

BELOVED GODDESS OF PURITY

CHICAGO, ILLINOIS

JANUARY 28, 1945

Afternoon

BELOVED ONES OF THE LIGHT, as I come to you this afternoon through the atmosphere of Earth, I offer again the Cosmic Flame of Cosmic Purity from Heights of Transcendent Power to enfold you, to assist you, to go before you and purify all things as you give Me your attention and make your call for the Purity, the Cosmic Purity of Life's Authority and Perfection to come into this physical octave and undo that which is mankind's unfortunate creation.

I have something of importance to turn your attention to this afternoon, and I want to try to make you realize deeply what it means to live under the All-Seeing-Eye of God! The Mighty Cyclopea, your own "Mighty I AM Presence" through Its Higher Mental Body, the Great Ascended Masters, the Angelic Host and the Great Cosmic Beings have guarded throughout the centuries the Activities of Life upon this Planet. They have watched every Life Stream. They have watched the struggle of the Unfed Flame in the Heart to expand and illumine the brain, consume the human concepts and blaze the Light within the brain structure so that individuals may more quickly sense and understand the Divine Plan and what is required to fulfill It.

Only impurity has ever cast a shadow between even your physical sight and your "Mighty I AM Presence," the Higher Mental Body or the Ascended Host. Nothing, My Loved Ones, but impurity in thought and feeling has ever produced a condition in any human being that has shut out the sight of your "Glorious Mighty I AM Presence," the Ascended Masters, the Angelic Host or even the Beings of the Elements. Were your feeling world entirely purified, you would have no trouble seeing the Beings of the Air Element flooding in the atmosphere about you. You would have no trouble in seeing the Beings of Nature working with the Plant Life of the Planet. You would have no trouble seeing within the structure of the Earth and watching

the growth of the minerals and the metals and the glorious Perfection which is their ultimate destiny.

You do not see these Inner Actions of Life because you think you can do things and someone not know what you do. I have come to disillusion you this afternoon, if you hear Me. You may have ears; you may hear My Words, but you still may not hear Me in your feelings. If your feeling world is determined to play around with the amusement of the physical senses, and have your own way and not carry your responsibility to Life in the Fulfillment of Its Divine Plan, then you will not hear what I say. You may hear My Words, but your mind will not know what I mean, and your feelings will not comprehend enough to change the habits which have been yours in the past.

Therefore, I have come to give you the worded explanation, and with it My Radiance to help clear away the feeling of substance in your emotional bodies and the substance in the brain structure that forms the limitations that are yours, in mind, in body and in your affairs this hour. Remember, every limitation in your world is an impurity to Us. Every thought and feeling that you can do something in secret and those about you not know what is going on, is a shadow to Us. People do not yet understand what this Messenger has said so many times. People see in their feelings as well as with their eyes; and many times individuals think that because they say something when another is not present that the other person does not know what is being said, but the feelings know. You know when someone about you is irritated. You feel that pressure. Well why wouldn't the other person feel yours whether it be of deceit, irritation, deception or whatever it is?

I want to show you this afternoon that Absolute Purity in your feelings means the Unlimited Use of the All-Seeing-Eye of God in Its Cosmic Power of Infinite Protection for yourselves, your Nation and your loved ones. Oh, if mankind would only be honest with Life and realize that they are here in this physical world, in these physical bodies, to fulfill only the Divine Plan. And the Divine Plan is what? To produce Perfection every moment in your waking consciousness no matter what you do or where you are or what is going on about you.

Unless you produce Perfection every waking moment and fulfill the Divine Plan then you are not honest with Life. Unless what you do is done harmoniously, it cannot fulfill the Divine Plan because the Divine Plan does not contain a discord of any kind any more than a magnificent piece of music, if properly written, would contain discord; because if it contained discord it would not be music. Just so is it with Us. The Divine Plan does not contain discord or imperfection of any kind, and when you fulfill the Divine Plan, you will never again in this embodiment be unkind to any human being, not even to the Plant Life or the substance that you contact.

Kindness is the fundamental of the Harmony of the Divine Plan; and kindness is Light, is illumination to Us.

Wherever there is poured forth from your feeling world an intense feeling of kindness to those about you, that is shown to Us as a Radiance of Light about your physical bodies. Sometimes that extends as far as fifty feet around your physical form, and when We see That, it brings Us very great Joy. But, Oh, My Loved Ones, when We have watched your Light expand and expand for some time then suddenly a shadow passes across that Light and dims Its Radiance again, to Us that means We must just recede — We must just wait again. We have waited so long, My Loved Ones, We have waited SO long for mankind to purify themselves, or even desire Purity in the physical octave.

I waited so long within the Great Great Silence for the Call from some unascended beings to come into the physical atmosphere of Earth again and try to explain through the action of the Law of Love, the Light that We offer to the Freedom of all. I would not like to remind you of the number of centuries I was in the Great Silence when mankind did not want Me. I was driven from the Earth because of mankind's impurity and it was only after Beloved Saint Germain — may all Powers of Light bless Him for Eternity — when He brought the Use of the Violet Flame that He awakened here and there among the Student Body those who wanted Purity once again, so that there came to Me a Call from the feelings of enough of mankind to draw Me once again into the atmosphere of Earth.

Why do you think I abide over the Arizona Desert? Why do you think I selected that place as My Focus to pour forth Purity? Because the Intense Rays from the Physical Sun have brought a powerful, Purifying Action there and the upper atmosphere over the Arizona Desert has less resistance and impurity in it than over your large cities; but I come into the atmosphere of your cities and bring the Purity which must come. Thanks to you for your marvelous Calls and your Decrees for the Blue Lightning of Cosmic Purity, for that enables Me, My Loved Ones, to render Service to America which is this hour Her safe-guard. Because you have been willing to release That which has guarded your Nation, do We come to guard you individually against the impurity of the outer world.

Do not weary in well-doing; I know it is not an easy thing to move day in and day out in the filth that is thrown off from other human beings, but if you suffer, if you struggle under limitation and if that is unpleasant to you, what do you think is the feeling of the Beings of the Four Elements? The Beings of Nature Who have carried mankind's discord for so long, and some of those Beings, when, because of Their service to Beloved Saint Germain, were offered Immortality by certain Ones of the Ascended Masters, Himself included, those little Beings argued with Him and said: "No, they would rather cease to be than ever become as vicious as mankind." They refused Immortality because of mankind's disobedience. My Loved Ones, mankind's responsibility to the Forces of the Elements is far greater than anyone knows in the unascended state.

Now I come this afternoon to bring you a Release of My Cosmic Substance of Cosmic Purity. While We all use the Fire Element to produce Purity in Its varying Intensities, yet the Mighty Elohim of Purity is the Cosmic Authority and the Director of those Great Cosmic Streams of the Blue Lightning of Cosmic Purity. He is a Friend, My Loved Ones, a Friend to Life, and you will do well never to enter sleep until you have sent Him your Love and Gratitude and ask for His Cosmic Blue Lightning of Cosmic Purity to blaze through your body while you sleep. He can render you Infinite Service which He will love to give.

It is My special Service to the Earth to handle the Substance of Purity. I can condense That about you, My Loved Ones, as tangible as a physical garment, and there are those among you who, if you will give Me your attention and recognition and acceptance, whom one day, may have that Garment as tangible in your hands as your overcoats — just as tangible as any physical garment you have, and that would be tangible to other people's physical senses as well as your own, and It could be taken on or off as you choose.

The precipitation, My Loved Ones, of these Magnificent Things from Our Octave is no effort to Us wherever Life says, "give this added assistance." Oh, My Loved Ones, We are waiting with all the Joy which Love contains, and are ready to bring these Garments into the physical octave to be a Radiance and a Power about you which will enable you to go forward untouched by the conditions around you. There is so much from Our Octave that I want you to know which We can release for your assistance.

My Loved Ones, there has been much Precipitation permitted throughout the centuries to give mankind encouragement and to show them the Action of the Law to see if they would make the conscious effort and want to know the Law and want to give Obedience to It with enough intensity to gain their Victory on the Pathway and Ascend. These Powers are conferred when Purity is maintained. In the Power of Precipitation, My Dear Ones, it does not take anywhere near the Power and Energy to precipitate something which you are to use, than it does to physically grow it and manufacture it.

Mankind is using the hard way in everything they do, the way that was never intended in the Divine Plan. The Divine Plan contains no struggle or effort. It is the breathing forth into outer manifestation with the ease of Love which produces these Manifestations that We control. The Beings of the Elements, when surrounded by the Harmony, enjoy the building of a flower. They do not struggle. They sense and they feel the Love which projects the substance into a thing of Beauty for the Blessing of mankind, even if only for twenty-four hours.

Life is so magnificently Perfect in Its Divine Plan. Only mankind is content to stay in the disorder, the dirt and the impurity of their daily existence. The plant does not struggle up into the Sunshine to produce the flower to give its Blessing to the air in its Fragrance. The Beings, the Great Cosmic Beings Who govern the Element of the Air, do not struggle when They produce Manifestation in the atmosphere of Earth which are things of Beauty and a Focus of Their Radiance to purify the atmosphere and give Their Blessing to mankind. They do not struggle. We do not struggle because We have learned that We live under the All-Seeing-Eye of God. Mankind does not believe that, hence they are in the darkness of their own imaginings.

Mankind's limitations are the darkness of their own imagining, their own imagination, imagining faculties that have created a pattern that was not the Divine Design in the Divine Plan. Now mankind en masse has done this unbridled for thousands and thousands of years. You have placed your feet upon the Pathway of Light. You have been shown the Goal ahead. The Hands of the Ascended Host have held yours and have cut away the wild beasts of the jungle that were following you through the channels of darkness into which you had become enmeshed. The Light is leading you on.

The Ascended Host stand guard with the Angelic Host in Legions uncountable. The Beings of Nature offer you Their Love, Their Purity and Their Perfection, Their Happiness and Their Willingness to co-operate with you and render you great assistance on your upward journey; and at a certain point on the Path, Others beside Myself, have waited to precipitate the Garment to which I refer. They are yours when you remember that the Divine Plan contains no imperfection, no impurity, not one shadow of discord, or distress, or human struggle. Then may you have your Mantle to be your Guard against the radiation of those conditions in the outer world as you choose to go on with your Service to Life and move in the world, but not of it, and lead others onto the Pathway of Light and show them that the darkness is not their master.

The Hearts of mankind always crave the Purity of the

Light. The Seven-Fold Flame in the forehead in everyone's intellect knows the Authority and the Power of the Light. Then what is it that has become the shadows that have held mankind away from their homes in the Light? Just the desire of their own feeling world to imagine that they can live and do things that are unseen by Life. If mankind understood that all above them is Light, and that the Points of Light, the Electronic Force of the Universe, is consciousness and that That is everywhere they move, they would not feel they could hide things from each other.

So the Student Body themselves are far in advance of the rest of mankind. You who know This Law, who have read the Words of the Ascended Masters, you who have used the Great All-Powerful Name of God; you who have spoken the Great Command, know full well in the intellect that you live under the All-Seeing-Eye of your "Presence" and your Higher Mental Body, but the habit in the feeling has many times made you believe that you were alone and someone was not watching.

So today, I want to explain this clearly enough so you may remember wherever you are, above you is the Presence of your own Divinity. Above you in the Octaves of Light are the Ascended Host, the Angelic Host and the Cosmic Beings; and in the very air you breathe, in the atmosphere in which you move are the Beings of the Elements Who see all that you do. So I say to you, the All-Seeing-Eye of God is everywhere and not one thing that mankind has ever done, is doing or ever will do, is not seen by Life, or that is not known by the All-Knowing-Mind of God. Now that is the cause of impurity, because human beings imagine they can do things and not be found out, or that they can do things in secret, but such I assure you is not the case.

We do not come to spy upon you. We don't have to. Your Higher Mental Body knows all you do. But when We come and wish to give you assistance, when We see your Light expanding, We come at the Call of your Higher Mental Body; and when the Higher Mental Body says "I AM" ready to do so and so — when the Higher Mental Body does that — then We stand guard and

hold the forces about you while that Service is being rendered, and add Our Love, Blessing and Cosmic Expansion to that which your own Higher Mental Body chooses to do. So if We are about, please do not think We are snooping. We have just been called by your “Presence” to assist you. We have so much to do at Cosmic Levels, it wouldn’t be a very pleasant occupation to spy upon mankind who choose to get into discord. That is unpleasant to Us. Anyone should reason that through before they think such a thing, but I say to you if you will begin to call for the Cosmic Mantle of the Cosmic Substance of Cosmic Purity which I can gather and weave into a Garment, so to speak, precipitated — I do not have a loom or anything of that sort to weave on — but I can make It look like a woven garment but more beautiful than anything you have ever seen in this world. If I choose to prepare that Garment for those whose Light is growing brighter hourly, and who understand that they live under the All-Seeing-Eye of God, as you accept That and maintain the Expansion of your Light and your Calls for Purity, the hour will strike when It will be presented to you. And from then on, It becomes your insulation against conditions in the outer world in which you might wish to serve to bring the Light and yet by which you will remain untouched. So My Garment is really very practical, a very practical thing to Life. (*Applause, audience rising*) Thank you Precious Ones, I trust one day I shall be privileged to present that Garment to you and you will know then I have kept My Word in My Promise of today. Thank you, and won’t you be seated?

More than a year ago, almost two years now, your Beloved Saint Germain offered you His Mantle of Violet Flame as His Cape of Protection, of Authority and of Power. The Beloved Godfre offered you His Mantle of Obedience and God-Victorious Self-Control. Today, I offer you My Mantle of Cosmic Purity, the Substance of Cosmic Purity which as surely insulates you against the discord of the world about you, as a diver’s suit insulates his physical body in the water in which he moves. It is just as tangible as that, and serves a similar purpose, with the exception that My Mantle of the Substance of Cosmic Purity

radiates into your bodies Its Light and Its Purity. It, therefore, raises the vibratory action of your bodies as well as radiating about you the Repelling Power against discord.

These things are no figment of anyone's imagination. Much Precipitation has been permitted all through the centuries for the encouragement of those ascending on the Pathway of Light, and when you reach a certain point on the Path, it is as natural as breathing and is the next step of your attainment. But it is of no use to crave the Powers of the "Presence" until you have earned the right to wield those Powers and have held your Protection and given the Obedience which enables you to never misuse them. You have all had the Powers of the "Presence" in centuries past. Remember, My Loved Ones, the first two Golden Ages on this Planet, described as the Garden of Eden in your Bible, extended for two million years. In that time mankind had the Use of all the Divine Powers of their own Life Streams; and it was only after repeated defiance to the Requirements of the Cosmic Law of their own Life Streams that those Powers had to be withdrawn from them. Then their willful disobedience bound them in the conditions that you find mankind in today, because their energy had to be used up in some way that was not wholly destructive which it was fast becoming.

Physical work serves a tremendous purpose, because if mankind's energy were not used up in the physical work as they have it today, without this Knowledge of the "I AM," they would go from one frightful destructive thing to another; because an unoccupied mind, if it is allowed to turn its attention to destructive forces, becomes a wide open cyclone that the sinister force simply directs on its pathway of destruction. Now if people will not turn to the Heights, then they are caught in the shadows of the depths.

I come from the Realms of Cosmic Purity. If I can have your attention, your acceptance and your co-operation, I can lead you into Higher and Higher Manifestations of the Light, long, long, long before your Ascension. These things "I AM" speaking of, you can draw into your physical homes today if enough attention and acceptance and application were made and Obedience given.

There is a very important thing I wish to bring to your attention now, and this has very definite, practical application to your daily business affairs, or whatever you do in your daily activities. Whenever you are doing any kind of work that is a cleaning out, clearing away of disorder and impurity that has gathered in any particular place, whenever you clear that out, do not fail to take your dynamic stand that you, in the Name and Authority of your "Mighty I AM Presence," and if you want to, in the Name and Authority of the Mighty Elohim of Purity or Myself or the God of Purity and the Legions and Angels of Purity; or in the Name of the Great Temple of Purity, COMMAND WHATEVER YOU HAVE ALREADY PURIFIED, BE CHARGED WITH OUR COSMIC BLUE LIGHTNING, FLAME AND SUBSTANCE OF COSMIC PURITY; AND DEFINITELY USE THE AUTHORITY OF YOUR OWN LIFE STREAMS TO COMMAND THAT IT SHALL REMAIN PURE FOR ETERNITY. IF YOU REALLY WISH TO ASSIST THE WHOLE PLANET, YOU CAN COMMAND THAT IT BECOME SELF-LUMINOUS AND IMPERISHABLE.

It would only take a moment, or a short time, to set This Habit and apply it to everything whenever you clean out conditions; and as you charge them with dynamic force and relentless determination and the full authority of your own Life Stream, you will be amazed at how a thing you clean remains clean for a certain length of time. In five years' time, Precious Ones, if you would do this with dynamic force, systematically in everything you contact, in five years' time your homes and your garments would remain spotless and nothing except God's Substance would stay where it was not wanted.

These Beings of the Earth, the Water, the Air and the Fire, Who are the Beings of Nature, the Beings of the Four Elements, love you when you pour Love, Happiness, Purity and Kindness to them. They will obey you. They certainly have in the past when you imposed discord upon the Beings of the Elements; then they become distorted creations of your own. They gave you obedience; they did your will and your bidding. They are just as willing, far more so, to do your will when you command

them to produce Beauty, Cleanliness and Perfection, than they are in something that makes them discordant. They appreciate your Love. They feel and enjoy your Love, your Purity and your Harmony.

I wish you might try this out which "I AM" explaining this afternoon, because at the Inner Level, "I AM" drawing away certain concepts from your intellects and certain resistance out of your feelings that unknowingly has been an acceptance of these conditions of limitation in the outer world, as something — well, it is just sort of necessary in the big cities. It is not necessary.

You have been so wonderful in your desire to produce cleanliness that I stand your champion this hour! (*Applause, audience rising*) Thank you, Precious Ones, I appreciate that; won't you be seated please?

"I AM" your Champion, because when We find those among mankind who desire to be clean and who understanding This Law, will command things to remain spotless and immaculately clean, then there are innumerable ways and means by which We can assist you; and there are limitless Beings Who can come and help you attain It and maintain It. We do want That to become a very great assistance to you, and a paramount, outstanding characteristic of all the "I AM" Activities throughout the World — in your bodies, your homes, your clothing, your Sanctuaries, Reading Rooms, your business, your Temples — until everywhere you go there will be that atmosphere about you of spotlessness, immaculate cleanliness, Divine Order, which automatically brings Harmony, Happiness and Prosperity and the clearness of the mind which enables the Full Illumination of the Divine Plan to always come to you before you begin a thing.

You cannot have clear mental concepts in surroundings that are chaotic and discordant. The two do not go together. Discordant, disorderly outer conditions are the result of disordered mentalities and feeling worlds, and the energy that has gone forth has been charged with that disorder and discord. But it does not make any difference what has been in the past; every-

one can stop it, turn about now and have all Perfection which enables more of the greater Powers of Life to come in and serve you. It will enable the Great Beings of Light to come closer to you to enable many, many wonderful things to come into your hands and use, and under your direction for the Assistance you can give your fellow man.

The Inner atmosphere of an individual must be purified first. Now, to most of you that does not mean anything. This Messenger has said that, so did the Beloved Godfre, and the average person has no comprehension of what that means. Well, I have a right to explain this to you since "I AM" concerned with the results. The Inner atmosphere of an individual is the Radiation that We see from the emotional body and the intellect. We see that at the Inner Level just the same as you see a cloud in the sky, casting a shadow out over the lake. It is the Inner atmosphere of the average person that needs the assistance with the Violet Consuming Flame, the Blue Lightning of Cosmic Purity; and I think those Twin Brothers – the Elohim of Purity and your Beloved Saint Germain – are very dear Friends of yours. They are very great Friends of Light to you. (*Applause, audience rising*) Thank you, Precious Ones, I offer that Love to Them and I add Mine to yours and thank Them for everything They do to assist Us all and help you get free. Thank you, and won't you be seated?

I want to show you the specific Action of the various Beings Who are concerned with helping you to Freedom. The Power which the Mighty Elohim of Purity directs in the Use of the Cosmic Blue Lightning of Cosmic Purity is that of a shattering nature. If you are digging in the ground somewhere and the ground is ordinarily soft, you don't have very much trouble getting out what you want; but if you come to hard, solid substance that is in your way, you blast it, don't you? You do something to shatter it apart, break it up in smaller pieces; then you can dig that out, but you could not take the big chunk out itself. If you run into a great big boulder in your land you cannot lift, you break it apart, don't you? So you can get rid of it and your Divine Design takes its place. Just so is it with the

mass accumulation of mankind, in certain cities, in certain localities, even in their physical bodies and in their Inner atmosphere. Because where discord has been held so long in one place it solidifies, gets just as hard as a rock, sometimes harder than steel; and it is the Power of the Blue Lightning from the Mighty Elohim of Purity which is needed in those cases to shatter it apart. Then Beloved Saint Germain's Violet Consuming Flame can consume it much more quickly. And where do you suppose I come in? I build! I like to create Garments of Beauty and Perfection, and Mine are a fashion entirely of their own which the world could well afford to imitate, because I have never yet created a Garment which was not magnificently beautiful and added to the beauty of the wearer — never detracts. This is more than I can say for your present styles, some of them.

You see, if you will remember the words in the Song which the Precious Godfre dedicated to Me, there was a very definite reference made to some of the Substance which I direct where it was described as "your defense in the coming days"; because "I AM" the Director of that Substance. THE SUBSTANCE CAN BE ABSORBED BY YOUR FLESH STRUCTURE, THE ACTUAL ATOMIC STRUCTURE OF YOUR FLESH! THE CELLS OF YOUR BODIES CAN ABSORB THE LIGHT-SUBSTANCE OF MY COSMIC PURITY, just the same as a sponge absorbs water; and in absorbing the water, the cleansing power within the water enters into the sponge and you are able to do with it what you could not do before. Just so it is with My Cosmic Substance of Cosmic Purity.

If there is any part of your body that is in distress and My Substance of Cosmic Purity enters into the cellular structure of that portion of your body, It produces Harmony and Purity in the cells of your flesh structure. Therefore, It enables your body to do what it could not do before. So My Service in giving this Cosmic Light-Substance is a very enjoyable one, which I cannot say so much for your Beloved Saint Germain's Work, or the Mighty Elohim of Purity's — shattering a condition and then bringing it up is not as pleasant as designing and creating, but We all have to do some of everything. Oh, I can direct the Blue

Lightning, too. He is not the only One who uses It. If it is necessary I can direct some, too; but that is not My main Channel of Service. They can create the Substance of Purity also, but each one has His particular keynote which is His Channel of Service because under the Cosmic Law some Great, Selective Intelligence in Their Own Life Streams, owing to some Great Height to which They had attained, becomes the Authority over any special Service They might choose to render over certain Aeons of time.

Beloved Saint Germain, as Angel Deva of the Violet Flame, in accepting the responsibility of cleansing the Earth, as the Chohan of the Seventh Ray, because of certain Powers which He drew forth from His Own Life Stream in His many centuries of Service to mankind, was qualified to render that Service and carry that responsibility to the entire Planet. And you who are His Family of Light who have been with Him so many times through the centuries, you whom He has loved and brought along on the Pathway of Light when the shadows many times were ready to engulf you completely, you are now His Cosmic Legions of Freedom. You are the Bearers of Light. You are the Ambassadors of Freedom. Therefore, you need to know how to use the same Mighty Powers of Life which He uses, since many of you have already experienced, perhaps for a whole Lifetime, the rendering of Service to others wherein you were always clearing out and cleaning up the other person's discord. That is because you belong to His Ambassadors of Freedom, because you cannot have Freedom with impurity and imperfection; but you are not going to do it forever. "I AM" encouraging you today. (*Applause*) Thank you, so much.

You know, you come to the time of graduating from that just as you do from anything else. You might have to do it for quite a while yet, but as the Student Body becomes more and more the Example of the Divine Law – the Fulfillment of the Divine Law in action rather, and the Divine Plan fulfilled – your light will grow brighter; the conditions around you because of that Brighter Light, will become more and more Pure, more and more Invincible, more and more Powerful. So when that reaches

a certain intensity as an example before all mankind, you will be amazed at how all of a sudden, like a great boat were reversing its engines and turning about to go down stream, you will be amazed how the mass of mankind watching you, and watching the Expansion of your Light, your Prosperity and your Powers of Greater Perfection, will all of a sudden in a great rush of Love for that which you have and are attaining — they will be willing to co-operate with you and do the same thing in their own worlds, like a great wave which lifts them on its crest and carries them forward in very much more rapid attainment.

It is like the crack in a dam, and as the leak just begins drop by drop and more and more of the substance is worn away and the pressure becomes greater through that water that is coming through, all of a sudden the whole thing goes down and then the full force of the water rushes through. So it is with this "I AM" Activity. You in the beginning were just like the driving in of a wedge. At first, it takes tremendous concentration of effort and your progress does not seem so fast; but when you come to a certain point, then just sometimes with one more stroke the whole resistance ahead of you is shattered and you move forward to the Fulfillment of the Divine Plan.

You are the Vanguard of the Light to the rest of mankind; and when suddenly they awaken from the sleep of the hypnotic control under which they have struggled for so long — when they do awaken they will rush forward in the acceptance of this Light, with a Power which will delight you greatly and make you understand that it has been worth everything you have ever done to carry this Light until It comes to the point where they will take It up and by their own volition give the Obedience which enables It to set them free — I cannot say en masse, because it would not affect all at once, but it will affect so many that their Light will lead the others on; and you will all go forward to the greater Attainment of the Perfection of the Incoming Golden Age with much less struggle and the Great, Great Joy of seeing the Victory approaching.

So do not weary of well-doing, but rather maintain your

complete Obedience to the Law. Remember that, as you remind yourselves you live constantly under the All-Seeing-Eye of God – just remind the outer feelings and the intellect of what you would do, if when you think you are doing things that nobody knows about, Beloved Jesus or Beloved Saint Germain or the Beloved Godfre or some One of the Ascended Masters Whom you know and love were to suddenly step right through the atmosphere. Ask yourselves if everything you do – would you do it in the Presence of the Beloved Mary? These are your criterions. These are your standards of measurement of your own activities. Would you speak in Her Presence as you do many times in your daily activities?

This, “I AM” sure, will give you Illumination, Precious Ones, which will be reminders to you to check the old habits of feelings that have been binding you and you did not know it. In regard to mentioning the Beloved Mighty Precious Being, the Beloved Mary, I plead, as does the Beloved Nada with the ladies especially, to please, please do not adopt styles that make you look queer and just invite the sinister force to come in and anchor in your world. In reference to what this Messenger has said several times about the younger generation, or any of you, wearing those shawls over you heads; Oh, My Dear Ones, people who represent this “I AM” Activity should not do these things. Could you imagine the Beloved Queen of Light with a shawl, with fringe, over Her Head, or over the Heads of any of those Great Beings?

We do not look like that, and you do not have to. Unascended mankind has so long forgotten the Majesty, the Beauty and the Glory of God’s Way of producing your garments, and they have accepted this thing that has represented only the slavery of the peasantry of the rest of the world; and it does not come from anywhere else. This is the reason “I AM” taking this up with very definite reference to the younger generation; because if the younger generation accepts those things, then do not complain if they come to the conditions of working in the fields and the slavery that they have represented in the outer world. If you wear the badge of slavery, you will

have to slave and that is the badge of slavery, not the Ascended Masters' Beauty, Mastery or Perfection. It is a serious thing for the American people to accept the lowered standards of the rest of the world.

Every effort through every subtle channel is being made to deprave and lower American standards; and if you will understand this Law and stand with Me, We will break this thing and show them Magnificence and Beauty which will make all mankind want to come up and into the Ascended Masters' Octave, instead of degrading into the conditions that have meant nothing but slavery, poverty and limitation to the rest of the world. (*Applause, audience rising*) Thank you, Precious Ones. I thank you for the acceptance of those standards, and I shall stand by and help to bring in the Purity of design and Beauty of garments which belong to the people of America. Thank you, won't you be seated?

I want to say something in regard to your clothing that is very necessary. Do not feel your garments are unimportant. The people under this Radiation, not to satisfy their vanity, not to exploit themselves or anything of the sort, but those under This Radiation should hold the focus of being well-groomed, artistically groomed, as nearly like the Ascended Masters, with some moderation so you do not look queer in the outer world as yet. You see, I say "as yet," until you come to the place where the rest of mankind's consciousness is purified and clear enough so they will love the Beauty, the Purity and Magnificence, the Powerful Things of the Universe, instead of the things in which they are enmeshed today. I want to say to the students who say, "Oh, we cannot get this and we cannot get that." Do not speak those words if you want supply. You can have anything you want. (*Applause, audience rising*) Thank you, Precious Ones, I shall amplify that back to you and remember I do see you. "I AM" part of God's All-Seeing-Eye; and I shall come back to you with that which I want you to have. Thank you, won't you be seated?

Now remember, I represent all that is Pure and Good and Beautiful. Many of you made a Call a year or two ago to

Beloved Saint Germain for some magnificent, beautiful violet material, and you have had a season or two with very lovely violets, haven't you? That came in direct answer to this Messenger's Call, and there were others. Some of you have been calling to the Beloved Nada for some good, clean, pure, beautiful pink in the clothing you shall wear. That, too, shall come. You might as well call for magnificent shoes. Do you know, My Dear Ones, there could come forth materials that would ease the pain in your feet, instead of creating it? There are materials out of which your shoes could be constructed that would be as soothing to your feet as a feather bed. That is some comfort. These things shall come, but you must decree for them. You must call them into outer action; and it is necessary that you be the outpicturing of these things for which you are calling.

"I AM" very definitely, together with your Beloved Nada, concerned with bringing forth the proper kind of clothing which is beautiful, that is comfortable, that stays clean. My Dear Ones, there are already fabrics that have been manufactured more than five years that will not accept soil. Now if they can do it in one piece of material, they can do it with anything. There is no reason with your Calls, Harmony maintained and Purity maintained, but you must demand them. There is no reason you cannot have the most beautiful, lovely things in fabrics that will never soil. Now I know whereof I speak. These things have been in the use of those on Earth before, and will come again; and I want to show you the unlimited Joy in Our Octave. I mentioned this once before in one of the Dictations, that in coming into the atmosphere of Earth, I was amazed when I saw how hard people work to clean their homes because they wanted to change a little decoration, when in Our Temple of Light, if We wish to have a room decorated in Magnificent Jewels and We choose to change the vibratory action for some other service We wish to render, it is no more effort than it is to you with a wave of your hand to change that into some other vibratory action that renders some other service.

Substance, Energy and Consciousness are all obedient to Us

on the instant, because We are Wholly Pure and Obedient Ourselves to that which is greater than Our Own Personal Manifestation. We have the Obedience from the Elements of Life, because We have given Obedience to the Great Central Sun in Eternal Devotion, and so will it be with you. You shall have all the Beauty you want; and it can be made absolutely spotless and immaculate for Eternity and it can grow even more beautiful. Do not the trees grow greater and more beautiful down through the centuries? Why could not your materials and surroundings? They can, if you give them the charge. A rose tree that grows in certain parts of the World to very great height and magnificence in beauty — the older they grow the more beautiful do the blossoms get, and the more beautiful and symmetrical does the tree become. You can have these things, My Dear Ones, but it just means watching out what you image within the consciousness. Do not allow pictures of any kind to remain in your consciousness that are less than the Purity, the Beauty and the Perfection of the Divine Plan fulfilled; for if you do, you will outpicture and experience what they represent. You cannot hold those pictures in secret and not have their manifestation come to pass in the outer.

Now I plead with all of you to intensify your Decrees of the Blue Lightning of Cosmic Purity, and call Beloved Jesus' Sword of Blue Flame, the Cosmic Blue Lightning and Cosmic Purity to strike into all the military camps of the World and annihilate their debauch and it shall be done with your Calls. (*Applause, audience rising*) Thank you, Precious Ones, I accept that and offer it to the Great Ones for the complete release of your Beloved Land from all that is not of the Heart of Purity. Thank you and won't you be seated?

My Dear Ones, this afternoon I want you to feel with Me the Full Cosmic Authority of your own Life Streams and that of the "Mighty I AM Presence" and Higher Mental Body of each individual throughout the World and take your stand with Life everywhere; and in the Authority of your own "I AM Presence" and the Ascended Host, issue your command that this Perfection and Freedom and Victory of the Light for which you call shall

now possess the Earth, and shall reign with Full Power. You can precede that if you wish, “to stand forever on guard”; because the rest of mankind ought to be calling with you in order to render this Service and undo the discord that is of their own generation. But if they won’t do it and We can have a handful of you who will stand inflexible with Us in your Obedience to the Law and your continued Call — well, one with God is a majority, and one with the “Mighty I AM Presence,” as you have heard this Messenger say, is all Authority; because America must be cleansed. There is the Cosmic Law in Its Cosmic Action which will give Dispensations by which this can be brought about to the point where it holds the balance against the discord of the rest of the world until the Incoming Cycle has anchored in far enough to take Its Dominion over all.

Take your stand that you do not yield to anything but the Fulfillment of God’s Divine Plan for America, and that is her Constitutional Government until the Great Ones come forth in Their Visible, Tangible Ascended Master Bodies. You will be amazed, Precious Ones, one day when your Mighty Saint Germain and the Great Divine Director show you the Light which has gone forth from this room over the year past. You would be the most amazed of individuals. You might, in your most intense imaginings think you could gauge what That looked like, but I tell you, you could not unless you have seen It. America this hour owes what constructive action she has at this time to this incessant Power that has been released through your Call, and through the Student Body everywhere throughout the World!

Blessed ones in the National Defense in every nation of the World have stood sometimes alone as a Beacon Light as in the mass of darkness, and yet that Light did not go out. (*Applause, audience rising*) Thank you, Precious Ones. We offer that to your Beloved Saint Germain and all the Great Ones; for with your assistance We have this much Light released in America and throughout the World. Now as you move forward, the Cosmic Light will intensify with greater rapidity and expand that which you have drawn forth; and We bless you forever

because you responded to Our Love and to Our Call. We shall come back to you with every Power of Light the Great Law permits, to do for you what you cannot do for yourselves, and to hold you guarded if you make your Application until the Light has spread and the shadows have been removed forever. Thank you so much, won't you be seated?

Now as We continue to remove more and more of the substance that has become your limitation or the conditions of the outer world in which you move, the Light is breaking the darkness and the darkness must disappear. So just go on with your faces to the Light, and know, My Loved Ones, We stand holding your hand to pour the Light thousands of times when you do not even dream We are near. We love you! These Beloved "I AM" Students under This Radiation are the Beloved of the Ascended Host, because without you, We would have been helpless, and the Earth a mass of chaos.

Never forget what your Mighty Saint Germain said to you, and I think some of the Other Ascended Ones also, that if slaughter is not kept out of America then there would not be enough people left on the Earth except to make one small city. So far that has been held in abeyance. Go on, make your Calls; and We stand guard with you with every breath, to amplify what you send forth. May I issue a warning? Do not let down on your Calls for the annihilation of all munition plants on the Earth, the manufacture of all munitions; and definitely take up your Command for South America. There are plans afoot and munitions already being manufactured there. They want to prod one nation against another and they want to bring war in this hemisphere. With your Calls this thing shall fail and fail utterly. If you will make your Calls, that can be prevented before it can have its own way. (*Applause, audience rising*) Thank you so much. Won't you be seated.

I offer that to the Mighty Meru, the Beloved Nada and the Mighty Goddess of Light, all Three of Whom have very definite Authority in South America, as does the Mighty Master Jesus Himself. Call for His Cosmic Sword of Blue Flame to strike within those munition plants and annihilate their plans before

they can culminate into outer action.

There are three gigantic Statues of the Master Jesus in South America; and that is not by accident. He has certain Authority there over centuries long past, as does the Mighty Meru, the Beloved Nada and the Beloved Goddess of Light. Therefore, let there go forth to South America the Cosmic Blue Lightning of Cosmic Purity from the Mighty Elohim of Purity and the Beloved Master Jesus' Sword; and strike into every plan and war order and all munitions on the continent, and dissolve them as if they had never been, and never again produce the slaughter of the insane beasts of war. Take your stand that the Americas shall be Free, and it shall be established unto you. The sinister force is not Eternal, thank Heaven! But "I AM" and so is the Master Jesus. (*Applause, audience rising*) Thank you, Precious Ones, and while you are standing, I want you to remember just this much more, then We must close. The Mighty Meru, the Mighty Nada and the Mighty Goddess of Light have for long, long centuries held certain authority in South America. "I AM" going to tell you something else. There is a City of White in South America wherein the Representatives from Our Physical Sun, the Brothers of the Golden Robe, have Their Focus of Activity connecting with the Mighty Elohim of Peace, and there is a Focus, which if called forth into outer action, can prevent those plans and orders of the munition makers from coming into action in the Americas. I remind you of this today, because it is necessary to guard them as your Beloved Goddess of Light requested sometime past. Some time ago She asked you not to forget South America, and I would also include Central America, because those forces have sought to weave a network to disturb the Nation whose real Heart's Call for Peace is the same as the early Patriots of the United States of America.

So go on, My Loved Ones, and remember you have Friends of Mighty Power, of Cosmic Power, of Cosmic Authority — remember that! Remember, you live under Their All-Seeing-Eye of God. Let Us move forward to the Victorious Attainment which is Beloved Saint Germain's Freedom for the World. Remember, My Loved Ones, never let down on your Calls for

Purity, any more than you do your Protection or the Use of the Violet Consuming Flame, until you stand Ascended and Free in Our Octave. We need every Call you can give. Forget not your Calls for Purity! Command and insist that the Cosmic Blue Lightning of Cosmic Purity shall possess the Earth, and annihilate all that is not the Purity of the Divine Plan fulfilled for all, in the attainment of the Ascension and the complete Illumination of the Earth and all upon it.

Thank you, My Loved Ones, for this hour. Remember, I shall prepare that Garment and it shall await your acceptance under the command of the Cosmic Law. Go forth! Keep your faces to the Light and remember not your limitations nor problems. Forget the past. Feel it as if it had never been and remember you have all Eternity ahead of you to live in the Light and the Purity, the Beauty and the Perfection of God's Divine Plan fulfilled. Insist on it! Command it! Compel it! BE it; and you are Its Freedom and Its Victory and Its Purity forever.

I thank you. When We return I trust I may come again with all the Love and Substance of Cosmic Purity with which I clothe you this hour. May It become tangible about you, visible to all mankind; and you, abiding within Its Dazzling Presence, rest at Peace and know the Power of Its Light forever!

I thank you.

REMINDER!

GREAT DIVINE DIRECTOR – CD 124

“When your consciousness of your ‘Mighty I AM Presence’ is called into yourselves and into action in your affairs with the Command that everything be raised into Greater Perfection that day, then your Higher Mental Body says: ‘Well, after all these centuries, you have come home, and I will give you all I have; and there are no longer veils between.’ That is more than the outer world can ever offer you.”
