

## MIGHTY ELOHIM OF PURITY'S DISCOURSE

CHICAGO, ILLINOIS

MAY 21, 1944

AFTERNOON

ELOVED, PRECIOUS ONES OF LIGHT, I bring you Greetings from Cosmic Realms of Purity — Purity so Great that within It is acting the All-Seeing-Eye of God, to design throughout creation the Beauty and the Perfection which is Life's Divine Plan in action through all substance, through all energy, through all Beings of Life.

The Cosmic Purity to which I refer is That which abides within the Great Central Sun; and focusing the Intensity required to bring Manifestation to this Earth through the Physical Sun. Life moves into action through the Power of the Fire Element and through the Radiation of the Light which comes forth from the Flame, substance becomes manifest and is condensed into form — be it a World, a physical body, the Plant Life of your World or the Manifestation of Systems of Worlds throughout the Ethers.

I wish to anchor within and around you as intensely as you can accept It, the Cosmic Purity which "I AM" to this System of Worlds. The Intensity and Concentration of both the Flame and the Substance of Cosmic Purity, which it is My Great Joy and Activity of Life to direct to the Earth and through the Life Streams of every one upon it, is increasing in Its Action and drawing closer to the Earth in more powerful Manifestations.

Because of the Intensity of the Fire Element, which "I AM," the consuming process of purifying the substance in the atmosphere of Earth and in the bodies of the people must necessarily come gradually. When It comes to the Purification of the structure of Earth itself, much of that must be radiated into the Earth through the bodies of mankind who walk upon it. The Light of a World and of a Planet is dependent to a large extent upon the mankind who embodies there. Each individual should be a Being of Dazzling, Pure White Fire, having a body of Cos-

mic Substance of the Cosmic Light so Pure, and yet charged with such Intense Action of the Fire Element of the Flame of Cosmic Purity so nothing that is less than the Light could ever manifest around It.

This was the Pristine condition of mankind in the beginning upon this World. The bodies were Pure, made of that Substance of Light which held Its Radiance around the physical form and enabled the release of Life's many Powers to take place through the individuals without limitation of any kind. This was mankind's original condition upon this Earth and was That which was meant to be for Eternity. That Purity is the Foundation of Cosmic Manifestations.

That Absolute Purity of the Flame and the Substance from the Great Central Sun focusing through the Physical Sun into the forms or the bodies of mankind upon this Earth were the individualizations through whom the Great Beings and Inteligences from the Great Central Sun intended and always will intend to govern the Manifestations of this System of Worlds.

The Divine Plan is inalterable! You must know that; and Its fundamental Quality is Purity, for Perfection cannot exist except within Purity! And since the Great Cosmic Law, under the Action of My Individualization made Me the Authority of this Purity through the Life Streams upon this Earth, then that Guard must be maintained until all have returned unto this Purity from whence they came, but coming back with the Conscious Knowledge and Authority of the Law, the Cosmic Law, having fulfilled Its Divine Plan through the substance of this World.

In the Purity which is coming to the Earth, you will find many things fading out of existence, just dissolving and being forgotten as if they never had been. Because as the Focus of My Activity of the Flame of Purity is drawn closer to the surface of the Earth, the Radiation of the Cosmic Substance of Purity can be drawn in more Concentrated Action into the atmosphere of Earth and into the bodies of the people.

I have not come too close to the Earth as yet, because of the need of more of mankind's Calls, and because they could

not stand too rapidly My Purifying Action of the Flame. The atomic structure is so constructed that when the Light begins to expand within the electrons in the body, the slower rates of vibration between them that form the denser substance and that shut out their Light from complete radiation through the flesh — the expansion of this Light must come with whatever pressure is safe to cut away or to repel the lower or slower rates of vibration that shut off the Radiance of the Light.

From Our Cosmic Standpoint, one could not suddenly flash through the bodies of mankind Our Intense Vibratory Action of Purity and it not be to some extent a shock to the atomic structure; and the Cosmic Law never does that thing. Remember, in all constructive qualities, their action is always governed by Cosmic Beings of Great Wisdom and Great Love and Great Power; Great Self-Control and Complete Mastery; and They never do anything off balance.

Therefore, whatever quality or activity within Life needs to be intensified in order to hold Balance throughout manifestation and to create greater Beauty and Perfection — whatever quality is in action or needed to come forth into action, the Pressure and the Power of the Flame and the Cosmic Light within It is always governed with Absolute Perfection and Love before It passes through the atomic structure of mankind.

Since the Flame of Purity from My Heart is anchored within the brain of every individual, then That becomes for Me an Open Door through which all within My Life Stream may be passed when no obstruction is before It. Not that I could not dissolve all obstruction, because I can, but the Intensity of the Cosmic Pressure of Light required to pass through an individual in order to dissolve all that is not My Purity of Life, must come about in full Balanced Action through the human form. Just so must It come about through the structure of the Earth itself. With That you can be much concerned and of great help.

Since the radiation of mankind's energy that has not been qualified with My Purity has gone into the structure of the Earth, into the Powers of Nature and into the atmosphere of Earth, then it must be handled and there must come the Action

of the Fire Element through it in order to raise it unto a speed of action wherein destructive qualities can no longer exist. In other words, as you raise the vibratory action of substance through the Calls for My Purity to pass through, It is a raising of the rate of vibration in such rapidity that the qualities of the slower rates of vibration dissolve and disappear.

To purify the minds and the bodies of mankind is not the work of a moment after two and a half million years of making destructive records within the Etheric Bodies through discordant thought and feeling, discordantly qualified energy; but the Conscious Command and Call from you who understand This Law — now notice — in the Authority of the Words “I AM,” flings the Door wide open to My Presence and I may enter in and abide with you through My Luminous Presence and Personal Flame. Then will you feel the substance in your bodies that is not Self-Luminous clearing away with very much greater rapidity.

When I come to give Myself to bless Life and produce and expand Perfection, then automatically there is drawn away a certain amount of substance that is not My Purity from the physical structure of each one's Life Stream.

May I liken the Activity of your “Mighty I AM Presence” within your physical bodies to that of an orange. The Light, the Flame, the Energy and Light-Substance flowing through your nerves belong to your “Mighty I AM Presence” and are the Action of the Fire Element which radiates through your flesh forms just the same as the liquid within the cells of an orange radiates, to some degree, through all the rest of its structure; and yet the conditions in the skin or outside of the skin and the white part next to it are an entirely different quality from the liquid within the cells.

It is analogous to the use of your bodies. Your Etheric Bodies hold the records of whatever your feelings have sent forth be they constructive or destructive. That is represented by the tiny fibrous condition forming the cells. Your emotional body is made up of substance which corresponds to the liquid within the cells; and within that is the Action of the White Fire

Substance from your Higher Mental Bodies. The atomic structure of the flesh and the action of the organs of the body correspond to the skin and the white substance next to it. While they are all three connected and the watery element radiates some of itself through the entire orange, yet it is held under control within its own substance and activity.

Just so does the Purity from your "Beloved Mighty I AM Presence" radiate through your nerves out through the atomic structure of your flesh bodies, as more and more Intensity of that Light-Substance is drawn into you, whether it be from within your "Presence" or Power added to your "Presence" by the Ascended Masters. Ultimately, that Purifying Power is built through the Authority of their "I AM Presence" in the Use of that Great Creative Word "I AM"! And you will find, ultimately, all racial characteristics fading out and mankind will again return to that Pattern which was the Original Likeness of the Ascended Masters' Bodies !

Now I come to the Service which you may render and which We will greatly appreciate. There must come Purification in certain channels of mankind's activities on this Earth and It must come quickly! Less damage will be done in the way that may take a century or more to take out its record from the bodies of the people. Much diabolical viciousness is being imposed and driven into the atomic structure of mankind's bodies. It is that to which I refer. "I AM" here to offset some of that and eventually all of it; and We will increase this Purifying Action of the Flame which "I AM," of Eternal Cosmic Purity in Its Pressure and Activity which continues until all other substance gives way and is dissolved by the Pressure of My Flame.

If it were not for My Consciousness of Cosmic Purity within My Individual Flame in the brain of every human being, there could not even be the thought of Purity coming through the brain structure of mankind. So if the World is to survive, then they must have the Flame of My Purity in action with such Intensity that It keeps consumed that which is not Self-Luminous.

Your ears hear My Words this afternoon and your minds know some of the meaning within Them, but your mental and feeling world is absorbing the Action of My Flame of Love from My Heart; and I want to give and to anchor into your feeling world Its Continuous Action until all you experience is the Purity and Perfection of Life. You may draw through your Calls the Cosmic Action of My Purity. As you give Acknowledgment to Cosmic Purity, you release into this physical world a Pressure of the Flame which is the Focus of Purity within, not only each Life Stream within the brain structure, but you are calling forth an individual Flame from both the Physical Sun and the Great Central Sun.

If you had enough of the Fire of My Purity in your feeling world, you could not be anything else than the Purity of your Higher Mental Bodies. Your Higher Mental Bodies have been giving you throughout the centuries ONLY Pure Energy and Pure Substance. Your Higher Mental Body and your "Presence" never qualified anything in this Universe with anything less than Purity. I do not give anything less than Cosmic Purity to the rest of Life! Since Absolute Purity is the Fundamental Requirement for Balance and the Gifts of Life's Activities to come into the outer manifestation, then until "I AM" called into action, the accumulation around the individual Life Streams weighs heavily upon them and through that accumulation events of Life compel the recoil of the results of causes sent forth that were not pure; and that recoil comes back into the atomic structure until the etheric record is consumed within the Etheric Body.

There are etheric records within the individual's Life Stream, within the Etheric Body, within the etheric record over a locality or a Country or a Nation and into the atmosphere itself. That etheric substance is everywhere; and when it accumulates into a form, then it stays in that form until something dissolves it or someone dissolves it by the Conscious Command of Life and the Use of the Fire Element to change the form into something else.

One of the Services which I wish to render today is to start

an Action of My Flame into the medical channels of the World, particularly in America first; and purify first of all the motives of all in those channels; to purify their minds so they may not accept ideas that do not contain within them the Purity which heals the bodies. You cannot produce healing, you cannot produce Perfection in anyone's body with impure substance. You know that as well as you breathe, neither can the medical world. Until purity of substance, purity of motive, purity of thought, purity of feeling and purity of action is the ideal and the ways and means of handling mankind's distress, they will go from bad to worse until the hour comes when the whole structure must be wiped out of existence, unless they will accept Me!

When bodies have become contaminated by that which is not Self-Luminous, then something must be done and either remove those lower rates of vibration or consume them or expand the Light within the structure itself until they are consumed; but to continually put within the atomic structure of mankind of this Earth the frightful chemical things, is before Life diabolical.

"I AM" Purity and "I AM" concerned with the Expansion of Purity. Therefore, those other methods of healing are as far from Me and My Activity as shadow is from Light. If you will call My Cosmic Purity and Cosmic Flame into those channels to dissolve every particle that is not the purity of Life's Perfection, so shall those conditions improve and mankind be released from that which has not produced Perfection in the past.

Purity must come upon this Earth with Authority which is Cosmic! "I AM" both the Quality and the Authority, else I would not be the Consciousness of Purity within the thoughts and feelings of Life through mankind. You cannot have manifestations of Beauty, Purity and Perfection without the Consciousness coming first. You cannot produce Manifestations of Perfection, Beauty and Balance in the outer world unless the substance, the feeling and the thought are beautiful and perfect; and nothing is beautiful and nothing is perfect without Purity. It could not be.

Mankind, strange to say, is afraid of that Word. I see so

often within the feeling worlds of individuals a sudden — almost a shock — and a withdrawing when the word “Purity” is mentioned. What do you think withdraws when the Radiation of that Word goes forth? The shadows! The substance that is not Self-Luminous is the only thing that can withdraw, because the Substance which is Pure and Self-Luminous loves Me, because It is a Part of Myself.

The feeling world of individuals is a most revealing activity from Our Standpoint; and I wonder sometimes if mankind does not need a sudden revealing of conditions of the emotional bodies enough to wake them up. Few individuals would entertain any secret thoughts or feelings of impurity if they knew that the form, the color and the substance were flashed before the eyes of the rest of the Universe. Life sees everywhere and Life sees everything and there is nothing hidden from Life! You are all Life and so is every one else.

When you can turn your attention to Us in the Great Octaves of Light and draw back into your atmosphere Our Love and Light and raising Presence, Our Exhilaration, Our Peace and Our Purity, when you can do That — and the World needs every ounce of Light-Substance, Substance which emits Light into your bodies and into your atmosphere — why turn your attention to the conditions of the outer world that, when you draw them back into your outer selves, bring your filth along. Now you must decide inflexibly what you want!

If in your Service to the Light, it requires you move among people in conditions that are not Pure and you are working to dissolve that, then you must have an Armor of Light-Substance around you and an Armor of Flame. In handling those conditions, you make your Application, you give your Commands, you move your body perhaps sometime among them and the Radiation goes forth; then as soon as That is given, you turn the attention away again unto the Heights of Eternal Purity — Cosmic Purity — which is the only way you can handle vicious, destructive forces of the outer world.

May I request of the Student Body a willingness to discipline themselves now before many more of those in the

National Defense who have been in frightful experiences return to associate with you? May I request that you do not ask them to repeat their experiences? Please turn away and do not remind them any more of that through which they have had to struggle. Please, as "I AM" Students, stop the discussion of those conditions, or you will be responsible for again energizing within them a feeling that may again draw them into like conditions somewhere on their path before their journey is finished, and with it you will draw yourselves into the same thing.

It is a need for this Explanation which has called Me to Earth today. As "I AM" Students, your assistance to those Blessed Ones and your Service to the Light obligates you to ring the curtain down upon the conditions of the outer world; and take those Blessed Ones and turn their attention to the Heights of Eternal Purity and Perfection within the Light. Show them the Beauties and as they draw That into themselves, the substance that has gathered around them can be cut away and drop away from those Life Streams so again they can step forth and become marvelous Beings of Light and Activity and Perfection. But if you insist on discussing the frightful things in those outer channels, your door to the Light will close. Please do not do it!

If you serve the Light, you will want them to forgive and forget the energy that has gone forth the other way. Call on the Law of Forgiveness and ask your "Beloved Mighty I AM Presence" and all Cosmic Beings to reach out the Hand of Light to stop the action and reaction of that which was not of the Light, to consume all human mistakes and replace them with the Beauties of the Cosmic Heights of Purity.

"I AM" issuing a warning! If you serve the Light, if you love Me and if you want your Ascension, you will not do that thing again! If your Higher Mental Body constantly wanted to talk to you and remind you of the conditions in which you have dwelt for centuries, when would you be free? When could you know the Perfection of the Light if your Higher Mental Body kept constantly harping on the mistakes you had made? Well, do you not see you are in exactly the same position to those Blessed Ones?

You represent the Light, My Beloved Ones. You are Part of the Flame from My Heart! You have within you My Consciousness of Cosmic Purity and should give that Purity to those who have turned away and are seeking relief in the Purity, the Joy, the Music and the Knowledge of the "I AM." It is not worthy of an "I AM" Student to want to know what they have been through. Help them to close the door and never again mention anything but the Light. If you remind them of that which was not Self-Luminous, then you are co-operating with the war beasts of the world.

What do you want and where do you stand? If you love the Light, if you wish to give Obedience, if you wish the Power of Instantaneous Healing, if you wish the Power to illumine the body, the mind and the atmosphere about you, you must not, through curiosity, want others to talk about that which has been so tragic. The outer world that does this, does not know any better, but you do! You know This Law and the Law will not hold you guiltless if you do not obey, once you have the Conscious Knowledge of Its Action.

Those Precious Ones, when they return from that outer condition, are happy to come where they will never hear of it again. They are happy to come back into the Arms of Love and Purity and get a breath of that which is decent, clean and of God's Heart again. They want the food of Life which is My Cosmic Purity and Happiness and Freedom. They are happy to come back into the Arms of Purity, Beauty, Love, Courage, Strength and Power to remember the Divine Plan and be active in Its Fulfillment, with a Joy which blocks out the memory of that into which they have been driven. Therefore, do not become a part of the outer world's activities of reminding them of even wanting to know what they have been through or expect them to describe it. Have they not suffered enough? Why hold it about them longer?

"I AM" trusting you to be a good example, a Cup, a Crystal Cup through which the Light of My Cosmic Purity can shine, and be the Pathway upon which those Precious Ones can step and hold Our Hands unto the Attainment of their Ascen-

sion. We owe them That — you owe them That; and nothing else is co-operation with the Light.

When you want the Cosmic Power of Purity, you will find a Pressure of My Flame enfolding you and you will know It by the Feeling of Its Radiation. You may become any intensity of that Flame which you desire; and you can be so enfolded in My Luminous Presence and Personal Flame of Cosmic Purity that you can purify all who even look in your direction as you keep charging this Substance around you. As you allow It to concentrate and expand, you may be My Luminous Presence to assist others. You may be a Sun, a Dazzling Sun of Substance, Cosmic Substance of Purity within which abides the Cosmic Flame of Purity; and like an individual Sun, keeps pouring forth That which burns Its way through all rates of vibration and raises them into Purity, Beauty, Freedom, Happiness and Perfection.

Is this not a worthy occupation to be My Purity to the rest of the Universe and to use My Authority of that Purity over the conditions and qualities that have not enough of Me within them? Is it not much more worth your while to continue to give Me Recognition and let Me have an opportunity to come at various points, through your Calls, than to join the chatter of the outer world that has depraved mankind so long!

My Beloved Ones! My Beloved Ones! My Beloved Ones! We are depending on you to maintain Purity, so there may be a Cosmic Action of Its Power pouring through a Cup, as it were, of “I AM” Students to hold steady the energy in America against these outer things! But if you join in the chatter and discussion of what has been designed by those who are not of My Realm, then I must bid you adieu! You cannot have Me and have them, too! Either you want release from the misery of your impurities of the past or you do not. If you want them “I AM” ready to give you the Flame of Love from My Heart and hold your hands through all experiences to call forth the Cosmic Pressure of My Purity and cut away the substance that has been your distress and lift your attention to those Activities of Life which are the Song of

Cosmic Purity and the Enjoyment of all creation.

But once you step upon the Conscious Path and the Conscious Knowledge of the "I AM," you cannot drop This for awhile and run back to see just how awful things are and then come back and imagine you can pick up your Life Stream's activities right where you were and go on and progress. You cannot do it! If you go back to those conditions and see what they are like, you will find some of their substance clinging to you when you turn again to the Light.

Govern your curiosity if you would be free! We are not curious and We are not concerned with anything but fulfilling Life's Divine Plan of Beauty, Enjoyment and Perfection; that you may know what lies beyond in Cosmic Activities which would forever hold you breathless almost with the Magnificence of Their Power and the Cosmic Action of Their Love. All this is before you which you may have as freely as you breathe the air, but if the pull of the vicious conditions of the outer world and your curiosity to contemplate them makes you turn away and you give in to that impulse, then you cannot have Me.

If you will not purify those desires and remove them from your world, you cannot be free and you do not serve Beloved Saint Germain! Beloved Saint Germain is Freedom and in order to be free you must be pure! All else are chains! The only chains mankind have this hour are their impure thoughts, feelings, words and acts; and the substance in the body that is not pure is but the condensation of those thoughts, feelings and acts of the past. Let us not condemn those who still have some of that about them. Let us just help, but we cannot help when we call forth that and give more life to that which would die out of its own accord, if left alone; but through your attention you feed those conditions and you make them live longer to prey upon your Loved Ones and the Loved Ones of others. That is not the work of an "I AM" Student.

There is an Honor to be maintained in This "I AM" Activity and may I ask you in this respect to take your business, conduct your private affairs as if you were dealing with Beloved Saint Germain, Beloved Jesus, your Beloved Godfre or Myself. How

would you deal with Beloved Saint Germain, Jesus or any Ascended Master if They entrusted something to your care; and They have said: "I will bring this to you from My Octave of Life! It is something I have created through the centuries and is a Focus of My Power! I will loan it to you for awhile to help you free your distress." Then suppose you did something else with That. Where do you think you would stand with Life? Where do you think you would stand with Them? Where do you think would be your opportunities of advancement from the "Presence"?

Well, is not every human being a Focus of Life; and is not every human being a Flame from My Heart in the brain and the Flame from the Heart of the "Presence" in the Heart? Is not every human being then in your association with them a Trust of Life to you to help build the Perfection of the Universe; and is not the Song of Happiness and Joy the Chorus of the Music of the Spheres? Life has made that condition, but if you do not understand it, then the recoil will bring distress, but please take no liberties with things which are given into your Trust.

Everything you have to use, My Precious Ones, is a Trust from Life to you temporarily. Even your Life which you have in these physical forms is but a Trust to you from the Beings in the Great Central Sun. Mankind has forgotten this and this attitude is the reason they are in the distress today. Had they remembered their Honor to Life and the Trust with which Life had honored them, they would never have turned over into that which has become destructive creation.

There is a very fine sense of Honor and Purity which if mankind would hold in the feeling world would never in all Eternity open themselves or enable themselves to open themselves to it, in an unguarded moment, which later on becomes the tool of those who are not serving the Light at this time.

Now let Me show you the other side of the picture. You have come from the Realms of Cosmic Purity originally, did you not? You came into a world which was originally Pure, Beautiful and Balanced. When you obeyed the Requirements of the Cosmic Law and maintained Purity you had abundant Supply,

Happiness and you moved forward to the Fulfillment of Life's Accomplishment; but as soon as those Requirements were made to take second place and just the physical feelings allowed to do as they wanted to out here, then the impurity came in and We had to stand through the ages watching the increasing shadows until the Cosmic Cycle has arrived wherein the Law of the Cycle takes a hand and will purify whether or no — whether it be harmoniously done or through the Powers of the Fire Element, the Cosmic Law will purify regardless.

May I give you something which I trust will help you to maintain Greater Happiness and Harmony in your feelings! May I ask you to watch the feeling of the pressure of the energy at your solar plexus, so you do not become caught as it were in the feelings that are either in the atmosphere around you or in someone else's feeling world that might be just distress for the moment.

There is a very sensitive mechanism around you in the central part or middle of the body; and in the atmosphere about you, there is a radiating power and activity which goes forth and if you do not govern that and hold everything flowing up to the "Presence," it suddenly reaches out here and becomes caught — just like that — just like cogs of a wheel catch in each other and jam. When this happens with intense feeling, you are held fastened to that individual or the destructive condition of that individual's world until someone gives you assistance and cuts you free.

This is why "I AM" pleading for Purity, for with your attention on the "Presence," the Ascended Masters and Cosmic Beings, your attention upon the Light or your attention upon the Great Cosmic Manifestations, your attention upon the "Presence" of other individuals instead of upon their human mistakes, It will hold you connected with all which is of the Light. And wherever you move, then more Light will pour around you into the human creations, and you will find they will eventually recede, be pushed farther and farther away or be consumed. In any event, as you maintain This, your Light will pour and your Purity become greater and greater and greater

and this is Service and obedience to the Light.

Now let Me take up the Power of Precipitation in relationship to My Cosmic Purity. When you use the Power of Precipitation to draw together the substance which builds a world, could there be any impurity in that? Would We invite the Great, Pure Beings of Light in the Central Sun to take embodiment upon a physical world in which there was impurity? Why, certainly not! Then, since everything was originally created Beautiful, Pure and Perfect, then it needs your strong adherence to your determination to have That come back into this world for the Freedom of all mankind in order to open the door so the Cosmic Beings Who built the World can purify the World and expand through you all of the Gifts and Beauty from their Octaves of Life.

Remember, you cannot have Eternal Youth nor Beauty without Purity! You cannot have, My Precious Ones, surface beauty any longer without entire Purity! It must be so; and do you know if there were no impurity in the substance of your bodies or in the atmosphere about you, do you know your voices would all be the Voice of your Higher Mental Bodies? Do you know there would be no limitation to the register you could sing, if My Flame and My Purity filled all the substance in your mind, body and world?

There is not one Quality in this Universe which is not within My Flame of Cosmic Purity. "I AM" speaking of constructive qualities. Well then, since all of Beauty, Purity and Perfection are within the Flame of My Heart and the Substance of My Octave, "I AM" truly the Treasure House of the Cosmic Realms of Life, for My Purity reigns everywhere in manifestation, except in this World. Therefore, this World needs Me and I have come closer today than I have been for two and a half million years. I have come closer today into the outer action of mankind to anchor the Flame and the Substance from My Octave of Life.

I bring more Activity of the Fire Element to help pour through the substance in this World, to assist the Flame of Purity in the forehead of every human being, for that Flame

comes directly from My Heart. The outer Flame, which I bring today, comes from My Heart also — that Cosmic Action of My Heart, My Head and My Hands to bring you the Qualities, the Activities, the Attributes of My Cosmic Action of Purity, which can produce on the instant everything which is constructive and the Divine Plan fulfilled.

Is there anything in the Universe, think you, that can take the place of My Cosmic Purity? Is there anything that can remain opposing Me when My Flame bursts forth to take Possession and hold My Purity in Action? Then, will you accept My Presence and My Cosmic Action of Cosmic Purity?

There is a difference in the Pressure of the Energy drawn, whether you say “Purity” from your “Presence” or whether you say “Cosmic Purity,” because That contains the Pressure of the Flame of Purity to this Whole System of Worlds.

If the Flame of My Cosmic Purity were not, to some degree, acting through the physical structure of every human being on this Earth, how would there be any Power in individuals to clear away conditions that have disintegrated through impurity, and try to build again something which is constructive in its place? How could people have the power to cleanse their homes, their business, their cities and try to sweep out of the body the things that have caused disease and distress? Could they have the Desire or the Intelligence to know how to remove that substance and replace it with something better, if some of the Flame of My Purity in their heads were not desiring to bring this condition into outer action?

Do you not see, that if even part of that Action could take place through an individual, even temporarily — with the attention maintained about that — It could be expanded until It filled the World and ruled all in My Perfection and Purity forever. If It can be done for one moment, It can be sustained and fill the Universe for Eternity.

Will you please feel that regardless of any mistake of yourselves or your Loved Ones or anybody you have ever known about, regardless of all mistakes, won't you plant My Flame of Cosmic Purity where the mistake has seemed to be and

ask all to become My Cosmic Purity? You can if you want to, but if you really desire My Purity you will want to; because the Desire to do a Thing which is the Divine Plan of Life and, therefore, Obedience to the Law, will automatically draw to you the Power to do It. Within the Desire is the drawing Power of Its Fulfillment.

You may move in conditions of the outer world's impurity and by your very presence, with a momentum of your Calls to Me, your very presence passing through a place can plant, as it were, a Pillar of Flame which starts into action Cosmic Eternal Purity in its place. Use your Violet Flame first, then I can draw the Permanent Focus of the Fire Element which keeps Perfection in Sustained Action and you will know a Joy and an Activity of Happiness and Accomplishment which will bless all Life with Purity forever.

My Precious, Beloved Ones of the Light, remember above you dwells, abides filling the Universe, Infinite, Eternal, Invincible Cosmic Purity – yours to have as freely as the air you breathe. You may draw any Intensity of Its Flame, any Accumulation of Its Substance, any Manifestation of Its Power you desire, if your attention and the Call of your Heart continues to stand with Love and determines that ALL of Its Perfection which is There shall go into action here and sweep out into the Violet Consuming Flame all that is less than Its Freedom, Purity and Perfection.

If you want to be Pure you will have to be determined about that Purity, and when your determination is great enough and your desire steady and inflexible, not all the Universe could prevent It, Precious Ones. When you want something which is in agreement with the Cosmic Laws of Life and you stand within That, unmoved by anything but this “Presence,” then everything in the Universe will assist you and you can never fail!

Do you know what failure is? Looking back just once – more out of curiosity to see what the shadows are doing – that is the tragedy! That is the trap that catches, through your attention, your Life's Energy to again sustain this which is not Purity. You must look into the Cosmic Source of That which

you desire to bring into manifestation here if you are to have Its Power and Its Blessings.

Do you quite understand what a Blessing you could be to the Earth and the Forces of the Elements and every human being who ever trod this Planet; what a Blessing you could be to the “Mighty I AM Presence” and the Higher Mental Body of all mankind? Do you comprehend what your opportunities are when you take your Inflexible Stand to be the Cosmic Action of Cosmic Purity which is Light so blazing the human can scarcely look into it? Above you is the Limitless; behind you are the shadows; within you is My Flame of Cosmic Purity.

Through your Calls, My Luminous Presence and Personal Flame can fill your bodies, your atmosphere, your Loved Ones, your homes, your business, your Nation and the Earth, until not a human sigh could ever again go forth on this Earth. You, the handful of people in this room this hour, could be so determined to have My Cosmic Flame of Cosmic Purity burn in Its Eternal Action upon this Earth until Its Presence everywhere has drawn back into the Light all that was not My Purity.

Love Me with the same insatiable cravings with which your appetites have sought their gratification, and I shall show you the Master Presence of Perfection in yourselves which will bring a Joy which will set the whole Earth Free! Love Cosmic Purity with the same love you have had in the gratification of the desires of your human appetites, and I will show you God’s Realm of Heaven on Earth and It will be a very tangible, practical, visible Manifestation — visible, apparently to the senses, and yet wholly made of the Substance of Light and energized by the Cosmic Flame of My Purity which will hold those Manifestations Imperishable throughout the centuries, so you may be the Blessing through those Manifestations which will add day after day the Mighty Joy of Life to your Life Stream’s Manifestations in the Universe.

Now then, may I flood you, and may I endow you with the Flame of My Cosmic Purity as a Mantle about you, with this qualification, that you will accept This and BE My Cosmic Blessing without limit and My Cosmic Love in Cosmic Power of

My Cosmic Purity to Life wherever you move for Eternity? BE the Cosmic Blessings of My Flame of Cosmic Purity to all you contact and the flowers and the trees shall bow to you, the human will be stilled in all and you will walk in the presence of the Ascended Host and hold Their Hands until your Ascension.

Purity alone will take you through the veil to stand in Their Visible, Tangible Presence! My Beloved Ones, you have never yet touched the fragment of Happiness which will compare with that moment when, once again, They part the veil and you stand in Their Tangible Presence and you love Them to your Hearts' content. If you think you love your Loved Ones here, I tell you, there awaits a Surprise for you when that veil parts, when you stand in Their Arms, the Arms of Their Ascended Master Bodies. Then you will know what Happiness is and you will also know the Cosmic Purity to which I have reference.

When This is within Life's Power to give to you, when It is within the Desire of your Hearts, when It is a Part of the Manifestation of the Fulfillment of the Divine Plan, just BE My Love and Purity to all. Make yourselves the blazing, blazing Cosmic Blessing of Purity which will entitle you to be assisted to use every Power of your Life Stream. Be enfolded in the Powers of the Ascended Masters to assist the rest of mankind to look to the "Presence" and the Ascended Ones and realize where the Source of Assistance is and the Power which is Their Freedom and Victory to use.

My Beloved, Precious Ones, accept My Cosmic Mantle of Cosmic Purity made of the Flame, the Seven-Fold Flame from My Octave of Light. FEEL It about you! Become aware of Its Presence and know Its Protection about you shall be Invincible, because "I AM" the Flame of Cosmic Purity which burns out of the Universe everything unlike My Perfection.

May I remind you also to qualify all the Purity which you call forth with that Cosmic Love and Cosmic Happiness so you may radiate It with such Power that the rest of mankind see your Joy and wanting your Joy will not receive your Purity, but rather, loving to come into your presence and begin to become

like you, at least to make conscious effort toward the Light.

You can be as Pure as the driven snow, as Joyous as the Angels and as Invincible as the Great Central Sun; and yet walk the Earth and be such an Ocean of Blessings and Kindness to all that they will realize it pays to become Pure and make an effort to enter into Life's Heart and BE the Fulfillment of the Law unto the Ascension.

Oh, My Precious Ones, the opportunities are so Infinite before you, and the task is not as great as you might feel, for with these Dictations – there is not One which has been given, which has not withdrawn from you much substance that would have been a far greater struggle if Our Love were not so great that It drew away that which was not Self-Luminous.

Purity does not mean a long-faced sanctimonious attitude. It is just the great Enjoyment of everything which is Good in the Universe, and the absolute, inflexible Decision that you will not let your energy be qualified with anything that makes you less than Self-Luminous, Invincible and Happy for Eternity. Then can you be an Ever-Expanding Ocean of such Blessings and such Happiness you will wonder that there ever could have been a shadow of discouragement.

I showed you the two Pictures. You may arise and have everything the Seven Mighty Elohim have to offer, and this is more than your intellect can comprehend; or you may look again and stay – only God knows how long – in human distress. I would that you would listen to Me this day! I offer you the Flame of My Cosmic Purity. I want It to enter in and give you My Blessings and make you My Luminous Presence of those Blessings to all Life until all are My Cosmic Purity. It can be done! We would love to do It through you, and you may have Us as your Guests, as your Friends whenever you will. We stand ready to answer every Call to expand Purity, Blessings and Love to all. We are no farther away than your own Heart and you may have All that is Ours forever.

Come up as We are and show the world Happiness it has never known since the end of the Second Golden Age. You are Our only Hope, My Blessed Ones! The people who do not know

this Law cannot stand Our Pressure of the Flame. You are all We have to work through to purify a World that has almost become complete shadows. Won't you become My Heart and let My Love light you and the World; and once again see the Great Beings face to face as in those aeons long past when the Ascended Ones and mankind walked the Earth together day after day as you do with each other? It can be! With your Love and Decision, It shall be and I will love you until you want Me and Cosmic Purity!

I bid you adieu, but I may not say good-by, for I shall abide in the memory of your feelings until My Purity has given you all and there is nought else. I thank you.
