

## BLESSED BOB'S DISCOURSE

CHICAGO, ILLINOIS

FEBRUARY 27, 1944

EVENING

BELOVED ONES of the Light, I bring you Greetings, Joy and Encouragement from Our Octave of Light, and especially do I come tonight, to help the younger generation and those who love them, to render their Service to Life, so We may move into outer action the Great Building and Accomplishment of the Incoming Cycle.

Sometimes, it takes great patience to wait until destructive forces have spent all the pressure of their gathered energy, when We want so much to build, and build rapidly in the outer Life, those Magnificent Activities which are to become the Great Blessing of all upon this Planet in the future.

We have been very busy, especially Rex and Myself, watching certain activities in America that could become very dangerous; and yet, the fact that We guard This "I AM" Activity and know where they are, makes them really very reticent about some of their plans. Much has been planned to change conditions in America for the worse; but many of those plans have gone awry, and We trust more will shortly.

I come to give help tonight, to the "I AM" Ascended Master Youth, the younger generation, and to those of you who have many of the younger generation in the National Defense. We are guarding every Life Stream that really wants the Light at this time, and the Great Cosmic Law is making many, many Dispensations possible in the Assistance which is being given; and I trust when you become Ascended, you will know in Its Fulness how Great has been the Mercy of Life during this chaos of the war, to release as many Life Streams as it has, into the Victory of the Ascension. In many ways, it is making up tremendously for what otherwise would have been a long strenuous delay, caused by the frightful viciousness of war; but because of so many Ascensions thru the war, it is offsetting a great deal that would otherwise cause delay in the Incoming Perfection.

I want to say for the encouragement of the "I AM" Ascended Master Youth, We are very grateful to you, very grateful for the strength that you have shown in bringing forth your

Conclave last year. May your next one be a thousand times more joyous and more powerful. Your blessed hearts and your courage give Us great Joy, when We contemplate these things; because thru your own application, they come forth in such happiness and accomplishment in such a short time. Since you are the Builders of that which is to be brought forth in America, then this proves to you, your own capacity to build whatever you decree; provided you make your application and give attention to your calls for protection; and hold the Harmony and Obedience which enables Life to fulfill your calls. If you could call forth the activities of your Conclave in such a short time and bring that much success, then everything else will follow in its right order with ever-increasing joy.

It is Our Hope thru the "I AM" Ascended Master Youth, as you become established in the outer activities that you have chosen, to bring many, many, many of Young America into this Activity; for they are seeking that which the outer world cannot and has not given them. If you will hold to Our Ideal—that which is WORTH living for, and show them the Ideal which is high, clean and yet joyous—as you give the Obedience thru your own self-control, they will soon come to look upon you, as those whom they can trust and those whose power and courage is always at hand. Thus, you will draw many, many into your Youth Groups who will be so glad to come home.

This younger generation sees nothing in the outer world at present, which makes their best efforts worth while, and that is why it is so necessary that your "I AM" Ascended Master Youth Activity, should come forth in these various cities, strong, powerful and fearless; yet holding the Ideal and providing an Activity in which there is great Joy, limitless opportunity of accomplishment, and fulfill Our Ideal which is worth everything on the Planet. It is necessary that the younger generation be happy, and We trust—I do not like to call you the older generation, but the preceding one—I trust you will be just as happy. You see We are going to eliminate that old-age idea. We are going to take a lot of things that are race consciousness out of both speech, thought and feeling; and in a little while, you will see the out-picturing of much of that, for which your heart has longed thruout the centuries.

If the younger generation, the "I AM" Ascended Master Youth, will take their stand now—never to grow old, never to lose their beauty; but rather improve upon it, not artificially—

but I mean from the Higher Mental Body, you need never experience what the last generation has gone thru.

Now this might sound peculiar to you; but precious "I AM" Ascended Master Youth, won't you take your stand now for the protection of your bodies, your beauty and your youth? By your Blessing of all Life and your Harmony maintained, won't you do work on your bodies so you need never wear false teeth? (Applause, audience rising.) I am so grateful you appreciate that. You know, precious ones, you do not need to experience that. We have caught you now at the right time, and if you will only do your protective work, you need never go thru what the last generation has experienced. Our Beloved Godfre has prompted Me to say this to you, for He did not have any too good a time with what was His own. (Applause.) He so much wants to save you from that experience. I am very serious though, really. It might seem like a funny subject.

It always seems so; but really, I am very serious about that, because if you take your stand now, you need never go thru those conditions. You are still in the strong powerful atomic structure of youth; and if you will guard your energy, maintain your Harmony, and take your command that you shall not accept any of the old-age and race consciousness of limitation, that comes with it, you will find you will go on and maintain your present appearance. Then as you apply the Law, you really call forth the Beauty of each one's Higher Mental Body, and you will be amazed what you can do to these bodies in so short a time.

You could gain greater Freedom and could change your bodies to become more like your Higher Mental Bodies much quicker than the last generation; if you do not have recorded as yet the inroads which discord has made on those who did not know this Law, until after the discord had been expressed. This is the reason I am prompting you to do it tonight; because I would like to have you apply this to the point where your bodies become free from all limitations. Shortly after some of these National conditions have been changed, and their cause has been dissolved, We would like to pay considerable attention to the Student Body's calls to perfect your sight as well as the raising of the body; because there is something occurring in the outer world that as yet mankind do not understand.

The artificial vitamins and hypnotic force which have been imposed upon the people, make a very definite inroad on the eye-sight; and the purpose of much of this, has been to inter-

fere with the Perfect Vision of the American people. Too many people in this country are already wearing glasses, and so if you will take your stand while your eyes are still strong and your bodies strong, maintain the Harmony, continue to use the Violet Flame and make your calls, the younger generation need not experience those limitations. As you and We give a little more attention to those calls for the former generation, you will find they will be able to lay aside their glasses also! Do not try to do it yet, until you have gained more of a momentum; because to try to get along without them and cause pain in the eyes, would but make the condition worse instead of better. Go on just as you are, but keep making your calls and all of a sudden some day when you least expect it, your sight will be crystal clear and you will never put them on again. It is coming about so harmoniously and permanently, just go on with your calls.

Now in regard to your outer world activities as the "I AM" Ascended Master Youth, you have a very great honor to uphold. Remember those Words: " 'I AM' is the most honorable Name known to man; the most powerful Word in the vocabulary of man." Then do not ever do anything that would disgrace any activity of the "I AM" Ascended Master Youth. Feel your obligation to hold Sacred the Honor, the Honesty and the Purity of the Ascended Masters as your Ideals of existence. Why? Not only because They are the Divine Way to live Life, and the only way by which you can have permanent happiness; but because they will give you more Power in the outer world's activities.

Those who are to wield Power in the coming years just ahead, you will find must be those whose Honor, Honesty and Purity are Self-evident; because none other will be trusted by mankind. Mankind have lost their trust in those who take an oath of office one day, and call it a scrap of paper or unimportant the next. When people lower their standards of Truth and Honesty and Honor and Purity, then they have sold themselves to the sinister force. So in order to pull away from that sort of thing in the outer world, hold your standards high. Never lower them for anybody or anything on the Planet. Live upon a mountain top in Our Ideals which are worth everything in Creation! Take your stand and be the Honor, the Truth and the Purity of the Law! Then, by the very intensity of your Light, will your fellow-man trust you; and you will become empowered by the Will of the people, to do that for the people

which is Divine Justice and the Fulfillment of the Divine Plan.

We so much want you to be placed in positions of trust in the various outer world's activities; because the world needs you. The world needs people who cannot be bought or sold or frightened or flattered into doing that which is not right!

There must be a group of people who set a certain High Standard, who are the Examples and Fulfillment of this Law of the "I AM," and are inflexible in obedience to Its Demand. When you do that, every Ascended Master in the Universe will stand by your side to help you raise the standard of the whole of mankind. Just because you have Ideals that are far beyond the reach of the mass of mankind, does not mean you cannot be happy! It is not that mankind cannot reach them; but most of them at the present time do not desire to reach them, because they are caught in the quicksand of the outer world's debauched feelings! Just because you have Our Ideals that are Great and Wonderful and True, does not mean that you do not have happiness and Freedom, too.

We want you "I AM" Ascended Master Youth, to be so happy with the right kind of happiness; We want you to be a Living Example of Happiness to mankind, which brings great attainment thru obedience to the Law, thru your application; and draw into this octave the Greater Manifestation of Life from the Octaves above. We want you to be the Vanguard of the New Civilization, the Builders of the Permanent Golden Age to the earth. You cannot be those Builders, unless Life can trust you, and Life which builds a Permanent Golden Age, will not trust you unless you are worthy of that trust, for that Life is your own "Mighty I AM Presence" and the Ascended Host!

There is so much to be done in the outer world, in the way of bringing forth these new and greater ways of blessing mankind. There is so much that is worth while doing, it is so joyous to do it, and it brings such Freedom to Life, that We want you, each one, to be placed in your own right activity; wherein everything you do every day will release so much of God's Blessing, so much of God's Happiness, so much of God's Opulence and Power of Light to those in the world about you, that everybody will automatically love you, and want to obey the Law which you obey!

Even today, wherever the "I AM" Students move; whether that be individually or in groups, the outer world already recognizes this, and is not hesitating to say to many of you—and it will be so to all of you—what is it you have? You have some-

thing that we want. What causes your happiness and your courage? They are asking why, and they are contemplating that you are different from the mass of the people around you. You are different—not because of being queer or fanatical; but because you are finer, freer, happier, more fearless, keener of mind and more generous. That is the reason, I want you to maintain your Eternal Youth and Beauty.

Everybody loves to look at beautiful people; but beauty that is superficial just to satisfy the vanity is a tragedy. If you will add to your Beauty, Intelligence, Obedience, Purity, Honesty and Honor and the Directing Consciousness of the Ascended Masters, then everybody you meet will love you; and cooperate with you whenever you want to bring forth something worth while to bless the mass of the people. Whenever you want to bring forth that, which will release the people from their burdens, people will listen to you; people will trust you; and that is what We want. It is to establish this in the beginning of your "I AM" Ascended Master Youth Activities, that I am speaking of It now.

Do not yield to anybody's suggestions on this Planet to lower your Ideals of Life. Rather raise them! The Ascended Masters are your Standard of comparison! The Standard of your conduct is that which Saint Germain or Jesus or your Beloved Godfré would do. It is not hard to know whether a thing is right or wrong to do. Just ask yourself for a moment how Saint Germain, Jesus or your Beloved Daddy, would look were They doing what you might contemplate. Ask yourself just what They would look like, if They were to do what you sometimes contemplate, when you are off-guard! It is not hard and there are to come before a great while, many things into your activities of the "I AM" Ascended Master Youth, which will delight you greatly; and give you an opportunity to be so busy doing things that you love to do, that every moment is an enjoyment in that doing! When those activities are finished, they will bless millions forever! Then, you will begin to realize that Life is perpetual motion and Eternal Service to the rest of Life, in ever-expanding joy, when it releases Perfection to bless the whole.

There are many of these activities We want to bring forth for the "I AM" Ascended Master Youth; so if you will expand your Light and be that Light to others, then these Greater Activities can come forth thru you more quickly. I am going to tell you another reason why, I want you to charge yourselves

with Our Youth and Beauty and to give obedience to the Law inflexibly; because many of those blessed ones in the outer world, who do not know this Law and who are your age now; because of their habits of smoking, drinking, and so forth, in another five years, will look twenty years older than you do. That is another reason why you should take your stand not to follow those habits.

We hope to give Our Assistance to many of those precious ones; because when the inroads of age begin to show, then they begin to think more seriously of letting go of some of the things, they are doing now which produce such unhappiness. Then of you, who are the Fulfillment of the Law and Its example, We can say; "Behold these who have obeyed the Law. You may become like them"! That is encouragement then, and your example speaks forth more powerfully than just the Statement of the Truth of Life! The Statement has to be made in Ascended Master Words first; but when that Statement is fulfilled thru human beings in the outer world's activity, day after day, Our Manifestations come forth that are the result of obedience to the Law. Then those who gaze upon you, know and feel your Power, and when they trust you, you can be of Real Assistance to Life.

Now, one of the most important channels in which you can render Service, is thru education. The educational channels have been so contaminated in the outer world, with what the world calls education today, it is pitiful. We want you to be an Example of the True Education of Life, which is the Knowledge of the "I AM" Activity; for when one understands this Law from childhood, and individuals are taught to call always to the Presence for everything they wish to use and bring forth; by the time that momentum is established, and they are twenty or twenty-one years of age, by their calls alone, they can draw forth from the Octaves of Light, the Manifestations into the outer world thru business channels and thru all the other channels of Life's activities, that which will astound all educational channels. You can draw forth from your "Mighty I AM Presence" and the Ascended Masters' Octave thru your calls, that which is the Great Gift from the Ascended Masters' Octave, of the Divine Way to do all things; and you can draw forth knowledge and manifestations of Perfection which have never come forth before in any age.

I would appreciate it, if you would give dynamic calls to change all conditions in the educational standards of the outer

world. This idea of spending years of a child's Life and the best years—studying, what Herodotus or someone else said happened away back ages ago, which most of the time did not happen, is utter nonsense; and it is an insult to all Life, what is more. If you do not like history, of course, you will agree with Me. I am not saying that to disparage anything in the outer world that is right; but when there are always the Great Divine Beings in the Octaves above, and there is and has always been proof of Their Existence; why not learn and teach what They know is in the Universe around you. The people can be taught to bring that Knowledge and Perfection into this octave; then why should they be concerned with something that happened centuries ago which was wholly destructive. So call the "Mighty I AM Presence" to drive and bind all hypnotic educational control of the people, back into the brains and bodies of those who have imposed it. Then you will begin to see its results out-picturing before a great while.

We are trying to free as rapidly as We can, many of these blessed ones in the outer world from just this mass of human accumulation of the past; but if you are going to carry weight in educational channels, you must be so outstanding in your Obedience to the Law and the Power It gives you, that your very Mastery speaks for itself, and is Living Evidence of the Truth of what you say. These outer world channels are being cleared more and more rapidly. Everything in the outer world channel is undergoing a change; because the old is being torn out by the roots, and the new must take its place; but it must not be replaced by some of the viciousness that has been planned to be imposed upon it. The sinister force in changing many of the regulations of the past, has sought to destroy all that was good and replace it with utter depravity; and there is not a thing the sinister force ever does except to deprave Life, or the feelings of human beings!

We are working on the other side of that scale! We must pull the people's attention up to the God Consciousness of Life which is the "Mighty I AM Presence"! We must show them Its working models in practical experience; Its working models of the Perfection which is to be everywhere in the outer world a little later on. Those of you who have chosen to render that Service to the "I AM" Ascended Master Youth, have unlimited opportunity, perhaps the greatest of any generation which has come forth thus far; because you have come in at a time, when the old is being discarded and the new is not yet in. So you

can call from the "I AM Presence" and the Ascended Masters' Octave, the Fulfillment of the Divine Plan into your outer activities to give the things which Saint Germain and the Other Ascended Ones want to bring forth, into mankind's use, in the outer world as soon as possible.

You are so privileged, precious "I AM" Ascended Master Youth; you are so privileged at this time, especially to understand this Law and keep calling Our Power into outer action day after day; for the Fulfillment of your own Divine Plan of Life; and for the correction of conditions into which the younger generation must enter.

Those who are younger than yourselves are really your responsibility, as you have been Our responsibility, and so the improvements which you bring into the outer world's activities, are to bless those just younger than yourselves; and that is why you should think very greatly about what you do, for everything you do, will affect the younger generation. You have the Power and the Authority to raise them into Perfection and to help them be the Builders who bring in still greater things than you do; and that responsibility which Life places upon you, is not to be considered lightly. If you will take that responsibility and make your calls for Divine Justice to be done to that younger generation; and they be taught in educational channels, only that which the Ascended Masters want them to be taught, only that which will bless and raise Life everywhere into greater Freedom and Perfection; then can the Ascended Ones confer upon you Greater and Greater Divine Powers!

I want to say in order to put your minds at rest, that during your Conclave this year, it is quite all right at the Conclave for the young married people to come; I mean those who were in the "I AM" Ascended Master Youth groups and then formed groups of their own; because many of them are very young. As you make more application to keep your own worlds clear, when it comes to the larger activity of the Conclave, you can all release very Great Power.

I plead so for purity among you all; and I do hope that you will stay with that Decree: "Purify, purify, purify my mind, body and so forth." That and the use of the Violet Consuming Flame are all you need to purify every problem in your world. It is all the world needs to dissolve all destructive forces; because when a Life Stream decides that It wants Purity, continues to make that call, and makes every effort to give obedience; then every Power of Light in the Universe, will come

to guard that Life Stream! When you have determined to have Purity, then you have called to your assistance Protection that you know not of; for the Great Ones have been watching for centuries, for those who love Purity enough to take their stand to be It; and thru them, the Great Ones can bring Power which cannot come until Purity is attained first and then maintained.

To purify the conditions of the outer world is not the work of a moment! Do not be discouraged, if you have to go on and do considerable of it; but your greatest joy will come, when you take conditions that are not pure and by your calls and your effort, raise them into that which is Purity; for then you know, your Mastery over the things of the outer world! Then you will feel the Power of your "I AM Presence" and the Ascended Ones, release more intensely at your command.

I congratulate those precious ones in your midst who took hold in that Conclave and turned those conditions of the outer world which could have been very discouraging, into a miracle. You put your Life's energy and your Blessings into it and you brought forth a Miracle of Happiness and Perfection, that blessed three hundred people. I might say to you that the gentleman and two ladies who were in charge, have not quite gotten over it yet. They never experienced anything like it and that is the way, the "I AM" Students should do in every business activity of the outer world. By your own application bring forth these manifestations to make you so fearless, so generous, so harmonious, yet so intelligent, so clear thinking, and so practical, that the rest of the world stands speechless at your accomplishment. That is what We want! You are going to have to shock mankind into something good, because it is caught in the whirlwind of its own discord; and it cannot even hear what you say, unless you shock it awake and draw it out by the Power of your Light!

So in this year's Conclave, let Us start right now to bless it with great Perfection, with such happiness, with such invincible safety; and I might add comfort and convenience, so you can bring forth a greater miracle. I am sure you know to what I refer. I will help you to see that you have more of it. You should be able to have such a good time, and thru being together, with all the energy at your command, you should be able to call forth any amount of Power for the blessing of your activities and the younger generation, thru which We can do Many, Many Tremendous things.

I long so for the outer world's discord to cease, that We

may bring forth to you for your use, the magnificent improvements in moving pictures and things of that sort to delight you greatly; yet give you such wonderful occupation in which you can still render a Service for the younger generation, second to none; and at the same time have a most enjoyable time doing it.

I am not going to offer you a suggestion—I am offering you an idea and an Action of the Law of Life, you can take it or leave it, as you please. It is just a Good Idea, otherwise I would not give it to you. You know everybody at your age likes dramatics. You would not be natural if you did not; but if you would turn that love of portrayal of the Activities of Life, into living and accepting the Perfection of the various Ascended Masters, you cannot possibly comprehend as yet, what Ascended Master Power you could draw into your Beings and worlds, for Perfection thru living in the Consciousness of an Ascended Master Whom you chose to portray. In doing that, you would have to live very sincerely, the Quality and the Purity of the Ascended Masters Whom you chose to represent. There are so many wonderful things that can come forth thru you to the outer world's activities, which would raise the consciousness of every human being on the Planet; by the very Radiation which is poured forth while they would be gazing upon the moving picture or the explanation of this "I AM" Law which is given! It would not have to necessarily be thru movies; it could be thru still pictures. I am speaking now entirely of that channel of education.

A great deal of what the outer world has today in its equipment is very wonderful, and while they have made some discoveries in their endeavor to destroy their fellow-man; while they have drawn forth certain information along electrical lines; yet it is all very infinitesimal beside what will be released, when they are determined to no longer destroy. That is why so much can come to you to make your Life Joyous, Masterful, Prosperous, Happy, Pure and Victorious, over all outer world conditions; if you maintain these standards of Honesty, Honor, Obedience and Purity.

Be the Fulfillment of the Great Divine Law in those channels, and I will show you what you do not yet believe can come to you. We want so much to bring forth quickly these Marvelous Blessings for yourselves and the younger generation, and really for the enjoyment of everyone else also; but it cannot come, until certain selfishness in the commercial world is removed from

the Planet. The great bulky equipment of many of the things you have today is not going to be sustained, regardless of all the business arrangements, that selfish individuals think they are going to control; because before they get it accomplished, they will find springing up in many places all at once, things that are so far ahead of them, before they could start, they will be outmoded. You know that phrase; you know where it comes from.

I wish I might give you just a little glimpse of what the Ascended Host are waiting to release into your use; and since you do not lack for either initiative or ambition, it makes Us very happy, that the time has arrived to bring thru you, these more Marvelous Inventions, Blessings and Gifts of Life, with which you may work or act in the outer world, to bring greater Harmony to all you contact.

You really are Ambassadors of Saint Germain's Freedom to the world; because of that, you must be Free first; and you cannot be Free, until you have given obedience to the Great Cosmic Law's Requirements of Honesty, Honor, Obedience and Purity! From now on, you will not be alone in your desires to live up to those Ideals. A few years ago you might have felt alone; but you will find that people are craving Purity and to find someone they can trust; as they have never craved it on this planet in any age. Because of the constant lies, deceit, intrigue and treachery which have been perpetrated upon them, the mass of mankind are hardly able to even trust themselves. When there arises from among mankind, a group of individuals who have set Our Standard of Life as their Goal; who insist on living up to It; give It obedience; who are joyous in that accomplishment; who have an abundance of every good thing, and who have God's Courage, Strength, Intelligence, Purity and Power, that mankind do not yet release thru themselves; then you will make an impression upon them, and they will begin to trust you little by little and more and more. Then, you must keep their confidence! You must be the Fulfillment of the Law, so they may come to you and know they will not be deceived.

I sometimes think that Saint Germain and the Beloved Goddess of Purity are not the only Ones Who are not too popular with the people. This good Messenger is not too popular with some; because she insists on Truth, and you must also. If you do not have Truth, what do you have? Not Its Blessing. There is no substitute for It! So just make up your minds THAT

YOU SHALL HAVE AND BE THE TRUTH, the Perfection and the Power of this 'Mighty I AM Presence,' and the Ascended Masters will stand by your side and give you Strength, Courage and Power to raise everybody who wants those same Qualities, up into this Light. Then you will be able to hold out a helping hand to many, many who are almost engulfed in the darkness of what surrounds them; and yet it is not a part of their Life Streams.

So We require your Light, your cooperation and your Standards Set High, your Obedience Inflexible, and your happiness unchangeable! Then, We can move into outer channels, Assistance for you that will sometimes almost make you gasp with the speed with which your "I AM" Decrees will be fulfilled!

May you go ahead and plan for your "I AM" Conclave this coming year and do not forget to call for the Divine Plan of that Conclave fulfilled; to render its greatest Service to America and to the Light everywhere! Your Service to the younger generation is, of course, paramount; and as you live to set into Divine Order the pathway of those who are younger than yourselves, the Hands of the Ascended Host will set into Divine Order, the pathway ahead of you. So you cannot do for any of those who are to come after you, to lift them and give that which will help them, without helping your own selves on the pathway ahead. Whatever you give, Life will give back to you. You have given certain attention to the Light thus far, and We are very grateful; but make up your minds, that the Perfect Activities which are to come forth, thru the "I AM" Ascended Master Youth, will mean accomplishment in the commercial world; will mean accomplishment in the educational world; in the world of art, of music; and in the world of industrial, commercial and agricultural channels; and it will renew mankind's hope, faith and confidence in all who carry the Light, and that is what must come!

I offer you another idea for your relaxation and enjoyment. There are many wonderful things that you can have which also carry Tremendous Blessings in their accomplishment. I would not get in the habit of feeling that you have to be amused. I do not mean you should not go to the movies or anything of the kind; but I mean just seeking amusement. Seek the fulfillment of Life's Divine Plan and the Service of Perfection to Life wherever you go, under all conditions. Then, your enjoyment will exceed anything the outer world offers you, or all of it put together! One of the greatest means of enjoyment

in this world, is to plan a Magnificent Accomplishment; keep charging it with your own Life and call forth all Powers of Light to flood it with Perfection. Then, you move forward and do the things in that channel, which build the Magnificence and Perfection of the Divine Pattern; and when you have brought forth the thing completed, it is a joy to you forever. It is the same with an artist who works on a sculptured piece. He works, loves and blesses his works, and when it is completed, nothing in the world can describe the Joy when it comes forth Perfect as he desires it. The same thing is or should be in commercial activities; in inventions; in everything you wish to do. Your enjoyment of Life should be in your Service to Life, to release such Perfection and such Blessings, that you will be occupied as the Ascended Masters are, with moving here, and there, and everywhere; giving your enthusiasm, your joy, your handiwork, your blessings and your calls for more to flow forth for the Freedom of all! Then, you will sing the Song of Light, and the "I AM" Miracle Music of the Spheres will be a Reality in your every day activities.

We would appreciate it, if you will make your calls for more intense, ever-expanding Safety and Protection of God's Light, around all the younger generation and all the incoming children; because you will have to deal with those Life Streams, and the more you bless them now, the more you cut away from them, the destructive qualities thru which they come, the easier they will be to handle, when you have to associate with them a little later on. So you cannot bless Life anywhere without drawing forth to yourself Greater Blessings at the same time.

May your calls to free the educational world from all unnecessary activities, and flood forth all the Ascended Master Education into those channels, lift the burden from the younger generation; and that will enable Us to help lift yours, so you will no longer have problems; but just the activity and enjoyment of the Great Creative Activities of Life, which bless all forever with Beauty, Perfection and all Convenience brought forth into all outer activities.

So, We trust it will not be too long before some of Us are with you again, Who understand your problem, and are definitely concerned with everything you do which is of the Light; and Who want so much to give you all that must come forth to bless the younger generation everywhere.

I bring you the Greetings and Love from the Precious Nada, the Precious Pearl and Our Beloved Rex. We have not been

idle by any means, and We have done many things for the protection of America, which We trust you will later understand. We hope you, in the physical octave, may bring forth these Greater Activities, until that time when We step thru and show you, what is the Plan for the Incoming generations; when the Permanent Golden Age has come in, and has given you some of Its Blessings and Enjoyment, before your Ascension takes place.

Beloved "I AM" Ascended Master Youth, may all the enfolding Radiance required to hold you insulated against all that is not of God's Light, flood your worlds with all the Opulence that you can command, flood you now; lift you above every shadow; dissolve every problem from your pathway; and clothe you in the Powers of Light which hold Honesty, Honor, Obedience and Purity your Standard of Life; to release the Light so great all come into Its Heart and accept Its Freedom now.

May your "I AM" Conclave this year bring you such joy and release such Power as shall bless America forever, and thru America the world. May everything the Light holds flood that Conclave this year with Its Limitless Blessings, Its Victories, Its Freedom, Its Perfection and Power, which knows no resistance anywhere.

I convey to you the enfolding Love of your Precious Saint Germain and your Beloved Daddy, Jesus and the Other Great Ones, and I bear Their Love to you and Their Gratitude for all you have accomplished thus far. May the next wave of your activities bring you the greatest joy you have ever known, and may you give that joy to every particle of Life wherever you move forever.

Thank you so much.
