

## BELOVED MERU'S DISCOURSE

THE LODGE

September 24, 1944

Sunday Afternoon

BELOVED FRIENDS OF AMERICA, Friends of America's Light, Guardians of Her Freedom, I come to bring the Radiance from that part of the Americas which is offering now the Cosmic Powers of Light, over which "I AM" the Authority, to hold Balance and the Victory of the Light everywhere.

South America is the repository of much Reserve Light for the Protection of the Three Americas. She is the Focus of Great Light within her borders. Great Wealth and Mighty Plans of Perfection shall bring forth their Manifestations and their Fulfillment in South America and Central America at the appointed time, but she needs your guard, like North America, against those activities that are not of the Light.

Much that should never have manifested on the Earth is trying to claw upon South America and because of certain conditions of the past wherein unfortunate things took place down there, We must stand guard; but I for one AM determined the wealth in South America shall not go to supply the war beast and the sinister force with any more sustaining substance. There are some diabolical plans that they want to bring forth in South America, the same as they have in North America, but there are certain Focuses of Light down there which have been there for centuries, and that Light is Eternal. It is anchored there Eternally. So I want you to feel that the Light in the "Cup" of South America is calling to the Light in the "Cup" of North America and that in Central America, until the three Mighty Outpourings become the One "Cup of Light" — the Heart of Light to the rest of the Earth.

The day will come when I will show you within the structure of the Earth wealth and beauty which you never dreamed were on the Planet, but which are held in trust by Life for the accomplishment of certain things in the Incoming Cycle.

The sinister force knows that wealth is there and, of course, is clawing to draw it forth and use it for destructive purposes. The Divine Plan of Life and the Cosmic Law shall act otherwise.

Because of that tremendous wealth which the sinister force is aware of, it has been necessary to hold a strong guard over many things in South America. As your Beloved Goddess of Light asked for you to make the Call occasionally for the correction of conditions down there, so do I add My Plea to Hers and to Beloved Nada's to always consider when you call forth for the United States of America or North America, that you always include the Three Americas. Just get in the habit of feeling they are one, for in Reality they are, and while there is a great deal of wealth in certain other portions of the World, yet that which has been placed in the Three Americas, is to bring forth the beginning of those Manifestations on the Earth which will eventually outpicture the Beauty and Perfection of the Divine Way of Life.

The time is not so far distant when some of mankind, I do not say all at this particular time, but some of mankind must come into the Use of the Power of Precipitation and Etherealization; but remember this, whenever that Power is delegated to an individual or a few of them, It is for the Blessing of the entire World. Now if you who understand This Law will remember that when the hour comes for the Power of Precipitation to be released into outer action through yourselves, that It is a Trust which your "Mighty I AM Presence" and that from the Great Central Sun and the Physical Sun give you for the upliftment of the whole. For this reason a few must lead the way, but the majority of the Power which will be released through that activity is not so much for the supply of what you might need, as it is to bring into concentrated form in the lower atmosphere of Earth the Cosmic Light-Substance which is absolutely Pure from the Higher Atmosphere. It is to draw That into condensation and then bring It onto the surface of the Earth as a receptacle into which the "Presence" — the "Mighty I AM Presence" and the Ascended Masters — can focus at various points into the physical structure of the Earth a more Intense Action of the Cosmic Light and the Sacred Fire to be

sustained permanently, and to which mankind can come at any time in the outer world, and through their love and devotion and attention to It, receive of Its Radiance; and dissolve more of their limitations and more quickly dissolve their problems.

You see when Precipitation comes forth you will draw rather rapidly into this physical octave the condensation of those Points of Light which are in the atmosphere. Well, you know there is a great deal of difference in the Manifestation of your electric current between 110-volt wire and perhaps your 4400 that comes through here. There will be a great deal in the Manifestation. The more concentrated that electric force comes, the greater is Its Power or Radiation; and It compels a change of Manifestation in whatever passes through Its force field.

Now the same thing is true of Precipitated Substance. It always emits a Light of Its Own — not that the human eye always sees It, but it can be made to. It can be qualified that way if you wish, but whether you do or not, there is always a certain Radiation which goes forth from Precipitated Substance which does not go forth with the same power and intensity in your physical structure of the Earth. Now those through whose bodies the Power of Precipitation is to come must have assured Life, at least to a certain point, that there is no slightest desire within that Life Stream to ever use that Power now for anything except the return of mankind into the Conscious Knowledge of the “I AM,” and to lift their attention and help purify their bodies more quickly to the point where through their own application it will take them the rest of the way to their Ascension.

Now just as in various parts of the World there has been drawn forth a certain Focus of the Unfed Flame to be maintained for centuries whose Radiation keeps consumed a certain amount of the discord, so will this Precipitated Substance which comes forth at your Command, carry that Power into the atmosphere about you.

Now there are certain melodies as well as certain breaths which can be charged forth continually until you would see form in the atmosphere and draw into a Focus the Cosmic Light-Substance which would produce some specific Mani-

festation which was to give forth Its Blessing to all who gazed upon It, just exactly as you see a snowstorm, My Dear Ones. As you see that snowstorm out of the cloud, or that moisture condenses into those patterns of Beauty and the Purity of the snowflake — just so from the upper atmosphere will there gather these particles of Light which you see — the Electrons in the atmosphere — and come into a definite form and then lower into that substance which is tangible to your physical senses, and then will be placed somewhere as a sustained Power of Radiation. Just as ice and snow condense and can be established at a certain place and held there for a certain length of time until their Radiation has gone forth to fulfill the Divine Plan, just so will This Substance come forth.

This is not just necessarily to provide your clothing, food, buildings and manifestations. While this will be part of it, and it will be very enjoyable, you can give the Command that whatever you draw forth shall always be Imperishable and a Blessing to the Universe forever. But the purpose of your drawing It forth from within your own Life Streams is to be a Raising Action within mankind itself, so that by the Expansion of the Light and the desire for these greater Powers from within a certain number of mankind, it will draw down greater Dispensations of the Cosmic Law for the benefit of the whole.

So if you are to be endowed with these Cosmic Powers of Manifestation which some day you must draw forth from your own Life Streams, try to remember that in the flow of Life's Cosmic Powers and Their Use through you in the understanding and control of the energy and substance about you, it becomes like a Magnet, drawing all the rest of mankind up at least to some degree with an increase of the desire within all Life Streams to have more of the Powers of Life and Light acting through their physical forms.

Therefore, each one, as you draw forth these Cosmic Powers, can assist in raising the rest of mankind to some degree just the same as takes place in every Ascension. The moment one ascends from Earth a certain proportion of the substance of this world has been raised into the Eternal Flame; and in raising

a certain proportion, it has lifted the vibratory action of the whole. So as you release more of the Cosmic Powers of your own Life Stream, while yet unascended, will you draw the desire within mankind — their outer desire — up, and hold their attention upon the Powers of Light; and that will be a leavening influence to the whole.

Then, of course, there is another action which is very important. For a time a certain amount of Precipitated Food might be permitted to certain ones of mankind and this would be a very rapid, raising and purifying activity of the vibratory action of the physical flesh structures as well as the mental and feeling world. So in any of these greater Powers of Life, which you desire to bring forth through your Call to the “Presence” and in which the Ascended Ones might enfold you for any specific accomplishment in drawing forth these greater Powers, the Action is really manifold. It always would be a raising activity to your own Life Stream. It would draw into the physical octave of Earth more of the Substance from the upper Octaves, the Octave of Light; therefore, that would more quickly purify and illumine the atmosphere of Earth. Then as you draw that Substance either as clothing or food into your own bodies or for others, that would again raise the atomic structure and the vibratory action of the mental and feeling world.

Another Activity of It would be that the more you drew of the Beauty and Powers of Perfection from the higher atmosphere of Earth and through Precipitation drew them into the physical world, the more would that Radiation help to purify the Substance of the Earth itself, and releases the Forces of the Elements from the impurity and discord mankind has imposed upon them. So you see, your responsibility in the Use of these Greater Powers of Life is very great. Your opportunity is almost Infinite. The moment you draw one more Power from your “Presence” — your “I AM Presence” and the Ascended Masters — into your bodies, and then use that Power out through your hands and into your affairs, the more of that Light you draw through yourselves and command into Manifes-

tation in the world about you, the more you raise everything on this Earth into the greater Manifestation of Life.

This is why in calling forth these Powers, if I were you, I would ask all of the Cosmic Powers of your own "Mighty I AM Presence" to come now into outer action through you for the Purification, Illumination, Freedom and Victory of the Light for mankind, for all Life upon this Planet; and then consider secondary the activity of producing food, money or clothing. Try to make your motive always in the release of the Cosmic Powers of Life — make your motives always the Purification, Freedom and Illumination of all the Life about you, and all the substance about you; because the Divine Plan, the Divine Purpose of your Life Stream on this Planet is to expand and use in Divine Order the Life, the Substance and the Energy within you and about you.

You, in the physical octave, have been using the physical things of the physical world, have you not? In one lifetime after another, you have built your houses of the materials that were in use at that age. You fed your bodies with the physical food provided. Now you have lived a long while in this physical octave — I mean many lifetimes — and you have been using the substance, the physical substance of the Planet itself and that in the lower atmosphere of Earth. But mankind has not been taught to begin to experiment and reach into the higher atmosphere of Earth wherein the Light and the Substance are of Cosmic Purity and draw your Manifestations there, or draw your substance and energy and consciousness from that which is of the Light, and build through yourselves and in the outer world the Manifestations your Hearts desire to make it the Substance which is already Self-Luminous.

You have been building with the things that have been closest to the surface of the Earth. As you understand more of This Law and the Powers and Perfection which are within your "Mighty I AM Presence" and Higher Mental Bodies, you will automatically have the desire to reach up into the Octave of Light, wherein your Higher Mental Bodies abide, and draw forth more of that Substance and naturally, everything which you call

That into, will begin to become more Luminous, of greater Purity and, therefore, automatically manifest more Harmony and more Fulfillment of the Divine Plan because it contains more Light.

So We would be greatly delighted for you to go on with your Calls for the Powers of Precipitation and Etherealization, and so forth, to come into action through you, but do not fail to specify that you want these Powers for the Purification, Illumination and the Ascension of the rest of mankind. Then you will find that since your attention is on the mass of mankind and your desire is for their greater Blessing, then there must come that Blessing within your own Life Streams which is sixty per cent of the Blessing which goes to all.

Now you might by sheer concentration of your attention and your Commands, draw forth these Powers for a certain gratification of your own desires, but it would only be temporary. That thing could not be allowed to come forth into permanent action unless it were for the upliftment of the whole.

Now then in the wealth which you Blessed Ones require now, or are going to require for these Magnificent Temples which must come forth — and there is not anything in this Universe that should not come onto this physical Planet to produce Beauty, Perfection and to carry this Magnificent Music and Healing Power, and the Illumination and Explanation of the Words, “I AM” — to carry this Instruction to every human being on the Earth. There is no reason in the Universe that everything of Beauty and Perfection in Creation should not come into outer Manifestation to show mankind that those who give Obedience to the Law are blessed and raised by this Law into Greater Freedom, Greater Dominion and Greater Perfection of the Divine Plan fulfilled.

Now there is in the mountains of North, South and Central America, wealth, My Beloved Ones, which could beautify the whole Planet; but the sinister creation around certain individuals might just as well give up now as later. The sooner it gives up, the less its penalty will be, because it is not going to take out of these beloved mountains, wealth for diabolical purposes in the

future. Since the Gods of the Mountains have much to say about the Energy and Substance which is focused there over which They have been made the Guardians, We are saying to you that those who attempt to arrest from Nature the wealth in the mountain ranges of the Americas, will either use it for a Blessing to mankind or every effort shall fail; because a great deal of that Energy and Substance in these mountain ranges just happens to be the Life and the Substance of the Gods of the Mountains. Since that is Our Life — Mine and the Beloved God Tabor's — We have something to say about the destination of the wealth which has taken centuries to form within the Americas. The sinister force does not believe that and will just laugh at you, but I notice one after another pass the same way.

The Law of the last Cycle was such that We dared not interfere with the free will of the individual until the span of opportunity, the span of time that had been allotted by the Cosmic Law, had run its course, and the individual Life Stream been given an opportunity over certain centuries to see how much of the Divine Plan it could fulfill. But when that Cycle closes, then the Cosmic Law is the Authority over all free will of all individuals.

Since you have entered into the Use of the Violet Consuming Flame, you who give conscious acceptance to Beloved Saint Germain's Instruction of the "I AM" can move forward in co-operation with the Cosmic Law; and that which opposes the Authority of the Cosmic Law in the new Cycle is surely darkness indeed. The Life Streams of individuals do not oppose that Law itself, but the human creation. Nevertheless, when the individual will not listen to the "Mighty I AM Presence" and the Higher Mental Body and the Ascended Masters, then the human must learn by very severe experiences.

Now in the South American or Central American portion of this Western Hemisphere, there are some very unusual formations — Wealth and Beauty of Great Magnificence. The Great Cosmic Law in the last Cycle permitted some of that to be brought forth into the outer use, and for a time Great Happiness and Great Light was released. Then when selfishness of Europe

came into South America and the viciousness was perpetrated upon harmonious people, then the door was closed again; and it will remain closed to all individuals whose human creation is so selfish and vicious and so ignorant that it does not know there is something greater than its own desires that controls the Continent.

Now then there are also in South America the Focuses of Great Light, as I told you. The place where the Beloved Goddess of Light had Her Shrine of Glory is still the Focus of the Mighty Healing Flame from Her Life Stream which is greatly intensified since Her Ascension. There are many Centers wherein Great Light and Healing Power have been drawn in South and Central America to offset the viciousness in certain other parts.

The Mighty Power from Beloved Jesus' Life Stream which is drawn into the Statues of Him in South and Central America is each one like a Plant of the Flame of Love from His Heart. That is anchored there and Its Radiation goes forth regardless of all destructive individuals' human creation on Earth. The individuals are really never destructive; it is but the aggregation of energy around them that has been misqualified.

In Central America there is also a Focus of Light to help hold steady the vibratory action there against frightful selfishness and impurity. Now then, as Students of Beloved Saint Germain, in your Conscious Understanding of This Law, the reason the Beloved Goddess of Light, Nada and Myself have asked you to make your Calls for South America is because of the focus of that frightful destructive activity that once took place in the Andes Mountains. While that has been sealed over and those Life Streams have been removed from the Earth, yet I would appreciate deeply if you will give your Decree occasionally, both individually and together, for the annihilation of every destructive etheric record within the Three Americas, within the ground itself. This goes deep sometimes into the structure of the Earth.

"I AM" going to expand that a little further, and I ask you at least while you are here at The Lodge to give the Decree for the annihilation of every destructive record that was ever made

on this Planet by the black magicians. You see, when their Life Streams were taken to the Compound, or their human creation, all the energy that belonged to those Life Streams was withdrawn from the structure of the Earth and the atmosphere of Earth and taken there with them because that was their human creation that had to be consumed. But you have no idea how many destructive etheric records in the atmosphere of Earth that have been there for centuries in the etheric substance of the things they imposed on other Life Streams that are still the focus of the sinister activities of the world to throw people into chaos and destruction, and confuse their minds and their feelings.

Now it is rarely that We make a specific request like this, but I see the desire within your Hearts and you have come so near to This several times in your Calls for the annihilation of destructive etheric records for the incoming children and the younger generation in the United States of America. You have touched on the edge of This, so to speak, so I take the responsibility of leading you a little further to the Light and showing you the opportunity you have in making a Call like that, through which We could act to cleanse much out of the Three Americas which will more rapidly collapse the destructive forces.

Mankind, of course, is going on all the time, the mass of them, building more and more destructive conditions; and destructive etheric records are the patterns that constantly allow that substance and energy to accumulate in certain localities, and continue to sustain destructive activities. But if their destructive etheric records, that the black magicians had suggested and imposed as habits — destructive habits — into the mental and feeling world of the Life Streams that they touched in the past, were consumed from the atmosphere of Earth in those localities, you would be amazed at the speed with which mankind would awaken and reach up to this Light.

There is a Cosmic Action of the Law which I want you to understand in releasing them from those destructive etheric records, and thus enabling the desire in every Life Stream to

come forth with less obstruction to reach to the Light, they would automatically reach to this Activity – Beloved Saint Germain’s “I AM” Activity. Why? Because your Decrees for the annihilation of these destructive etheric records, having been the channel through which they were released from that pressure, the “Mighty I AM Presence” and Higher Mental Body of each one would automatically draw their attention to Beloved Saint Germain’s “I AM” Activities as an Expansion of the Law, and the explanation of the things they want to know, rather than some other channel. Because, since your Calls would be the channel through which they were set Free, naturally their attention would automatically go to the channel which gave the explanation through which their Freedom came.

So try and understand this Cosmic Action, because this same thing will be true of the incoming children. Since the Call has come forth from Beloved Saint Germain’s “I AM” Activities for the greater Freedom for the incoming Life Streams that they may come in and be freed from all destructive etheric records, then as they come into embodiment up to the time they are two or three years of age, the “Mighty I AM Presence” and Higher Mental Body of those Life Streams will automatically lead them into channels where the “I AM” Instruction is being given, and there they will anchor, because that is the Gratitude of the “Mighty I AM Presence” and Higher Mental Body of each Life Stream for your Calls for Its Greater Freedom, Greater Purity and Protection.

The same thing is true of your Beloved Central America; “I AM” going to say your Beloved Central America, because all of you have been embodied there at some time, so you are just as much native of South and Central America as you are North America. It might not seem so in this embodiment, but you don’t know what is in that Causal Body of yours. There abides all Substance and Energy which you used constructively in South and Central America when you were embodied there; so who can tell Me how much of you has come from South America, or any other place of the Earth.

Now remember, at the end of each embodiment, all the

energy and substance which have been constructively used in that Lifetime are raised into the Causal Body. Therefore, you have drawn certain physical substance from the physical structure of Earth, through the physical, or certain energy into the atmosphere of any particular country in which you have embodied in your Constructive Activities of that Lifetime. You drew some of the substance and energy from that locality into your Causal Body; and who can tell Me from what portion of the Earth has come the substance and the energy in each one of your Causal Bodies?

That is why you can be the authority, and why you are the authority in your "I AM" Commands for the Love and Blessing of your Life Stream in the Cosmic Power of the Sacred Fire, to go into any portion of the Earth wherein you have ever abided, and plant there the Flame of Love from your Hearts, and command It to grow and compel the Freedom for the people of that Nation, regardless of how long past that embodiment was.

You are one with the mental and feeling world of mankind in more ways than you know. There is one Substance, one Life, one Energy, one Consciousness, one Life that you use, and all use; and the use of your own Life is the only means of Manifestation you have to produce anything in your experience life. The only means anybody or anything on the Planet has to produce Manifestation is by the use of each one's own Life. Well, since your Life has chosen to take embodiments in the various Nations of the World throughout the centuries past, then it is as if you, a Being of the Unfed Flame coming into the atmosphere of this World to fulfill Its Divine Plan, alighted here and lived a while, and gave your Light, Love and Blessing and took some of that portion of the Earth up into the Permanent Action of the Sacred Fire, and then you touched here and there like a butterfly, lighting upon this flower and that flower and taking some of its substance into its own realm. You have touched the Earth, your Life Streams have — and "I AM" speaking of you now as a Being of the Sacred Fire. Your Flame of Life has touched the substance of this world in many places in many Lifetimes, and each time you have drawn some sub-

stance and some energy and used it constructively; and your Causal Body has drawn that into Itself at the end of each Lifetime. Then again when you come in contact with those same localities, or those same countries, there is always an Activity of the Sacred Fire which you can draw forth at your Conscious Command that is a part of that Nation, and you can command that Flame to go forth and set the rest of Life there free.

Once you understand This Law and comprehend the Cosmic Law under which all mankind is acting, that is why you are the authority to command certain Protection for South America; and it is just as much to your interest to keep out of South America the destructive activity as it is out of the United States of America.

If your Life Stream once thought that It wished to fulfill some of Its Divine Plan on that part of the Earth and gave you an embodiment there, it is because you may become an authority now to command the Divine Plan for that portion of the World to be fulfilled; and command the annihilation of all that wants to interfere with it, whether that be the Nation of the United States of America or some other Nation.

In the Authority of the "I AM"; in the Authority of the Ascended Masters' Consciousness; in the Authority of the "Mighty I AM Presence" and Higher Mental Body of everybody on this Earth; in the Name of the Sacred Fire which none can put out; in the Name of "The Light of God that never fails"; in the Name of your Mighty Helios; in the Name of the Great Central Sun; all great Beings and Authorities of Life, you have always the right to command the annihilation of every destructive activity and etheric record in the Nations in which you have embodied in the past, as well as the present. You also have the right to command that wherever your feet tread the substance of this Planet, you are the authority and the Sacred Fire, the Flame of Life in your own Heart, to command Life set free from all that is human.

Now if you will remember some of the early Discourses, your Beloved Saint Germain said to you that those rays to the Earth which were made permanent to the center of the Earth —

one enters at Lake Titicaca near which is Our Retreat, and the other at Shamballa. Now those Two Great Cosmic Rays to this Earth are not the same as the Poles or the Pillar of Force that goes through the Earth from North to South. Those Permanent Rays, Those Rays of Light which were made permanent at the time of that Dictation, come at right angles to the Pole, and you must understand that there is some great Cosmic Action to the Planet itself when those Rays could not be made permanent until after Beloved Saint Germain's Work came forth this time. And when they are made permanent by the Action of the Great Cosmic Law, then you must know that somebody is Authority over all mankind on this Earth.

Beloved Saint Germain also mentioned that one of the entrances to the Center of the Earth was through the Carlsbad Caverns to Beloved Pelleur's Domain. It would not do anybody any good to go down there and insist on forcing their way through to prove whether Beloved Pelleur existed or not. He exists all right. He might give them the shock of their lives, if they get too insistent. "I AM" sure He will; but when We have watched for many centuries the stubborn refusal of mankind, even under frightful suffering, to awaken to a desire to fulfill the Divine Plan, then when a group of you have persistently made your application for the purification of yourselves, and you have tried the best you could to give Obedience to This Law, then you have given these marvelous Decrees for the Freedom of the rest of the World, My Dear Ones, do you wonder, do you have any idea of how much We love you?

I wonder if you can comprehend what that means to Us, after We have watched century after century after century; after repeated help has been given and they refuse again to go the Divine Way and fulfill the Divine Plan. To have as many people as there are in This Activity of Beloved Saint Germain's "I AM" Instruction, day after day giving the best they can these Decrees for the Freedom of the whole – and My Dear Ones, I tell you sometimes I think My Heart will burst with Gratitude to that Blessed Saint Germain and Precious Godfre for enabling This to come about, after We have worked so long to get mankind to

the point where they could understand enough to use the Authority of their own Life Streams to command their own Freedom and the Freedom of the rest of Life.

You Dear, Blessed Ones, there is not anything in all Creation We would not do for you to help fulfill the Divine Plan which your Hearts are desiring to bring forth in this blessed locality, as well as every other Nation; and oh, that every home on Earth and every church on the Planet had the Purity of this Crystal Cup Lodge. One day, of course, it will; but We would like so much to see it now. Your America, the Three Americas, could be a Garden Spot like the Ascended Masters' Octave. We are so grateful to you Precious, Precious Ones of the Light. Try to feel the moment you even speak Our Names, Our Love shall rush to enfold you; and I want you to feel Our Gratitude individually to you, each one, and to all of you together for every Call you make for the Greater Freedom of mankind in the Americas, and then throughout the World.

Oh, My Dear Ones, We will do everything you will let Us do to protect you and help you and bless you and fulfill your every Heart's desire to bring This Freedom to mankind which We have hoped and worked for so long. My Dear Ones, there is more Wealth in the mountain ranges than you ever need, to build Temples to the Light in every city, town and hamlet on the Planet, and to release this Music which sets Free happily and permanently through the Use of the Sacred Fire.

Oh, the Jewels, the Wealth in South America which could decorate your Music Temple with Beauty unspeakable, and through which the Beings of the Elements and the Cosmic Beings would flash Flames of Living Fire which would bring you to your knees in Gratitude and Adoration! The Beauty and the Wealth which is held in trust for that time when mankind's selfishness and destructive impulses have been removed or the majority of it, then will these Blessings come forth under your direction as a Mighty Focus through which Manifestations of the Sacred Fire through your Music, will bring Joy unspeakable to Life everywhere on this Earth. We live for that accomplishment! I give you a slight glimpse of the Victory which is ahead of you,

and your opportunity is so great, because your Love has been so great.

My Dear Ones, I wonder if you understand just what – do you realize what it means, what influence you have on each other and what influence you can have on all Life, on all beings of Life on this Earth, through your Conscious Acceptance and Use in your Authority of your own “Mighty I AM Presence” and the Sacred Fire?

Do you know what it means, Precious Ones, in this “I AM” Activity of Beloved Saint Germain to establish the habit among the student body in even the writing of their letters, of giving acknowledgment to the “I AM” and the Blessings they write constantly as the Words of the Ascended Masters have been given in Blessing and Gratitude and recognition of These Great Cosmic Beings and Powers of Life’s Perfection. And as that has been given again and again by various Ones of the Ascended Masters to the student body, and they take those phrases up and write them in their letters and continue to record their Blessings to Life, to each other and to the Messenger; as their Love and Gratitude come back for the Blessings which have been sent forth, do you know what that means in the Substance of this Earth to have even some of mankind use those Great Cosmic Beings’ Phrases and Blessings from Their Octave of Light into the physical structure of Earth, and send that broadcast through your mail, even though some of them think they have denied you the right? I smile.

Oh, My Dear Ones, purify yourselves! Call forth these Powers; and if need be We could send your letters through the atmosphere, and who could stop that? Beloved Aries would not, and who could stop the Ascended Host! The silly individuals in certain governments of this World are really amusing. The British Government tried this same thing against Madame Blavatsky, and a lot of good it did them. It was dropped in her lap out of the atmosphere any time Beloved Morya and Kuthumi wanted to send them, and she got letters from the students; and did not need planes nor trains. Do you think your Beloved Saint Germain or Godfre has any less Power? Not now! Life has

Infinite Ways of doing everything that human beings think they cannot do. I smile; and if you were to precipitate, then they really would be worried; but We are about to illumine them rather than worry them. They need it more.

Remember, your Beloved Nada is Authority with Beloved Saint Germain in bringing forth certain Manifestations in the United States of America. She is certain Authority, My Beloved Ones, in the Government of the United States of America. She has not said that Herself, so "I AM" illumining something concerning Her. Your Beloved Nada has certain Cosmic Authority in the United States of America and with Me in South America, and that includes Central America. She is an Architect, a Divine Architect, if you please, of Beauty and Power which are Almighty. I think She can give you some very wonderful ideas concerning your Temples, your Homes and Schools and Cities of Light. She is very expert in designing beautiful things.

So in asking for some of your assistance, or rather I ask you to remember South America as just part of the Heart of the World; and when you think even of the United States of America, just consider the Three Americas the Heart of the World. And whether it be in your election or where the other Nations have elections, just apply It to all; and We can amplify that with every Action of the Sacred Fire required, because the mental and feeling world of the people of the Three Americas is the same. They all came over here for Freedom. They all came over here to love God as they pleased. They have all come over here because they belonged here. Their Life Streams have been here before, and those Life Streams were the Light who guarded this portion of the Earth in centuries past when every discord built to a certain point, and the same Life Streams are guarding now the Three Americas. Whenever vicious forces threaten the Heart of the World, the same Vanguard of Light stands at attention, moves into embodiment and gives their Life for the Protection of the Life of the World. Do you feel that current?

You have given your Life many times, your Life's Energy, and even sometimes your physical embodiment for the protection of the Light in various parts of the World, whenever the

sinister force sought to do too much damage. Century after century the same group of Life Streams has stood by to protect and expand the Light. This time, having anchored in the Heart of the World itself, because the Heart was in the gravest danger, and this time will your Life Streams' Full Power of the Sacred Fire and Cosmic Authority, if you will call It forth, stand guard over the Three Americas and command, if need be, the Cosmic Light-Substance to cover the landed surface of the Three Americas and shut off all that is not of the Light.

And I want to say just a little concerning those Rays of Light which were made permanent to the Earth – Two of Them. Since that Stream of Light-Substance and Energy and a certain Activity of the Flame passes through Our Retreat near Lake Titicaca, then "I AM" privileged to draw certain Cosmic Currents from There to stabilize the Americas; and as you Beloved Ones of Saint Germain's "I AM" Family have given your Calls for the Protection of South America; and as Our Beloved Goddess of Light rendered Her Service to help free North America, so shall that Cosmic Light Ray, which enters the Earth through that portion of the Americas, spread Its Radiance and enfold them all; and may We move through the structure of the Earth – or rather, the Radiation move through – and hold command by the Powers of Light over every destructive force that attempts to reach the Three Americas, their people, their resources or those of their blessed ones in the National Defense scattered throughout the World.

I think it will not be a great while until there will come into your outer use, the way and means of speaking to Us through physical means, and when that comes into the outer, then there must be a strong focus in the locality wherever those instruments are permitted to be used. This is the purpose – one purpose – of drawing the Power of this Crystal Cup Lodge. That Cup offers as It does, the supply of all Life's Gifts to mankind of this Earth. You may draw forth within It, Wonders and Blessings which belong permanently to the Incoming Golden Age.

So, My Beloved Ones, in enfolding you in the Heart Flame

of My Life Stream and those Who assist Me in South America, I convey to you the Love and Gratitude of all Powers and Beings of Light Who are concerned with the Destiny of South and Central America.

There is another Blessing which I wish to convey to you, and acknowledgment; and this is personally to those who are here individually and collectively. The Brothers of the Golden Robe, Who are the Representatives from the Physical Sun Who draw that Power onto this Earth, abide within the City of White in South America. I convey to you Their Love, Their Gratitude and Their Blessings for the Calls you have already made, and the recognition which this Messenger has given to Their Presence many times. May the Peace and the Healing Flame which They direct, come to your Beloved North America quickly and cover Central and South America. May Their Cosmic Flame of Cosmic Peace from the Physical Sun, and Their Cosmic Healing Power sweep over these Beloved Americas; and blaze until all substance has become the Peace and Purity and Freedom of Their Hearts. Then may that Radiance expand until It covers the rest of the World and makes Peace Eternal upon the Earth.

The Elohim of Peace and the Brothers of the Golden Robe, abiding upon the surface of the Earth of the Three Americas, means the Expansion of the Golden Flame within this portion of the World until the Permanent Golden Age has been out-pictured in the Americas; and the Radiation from That enfolds the rest of the Earth to its Eternal Freedom. I convey to you Their Love, Their Gratitude and Their Blessings. Give Them acceptance and Love; and call Their Golden Flame into action to heal and to give Peace to all. They are what you might call the Family of the Elohim of Peace. May you become His Children also, and They, as your Elder Brothers, show you Their Pathway of Peace through the Golden Flame of Healing Love from Mighty Helios and the Seven Mighty Elohim.

Oh, it is so wonderful, My Dear Ones, to feel the Great Family of Life — the Great, Great Family, each one a Flame of Life from that Great Source; and each fulfilling the Divine Plan in the Mightiest Joy of all Creation. It is a Joy and a Privilege to

set Life free and raise all Life into the Flame of Love from Our Hearts to hold Peace Eternal. The Goddess of Light from South America gave you Her Blessing; and Her Beloved South America still stands to give more Blessings to the Earth by recognition of those Cosmic Beings Who abide to flood the Earth with the Perfection of the Golden Age forever.

Thank you, Beloved Ones, Beloved Ones, Beloved Ones of America and Children of the Elohim of Peace. "I AM" the Bearer of Their Love to you; and with the Beloved Nada, may We bring forth such an Expansion of this Flame through each one that your every Heart's Call will produce Manifestations even as you think the plan through to Perfection. You shall have every Blessing from Our Beloved South and Central America; and I know your Hearts will not forget the Calls We ask you to make.

Thank you, Beloved of the Light! Thank you, Beloved Saint Germain's "I AM" Family of Cosmic Peace. Abide within It! BE Its Flame to all Life; and oh, you shall know the Fullness of Beloved Saint Germain's Love and Freedom and Victory in Its Cosmic Power forever.

Thank you, Precious Ones, forever.

#### BELOVED GOD MERU:

"I bring you greetings from the Great Master or God Meru, whose Messenger is Nada. He is to the one great mountain of this Earth, whose mystery shall one day be explained, as the Master Himalaya is to the Himalayan range. . . ." (Vol. III, Page 195)

NOTES: "Q: Is the God Meru large of stature?

A: The God Meru is about seven feet and of the most wonderful proportion. The God Himalaya is about seven feet two inches. The God Tabor is about eight feet. He comes from a very, very ancient race of people." (Vol. III, Pg. 265)
