

BELOVED GODDESS OF MUSIC'S DISCOURSE

LOS ANGELES, CALIFORNIA

SEPTEMBER 21, 1951

ELOVED ONES OF MY HEART, in entering into the Powerhouse of that Great Harmony of Life which is provided everywhere throughout Creation, We wish you to understand that as the Cosmic Christ Fire comes forth clothed in the Music of the Spheres, there comes to Earth the Manifestation of Power which is Indescribable, Limitless and Eternal.

Try to feel with every atom of your Beings, the "I AM" Ascended Master Miracle Music of the Spheres is as Real and as Eternal as the Universe Itself, and in the use of Its Power there can only come Harmony to the individual and Joy that is unspeakable in the Great Power of the Sacred Fire, which clothes that Music as It enters into the lower atmosphere of this Earth.

May I say to you that the phrase, "On the Wings of Song" is a greater Reality than you understand, for as the tones of Cosmic Harmony carry the Power of the Sacred Fire from the Ascended Masters' Octave into the physical world, those rates of vibration are clothed in Living Flame, and as that burns Its way through the atmosphere of Earth and consumes the discord in its pathway, anchoring within the structure of Earth the vibratory action which is Authority to hold Harmony here, then if you accept that and understand how to call forth Its Power, We can abide with you at any moment; and in the use of that Cosmic Fire will you find it able to cancel out, as you say in radio activity, all energy which is creating destruction.

There are certain tones that can be sounded throughout the atmosphere of Earth in pulsations which shatter forever everything that is lower than their own vibratory action. This Power, of course, is in the Hands of Cosmic Beings of which mankind know very little, but Who are just

as Real as Reality can ever be. What We want you to do with your co-operation and permission, is to keep drawing the Cosmic Christ Fire of the Harmony and those Activities of Melody from the Electronic Belt around the Physical Sun into certain localities within your Nation, and in and around yourselves; because this Music of the Spheres to which I call your attention, if called into physical action in and around yourselves in the Acknowledgment of Its Cosmic Christ Victorious Fire, can become an electrical force field around each of you, whose vibratory action repels the discord that otherwise forms a pressure upon you.

Now the lower atmosphere of Earth is being charged constantly with the vibratory action of discord from the thoughts, feelings and actions of mankind day after day; and therefore, Life, the Great "I AM Presence" in the Great Central Sun, automatically provides a way and means of offsetting that by Conscious Command through those who understand This Law, and through mankind's Call to the Greater Power of God to come into the physical octave to do that which mankind cannot do for themselves.

This is just as mechanical as anything in your physical world; and it comes from Heights indescribable in the Power of Cosmic Action whose Manifestation to you in the physical octave seems to be the Inner Sacred Fire. It is the Inner Sacred Fire from Our World, and It must be drawn into yours if this terrific accumulation of destructive energy is to be governed and prevented from doing its frightful activity of destruction.

The Beloved Master Jesus is certain Authority to draw electrical force and certain Currents of Power, which are the Sacred Fire, into the very atmosphere you breathe; and with enough Calls from those under This Radiation who understand This Law, He will respond; because as the Cosmic Christ which He has now become, He has unlimited Use of the Activities of the Cosmic Fire; and it is My Joy and My Privilege to use that same Great Cosmic Fire from

the Electronic Belt around the Physical Sun, wherein such Harmony sounds throughout Creation as you cannot understand except as you hear It.

This Messenger once heard for awhile the Music from that Octave, from that Electronic Circle around the Physical Sun, and She said It sounded like an hundred organs, and that is but a fragment of what all of you may hear with a finely attuned Inner Precipitation, which the "Mighty I AM Presence" can draw in and around you, so long as your atmosphere is insulated against the passing vibration of destructive activity in the atmosphere of Earth.

Now, in drawing forth this Cosmic Christ Fire of the Music of the Spheres, try to know always that you charge or call forth Its Healing Action in and around all to whom you direct It. Mankind must have some Greater Power of Healing than they have at the present time, if they are to handle the mass problems of purifying the minds and bodies of mankind enough to turn them Godward.

Now you know that by a terrific sound or tremendous Power of Music, were it constantly charged into the atmosphere about you, it would compel the attention of all that lives onto that sound for the time being. Terrific Power can be released through mankind's attention in an experience of that kind; and therefore, since it is the harmonious way of healing certain conditions in the physical octave, as you use more of the Violet Consuming Flame in outer action through your Conscious Calls, will you find what the world calls Miracles occurring just naturally, until all begin to understand them as the Natural Power of Life's Perfection.

Under the Mighty Archangel Michael's direction, come Legions of the Angels of Music; and could you see one Mighty Surge of Their Cosmic Fire pass through the atmosphere over a city, It would delight you and you would never forget the sight in all Eternity. Just as that Cosmic Christ Fire surges through the atmosphere in sound which is

indescribable in Its Beauty and Power, would come such Purity into the very air you breathe that Its Lifting Power would almost raise you off your feet. In that Power comes the Joy, My Loved Ones, which you can only know as you experience It.

You all know that certain types of Music are tremendously uplifting. Certain types can bring you great Joy, and certain other types can cause a depression or irritation. From Our Octave comes only That which lifts mankind to greater happiness; and may I say, some of the Melodies which mankind has been privileged to receive are those which are Eternal, and in the happiness which they bring to Earth comes a certain Activity of the Great Central Sun Magnet's Lifting Power! Try to know the Power of the Central Sun Magnet is not only a Drawing Power, but It is a Raising Power, and the same thing is true of this Music to which We turn your attention. We want you to feel the Joy and the Thrill It can bring to you as you make the Call for Its Power of Healing and Power of Peace to consume mankind's hate.

Just as the Sun's Rays consume a fog, can the Cosmic Christ Fire of this "I AM" Music of the Spheres passing through the emotional bodies of mankind consume their destructive impulses, and It manifests as many Magnificent Activities of the Violet Consuming Flame and practically all colors of the spectrum. Could you see That play through the atmosphere of a city and through the energy of the feeling world of a group of individuals, the Beauty and the Power of It you would never forget.

Therefore, Life provides you, My Dear Ones, with that Magnificent Cosmic Activity of Its Boundless Energy, which you may call by Conscious Command into the physical Atmosphere of Earth and do that which to the outer world seems miraculous. It is Our Privilege not only through Magnificent Instrumental Music, but through Choral Music, and the Flames of Love which come forth from the

Angelic Host to surge the Power of this Inner Music into the very atmosphere you breathe; and through this, My Dear Ones, can come such Assistance to those who to the outer sense seem mentally unbalanced. It is God's Great Mercy and God's Great Love that provides this means of Assistance to Life, which all may have through their attention and call to the "I AM Presence" and to Us.

There are Limitless, Countless Ways and Means which the Great Presence of Life, the "Mighty I AM" in the Central Sun, and the Ascended Host have at Their Command to undo anything in this world that is a mistake occurring to the Divine Law of Balance. Therefore, in the Assistance which We wish to give through the Music, there can come to you the Greatest Joy you have ever known, and may I say, when you understand This Power and call It forth consciously, you can sing yourselves out of any distress or limitation; and may I say it is a happy method of release.

People think it is so difficult to give obedience to the Great Law of Life's Perfection, but it is not. It is a Joy every inch of the way to throw aside your limitations, and in the Great Song of Life step forward into the unlimited use of this Cosmic Christ Fire Whose very Presence will make you speechless with the Beauty of Its Power and the Perfection of Its Eternal Joy. These Greater Manifestations of Life's Great Love forever contain within Them Power which will bless all Life, all that is in the Universe with Greater Happiness; and there is not one limited thing in this Music to which I call your attention. It will live for Eternity in the Upper Atmosphere of Earth until mankind, through their Love and attention to It, call It into the lower activities to purify them and establish Eternal Happiness. It goes on in ever-increasing Activity until mankind understands the Fullness of the Blessings which Life continually bestows.

May I say to you from Our Standpoint and the Inner Finer Sense of Hearing, every particle of Life can be raised

by this Cosmic Christ Music to which I turn your attention. All Light, My Dear Ones, produces Harmonious Sound to Us, and It can be heard by you while yet unascended, and will be as the atmosphere of Earth becomes purified with more use of the Violet Consuming Flame. The Sun sings an Eternal Song to Us in this System of Worlds. Light is Sound to Us that is Harmonious always, for there is no discordant thing within the Light that governs this System of Worlds. Therefore, that Light within you can sing through you Its Eternal Harmony and Happiness to your Life, and your Life to all the Life around you, until as you go forward clothed in the Magic of Its Power you will throw aside your limitations and leave the shadows behind.

There has been Magnificent Power of Cosmic Christ Fire poured to the Earth throughout the centuries in the Magnificent Melodies which have lived through the ages, and they will always live with a Raising Victorious Action to you. Your Mighty Saint Germain has been instrumental for many centuries in giving some of these Magnificent Melodies to the World to bless it—all of your Viennese Music, all of your lovely Magnificent Activities through the Middle Ages which Blessed, Blessed Saint Germain gave as an uplifting Power to the people of those centuries. Do you think He will not give to you? If He loved them, He will love you, and while much of His Service has been in other channels, may I say this, one of His diversions is to bring Magnificent, Beautiful Music into the use of mankind, if they will but give Him the time and attention to let It come through.

When you understand that Light sings an Eternal Song of Harmony and Beauty and Freedom and Perfection without limit, then, My Dear Ones, as you make the Call for Our Cosmic Christ Fire and Its Magnificent Music to come in and serve you all, will you know Happiness you have never experienced before, and there is Tremendous Power, Tremendous Energy in this Music if you will call It into the

physical octave. Just as individuals have many times picked up, through sensitized instruments, Melodies in the Atmosphere of Earth for which they have not found any physical source that produced it, they can also pick up the Music of Our Love.

Now "I AM" not talking in any metaphorical way. When We pour forth the Flame of Love to the Earth from the Great Legions of the Angelic Host Who govern this "I AM" Miracle Music of the Spheres, then I say to you Our Love sings a Song through the energy of the Atmosphere of Earth which is beautiful beyond description. When the Cosmic Christ Legions draw Their Invincible Cosmic Christ Fire which produces that which is constructive, the Power of that Sound is the most wonderful thing to behold, and the Beauty and Uplifting Joy which comes within that can only be understood as you sustain It; and We are depending on the "I AM" Student Body to make these Calls which simply part the atmosphere here and there and flash through this Activity of the Cosmic Fire, bearing the Power of Our Cosmic Music to offset many destructive activities. When you hear a terrific clap of thunder, every one is startled for a moment and gives it attention, and with that same Mighty Power can the Legions of this Music from Our Octave surge forward into the Atmosphere of Earth those Melodies which will make every one speechless with the Power of Their Command.

People do not know what is in this Infinite Universe that surrounds them. They know very little of what We are able to manifest at any moment, but to those who are aware of Our Presence and will give Us attention, compelling the atmosphere about the physical body to be still and uninterrupted, they will find We are ready to give them the Secrets of Creation, Power from the Heights of Eternal Perfection, and Happiness that none can ever take from them. Then as you use these Greater Gifts of God's Mighty Perfection will you find yourselves moving forward and doing all you desire

to do in constructive channels, which will bless you forever and your very presence will be a Benediction to Life wherever you move.

CALL FORTH THE VICTORIOUS COSMIC CHRIST FIRE OF THE "I AM" MIRACLE MUSIC OF THE SPHERES! CALL IT FORTH TO HEAL, TO PRODUCE PERFECTION, TO HOLD PROTECTION AND TO COMPEL THE END OF ALL THAT SEEKS TO DESTROY THAT WHICH BLESSES YOUR LIFE! This is one of the Mightiest Powers which Life has provided to bless mankind, and may I say It is very little used compared to the Power It contains. Most every one loves music and they enjoy It, but they do not use Its Cosmic Power. Therefore, It just gently penetrates the atmosphere in and around the individual, and for the time being brings happiness, but when you understand It as a Cosmic Christ Power which can produce Perfection and control destructive activities, then It becomes a Scepter of Dominion which you will enjoy using, and you will not forget It!

You may reach to the Heights of Creation and draw forth all the Secrets of the Universe through your Calls for the Cosmic Christ Fire of Eternal Music of the Spheres, because in that sustained Harmony, in the Power of Its Eternal Purity can those Great Magnificent Secrets of Creation everywhere flow to you as your attention through your Call is held upon Them.

There is not one thing you can use of Life, that "Blessed I AM Presence" in the Great Central Sun, which you cannot draw into outer manifestation so long as you hold Harmony in and around yourselves, which enables the connection through by which, or in which comes the Answer to your Calls; and there is no greater way of harmonizing the outer self than through lovely music! It is God's Eternal Power of Cosmic Harmony! It is God's Eternal Victory of Cosmic Fire! It is God's Eternal Happiness that can forever lift you out of all distress.

So Beloved Ones, may I be of Assistance to you? Whenever you seem to be touched by the discord of the outer world, call to Me and let Me prove My Reality to you by the Gifts which I offer, if you will use Them to the Freedom of Life. Even this hour in the warring sector of the World, as that frightful destruction goes forth, there could come, My Dear Ones, an Activity through the Powers of Nature which would shatter every destructive force by Sound that is so Terrific and so Harmonious every particle of energy would be still and become Luminous with the Love which could speak That Command!

The Beloved Master Jesus at a certain point will issue a Fiat similar to That, as will Others of the Ascended Host and Cosmic Beings; and when Their Love and Cosmic Fire cuts through the Atmosphere of Earth and commands That Sound to go forth which stills every discordant note on the Earth, then will you know what Mastery is! Then will you realize Who your Friends are. Then will you realize the Open Door ever stands beckoning you in through Its Glorious Presence to use these Powers of Life which set you Free and enable you to free others.

The Music of the Spheres is an Eternal Activity of Cosmic Christ Fire! Every System of Worlds has within Itself a combination of Chords, of Sound that produces Music that is beautiful beyond expression. Every Planet in this System carries a Chord of Life's Terrific Sound, and those Chords struck together forever expand the Powers of the Sacred Fire throughout Creation! You, as an individual, may do the same thing, for you all come under the same Law. Therefore, if you **DRAW WITHIN YOURSELVES THE GREAT COSMIC CHRIST MUSIC OF THE SPHERES IN ITS MAGNIFICENT AUTHORITY OVER LIFE, WILL THE VERY HARMONY AND POWER OF ITS PERFECTION CLOTHE YOU WITH THAT WHICH FOREVER TAKES YOU FORWARD TO HAPPINESS.**

It is Our Hope, with the response of the "I AM"

Student Body, to produce certain Manifestations of Healing through this Power of Music! It depends first of all upon your Calls, and then upon the uninterrupted quiet in the atmosphere about you which will enable It to manifest to bless mankind. Oh, you may go forward in such Joy as you have never known as you understand This Law and know you are privileged to use Its Indescribable Power in anything you want; and that Power can never produce irritation or anything which is unpleasant to Life. Even the most terrifically discordant persons, when the Power of This Music surges toward them become, for a moment, fascinated by Its Sound; and as Its Sound enfolds them their destructive forces become helpless.

The Great Presence of Life, My Dear Ones, has a Magnificent Way of consuming mankind's frightful destruction; and with your Calls We hope to manifest much of This to you, and you in turn become clothed in Its Power which will assist your fellow man through your Calls to Us. **KNOW WITH EVERY FIBER OF YOUR BEING THAT YOU COULD CHANGE EVERYTHING IN YOUR BODIES OR IN YOUR AFFAIRS BY ENOUGH CONSTRUCTIVE MUSIC, AND SURELY IT IS A MORE COMFORTABLE WAY TO BECOME FREE THAN SOME OF THE EXPERIENCES WHICH MANKIND HAS CHOSEN.**

We are ready at any moment to send Legions of the Angels whose very Presence produces Music in the atmosphere about you. These Beings are awaiting mankind's Call! They alone are the Guardians of this Magnificent Power of Life, and may there come forth those highly sensitized instruments which will record This, or at least open the Door and let mankind hear It, until the very passing of that vibration through you, as you listen to It, will lift you into the Perfection your Hearts desire. It is Power without limit, and Power that can never cause distress to Life. Wherever that Song surges forth everything becomes Peace, and it breaks down all resistance to that which is the Great

Perfection of Life.

Try to understand It as you sing your Music. Try to call forth Its Great Cosmic Christ Fire of that Music from the Physical Sun and the Great Central Sun which is Master of all Creation. Let It sing through your Hearts, and if distress seems to come, turn your backs upon that which would limit or disturb you, and sing with every fiber of your Being your Love and Adoration to the Great Music of the Spheres.

Even the scientific world has to some degree contacted the Sound of the Light from the various Planets of the System, but they have not heard all of that in combined action, but that must come to Earth for mankind must go forward out of the shadows of their own destruction. May I say this "I AM" Music of the Spheres from Our Octave is the Gift of Love Supreme, and where that Flame passes hate forever dies. Then the Cosmic Christ Love from Our Octave becomes the Law in your world; and since the Earth is passing through its initiation, it must enter into the Law of Light and Love and the Music of the Spheres. This is One of the most Magnificent Powers of Life, but very little used. If mankind understood the Power within It nothing could stand before you as you demanded Its Presence in and around you to produce the conditions of Eternal Perfection by which you may assist your fellow man to be free.

So, to the Glory of Its Heart, the Power of Its Love and the Freedom of Its Eternal Light do I call you and clothe you this hour. I want you to feel the Visible, Tangible Reality of This which We offer, and then soon will there come to you the Assistance of the Angels of Music and the Music Devas, and in the Beauty which They send forth on that Music will there come the delight of Eternity. Oh, it is such Joy, My Dear Ones, to send forth the Wave of Love that is the Luminous Presence and Sound that is Exquisite; and as the Hand passes the Flame through a body be able to see it made whole. That Power is in the

Universe and the Music of the Spheres is one of Its most Magnificent Manifestations.

Come and let Us help you lift mankind away from the shadows which continually cause them distress. What do you think would be the effect upon a group of people if suddenly the atmosphere about them were attuned to let this Power, say with the Power of an hundred organs, sound into the air around them, at least through their bodies and anchor Its Flame to become an Eternal part of their Life Stream; and then clothed in Its Power go forth and through Its Love and Harmony assist others to be free from distress? The greatest happiness of Creation will come to you through This Music, because of the Mighty Work the Blessed Saint Germain did through the Music in the Middle Ages, which He brought to Austria, France, Italy and England. He gave much of that Music. None will ever know until his Ascension His Ability, what He prevented and what He gave.

So you are at a similar point. There is much to do in the outer world, but who will tell Me what will be prevented if you make that Call and let Legions of that Music come to assist you in your service to your Nation and your fellow man.

Those of you who want Happiness and Freedom from limitation, come with Me tonight and let Me show you what Our Music and the Cosmic Christ Fire of that Music can do for you in one twenty-four hours. May you receive everything which will lift you to Freedom, and as you understand the Power within This by Its Use, will you forever go forward in the Joy of Victorious Accomplishment never to know failure again!

May you enter with Us tonight into this Victory Supreme that the World is waiting to receive, and through this "I AM" Miracle Music of the Spheres blaze that which awakens mankind to those Blessings of Life which must come into the physical octave. Century after century has

mankind built civilization upon civilization, and all has disintegrated because of hate, but when you begin to use the Power in Cosmic Christ Fire of this "I AM" Miracle Music of the Spheres will you build That which is Eternal, and every step of the way will be a Joy which none can ever take from you!

May you enter in tonight to the Victory and the Mastery of Its Eternal Freedom, then your pathway ahead in whatever you desire to accomplish will contain only Harmony and Limitless Abundance. This is the Wide Open Door by which everything in the Universe will come to bless you and offer its service to you, because it knows that in contacting this Music of Eternal Harmony will it be blessed with Happiness. Then, you will not need to ask, all will come to serve you, because your Love provides the harmony that forever sets free.

I trust tonight you have received the Peace and Quiet of Its Presence as you enter into the use of Its Power, mark you, Power that you can never understand until you use It! Then will you feel Its Reality! Then will you use those Greater Powers of your own Life Stream to do here that which can only be done when Harmony is maintained permanently around you and let those Powers flow through and accomplish your Victory. Then will the destructive forces of the outer world dissolve as mist before the morning sun, and you clothed in a Sun of this Cosmic Christ Harmony and Cosmic Christ Fire of this Music, go forward in the Greatest Joy you have ever known.

To the Glory of Its Heart do I commend you and every Heart's Flame will sing to you its Gratitude as you pass by. May you become that Blessing to the World, and the Angelic Host of the Music of the Spheres ever attend you and bring you That which only Music can give.

Tonight may the Fullness of Its Cosmic Victory clothe you in Its Dazzling Presence and set you Free to accomplish everything your Nation needs, and through your Nation

let that Light enfold the World. May all the Glory of Our Octave come quickly to bless you with that Song of Life, whose Manifestation of Light forever is the Law of Perfection.

Thank you for your presence here, and I shall ever await your Call, and those of the Angelic Host Who come under My Direction will ever be ready to assist you in every way whenever you Call! You have been told to call and We will answer, and I stand ready to fulfill that to every particle of Life, and through This Music produce Happiness and Perfection which cannot come in any other way. May My Legions of the Angelic Host ever attend you and keep from you all that is not Eternal Joy!

Thank you with all My Love tonight, and may It sing to you Melodies you have never heard and which will forever remain with you! I bid you adieu, but not good-bye.

REMINDER!

BELOVED VICTORY – CD 1378

“If the spoken word does not handle a situation, don’t waste time nor energy trying to force it to dominate someone else. Be silent and let the Sacred Fire Love and Purity of My Power of Victory of the Great Great Silence move into the physical conditions, consume all hate and clear the way!

“If you will keep your attention on your ‘Mighty I AM Presence’ and the Ascended Masters’ Activities of the Sacred Fire before you try to do anything in the physical world, you won’t get caught in the whirlwind of the human feelings and problems and conditions of destruction in the physical world; and the Sacred Fire is the only thing that is Master over mankind’s destruction in the physical world!”

(PLEASE PLAY AND STUDY THIS DISCOURSE.)
