droop and begin to close down around the body.

This Oval of Flame and Substance of the Crystal Rays, which I have begun to establish in and around you this afternoon, will protect you against discordant substance enough, so you will feel your connection with My Flame of Cosmic Purity; and in that way, you will not feel the drain upon your energy or the absorption of the discord in the world around you. Instead, My Light Rays extending around and beyond your Electronic Tube in Those Crystal Streams of Substance which pour forth, as They become more and more brilliant—will always be an Up-lifting Presence, every time you remember that picture and call My Flame of Cosmic Purity into yourselves to sustain you; because My Flame and Substance of Cosmic Purity will be rest for your bodies and for your minds; it will also be a magnetic drawing Power to the limitless supply and blessings from Our Octave of Life, and to all that is of the Light in the physical octave. The Action is that of both energizing, raising and the magnetic drawing upon all which is Constructive—therefore, all that is Divine.

So this which "I AM" so grateful to anchor around each of you, is the thing I have long wanted to bestow; but It could not come until your own intense application had been made to a certain point, your attention lifted to your "Mighty I AM

Presence" and to Us, and your decision made to be thru with the human! When the Messenger called your attention to this thru the Decrees you have given just recently, We found a response within you, and the fierce determination to be thru with the human. Therefore, We offer the Insulation, the Mastery, the Victory and the Joy of all that is Divine.

From Our Octave, this Protection can flow in, thru and around you, as It did, My loved ones, in those first two Golden Ages, when you received everything from within the Great Radiance of the Light; because the struggle for human sustenance, as it has gone on thru the centuries, had never been experienced and had not come into the outer at that time. You moved in bodies of Magnificent Youth and Beauty! You wielded the Powers of Precipitation! You created all by the Harmony and the Joy which Life intends.

Therefore, as you have made your decision to be thru with the human and you have asked that it be finished, so has your request been granted this afternoon! (Applause—audience rising)

Thank you so much, precious ones, and while you are standing now and the Currents are surging in and around you, I wish to call your attention to this important Activity of the Law; because the Cosmic Law demands it! As you give recognition and acceptance to this Great Oval of the Flame of Cosmic Love, Cosmic Purity and Cosmic Substance which "I AM" from Our Great Octave of Life; if you will give your attention to your "Mighty I AM Presence" and to Me, in the acceptance, the command and acknowledgment of this several or many times a day, you can free other Life Streams also! As you feel this Greater Freedom within yourselves, you are privileged in the Name of the "Mighty I AM Presence" of every Life Stream and of Myself, to demand the end of everything human for every other Life Stream also! (Applause)

Thank you, My loved ones! Thank you! That is one of the Cosmic Miracles of this Class starting into action this hour; and to the Great Cosmic Source of Creation do We give Praise, Gratitude and Eternal Adoration, that the moment has arrived when there are those who will take the responsibility in the Authority of their own Life Streams, the Power which "I AM," and in My Name, command and demand that the Cosmic Law put an end to all that is human. Thus will you release Life everywhere from distress. I thank you for your response today, the opportunity to speak My Heart to you and establish the

beginning of that which shall return mankind once again to the condition of those former Golden Ages, when distress and limitation were unknown! Remember, beloved ones, the Cosmic Law demands, that you demand of Life, all Freedom for other Life Streams, in the use of Our Cosmic Authority; then there can come to earth Greater Assistance for the Freedom of all.

The Cosmic Law is such that the demand must be made in the Authority of the "I AM Presence" thru unascended beings, if those Great Powers are to act in this octave! As you become insulated in this Great Oval and build It again to the Great Brilliance that you had once before, then in the Authority of your Life Streams and the Authority of the "Mighty I AM Presence" of anyone who might be distressed by human creation—you have ALL Authority, Right and Power in this Universe to put an end to human distress. In the use of My Name, as well as the Ascended Jesus Christ, your Blessed Saint Germain, Beloved Godfré—any Ascended Master or Cosmic Being, but particularly Myself and Those Who work with the Activities of Cosmic Purity, you have the Right, the Authority and the Power to demand the end of everything human in, thru and around an individual who has tortured and limited Life so long.

**YOU WILL BE CLOTHED WITH UNLIMITED POWER TO SET MANKIND FREE!** Therefore, as I have opened the door today, to the establishment once again of the Original Condition of Perfection that Life intends, you are privileged to be a part of the return to the Father's House! May the Light about you become so brilliant, so dazzling, that It lights your pathway wherever you move, and none dare deny It ever again in all Eternity.

We have waited all these many months, for the Student Body to come to this point! My Gratitude to Life and to you knows no bounds, that I may once again clothe those Life Streams whom I have loved so well and so long, in that which becomes their Eternal Garment and Enfolding Radiance of the Authority of God, their own Life Streams, the "Mighty I AM Presence," and the release of the Power of Mastery to set their fellow-men Free!

Use this for the Younger Generation and in the Fulness of the Power and Authority of your own Beloved "I AM Presence," demand the end of everything human which would dim their Light or delay the Fulfillment of their Destiny in their Victory of the Ascension. You can demand of the Cosmic

Law that which sets them Free! Surely will your Beloved Saint Germain bless you for Eternity for being the champions of their Freedom! He loves those of the Precious Younger Generation! He loves those Life Streams and has loved them, Oh, so long! Now may you become His Hand and in the Authority of that of which I have spoken, miss not the opportunity, to demand and command the end of everything human in and around them; that their Light may burst upon the world, the Glory of the service they have come to give, and go forward in the Victory which raises the earth unto Eternal Freedom.

Great is the Majesty and Power of Life! Great is Its Resourcefulness! Great is the Divine Plan of Its Manifestation and Almighty is Its Power, to correct any condition generated by human discord, or the darkness of the intellect which has dared to defy the Perfection of Eternal Life.

FEEL My Flame and My Substance of Cosmic Purity around you! Become the Fulness of Its Mastery and Power to Life wherever you move, and go forth fearless in your command and demand of the Cosmic Law; to release the Powers which raise once again, the mankind of this earth into the Arms of Light and Love, and to know that which God stands so ready to bestow. Long enough have the Life Streams of earth travelled the pathway of limitation and darkness! Long enough has the defiance gone on against the Perfection of Life!

Therefore, I come thru the atmosphere of earth with a Power that none dare oppose! (Applause—audience rising) Thank you precious ones, and I say to you USE, USE, USE the Authority I have offered! BLESS, BLESS, BLESS the Flame I have offered! BE, BE, BE the Love I have offered! and release and expand for Eternity the Power with which I clothe you this hour. Go forward sealed in the Oval of that Great Blazing Presence and the Flame from Our Octave, whose Crystal Light-Substance, blazing thru the ethers, forever commands all into obedience! Know My Love and let It surge thru you! Use and use and use It until you are My very Love Itself—and you are clothed in Its Blazing Presence; until all face that Light from whence they came, and give the Glory of their “Mighty I AM Presence” Its full release thru themselves!

Majesty, beloved ones of Light, comes from above! May you be clothed in that which it is Our Privilege to release, and may the Garments of Our Substance around you appear as Blazing Light until mankind know naught else! “I AM” priveleged greatly this hour! I have waited long for this Authority once

again to come forth thru unascended mankind, and you can scarcely know how great is My Love and Gratitude that this moment has arrived.

May We abide in the Great Joy of the Cosmic Miracle which shall ever expand, until It envelops the earth and all upon it; until the Authority of Life in the Great Power and Perfection of Light and the "Mighty I AM Presence" has once again taken Its Dominion upon earth, spread the Wings of Its Flame and blazes Its Radiance; until It is a Manifestation in the Heavens of the Love and Beauty and Light as God intends!

Thank you, My Beloved, Eternal Glorious Legions of Purity! Won't you be seated please?

May My Love be made so tangible about you! May I show you My Gratitude for your decision to be Free in the Purity and Love of Light which I can so easily bestow! May you become Blazing with the Flame of My Purity and the Crystal Light Rays about you; to go forth and seek out those who seek the Light and yet know not which way to turn. May We, all of us, become such a Blazing, Blazing, Blazing Outpouring and Manifestation of God's Great Love from the Heart of the Central Sun, that It goes forth and seeks out every Life Stream, and compels it to arise in full gratitude and unconditional surrender to the Heart of Light from whence it sprang.

Our Privilege is very great! Our Joy is greater still! May Our Love release to you all, until every heart on this planet and all who ever come here in the future, turn to the "Mighty I AM Presence" and the Great Cosmic Flame of Eternal Purity, Love and Devotion; and rise clothed with Its Presence to go forth and forever forget, there ever was anything else. Not idly have your calls gone forth; and remember the Ascended Ones have never forgotten how to be grateful!

May I be privileged to, one day, present you with a Jewel which will be My recognition for Eternity, of this moment and its Service to Creation. I love you with a Gratitude you can scarcely understand, for after long centuries in the darkness, the Great Cosmic Door swings wide open again, and there is established My Enfolding Radiance! Thus the end of distress begins to approach, and mankind will become again as God intends.

My Eternal Gratitude and the Flame of Love from My Heart shall clothe you in Mantles of Substance as Pure as the Heart of Creation! May that become visible and tangible about you, with a Radiance as dazzling as diamonds; and forever pour

forth the Beauty and Glory which My Heart wants to bestow upon all who have helped Us lift mankind in its onward journey once again; into the Heart of the "I AM Presence" and beautify the earth, until it becomes the Glory of Victory's Garden; the Freedom of Saint Germain's Heart, and the Obedience of the Mighty Godfré, whose Life Streams We have ever blessed for being Strong and Pure and Noble enough, to open the Door and let this Accomplishment take place. I bless Those Great Beings of Light forever! The Mighty Master Jesus and all who have held the Light to mankind thru the centuries will rejoice today with Me, in this which becomes the Eternal Condition of mankind in the future!

Thank you and I shall say adieu, but never good-bye, for My Heart and yours and the Flame of Cosmic Purity, are ever One in the Great Service to Life, which We are all priveleged to give!

I bid you adieu.
