

## BELOVED MARY'S DISCOURSE

OURAY, COLORADO

FEBRUARY 4, 1945

"I AM" SANCTUARY – SUNDAY AFTERNOON

BELOVED ONES OF THE LIGHT, as I come through the atmosphere of Earth on the Flame of My Love to Life, I wish you might hear the Song of Love and Gratitude which arises to Me from those whom I have been privileged to assist. In entering the atmosphere of Earth and touching the surface of the Earth, it is My Desire to expand the Cosmic Healing Flame of My Love to you – you who have become an Open Door through which I may expand again My Love to all Life wherever Life chooses to accept Me.

I want you to feel how close We are. The moment your love comes to Us, Our Love comes back to you on the instant. There is no time and no space in the Consciousness of that Divine Love which "I AM" to all Life; nor is there to your love, when you send it forth to those Ascended Beings, to all in the Octaves of Light, Who live but to dissolve human creation. And now We are going to enter in and show you from Our Standpoint what it means to serve the Light, to heal the World, to consume the shadows and to attain the Victory of Life that fulfills the Divine Plan of all creation; to bring about those conditions which expand Happiness to all Life, whether it be human Life, the Life in the atmosphere of Earth, in the Powers of Nature or wherever you move.

If you are giving Obedience to the Law of your own "Mighty I AM Presence," you will be Our Cosmic Healing Flame of Cosmic Love which expands the Happiness and Perfection of Life in the fulfilling of the Divine Plan wherever you happen to be anywhere in the Universe. I want to release you, some of you, today from an inner tension into which I see so many at this time entering unknowingly, because of the pressure of the air and discord and strain of those in the outer world, among whom you sometimes move. We want to bring an Inner Peace to

you all. We want you to live in the Arms of that Presence of Love, which your own "Mighty I AM Presence" is.

The day that you completely feel held always and clothed in your own "I AM Presence," there will be no more strain in the human form. Strain and tension come in the atomic structure from the sense of fear that is unknowingly a habit in the atomic structure of all mankind. You being a part of that, still retain some of that vibratory action, unless you definitely command the relaxation of absolute fearlessness to reign supreme in your bodies and in your mental and feeling world. It is to bring you this Inner Relaxation today that comes only through your ability to rest within the Flame of Love from your own "Presence," and when you really feel This deeply enough the lines will disappear from your faces, the signs of age will fade from the atomic structure and you will become the embodiment of a Healing Flame of Cosmic Love in which you have learned to rest and be at Peace, because it is the Authority over all Life everywhere in the Universe.

This is the Healing Flame which We consciously direct to envelop individuals who are in distress, whether that distress be in the mental body, in the emotional body, in the atomic structure or in the affairs of mankind. My Loved Ones, all distress of imperfection is a lack of this Cosmic Flame of Cosmic Love which is Life's Fulfillment of Its Own Divine Plan. When you really deep within your feelings acknowledge that everything belongs to your "Presence" and the Ascended Host, that YOU belong to your "Presence," then you will love that "Presence" with enough intensity to draw Its Own Love around you and with such Power that It keeps you relaxed at all times without interruption. That is permanent Healing and that, My Dear Ones, is permanent Forgiveness.

You cannot have your unlimited supply of money or wealth or whatever you desire, you cannot have Indestructible Health, you cannot have uninterrupted and permanent Success without complete forgiveness; and only when your forgiveness is complete will the strain in yourselves be replaced by this Cosmic Healing Flame of Cosmic Love of which I speak.

Now I know as you move among mankind in the outer world, the conditions in the outer world are so out of balance. There is so much distress and so much pressure brought to bear upon everyone in the unascended octave that you do not always feel that Our Cosmic Flame of Cosmic Love can overwhelm the condition you are facing. But I say to you in This Feeling of being held completely within the Arms of your "Presence" and then calling forth Overwhelming Cosmic Oceans of the Cosmic Blue Lightning, Flame, Substance and Miracles of Cosmic Love, you may have any amount of the pressure of energy you require to compel all conditions into Perfection.

May I take up something that is for your protection as you associate with each other. Some people you like and some people you don't like. That seems to be the prevalent atmosphere in the mass of mankind, and while the "I AM" Students are doing very well in the mass, still there is much to be rooted out which this Cosmic Flame of Cosmic Love will do for you when you scarcely know it, if you will begin to set It into action in, through and around yourselves first and then around others with whom you may not agree.

I want to show you how the Ascended Masters look upon Life and how We help unascended mankind to awaken out of their limitations and make conscious effort toward the Fulfillment of their Divine Plan until the Ascension is attained. Every one is full of mistakes. Every one still has much imperfection in the unascended state and what might be one kind of an imperfection in one, will take on some other imperfection in some one else. Now We, remember, are serving Life and when you said that you wanted to serve the Light, you said to Life – I want to serve Perfection, because Light is Perfection. That means the Fulfillment of the Divine Plan.

When you said you wanted to serve Light and Life, which are synonymous, you did not stipulate that you only wanted to serve the people that you got along with harmoniously, did you? You remember that? You did not specify to Life that you only wanted to give your service to those where it was harmonious and comfortable to you. Well, if We had taken that attitude I

know very well some of you would not be as free as you are today. We serve Life because Life is part of Ourselves. We want all Life to be free from all mistakes.

“I AM” going to repeat again today what One of the Great Ones has recently said in Chicago. If you allow your attention to see a mistake in one person here and another mistake in another person there and another mistake in somebody else and another mistake somewhere else, if you allow your attention to see the mistakes in others, you will be the sum total of all the mistakes of everybody whom you have observed and that is a very dangerous thing. That is why your Magnificent Saint Germain has said so often — “Have no opinions but just put Perfection in the place of that about which you would have an opinion.” I say to you, call forth the Cosmic Healing Flame of Cosmic Love in the Mightiest Cosmic Perfection the Universe holds, to take the place in and around an individual who seems to be doing wrong or something that to you seems not to be Perfection.

We can only save America by the amount of Light which is released through the people themselves who are within America. You have been told repeatedly, the God Presence can only do for you what It does through you. The Destiny which guides America can only bring America to the Fulfillment of Her Destiny by the amount of Light and by working through the Light which is within Her people, and every time you see an imperfection in someone else, a shadow has been cast upon your own Light, and at the same time you have cast a shadow upon the Life of the other individual in whom you saw the mistake. We cannot protect America with shadows. We cannot bring your Loved Ones back from overseas by energy that is qualified with shadows. Do you see why “I AM” pleading with you today to be kind to each other just as if you were each one, which you truly are, an arm of the great body of the mass of the American people. Each one of you is a hand of Light that the Ascended Ones can direct through That, or through which the Ascended Ones can direct a Ray of Light to bless and bless and protect America; or if the Light does not flow, becomes a shadow and

more oppression to the people.

Now We from the Ascended Masters' Standpoint are not concerned with your mistakes. We have forgiven you innumerable times — you could not count them. The people in this room, this afternoon — you could not count the times the Ascended Masters have forgiven you all through the centuries, showing We were not interested in your mistakes. We have simply stood watching and every time there was a longing for the Light or a longing for Perfection or a desire to do something great and wonderful and constructive, We have fanned that Light with more Light until it has brought you to the point where you are today. That is why it does not make a bit of difference to Me how many mistakes you have made, "I AM" interested in fulfilling Life's Divine Plan through you and I cannot help that Divine Plan except as I pour My Cosmic Love and Perfection and Protection and Expanding Power upon it, can I?

Now then, supposing you meet twenty people in one day and each one has some quality you do not like. At the end of that day if you allow yourselves to mention that fact or feel it deeply, you have photographed upon the flesh of your own body twenty mistakes, every one of which you do not want, every one of which you dislike, but you have photographed that upon your own flesh structure and into the atmosphere about you. If during that time, you have had ten minutes conversation with someone about someone else's mistakes, and all the time you are breathing that back into your own body, don't you see how the Great Ones, even when They have released the answers to your Calls, how the Fulfillment of that for which you have called cannot reach you through that discord, because — now remember — the Divine Plan contains no discord and therefore, the Divine Plan of your Life Stream, the Divine Plan of America, the Divine Plan for the Life Stream of everyone you contact can only be fulfilled so long as Harmony is maintained.

If you have drawn forth a great deal of Harmony and maintained it over a certain length of time, and you have been decreeing for your financial release or the attainment of something that you are calling for and that is almost ready to come

into outer manifestation to you, unless your Harmony is kept uninterrupted, that Fulfillment of your Call moving toward you cannot and does not connect with your world until that Harmony remains continuous. When you have continuous Harmony, you have continuous expansion of the Divine Plan. When you have continuous Harmony, you have continuous Balance; and the more Balance you have, the more Happiness you have. The more you fulfill the Divine Plan the greater will be your own Light, Power and enjoyment of Perfection.

So if you will take the same attitude to others, to people of the physical world that We have taken to you, you will close the door against one of the most dangerous habits that mankind has that binds them to continued failure. I want to offer My Congratulations to many of you in this audience, because We have watched for some time past the efforts of many of you to consciously overcome fear and you are accomplishing some wonderful Victories, but I offer you My Love and Congratulations with all the Power of My Being, because many, many, many of those waves of fear have been annihilated and you have compelled Courage and Power to take their place.

Now this Service to the Light simply means to go on and on and on, never feeling discouraged; but today in order to release you from a tension which others feel sometimes, I want to show you that even when you are deeply sincere to the Light, if you become too tense you can easily set up a repelling force that drives the very thing you want away from you.

There is another phase, you know when people are intensely sincere to the Light, when they really want to do the best they can, when they want to serve the Light, there may yet be a great deal about them that is imperfect, but no one who sincerely wants to serve the Light is ever denied that opportunity by Us, never. Individuals of that sort may not serve It as perfectly as We would, or as perfectly as some one else, but nevertheless so long as the desire is sincere to serve the Light to the best of their ability, you may not shut the door against that individual, no matter how much more there is within that one to still struggle with and eliminate until the

service becomes complete.

We make a distinction between mild discord, I mean sometimes severe discord that an individual releases, and downright viciousness. When people love the Light and do try to serve it the best they can at the time, they may fall off the perch many times, but each time more Light and more help must be given to strengthen them to the point where they are able to rise above the condition; but when an individual is downright vicious intentionally, then that one's human creation must be handled with very dynamic force.

I want to say to all of you as "I AM" Students and Group Leaders, and ultimately I hope men and women placed in positions of trust and authority to serve your Beloved America, I want to say to you, if you are going to throw over everybody that does not suit your own special likes and dislikes when they are brought to you to help accomplish a certain Victory, well, you will never get very far in the success of either this world or the Octave of Light. If you want to get rid of a group leader or get a student out of a group who may, as I say, be mildly discordant, who may have many faults to yet overcome, if you desire to push someone else out of the Light, you will find you have pushed yourself out first. The average person does not understand yet what their feelings do to them, and when there is a desire to get rid of somebody be very careful because you will get rid of yourself first. We have seen this thing act among the student body a thousand times.

With all the help that Our Beloved Blessed Jesus has offered to the Mighty Saint Germain; and the Beloved Godfre and every One of Those Great Ones, Our Beloved Nada and the Mighty Archangel Michael and the Mighty Astrea have all offered you the Use of Their Swords of Blue Flame to annihilate the cause of a condition so Perfection may take its place — when all Those Great Ones, Myself included, have offered you Our Assistance to help free an individual so Perfection may claim one more Life Stream into the Octave of Light, then it becomes your obligation once you know This Law to keep calling into action the way and means of annihilating the cause of discord

instead of holding within yourselves a feeling of dislike and the repellent force that if you drive somebody else out of the Light will eventually drive you out and will drive from you the Friends of the Light and the friends of the outer world who could assist you to greater Perfection.

This is a very subtle action of the Law that the student body does not yet comprehend. Every time you want somebody out of your way and out of the Light, be very careful. I would never want to ever hold a thought or feeling to push anybody out of the Light, because you push sixty per cent of that energy which is in your own flesh body and it stays there first. I have seen students decree this person and that person out of their world and the first thing they knew, they stood alone with no friends; and then felt terribly abused because after all the help they had rendered everybody, they had nobody to stand and help them when they needed assistance, and it was nothing but their own condition returned upon them.

I want all of you to understand that feeling, just because you don't like this one or that one. Supposing every Ascended Master, when you did not measure up in the past, dropped away from you or dropped away from the Nation Their Love and Perfection and went about Their Business in the Octave of Light not caring about America and the World, where would you be at this hour? We do not act that way to Life. Therefore, We want to warn all "I AM" Students that once your Higher Mental Body has brought you This Explanation of the Law and showed you how to dissolve a condition and replace it by Perfection, It expects you to utilize that energy and keep it in steady action and, therefore, move forward dissolving human creation and freeing Life by the knowledge Life has brought to you on your onward path. If you are going to wait until you think someone is worthy of your help, it will be a long time before you gain your Ascension. If We had waited to give Our Help to mankind in the distress they have been in when the black magicians were here, not many of you would have this Light today.

So examine your own feelings. When you are given a responsibility by Life to hold a Focus of Power and Purity,

which a Study Group is, into which more Light may come to bless and purify a community and then through that your Nation and the World, Life has offered you a very great trust. But because someone else might be wavering at the moment is no excuse for somebody else failing in their trust to Life. Will you in the very great Love which I bear to you, remember this? Every human being who crosses your pathway, unless the creation about the individual is downright vicious, and even then you must call for its annihilation — but aside from that everybody and everything that Life brings to you is a trust from Life to you, asking you to help Life fulfill Its Divine Plan and that cannot be done by criticism or condemnation or blame or constant discussing someone else's shortcomings.

Now you do not yet understand why you are in this particular city or community, and I want to say to many of you there are many of those in this city that you think do not like you and whom you think are not particularly interested, and in whom you do not particularly care to be interested, but I tell you I see their Hearts. They are watching your behavior toward each other, and many of them love you much more than they express in the outer. Many of them are very grateful to have you in this community. Some of them, you would not think so from the outer appearance, but in their inner feelings, My Loved Ones, they love you. Their Life is calling for more Light, which they intuitively know that you have.

The Light in the locality is calling to your Light for more Perfection and the Divine Plan's Fulfillment, and I say to you, you have many, many, many people who love you and you do not know it. Therefore, if I were you I would consider every one who crosses my pathway, Life's trust to me to just give them Happiness and encouragement. If there is something wrong you don't have to be a part of that, but you can send your Light and call forth more Light to help Life fulfill Its Divine Plan. You can send forth the Cosmic Flame of Cosmic Love to wrap itself about those individuals and raise them to the Fulfillment of Life's Divine Plan, and once you know This Law, Life will not hold you guiltless unless you do that thing.

Every one of you here has tremendous capacity to build such Beauty and such Perfection into this city as to make it a dream city of Beauty and Perfection. Do not be discouraged by its present appearance. You go on and make your spot beautiful. You call the "Presence" into action to fulfill Its Divine Plan and make everything you touch beautiful as well as useful. And one spot of Beauty here and another spot of Beauty there, and another spot of Beauty and Happiness here and there, and another one comes up, it is just like flowers on the desert. If they are watered and loved they one day become like a carpet of magnificent Beauty that was not there originally, and that is Nature transforming the failures of mankind into the Beauty and Perfection of God's Divine Plan fulfilled.

Wherever you go, Beloved Ones, try to remember that Life has placed you there to fulfill Its Divine Plan while you are there, and if you are in your wrong place and you continue to call forth the Perfection of the Light to be the only thing which flows out from you, you will either change the condition there or your Light will become so bright it will automatically draw you somewhere else. So wherever you are just be happy and command that Life's Divine Plan shall be fulfilled there wherever you are and then you will be happy wherever it seems necessary for you to be.

Now to those of you who want to do Healing, "I AM" going to remind you again of the position your Beloved Godfre holds in Our Octave. For long centuries He has healed. He loved to heal; He still does, and to those of you who wish to release Healing Power through your Music and through your Decrees, for you He will become and is the "Great Physician." You can have unlimited Healing Power, My Loved Ones, as your love goes forth to Him in the Call that all the Momentum and Power of the Healing Power which He now directs go forth and amplify every Decree for Healing which you send forth and all of the Music you send forth, because He is wholly unlimited in the amount of Healing Power He can pour forth at any point. As you recognize Him as the "Great Physician" Who wields the Cosmic Healing Flame of Cosmic Love which answers you

instantly at your Call, It can be directed to any person or any place or anything regardless of time, space or condition. He will not fail you once to answer your Call.

In this way everyone of you can amplify without limit His Cosmic Service to the Earth. You become the amplification of His Cosmic Healing Flame as He releases That through you at your direction to correct conditions and bring Perfection in this octave. His Outpouring becomes the amplification of your desire to heal. Your Decrees, your Love, your Life and your Music sent forth and the Love from your "Presence" which you call forth and command to go forth and heal becomes also amplified or becomes the amplification of His Cosmic Healing Power. Do you see how it has a double action? When you call forth His Healing Power through yourself His Flame of Love amplifies yours. When you give your love to Him and call forth the Healing Flame from your own "Presence" to assist in the work of freeing mankind and you offer that to Him, It becomes the amplification of His Cosmic Healing Power and you can have that release, My Dear Ones, beyond any limit whatsoever. And the more you use It, the more relaxed you will be in your own bodies and your mental and feeling world.

Try to remember this, whenever you are under tension some phase of fear is acting and if you will always replace fear by the Cosmic Flame of Cosmic Love you will not only feel relaxation, but you will eventually raise yourself to the place where the fear drops away like an old garment and you move held in the Arms of your "Presence" feeling Its Power going into a condition and doing the thing with no physical strain to you. We want to bring you to this point, because that is Mastery. It is the ease of accomplishment which makes you look younger each year, brings more of the health, wealth and supply of Life under your custodianship so you may give here and give there, wherever it is the part of Wisdom to expand the outpouring of your love through giving.

There is no reason, My Loved Ones, why every one of you sitting in this room this hour should not have the most magnificent homes in these magnificent mountains. You should have

the most magnificent Temple up here and there shall come forth with your Calls, if you so choose, a magnificent Temple. Life has not forgotten how to build beautiful things. I know mankind has. Most of mankind has forgotten the Beauty which was once on this Earth, which was a replica of that which is in Our Octave; and someone must bring it back again into the outer manifestation of the physical world in order to raise this world back into the Perfection which is this time to become its permanent illumination.

I say to all of you, mankind has so long done things that were just useful and convenient, forgetting completely the element of Beauty. Now may I say to you, whenever a thing is necessary and convenient, if you will make the Call to Us, you can just as well have a thing something of Beauty and Perfection as something that does not have it; and if Beauty is to come into this world, it must be called forth consciously. If your Loved Ones overseas are to come back here, they must be called back consciously. If the war is to end, mankind must say to Life: we will have no more of this; now STOP it by Light!

You see you have been plenty positive enough and plenty willing enough to use the authority of your own Life Stream to get what you wanted when you wanted your own way. Well then, if you want God's Way now, then you must still use the same authority of your own Life Stream and command and compel with the same intensity of Power, but not tension, and then your manifestation will come into the outer. You can have tremendous intensity of Power and yet complete stillness and relaxation, because your atomic structure is not releasing intense Power when it gets under tension. When the muscles tighten and the nerves contract you are not letting the God Power from your "Presence" through. In fact, you are shutting it out; while if you remain relaxed with love to your "Presence," and hold the stillness and then say to the "Presence": now "Mighty I AM Presence," you do this here and see I do hold the Peace; then move into action.

If it is something that has to be done with your muscles go to work and do the physical thing, but you can do that physical

thing with the feeling of the Flame of Love passing through your muscles and arms and your nerves and it is the Flame of Life's Cosmic Love passing through your arms which does everything in the outer world. Then will you hear the Words from your "Presence" within the Unfed Flame in your Heart, because you will have recognized that the Flame passing through your arms is Life's Love to you to enable you to do the things which you consciously direct your hands to do in the outer world.

If you could always remember that Life has given you Itself, and Its Flame of Love is what moves your body about and is what produces Miracles of Perfection out here. If you could remember, and you can, give That conscious recognition in everything you do. Then would you hear the Words of this Messenger or would you experience the Fulfillment of the Words of this Messenger when in the Invocation, She continuously commands that everything your hands touch becomes Cosmic Miracles of Perfection through that Cosmic Flame of Cosmic Love of your own Life which flows through your hands and your body to Victorious Accomplishment and to the Manifestation of Beauty and Perfection wherever you move.

Now in handling others who will come to you as This Activity expands, We want you to have Wisdom and Discrimination. We want you to have and be the Outpouring of this Cosmic Flame of Cosmic Love which assists Life with Wisdom. If there are those who come to you and want to serve the Light, you might be able to do what they can do, you might be able to do it very much better, but that is not the way they get free. Each one gets free by what each one does, free within himself or herself, and while many times you could do a thing much better perhaps than someone else, yet the other Life Stream cannot get free on what you do except by the Life and love which you release to bless them.

I shall never forget the embarrassment of these two Messengers, the Beloved Godfre and this Messenger, when they first started forth and they called to Beloved Saint Germain many times to come and do things for them, but He shook His head "no"; and when He said: "Yes, I could do things a lot better

than you do, but you would never gain mastery if I did your Service to Life, so you must go on and try the best you can. Make your Calls and We will assist you." And He assisted many times in their accomplishment, when otherwise they perhaps would not have succeeded quite as well as they did in some things.

So in helping other people coming into This Activity from the outer world and they want to serve the Light, you must let them serve if they are ever to be free. You cannot shut out this person, that person and the other person because they have faults, unless that creation happens to be very vicious, then you have to leash that, but you cannot allow too much of that thing in. You cannot allow any viciousness, but because people make a mistake here and there and they fall short of what can be expected, after all, My Dear Precious Ones, if you don't extend that to Life the Great Ones cannot extend it to you. You cannot be forgiven unless you forgive. You cannot be free unless you give others freedom. You cannot be Victorious unless you acknowledge Victory in others. You cannot heal others until the Cosmic Flame of Cosmic Love has healed you first of all the hard feelings; because if you are the embodiment of the Cosmic Healing Flame of Cosmic Love, you cannot hold hard feelings within yourselves and be that Love. You cannot do it.

We are not concerned, as I said before, with anyone's mistakes. We are concerned with expanding Life's Perfection, and Life's Divine Plan for Us is to expand Our Light by the ever-increased Cosmic Love which flows forth from Us to all. If the Sun withheld Its Light from every one of you when you did not deserve more energy to misuse, where would you be? Mighty Helios pours His Love, His Light, His Life from His Life Stream to the Earth and all the Planets of the System regardless of how many people misuse His Energy in this World; but His Light grows Greater by what He gives. Therefore, your Light will grow greater, your Healing Power will grow greater as you use It everywhere that imperfection seems to be.

All the Great Ones have said to you often: when you see conditions in the world about you that are vicious and fright-

fully unjust, make your Calls for the Cosmic Sword of Blue Flame to annihilate the cause and then replace it with the Divine Plan fulfilled, Victorious and Invincible forever. Then take your attention right off it. Do not allow yourselves to mull over a condition for which you have once called. Make your Call; place it in the Hands of the Great Law; turn your attention to something else and make another Call. Then you keep yourself cut free from the human reaction; and your attention on the Light with every Call for the Light, makes you the Perfection. It draws to you more wealth, more opulence, more supply of every good thing until you become such a momentum of That and the Power about you becomes so great that wherever you move everybody automatically feels through your radiation your greater mastery of Life. Then they will want to know what it is which makes you like that and they will watch you and then will your words carry weight when you speak. But many times in many very distressing conditions, absolute silence, verbally speaking so far as any verbal explanation is concerned, and an intense calling forth of the Cosmic Healing Flame of Cosmic Love, will accomplish what no amount of worded expressions can ever do.

Now will you try, all of you, to remain as relaxed as possible, at ease as you would be if your Higher Mental Body stood behind you, visible to your physical sight, clothing you in Its Flame of Love? If you could see That wherever you move, you would not feel concerned about anything, would you — if you saw your Higher Mental Body enfolding you with that Light and that Power? Well, many times It is, when you are happy and harmonious and you are calling forth the Power of Light. Many times It comes very close, but if you were to see That about you intensely enough you could not fear anything, could you? Well your Higher Mental Body is connected with you, It cannot get away and you cannot get away from It. So won't you give It a chance to come so close that It becomes visible and tangible to others as well as yourself? Then will you feel Its greater Power. Then will you be Its greater Love. Then will you

know Its Victory, and you enfolded in Its Presence can move afterwards free from the conditions that have distressed you so long.

That "Presence" is the Giver of every good thing, and My Dear Ones, you do not yet know what will come to you when you begin to use a Decree that this Messenger is going to release in the Magazine. When you begin to say many, many times a day: "I wrap my Heart about You, my Glorious Great 'I AM.' I wrap my Heart about You, 'I AM' Your Great Command." When you begin to say to your "Presence": "I wrap my Heart about You," you will begin to know what I mean when I say you won't be concerned with anything then except to feel Its Presence pour forth Its Power and Its Blessings to all and move in Its Arms feeling Its Cosmic Presence about you. Just try that. Your "Presence" would very much appreciate your Love wrapped about Itself. It has wrapped Its Flame of Love about you so long, so very long, My Dear Ones, and you have never thought about wrapping the Flame of your Heart about your "Presence"; but just try it. "I AM" not asking anything for the Ascended Masters, but you don't know what you would draw to yourselves were you to use that same expression to any of the Great Ascended Beings, because that Cosmic Flame of Cosmic Love is a wide Open Door and a Pathway of Light anywhere you want to go in this Universe. Anywhere you can direct your attention, the Hand of Life parts the atmosphere and there is no obstruction to Pure Divine Love.

Your Mighty Saint Germain told you That in the "I AM" Discourses, but people do not yet know how to use It and use It in preference to the physical feeling and physical force, but they just like to go into a situation and compel somebody else to do what they want them to do. That is the big mistake. If they would only let the Cosmic Flame do the compelling and hold the feeling checked within themselves then they would maintain permanent Harmony. Then would the Divine Plan automatically move in and you would not know what failure or destruction was.

My Beloved Ones, I do not think you know how much

your own Light would expand, how much your Power would grow, if you just kept pouring It forth. Oh, just love and bless the Cosmic Divine Love and blaze It to everything you see that is not perfect.

Why is My Light so Great? Why is My Healing Power so Limitless? Because I have healed for over two thousand years. Every Call which has ever come to Me has come back to the individual bearing My Flame of Love that some day, sometime, somewhere compels Perfection for that Life Stream forever.

You cannot consume the shadows except by the Power of Light. You cannot have relaxation except by the Cosmic Flame of Cosmic Love. You cannot free a Nation except by the Ascended Masters' Light. Mark My Words this hour! We long to take you all into Our Octave and just pour forth that Flame of Love until not one imperfection remains. And when your own Light reaches a certain point, the Cosmic Law compels this to come about. But My Loved Ones, you who are still in these unascended bodies have such a Magnificent Cosmic Opportunity to call forth this Cosmic Flame of Cosmic Love everywhere in the world about you. As you still and dissolve disturbed conditions for others about you, would your own Light shine brighter and brighter, would your own Powers grow greater and greater, would your Victory become Invincible and your Freedom Eternal.

I want to remind you again today of what the Great Divine Director said, and I request it again Myself. Please do not let down on your Decrees for supply. Go on no matter if everything around you is bulging out with an outpouring of every good thing. I say to you as did the Mighty Saint Germain concerning Protection, and I say to you, NEVER until the moment of your Ascension ever let down on your Calls for the overwhelming supply, the gifts, opulence, wealth and every good thing to flood into your hands and use; expand until it covers the Earth and wipes out of existence everything that has ever suggested poverty to Life anywhere. You be the Open Doors through your Calls for the release of limitless wealth, supply, opulence and every good thing from Our Octave into yours.

Definitely spend an hour a day commanding the release of anything and everything that is of wealth in your hands and use and compel it to fulfill the Divine Plan.

No matter what the orders are of those who have usurped the powers of authority in the outer world and who have betrayed their trust of office and want to enslave mankind because of their selfishness, no matter what they do, I tell you it will have no more power than a feather in a gust of wind before that supply which the Ascended Masters can and will release into your hands and use, if you give Us an hour a day of your energy and Life to become unlimited supply wherever you move on the surface of the Earth or anywhere else. If the Mighty Pelleur invites you into His Regions, still you shall always be provided for. Then you become an outpouring of that wealth, opulence and supply to those of mankind who are yet in the shadows and know not their way home in the Light.

It becomes your Divine Prerogative to be the Pathway of Light, to take the hand of each one which Life brings to you, turn their attention to the Light, show them the vista of accomplishment, help them to stand strong within this Light until their own Light takes Its Full Dominion. Then will you be a blessing to all the Universe forever. Then will you not be concerned with anyone's imperfections or failures. You will just accept the great opportunity Life has offered you to call forth more and more of Its Cosmic Flame of Cosmic Love to change everything into Beauty and Perfection, the Divine Plan fulfilled and expand the Light until all are drawn once again into the Perfection which Life commands.

Life is so wonderful. Life is so kind. Life is so All-Powerful and so Magnificent. Fail not in your Trust which Life has given you, and feel honor-bound and obligated to keep calling forth the Cosmic Sword of Blue Flame to annihilate the cause of everything that is less than Perfection and to expand the Cosmic Flame of Cosmic Love, Its Cosmic Healing Flame to go everywhere at your Command, perform on the instant those Miracles which compel mankind set Free.

We have unlimited Power to amplify your every Call and

you have Legions of Friends whom you do not dream exist in the Universe. Make yourselves the magnificent Mastery of the Cosmic Healing Flame of Cosmic Love and pour your Light, your love and your blessings to all Life about you and you shall not know another limitation. We stand opposite you, and all the Power which has been drawn through Our Life Streams from centuries of Service can amplify your outpouring on a moment's call in any amount of pressure released and compel your instantaneous Victory.

This Cosmic Healing Flame of Cosmic Love which "I AM" pleading with you to release into every condition, is the expanding pressure, My Loved Ones, which will bring Peace and It has to come in a certain intensity before Peace can take Its dominion again. Mankind is weary with this frightful condition against Life. The Cosmic Healing Flame of Cosmic Love is the Almighty Authority and Power of Creation. It is all of all Perfection. When you have so much opportunity — whenever you see any one's shortcomings just say: "Well, I forgive them in that as I want to be forgiven by them. My 'Mighty I AM Presence,' flood Oceans of the Cosmic Healing Flame of Cosmic Love there and reign Supreme in Full Dominion and Invincible Victory forever." Then that shuts the picture of those things out of your mind. It closes the door to resentment. You never have a feeling of self-justification in condemning something with which you do not agree. That is one of the most dangerous things of all. There is not any condition you come into contact with that justifies your hating it, ever! There is never any condition Life is in that justifies hating it and that is not condoning discord either, because if you release hate you have injured yourself most and first. If the energy qualified with resentment that mankind has sent forth in this world were suddenly re-qualified with the Cosmic Flame of Cosmic Love and the Blue Lightning of Cosmic Purity, hatred would die and fear be consumed.

Oh, My Dear Ones, build a momentum of the daily, constant use of the Cosmic Oceans of the Cosmic Healing Flame of Cosmic Love and heal everything wherever you move. Set free

by the Hand of your own Life Stream. Be that Service to Life that while it commands Perfection for others, it automatically fulfills the Divine Plan in your own Life Stream and We shall stand opposite you; and sometime when the attunement is right and the Harmony held uninterrupted, it is no effort for Us to part the human veil and show you what an Ascended Master's Body is in the Perfection of the Great Scheme of Creation.

We want to come through the atmosphere of Earth to as many as possible as soon as possible, so you may see and have the great uplift of knowing first-hand yourselves what an Ascended Master's Body is like; and then you know I, too, must be like that. It shall come to pass! Just go on; fulfill the requirements of the Cosmic Law and as surely as the Sun exists in the Heavens must you come to that experience which is the final door to your Freedom. Oh, Life is so wonderful! Life holds so much It wants to give you and sometimes there is only a breath between you and the marvelous manifestations which one day must come into this physical world for the Freedom of all mankind.

Therefore, stand with each other as you would stand with Us and when one is sincere and doing the best that one knows how, at least acknowledge the sincerity; and if something is wrong, call the Mighty Silent Watcher to wipe it out, put the Unfed Flame of Perfection in its place and all go forward like happy children singing your Song of Life. Let the Great Ones show you what They do for those who love Harmony enough to keep It, those who love to heal enough to release the Cosmic Love of Life, those who want the Light enough to compel themselves into obedience to the Law.

We shall show you Legions of Angels who can come on a moment to help you fulfill your Calls, to free your Nation, to cleanse the Earth, to set it at Peace and show mankind how to live in God's Heart once again, as in those centuries long past, the first two Golden Ages wherein mankind did live in God's Heart as was originally intended. That can come again any moment if any individual is determined to have it and uses the Authority of his or her Life Stream to command it and gives the

Obedience which holds Harmony uninterrupted until it has been released into the atmosphere of Earth.

In the midst of a world of war, you may live within the Heart of the Mountains upon the Altar of God's Sacred Fire and pour the Cosmic Flame of Cosmic Love which heals all if you desire. In that Service which I wish to render to the younger generation through the "I AM" Students, I will not withhold one thing which could take you to the Heights as you learn to work with each other in perfect accord and obedience to the Great Law. There is no substitute for Obedience and you cannot be free without complete Obedience to the Great Divine Law. Its Law is Harmony uninterrupted and the Divine Plan fulfilled follows as automatically as It follows Light.

Therefore, let Us obey Beloved Jesus' Mighty request to "love each other even as I have loved you." Heal each other as the Great Ones have sought to heal you. Give the Light to each other as the Light has been given to you and just let the Great Cosmic Flame of Cosmic Love come through and do and do and do that which only It can do. May that Healing Flame become so great and your momentum through your Calls draw those individual streams of Its Action into the hospitals, into the schools, into all homes, into all governments throughout the World until Its Increasing Pressure and Cosmic Flame has purified all and raised all into the Victory of Light forever.

Thank you for this day. Thank you for the Service to the Light and I shall come back to you instantly on every Call you send forth until Our Service is completed and Earth sings again the Song of Cosmic Love to all creation. I thank you!
