

## BELOVED NAJAH'S DISCOURSE

CHICAGO, ILLINOIS

Afternoon

FEBRUARY 26, 1950

GOOD AFTERNOON, Beloved Ones of the Light! I bring you Greetings from a far Land, a Land whose Light none will ever dim, a Land whose Light shall reach across the seas and join yours, until the Earth one day shall blaze like the Cave of Light in India, and that Light will once again speak Its Heart to the Universe as in that former time when the Earth was Self-luminous, and mankind had not learned how to defy God.

I wish you to feel today how close you can come to that Great Powerhouse of Light, which it is My Privilege to help guard. Great are the Blessings which have poured forth from the Cave of Light throughout many, many centuries, and those who have guarded have naturally been the ones who have received much of that Blessing.

Now since you are in the activities of the outer world, and yet by the turning of your attention to Us, can connect with that Power of Light in the Cave of Light in India, you, too, may help to be the dispensers of Its Blessings, and as you carry them to Life everywhere, you, too, will receive the Greatest Blessing because of that Service.

You do not realize how surely, how absolutely certain is the arrangement of Life by which you may enter into Our Great Powerhouse in the Cave of Light and receive from time to time as much as you are able to use without money, without price, without any demands from Us except that through your attention you become One with That which pours forth to bless you and your world at your Conscious Command.

Now you know when you want something from each other in the commercial world, you desire something which some firm has as a product, you take your telephone, you make your desire known, and you have shipped to you what you desire, but you have to pay for it, don't you? You have to do something besides let your attention rest on it in this outer world arrangement which

you live in. You have to give something back to the channel from whence you gain it, but Dear Hearts, We don't treat you like that. It does not cost you anything to turn your attention to Us, but a little happiness and willingness on your part; and We can reply, We can send back whatever you ask Us to pour forth from that Light, and it does not cost you anything to receive It. It does not cost Us anything to send It. We do not have to pay any express charges. You do not have to pay any telephone money for your conversation or to again get your idea over to Us as to what you want. It does not cost you anything to get in touch with Us, and it doesn't cost Us anything to give you Our Gifts, and We can give more than all the money on Earth could ever buy, and yet We receive so little of your attention.

Did you fully understand what that Cave of Light means; did you fully understand the Power which is There; did you understand what It could do for you, you would not forget Us. So today "I AM" here to remind you of Our Presence, because there are many Gifts which are the natural Outpouring from that Cave of Light — Gifts which you can have just as well as you can have air to breathe; Gifts which will bless you, all you contact and will pour forth through you to the rest of mankind, and will raise everywhere you go all that you contact. So "I AM" here to remind you of some of Our Gifts!

As you move in the business activities of the outer world, you, many times, feel the depression, the impurities, the obstruction and the struggle, due entirely to the fact that the people won't put their attention on Our Light and for no other reason. If they continue to look unto the source of darkness, when they continue to look unto the shadows instead of turning about and facing the Light, they will only know and become that which is within the shadows. If they seek the shadows for entertainment, then they will have the misery that is in the shadows, but those who with Wisdom seek Our Divine Gifts may have all the Blessings which abide within the Cave of Light in India; and who can tell Me how much is within that Light — what is within that Light, and what that Light has done for thousands and thousands of Life Streams throughout the centuries?

"I AM" privileged to be One of Its Guardians, and I have cause to know the Blessings which have come forth from that Mighty Powerhouse of God's Love; and to prove the Power of My Gift today, I challenge you to give Me just five minutes a day in uninterrupted silence and Love to the Cave of Light in India, and let Me, in that five minutes, pour back to you a stream of Energy which will unite Its Blessings with your Life forever, Blessings which you can never give except you receive Them from Us; Blessings which you can never lose, because They will become a Permanent Part of your Life Stream, and yet Blessings which forever grow and expand as you give Them to others. You may give all that you receive from Us, and yet, as soon as That is sent forth to lift the rest of Life, you have been given a thousand times more in Its place. You can never deplete the Gift We give. The more you give It, the more you will have of It in yourselves, because Our Gift of Light ever contains within Itself Its Eternal, Expanding Power and Perfection and Boundless Manifestations of Love and Joy which are indestructible in the Universe. Because I tell you Truth when I say that the Love from the "Mighty I AM Presence" in the Great Central Sun, which produces a Manifestation of Light such as is concentrated in the Cave of Light in India — that Love is the Immortality of the Universe.

Therefore, when We give you the Light of that Love, We have given you the Eternal Love from the Great Central Sun, the Eternally sustained, ever-expanding Joy of Life. Just living in the Universe according to Its Own Great Law of Love ever expands Joy which none can destroy.

When you realize that That Love alone is the Immortality of Life — only Love is Immortal — then when you see the Manifestation of Light, you will realize that Love has brought the Illumination of Its Happiness into outer Manifestation as Light. And since the Cave of Light in India is such an Intense Concentration of that Love which the Great Ones have held there for centuries, and which produces so intense a Light that you can scarcely look into It, yet if you are fearless enough to walk into Its Blazing Heart Center you become Its Immortal Happiness. That is the Overpowering Presence of God! That is the "Mighty I AM Pres-

ence” in the Great Central Sun’s Own Heart’s Flame of God’s Overpowering Presence; and you may call upon Us through your attention any moment day or night, We are always available. It costs nothing to connect with Us. It costs you nothing to receive Our Gift, and yet the shadows have made you think you did not have time for Immortal Happiness.

Strange isn’t it! Isn’t it strange the hypnotic power of this outer world that demands and demands and demands your energy and makes you believe you cannot have the Immortal Happiness of the Love which produces all Creation?

Now if you will begin to use the phrase:“I AM” THE OVERPOWERING PRESENCE OF IMMORTAL LOVE, AND THAT VICTORY OF ETERNAL HAPPINESS SHALL FREE ALL I CONTACT, try this expression for a week and see for yourselves That which becomes a permanent part of your world. Then will you find the Desires in your Hearts – Desires which have been the Divine Plan of your Life Stream from the beginning, Desires that should have long ago outpictured their manifestation in the physical octave – you will find Them fulfilled one by one in the natural sequence of normal events of the outer world, I mean mental. From Our Standpoint, that begins to set your world in Divine Order, and then will your Hearts leap with Joy as you realize the things you are going to bring forth this time are imperishable.

“I AM” THE OVERPOWERING IMMORTAL PRESENCE OF GOD’S LOVE IN THE CAVE OF LIGHT, ILLUMINING ALL WITH SUCH LIGHT AS MANKIND CAN SCARCELY COMPREHEND! Strange isn’t it that Those Gifts of such magnitude, so freely offered which are Eternal in Their Blessing and Happiness, that We have to come into the darkness of the outer world and beg mankind to take Them. Strange isn’t it, this darkness, into which mankind has continued to explore in its sinking, sinking, sinking desires!

Who of you can tell Me the Happiness which is within that Light? Who of you can tell Me the Happiness which is the Immortal Love that can illumine the atmosphere wherever you go? You think you have Happiness temporarily here and there in the physical octave by physical sense, but you know not Happiness! You

have never touched the fringe of Happiness until you have entered into the Immortality of that Love which can produce Light, Music and Manifestations on the instant by just the Joy of Its Expanding Action.

Today "I AM" offering you the invitation to come sometime each day and drink at the Fountainhead of Our Love; drink in the Light and the Power of the Cave of Light in India, so that which is constructive within you may be clothed in the Immortality of the Universe — Our Love which always produces Light.

May I illumine something to you? When sometimes in your application or your quiet moments, you see a tiny spark flash, sometimes when the eyes are closed, sometimes in the atmosphere, sometimes you see a Flash of Light, a Spark, a Flame; sometimes you feel just a sudden glow of Light and Happiness, and most of the time you do not even recognize It. You see It, you say: "Oh, I see Light," and that is as far as you know anything about It. Does it occur to you that when you see the Star flash, sometimes the Point of Light flash within, sometimes the Flame, does it occur to you that the Immortal Love of the Universe is trying to gain your attention and offer you a Blessing forever, which you do not even recognize is near; because the outer world has hypnotized mankind into believing This has to be done and that has to be done in the physical life, and it is more important than Love which created the Universe.

If you would have the good things of your world sustained, if you would have them expanded and more brought to you, begin this Acknowledgment of the Immortality of Love. The desires riot, the senses riot in the feeling world of mankind — in the Student Body less than the rest of the world, but still the senses riot much too often for the peace of mind. "I AM" come today to extend an invitation to those of you who think you can find time to accept the Immortality of Our Love, so Its Illumination may flood your world with That which you will enjoy. (*Applause - audience rising*) Thank you, My Loved Ones, won't you be seated please?

Now will you come with Me on a mental journey? Will you try to imagine in your own mind, or at least try to understand and ask your "Presence" to make you know how great is the Love

of the Being and the Beings Who drew that Concentrated Electronic Force of Love so great centuries ago, and have held It in that spot in the Cave of Light in India for the purpose of purifying and illumining and freeing those whose attention was drawn There, and whose Heart's desire once again return to the Land of Love. Do you know how much Power it takes to produce a Light so intense you cannot gaze into It? As is described in "The Magic Presence," when that Door swings wide and you gaze upon It for the first time, It looks like the white heat of a great furnace. The average person standing in front of that would fear to enter in! The average person would not cross that threshold because of fear, and why do you think fear exists? Because there is not Love. Love is Immortality! Therefore, you cannot kill It, while fear shuts the door to every good thing if you allow it to exist in your world.

The eyes beholding the Light know not that within the Cave of Light is the most heavenly sense you could ever experience, and to fearlessly enter into That without a moment's hesitation, means the nature of the individual had Love paramount, and such was the experience of your Beloved Messenger, the Beloved Godfre.

"I AM" hoping, by invitation, more of you will want to experience the feeling of Love's Immortality in that Light which is so intense It is a Magnet which draws you into Itself, irresistible, and in such happiness that you can never forget It, never in all Eternity. You would never forget the ecstatic thrill of being drawn into the Light by the Irresistible Power of Immortal Love. What have you in the physical world to compare with That? With all your senses and all your experiments and all your experiences and all your desires, what have you to compare with That?

Just so does the Etheric Record of the Ascension over the Hill of Bethany, left by the Mighty Master Jesus, keep drawing and drawing upon the energy in the mental and feeling world of mankind, until one day that Love, becoming Luminous in the atmosphere, will draw that Irresistible Power upon the Life Streams of mankind until they arise into the Perfection of Immortality.

So today in Our visit, "I AM" the Bearer of an Eternal Gift

to you. Just try to remember when We ask you to pour forth Love and Kindness where hatred seems to be, that We are asking you to help Us bring Immortality in Its Eternal Happiness there to that part of Life. Only Love is Immortal. Why waste your time on anything that is transient? This constant changing, passing picture of the outer world's activities, is here one moment, gone the next. They know not what they want, and when they want something and they get it, then they do not want it. They do not know five minutes ahead of time what they want, and after they have it they are not content, and everybody tries to take something away from everybody else, and where are you? In chaos and darkness! Yet the Immortal Love, Light Eternal, has called throughout the centuries to gain your attention enough to teach you about Itself.

May We have the privilege from today of calling your attention to the Mighty Outpouring from the Cave of Light in India, more often than heretofore, because you are going to need more of that Love in the management of the energy which others have charged with darkness. May Our Light ever stand a Beacon before you! May It be a steady reminder of the Power We have to give you whatever makes you Victorious. May Our reminders to you ever make you remember that Love. The Immortality of Happiness is calling you to accept the Powers by which you may free Life from the experiments of the shadows. Even the tones of the Bell which sound throughout the Palace of Light bring a Flash of Light into the atmosphere, and with It comes Loving Appreciation and Beauty of Sound which forever reminds Us of Our Source, the Great Central Sun.

"I AM" here to place in your outer intellects a reminder of all the Wonderful Blessings and all the Gifts which are within Light, and all the Happiness which you ought to have in the physical experiences of this world, but they only come from Love that is Immortal. I shall remind you again and again and again where the Treasure House of Life abides, and of the Wonderful Gifts within that Treasure House, that are as free to you as the Love which created you.

The Love in the Great Central Sun which sustains a whole System of Worlds – the Love which gives such Beauty and Happi-

ness, such Magnificent, Majestic Accomplishment and sings such Marvelous Manifestations, such Powers of Creation, as only Those know Who wield Them — that Great Central Sun is ever surging to blaze and to bless all that is in Manifestation with Its Eternal Happiness; and that Great Immortal Source of Life, and Immortality of the Universe is ever seeking to release mankind from their self-chosen shadows of defiance.

May I ask the Student Body from today to cultivate a loving, willing assistance to each other and to remove from within yourselves the demand to always have your own way. Learn to give in to others, so happiness may take the place of the shadows; and except it be for downright principle of right and wrong, it is so easy to give happiness through giving the Love which is Life's Great, Great Harmony.

As We proceed in the coming week, as We receive your Calls through your attention, I would like it if you choose to make a note this week of your feelings before and after you turn your attention to the Cave of Light in India, and ask the Immortal Love of that Happiness become a Cave of Light around you, until Its Light becomes intense enough to illumine the atmosphere about you, and then you just have to be the Presence of Immortal Love.

May I hope that your Happiness from today will be the Immortality of Life, the Love from the Great Central Sun which knows only Perfection and the ever-expanding Outpouring of Itself in which It enjoys giving to everybody and everything Its Own Great, Loving, Glorious, Dazzling Light. This Love is very much needed in the darkening world of outer activities, and if We can depend on you to intensify It as much as possible by the Power of the Cave of Light in India, it will do much for your affairs, much for your health, much for your Loved Ones, and will be a means of much greater safety in your Nation. Therefore, if each of you can become a tributary to the Power of Immortality which is focused in the Cave of Light in India, We can render a service through you into the outer world by pouring forth the Power which comes under Our Direction.

This will help greatly to steady the Nation against that which would want hate to take its toll again through one cause or

another. The shadows of human creation must be illumined by the Power of Immortal Love, and this is Our Love, which is Light. May you draw It without limit as often as you can in the coming week into yourselves, your homes and your worlds, and BECOME A SUN of Its Presence, so wherever you move, Its Immortal Radiance becomes permanent Illumination to the Planet. Then once again will the Planet Earth sing the Song of Eternal Light, this time to expand Its Glorious Radiance into the Sun of Everlasting Freedom.

May you all participate in this Joy with Us and go forward to help illumine Life wherever you go with the Immortality of Our Love. Therefore, may the Power, the Full Power of the Cave of Light in India enter into each of you, become your world, clothe you in Its Victory and lift you above every shadow of outer world experiences until your Dazzling Radiance shows the rest of mankind where to look for Freedom from distress.

I bear to you the Love and Greetings from My Brother Chananda, and in that Great Service which He renders to Life, He is so glad and so willing at any time to flood you with whatever you think is the help you require, but which I know to be only the need of Immortal Love and Happiness of Eternal Light. As you enter into that Light you will become Its Master Presence, and then will pour all the Electronic Force and Power of Our Love and become a very practical thing for you in your daily activities of the outer world and there will be no longer veils between.

In the Fullness of all that Immortal Love can give, in the Eternal Happiness of the Light which that Immortal Love pours forth, I clothe you today in Visible, Tangible Substance, and may It remain in your world to ever expand Its Light until Its Love within you grows so great that It automatically illumines all things to you on Its Own Pathway and takes you forward to the Freedom for which you have called, which is your destiny and is consummated in the attainment of the Ascension. And the Ascension but means to turn your back on the shadows of human experiences, and let the Light of Immortality, Eternal Love, draw you into the Fullness of Its Perfection and make you overcome all that is not Itself.

May the Mantle of that Love which it is My Privilege to offer, clothe you today and make Itself felt very tangibly at all times, until your own Immortal Love illumines all things in your world unto the Final Attainment of your Victory. In the Eternal Joy of that moment, you will remember My Words of today and wonder how anything in the physical world could hold you so long from the Freedom of Immortal Light, Immortal Love, Immortal Happiness. There alone do you belong, and only There will you be Eternally Happy. Until then, may My Love draw you on into Its Dazzling Light and let you accomplish to your Heart's content, that which purifies the World and replaces it with the Perfection which now must become Immortal.

Thank you, Beloved Ones of America! The Cave of Light in India calls to your Heart's Flame to become Its Dazzling Light in the Western World!

Thank you.
