NOTES - BELOVED MARY'S DISCOURSE

Santa Fe

April 9, 1948

If someone is doing something wrong, instead of repeating it: Call the Ascended Masters' Strength and the Power of Their Perfection and the Victory of Their Love, to give that Life Stream the Light and the Strength of the Light to win the Victory- then I will have the "Cup of Light" which will assist Saint Germain.

All pain in the body is the return of the hurt which someone's discord sent forth, and I offer you tonight the Blessings of Purity, Freedom and Love thru the "I AM" Music of the Spheres and these Magnificent Bells, by which this cleansing can take place before the final hour strikes, when the Powers of Nature will reveal Their Command of man;

Your penal institutions, your insane asylums, your hospitals and your discordant activities of the outer world, which are taking care of masses of mankind who are unable and unfit to take care of themselves, are increasing hourly with such speed- because of these wars - that there must come some mass assistance in a way which mankind cannot prevent, if many of those wonderful Life Streams are to be redeemed and go forth to fulfill the Divine Plan;

Could you see what the destructive forces are planning against the God-loving people, not one of you would fail - not one. You would be a part of Me so close, you would be a Power of My Love and Light so great, that you could not fail. I have come to offer that assistance, if you will be no part of anything which casts a shadow upon Life;

When the temptation comes to be unkind or defiant or rebellious, or to think on the things which are not constructive, take yourselves in hand and say:

"NO! Thru my 'Beloved I AM Presence' I am no part of that human! Thru my attention 'I AM' no part of anything human, and I will cast no shadow upon the Light of anyone's Life. 'I AM' the Victory of God, and I stand with the Strength of Eternity." Then call to Me for the Power of My Perfection and the Victory of My Love and Healing Flame, and it won't be difficult to obey;

The Beloved Saint Germain said in the "I AM" Discourses:

"If you could keep everything qualified with Perfection for six weeks, Miracles and Marvels unbelievable would take place." Now if you choose to experiment, I shall watch your efforts with great interest, and wherever possible amplify and strengthen them to give you your Victory and success. Try it when you awaken in the morning and be determined that every thought, feeling and spoken word which goes forth from you is commanded and qualified to produce Perfection. If you fall off the perch, so to speak, begin all over again. Try it for six minutes, to begin with, and then see if you can maintain it for six hours, then six days and six weeks. Try it! Every effort you make will make you stronger, until you finally accomplish the Victory.

Oh beloved ones, when you see the wealth, the substance and the energy used thruout the Planet - to take care of old people - diseased people, in the penal institutions, hospitals and so on - when you realize what mankind use to take care of the mistakes of mankind, it is frightful before Life! Most of the remedies are destructive and that must cease at a certain point; because it cannot be allowed to become the complete condition which blots out the Planet.

If you bear witness to this Light, you should bear the Herculean Courage, Strength, and the Assurance of the Victory of the

"Light of God that never fails!" Take It to your fellow-man! Be the Fulfillment of Its Law and Its Victory, and let your Healing Love illumine the world. You can if you want to. If the Gift has been offered and you do not want It - God help you!

"I AM" pleading tonight because of the crisis near at hand. After the crisis strikes it is too late. You must either accept now and obey or the moment passes and you must stand and take what the rest of the world takes. Unless you give obedience, unless you are the Fulfillment of the Law of this "Mighty I AM Presence" and Our Perfection, you are no better than the outer world!

There isn't one under This Radiation who consciously knows how to call to that "Beloved Mighty I AM Presence," who cannot have all the strength in Our Octave to have Our Victory if they want to! There isn't one who has to face the recoil of the outer self's mistakes from this hour, if with great sincerity and determination they turn away from the mistakes, determined not to remember them; then call to the "Mighty I AM Presence" to reach Its Hands out and correct those mistakes so they hurt no other part of Life; give the obedience and stand with the Presence. The Hand of God can wipe out the mistakes, if the outer self is determined to stand with the Presence, go forward and let Its Perfection bless the Universe.

No matter what you require, if you will call the Strength of Our Love and Light in whatever intensity is necessary to bring Our Victory into the physical world; and you take that Victory everywhere, so shall it be done unto you. You shall be Our Victory thru these outer selves which bring this Light to mankind in order to prevent the slaughter intended.

If you care to be a part of the cleansing of the Earth, which the Beloved Saint Germain and the Ascended Host are trying to accomplish, if you care to stand with Us and let Us accomplish this quickly, America will not need to pay the price of another war!

Forget everything which creates discord! Stand with Us and prevent anything more being imposed on the Younger Generation! We offer you the Strength of Our Love and the Victory of Our Light - the "Light of God that cannot fail," to use without limit,

in any condition to prevent this, and if you will call, We will do!

We require a certain amount of Love in the physical octave, and "I AM" speaking of Our Pure Divine Love that transcends every human concept; that continual forgiving kindness in the physical octave. We have got to have a certain proportion of that, before the Cosmic Law will permit Us to use the forces which mow down destruction as if it had never been. We can do that, and if you choose to use the Energy of My Love, the Power of My Light and the Healing Flame which it is My privilege to command, you may have any amount of Strength or Power in the physical octave, to prevent and correct conditions that are endangering the Nation.

If you will call, I will answer! If you will obey, I will bless! If you will offer this assistance, I will give what cannot come in any other way. I have Gifts and so have Others of the Ascended Host and the Cosmic Beings that have never yet come to Earth, and it can come thru the "I AM" Music and the Bells of Saint Germain's Freedom and Victory to Life. Live for the Happiness and Freedom of the whole and you shall know a Power of God's Love, nothing else can bestow!

The Healing of the Nations must come by the purification of the individuals within those Nations, and the purification can only come thru Our Love and the Cosmic Light is a part of the Love of the Cosmic Christ. May you call that phrase into action constantly - "The Light of God Never Fails," and the Invincible Victory of God's Love shall possess where mankind has sought to destroy. Love alone is the Fulfillment of the Divine Plan; and the Cosmic Christ is the Power of Love that once again illumines the Earth to the Fulfillment of its destiny. Let us remove hate from the Universe as soon as possible.

I stand with you for Eternity to the Victory of God's Love and the Healing of the Nations must come by Our Command.
