

BELOVED MARY'S DISCOURSE

CHICAGO, ILLINOIS

APRIL 1, 1945

EASTER SUNDAY – AFTERNOON

BELOVED, BELOVED, BELOVED OF THE LIGHT! Precious Ones who have turned your Hearts' Call to Me, in the Fragrance of the Cosmic Love which "I AM," I come to bring a Radiance, a Substance and a Flame from My Great Temple of Light to enfold you and to clothe you with Power to assist others to your Hearts' content. Beloved Ones, who are calling so sincerely for the Greater Powers and Manifestations of the Greater Perfection of the Universe, We stand waiting your Calls, and there is not one that We will not answer under the Action of the Cosmic Law.

In the Electronic Belt around the Physical Sun wherein are Our Own Individual Temples of Light and Healing and Power; wherein are located those Mighty Focuses of the Directing Intelligence from the Great Central Sun which holds this System of Planets in Its Divine Order and Activity, there is drawn within that Electronic Belt the Mighty, Mighty Temples of every Activity which the Greater Powers of Life send forth to assist all upon the Earth to their Freedom and their Perfection in the Fulfillment of the Divine Plan.

I wish you to know something of Our Homes and Temples of Light in that Electronic Belt. They are made of Etheric Substance which is Self-Luminous and Imperishable — the Eternal Divine Pattern of that Almighty Perfection of the Divine Plan Fulfilled, and ever drawing Greater Power for the Release of all upon Earth from that which has been of the shadows for so long.

Oh, Beloved Ones, how We long to lift mankind completely and quickly out of this substance of discord and destruction, for within that Electronic Belt there exists — Oh My — such Magnificence; such Power as mankind has never dreamed was in the Universe anywhere. Now to you to whom is coming the Explanation of that Electronic Belt, I wish to say that at any

moment when you turn your attention to Us and give Recognition to the Temples of Light and Music, and so forth, which are in that Octave, you can as truly draw forth into this physical octave, into your own bodies and minds the Mighty Vibratory Action of the Energy which is There and the Mighty Powers and Manifestations of Light and all the Qualities of Perfection. You can draw That as surely as you draw breath through your bodies this hour.

Those Mighty Activities of Life's Blessing and Perfection of the Great Joy and Beauty of the Divine Plan Fulfilled are pouring constantly to all the Planets of this System the Greater Cosmic Activities which are focused There. The individual who understands This Law and will through conscious attention send the feeling to those Mighty Activities of Life's Greater Power, can have the Release into your own use of many Things which mankind on this Planet has never drawn forth before. That is what leads Me now to the Explanation of some of the Cosmic Activities which are coming for the cleansing of the World, and the restoration of mankind to that consciousness which refuses longer to use anything that Life provides to cause limitation and distress to those in this World.

The mass attention of mankind will, before a very great while, be forced to look up to That which is Greater than this World. There are certain Manifestations coming which the human intellect of man will never explain without the Conscious Illumination of the Ascended Masters. Therefore, whatever is required to shatter the connection between mankind's attention on destructive activities, release it to go to the Octaves of Light and see There the Future Plan of America and the World, will come into outer Manifestation.

There come always at the close of a Cycle two things: the destructive forces, built to a vortex of explosion, always are held within certain bounds; and an Increasing Release of Light and the Power of the Sacred Fire are brought forth to keep that increasing vortex from shattering everything on the Earth.

Now remember this, as One Who is in charge under the Mighty Helios and the Great Beings from the Great Central Sun

of the Healing Activities of the World, part of My Responsibility and that of the Beloved Nada, Meta and Quan Yin is to so govern the substance of both mankind's bodies and the physical Earth itself, that the substance can be purified and the Beings of the Elements released more quickly from the impurity imposed upon them by mankind. We, Who represent the feminine activity of Life, have the Responsibility of purifying whatever substance has been wrongly qualified. It is not an easy Task, after mankind for centuries has generated conditions of frightful destruction, to take the substance of the Inner bodies of mankind — and by that I mean the mental, emotional and etheric bodies of the mass of mankind — and begin their Purification to the point where the entire raising of all mankind will permit the greater Release of some of these Cosmic Powers, to more quickly hold the attention of the mass of the people upon the "Mighty I AM Presence" and the Great Divine Beings, Who have guarded them so long in their wayward journey through this World. To Us the thing which is so paramount and would be discouraging, if We could be discouraged, is the great length of time mankind has taken to continue to qualify discordantly that which never had discord within it originally.

Another part of My Responsibility to Life and My Great Privilege of Service is the Cleansing of the substance in the atmosphere of Earth, like the Service performed by the Beloved Astrea. Since the substance in the atmosphere of Earth, which has been called psychic substance, is that which is released through the emotional bodies of mankind, then you must see that since that governs the feeling world, then to purify the feeling world is the only thing which will bring the mass of the energy of each Life Stream unto the point where it is Pure enough to be raised into the next more Powerful Activity of Life's Divine Plan.

Oh My! Oh My! the crimes which have been committed against the Cosmic Law of Cosmic Love by the hate in mankind's feelings; and I plead with you who serve the Light, who want to serve the Light, who have been taught to call to your "Presence," Oh Beloved Ones, send forth no more of any

feeling against the Great Cosmic Law of Cosmic Love! If you knew, My Blessed Ones, if you knew what Power could be yours by shutting off completely all opinions, all release of any energy that was not qualified with the Great Luminous Presence of the Cosmic Flame of Cosmic Love Eternal; if you knew a fraction of what that would release through you and to you, you would never again on this Earth ever send forth anything but the Healing Flame of Cosmic Love's Protection and Perfection. You could not, once you see it from Our Standpoint. There is not anybody or anything on the Earth, which could tempt you to send forth one wave of anything except that Magic Power of Pure Love from the Great Central Sun that is the Authority of all Manifestation — the Authority which can restore physical bodies to the Beauty and Youth of sixteen summers; which can take a dismembered body and make it whole once again as it was originally created; can take a physical body and illumine it, bring it to the point of Purification, where the Great Powers of the Octave Above can flow through that body to bless the World.

Oh, My Loved Ones, once you taste of that Power which comes only from the constant increasing Momentum of that Cosmic Flame of Cosmic Love Eternal, there is not any set of circumstances of all mankind on Earth put together could ever persuade you to ever again release anything into the atmosphere around you, or against individuals, which was not the Release of that Greater Power of your Life Stream to compel Perfection to possess all.

How do you suppose dismembered limbs are restored to a body by an Ascended Master? For instance, we will take a hand or an arm, or you could take an eye. What do you suppose is the Action of the Substance and the Energy which is drawn forth to restore a body to Perfection? You would have to be the Authority of that Cosmic Flame of Cosmic Love Eternal from the Great Central Sun in your own feeling world, in order to be the Magnet which drew into the outer atomic structure the Points of Light, or the Universal Light Substance in the atmosphere about you, and let that gather upon the Etheric

Pattern of the individual's original form of the physical body. If you were to command the Electronic Force or Substance of Light in the atmosphere to condense and become atomic flesh upon a body, you could not do that except by the Authority of the Cosmic Flame of Cosmic Love Eternal.

Therefore, the Law of all Manifestation is the Law of Cosmic Love. Now this has nothing whatsoever to do with personal attachment. Please do not misunderstand this. When "I AM" speaking of the Cosmic Flame of Cosmic Love Divine, Eternal and All-Commanding, "I AM" speaking of the Individualized Focus of the Sacred Fire of the Unfed Flame from the Great Central Sun and the Seven Fold Flame of the Seven Mighty Elohim which, when focused into the Electronic Light Substance in the atmosphere, becomes the Condensing Action of Life to compel that Substance into the atomic structure of a physical body. This means, the attention, held upon the "Mighty I AM Presence" – knowing and feeling It to be the Only Authority and the Only Presence acting – pours such Intense Love and Stillness to that "Presence" while It is drawing the Light Ray which condenses the substance into the Perfection of the form, that the individual, who is either clothed in that Power or draws It forth from his or her "Mighty I AM Presence," would be held within that Cosmic Flame of Cosmic Love Divine, while all the Substance which passed through that Flame into the Form that is being built would be perfectly steady and insulated, as it were, by that Cosmic Flame of Cosmic Love Supreme.

You have heard words, Precious Ones. You have heard many words and phrases explaining to you that Divine Love is the Hub of the Universe and there is no obstruction to Pure Divine Love anywhere in creation. Mankind throughout the centuries has been told this Law, but until the individual purifies the feeling and holds the attention upon the "Mighty I AM Presence," understanding that all Authority over all human creation is the Authority of that which is wholly Divine – until you understand this, the worded Explanation of what Divine Love is only reaches partially through your consciousness.

In order to comprehend and use the Power which is within the Cosmic Flame of Cosmic Love, there must come within you the Complete Decision in your own feeling world to give Recognition and Authority only to that which is Supreme throughout Creation. When in your feeling world you can hold the Harmony, and with that Intense Love, Stillness and Devotion feel the Authority within that Flame pour Its Blessings to the Electronic Substance which you are calling forth to produce the Healing – when you feel the Authority within that Flame, will you know It is Its Supreme Intelligence. It is the Owner of Creation. You will know That is your “Mighty I AM Presence,” the “I AM Presence” of the individual needing the Healing, requiring it; and the “Mighty I AM Presence” of your Physical Sun and the Great Central Sun; and the “Mighty I AM Presence” which abides everywhere.

Now the first thing that should be done when people are ill, is to cleanse the body, isn't it? Bring them where they can be quiet, and cleanliness provided. Well, there is no difference between caring for an individual's physical body in that way and the nations of the World. If a body is to be healed, it must be purified first. “I AM” tremendously dynamic today, because when it comes to the Healing of conditions which have been produced through this frightful holocaust of war, the Power We need to release in the atmosphere of Earth is an Action of the Fire Element – a sudden flash through the substance of That which starts the Consuming of the impurities imposed upon it.

There is always, Precious Ones, in the Activity of Healing from the Ascended Masters' Octave, first of all the Great Release of the Flash of Flame which goes over and around a condition to insulate it against or to cut away its connection with other streams of energy qualified with the same discord. After it has been cut away, so to speak, then We go to work on the substance within it; and it is but a matter of continued Use of the Fire Element, until all impurities have been consumed, and the Light Substance allowed to expand the Fullness of Its Radiance through the flesh body.

Now there are many, Beloved Ones, whom We would love

to heal; but if there are rebellion and condemnation within the individual's own feeling world, which sets up too much of a barrier, the Cosmic Law, except at the close of a Cycle, does not permit transcendent Manifestations until mankind's doubt and fear have gone down to a large degree; and the hate has been consumed by the Blue Lightning of Cosmic Purity.

I would ask you, Beloved Ones, to forget not in your daily activities or as often as you can, as you move among the rest of mankind, to CALL INTO ACTION GREAT COSMIC PILLARS OF BLUE LIGHTNING OF COSMIC PURITY, WITH THE DIRECT COMMAND THAT IT CONSUME ALL HATE WITHIN A CERTAIN RADIUS! Just as if you went here and there and planted those Gigantic Pillars of the Blue Lightning of Cosmic Purity like an Intelligent Being, Whom you would ask to remain there as a Sentinel and stand Guard and keep out all that was not the Purity for which you called.

Now there are two Actions of That. You can command It to be established and repel all that is not Its Own Purity; and you can also ask that those Cosmic Pillars of Cosmic Blue Flame and Cosmic Blue Lightning of Cosmic Purity act like a Magnet to draw for a certain radius all substance into Themselves, which must be returned to the Universal to become Pure and be used over again. Those act almost like a suction, to keep drawing off from mankind certain substances in the atmosphere of Earth. The places Those are needed most are in the hospitals, in the army camps, in your schools and in all political activities. Every court of law in every nation of the Earth should be sealed within a Cosmic Pillar of Blue Flame and Blue Lightning of Cosmic Purity, with the command that It draw within Itself everything there which is not God's Divine Justice to man. Then destructive forces, attempting to use those channels, would find the tools which they hoped to use to expand their destruction would have been consumed before they got that far.

The same thing is true in your medical profession. Oh, My Dear Ones, CALL FORTH THOSE GREAT PILLARS OF COSMIC BLUE FLAME AND COSMIC BLUE LIGHTNING OF COSMIC PURITY IN AND AROUND EVERY DOCTOR AND

NURSE ON THE PLANET, AND WITHIN AND AROUND EVERY HOSPITAL AND INSANE ASYLUM! Life has infinite Ways, My Loved Ones, of healing all distress. Life has devious Ways of bringing into outer Manifestation that which mankind knows nothing about. There are many of these Activities, that if you call to the various Ones you know, TO ESTABLISH THOSE PILLARS OF FLAME AND BLUE LIGHTNING OF COSMIC PURITY THERE; AND CALL YOUR BELOVED SAINT GERMAIN TO ESTABLISH THE SPINNING VIOLET CONSUMING FLAME THERE; and if it is a vicious condition, SO ESTABLISH IT FOR ETERNITY, It will surge until everything which comes near It becomes purified.

Oh, My Precious Ones, We are so grateful for your Calls, but now there is so much needed in the rest of mankind. For your Encouragement and your Illumination, may I point out something which you have not been reminded of recently; and that is, whatever you call forth, whether it be the Cosmic Pillars of Blue Flame and Blue Lightning, the Cosmic Purity, or whether it be your Activities of the Violet Flame or the Cosmic Flame of Peace or Love, whatever you are calling forth, may I remind you, that whenever you call forth these Activities of the Greater Manifestations of the Cosmic Powers of the Universe, you never fail to COMMAND THEY COMPEL COMPLETE ASCENDED MASTER ILLUMINATION OF THE MINDS OF MANKIND! Because the Ascended Master Consciousness of Light from the Ascended Masters' Octave is the ONLY THING which will consume human concepts!

The Ascended Masters' Love is the only thing which can consume mankind's hate. Therefore, mankind en masse must come to the Recognition of the Reality of that "Mighty I AM Presence," the Ascended Host and the Angelic Host, or they can never be taken out of the conditions they are in today. So long as the human creation about them keeps dividing the authority of that which is Greater than itself, then it will remain in the darkness or the individual will, until that one takes the stand with the Greater Manifestations of the Universe and compels the lesser to be consumed.

Oh, My Dear Ones, you can have such Joy! Oh, you have never realized what Real Happiness is. Yet, compared to the experience which will be yours when through your Music the Momentum builds to a certain point, the Power within that Temple and whole locality will be so great, that anyone stepping within Its Vibratory Action, which has been held there year after year after year, constantly intensified and expanded – as the outer self enters into that Vibratory Action, through the Music, will the discord drop away like an old garment; and mankind, awakening from the sleep of the senses, will face the Glory of the “Presence” and feel the Limitless Powers which Life so lovingly bestows.

Oh, Beloved Ones, We long so to take the entire younger generation from the time they are able to talk, and turn their attention to their “Beloved Mighty I AM Presence” and the Ascended Masters, setting the habits which are their Mastery and Freedom by the time they are fourteen years old. If this is not a Blessing to the mankind of this Earth, after the centuries of degradation and destruction, I do not know what could be. That magnificent younger generation with the brain structure clear and clean, to begin with, their not having the animal food and the things they should not have to keep the brain structure free from everything which would cast a shadow upon it, teaching those individuals obedience and self-control from babyhood, teaching them to call only to that “Mighty I AM Presence” and the Ascended Host to fulfill every requirement, My Loved Ones, in one generation We could bring forth an entire nation of Masters!

Many of the magnificent Life Streams which are coming into your America at this time, have the full capacity to become That with your assistance – with this Understanding of the “I AM” and the “I AM” Music of the Spheres! Oh, My Beloved Ones, call It the “I AM” Miracle Music of the Spheres! This Music will produce more Miracles than mankind knows are in the Universe, as you bring more and more of Its Momentum in Its use into the physical atmosphere of Earth. Then everybody and everything which hears that Sound will be lifted

by Its Beauty; and the Cosmic Flame of Cosmic Love Eternal, charging through It the Cosmic Authority of Creation, can make It the Redemption of the World! Is that not better than the struggling method of mankind, past and present?

Oh, Beloved Ones, if mankind only knew their “Beloved Mighty I AM Presence”; and in training those children from babyhood to remind each one that the “Presence” always saw everything and heard everything which was done, they would not grow up under the illusion that they could do things in secret, because they would know there was no secrecy. Mankind has gone on in their chains because they believed, the human did, they could use the Powers of Life as they chose and not have to answer for their misuse, and that the human could concoct in secret anything it chose to place its attention upon, and bring forth something that would endanger many. True, the destruction has come. True, the injury has gone on; but they have been observed; and you will find about the time they think they have brought forth that which will rule all, they will come face to face with That which has been watching them, and they will not be able to escape the All-Seeing-Eye — their own Life.

Mankind who thinks they can do things in secret forgets there is the Power of Sight in the feelings of all; and everyone in this Universe feels; and within everyone’s feeling is sight. So when people think they do things in secret, they forget that if it is in their own feeling world, everyone else’s feeling world can feel it and see it also. That is why there is the hypnotic control of the mass of mankind by the sinister force, because they do not understand that they can do nothing in secret. What people feel is visible to both the Ascended Masters’ Octave of Light and the feelings of each other. It would be well if mankind understood this. It is your most powerful Protection; and as you the “I AM” Students remember that frequently, what is in your feeling world is seen by Us and felt by all, you will know there is no secrecy to the All-Seeing-Eye of Life.

Now then, the Power within the feeling world of every individual to see through the feelings which are in the atmosphere around you — I do not mean the psychic sight. Now

please do not get yourselves confused. I say, within feeling is seeing, because you often go along the street and you feel someone coming behind you before you see them. You often sense it in the feeling before you turn your head and look with the eyes. Now then, since Life, your Life has within It the Power to feel so intensely either here or at a distance, that very Faculty within you, My Dear Ones, is your Ability to reach into Our Octave and feel Our Love, feel Our Healing Power, feel Our Authority and Directing Intelligence, feel Our Loving Obedience. You can just as well live in Our Feeling of that Cosmic Flame of Cosmic Love Eternal, as you can in each other's feeling, when you contact the outer world.

How many of you, going downtown on a shopping expedition – I shall call it that, because it is to some of you – and you investigate, you explore and you draw into yourselves in two or three hours the feelings of those among whom you have moved, and two or three hours later you are so tired. Well, what happened? You drew into yourselves whatever you had your attention upon. You drew into yourselves the feeling of others, the same as if you will turn your attention to Us, you will draw into yourselves Our Feeling. May I remind you when your own feelings are not comfortable, won't you try Ours? (*Applause, audience rising*)

Thank you, My Loved Ones! I shall accept That and qualify It with the Cosmic Healing Flame of Cosmic Love Divine, and may We intensify and expand It until It is felt by all who need healing individually or the Nation.

We can, Beloved Ones, draw from Our Temples of Light such intense Action of the Fire Element at your Command to go forth and be such a Pressure upon discordant feelings of mankind, that We can burn away that which is enslaving the energy of Life. Thank you, won't you be seated, please?

Whenever your problems weigh heavily upon you, remember Us! We are awaiting every Call which you care to send to Us, and there are Legions untold Who direct the Activities of the Sacred Fire, drawing It forth from Our Great Temples of Light and the Fire Element, where It can be sent

into any condition of the physical world and produce for you there That which will bless you and the Universe and fulfill the Divine Plan.

Now then, may I show you a short cut, so to speak, which I think you will all enjoy? Instead of feeling so much responsibility about the exact way and means of doing every little detail of something you are trying to bring forth — “I AM” not speaking of inventions or people constructing machinery — but “I AM” speaking of the management of many people’s condition in a city, locality or nation. Instead of feeling you have to put every person in his or her own right place by your own personal contact, there is a magnificent way Life has provided. When you call forth the Cosmic Flame of Cosmic Love Divine in Its Great Cosmic Authority and Expanding Power into a condition to produce Perfection for you, never fail to say: “BLAZE AND FLOOD YOUR COSMIC FLAME OF COSMIC LOVE HERE, AND FULFILL YOUR DIVINE PLAN, YOUR WAY.” Then, await the Direction. Then if you have something to do with that which physically you should do, the way will be cleared and what you do will be happy and harmonious. It will be just the perfect thing; and if perchance you are not the one to do it, even though sometimes you think you are, it would give an open Door to the “Presence” to bring the right person into the situation to fulfill that Divine Plan.

Now everyone is necessary in the Fulfillment of the Great Cosmic Divine Plan of the Planet, but no one under the Action of the Law of Life is ever supposed to do that which another Life Stream has accepted as Its Responsibility. This is where We come into an Inner Action of the Cosmic Law which is very important to you all at this time. May I remind you, Precious Ones, of something this hour? Do you know when you, an Individualized Flame of Life from the Great Central Sun standing under the Cosmic Action of the Great Universal Law of Manifestation — do you know that you come from the Great Central Sun alone; and no matter whom you contact in the physical association, when you leave the body you must leave alone? When you enter into that Glorious “Presence” at the

moment of your Ascension, you must enter that Flame alone! Not even your Twin Ray can go there for you. That One can pour the Great Cosmic Flame and Harmony which enable you to have certain Protection and keep the Harmony Uninterrupted until the Work of completing the Purification of the Life Stream is finished, but no one completes the journey through this world except he go alone with the Father!

So My Dear Ones, the day you love your "Presence" and make a Companion of It, the nearer you feel It, the more you adore It, the closer you get to Its Wisdom and Its Great Divine Plan, the more will you not feel alone. There can be no loneliness in the Higher Mental Body nor that Electronic Presence. What is it that feels lonely? Now follow Me closely, because it is your human outer personal self, because that self knows and knows forever there must come the day when it must let go of that which belongs to God. Every Life Stream knows that.

So if you are craving someone's companionship, if you are craving the amusement of the physical senses of this world, remember My Loved Ones, if the temporary happiness and association begins in this world, then it ends in this world, because you came from the Great Central Sun. One day you must go into the Electronic Belt around the Physical Sun as a Magnificent Being of the Sacred Fire, Whose Temple of Life holds within It every Action of the Great Cosmic Blessings and Activities of Creation from the Great Central Sun.

Never allow yourself to feel lonesome about anybody or anything. If you are going to hang on to each other's neck, there is going to be a day when that neck will be missing. Oh, My Loved Ones, body consciousness is the only chain you have, and whether it is a matter of your own body or someone else's, in any event you are the Flame, and there is only a little tiny part of that in your Heart. If you let It expand until It envelops the body and raises it to Perfection, then you arise into the Higher Mental Body and the Electronic Presence at the moment of your Ascension — Beautiful, Magnificent, All-Powerful and Free — a happy Being who can go anywhere in Creation; draw

forth Love without limit from the Great Central Sun; dissolve and consume all that causes distress to others; and build as Life intends you to build the Magnificent Beauty and Manifestations, until one day you become a Director of a System of Worlds; but you will never get there feeling lonesome!

I do not know why anyone in this world should feel lonesome when above you, sometimes not any higher above you than your arms can reach, abides your Magnificent, Beautiful “Presence,” loving you from the beginning of your individualization through the aeons of time until the moment of your Ascension, never once withholding Its Love from you; never once refusing you anything you wanted to draw into outer Manifestation; never once reprimanding; never once criticizing or condemning; forgiving everything; ready to wipe out of existence all your discord and mistakes; just waiting your pleasure to return — and then you should feel lonesome down here? What do you think about the “Presence” through the centuries? If anyone should be lonesome, it should be that “Presence”; but It is not; and you will be There when you love It enough.

Oh My Dear Ones, please CALL FOR THE VEIL TO BE CONSUMED BETWEEN, because then, in the moment when you might need Encouragement, more Strength, more Light or more Love, that “Presence” will part Its Veil of Glory and you beholding will know the Happiness which never leaves you again. Once you see your “Presence” even for the fraction of a second, you will never feel lonesome again. I want that Experience for all of you! I want you to see how Beautiful and Magnificent and Glorious is your Higher Mental Body and the Electronic Presence which is the Real YOU!

That is YOU, the Being of Light and of the Sacred Fire, and this which gets lonesome down here is just a craving for this and that and the other thing. It has just about experimented with everything which was ever on this Earth all through the centuries. After you have been here two and one-half million years, you have had a long time to try out most everything, which most of you have done, else you would not have stayed so long to investigate. Now you have tried out every physical

sensation which the body contains, or the outer world can either give or impose upon you or you have imposed on yourself.

You have fought with each other down the centuries, and I would not like to remind you of how many times you have been in the armies of the World. I would not want to remind you how many times you have slain tyrants, enemies and relatives. Oh, Precious Ones; Oh, My Precious Ones, you have done this thing a long time. Now the Gates of Eternal Freedom stand open before you. The Pathway of Flame is that Cosmic Flame of Cosmic Love from the Great Central Sun, that Love Divine for Eternity, which gives all, dissolves all that is of distress; and raises all into Its Great Cosmic Manifestation of Glory and Perfection.

You sit in this room this hour as insulated from the rest of the vibratory action of the feeling world of mankind as if you were on the Planet Venus. What is it which has drawn into these rooms these conditions you enjoy, and which brings you the Encouragement, the Upliftment, the Victory in the outer world's activities? It was because you placed your attention on the Giver of all Good — your own "Mighty I AM Presence" first; then you called to Us. Whatever you ask of Us We are ready to release to you, when the Cosmic Law knows you will use It to fulfill only the Divine Plan.

We love you so greatly, but I say to you, the Uninterrupted Harmony which you require and for which you are calling, is contained in constantly calling to the "Presence" in the slightest detail of your daily Life. "OH, 'BELOVED I AM PRESENCE,' FULFILL YOUR DIVINE PLAN HERE; FULFILL YOUR DIVINE PLAN! 'I AM' YOUR DIVINE PLAN FULFILLED! 'I AM' THE COSMIC FLAME OF COSMIC LOVE THAT BLESSES AND FREES ALL!" Oh, I ask you for the coming week to just KEEP ACKNOWLEDGING THE FULFILLMENT OF THE DIVINE PLAN! Hold your feelings calm as a lake; lift your attention unto the Heights, and with all your Being CALL TO YOUR "PRESENCE" AND THE ASCENDED ONES TO FULFILL THE DIVINE PLAN THROUGH YOU EVERY INSTANT OF YOUR WAKING CONSCIOUSNESS! Every instant when the

body is not sleeping, DEMAND AND INSIST ON THE FULFILLMENT OF THE DIVINE PLAN EVERYWHERE YOU MOVE IN THE UNIVERSE. Then CALL TO THE "MIGHTY I AM PRESENCE" AND HIGHER MENTAL BODIES OF OTHERS TO GIVE YOU THE ASSISTANCE TO FULFILL THE DIVINE PLAN THROUGH OTHER HUMAN BEINGS AS WELL AS YOURSELVES! INSIST ON THAT DIVINE PLAN BEING FULFILLED BY THE COSMIC FLAME OF COSMIC LOVE DIVINE FOR ETERNITY, and you shall know one Mighty Miracle of Perfection after another! They will come so fast, you will wonder why you dwelt so long in the shadows, when Above you was that Focus of Life from which any moment you could have all that was required to correct the condition in or around yourselves.

May I remind you again, My Loved Ones, there is not anything required in this whole World, except enough of that Cosmic Flame of Cosmic Love Divine for Eternity. It is the Fire Element which can transmute everything into Its Own Glory, Beauty and Perfection. You cannot fulfill the Divine Plan without It. You cannot have Youth and Beauty without It. You cannot have the Powers of Mastery without It. It is the Fundamental Structure of the Universe; and It is the Magic Wand, My Dear Ones, of Miraculous Healing, whether It comes forth through the Light Rays, or whether It comes forth through the Music. That Cosmic Action of the Fire Element is the Law of Life, and you may have all of that Flame you desire. You may direct It where you will. You may call to your "Presence" or the Ascended Host to charge Great Oceans, or a River, or a Mighty Constant Outpouring of the Cosmic Flame of Cosmic Love Eternal to compel Perfection wherever you direct It, and sustain and expand the Fulfillment of the Divine Plan to the Glory of all and the Happiness which Life intends.

If the senses riot within you and want entertainment here, sensation there; then you want to change it as fast as you can until you have no Peace, and nobody who associates with you has any either. Oh, My Loved Ones, We watch this thing through the centuries. Then, when the results of that constant

whirlwind of sensation come back and demand payment in the body, then We hear the Call to Us. Then they remember Our Octave. We Who have gone the Pathway before them, We Who are the Authority over Greater Power of the Fire Element than they can wield, hear those Calls and We answer them, every one.

I have never refused to pour back the Flame of Love from My Heart to everyone who has even remembered Me, neither has the Beloved Jesus, nor has any Ascended Master. There is only one thing this entire world needs this hour to bring Illumination, to bring Peace, to bring Health, Protection and Purity. The Cosmic Flame of Cosmic Love Divine for Eternity given the Authority in the physical world, will move into outer action Miracles and Manifestations, which will compel Divine Order to come out of chaos, and Purity to go where It is not at the present time.

Oh, My Loved Ones, I wonder if you know what it means to Us to watch a nation of people that four years ago had very few cripples compared to your population, loaded with four, five and six million people crippled. Oh, My Loved Ones, My Loved Ones, do you know what that means to a Nation? Oh, the pity of it! Mankind is so ignorant in their frightful misuse of Life's Energy! I wonder if you know the Calls which come to Us from those in that condition? I wonder if you can imagine what comes to Us in the Calls of agony from the Hearts of blessed human beings? Oh, My Dear Ones, please become the Cosmic Flame of Cosmic Love Divine, Eternal, All-Encompassing, Victorious and Almighty; and pour It forth until those Miraculous Powers from the "Presence" surge in Cosmic Activity, sweep through your Nation and release it from this frightful thing forever.

Mankind is going out of the body just from the substance of fear and hate, and coming again and again and again, and not even knowing what to do to get out of it. Oh, Beloved Ones, mankind needs Beloved Saint Germain's Explanation of This "I AM" Activity, those Great Words "I AM" and that Magnificent "Presence" more than they need food; more than they need air to breathe; more than they need water to drink.

Mankind needs the Recognition and Acceptance and Explanation of that Magnificent "Presence," until they have accepted Its Divine Authority and felt Its Manifesting Power to produce the Fulfillment of their Calls unto the Illumination which sets them Free.

You will need, My Loved Ones, all the "I AM" Music Temples which you can bring forth; and We will not let one go unprotected or unused if They are brought forth in that Devotion to fulfill the Divine Plan, and give There the Decrees which go forth on the Music, enfolding mankind and surging into the places of war and releasing the Blessings which only the Music can give.

Music is the Miraculous Power of Creation if mankind but understood It. Where one vibration is held so long and the Momentum is built; then that which is lesser steps into It, is raised into Its Perfection, and it is the Harmonious Way to undo mankind's mistakes. When you hear the Music, Precious Ones, of this "I AM" Activity, fail not to keep surging forth Great Oceans of the Cosmic Flame of Cosmic Love Divine, Eternal, Victorious, as the only Authority throughout the World, and compel hatred to be consumed in that Flame which is forever its master.

Love Divine, Cosmic and Eternal is always the Master Power! Feel It, My Loved Ones! BE Its Majesty and Power! Send forth this Cosmic Healing Flame and BE the Magnificent Miracles of the "I AM" Music of the Spheres. Cleanse the Earth by your Calls with the Cosmic Violet Consuming Flame, the Cosmic Pillars of Blue Flame, the Blue Lightning of Cosmic Purity; and occupy every waking moment with the Fulfillment of the Divine Plan, and have the enjoyment of Obedience to the Great Cosmic Presence of Life. Lift your Heart and lift your attention! Command your feelings sealed for Eternity within that Cosmic Flame of Cosmic Love Divine, and let It show you Its Blessings and Its Powers. Its Majesty, Its Perfection and Its Beauty are enough to lift the Planet in a short time, if mankind's attention were turned There with Understanding and Conscious Call for Its Authority to take Dominion in the physical world.

Others of mankind do not know how, so upon you do We depend! Therefore, to you I come to bring this Illumination today, and to anchor around you My Own Gift of My Love from My Temple of Light, to make you feel, as soon as possible, the Magic Power of that Cosmic Flame of Cosmic Love Divine. I want you to feel It and let It be the Authority around you, which lifts you unto the Heights; keeps you Invincible in the midst of outer world activities, and holds Uninterrupted Harmony within you, until the veils of human discord have been taken from your brains, and you gaze upon your "Presence" face to face. Then My Service to you in the unascended state will have been Fulfilled; and the Angels, the Stars and the Planets will rejoice when your journey from this octave into Ours is Complete. Then will the Universe around you rejoice with you for your Freedom.

Help Us to turn other people's attention to this Glorious "Presence" and give them the assistance which helps all to their Great Cosmic Victory. May My Love this hour, together with Our Mighty Jesus, flood the Earth. Tonight comes the Love from the Elohim of Peace! May It descend in Full Power and clothe all with the Fire Element which purifies and harmonizes, illumines and raises all out of the shadows and into the Light of Beloved Saint Germain's Freedom and Cosmic Victory for Eternity.

Thank you for your Love to Us! Thank you for your Devotion to the Light! Thank you for everything you have given! Just call and let Us give you more, until all have become the Great Freedom which Life intends and We command. We stand ready always to assist you whenever you come to Us. We can give you what no unascended being can. So call to the Electronic Belt around the Physical Sun for all the Powers and Manifestations of Life's Perfection There; and draw forth Their Divine Plan Fulfilled through yourselves into the physical octave of the Earth, so you may lift it into a like Perfection. May My Healing Flame of My Temple of Light flood forth and enfold all who call this hour. May the Calls of mankind never cease, until they have seen the "Presence" and the Ascended Host and are

anchored into that Great Cosmic Connection which is the Completion of their journey.

My Love enfolds the World and clothes you in My Healing Flame. May It go through every atom of your Beings and pouring Its Blessings of the Fire Element into all which is within you, redeem it, bless it and raise it out of the contamination which has been imposed upon it by human qualities. I offer without reservation everything which Life has placed in Our Octave. You may have It at will. It is Exhaustless and All-Powerful. We abide with you and watch over you. Now may We flood Our Love through you and make you Its Fullest Manifestation to the rest of mankind, until they, seeing the Fulfillment of the Law, awaken and accept their own Freedom.

As I leave you, I ask that the Beauty which comes only from the Cosmic Flame of Cosmic Love clothe you and your worlds and all your Activities to the Complete Illumination of all mankind forever. Thank you, Our Beloved, Beloved, Beloved Ones of the Light! We love you very dearly, and We shall always hear your slightest Call.

Thank you so much!
