BELOVED ONES of the Sacred Fire, in entering into the atmosphere of Earth tonight, and bringing those Activities of the Sacred Fire that are needed at this time, We ask you to feel not only the Reality of Our Presence and the Outpouring from the Secret Love Star, but try to comprehend, if you will, the tremendous effort Life goes to in the Fulfillment of the Great Divine Plan by providing centuries, yes, thousands of centuries ahead, those Activities of the Sacred Fire that are to be used in drawing forth the assistance to any star, sun or planet to bring it forth to its full Cosmic Action and development in the Fulfillment of the Great Divine Plan.

Long, long aeons of time ago, was the Secret Love Star's Radiance focused upon the Earth to hold here the connection of Its Sacred Fire to steady the activities of mankind in their experience of passing through physical embodiment. These outpourings from the various suns and stars in space are definitely decided upon by the Group of Ascended Beings or Cosmic Beings Who are the Authority for the bringing forth of Perfection through every channel of manifestation.

So, in the Service which it is Our Joy to render to the Earth, the drawing forth of Its Sacred Fire, first of all through Light Rays to various parts of the Earth and to individuals, and then the release of Its Sacred Fire enfolding the Earth itself, We come into the Action and Use of Cosmic Powers from both the Physical Sun and the Great Central Sun that are ever flowing, always available, Invincible and Victorious in the producing of Perfection, and the Fulfillment of the Great Divine Plan.

Now, since the Light Rays from the Secret Love Star are now enfolding the entire Earth, individuals who know of Its existence and of Our Presence upon It, can have the Sacred Fire from the Secret Love Star anchored individually in and around you for your own individual expansion of Its Perfection. So if you will feel

whenever you think of the Secret Love Star, of Its Light Ray or Sacred Fire enfolding your physical bodies, or your beings and worlds in the Sacred Fire of Its Heart, you will find the Intensification of Its Outpouring to the World entering into your own affairs, and Its first place of Manifestation is within your own feeling world. I want you to feel with every fiber of your being, that the moment you turn your attention to the Secret Love Star, as the Sacred Fire comes back in and around you, everything becomes still, at peace, luminous, and at ease as It pours forth Its Activity to the Life around you.

So, will you feel It as a place of Security into which you may come and be closed off from the discord of the world around you. For as you give this recognition, many times in the midst of outer world turmoil or activity, your thought and Call to Me, or the Secret Love Star for Its Sacred Fire Heart to enfold you, you will feel It just like a hand coming in and around you and stilling everything that is of distress, and removing it as though it were not there. There's no struggle, no strain, naught but your acceptance of the Heart Flame of the Secret Love Star coming into your Heart and expanding through the body Its Love to Life, Its Control of all in this System of Worlds. For when Its Radiance began to enfold the entire Earth, It came to help control conditions here. So if you ask for Its Sacred Fire Heart to come in and around you, and control everything in the atmosphere about you, you will find a very great sense of relief from strain and struggle and pressure that heretofore seemed unavoidable. If you can live within the Awareness of Its Presence in and around you, your very love to It and Acceptance of It allows Its Flame to expand through you and into your affairs, and the more That goes forth, the less you have to struggle. This is a marvelous action of the Sacred Fire that takes away everything that causes you to worry. In It is Forgiveness; in It is Peace; in It is Mercy to Life; and in It is the Hand of Control of the energy in the world about you so that it cannot disturb you, nor prevent your Fulfillment of the Great Divine Plan. It is like a Crystal Shield around you that constantly repels and consumes anything that might cause you distress. Whether that distress is of your own creation, or that of the world about you, matters not,

the Sacred Fire's Activity is the Consuming of everything that is not the God-Creation of Divine Perfection.

So when you understand that as you love It, and call It into action, you live with It, and It lives with you as a Controlling Power of the Sacred Fire. It will keep everything clear between you and your "Mighty I AM Presence"; It will be the Balancing Control of conditions around you; and It allows your "Mighty I AM Presence" free reign in the outer, for the moment you feel the Stillness and the Love from the Secret Love Star in and around yourselves, your "Presence" is automatically releasing more of Its Sacred Fire into you for outer use.

Now if I were you, I would call forth the Powers, as well as the Power of the Secret Love Star, because in the Sacred Fire that flows forth through Its Heart Action, there are many Activities that can come into your outer use that will bless you greatly, and increase your freedom or bring your release from much that you have had to do in the outer by physical effort. Now this doesn't mean that It is going to release you from responsibility, not at all. But It will release you from so much unnecessary activity which the outer world has imposed upon Life by its continual demands upon your attention, your energy and the things of your world.

The Sacred Heart Fire of the Secret Love Star, My Dear Ones, supplying within Itself the Fulness of all Good Things, begins to fill your world with that Sacred Fire, and then the incessant demand of the outer world upon you will cease connection with you, and you will rise as if on Wings of Light into an Ease of Victorious Accomplishment that lets the Perfection of your "Mighty I AM Presence" come into the conditions that you're trying to control, and much more quickly produce Perfection there. I hope you have arrived at the time when your world becomes now the World of the Sacred Heart Fire of the Secret Love Star! (*Applause*) Thank you so much, Precious Ones.

We want you to have this Ease of Accomplishment, because if you will enter into This, and allow It to fill you and your world, you will accomplish so much more with the same energy in a shorter time without struggle, than you have ever done in the past; and We want to bring you to that Point of Attainment, because It

is Greater Freedom, and It enables you to give Greater Freedom to Life wherever you abide.

Try to feel that as each one of Us brings these Explanations of certain Activities of the Sacred Fire to your outer intellectual consciousness, try to feel every one of these Activities is your home in which you now abide, secure against the distress of the outer world; and each Activity raises you into the Greater and Greater Perfection and Freedom as you take your Ascension.

So, Beloved Ones, We promised long ago to help release you from the strain and the struggle and the problems that have weighted you down through the centuries, and the Sacred Fire is the easiest, quickest way, and the only permanent way by which these other conditions drop away of their own weight and are dissolved and consumed, never to touch you again.

So regardless of what it takes in the way of discipline in reminding the outer self of the Presence of the Sacred Fire Heart of the Secret Love Star, your remembrance of It sets It into action in you and your world, and It can only flood you with Blessings Indescribable till your world reveals the Magnificent Powers and Glories and Victories that are always the Manifestations of Its Sacred Fire. So love It with everything you are and have! Draw It into outer conditions. Hold It everywhere, and let It do for you that which only the Love of the Sacred Fire can do for you. The Release of that Sacred Fire into each of you, which the Messenger saw tonight at the beginning of the Class, has been established as a permanent Action within your bodies to improve your health, and give you the Strength and added Power of Peace to help you go forward and hold command of conditions about you. And I assure you, if you had a blazing electric light bulb inside of the body, you wouldn't have as much light as that which I have placed there tonight in the Sacred Fire of the Love from the Secret Love Star. (*Applause*) Thank you, Precious Ones; won't you be seated please, and just remain so.

May Its Sacred Fire fill your bodies and surround you and heal you with Its Blazing Perfection forever. May It fill everything in your bodies, your minds, your feelings, your atmosphere, and just let It flow on and on in Its Ever-Intensifying Action of that

Sacred Fire till the Blessings of Its Perfection go forth to flood without limit all Life that you contact, and know yourselves always as an Individual Focus of the Sacred Fire Heart of the Secret Love Star. Hold It Sacred within you; feel all that It wants to manifest through you; and command that Its Expanding Presence holds command of all things around you and pours forth into all, the Perfection of the Sacred Fire. I will be with you very often as you let This expand into yourselves and your affairs till wherever you abide, It just grows and grows as the controlling Power about you that the Sacred Fire may have Its Dominion everywhere you move, and keep repelled from you and your world everything that has been of human distress, so that naught but the Divine Plan's Fulfillment can ever approach you or exist within your world so far as you are concerned.

This is the Release of the Sacred Fire Blazing Love that provides the way for the Manifestations of Perfection to come forth continually wherever you will let This abide. And when you remember that It has come to stay with you, It has come to illumine your world, It has come to help you to your Mastery, then It becomes more and more tangible in your feeling world, in your affairs, till that hour when It blazes forth visible in the atmosphere about you, tangible until none can deny Its Reality, nor Its Authority, nor Its Power.

So, Blessed Ones, feel with every fiber of your being, that this Star of the Heart Flame of the Secret Love Star has already come into you. Love It, and let It expand Its Blessing to hold Peace and Purity and Protection and Activity of Perfection ever about you, and that you live in the Feeling of Its Perfection, and that which has been of outer stress is not allowed to come near you, because Its Sacred Fire consumes all that is not Its Gift of Love and Peace and Perfection to Life, in the Full Authority of That Sacred Fire which has been offered to the Earth, and is now to take Its Dominion for Eternity.

So I commend you to the World of Its Action, the Victory of Its Presence, and the Invincible Protection of Its Cosmic Authority to the Earth. May everything in your world come under the Authority and Control of the Sacred Fire Heart of the Secret Love

Star, until the Fulness of all It contains becomes your World of Action for Eternity. Thank you with all My Heart.

THE LOVE STAR — THE CALL

*Oh, Love Star! We call Thee,
Thou Jewel from the Sun,
Oh, Heart of Creation,
Thou Glorious One!
Come now in Thy Splendor,
Flash forth Thy Great Flame,
Burst all bonds asunder —
Speak forth the Great Name!
Declare now Thy Victory
And set this Earth free;
Reveal Thy Dominion,
Thyself let all see.
From Thy Blazing Altar,
Light's Greeting first came,
The Voice of God's Presence —
"Almighty I AM."*
