

EXCERPTS ON THE SECRET LOVE STAR

Beloved Saint Germain

“Today, for the first time in two thousand years, the LOVE STAR, created and sent forth to this System of Worlds by the Intelligence of the Great Central Sun, has begun to shed the Rays of Its Radiance upon the Earth, and today the first Rays have touched the Earth. This Radiance was present at the birth of Jesus, also during His Ministry, and withdrew at His Ascension. It has again appeared and will remain for more than a thousand years.”

“Before, when this Star appeared, It held principally or dominant in Its Outpouring, the Element of Love. This time, Its Radiance holds in perfect Balance, Love, Wisdom and Power, and is a part of the explanation of why We have said repeatedly, that the Christ Power will almost seem to intrude Itself, but only because of the quickening activity that has and will enter into the individual’s consciousness.”

E.W.B.: “What is the color of the Outpouring from the Love Star?”

Answer: “The Activity of Its Light is almost like the play of a searchlight, in which you place before the lens various colors. Its own individual Color is liquid or molten gold, but the Controlling Intelligence is constantly qualifying It according to the demand in the various localities.”

E.W.B.: “Will this Star pour out a still greater Power at Christmas?”

Answer: “Yes, because the consciousness of mankind is raised at Christmas and this, through long activity, has caused humanity to feel peace and a Radiance pouring through them at this time of the year. So it is a tremendous opportunity to utilize any additional force that is at hand.”

E.W.B.: “Was this the Star that lead the Three Wise Men?”

Answer: “No. The Star visible to the Wise Men was a Radiance from the Divine Self of Jesus, which at the moment of the Ascension, caught up the outer form in Its Eternal Embrace.”

Beloved Mighty Being Venus

“The outer world has no record of either the Secret Love Star nor the Secret Planet which has guarded the Earth from the beginning, but they will receive records of the Radiation, and will register the Force and Power which are pouring from those two Sources of Assistance! Those registrations will come through outer scientific channels.”

Beloved Messenger No. 1 from the Secret Love Star

“ . . . Why do you suppose the Secret Love Star has been called ‘the Secret Love Star’? Because there are certain activities of the Sacred Fire that are concentrated There and that, I assure you, act very quickly in the physical octave when They are recognized and called into outer service for the Freedom of Life. So, if you will begin to charge the Activities of all that is constructive throughout the World, with the Secret Powers of the Sacred Fire from the Secret Love Star, and the Secret Powers of the Love Star’s Sacred Fire in and around yourselves to handle conditions by that Sacred Fire alone, you will find one of the Powers of the Great, Great Silence coming into your outer use, and, I assure you, It will bring you very, very great happiness.”

“So please feel that the Secret Love Star is your Friend, more than you know, and It is like a Magnet that will draw everything that is of God up and into greater manifestation with a power that is irresistible and that commands the Universe. So, feel very close to those of Us from the Secret Love Star, Who are privileged to use Its Sacred Fire in Cosmic Action to control world conditions according to the demands of the Cosmic Law. And I bear to you today the Love of the Ruler of the Secret Love Star.”

“If you will recognize the Blue Flame Activity of the Secret Love Star, as well as Its Iridescent Activity of the Sacred Fire, you can,

if you will, dwell in a world of Its Power, Its Love and Its Control of all in this World. Now the Secret Love Star is no figment of anybody's imagination . . .”

“Now there are Limitless Legions of the Sacred Fire Who come from the Secret Love Star, and since the World requires and must absolutely call forth the Activity of the Sacred Fire from the Secret Love Star into the physical conditions of this World, those of you who know of Its Presence are privileged beyond all words to express, as you enter into the full realization that through your Love to the Secret Love Star, the Beings Who direct Its Flame to the Earth can concentrate a Focus of Its Victorious Love in and around you all.”

“The Cosmic Christ Love of the Secret Love Star to which I refer is an Activity of the Sacred Fire that simply dissolves and consumes that which is of interference with the Cosmic Onrush of the Perfection that must now be built into the structure of Earth itself, and into the people who embody here. I would appreciate greatly if you would call for the Invincible, Victorious Legions of the Sacred Fire from the Secret Love Star to fill your Nation and reveal Themselves to the people, because many people have a love to the Angelic Host and a belief in Them, through which We can very easily reveal the Presence of the Angelic Host and release Their Sacred Fire of Eternal Love to help the people to awaken more quickly. Within every Life Stream, knowingly or unknowingly, there is at times a feeling or a recognition of some Being as a Guardian Angel. So, in calling the Legions of the Angels of the Sacred Fire from the Secret Love Star in and around yourselves and throughout the Nation, it will strengthen the people's acceptance and acknowledgment of the reality of the Angelic Host and Their Guarding Presence to those who accept Them.”

“Now if you will get this picture, I am sure you will feel the Greater Strength and Power of Our Love, and I desire to assist you in and around yourselves and your affairs. Now just as you pour sunlight through a piece of cut glass, so to speak, and it breaks the

Sun's Light up into the various colors of the spectrum, so does this Sacred Fire which We draw from the Secret Love Star, filling and surrounding you, concentrate into your outer use and into your affairs, the special qualities that are contained within the Secret Love Star Itself."

". . . For you do not yet have but a fragment of an idea of what Powers are held within the Secret Love Star awaiting the use of mankind, and which have to be drawn forth into your outer direction and use by Conscious Call, Conscious Command and Conscious Use in the Fulfillment of the Divine Plan — first the Perfecting of your own world, then the atmosphere about you, then mankind and all Life wherever you abide. The Powers of the Secret Love Star are almost Infinite. And the Sacred Fire focused There is the Release and the Action of those Powers to produce Beauty, Health, Strength and Perfection without limit into the World — Beauty and Perfection that have never yet come to this World, but come alone from the Source of the Sacred Fire that has been provided to direct It here at a certain time."

"The Secret Love Star has not only many Powers, but many Uses in this World which the World needs very much tonight. For wherever the Substance or the Sacred Fire of the Secret Love Star flows, I assure you, human hate must die, and human creation dissolve before the onrushing Flame that is always its Master and has been commanded to come to Earth to consume the shadows that desecrate that which is of God."

Beloved Jesus

"I congratulate our Beloved Sister, Lotus, on receiving so clearly and vividly, the use of the Substance from the Love Star. That is a still greater Intensification of the Ascended Master Substance, as you previously have understood it. When It is called forth to envelop you, to clothe you, this Substance — in order to make it practical and clear to you — I say moves in and is absorbed into the body, and, as it were, chases out the imperfection."

Beloved Goddess of Justice

“When you hear your Beloved Frederick play that Beloved Love Star — you sit and the sound passes through you — is there any struggle? Do the shadows in your feelings fight back? I think not. You all love the Love Star, you love It and It loves you, so there is no struggle to attain Divine Justice, when the Light of that ‘I AM’ Music flows through your feeling world.”

Beloved Daddy

“Did you ever start to sing the ‘LOVE STAR’ when you began to feel irritated? Try it! The feeling from the ‘LOVE STAR,’ and the Substance and the Flame which come from That are pink and gold, neither one of which carry an irritated feeling. So the Flame and Substance from the Secret Love Star are the opposite of irritation . . . So if you will sing the Melody of the Secret ‘LOVE STAR’ whenever you begin to feel irritated, I am sure the irritation will be very short-lived — very short.”

“This will bring release from strain, struggle and pressure. Become aware of Its Presence in and around you and into your affairs. In It is Forgiveness and in It is Peace; in It is Mercy to Life; and in It is the Hand of Control of the energy in the world about you. It is like a Crystal Shield! As you love This and call It into action, you live within It and It lives within you. It will be the Balancing Control of all conditions around you. The moment you feel the Stillness and the Love from the Secret Love Star in and around you, your ‘Presence’ is automatically releasing more of Its Sacred Fire into you for outer use!”

ON CHRISTMAS MORN

*HE Breath of a Rose on Christmas Morn,
Touched the Earth as there was born
Him Whose Light and Radiant Love
Clothed the World from Realms above
With Substance pure and Power Supreme
In one unending Glorious Stream,
Beloved Jesus, Great "I AM,"
The Word fulfilled to every man.*

*To Him in Love no tongue can tell,
We pour our praise like golden bell
And call mankind to love Him too
That He Earth's veil may now come through;
In Cosmic Light, the Great "I AM"
Forever pours Its Love to man,
And all shall see His Victory now
And to His Mighty Power bow.*

*As Lord of Life and Light of Love,
He comes in Splendor from above,
And where He touches Earth again
Lo! there comes forth the Unfed Flame!
Abide within It loved ones dear,
Become Its Blazing Presence clear!
Be Lord of Light! Be all Divine!
Be One with Him, let His Light Shine!*
