

BELoved GODDESS OF PURITY'S DISCOURSE

LOS ANGELES, CALIFORNIA

JULY 4, 1939

YOUTH BREAKFAST

(THROUGH OUR BELoved DADDY)

BELoved ASCENDED MASTER YOUTH OF AMERICA, Glorious Ones of the Light, may We in an Almighty Sustaining Power assist you today in your invincibility, in your strength, in your power to render whatever Service to Life, to Light and to America that your Life may impel you to render!

Since the Glory of Light must one day take Its Dominion here in these glorious States of these United States, then shall come the One Mighty Ascended Master Wisdom governing these United States. You who are setting a great part of all the future are indeed privileged, and as I speak to you today may you feel that, and may the Great Ones anchor within your feeling world that Invincible Courage, Discrimination and Determination which as you know is the outpicturing of the Inner Will of the "Mighty I AM," which is the Supreme Activity of the Universe to bring through you Its Dominion wherever you move, to bless, enlighten and prosper mankind. Won't you be seated?

Beloved Ones, today the Law of Life and the Law of America compels Me to draw to your attention certain Truths and why your Beloved Saint Germain had been given full responsibility of all whose attention had been called to His Presence and to the requirements of America — how today America would stand absolutely free.

When the Messengers went forth carrying only Love, Kindness and the Greatest Wisdom ever known to the people of America, and then shortly vicious individuals who had only selfish purposes, thinking only of their food and clothes and shelter, began to turn away from This Light and spread vicious falsehoods against these Messengers Whom Beloved Saint Germain had appointed. They were given such a wide, magnificent opportunity of service, but they turned aside because the

Beloved Saint Germain would not come to them and direct them as He had trained these Messengers.

Allow Me to enable you to see what everyone who has turned against This Light is doing for and against America. These people who are vicious against the Messengers are weapons formed against America and of the most tragic kind; for all whom they can cause to doubt the reality of this Great Work is that weapon formed against America. These are not personal things. America is the Cup of Light! America is your outer garment, your home, your body in which you must live. If destruction is here, then you, your homes and the body which is the last "Cup of Light" upon this Earth shall have vanished. Such shall not be!

And remember, Ascended Master Youth of America, if you listen to falsehood and allow your Light to be dimmed or put out, the fault is yours. Every human being's Heart knows these Messengers are honest, sincere and true, and that This Light is Real, that the Ascended Masters are Real; that America must be protected — the last point upon Earth where there is a hope.

Therefore, in your Call and that Light which you have released, in Its Magnificent Determination today in this room, will be a memory long cherished by the Ascended Host of Light, the Cosmic Beings and the Cosmic Light Itself; for remember, the Cosmic Light of which We and the Messengers speak is that consciously, directed Force of Light from the Central Source of Life to the system of this World, and is the authority over the Life Streams and conditions that exist in the World. Therefore, this is how if necessary that Light as of a Thousand Suns shall descend into America and dissolve all selfishness, all discord from the Planet.

These are not idle words, but enough of mankind must have that determination, and I trust in the future there will never be one single student who will listen to gossip and falsehood to turn them aside from This Light, for the day is approaching when they may not return. Mankind in their idle determination to turn away from the Light think it is an idle thing. They will one day find, so near at hand, their great, great mistake.

As the Messengers have told the people, mankind is at the choosing point when they must determine whether they wish to serve the Light or the shadows. All human creation is but the shadows and has no power except what their self-generated energy has brought about. Therefore, they are standing against the Power of this Great Light which is the Intelligence, Power and Substance of the Universe.

Therefore, beware! Ascended Master Youth of America, when you call the Power of the Light Rays into action you are the Power of that Light and the Light in your Heart is responding to that Power which is the Authority and Power of the Light of the Universe, and nothing in the World can stand before that Light which you call forth.

Now in your beauty and youth, hold it forever and by the energy retained in your bodies, may your youth remain for a thousand years, if it is necessary, to hold the example before the Earth, before mankind of the Power of the Light and Its Supremacy through mankind and the Glory and the Radiance which It is in Its Dominion on the Earth, even as in the Higher Octaves of Light. So shall this become an Octave of Light instead of the human octave and in it the creation of mankind shall one day be dissolved in its completeness.

You as the Ascended Master Youth of America are a part of the Increase of that Glory which shall come forth. Will you feel today, not unduly, but feel that responsibility which you can be as an example to the World of Its Glorious, Magnificent Power of Light, Its Dominion and Glory, which you are a part of and you can expand until your body becomes the Luminous Presence and Its Radiance pours forth, dissolving instantly everywhere you move every discord of human creation and all human creation bows before you in the Strength and Power of that Light and Its Radiance going forth from you. Such is your privilege; such is your right; such is your authority into which you have entered in the acceptance of your Great Presence of Light.

I say to you sing, sing, sing these glorious Songs which have been brought forth, which are the Songs of Light lifting

you in their Words and Melody into the Glorious Victory of that Light. And even as the Goddess of Light has brought forth to you Her Call to Light, so are all of these Calls to Light in Its various vibratory action that will bring to you the Glory of that Freedom. Sing, sing, sing, and let the Light within your Heart and in every cell of your body sing its Joy, Freedom and Its Glory of Light and cause that Light to expand until there is nought else in your human form but the Glory and Dominion of that Light in Its Magnificent Splendor, Purity and Perfection.

Glory is the opportunity, Beloved Ascended Master Youth of America, in the Glory of that Light, a privilege which is yours today that no longer may age touch you; no longer may distress of the mass creation that has imposed upon mankind certain laws and limitations that are but human creation and have no power before you, the Ascended Master Youth of America, in maintaining the Glory, Light and Power and the Strength of that Light in, through and above you, leading you into the Glory of that Ever-Expanding Perfection and Glory that may outpicture in everything you do, everywhere you move and that you may project into everything that America requires.

I call to the Great Central Powers of Light, Intelligence and Force to take command of the government of these United States today. Take command! I command it in the Power and Purity of Life! Take command and remove from your government every person who is not serving the Light and replace them by Ascended Master Friends in Its Magnificence, Power and Majesty of Light; that no longer may anyone within your industry, transportation and conditions that exist in America remain who is not unselfish and filled with the Power, Glory and unselfish service to the Light of America but who places America foremost in the Glory of all achievement and their own personal requirements secondary. Then the Power of Light will so bless that person, place or condition and the Glory and every abundant good thing will pour forth in their Life Stream; and God, the "Mighty I AM," will find Its Dominion on this Earth! And it shall be by the Power of We Who have been drawn forth from the Great Silence and the magnificence of that Great Light

which knows no opposite and which once again will take Its Dominion upon this Earth. CALL! CALL! CALL! Beloved Ascended Master Youth of America, for this Dominion now.

Today you shall hear something which you will rejoice from your Great Goddess of Liberty. How She has remained, acting between the Octaves of Light and humanity these weary long years awaiting that response from mankind when there could be released into the world of mankind's action That which would defeat every destructive purpose.

Remember, the accumulation of mankind, its rapid, fast, dissolving activity begins today; and may everyone rejoice and feel the Full Glory of that import and Its Strength and Power to serve them as they serve America and their fellow man and feel the Glory of Its Ever-Expanding Splendor.

Remember the Purity of your Life, the Purity of your intent is the great and mighty Invitation to the Blessings of your Eternal Youth, your Perfection for yourselves and the Perfection and Protection of America and your Ascension, Eternally Free — that day when you join Us in the Great Octave of Light, having rendered your Utmost Service to America and your fellow man. Will you then see and know how We are rejoiced now in your attention to the Light and your Ever-Expanding Determination to be that Light and to let It be the Supreme Intelligence and Power governing you and your world now and forever, and I thank you.
