

BELOVED SAINT GERMAIN'S DISCOURSE

Through Mrs. G. W. Ballard

PITTSBURGH, PENNSYLVANIA

NOVEMBER 2, 1944

BELOVED OF THE LIGHT! I come to you this evening, very close into the Hearts of those whom I have loved so long throughout the centuries! I come close into your Hearts tonight, so I may anchor there an Assistance, a Cosmic Power of My Love, My Forgiveness and My Freedom to abide with you, until the moment of your Ascension!

As I bring My Radiance into your city, of that which I am anchoring here for the greater Freedom of your people from the pressure of the human discord of the outer world, I want you to feel an Illumination within your minds which will help you to understand all things with which you come in contact in the future, in order to assist the rest of mankind to free themselves from that which is of their own creation or that which has been imposed upon them.

Throughout the centuries, Beloved Ones, every time the Light within the Life Streams of many of mankind has come to a certain point of expansion, some activity of the sinister force seeks to drive in, to prevent the culmination of that to release its greatest blessings to the people, that they may come into that great Freedom which all are seeking and which all must some day attain. I wish to take up tonight the very subtle activity of those forces, not to hold your attention upon them, but simply to make you aware of how subtly they act and of how you must be on guard against them. I want to show you an action of energy, that while We have repeated it several times, yet the Student Body does not yet comprehend what takes place in continuous conversation and these feelings and acts through the mankind of this World — even the Student Body comprehends very little yet of how the energy of Life acts through each mind and body and feeling world in the atmosphere around you.

Unless a spoken word or a feeling that goes forth from you is sent forth with terrific pressure, it very rarely gets out of your own atmosphere. Those rates of vibration usually stand around your

physical bodies for a radius of anywhere from three to fifty feet around the physical structure, unless you are very angry, joyous or tremendously positive — then that goes directly to its objective and sets into action there the same rate of vibration, and then begins its return journey to you. I want you to follow very closely, because if you will get the fundamental of this, you will see how absolutely necessary it is to govern everything within yourselves before you ever speak to someone else. The time of excuses — of exceptions being made for those who know This Law — is past. Various Ones of the Ascended Masters for months past have been telling this to the Chicago Class, and have reminded you in almost every Dictation that the hour has already struck when allowance is not going to be made for anyone who chooses to become discordant. There is no excuse for anyone under This Radiation battling others. That We cannot tolerate longer! There are so few who understand This Law in comparison to the rest of mankind. Follow Me closely, and I am sure tonight I can register within your mental and feeling world, and call to your remembrance repeatedly until your Ascension, the reminder of This which I am going to say tonight.

If you speak or send forth a thought, feeling or spoken word into the atmosphere around you, that is a rate of vibration just like a radio wave. *The energy of your Life takes on a certain shape according to the word, thought or feeling*, and begins to flow forth from you just exactly as the waves of heat go from your radiator. The regulation of your inhalation and exhalation of the breath takes place at approximately forty-eight times a minute. You have sixty seconds to the minute, so four-fifths of your incoming breath, you breathe in the rates of vibration that have just gone out into the atmosphere about you. Supposing you are disturbed in the feelings and you begin to mull over some destructive disturbance. The moment you think or feel anything about that, a wave is passing out into this atmosphere about you, and before that wave of energy, that rate of vibration, can get to arm's length around you, you have breathed in some of it. Now supposing you spend ten minutes in destructive conversation, discussing someone else that is in the Light or somebody outside — it doesn't make any difference who, but it is much worse to take those who are in the

Light — but NONE of it is permissible! Supposing you spend ten minutes in destructive conversation, you have six hundred seconds for that ten minutes, don't you? Four hundred and eighty breaths that you have drawn in — you have drawn back four hundred and eighty times within that ten minutes the rates of vibration that you have been speaking into the atmosphere about you, so you are pounding and building right back into your own flesh the words you speak about others. That is why the Great Ones, for so many centuries, have been trying to get mankind to understand that they must not judge or condemn. Jesus said, "Condemn not, that ye be not condemned." Mankind have been told repeatedly, "As you sow, so shall you reap," because unless you are frightfully angry, or you send a thing out with sudden force or pressure enough to get it past your own aura and to its destination, you have breathed it back into yourself the next second.

Suppose you have sent something to its destination — it immediately begins its return journey, and a little later you breathe it in again. That is why the Great Ones have said repeatedly, sixty percent of everything you send out stays in your own world, because only forty percent of it, even under strong pressure, goes to its destination. Now then, I am going to try to help you tonight to realize that *there is no justification for argument in this Activity!* You have been told that a lot of times, but the old human feelings surge.

Now let Me show you how you can conquer these things within yourselves, and get perfectly still and conquer the feeling in your own solar plexus first. The Beloved Harmony, speaking in Chicago Sunday, told the Class that the reason you feel anger or irritation or hatred or fear or doubt or depression at your stomach or the solar plexus, is because the majority of the atomic structure is around the middle of the body. He called it "the equator," I believe. The sinister force strikes there because it gets the most energy there. If the sinister force can get you irritated about something, and start a rate of vibration at your stomach where the food is, it can get a great deal more energy to sustain its destruction than if it does not disturb your feeling world. Do you see?

Now then, the moment you are conscious of a feeling at the

solar plexus, if you would simply take the Command, just as if you arose immediately into your Higher Mental Body and spoke to those rates of vibration in the solar plexus, "IN THE NAME OF THE 'MIGHTY I AM PRESENCE,' NO! BY THE POWER OF GOD, YOU DON'T VIBRATE IN ME!" you could settle that in one Command. If you would speak to those rates of vibration in the Full Authority of your own "Beloved Mighty I AM Presence" or Higher Mental Body, you can become absolute Master of your emotional world in a very short time, because most people have tried to control their feelings by the intellect and it will never work that way. Your intellect many times knows the right thing to do, but your feelings flare. Now in this Command, the moment you are conscious of any feeling at your solar plexus that disturbs your great, calm, peaceful control of any situation, you can just quickly arise into your Higher Mental Body and say, "IN THE NAME OF THE 'MIGHTY I AM PRESENCE,' NO! YOU DON'T TOUCH ANY PART OF LIFE! GO INTO THE VIOLET CONSUMING FLAME AND BE THOU NO MORE! 'I AM' THE MASTER PRESENCE OF COSMIC HARMONY IN FULL COMMAND FOREVER!"

My Dear Ones, you would not have to say that but once, usually, with that positive feeling, until you would change every rate of vibration in your emotional body on the instant. That would prevent that energy going out and touching someone else, and it would prevent it staying in your own atmosphere and you breathing it back in again. This is a powerful assistance to help you control every situation with which you come in contact, because when you can get the energy at your solar plexus perfectly quiet and calm, you will be able to control every situation harmoniously and get the Divine Plan fulfilled, no matter what is around you. So long as the harmony stays within yourself, you will be master of everything around you. It is only when the feelings within the solar plexus get that energy disturbed, that there is interference with that which is already moving Perfection into your world. I want you to have This tonight because you will find it an invaluable guard whenever you are moving among the people of the outer world, in which there is much distress. You will not take that on, and your

calm feeling radiating out to others will help them to take command of themselves; then the sinister force does not get any more energy to live on. This is very valuable.

Now we come to a very important point, and this is something the Student Body must understand. *We must absolutely root out all sense of ego!* That is one of the easiest ways by which the sinister force trips people up and makes them fail. That is the feeling that you want credit for something, and that you have certain authority and want to lord it over someone else. The world does not need any more dictators. We have quite sufficient in the outer world. Let us not have any in the “I AM” Activity.

I want to speak a word of warning to people who have been in authority in the outer world in their work. Sometimes in positions where you have many people under you that you have to direct to keep things working to produce Perfection, there comes a habit in the feeling of always wanting to tell somebody else what to do, or wanting to hold control of people. You have no right — unless you are dealing with someone downright vicious, then you sometimes have to use drastic means to shut off injury to others — but outside of that you never have the right to compel someone to do your will. The Masters don’t. We have never compelled you to do anything. We have told you the Law and have reminded you constantly that you were beings of Free Will. You may take It or leave It. If you do not choose to obey It, this will be the result. If you do choose to obey It, you will have only good; but We, not even to produce Perfection are We permitted to intrude on the individual’s Free Will. Why? Because it is when you become a pressure on each other’s feelings that trouble ensues. That is what people do who sometimes for years have been in positions where they direct others; use a lot of pressure in their own feeling world and they do not realize it. They do not even know it is going forth. They desire to get someone else to do something. Instead of calling to the “Mighty I AM Presence” and Higher Mental Body of the other individuals to take command of them, command the energy of those individuals to do that which is the Fulfillment of the Divine Plan, the individual who wants the other to do it becomes a pressure upon them. That is not permitted in this Activity! That can’t be

done, that's all! We must prove to the World that the Power of Light is the Authority, and every human body *is* Light within the atomic structure and within the Unfed Flame in each one's Heart. That Light and that Flame are the only Authority for any individual!

That does not mean in the raising of children that they are allowed to run wild and ungoverned — not at all. But you watch a child where the parent or grown person in charge keeps pounding away at that child and telling it it can't do this, that and something else. The moment that child grows up and is out from under the pressure of the force of the other person's feeling world, that child will go and do exactly as it pleases, so that you do not get a permanent result within that individual's feeling world. But when you say often to someone — it isn't always the child that bristles within the feeling world — someone who doesn't want to do what you want them to do, you say, "I am going to take my feeling off this situation. I am going to call the 'Presence' to show you the perfect thing to do, and ask my 'Presence' to give you the Harmony and Love to help you do it, but I am not going to be a pressure upon you to make your struggle any harder."

It is a peculiar thing — the moment the human of anybody knows it can have its own way, nine times out of ten it doesn't want it. It is a mental kink. I am taking this up in detail tonight because it is a very vital thing over the next few months. I want you to feel that sometimes when you think We are farthest away, We are nearest by your side; and when two people argue, if you could see at the Inner Level, if you could see how the force gathers, and those two individuals who argue will come together again, again and again until one rises out of it through love. Now since each one of you is endowed with the power to call the "Mighty I AM Presence," the Ascended Masters, or the Cosmic Beings into action to dissolve the whole situation, you have the power to dissolve it by the Power of the Silent Watcher's Cosmic Flame of Cosmic Silence, by the Cosmic Healing Flame of Cosmic Love. You are endowed with the Power to call That into action, and when you can solve the problem harmoniously and by the Power of the Silence, and Love gives you that Power, there is no excuse for

trying to solve it in any other way, and if you do, Life will spank you again and again with your own problems until you do it the other way.

I want to show you that you are moving into a time when hourly the Cosmic Light is increasing in the atmosphere of Earth. It must be so, because destructive forces are coming to a terrific vortex in this coming election, and I want to plead with every one of you tonight, as you value everything that means America's Freedom and your own Ascension, I ask you to let not one feeling of battle of any kind go forth against each other. You whom I have loved for 70,000 years, I might say to some of you tonight, that some of you have been very disobedient children in the past. Some of you have been deliberately defiant many times in those 70,000 years, but I did not reprimand you. I did nothing but pour on more Love, and if I could love you for 70,000 years in the midst of some of the degradation of the past, surely you can love each other until this election is past and the war is over — for America's sake, in order to save the Constitutional form of Government for America, which I have given on the last spot on Earth where Freedom could come forth. There is nothing important on this Earth these days but the amount of Light and Harmony you give others, and the time and devotion you give your "Presence."

I want to take up another phase of the Work, because many times many misunderstand the kindness of this Messenger. She many times gives many people a lot of rope and lets things go a long way, to find out what is in people. We often do that, because that is the only way We can find out, by giving people a chance to see what they will do when certain opportunity is offered. That is always better out than in, because then We know what to do in the future. You never know what is in an individual without the opportunity of trying.

Let me warn you against egotism. *There is no excuse for egotism anywhere for any reason!* Suppose you do something good that is a great benefit to many people and you give a great blessing — suppose you do. Isn't it the "Presence"? Anything good that comes through you is your "Presence." You should get no credit for that. Should you have even a feeling that you are

capable? Now We, in the Ascended Masters' Octave, when things are accomplished, pass that credit to the Great Central Sun. If you have done something good and you have had success, and you feel you are making progress, beware of that treacherous feeling that you are really somebody, because you are not. Only your "Presence" is "somebody." If there is any discord around you, you know very well it is you, and if there *is* good, it belongs to the "Presence." You ask the "Presence" to handle the nasty situations in the outer world. Every time there is a problem or some disturbance, you are quick enough to ask the "Presence" to handle it. So if there is something good, let us give the praise to the "Presence" and not let the human hold on to the credit and want something for itself. Because that is the only thing that made the human get away from the "Presence" in the first place.

I believe I told you a long time ago, if you will recall, that the first start of discord was the *feeling* of the human wanting to be the authority over the body, as opposed to the Source that *gave* the energy. That is the only way the discord got started in the first place, because the outer self wanted to be apart from the Authority of that "Presence," by whose Life the outer lives. Therefore, if something wonderful is accomplished, that credit belongs to the "Presence" because it was the "Presence" that did it. The outer self does not own anything in this Universe. It exists by the Grace of that "Mighty I AM Presence." This is the source of all selfishness and all jealousy, all anger, all fear and all doubt, because the human claims to itself that which belongs to the "Presence" and has *always* belonged to the "Presence," and *always will* belong to the "Presence."

This is the cause of discord, and over the next three months and longer, if peace is longer than that coming, this is the time when the American people need every ounce of harmony that can be drawn within your borders, because already there are munition manufacturers in the Argentine well established. They are not something in the hazy future; they already have the buildings up there and are making munitions to pit the Argentine and the nations against each other, and they are trying to pit Argentina against the United States of America to create war in this

hemisphere. We as “I AM” Students must prevent it! I cannot prevent it if the “I AM” Students oppose each other. If you cannot get along, you, whom I have loved so long, 70,000 years — if you who know This Law and for whom the Divine Director consumed two-thirds of your own vicious creation of the past — if you cannot get along with each other, why ask the communists or anyone else in this country to stop fighting? *You know the Law!* I am going to stand guard over each one of you! I will do everything I know how, and that is a good deal! I know a lot of things to do to stand guard over you, and I shall do it; but no one is going to come into This Activity and take the credit for something that belongs to the “Presence” and not hear at least a reminder from Me!

I want you to know another thing, that Mr. and Mrs. Bedell’s Life Streams were placed in charge of this Sanctuary. They accepted the responsibility of conducting things here. They offered and I accepted. They are My generals here for a while, and therefore I stand by My generals. You wouldn’t expect Me to desert them, would you? I would be a very funny leader of any activity if I didn’t stand back of the people who do accept the trust and responsibility of handling the human creation of those who come into the Group. I don’t think you quite understand what a Group Leader takes on who is in charge of a Sanctuary. That person accepts the responsibility of dealing with the human creation of the Life Streams of those who come in there, being patient and trying to dissolve it, so that the Higher Mental Body will give the Assistance that will expand their Light and help them get free; and when one is ready to help free the rest of mankind — well, then of course there is always plenty to do. You have all found that out, and I want you to know that My Love encompasses all of you! I come and I shall consume here tonight, through the mental and feeling world of everyone of you, everything that has caused distress recently.

Now just let us consider that no more than a passing cloud before the Sun, but I plead with you, don’t discuss it longer. You cannot solve any problem by discussion. If you do not agree, if each one will go by themselves and settle their own feelings first, use the Violet Consuming Flame and command everything in you

that is not the Purity and Perfection of the Ascended Masters, to go into the Violet Consuming Flame, and ask your Higher Mental Body to come in and illumine you and show you the Perfect Thing to do to fulfill the Divine Plan, you will find if that is done sincerely by everyone in any situation, and you ask to be shown the Divine Plan to be fulfilled, when you come together again, everyone will have the same ideas. I have seen that thing done hundreds of times.

That is what We do in the Councils of the Ascended Masters concerning your affairs. When the Councils take place in India and the Chiefs of the various Councils of the nations of the World come together to discuss World events, wherein We can give more Help and Assistance to the nations, each Chief of each Council calls persistently to the “Mighty I AM Presence” and to Us to help give all the Light possible to illumine the situation, to show each one the Perfect Thing to do in all circumstances, and to work in cooperation with Us from Our Octave, that We may release the Light into the physical octave that prevents the sinister force acting.

But I remind you again, that even in ten minutes of discussion of each other or something that has not gone right, you keep drawing back into your own bodies four-fifths of what you send out. How can you have your financial freedom? How can you have your own protection, and how can your own affairs go forward to greater Victory and greater Accomplishment? You can’t do it! Beloved Jesus reminded you long ago — because practically all of you in this room tonight were with Jesus during His ministry in Judea — He reminded the people, “See no man after the flesh.” In other words, see the Higher Mental Body and the Perfection of the Divine Plan called forth that really assists God to fulfill that Divine Plan.

I want you to feel that whenever your Groups are going into harmonious action, and the sinister force sees at the Inner Level that you are making progress, and the Power of Light is going forth through your Songs and Decrees, those forces stand — especially in any big city where there is so much defense work going on in the manufacturing of things that destroy mankind, where

there is so much discord and hate and so much deliberate desecration — they stand and see that Light, which means their annihilation, and they know it! They seek to drive in and get the energy so that they can live longer. If you could see at the Inner Level as We do, when some of these affairs come up for adjustment, it is simply a force in the atmosphere of a city that makes an individual irritated through someone else. You would no more let those forces get you irritated against somebody who serves This Light — you wouldn't do it! If you ever saw those forces trying to use individuals when they are off guard, you would never give them their own way. You would say, "No! I stand by everyone who is trying to hold to the Light, and you can't make me discordant!"

I am determined to guard you, Precious Ones, with all the Love of this Universe, if you will be humble and grateful, and pass all credit of everything to the "Presence" and not let the human self claim any credit to itself. *This is the Law of Life.* These conditions that we meet every day, do you know what they are, really? When you come in contact with someone, that is a *trust*. Life trusts you to give to every particle of Life that comes to your attention, the Divine Plan of Life — which is to give the Blessing of your Life Stream to free every Life Stream! It doesn't matter whether you like the physical personality or not, you are dealing with Life, *energy qualified*, and therefore your obligation is to bless all the rest of Life that comes to you! What does that do? Suppose you just went through one day — I wish you would experiment with yourselves for one whole day — holding on to your solar plexus, and let a Blessing of Life and a Command for Perfection into action, to bless everyone you meet that day. You can do it silently, or audibly if they be "I AM" Students, and just bless with Perfection and every Good Thing you can call forth, everyone you meet that day. Do you realize you are breathing that back into your own bodies, into your atmosphere and your affairs, and if you would do that for one day, by the time evening came, you would scarcely know you had done a thing. You cannot know what exhaustion is, no matter what your physical work is, because in blessing everything and everybody you contact, there would be so much of the Light and Harmony of that Cosmic Light go forth

from you, you would be powerfully charged with that energy and you would be kept harmonious. It is a magical thing, My Dear Ones.

This affects your finances. Many times I see people make very powerful Application for their finances, and the “Presence” begins to move that toward them, and sometimes it is only an hour away or maybe a day, and then something touches their feeling world and they become irritated. It is just like a whirlpool, and as it goes through that, the whirlpool pushes it off, and it may be days before that can be done again. If Our Hearts could ache, it would be when We see someone so near their Accomplishment, and then, because something touches the feeling world to disturb the harmony, they have to wait and wait, when they might just as easily have the Manifestation the next minute. These things are the things that have made Students fail all down through the centuries.

Now I am pleading with you tonight, because the conditions of the coming election are the most vicious America has ever experienced in Her history. The sinister forces are desperate. There is nothing they will stop at! I am depending on the “I AM” Students to maintain the Harmony and the Light, that will allow the greatest protective power to come forth for those who will give America Her Protection, Purity, Freedom and Victory of the Constitutional Government, that will save Her from these frightful experiences; because if the sinister force succeeds in continuing the communistic activity in this Land, you will not want to live here. *I know what I am talking about.* I have done everything I could to stem the tide of that thing and keep it out of America. Precious Students throughout the Nation and all over the World have continued to decree to keep the frightful viciousness let loose by the communists in this Country against decent people, out of this Nation. We are trying to keep this out of this Nation, and if it is not kept out, you will not want to live here.

Now listen! Some of you have agreed to stay through the transition period, and if you have to go through that, just remember, I tried to save you from it, and so has every other Master who has dictated! I do not think that with that on one side of the scale, and with the Powers of Light to bring permanent Perfection in America, that you have offered to protect and help bring in, if

you saw that from the Inner Level, I am sure you would not want one ounce of energy and discord to feed that communistic thing. What else could it be? If you are discordant with others in the Light, there is no difference between that and the communists. If you are discordant against one who is carrying the Light, you are doing exactly what the communists do! That is the serious thing. There is not a person here tonight whose human creation I would not take and completely consume to save America, but the Cosmic Law does not permit Me to do certain things when the people understand This Law and still do not exert self-control. They can if they want to!

I want to say something else that you must understand as “I AM” Students. In carrying on This Light, and certain activities come up for accomplishment, just feel that each thing that comes up, well, it is a Trust from your “Presence” and the Masters; and because you have received a greater Trust, you should be more humble, more kind and more selfless, and not let it go to your head and feed the feeling that you are better than someone else in This Activity. No one knows except from Our Octave, but We see what each Life Stream is contributing to protect America and the rights of free men throughout the World. Any discord against an “I AM” Student is discord given the sinister force to allow it to be more vicious. You have a great responsibility, once you know This Law.

Now your city has had the blessing of this “I AM” Student Group. Your city needs all the Light you can bring here, like these large cities in the East wherever there is great manufacturing going on. That draws a frightful pressure of energy at the Inner Level.

My Dear Ones, I want you to understand something tonight, because with your Calls — the Messenger has been making Calls — and with yours, We can begin a Cosmic Action to help correct it. Wherever a city is full of soot and dirt, that is black, isn’t it? Black is hate. That is generated here by the hate released in the outer world conditions that are so heavily charged with selfishness, greed and discord. I am going to say something severe, but I am sure it will make an impression. My Precious Ones, **ALL DISCORD IS SELFISHNESS!** It is the human holding energy to itself, and

qualifying it as it pleases, when that energy belongs to the “Presence,” came from the “Presence,” should be harmoniously charged by the “Presence” of the individual for the use of Life’s Perfection to come forth, and flood the rest of the Universe with Perfection and Blessing and Happiness. When the human holds that and requalifies it, and then sends it forth against Life, it is going to pay. And pay it always has, by events of Life that compel problem after problem upon the personality and make it go back to that “Presence,” when that “Presence” is the *only* giver and doer of all that is Good. The human feelings have been the only thing that ever interfered with God’s Perfection manifesting everywhere.

I come tonight to bring This Explanation, that you may not forget for one second, your responsibility as you move in the outer world, to pour Love and Harmony to everyone, whether you get your own way or not. Every bit of discord was because mankind got their own way instead of God’s Way! The Divine Plan Fulfilled is the *only important thing today*, and you can’t fulfill the Divine Plan by using discordantly qualified energy. The only solution is everybody going by themselves, stilling their own feelings, and calling the Divine Plan Fulfilled into the situation, until the Light brings Full Revelation of the right thing to do at each time. My Dear Ones, if you could see tonight what I know to be in the hospitals, and the younger generation that are being taken and wounded and sent back here, some of them to live thirty or forty years in those crippled bodies, flooding America with a Nation of cripples — MY GOD! IS THERE ANYTHING THAT YOU WANT TO DO THAT IS WORTH THAT? I wouldn’t add one feather’s weight to that. I would rather be shot down one thousand times than to pour upon those Precious Ones, one feather’s weight of discord. The only thing that can correct those conditions is This “I AM” Activity, for the people in the outer world do not know This Law. When those know how to command consciously, and call forth This Law, they can undo the damage that has been imposed upon America through war.

I come tonight to consume everything that has threatened your activity here. Our Precious Mr. and Mrs. Bedell have been selfless in their service, and I stand back of everything that is right

and honorable and just. I am so determined that everyone of you shall be so enveloped in My Love, that you don't want anything except the Divine Plan Fulfilled! My Dear Ones, the day you can say, "MY 'MIGHTY I AM PRESENCE,' I *THINK* I WANT THIS, BUT *YOU* GIVE ME WHAT *YOU* WANT ME TO HAVE," you will no longer struggle in the things you do in the outer world. You will just rest in the Loving Arms of your "Presence" and let It move you here and there, and you will find always provided for you the things you would have asked for yourself.

Now I want to show you what a Great Cosmic Flame of Cosmic Love can do. You can become It or not, just as you choose. You can look down into the discords of the outer world, and then keep breathing that back into your own body until it will no longer serve you — it will be "exit"; or you can look up to Us and the Angelic Host and the Cosmic Beings in the Ascended Masters' Octave, and call forth the Powers that are There! But remember, the Greater your Power of Light, the Greater the Harmony in your body, the Greater the Supply in your outer use, *the more humble, the more gracious, the more kindly, the more selfless must become the personal self!* The moment that intrudes and wants attention, or wants to lord it over someone else, the other will cease. I want so much to bring forth these Magnificent Blessings to make you all so happy that you will not have a breath apart. You will just love to bless and pour forth to others, and especially your Blessed America, the Power that She needs this hour for Her Protection!

My Dear Ones, if you could see what some of those Loved Ones are enduring in that war, you would not want your own way in the rest of Eternity. Nothing would be important except holding the Harmony that lets the Light through to release them from that distress. That is all that is worth serving — the Light. May there come to everyone of you Precious Ones that Full Illumination tonight that enables you to put the self aside, and live in the Fulfillment of the Divine Plan! Remember this: everything you have ever demanded for yourself has created a chain around you! Everything you have called forth from the "Presence," just given

for the sheer joy of giving, has brought you Blessings unbelievable, and that “comes back upon the waters” amplified many, many times. Life is very kind and very generous, and your “Mighty I AM Presence” has held nothing from you. That Blessed “Presence” has given, given, given of Itself! Its Love, the Greatest Gift that can be given, has given you Itself in Love for two and one-half million years, while you experimented with your own ideas down here. Previous to that time, It gave you of Itself in Love, and you kept your attention upon It enough to fulfill Its Divine Plan, and It kept you happy. The moment you began to experiment with having your own way, you got into distress, and the more you have your own way, the more your distress will grow. From this hour henceforth, because of the safety of your Nation, because of your Loved Ones who are in those channels of distress, I plead with you, *become* that Consciousness of the Cosmic Flame of Cosmic Love that brings Its Harmony, Purity and Blessings, and *be* Faith, Hope and Charity, the Great Cosmic Action of the Sacred Fire that burns away from every Life Stream, that which has been the distress of the centuries!

I call that Cosmic Flame of Harmony to enfold you. I call the Cosmic Music of the Spheres to play in the atmosphere of Earth, until with your Inner Hearing you may listen to the Celestial Choir and the Angelic Hosts and hear what human ears cannot hear. We cannot open the atmosphere of Earth and let you have some of these experiences, until you have mastered that emotional body. When you have taken your stand that nothing again shall get one wave of discordant feeling acting within you, and the sinister force understands that you have taken your stand, and will do it with all the Powers of Light, then We can move forward with greater assurance that if We open the atmosphere of Earth and We clothe you with Cosmic Powers, you will be strong enough to hold the guard, and therefore be the open door to everyone you contact. That will bring you more Joy, more Light and greater Freedom than I can put into words tonight. *Nothing is important but the Harmony you hold and the Love and Devotion you give your “Presence,” and your Commands that the Divine Plan be fulfilled wherever you move,* but it takes a definite Command to your own

feelings to say to them, “Now, if it is not the Divine Plan, I DON’T WANT IT,” and *mean* that.

If you could just know the happiness of resting within the Fulfillment of the Divine Plan, My Dear Ones, there is no one in this room tonight who would lack for any good thing. When you have the opportunity of bringing forth these Magnificent Temples wherein this “I AM” Miracle Music of the Spheres can go forth every moment of the twenty-four hours, and a group of the Students decreeing constantly for the Great Healing Flame of Cosmic Love to go forth on that Music — those Blessed Ones coming back from the National Defense, and in two or three hours their bodies become harmonious and out of pain, and the Light begins to come in and correct the conditions in which they are struggling, and they arise and walk out harmonious, encouraged and healed — My Dear Ones, it is worth *everything* it ever takes to discipline the personal self to enable you to be that Flame that heals others and releases Life from all human qualities.

It is My Privilege to come and release you from all human qualities, if you will let Me; but the Cosmic Law demands that *you* give a certain amount of conscious attention, and call to your “Presence” and to Our Octave, before the Greater Cosmic Assistance can come that gives you those Magnificent Cosmic Powers, that like Jesus, you can raise your hand and release that Flame through a physical body, change an atomic structure, release that one from distress, illumine the mind, and point that one to the “Presence,” and help them forward to their Great Cosmic Victory.

My Dear Ones, there is no happiness in this Universe so great as to use these Greater Powers of your “Presence” to redeem mankind, and lift them out of the turmoil of human distress. To see people who are depressed and in pain, see those faces light when the pain ceases and the mind clears and the Light comes through, and the ambition returns to go forth and fulfill the Divine Plan, My Dear Ones, there is more Happiness, more Joy in the Cosmic Use of those Powers, than all the things you have ever had through all the centuries when you got your own way. You have all had your own way — that is how you created those

limitations. Just remember, whenever there is a problem and limitation, that is your own way coming back to you. It is when you had your own way in the past and it comes up now and says, "Here I am! I belong to you, so you better take care of me." You say, "Oh dear! How am I going to handle this?" Then We hear a Call to Saint Germain or the Ascended Masters for help. When the Cosmic Law permits, I come or send someone. *I have never once refused to answer a Call!* Neither have any other of the Ascended Masters, and that is more than you can say to your fellowman. Many times you have been asked for help and you did not give it in the past. From now on I feel you *will* give that help. I will help you consume cause, effect, record and memory of that which has been of distress.

This week when I drew the Messenger here, I would not have done that unless I had known it was vitally important. I plead with you, and I am going to say to you as Jesus said to His Disciples, "*Love each other as I have loved you*"! I have loved you for 70,000 years. Can't you love each other seventy years? Can't you forgive each other as I have forgiven you? Try it out! It works! It will make you happier than anything else! Oh, there is nothing important but the amount of forgiveness and forgetfulness of human creation that you send forth. Supposing someone does make a mistake, what about it? Are you without mistakes in your record of Life? I think not! If you were, you would have Ascended long ago. There is no one unascended who has not made some mistakes. Well, if one person makes a mistake, should they condemn someone else for making a mistake? I have yet to see someone who condemned someone else for making a mistake, that I didn't see that same person making the same mistake within twenty-four hours, because while they were condemning the other individual, those rates of vibration registered in the feeling world and outpictured later.

Now then, let us arise tonight into the Light! Turn your faces to the "Presence," your faces to the Light! Call to the Powers of Light and to that Glorious "Mighty I AM Presence," the most Powerful, Wonderful, Beautiful, Glorious Being in the Universe, that stands ready, and has given you Its Life so long. Let It show

you how It can give you the Fulfillment of Its own Divine Plan, and in that *is* Eternal Happiness. You will be happier than you have ever been in your whole existence, past or present, when you will let your “Presence” fulfill Its Divine Plan through you, and you go forth and be to the rest of Creation and all mankind, all that “Presence” has been to you! There is nothing you ever did in the physical world that will hold a candle to that which will be yours — the Mastery, the Power, the Opulence. Oh, you can give assistance to those Precious Ones, millions in the outer world who are wonderful people. I know the Hearts of mankind are good. Everyone’s Heart is good. Everyone’s Heart wants the Divine Plan fulfilled, and the only thing that causes a shadow upon that, is the irritated feelings that come forth from the solar plexus, and arise like a cloud over the Sun, and hold that fog of human feeling there, until something dissipates it and consumes it, and lets the Light get through to show you Its Happiness and Its Beauty and Its Perfection. Hold yourselves, My Beloved Ones, out of the discord of the outer world. Let in no thing that would lower your attention from that Glorious Self. Become no part of the feelings of the people of the outer world. *I am standing by you and I have stood by you!* There are Legions of Angels that will come to your assistance, and They will bring you such Happiness and such Joy and such Beauty as you scarcely realize now.

Just be happy, My Precious Ones, the Messenger has come a long way to bring you the conditions tonight through which We can give the Dictation. She has had practically no rest since she left Los Angeles. The Outpouring has been ceaseless, the demands have been increasing hourly, and She wants so much to save America! So will you, with all the self-control at your Command, just compel that human quality to be no more. Command every disturbing feeling in your bodies to go into the Violet Consuming Flame, and then the Full Blazing Cosmic Healing Flame of Cosmic Love to come into your energy and hold Its Quality about you! Oh, My Dear Ones! If you could see as We do, the Destiny of America, that which has to be eventually manifested here, Oh, you would not want one moment to do anything that might give that communistic force any authority throughout your Land. They have

nothing but depravity and viciousness, and they would impose that upon every decent person within this Land if you do not hold the guard with your harmony. If you will keep harmonious, and call for the Divine Plan to be fulfilled, make your Application, and use the Violet Consuming Flame, We can give you Protection in the midst of anything; but We cannot hold Protection for you if you deliberately offer your energy discordantly qualified to the sinister force. Then We must withdraw! It is all up to each one of you! When I see, My Dear Ones, the future of America, I know that every building in this city could be replaced by a magnificent crystal building, one of glass brick, lighted magnificently and beautifully, and this could be a City of Light and Beauty and Music that would bring such Perfection. Life would give it to you. You could have it just as well as this other thing in which you struggle. Every city in America could be a Crystal City of Beauty and Magnificence and Music that would lift everyone on the Planet into the Perfection of the Ascended Masters, and dissolve all problems harmoniously and permanently. It would raise all into the Perfection which Life intends, when you are the open door through which We can give to your fellowman. My Dear Ones, I stand by tonight to forget everything human, to release everything Divine, to flood you with all the Authority, Courage, Power and Victory to hold command; and call to your Beloved Godfre to charge you with His Cosmic Love and Obedience, to your own “Mighty I AM Presence” and the Ascended Ones, that not one thing again could ever get near you but the Ascended Masters’ Perfection.

My Dear Ones, We want you to be the Custodians of the Wealth of the World. You, together with the other constructive people of the Earth, could be made the Custodians of the Wealth of the Planet, to command everything raised, beautified, purified and to compel Perfection everywhere. Each one of you could have a magnificent home of crystal, or some gloriously beautiful substance, a thing of beauty, and from which — supposing you made your Ascension in six months after you get the home, or the next day — you came into Our Octave of Light, and you would turn and call forth the Music and Power of Light through to bless

and serve mankind, you can keep on using it from the Ascended Masters' Octave! You can come back to it at intervals and keep charging the Power of the Sacred Fire and the Healing Flame through those homes, and draw greater and greater Power from the Ascended Masters' Octaves into the physical world, so that Its Radiation could go forth and help the rest of mankind to be free. I still come and go from the family estates in Transylvania. I still come and go to one of the palaces in France. Beloved Kuthumi still comes and goes to His estates in Shigatsi in Tibet. He has between two or three hundred people employed under an overseer. He still goes and gives His Love and Blessing to help them be free one day. You could have your magnificent homes in America, and if you were to make your Ascension, you could still go back and work from those homes. Nothing is lost. It can be a way of going into those homes and pouring the Substance from the Ascended Masters' Octave and making it a Radiating Center, until all homes on the Planet become like them. These are the things, Beloved Ones, that stand in the future and make America the Ascended Master Nation of the Earth, and let Her be the Open Door through which the other nations of the Earth can be the Perfection of the Divine Plan fulfilled.

Now let Me draw you an analysis. Did you ever hear of a composer bringing forth a magnificent composition with a beautiful melody by just making discords on the piano? I don't believe any composer ever did that. The same way with your activities. You cannot have perfection with discordant thoughts and feelings going forth from your bodies. The Destiny of America must be fulfilled, but if It is not fulfilled by the "I AM" Students through the Love and Harmony they pour from the "Presence" and the Ascended Host, then, if the frightful destructive forces are allowed to come in here and spend their destructively qualified energy, it will take a long time to readjust the Nation to the point where We can then begin to build the Permanent Golden Age. You have a great responsibility, My Dear Ones. Your opportunity is very great, and if you could know the pleading of the men in the trenches who know This Law, and who in the midst of those frightful conditions are calling and calling and calling these Powers

and Beings of Light through that, Oh, you would know what courage it takes to hold to This Light in the midst of wholesale destruction. The Messenger had a letter the other day from a Blessed “I AM” Student whose buddy was killed — so called — in the war. He was a magnificent character, and was suddenly shot out of the body, and that Blessed “I AM” Student — what do you think he wrote? He said, “Well! What a break! What an Ascended Master he will make!” There was not any grief! He said that he just thanked God that the man was going to be given the Ascension. He was so fine, he was such a wonderful character, with no hate in him; and when he was suddenly taken out of the body, the “I AM” Student realized that there, another one was going to be given the Assistance unto the Ascension!

My Dear Ones, do you realize what it means to carry This Light to the rest of mankind! Do you know what This Light I have brought to this Earth can do to lift the grief in the feelings of those who do not understand? You have the Scepter of Power to lift the grief from the rest of mankind by your Explanation of your Glorious “I AM” Charts. You have the Power to stop pain in the bodies of mankind, and at the same time illumine the minds, so that they understand their Life and Its Pattern of Perfection to be outpictured, and you can help them to fulfill It. You have the opportunity to bring Opulence into your hands and use, and then give to others as the Sun gives to you Its Life. You have the opportunity to bring forth the Healing Currents and the Healing Flame through yourselves, to command those bodies and minds made whole, and to go forward into the Victory of the Light, to the Freedom of the Ascension! You have the Power in your Knowledge of that Glorious “I AM Presence,” and your Calls to Us, and the use of the Violet Consuming Flame — you have the Power to help them stop hating, stop destruction, and to stop doing the things that give them greater distress. You have the Power, My Dear Ones! *You are the most privileged people on the face of this Earth!* The Cosmic Law stands ready to give you everything in the way of Wealth, to bring forth these Magnificent Music Temples and Healing Temples. You have the opportunity to bring forth those “I AM” Schools, to love these children coming in through

this war atmosphere, teaching them the “Presence” from babyhood, and teaching them to bring in the Perfection of the Permanent Golden Age. You have the magnificent possibilities that the rest of mankind do not have until they know This Law. When your opportunity is so great, the need is so great, and America’s future hangs in the balance, from this night henceforth, Beloved Ones, *let not one unkind word pass between you!*

PLEASE! Of all things, don’t doubt each other! Please don’t do that. Where would you be if We had doubted you? Many times We have stood by you and radiated Our Feelings of Courage and Strength, when you were very ready to go the other way. Won’t you do the same thing to each other? Give Courage and Strength and Harmony and Happiness and Kindness to others in the outer world that do not know This Law. Live the Fulfillment of the Law! Have the Opulence that enables you to give as freely as the Sun gives you Light, and be this Master “Presence” that pours Its Light and Its Love, and stands a Magnificent Being of Justice and Mercy, of Kindness and Perfection and Mastery Supreme. Nothing is worth sacrificing that! *Nothing on the Planet is worth anything compared to This which you can have from your “Presence,”* and you can have Our Assistance to amplify that to the point, that when you move among mankind you will be outstanding, and they will love you, because they cannot help it.

Tonight, My Dear Ones, I want to thank you for your music. I want to thank you for your love and adoration, and the cooperation you have given Blessed Mr. and Mrs. Bedell, and all the rest of the Precious Ones here who have cooperated and helped to hold and protect This Light. Now as you maintain more harmony and you make your Calls, you shall have your perfect, beautiful, new building in which you are as free as the birds of the air; in which you are able to sing and decree as you please, in air-conditioned, sound-proof rooms; in which you can invite those who come back from overseas to have some of the Happiness from God’s Own Heart, and while they sit there, be enveloped in the Perfection of the Calls and Music and Illumination that will make them receptive to This Light, and your Asended Master Friends of Light forever!

The Beloved Godfre wants Me to tell you that He stands ready to help you to hold that God-Victorious Self-Control, and that Illumined Obedience that is just the Fullness of the release of all things. *I AM STANDING BY YOUR SIDES!* I will do everything to assist you if you will stand for yourselves — by that I mean for the Light and your “Presence” and the Divine Plan of your Life Stream Fulfilled. If you are calling for the Divine Plan Fulfilled concerning anyone, the Divine Plan moves into action, not in opposition to anyone else. The Divine Plan does not contain anything except Perfect Harmonious Cooperation.

My Dear Ones, tonight may you have the Great Enfolding Power of those Great, Great Angels from the Cosmic Music Temples. May They anchor in and around you, and keep the atmosphere purified, until that hour when you hear that Music; and the day you hear Their Music clear and distinct, My Dear Ones, you will never rest until you are in Their Octave. You have never touched the fringe of Happiness yet, until you have heard the Celestial Choir and Angelic Host singing the “I AM” Miracle Music of the Spheres, that sings throughout Creation Their Happiness and Praise to Life! When you hear that once, you know that your Greatest Joy will be to help prepare the conditions in this World, until They can become visible and tangible on the structure of this Earth, and others can hear Them too! Then will the distress forever be annihilated. Thank you, Beloved Ones.

I wrap you in the Cosmic Flame of My Love and Freedom. I bless you with all the Love and Forgiveness at My Command. I clothe you in the Power of that Cosmic Protection and the Great Cosmic Peace and Indestructible Harmony, that form a Mighty Atmosphere about you. That brings you greater and greater Light and Supply. That takes out of your bodies all sense of distress, and brings you the Illumination that will show you the cause and effect of all things, and enable you to go forward with your hand in the Hand of the “Presence,” the other one in the Hands of the Ascended Host. Singing your Commands to Life, you move forward the Fulfillment of the Divine Plan, and everywhere you go, shed your Radiance upon the rest of mankind in the shadows, and lift those shadows away from them, and consume the shadows

forever.

May this night spread its Radiance from the Great Star that has recently come two weeks ago tonight, a Star of Cosmic Action, which appeared in the Northeast and has shed Its Radiance to America, and has begun to move close into the center of your Country. May the Fullness of Its Outpouring flood each one of you, passing through you, and dissolve everything that is not the Joy and Freedom and Victory of Its Heart. May you know that Divine Cosmic Flame of Cosmic Love *is* that Happiness for which you have always sought, and now which is yours for the taking. May this night release you forever from all that is not the Perfection of the Divine Plan fulfilled. “I AM” that Freedom! “I AM” that Love that transcends every human concept! “I AM” your Limitless Supply! “I AM” your Victorious Accomplishment! “I AM” that Indestructible Harmony maintained forever, that makes you move forward as Legions of Light in Eternal Command. From this hour may the Angelic Host clothe you and draw to you all Actions of the Sacred Fire and the Cosmic Light as of a Thousand Suns. May the Mighty Cosmic Sun of Even Pressure descend, and draw you within Its Heart, and hold absolute Perfect Balance in and around you, and that Great Happiness from the Mighty Rose of Light clothe you in Her Cosmic Rose of White Fire, and make you all the Perfection that is within Her Blessed Glorious Cosmic Heart! May My Cosmic Action of the Cosmic Violet Consuming Flame flood around you as Its Mighty, Mighty Cosmic Fire, and lift you out of everything of human qualities this hour!

The Beloved Jesus, the Mighty Mary and the Mighty Elohim of Peace pour forth Their Three-fold Action during the Seven Sacred Weeks, with Cosmic Love, with Cosmic Healing Power, with Cosmic Peace, in Their Combined Action. May It intensify throughout America with such Cosmic Pressure, no human thing can act. May It hold you close in Their Luminous Presence and Blazing Cosmic Flame until you stand wholly Ascended and Free, and let you pour forth to your Beloved America whatever is necessary for Her Freedom, Her Protection, until the moment of Her Ascension. May the Cosmic Crystal Cup and all It contains,

flood to you all Its Gifts, Its Wealth, Its Opulence, Its Supply of every good thing — just flood to you, and flood, flood, flood you with everything that It holds — until wherever you move, all is provided ahead, and Harmony maintained makes you the Scepter of Power, through that great Humility and Selflessness, to give without limit, your Perfection to all.

I thank you, Beloved Ones. I thank you for all you have done to hold the Light. I thank you for all you are yet to do. I thank you for your love and loyalty to that Light. Now may the Light come forth and clothe you in Its Invincible Protection, and lift you out of all human distress, that you may become a Sun of that Light to love others as the Great Ones have loved you this night. I love you and bless you and hold you in your Great Cosmic Victory forever! Thank you and good night!
