

## **"I AM" THE STARS OF HEAVEN**

I kiss the Stars of Heaven One by One!  
I clothe Them in My Love, a Dazzling Sun!  
I hold Them in My Heart and dwell on High!  
I know God's Love when I behold the Sky!

There, there in Peace Supreme, God's Life expands!  
There we behold Perfection from God's Hands!  
There, there alone can we behold God's All!  
From there come all the answers to our calls!

From there, we came on Earth a time to dwell!  
From there, come Life and Peace that keeps us well!  
From there, come thoughts of Great Things to be done!  
From there, comes God's Command: "I AM" The One!

From there, comes all God's Great, Great Cosmic Light!  
From there, come all, all God's Power and God's Might!  
From there, we hear Love say: "Let there be Light!"  
From there, God's Love does raise us to That Height!

Here Now we blaze That Love, we all must feel,  
And Its Authority we too reveal!  
Then all that God can evermore bestow!  
Brings Earth's Perfection here, that all may know!

That Full Perfection is the Great "I AM"!  
All everywhere in Love It does Command!  
And evermore shall all behold Its Face!  
Its Life and Light fill all God's Cosmic Space!

That "Mighty I AM Presence" ' Cosmic Love  
Expands Its Flame, within, around above!  
And evermore It does reveal Itself!  
It is All God! It is God's Boundless Self!

Then All above, we know we may become!  
Thru That Great Presence, "I AM"—God the One!  
And as It clothes us in Its Cosmic Flame!  
We feel the Power of Victory in Its Name!

Then Life on High can always draw us there!  
It can protect us here and everywhere!  
So Stars and Suns are always our God-Friends!  
For Their Perfection never never ends!

Come now! Arise with me! Let us Ascend!  
To Those Great Cosmic Heights, Whose Life defends  
All here below! It rules! It all controls!  
And our God Victory evermore It holds!

Each hour pause, accept, and look above!  
And there behold God's Peace—Perfection's Love!  
Then Love alone is God's Own Great Day Star!  
It is Our Cosmic Way, both near and far!

That Great God Love to which I point your gaze!  
Can all reveal by Light and show God's Ways!  
And all Its Miracles here too release,  
To hold God's Mighty Everlasting Peace!

God's Wealth and Boundless Opulence I draw!  
Receive God's Gifts and Blessings without flaw!  
Now all above, below, within is mine!  
God's Great Eternal Love makes all Divine!
