

BELOVED MIGHTY HELIOS' DISCOURSE
SAINT GERMAIN'S ORIGINAL HOME, CHICAGO, ILLINOIS

MONDAY MORNING — MAY 1, 1950

HE FLAME which stood above the "I AM" Sanctuary yesterday was the Direct Projection of Myself—Helios, Lord of the Sun! The Being within the Flame was My Ambassador and is One of the Group of My Hierarchy Whom I send from time to time on a Special Mission, wherein the concentration is needed for a Nation or a locality.

This Being is not the same as the Brothers of the Golden Robe Who minister from the Retreat in South America. They are part of the Hierarchy Who rule this World, and They have been Ascended Beings for many thousands of centuries. They are My Direct Governing Authority to this Earth.

When the Being spoke in the third person concerning Me, He was drawing My Direct Ray into every Student under This Radiation. When He spoke, or I spoke, in the first person, it was My Voice within the Flame consciously drawing forth Greater Power thruout the Nation. The amount of Power and the intensity drawn for the Service to that which concerns the Nation, is of a Cosmic Action that individuals cannot stand, and the Being within the Flame was My Ambassador Who lowered that to the intensity which your physical bodies could absorb.

The Brotherhood of the Golden Robe in South America, render the same Service in the Hierarchy of this World, that the Brotherhood of the Royal Teton do under Mighty Lanto's Direction, or thru His cooperation, and the same as the Brotherhood of Mount Shasta do from Their Focus of Power.

Whenever the individual "I AM" Student wishes to draw the intensity of Power required for his own individual activities, call to the Being within the Flame—My Ambassador! When you wish to give Service to the Nation, call forth My

Voice from within the Flame Itself. This is a Three-fold Action from the Physical Sun which if recognized, and drawn into outer physical manifestation, releases Power which the individual can use and at the same time gives a Service to the Nation which is far greater than any individual can give.

I want no misunderstanding concerning this! Hold yourselves within the Glowing Radiation from the Heart of that Being within the Flame – My Ambassador, and you shall be able to receive more than you could ever use!

When you wish to render a Service to the Nation, see the Flame around that Being go forth directly into the government or into any condition in the Nation which needs correcting! See within that Flame, the Currents of Cosmic Action coming direct from the Physical Sun Itself.

If We can have a few of the "I AM" Students who understand and see This clearly, and use It in outer action with Great Love and Joy, We can use certain Powers for the protection of this Nation, that otherwise cannot be drawn into the physical octave. It isn't that We could not project them, but the need is for an anchorage of the Love, the Consciousness and the Desire into the Life of some in America who will hold This Picture; see Its Action; and call forth Its Authority and Power, for the correction of conditions within the Nation.

It is Our Hope that This can be animated with very great clearness! Great will be the Benefit to the individuals who behold that Flame in Action and can feel their Oneness with the Love of the Being within, Who is My Ambassador! It will do tremendous things for you all. Try to dwell on This for awhile, and know always I will answer every call of Love with Manifestations to this Earth, which in My Cosmic Authority and Power can only flow forth thru the Gift of Love alone.

While "I AM" Supreme Ruler of the System, Those Who direct the Activities of the Sacred Fire are One with Myself and the Hierarchy Who have taken the Responsibility of governing this World, know what intensity of the Sacred Fire and Its Cosmic Love can be drawn into the lower physical

octave; because that is where you need It. This will greatly intensify the desire to pour forth Love, Kindness and Happiness, even within all Life in your Nation and within the "I AM" Student Body. It is to make My Love live in Greater Power within each individual Life Stream, and in each Nation which is a Life Stream to many, that the Cosmic Law has permitted the Experience and Outpouring of yesterday.

Great will be the Peace that comes with My Love and It is to anchor or make alive My Love within each Life Stream under This Radiation, which becomes the Anchor for Peace to hold command within the Nation.

If you care to take the time, see the Currents within the Flame around that Being, concentrated into Congress and into the government in Washington, just as you would see many wires within a conduit. Just see those Streams of Blue Electronic Force within that Golden Flame, strike into everybody and everything in that city, and make Love live there enough to hold Peace!

We think We can accomplish a Tremendous Thing and give Assistance to the Nation, if even just a few will do this with intense feeling; and by conscious command, issue Our Command of the "Mighty I AM Presence" in the Great Central Sun, that the Dispensation come Forth NOW thru your atmosphere for America's Freedom, which intensifies this Inner Action of My Flame into all within Washington! It is Our Hope to do much to make the sinister force feel those individuals have failed, and when that hopeless feeling comes, then it is only a short time until their power fades out!

This will give every constructive person within the Nation a stronger feeling of Love and Determination – to hold America free from communism; and then there will come more of a desire within the people themselves to hold Peace.

The Cosmic Law has not permitted This Kind of Thing to the Earth ever before in any age; but because of the closing of the Cycle, and the added Assistance which must be given to keep these destructive forces from mutilating America – it is My Prerogative to send This forth; and if you call thru your Love for your Nation, I will answer and do what all mankind together cannot do!

Know the Being within My Flame as My Ambassador of the Sacred Fire! Know that My Voice within the Flame can speak to the Nation thru the mental and feeling world, and command that which only I can give!

May the Great Angel on Whose Crown blazes the Word "UNION" approach, and issue the Cosmic Fiat Which puts an end forever to mankind's viciousness within this Nation!

Thank you for your attention, your Love and your willingness to focus this into the outer, to help Us more quickly accomplish the Victory which is the Freedom of Beloved Saint Germain's Heart.

Thank you.

CODA

I want you to know the Brotherhood of Immortal Love from the Physical Sun, is a very magnificent Blessing from the Heart of Creation; and We want you to become Members of that Brotherhood by the Use of Their Love.
