

THE GREAT TENOR –
BELOVED GOD HARMONY'S DISCOURSE

SHRINE CLASS

JULY 17, 1938

BELOVED FRIENDS OF AMERICA AND BELOVED STUDENTS, great is your privilege today of understanding, comprehending and using the Great Power, Intelligence and Activity of Life, for It is drawing you to the one Goal, the Ascension. The humble efforts of the Messengers are drawing mankind's attention to the Great Glory and Victory. It is the Fulfilling of all Our Efforts for America and also the Fulfilling of the Words of your Beloved Jesus, when He said: "WHAT I HAVE DONE ALL MEN SHALL DO, AND GREATER THINGS THAN THESE SHALL YE DO!" His Words have rung out through these centuries; and yet have been so little comprehended.

Today, in your Beloved America there stands the fruit, the Fulfillment of His Words to the Earth, and the Glory of all He brought to mankind. Even those who scoff at the idea shall one day see and know their mistake.

The end of human creation cometh! The Fulfillment of the Law of Life is surely taking Its Dominion through Its Power of Action upon Earth, and remember – through mankind! There is no question in the World of the Victory of Light! When you realize the Power of Light called into action is God, the "Mighty I AM Presence," Whose Energy is Self-Luminous, Intelligent Substance which knows no opposite, then you will understand why the Beloved Ones of America, perhaps five hundred thousand or more today, are all focusing their earnest Adoration, Devotion and Attention upon the Supreme Goal of mankind. Aside from the Ascensions being achieved at the Royal Teton, think what this means to America and the World, when the attention is so earnestly, so firmly fixed upon the Goal of all mankind, the Ascension – every "I AM" Student knowing definitely that the Law of Life is Its Fulfillment.

So as you hear these Words today, may they take action in your mind, body and your feeling world, to so charge into action the Expansion of the Light within your Heart, that you, too, will comprehend and be the Fulfilling of your Law of Life, whose Presence is the Light within your Heart.

Precious People of America, who have gone through centuries of distress, the Goal is in sight! The Victory is yours! — Oh, so simple, yet so Majestic and Powerful to all who will care to understand and apply.

I say to you today that the recent book of the Saint Germain Series just released by the Messengers, the ASCENDED MASTER LIGHT, is the Goal of mankind. It will give such assistance to the people in their acceptance and the reaching of that Goal, as few can comprehend, even among the Students at this time.

Therefore, Beloved Friends of America, many of you, hundreds of thousands in fact, as I have observed, have sought the Explanation of Life, have sought to understand the Goal of Life; but no thing in the outer world has given It. Therefore, in the Explanation of Life as given forth by the Ascended Masters, there is the full complete Explanation. Furthermore, the Comprehension is in those Words, for they are “Cups,” which carry Their Qualities into your consciousness and feeling world.

It is a very practical thing. It is not something of human imagination or of human creation. It is a Divine Creation. Do you know that even in Words there is a Divine Creation?

The Ascended Masters' Words are of Divine Origin, a Divine Creation, because they are Divine Qualities. Human words are also qualities, but not of the Power or the Authority of the Ascended Masters; because human words are clothed largely in human concepts which carry only the feeling of the concept within the words expressed. With the Ascended Masters' Words, their Qualities are Cups of Light which carry the Power of Light. Such Words are the Quality of the Ascended Masters' Octave of Light; and their individual projected Rays of Light and Energy thus go forth to assist mankind.

Today you are living in a practical world, a world in which the human is blending with the Divine; and all is coming about in such a perfectly natural manner, that there is not one person who will not, ere long, see from the practical standpoint, how Perfect Life is; and how all Life holds, is within the grasp of every human being.

The Light within every human being which beats each Heart is Divine; It is the Power of God, the "Mighty I AM Presence." While the human in any individual is not always Divine, because of human qualifications, yet every human being, no matter how depraved the outer appearance seems to be, has within him or her the Light of God beating each Heart. Therefore, I say to you: "Condemn not each other! and remember that every discord you register in the atmosphere of your world becomes a boomerang reacting upon you."

You are creators! If you send out vicious condemnation, then you will reap your own condemnation without question. Therefore, let Me remind you, Beloved Ones, that twice since the beginning of this Class there has been written in the sky the "I AM Presence," and "I AM Victory," and also a six-pointed star. It has made an Etheric Record over your City, Beloved Friends of Los Angeles and vicinity. You do not realize what that means to you yet; but one day, ere long, you shall see. I ask all the world to behold! when the result of that comes into action.

Therefore, be grateful! Friends of Los Angeles, California and visitors from all over the World. Be grateful that you were so fortunate that the Light in your Heart brought you here into this Mighty Radiation. You will carry Its Victory in your Life, in your world of action forever.

I say to you, be grateful; be humble before the Light of your own God Presence, the "I AM"; then see how great will be Its Action, Its Manifestation in and through your mind, body and feeling world — your world of action. You will see that this is very practical. It is the most practical thing in Life. Many of the minds in America and the World are crying out for some-

thing practical. I say, the true Understanding of Life is the most practical thing in existence today.

Only because human concepts have made Life seem complicated, have mankind not been able to understand or accept the Great Perfection which Life is. Life is the most practical thing in the use of mankind. You are using Life every moment. Why not use It in the fullness of Its Power and the True Understanding of what It means to you?

The people of Earth have not had for century upon century, the explanation of Life which would carry into the feeling world this Conviction. You have It before you in the Saint Germain Series of Books, in the Classes of His Messengers — This His full and complete explanation of why Life is so practical, and how you can make everything you do so practical by this Application.

Life has always been waiting, waiting and waiting. You have your own God Presence, the “Mighty I AM,” whose Activity is your Higher Mental Body. In your Call to the “Presence,” Its Energy and Power act through the Higher Mental Body, under Its Direction, to bring you Freedom and Peace on Earth. Look to It! Adore It! Feel the Infinite Power of Light! of God, the “Mighty I AM”! Hold Its Dominion within you and your world.

May the Full Power of Life in the Activity of the Ascension, today bring to you the mighty fullness of Its Infinite Power. (*Applause*) As you are in the Consciousness of the Ascension, the greatest ever known upon Earth, then as We continue, may you feel the Full Power of Its Activity within you, your feeling world; and by your power of qualification charge It in all earnestness to be sustained.

There has been the greatest Victory today — I should say “Victories,” for it does include every sincere Student in America and the World. You are here, through whom is poured great Devotion, such mighty Acceptance and such mighty Hope. Oh, do you think I do not see the Hope within you? Even though your intellect does not quite understand, still is Hope so

powerful within you, that – “Oh, the Ascension is true! Oh, that I might fully comprehend what I might do to help the Great Powers of Life to assist me to the Ascension!”

Beloved Ones, your Adoration, your Devotion to your “Presence” and the Service to the Light is the greatest means in all the world. Who of you can say to Me today, what hour your “Presence” would release Its Mighty Light through your Adoration and Devotion, to do even more than was accomplished through the Messenger in the Ascension of Beloved David Lloyd.

Oh Beloved Students, do not let the intellect doubt or question these things which the Messengers have told you. These experiences of the Messenger ARE ALL TRUE. How can the human intellect think that He would offer a falsehood concerning the most Sacred Thing in the Universe, mankind’s Freedom! Surely, I know, the Heart of man does know, but the intellect will not always give the Heart dominion at first.

I tell you, the Mighty Cosmic Light in your Devotion and Desire to accept the Mighty Truth of Life will dissolve and consume those doubts, fears and questionings of the human. I say to you today, for your blessing and benefit, what is it, do you think, that causes you to question, question, question? Lurking underneath that of which you are aware is a subtle doubt; and when you can say to every question that arises in your consciousness: “Be silent! and await the explanation of Life,” then you shall know and see what the effect is within you. If your doubt insists on asserting itself, you know it is the charged energy of the intellect that wants to prove Life false, rather than to accept It.

What is it which makes you feel the desire for Freedom and the Greater Perfection? Your Heart! It is not the intellect. Let Me remind you once again, as the Messengers have, intellectuality is that which you gather from human opinions, from the feeling world, the appearance world of all mankind, and you know that it cannot be correct; but Intelligence comes from your “Presence,” the only place from which Real Intelligence can come.

Therefore, whatever Perfection you express comes from your own God Presence, the “Mighty I AM.” Whatever intellectual activity you have, unless it expresses Perfection, can only come through your accumulation of the opinions of mankind. It is not that the intellect is not important – quite important – because all thought must act through your intellect; but your intellect must learn to be obedient to the Feeling within the Heart. Then you will not have a conflagration going on within yourself. You will not find yourself divided and the two parts one against the other.

The human intellect has gathered certain information from without and it does not want to let go of it; but when the Intelligence from the “Presence” speaks with Its Full Authority, then the intellect always lets go!

Remember, Beloved Ones, try to listen carefully when the Messengers speak, for in that is great Truth always. When the Messenger’s Higher Mental Body has given those Mighty Edicts through Him – the “Presence” always speaks through the Higher Mental Body of the individual. Until the Ascension, the “Presence” never speaks directly! But you seem to forget that sometimes. Your intellect does not want you to accept it in some instances; because it is afraid it will lose its dominion.

The Messengers have explained in every Class repeatedly, that your Higher Mental Body knows the Perfection of the “Presence,” and your imperfection. Therefore, knowing both conditions, when you call to the “Presence,” which you should always do, then your Higher Mental Body will bring forth the answer to you. Therefore, make no mistake! Your “Presence” can speak just as clearly through your Higher Mental Body and through your human form, as though It spoke directly from Itself to and through your human form; for It is ONE with your Higher Mental Body.

The Stream of Light and Energy is One from the Heart of your “Presence,” through your Higher Mental Body and anchored within your human form. Therefore, It is ONE. There is but One Activity of Life! One Substance! One Intelligence!

One Power! One Energy! In mankind's qualification it has innumerable activities; but when you come into the fullness of the Understanding of your "Presence," It becomes One. There is but One Intelligence acting then; and the human's intellectual qualification becomes silent. Then you stand in the Radiance of your "Presence," and Its Light and Intelligence speak through the human form, through the Higher Mental Body. Therefore, the individual becomes the Master of himself and his world.

I say to you today, you who have called so earnestly, Oh, be of good cheer. Go on and on and on in that mighty endeavor. Your Victory is as sure as you breathe a breath this moment; for as you cast aside human opinions, human feelings, that would intrude upon you to discourage you, or make you feel it was not possible for you to achieve, will you achieve quickly or require time to keep repelling the forces of human creation that do not wish you to succeed.

Remember, you are the individual standing within the center of your world. Your Heart is the Unfed Flame, standing within the center of your human form. Therefore, you have the Infinite Powers of the Universe in every one of your human forms, once you give It recognition and acceptance, and add your earnest determined Call to the Presence of all Life, the "Mighty I AM," which will sweep Its Mighty Currents of Energy into and through your human form and sweep out every imperfection, every discord. Be so sure of that!

You must be determined and firm against the long centuries of human accumulation. The atmosphere of the world of many human beings is still not free from their human creation; and yet, so much has been accomplished within the past thirty days. It is beyond the human comprehension of any intellect in the world to understand and know, and We utter few Words, because the human intellect cannot comprehend the Vastness, the Power, the Intensity with which this Mighty Cosmic Activity has taken place in the world of mankind and the Earth.

Beloved Ones of Earth, you are standing in the Supreme

Victory of Life! STAND MORE FIRMLY IN YOUR CALL, IN YOUR MIGHTY DECREES; AND LET THAT POWER OF LIGHT AND ENERGY GO FORTH, DIRECTED BY THE GREATEST INTELLIGENCE IN THE UNIVERSE TO FREE MANKIND!

You cannot live alone unto yourself. You are a part of Life. You are a part of the Great Universal Life, individualized, and Whom you have come to know as the Great and Mighty "I AM," the greatest Intelligence and Power in the Universe; and there is nothing in the Universe beyond It.

Your "Mighty I AM Presence" as shown you, comes from the Heart of the Universe in Its Infinite Intelligence and Power. Make no mistake about it, Beloved Ones! The Messengers are making no mistake in their pleading with you and mankind to understand and feel that.

Why should We interfere with all the ignorance of humanity, whose intellect will not yet let them comprehend, and who put forth viciousness, instead of kindness which would free themselves and their world? Why should you be bothered by some ignorant individual, some vicious individual? You meet these things throughout the human activity. You cannot hope to escape them until your Ascension; therefore, why not be firm and determined to not be interfered with?

Your Heart knows that your "Presence" is above you; and if you will remove human thoughts and feelings, of doubts, fears and questionings concerning It, you will have so quickly the proof. Life wants to prove Itself to you. Do not ask anybody to prove anything to you, when you have the greatest Intelligence in the Universe, ready to prove anything in the world to you!

Therefore, do not blame anyone but yourself if you fail to grasp the Great Laws. They are simple and a child may understand; but if you let human feelings interfere with yourself and others, then you alone are shutting off your Light.

I say to you with such great rejoicing! I repeat the Words of the Messenger: "Never was a lovelier audience drawn together; never was such a Radiance released from human forms

as is released today in this room!" You do not see that with the human vision, but We see It, perhaps more vividly than your human forms; because that Light is the Supremacy of Life and the Upreaching Power of your Light – and mark you – I say something to you most encouraging! (*Applause*) Until this Class began, you were reaching out wholly from your Hearts. Today, in this room, reaching from every cell in your body, is the response to the Light within your Heart, which is gaining Its dominion within the structure of the human form. The assistance today, in the uplifting Power of the Ascensions, has made this possible. Will you be kind enough to yourself to qualify that Charge as sustained within the activity of your body?

Do you know what it has meant in your Contemplation Groups and in your individual activity, to constantly give forth the Mighty Decree, "MIGHTY I AM PRESENCE," EXPAND THY LIGHT WITHIN EVERY CELL OF MY BODY! Oh Beloved Ones, there are innumerable Decrees which you are using only with partial comprehension. Once you come into the fullness of the comprehension of what they actually mean, you will arise and be Free.

Another one of the mightiest things ever put into so many words is: "IN THE NAME OF THE 'MIGHTY I AM PRESENCE,' I SAY TO ALL HUMAN CREATION: 'YOU HAVE NO POWER!'" THINK OF IT! THINK OF IT! the Fiat of your own Great Presence of Life, because you cannot speak without your Presence of Life. Then in the acceptance of your "Presence," when you issue that Decree with intense feeling, which you do, YOU ARE ISSUING A FIAT TO ALL HUMAN CREATION THAT IT ACTUALLY HAS NO POWER IN YOUR WORLD! Oh, won't you feel That and let Its Full Power go into action to set you Free?

You are so precious; but you do not yet comprehend how you are just on the periphery of the Mightiest Action in the Universe in these various activities – for instance: "I AM" THE RESURRECTION AND THE LIFE! "I AM" THE ASCENSION

IN THE LIGHT! Try for a few moments to comprehend this, while I speak these Words in Their Full Power into your feeling: "I AM" THE ASCENSION IN THE LIGHT! "I AM" THE ASCENSION IN THE LIGHT! "I AM" THE ASCENSION IN THE LIGHT! (*Silence*) GREAT PRESENCE OF ALL LIFE, THE "MIGHTY I AM," ACTING THROUGH THE HIGHER MENTAL BODY OF EACH ONE, SUSTAIN THAT ACTIVITY! SUSTAIN IT AND CAUSE IT TO ACT CONSTANTLY WITHIN THE FEELING WORLD; AND THE ATOMIC STRUCTURE OF THE BODY OF EACH ONE; AND CAUSE ITS MIGHTY, CLEANSING, PURIFYING ACTIVITY TO GO ON IN ITS EVER-EXPANDING ACTIVITY.

"MIGHTY I AM PRESENCE," HOLD THIS SUSTAINED AND KEEP BEFORE THE FEELING, THIS EVER ON-RUSHING, ACTING POWER. STILL THE INTELLECT, GREAT PRESENCE! STILL THE HUMAN CONCEPTS, UNTIL THE FULLNESS OF THE FEELING FROM THE HEART TAKES COMMAND WITHIN THE ATOMIC STRUCTURE OF THE BODY, AND LIFTS IT, RAISES IT INTO THE FULL FEELING OF DOMINION; until every time you say, "I AM" THE ASCENSION IN THE LIGHT, that Call takes command of every cell of the body and compels it to respond in action. The Light wants to be Free!

Precious People of Earth, the Messengers have said to you, that animal Life was imprisoned, which is true; but I say to you, through discord in your feelings, you have also held imprisoned in your body the Light which is there; for It would illumine and bless and set you free with the speed of lightning, once you understood how to release It quickly.

Now remember, in the future when you use that Decree, that Call, "I AM" THE ASCENSION IN THE LIGHT, Its Activity will go on with greatly intensified Power within you. Do not talk of this to each other, to any one! But accept Its Mighty Action as the most Sacred Thing and understanding in your Life. Let the fullness of Its Mighty Power have Its Dominion without human interference.

I say to you, all Life holds is ready to pour Its Great Perfection into your hands to use through your human form. Remember your “Mighty I AM,” the wholeness of the Image and Likeness of God; your Higher Mental Body, the Son; and your human form represents the Holy Spirit. In many of mankind it has actually been the holy ghost; for it was but a shadow of what it could have been.

Many of you know that when you touched This Understanding of the “I AM,” you were but a shadow of what you are today! (*Applause*) Therefore, in the Radiance of your faces, in the Happiness you express, in the Expansion of the Light within your Heart, it is positive proof to Us of your Freedom.

As you continue to give attention to your “Presence” and shut out everything else, more and more powerfully will you have the action of the Light and “Presence” within you.

The Messengers have talked so earnestly to you; now “I AM” going to add my bit today, in urging. Does that sound strange from Us? I take the full responsibility if I urge you, to shut out, as you would a poisonous serpent, every feeling of discord spoken to you, or that might be sent into your feeling, either by yourself or any other source. SHUT IT OUT! Do not try to correct human beings by verbal effort! Keep all your opinions to yourself! Let the Power in the Call to your “Presence” release Its Divine Wisdom and Divine Love, which first harmonizes, then brings the intellect into a condition where the perfect explanation, decision and solution can be had of anything.

Oh, do not say to each other, “you are wrong in this or you are wrong in that”; you might be wrong yourself! I urge you again to think of it! Pour out your greatest love and blessing upon each other; every Group upon every other Group; and never let one word of criticism go out, not one Group against another, nor one individual against another.

I assure you in six months more, you will thank the Messengers and the Ascended Hosts of Light for prompting you;

and in the results which will follow, you will not need Me or anyone else to further urge you at Christmas time.

I say to you that you must be very firm in the use of your repelling force, which is the Light about you. There are individuals in your City, very, very vicious! Over the radio today, two sermons are going forth condemning this Light, condemning you, condemning the Messengers, because of abject depravity and ignorance of the intellect of those who are doing the condemning.

So long as that thing exists, you must be firm; because the atmosphere to some degree becomes charged with those unfortunate falsehoods that go forth; not one word that is uttered will be true. Therefore, you see the necessity to guard yourselves and your feeling world.

These conditions exist, and as long as mankind lives in the human intellectual consciousness, such conditions will continue to exist; but because those conditions do exist, you should not want to be a part of them. If you do not repel those feelings charged into the atmosphere, then you will act them out. You will feel them in your world, and pay the penalty for the viciousness put forth by someone else.

These are Mighty Laws! Your Light would be your complete defense if you would only realize it! Do not discuss or revolve in your feelings these unpleasant, discordant things. The Messengers have to call your attention to these things in order to cleanse and purify the conditions and the atmosphere; but in knowing this, as far as you are individually concerned, refuse to discuss or revolve in thought and feeling, limiting, discordant things of any kind. Thus, you hold your atmosphere calm, your feeling world and your emotional body calm, undisturbed; then the energy which is gathered there, when you issue a Mighty Decree, will go forth like a mighty river to fulfilling your Call.

It is the easy way; but mankind has not yet given sufficient response, self-control, to have these things. Many have, but the remainder have not been sure enough in themselves.

Let Me remind you again to use, "I AM" THE

ASCENSION IN THE LIGHT! three times each day.

When someone comes to you to inquire about the "I AM," be firm! Be determined! That is why We, as well as the Messengers, ask you to read those Books and Magazines, until you are familiar enough with Them to answer every question with the Ascended Masters' Words! And there will not be a living human being come back at you and doubt your words. That is why it is necessary. If you are not sure yourself, do you not see how your feeling goes out to the individual, and he thinks, if that is an "I AM" Student and he has been studying this, and is not more certain than that, well, is it so good after all? Remember, Beloved Ones, you are representatives of the Greatest Intelligence in the Universe, your "Mighty I AM Presence"!

In the recognition and acceptance of your "Presence," and the repelling of all discordant feelings and words, you will find it quite easy to release this Greater and Greater Power, which will give you all the proof you require of Its Supremacy. Therefore, I say to you today, enter into It and be Free!

You quite well know — most of you, unless you are here for the first time — that no two human beings had as much destructive force projected at them as these two, three, Precious Messengers. Yet, you see they remain untouched. The Work expands in spite of all the viciousness of mankind; healings without number, magnificent, take place constantly; and because some depraved mind says that is not true, well should you accept the falsehood instead of the Truth which you know to be?

This is becoming quite practical, and it will be more and more practical as the months go on. Those who have prophesied the failure of This Work ought to see their mistakes by this time. Therefore, it shows the forces acting.

You see, mankind in great calm serenity, has but to compare the Messengers with anything else that exists in America today, and they need no one to tell them the difference. (*Applause*) They pour forth only Love, Kindness,

Great Understanding, Great Illumination and no condemnation of anyone or anything. While certain points of Truth must be stated, yet there is never a moment of condemnation on anything. Therefore, the Law of Life is Harmony, which builds Eternal Perfection expressed in your world.

Beloved Ones, in the Joy, the Majesty of this day, hold it sustained within your wondrous Hearts of Light! One day, you will understand what that Great Composition, "Light of My Heart," means to you. Sing It, Beloved Ones, often, even to yourselves and see the Release. "Lotus My Love" is the Cosmic Call to "Light of My Heart." When you realize that Mighty Activity as you sing these songs, you will then understand what the true feeling and acceptance of Life and Light mean to you.

Let Me leave this with you as a parting word; AMERICA IS BLAZING WITH THE COSMIC LIGHT! (*Applause*) Remember, your Beloved Lotus has constantly held before you the visualization of the Wall of Light around America. Today, that is being established with Great Power! (*Applause*) Therefore, Beloved Ones, accept It in your feelings and in your Decrees. Know what a great part you have in enabling the Mighty Activity of the Cosmic Light to do these things, which IT alone can do.

You know there are some things for which We must have your attention; and some things which We must not. Therefore, it will be a great, great release of happiness to you in knowing of these activities. Never in the history of the Earth since the receding of the last Golden Age, has any touch of such Infinite Power of Action taken place, as within the past ninety days. (*Applause*)

We never prophesy under any circumstances; but I ask you to observe the changes that are coming in Europe. You will see the Outpicturing of the things We indicate. There is no human opinion about it. Sometimes human activities delay these things that are outpicturing, but I think not this time. So from this time on, do not look for these things; but when they occur, just accept them as the great and majestic Activity of the Law of Life.

Such change has taken place in the feeling of the people of Europe, I mean, the mass of the people, since this Class began, as you would not believe possible to be done. (*Applause*) That is the point from which We operate. We do not care so much about what the intellect is saying or doing. Once We can get the feeling properly acting, then the intellect will have to subside. That is what is going on there. I call your attention to it, that later you may observe its outpicturing.

Accept Our Great Joy and Blessings forever enfolding you, sustaining you with Our Mighty Courage, Strength, Victory and Power of Light, until that day when you are so sure of your own "Mighty I AM Presence" and your own Life as the only acting Presence through each human form, that you will not need Us or anyone else to assure you of your Victory.

I thank you, Beloved Ones, with all My Heart, and remember in the future, never has there been such a day or Radiance as this today! I thank you.
