

## BELOVED GODDESS OF MUSIC'S DISCOURSE

SHASTA SPRINGS, CALIFORNIA

RECORD CD 508

BELOVED ONES of the Light, Beloved Ones of the Sacred Fire, Beloved Ones of My Heart, tonight in entering into the Release of the Harmonized Energy, which it is Our Privilege to concentrate into outer world conditions, We hope you will feel, coming from Our Great Realms of Life's Perfection, the Power of Purity and Love, which Our Music can bring into the physical structure of Earth, can bring into the physical bodies of mankind, as well as into the mental and feeling world. For these Great Activities of Life's Perfection are at all times a Concentration of tremendous Energy, qualified, of course, always with only that which produces Perfection.

Therefore, Beloved Ones, when the outer self is Free from obstruction, and the attention held upon That which We can give, in the stillness of the outer, We can very often, through Music bring into you Inspiration, Health, Strength and Illumination, simply by your letting go of anything that is of tension in the feeling of the outer self, and just in the great stillness and ease of that quiet, We can draw into you Blessings, Qualities, Power and Energy for the use of your outer self, that everything may more quickly be harmonized and strengthened and protected against that which is not of the Light, that which is of disturbance.

Therefore, when you are able to command stillness in the outer self, in order to receive the Blessings that We are constantly pouring wherever possible, as you learn to do this, We can increase your Power of Victorious Accomplishment in leaps and bounds, and with tremendous Blessing to you all.

Now in the stillness to which We refer, there is an alertness, an awareness of more and more Light, for the Music that comes from Our Great Octave of Life is the Release of certain Substance, as well as the Energy from Our Realm of Perfection, and as It is drawn into your outer use, It is a Focus of Light.

You have some instruments in the physical octave that are trying to reveal color produced by sound. In Our Realm of Activity, We reverse that! The Light and the Color of the Perfection that We are pouring by Our Love into mankind, releasing what they require, the Colors are the Qualities We are sending forth, and those Qualities and that Vibratory Action produce Sound. Therefore, when We draw forth Great Powers of Life's Perfection from the Great Central Sun, We draw those Qualities through Ourselves into outer action, and We direct That. The very Intensity of the Vibratory Action of the Qualities that are Harmonious will automatically produce Harmonious Sound!

Therefore, try to realize, if you will, when some of this Magnificent Music, that is to be brought into outer use for mankind's Purification and Blessing, that while there is Great Joy in It, in listening to that Sound, the real Inner Purpose of concentrating It into your outer activities at this time is to draw Our Qualities and Our Powers into your outer use, so you may harmonize the World, just as Our Qualities and Energy of Our Love, the actual Release of Our Life that produces this Music, bring Our Perfection into you.

So when Our Music is used in outer physical conditions, it is that Our Qualities may go forth and purify and illumine mankind, and awaken and expand the desire within the Heart of each individual to reach up and want That which is in Our Octave! That is how This becomes a tremendous Magnetic Power to draw mankind away from their discord and from the destructive forces of the outer world.

Now, just as you have often experienced, if you are tired, when you hear a powerful, magnificent, beautiful march with wonderful melody, and wonderful harmony, that magnificent rhythm, you cannot help but be energized. It arouses something in you that takes the Mastery over the body. Then, just as certainly as you have felt that, will these Qualities of Ours, which are carried on the Music of the Spheres and drawn into yourselves or around you to bless the rest of Life, so do those Qualities of Our Light Rays and the Colors within Them that produce Music, bring in the activities of mankind in outer world affairs Our Qualities

and Powers of Mastery, to help them overrule and dispose of, dissolve and consume that which is of evil!

Now, when this Power is concentrated with enough pressure in any one locality, It is not only a Powerful, Purifying Action, which We can send forth in certain Melodies, but It is an Awakening within the Life of individuals, who have slept a long time in the shadows of their own desires. Sometimes, when those desires almost overwhelm the outer self, We can reach Life Streams by some very unusual Music that is thrilling beyond words to describe, and which, as that Vibration plays through the individual, is absolutely Irresistible.

So, Precious Ones, the “I AM” Ascended Master Miracle Music of the Spheres is one of the Mightiest Powers in the Universe to purify Life, awaken mankind, strengthen all that is constructive and protect that which is right; because, being Harmonized Energy, that contains Our Qualities of Perfection and the Sound of that Music, that is beautiful beyond words to explain and is absolutely Invincible! It is Beauty and Power! It can be made Eternal into the Release of those Qualities that flow and pass through all Life everywhere; not only coming from Our Octave through the atmosphere of Earth into yourselves, It goes through everything, through the structure of Earth, through the Powers of Nature, through the atmosphere, through animals, through anything and everything that is of Life!

The Vibratory Action of the Light Rays that produce Music – the “I AM” Miracle Music of the Spheres – that Vibratory Action and that Energy contain what you speak of as the Frequencies of Vibration, that can penetrate anything and everything that ever was brought into manifestation. So you are beginning to understand, little by little, some of the Magnificent Powers in the Great Powerhouse of Life, which We use and direct; and which, if you accept and We pour forth That into you, you, too, will begin to use Them and become those Qualities and Powers of Mastery; and It is the Harmonious Way to live in this World or any other.

Now if you want Power without limit, if you want Perfection without limit, if you want to become Invincible against destructive forces, then I can assure you the Great Cosmic Activities of both

the Sacred Fire and the Cosmic Light Rays forever produce Music in Our Great Octave of Life.

The Sun and the Planets of the System, each produces a tone, and within that tone is like a chord. Therefore, all the Planets of the System produce chords of Sound that are all harmonized with the Power and Energy pouring forth from the Physical Sun. This forms like a tremendous Anthem of Sound; and every Sound that goes forth in this combined Action produces Beautiful Form, condenses Substance and qualifies It with those Qualities of Perfection that are Eternal in Our Octave of Life. This is how Planets and Worlds and Systems of Worlds come into Being by this Magnificent Concentration. First, from the Sacred Fire go forth the Light Rays, and the Light Rays in Their Vibratory Action through space produce Sound, and Sound condenses the Universal Light Substance into Form.

So you see, there is a Great, Magnificent, Perfect Purpose in the Existence of that Music at the Great, Inner Realms of Life, and if It exists there and creates Manifestation that is Magnificent, so can It do the same thing within the substance of your Earth, within the substance of your bodies, within the minds of the people, within the feelings, within the Powers of Nature. We can design by Music, this Magnificent Cosmic Music of the Spheres. We can design the Powers, the Manifestations of Nature and the Magnificent Things mankind is privileged to use, that have been placed here by the Great Beings Who own the System. Because it is Their Life that has been given into this substance, it is Their Qualities of Creation that have brought into Being the Magnificent Perfection of a World.

Just so, may you use this same Power, these same Qualities, the Activity of the Sacred Fire, all of which produce the "I AM" Ascended Master Miracle Music of the Spheres; and truly, that word "Miracle" belongs there! Since Miracles are God's Way of producing Perfection without interruption or distortion, then the Music that comes from the Heart of Creation designs and manifests only that which is Beautiful, Perfect and ever expanding Its Almighty Power of Creation; and everywhere It flows, as It increases in Its Almighty Power, It expands the Sacred Fire of the

Universe. It is the Natural, Ever-Expanding Perfection that forever expands the Sacred Fire from the Source of Life.

So Blessed Ones, if the people of this World could only be made to hear some of this Magnificent Music, I tell you, It would take out of all Life all animal qualities. We so much long to just sweep away all destructive vibratory action and letting this Magnificent Sound come in and take the place of that discord, reveal Its Sacred Fire, reveal Its Light and let Its Colors forever bless all with Their Qualities of Perfection.

There is so much of Beauty, there is so much Power you may have; and through the Use and Call for the Sacred Fire's Release into the physical octave of Earth, and the Light Rays, there must come with That as a Natural Result and accompaniment this Magnificent Music of the Spheres, that is Power unbelievable! Until you hear It. You cannot realize how Terrific is the Power; but once you hear It, you will feel It and then, in that Feeling, you will know it is Master of Planets and Systems of Worlds, and That you may have! (*Applause*) Thank you so much, Precious Ones!

This is the Original, Divine Way of creating Manifestation; and while It goes on in Our Realms of Activity, so much of It is crowded out by mankind's discord in this world, that otherwise could come here as easily as the atmosphere you breathe! When you remember the Phrase, "THE FIRE BREATH OF GOD," FAIL NOT TO REMEMBER THE VOICE OF THE "MIGHTY I AM PRESENCE" IS THE MUSIC OF THE SPHERES!

You have no idea what Magnificent Beauty you can produce by that Activity of the Music from Our Octave that, just as certainly as the Sound comes into your world, will there appear the Light Rays, the Qualities and the Sacred Fire, which are Co-existent with that Music. So, Blessed Ones, Oh, It can do all things! I wish I could make mankind understand how much It is needed in the physical octave, how easily It could come and what Magnificent Perfection It would produce.

So, if you will bear with Me, I will try to make This clear, from time to time, until your own comprehension of It, and your longing for It awakens in the rest of mankind the desire for It also; and as We bring more of It into your outer use, through other

Melodies that are yet to come, I tell you, you can lift evil from Life in the most Magnificent, Miraculous Way! You could transform Life Stream after Life Stream by the very Power of the Sacred Fire and the Light Rays, which this Miracle Music from Our Octave of Life, the Great Music of the Spheres, charges through! I assure you, It purifies, It illumines, It raises the Vibratory Action of the outer self, and It creates by Its very Beauty and Power of Perfection, It creates the desire in the Life that is bound by discord – It creates the desire to reach up and give Obedience, that the Freedom may come!

So you see, We have a very Definite Service to render, that is concerned with your Beloved Saint Germain's Mighty Service for the Purification of mankind in this World.

So, as time goes on, and more and more of this Magnificent Music is drawn into your outer use, My Dear Ones, your Happiness will know no bounds! You will just automatically become Its Outpouring of Encouragement and Purifying Power. It just automatically flows; and wherever It flows, Purity, Divine Order and Balance and Perfection become the Natural Existence and the Natural Manifestations of that Life that It touches!

You can remold the Universe by the "I AM" Ascended Master Miracle Music of the Spheres! You can have all the Miracles you want! You can have such Happiness as you never dreamed existed! As that Music plays through you, only as you feel It can you realize, if It does That for you, what It will do for the World, what It will do for all Life!

So you know, My Loved Ones, that Music can positively take out vicious qualities of the animal creation of this World. It takes those qualities out of the animal. The outer world can call it hypnotism or anything it likes, but the outer world has had some proof of what Music can do to calm the viciousness of an animal! But I tell you, if this "I AM" Miracle Music from Our Octave of Life, which is the Sacred Fire of Eternal Purity, sounds through the Life of this World, It will release the Life from vicious qualities!

So, Beloved Ones, It is the Great Harmony of the Law; It is the Great Presence and Happiness of a Love so Great that only as

you let It manifest everything that is within It in you and your world, can you understand what the Source of Creation is, what the Gift of Life has given to mankind, to Life, to Systems of Worlds. When you hear Uncountable Legions of the Angelic Host sing that Music, and you feel the Power of that Sound, only then will you know what abides at the Heart of Creation. Yet from that Heart there can come to you that Heart's Love in that Sound; and hate will die, shadows will be no more; and the Light that is forever expanding Perfection will give to you and to the World the Gifts that belong here and are the Manifestations of the Great Divine Plan Fulfilled.

So, if you care to give the Music, the "I AM" Ascended Master Miracle Music of the Spheres as much attention as possible, more and more will come; and you cannot send It forth with those Calls to the Greater Life of these Greater Beings without being answered, and without blessing all Life in this World! If It is continued, I assure you, the qualities that have bound mankind through the centuries and made individuals unfortunate claws of the sinister force, you will free those Blessed Ones from the domination of mankind's frightful accumulation of discord.

So, you see, there is the Great, Harmonious Way of undoing anything mankind has done wrong; and do you know, there are Sounds of such Power, that are all Harmonious and contain Terrible Focus of the Sacred Fire, that could shatter in a nation its frightful, vicious qualities! We are hoping to try an Experiment of this kind, perhaps in a small way first, and then, as the Cosmic Law permits, We hope to remove certain accumulation from certain nations, as well as individuals, by some of the Power of the Great Music of the Spheres. And since It was Great enough to create Systems of Worlds, It is Great enough to compel discord to be consumed!

So there are many, many, many Miracle Ways of cutting mankind Free from the sinister force, if the desire is awakened within to reach up and use these Greater Powers of Life to put an end to suffering!

So, Blessed Ones, there are many Miracles that yet await your use, your enjoyment and your attention, that you may bring Them

into outer, physical conditions for the Freedom of Life! I assure you, when you love Life enough to want all Life Free from all human qualities, when that Love is Great enough, then the Call for the Sacred Fire and Cosmic Light Rays will pour forth those Sounds, through the atmosphere of Earth, that will dissolve that which is of evil.

So, Beloved Ones, It is the Great Solvent of the Universe; and if you could hear sometimes, when the Violet Consuming Flame is being concentrated into certain conditions, could you hear the Music of that Magnificent Power in Action, as We hear It from Our Great Octave, you would know what a Blessing to Life It is and will yet bring into this World, until the Complete Purification has taken place, and this Earth blazes as a Sun; and only the Sound of that Music arises into the System from this World, because the mankind that live here no longer create discord!

“I AM” giving you a long Vista tonight; and yet, if you will look ahead, remember, someday you must experience the Truth of which I speak! You must do It! It is Part of your Progress on the Path! It is Part of your Freedom in the Victory of the Ascension! It is Part of the Cleansing and Purifying of this World; and the Use of the Sacred Fire of Our “I AM” Miracle Music of the Spheres is one of the most wonderful things that can bring Joy to Life. Once you learn to use It, you will find you will accomplish all things in the future by more Use of It! Then, your Divine Way of Life will have become the Natural Existence of mankind in this World. I hope you will help Us to bring That about as soon as possible by your own use and your own enjoyment of Our Qualities of Our Sacred Fire of Our Music of the Spheres, which are offering Themselves to you as freely as the air you breathe! Come with Us, and you will know what the Angelic Host, the Angels of Music can do for Life in this World!

May you feel This tonight with every Power that We can bestow; and may that Love that gives and creates this Music ever enfold you as a Mantle of Protection and Raising Activity, that enables you to accomplish what you will Harmoniously, because of this Power that forever is surging to fill this World with the Perfection of Ours.

May you go forward and know from tonight, how Real is the Power of the Great Music of the Spheres; and Power Unbelievable, Power that is needed in this World, Power of Harmonized Energy, can in one Mighty Surge go forth and forever put an end to distress!

May you feel your Privilege, have the Joy and render the Service that you can render; and We, with you and the Angelic Host, will forever yet accomplish the Freedom of this Nation and Peace to the World!

Thank you with all My Love! (*Applause*) Thank you so much, Precious Ones!
