

## REMINDER!

### BELOVED QUAN YIN – CD 166

“As We enter into the Call for Love and Mercy and Forgiveness, you will find an Ever-Expanding Gratitude coming to you, coming to you, My Dear Ones, from the Higher Mental Body of everyone for whom you make the Call. If you call for Help to an individual, you sometimes might not see any result to that in the outer, but you cannot make the call for Help to anyone in this world without receiving the Love and the Blessings from the Higher Mental Body of that individual in your effort to help that one fulfill the Divine Plan.”

“Oh, the world needs you more than you know tonight. So, regardless of the viciousness, let Us call to the Great Central Sun for all the Mercy and all the Love and all the Forgiveness, the whole world needs tonight, to illumine the shadows with the Cosmic Light that shows mankind the Reality of this Great God-Presence and the Hands of the Ascended Host Who are held out to all Life whenever the desire comes to be free. May the fullness of the Freedom which the Love of your Mighty Saint Germain has poured to you through the centuries, strengthen you now, make you His same Great Power of Freedom, that you may go forward and love as He has loved.”
