

# BELOVED ROSE OF LIGHT'S DISCOURSE

THE LODGE

FEBRUARY 4, 1945

SUNDAY EVENING

BELOVED ONES OF THE LIGHT, tonight, in coming into This Sanctuary of Marvelous Purity, Almighty Power and Freedom, which is Life's Divine Plan fulfilled, I bring a Radiance of Our Light and anchor It within the building, then the canyon. I send forth My Heart's Call for the Expansion of Such Light through each one of you, and through This Lodge and canyon, that It goes forth and expands to the farthest parts of the Earth! May there be drawn here this night, enfolding each one of you, My Cosmic Rose of White Fire filling the Lodge! May an Individual Focus of It be anchored here, and fill the canyon! May Another Rose of White Fire of My Love, in Its Power to expand the Light through the Heart of each one, be planted here for Eternal Perfection!

In the Expansion of the Light through each one's Heart, there comes a MOMENT, when as It reaches a Certain Intensity, It causes the Higher Mental Body of each one, to issue the Great Command of Life! Then, We are privileged to assist in a Wider Expansion of the Light of each one's Life Stream through the physical flesh body! In Expanding the Light of each one's Life Stream, through the atomic structure of the flesh, It causes the electrons within the cells of the body, to glow with very much Greater Intensity! As you call to Me and I pour My Love into the Expanding Radiance, It is as if each Point of Light became clothed in a Tiny Rose of the White Fire of My Love!

The Rose represents the HIGHEST DEVELOPMENT OF PLANT LIFE upon This Planet. Therefore, the White Rose has always been used as the Symbol of Unfolding Perfection; ever-expanding Its Blessing and giving off

a Radiance which purifies the atmosphere about even the Rose itself; until It becomes a Blessing to all the elements and to every part of Life forever! The Lily has been used as the Symbol of Purity! The Rose represents each Life Stream's Journey through This World into the substance of Earth, a rising and unfolding of Its Powers through the faculties, which are within each one's Life Stream! It is the bringing to Perfection, of the Inner Pattern or the Divine Design Life intends to express, through the Flame in the Heart of every human Being.

As you call to Me, whenever you wish the Light within your Heart to expand, it is My Privilege to pour forth all Qualities of the Rose through each one! If you so desire, the Fragrance can come forth just as well as the expanding Light! It is one of the Activities to which your Beloved Saint Germain referred in the "I AM" Discourses, when He said: "You can command the Light within your bodies to expand through the flesh form; and release a Fragrance that is rarer than the Lily or the Rose!"

This Inner Fragrance, which it is My Privilege to release through the Light expanding in your Heart, becomes an atmosphere about you! It is the Protecting Radiance of the Vibratory Action which "I AM"! It is My Fragrance around the physical form and is a Focus of Electronic Force in the Substance of Light! It is qualified to release the Fragrance which in Reality is an Essence of Strength! The Various Outpourings from different Ascended Masters from time to time, are given from Our Octave in, through, or around an Individual! It becomes the Release of whatever Vibratory Action through that Light Substance is necessary; to assist the Individual, both to protect and to strengthen the Constructive Qualities within each one, and then to expand Them to the Point of Mastery.

Certain Fragrances from Our Octave of Light, are of Tremendous Power! There is a Condensation of Electronic Force from Our Octave, qualified with a Very Delightful

Fragrance, unlike anything you have ever experienced in the physical world! When such a Fragrance is drawn around an Individual with Intensity, It can become, at a Certain Point, LUMINOSITY! That is why many times a Fragrance or Condensation of the Light Substance from Our Octave, drawn around an Individual for Protection—becomes an ANCHORAGE PERMANENTLY of a definite Expansion of the Light within the Inner Bodies of that Individual.

This can be drawn in and around each of you individually or collectively! It can be called forth consciously and at will, whenever you so decree It! I want you to realize tonight, the terrific Power within the Will of each one of you! You do not stop to realize what terrific force goes forth through any Life Stream, when you will a certain thing into outer manifestation, by the intensity of your feeling; when you desire something with very great feeling! When your desire is very intense for something, It is in REALITY A FIERCE DETERMINATION OF YOUR OWN WILL, to bring what you desire into outer manifestation!

The Fragrance the Beloved Nada drew forth in the early classes, My Dear Ones, was not just for the enjoyment of those people; nor to give a Delightful Experience to some of you who were there! The Fragrance She drew of the Rose, was a Protection of the atmosphere of each student, who had come seeking the Light; and desiring the Light to expand through themselves!

If you desire the Light to expand through your bodies, if you desire the Unfed Flame to expand through your Hearts, why not desire the Delightful Fragrances from Our Ascended Master Octave of Light, to expand in, through, and around you? Desire the Fragrance to continue to anchor in ever-expanding action; until every particle of the substance of your flesh bodies would lose all the odors of human discord! It would in their place pour forth a Radiance of the Delightful Fragrance from Our Octave which becomes Luminous!

I WANT YOU TO REALIZE WHAT IT MEANS TO ILLUMINE THE BODY! When the Light, expanding from within each cell of the body, intensifies to the place where it becomes visible in the atmosphere about you, there must be Very Great Purity in the atomic structure! As you use the Violet Consuming Flame more and more, It becomes a PERMANENTLY ESTABLISHED VIBRATION AROUND THE ELECTRONS IN YOUR BODIES. If you call the Violet Consuming Flame forth intensely enough, there comes into action with It, through your Call, the Fragrance from Our Octave!

Our Vibratory Action of the Substance of Light, consumes all of the radiation or the odors of any substance, you would put into your bodies as food! When this comes to a Certain Point, you would find the body itself would be composed of Light Substance; whose very Radiation pours forth Its Blessings of a Delightful Fragrance into the atmosphere about you! Just as the various Ascended Masters are known or rather recognized by unascended Beings through the Fragrance They send ahead of Them, just so could you be known among your associates, by SOME DELIGHTFUL FRAGRANCE you would adopt, as the Natural Radiance of your Life Stream.

There is a Very Great Reason why the Purifying Fragrance from Our Octave, is required in this physical world; not only for Its Pleasantness; but because of Its Strength and Its Protecting Power! There is an Intense Action of the Radiation of Sandalwood, which comes many times with those Masters Who work in the Orient! Whenever It is very intense in and around an Individual, you will find there is a Sustaining Energy – an Actual Essence of Light – anchored Permanently within the Inner bodies of the Individual, which will last that one sometimes for a Lifetime.

When the Fragrance is the odor of the Pine tree – not what you ordinarily feel or recognize as the odor of Pine in the physical octave – but rather the Refined Odor of the Pine tree, the Fragrance is Its Inner Essence. When

that is drawn around an Individual, you will find It is to give Protection and sustaining Harmony to the one to whom It comes! Therefore, when you experience some delightful Fragrance from Our Octave, I would give It acceptance if I were you! Ask that It be anchored permanently in your Inner bodies; and made an Eternal part of your flesh structure! If you think about It and desire It, you can command It be made Self-Luminous!

These are Magnificent Inner Activities of Life's Powers and Perfection of the Greater Mastery of Life! Oh, there are so Many of Them, just awaiting your Call into the Octave of Light above you, not necessarily from Our Octave! I said from the Octave of Light, which means the upper atmosphere of the Earth, from which no impurity can come; because the impurity generated by mankind only reaches from the surface of the Earth up to a certain altitude! Of course, These Inner Activities go deep into the structure of the Earth to a certain distance; but above the atmosphere of discord, there abides the Octave of Light; wherein the Essence of the Electronic Force surrounding This Earth, is as Pure as the Heart of the Sun Itself!

That, being Part of your Physical World, can be called forth by yourselves into the lower atmosphere! Then, when you ask some of Us to qualify that Pure Light Substance with the Qualities which We know are required most in or around an Individual or a locality – It enables the actual physical structure of the Earth and its atmosphere, to be raised and returned to the Purity which It once was!

In the Great Mercy of Life, in the Great Love which you have poured to the Forces of the Elements, I know you would have some Very Delightful Experiences, were you to call forth the Light Substance from Our Octave, qualified with whatever Fragrance was necessary to establish PERMANENT PURITY IN THE SUBSTANCE OF THE LOCALITY IN WHICH YOU MOVE!

It not only purifies the air you breathe into your lungs,

and which is breathed in by the people of the city; but this Light Substance from Our Octave, qualified with Our Fragrance and the Love from your "Mighty I AM Presence" and Higher Mental Body, is anchored within the air and the structure of Earth! It would become a Tremendous Blessing of Happiness beyond words to convey, to the Beings of the Elements! They would appreciate It, I think, perhaps even more than you do; because They love the Purity of Life! Its Blessing coming from Our Octave to enfold Them, as It would with Our Consciousness, would enable remarkable things to be done; both for you who made the Call, and for Those Beings! It would raise Their Consciousness and Their Service to mankind, to a point where many of Them, if loved enough by you, could be – I do not say argued into it – but could be shown the Great Blessing of accepting Immortality!

Those Who would be called to serve the "I AM" Students who had attained Self-Control, Purity and would continue to pour their Love and Blessings to Those Beings, would love to stay within your Radiance! When you are occupied with that, which necessarily would be your activity in This "I AM" Crystal Cup Canyon, They would love you very dearly! If you were never discordant and were constantly raising your Vibratory Action of Purity, you would have Assistance from the Powers of Nature which mankind cannot give each other as yet!

So, it would be very wise to make the Beings of the Elements your Friends! Remember, there is nothing in This Universe can resist the force of the Individual who is endowed with Free Will! If with fierce determination – now I DO NOT SAY TENSION – but fierce intense determination, you desire This Greater Perfection of Life, It shall come forth to bless the Beings of the Elements and all mankind!

If you make the decision We will perform the Service! I do not know of any better arrangement since you cannot

perform It for yourselves just yet! If you will make the Call, We will perform the Service! It is no effort, Precious Ones, for Us to release a Wave of the Light Substance from Our Octave into yours, qualified with the Most Delightful Fragrance. It would energize you and protect you for weeks and weeks to come! If you are alert when you suddenly are aware of Our Fragrance, and you consciously say: “‘Beloved Mighty I AM Presence’ and Great Ones, I accept It! I receive It! I hold It anchored in my world for Sustained Perfection,” then We know you appreciate It and the next Wave can be still More Intense!

This is very much needed in and around the “I AM” Students, because the more of Our Qualities you call forth consciously, and the more of the Perfection from Our Octave – you desire to be manifested in your bodies, your immediate surroundings, and your activities – the more you make Life aware, that the Ascended Masters’ Qualities are being planted into the Substance of This World! In expanding Our Light, Our Power and Our Action of the Sacred Fire, We are redeeming the Substance of Earth; and are raising mankind’s consciousness, by a Radiation which the intellect does not battle nor comprehend!

There are so many times, when We offer Assistance, and even when you offer Assistance of the Light to mankind, that the moment the personal intellect does not agree with you, the feeling sets up an immediate wall of repellant force! It just absolutely refuses to accept the Good, the Power and Victory of the Light! However, as you call forth the Electronic Substance, the Ascended Masters’ Substance of Light from Our Octave – qualified with Certain Fragrances, It moves in on the Individual! When It flows in and around an Individual, It penetrates the emotional body and the Light enters into it – like it or not – and that acts like an anesthetic to the human irritation and discord! Many times when We draw Our Fragrance around an Individual, it is as definitely a Wall of Substance, as a wall

of steel would be! When That becomes intense enough, It shuts out the radiation of those among whom you move in the outer world! It becomes your Insulation – sometimes very suddenly, in places where you least expect it!

So, if in moving among your business associates or your activities of the outer world, you suddenly become aware of some delightful Fragrance from Our Octave, just accept It quickly; and know It is anchored around you to produce Protection against things, which many times you do not know are there!

In moving picture houses, when a sensitive person seeking the Light and trying to hold to It, goes into the audience; and sits beside some one whose creation is vicious or even just intensely discordant – We have often enfolded that one in a Fragrance of the odor of Pine; to shut out any radiation of discord against the Individual.

We so often do these things and enfold the “I AM” Students under certain conditions, when We see them in danger. We often just suddenly create an atmosphere about them of Our Light Substance of Our Love, which holds away the discord they do not even know is there! Oh, We have done This millions of times, for those who have sought the Light throughout the centuries, because that is part of Our Guarding Action!

Now, in regard to This Service which It is My Great Privilege to render to those whose Light is expanding, whenever you call for the Light in your Heart to expand, It is a direct invitation to Me; to come and anchor the Pressure of Light from My Octave and the Flame of Love from My Heart; to intensify and protect your own Light, as It goes forth in Its next Wave of more powerful action!

This is the Action of the Cosmic Law when two Masters are working together, One drawing the Force while the Other stands guard and holds the Protection! So do We, when you call for the Expansion of the Light, watch your Light in Its next Wave of Power as It goes forth!

Then, do We enfold the next Wave of Power, with the Substance of Light from Our Octave; to hold It protected so It may be a Permanent Power for your use as time goes on!

Then, the "I AM" Student, who is making Conscious Application, becomes at all times guarded by Ourselves through these various Activities, until the Full Victory is attained. Just so does the Angelic Host come in answer to your Calls, or to the Call of your "Mighty I AM Presence," the Call of the Higher Mental Body; or at the Call of the Ascended Host! Legions of Angels can be called to establish and to hold Permanent Guard in and around an Individual or a condition; intensifying Its Action until the Victory is Complete!

You see there is always an Inner and an outer action of Life! The Inner Activities of the Light must expand with Great Power, before They would become outwardly, physically visible to the physical sight of those around you! All the Inner Activity has to take place first! When the Inner Light begins to surge, unless some Ascended Master stands guard and protects It with Ascended Master Light Substance, every destructive force of human creation would swarm in! Destructive forces try to shut off the Inner Light—when they see an Individual reaching to the Heights of Perfection; but you do not realize this, and mankind unascended, does not until the people see things from Our Octave! They do not understand how and why the Students on the Path, must work in Conscious co-operation with Us, if they are ever to have Victory.

They cannot ignore Us and go through on their own strength; because until their Light reaches a Certain Expansion, they do not have the Strength to stand against the mass energy of discord, mankind has released into the lower atmosphere of Earth for centuries! If you will notice those who have refused to recognize the Ascended Masters—regardless of how much apparent wisdom they seem to have attained—are still not manifesting Mastery; and

they cannot until they accept Mastery; and Mastery is of Our Octave, not of yours! YOU MAY DRAW OUR MASTERY INTO YOUR OCTAVE, BUT YOUR OCTAVE AS YET DOES NOT CONTAIN MASTERY OF ITS OWN CONSCIOUSNESS. That is why the Orthodox people who have so fought the Acceptance of the Ascended Masters, are hourly sinking into deeper and deeper depression! When Individuals deny the Power and Consciousness of Life Which are greater than themselves and manifesting Mastery over this Octave, if they deny Our Mastery, then they shut It out of their worlds!

That is the reason Beloved Jesus used the Statement: "I have overcome this world." That is why He said: "Ask the Father whatever ye will in My Name and He will give it to you"; because His Name – the Vibratory Action of His Name – after His Ascension took place, became the Mastery of Our Octave of Light! If you will always remind yourselves, that He overcame this octave and arose into Ours – and so has every Ascended Master – then, there is no reason why you cannot do the same! There is no reason why the rest of mankind cannot!

When you see as We do, the fierce relentless force and pressure of energy, that is released through human Beings' Free Will – in the willing of perfectly useless things into outer manifestation, just to entertain the senses – there is nothing you cannot do! My Beloved Ones, there is nothing on this planet you cannot create nor raise into Perfection, if you will use the Unyielding Determination of your own Free Will! I point you to a certain manifestation in the use of the Free Will, of the Individuals who have been the directors of the activities of Hollywood.

You must see the fierce determination of the directors and those who have invested their money – when they want to bring a production to perfection. The extreme effort they go to, in order to carry out their own ideas, reveals how much of the actual Life of the Individuals who are producing a play is used to compel those Individuals to

do the will of the producers! Then, you begin to see why mankind is in the throes of war, when the people should be the masters of circumstance and directors of their Destiny of Perfection!

Think what this world would be like, if all the fierce use of the Free Will to make Individuals do destructive things now released in war, were used to call Our Light here! In the Name of God, if the training of people to go to war were qualified with Light for one week – it would raise the planet out of the claws of the war beast forever! That is the reason they do not want mankind's attention on the Light! That is the reason they issue decrees for darkness to engulf mankind, which is already suffering under its frightful destruction!

Therefore, I would deeply appreciate every Call you can send forth, for the Cosmic Light Substance to intensify Its Action of Light in the atmosphere over America; and in and around your Beloved Donald and everyone in the National Defense! That Light Substance accumulating to a Certain Pressure, would automatically compel back upon those who have imposed this war upon mankind, all the darkness they have ordered against those who are of the Light!

Watch and read the Silent Language of Light! It is Revelation to the people; if they would but understand what destructive forces want to do to the people of a nation, by issuing orders to shut off Light! Will you follow the habit this Messenger used to have? She has not used it so much lately – but it would be well if you all did! Take up again the Statement: “Every time the hordes of evil command darkness imposed upon mankind, the Powers of Light from the Central Sun, shall release a thousand times more Light in the place of all darkness – in a Wave that they cannot shut off!”

**REMEMBER! USE THAT STATEMENT OFTEN WHEN SOMETHING SEEMS TO FAIL! Command ten or an hundred or a thousand times more Perfection of Light in the place of**

all darkness; and blaze the Invincible Victory of Light and Freedom everywhere for Eternity! Just get into the habit of neutralizing every destructive order which comes forth; with a Call for a Billion times more Light, to take the place of every order to shut off Light from mankind! You make the Call and We will stand guard and render the Service which is to be given; but We cannot do it unless the Call comes, because of the Free Will of unascended Beings!

There are many things We can reveal to you, but unless the Light of your own Life Streams, reveals It to you, from inside of yourself, We must wait, until We see your Light come forth! Then, We do not lose a second in coming to Its Assistance, to expand It and to protect It; until Its Greater Power takes Its Dominion in the outer world!

Just keep acknowledging: “‘I AM’ THE MONEY HERE FOR WHICH I CALL! ‘I AM’ THE SUPPLY HERE FOR WHICH I CALL! ‘I AM’ THE WEALTH, THE OPULENCE HERE FOR WHICH I CALL! ‘I AM’ THE WORLD PEACE FOR WHICH I CALL – FOR WHICH EVERY HEART CALLS! ‘I AM’ THE LIGHT UPON WHICH NONE CAN CAST A SHADOW!”

Oh, My Dear Ones, you give This Acknowledgment with the same fierce relentless determination of your will, which you have had in the past, to do what you pleased – and there is not a thing on the planet which can stand before you, so long as It be Constructive!

“I AM” speaking a little out of turn, but none of you yet has understood what Power you can release, through This Call! So, “I AM” going to reveal It to you tonight! Every time there is brought to your attention, the enslaving conditions of regimentation, rationing, or the orders of the sinister force – take your stand! Call into outer action ten billion times more Invincible Freedom to not only wipe out all wrong; but to replace it for Eternity with all Indestructible Freedom from Our Octave of Light! Get in the habit of neutralizing instantly, with a thousand times more

Indestructible Freedom for Eternity, every condition imposed upon the American people by the sinister force!

“I AM” going to say something about the music which as yet I would rather you not repeat in the outer! I wish to say to all within This “Crystal Cup” tonight – within This Magnet of Light and Power – when I ask you not to repeat anything that you hear within This Sacred Place, I expect obedience! I expect you to keep as a Sacred Trust, the Request I have made!

There are Certain Melodies whose Sweetness is so Great, if charged with Enough Power and Intense Pressure of Energy will penetrate every other rate of vibration there is! The human ears which hear Those Melodies, cannot resist Their Effect in the emotional body! So far, We have not released the Cosmic Melodies to which I refer; but if you will keep calling for the Specific Melodies of Such Sweetness and Cosmic Pressure THAT THEY PENETRATE ALL OTHER SOUNDS, We would like to bring Some of Those into your use in your Musical Activities! Melodies of Very Great Sweetness have Tremendous Healing Power! Even the most hardened beings cannot resist them long; because when the sound passes through the ear, it penetrates completely the emotional body and they cannot do anything about it!

A person listening to jazz or swing music, under tom-tom pressure, is stirred into destructive action. As surely as that goes through the ear of the Individual who does not like it, the sound annoys the Individual! These Melodies to which I refer, when They pass through the ears of even the most hardened of individuals, can still the emotions for the time being! Those whose human creation is very vicious, when the sound of Our Music passes through, It purifies and helps to control the emotional body! Therefore, Our Melodies have very Penetrating Qualities – very Great Healing Power and WILL LIVE FOREVER!

This is the reason modern musicians have poo-pooed

very sweet melodies and have sneered at them as ordinary; because the sinister force tries to push aside anything which would heal, purify and illumine mankind! All the modern music mankind spends time and energy to create or play, dies out within a decade! THESE MELODIES I SPEAK OF SHALL LIVE IN HUMAN EARS THROUGH ETERNITY ON THIS EARTH WHEN THEY ARE RELEASED!

There is nothing which takes the place of Exquisite Sweet Melody, because It can do what nothing else can! When Magnificent Cosmic Power of Tremendous Magnificent Harmonies, are added to those very sweet – intensely sweet melodies – all human creation is helpless before That combined Action!

When the rhythm is Constructive, the Melody Sweet, and the Harmony of Gigantic Power, you automatically have a “CUP OF HEALING ENERGY AND HEALING OF COSMIC LOVE” to go forth in Its Mightiest Action of the Sacred Fire, to perform according to your Command! So shall It be established unto you, and you can take viciousness out of Individuals through music, which they will not let go of in any other way!

That is why Music is so useful to Us and is so Powerful in Its Assistance to mankind to purify and help free the people! When you add to your music the Cosmic Healing Flame, if you choose, you can have the most Delightful Fragrance come forth with every song and no two would be alike!

Why do you suppose you experienced the Fragrance of Oil of Cinnamon when you were receiving the Lord Maha Chohan Song? Because Pure Oil of Cinnamon is a very Powerful Fragrance which the sinister force objects to furiously! When that Fragrance comes forth on music, the sinister force cannot do anything about it!

If an Individual who is frightfully vicious, has poured into the atmosphere of the room in which that one might be, an anesthetic, that one would begin to breathe it in –

he could not help it very well, could he? The human quiets down and the emotional body is forced out!

Well, just so with certain types of Melody, Harmony, and Rhythm! When you call for the Healing Flame to go forth on that music, then you call forth the Healing Fragrance from Our Octave, They are all joined together in one Stream of Energy. In one Mighty Flash of Flame through a condition at your Conscious Command, in the Use of the Word, "I AM," you can do what nothing else can do on this planet!

Everything Constructive has within itself, Its Three-fold Action of Mighty Power! These Activities you have touched, a few in your experience thus far, are just beginning to be the Open Doors, through which More and More Magnificent Attunement – unlimited Power, Beauty and Perfection beyond words to describe – can come to you; and flooding forth Their Cosmic Power, make you the "Master Presence of Light, Beauty and Perfection" as you move among your fellow men; and enable you to give as none of mankind has given up to this point!

All of This came forth as you drew My Radiance here tonight; because of your Calls to expand the Light through your Hearts and to illumine your flesh bodies! You cannot send one Decree forth for the Expansion of the Light of your own Life Stream; and not call to your assistance some of Us to help you accomplish It! We have waited so many centuries, for one Call after another to come forth; so We might help to free mankind more quickly; but not one goes unanswered and never is there a delay!

Go on with your Magnificent Service to Life, ever increasing and intensifying or drawing forth the Power in This Sanctuary of the Cosmic Crystal Cup; for It contains all of Life's Perfect Gifts! Let everything here be a Blessing to all that is; and pour It forth with Cosmic Pressure and Power, increasing It hourly.

Call to your assistance whatever Legions of the An-

gelic Host and Legions of Light are necessary; to handle conditions which might seem strenuous to you for the time being; and you will always have the Assistance which lifts you out of each problem and enables you to be the Victor! If you so choose, your "Crystal Cup Canyon" can be a "Garden of Many Roses of Light" whose Fragrance becomes the atmosphere of the Canyon, and whose Healing Power will enfold all who pass through! Then, when your Music goes forth, will you, indeed, be a Focus for the Mighty Cyclopea's Crystal Temple to pour forth Its Rays; and do THAT which only He alone can do! You may be His "Crystal Temple of Light"! I trust I may be privileged to plant the Rose of Light from My Heart in the Garden of Life, of each one of you! THEN, MAY "YOUR ROSE OF LIGHT" EXPAND ITS DELIGHTFUL FRAGRANCE AS A HEALING RADIANCE AND ATMOSPHERE TO ALL YOU CONTACT AND PROBLEMS DISAPPEAR AT YOUR COMMAND AS IF BY MAGIC!

May your stay here be sealed in the "Cosmic Rose of Love from My Heart, the Cosmic Rose of White Fire." May Its Delightful Fragrance enfold you and give you such rest and relaxation; such strength and Power of the Light, that you will return and lift the rest of mankind with very much Greater Speed and Victory! Pour forth to your Beloved America, your Mighty Calls for Her Freedom; and never stop until Victory and His Mighty Legions come forth and possess all into the Freedom of Life forever!

May the Fragrance of "My Rose of Light" abide with you and may It become so tangible, that It is even like a Substance around you, so you may live to bless others! When you give your Blessings to those of mankind whom you are assisting, the Fragrance of "My Rose of Light" will abide around them, and within them, until their Victory is Complete! You may have It without limit! Let us see how much you want It! That will be determined by the remembrance of your Calls. I shall watch with Very Great

Interest, and Ceaseless Desire to assist you; until the Fragrance is so magnificent that all are compelled to admit Its Reality! Then, will We have Victory quickly!

Thank you, My Beloved Ones, for your Love, your Light, your Desire for Freedom and Perfection; and may I bless the two Precious Ones who have been here and kept This Crystal Cup Lodge a Sanctuary of Purity, of Freedom and Perfection! May the Limitless Blessings of All Beings of Light attend you; and pour back to you without limit, all you desire for the Greater Perfection and Protection which is to come forth here! May the Beloved Ones who have desired This "I AM" Crystal Cup Lodge to come forth, stand Its Guardians, release the Fullness of Its Blessing, until It becomes the Imperishable Focus of God's Love to mankind forever!

I thank you and love you and bless you tonight; and seal you in "My Cosmic Rose of White Fire." May Its Fragrance envelop you, until your Ascension is Complete!

Thank you so much.
