

BELOVED MIGHTY PELLEUR'S DISCOURSE

Through Mrs. G. W. Ballard

DECEMBER 28, 1950

PRECIOUS ONES OF THE LIGHT, it has been a long time since I have visited with you Beloved Ones, but may I say, when I come I bring only that which is of Love's Perfection and Peace Eternal. I want you to know there is one place in this World where no discord can ever come, and that is Our Domain in the Heart of the Earth. Isn't it wonderful to know there is one place where human discord cannot come, and that is Our Realm of Activity!

So, when you think of Me or the Activities of the Heart of the Earth, then you know positively that here in this World is the Focus of Eternal Purity and Eternal Peace. Do you know why that abides there? Do you know why the Cosmic Law has created it thus? It is that the Earth itself may be held together by that Love which will not accept discord. It is an Activity of the Fire Element and the Great Cosmic Light that ever sends Its Radiation clear through the structure of Earth, and from that holds the pressure of that Electronic Force that maintains protection of all that is constructive.

Just as the Flame in your Heart will not accept any impurity from your mental and feeling world, so does the Activity of the Sacred Fire and the Cosmic Light in the Heart of the Earth remain forever Pure in the Authority which has been given Us there, to pour forth the Powers of the Sacred Fire to more quickly hold command of the surface of the Earth.

So Beloved Ones, whenever you think of Me, instantly there will come back to you the Peace of Our Realm of Activity. Could you see the Beauty that has been produced there because of this Peace, because of Our Purity, could you see what the Beings of Nature and the Beings of the Elements have drawn within the Center of the Earth, you would be speechless with amazement, and you would love It and admire It for Eternity. There is not one thing there that is not Beautiful and Pure and Luminous. So you see, We do live in a Realm of Life's Activities that pours Its

Perfection everywhere around us and through the structure of Earth itself, to hold protection for that which is constructive. While mankind on the surface live in such frightful turmoil and destruction, yet everyone who would give Us his or her attention could connect with the Purity and Peace that is Eternal in the Earth — forever giving Its Purity and Blessing through the structure of the Earth, to help bring about its Eternal Freedom. The individual who cares to receive Our Love and Our Blessing automatically absorbs that Purity into the outer self, and It becomes for the individual the same Protection of that which is constructive, as It does to the structure of the Earth itself.

We handle terrific forces of Electric Energy concentrated into Our Activities, because you scarcely realize how much energy it takes from the Center of the Earth to hold the pressure of the crust of the Earth, so it does not completely collapse within itself. That pressure of Our Purified Substance and Energy has to continually hold the structure of the Earth within a certain balance, in order to prevent mankind's destruction driving so deep within the crust of the Earth, as to cause it to collapse within itself.

So We are the Sustaining Pressure of the Sacred Fire and the Substance of Immortal Purity within the Heart of the Earth itself, to continually pour forth Its Radiation, and therefore, hold command until the discord can be removed from the surface of the Earth.

The Great Presence of Life that controls this whole System of Worlds is very Wise, My Dear Ones, and very Loving and very Powerful. The human intellect can scarcely understand the Tremendous Force of Our Electronic Force, Cosmic Pressure, and Power that it requires to maintain this World against mankind's increasing discord and destruction. Still that discord is not the master of Us, and will not be the master of anyone who seeks to feel his or her *Oneness* with Our Powers of the Sacred Fire and the Immortal Purity of Our Substance that abides in the Center of the Earth, to render Its Service to all Life that the Great Law of the Universe places here to gain Freedom and express the Perfection necessary to attain the Ascension.

So Beloved Ones, just as surely as you exist can you feel the

Peace and the Purity and the Love of the Fire Element in Our Great Domain in the Center of the Earth, and you may connect with Us at any time you choose to give Us your attention.

Now since the Mighty Polaris governs the Activities of those Magnetic Currents from the Sphere Polaris through the Pole of the Earth, since He governs those Magnetic Currents, and since We hold in the Center of the Earth these Magnetic Forces of Our Love and Purity and Power of the Sacred Fire, then these two Streams of Energy are constantly pouring forth to the Beings of the Elements, the Powers and Activities of Nature, and into mankind themselves, that Perfect Balance of the Electric and Magnetic Currents of the Energy that sustains this whole Planet.

Now, so can the individual through the attention and the feeling of Love and Gratitude and Devotion enter right into those same Streams of Magnetic and Electronic Energy drawn in and around the individual, to hold the same Balance in the outer self that We hold in the structure of the Earth. Balance, may I say, seems to be the thing that mankind require the most at the present, outside of Purity. When these Great Cosmic Currents are called into outer action on the structure of the Earth by your Conscious Command and through your Decrees, then these Balancing Activities can take place right in yourselves, just as well as in the structure of the Earth.

Now try to turn your attention to your “Beloved Mighty I AM Presence” several times a day, with the feeling of Intense Love and Devotion and Gratitude for all that It has placed in the outer self, which you may use to expand Its Purity and Perfection into the world around you. That comes from your own “Beloved I AM Presence”; but at all times, you may walk in a Pillar of the Magnetic and Electric Currents in the Heart of the Earth, that arises in, through and around yourselves, and wherever you go you would be enfolded in that Pillar of Flame and Substance, which just automatically holds Balance everywhere you move in the outer world.

Now this is entirely, I will not say separate, but independent of your own Tube of Light. This is like an outer Radiance around that Tube of Light that is definitely attuned to an individual, to

pour Its Purifying, Balancing Flame and Substance into the structure of Earth and atmosphere of Earth wherever you move. So in giving Us your attention, may I say you step into a Pillar, as it were, of Balancing Energy that We use at the center of the Earth. As you draw that to the surface of the Earth, It holds Its Balance here on the surface of the Earth just the same as It does from within the Center of the Earth. Then you don't feel the stress and the strain of outer world conditions nearly so much, as you remember to call this forth and know that you move within It.

Now, the Ascended Host have given you the exercise of picturing the Great Pillar of the Sacred Fire from the Ascended Masters' Octave, which is the Electronic Belt around the Physical Sun. You may draw that from Their Octave in and around the physical body. Then, We from the Center of the Earth are offering you another Pillar of Flame and Its Balancing Substance, to hold that Balance around you in order to render certain service on the surface of the Earth and into the structure of Earth itself. So you are held in that Pillar of Fire from the Ascended Masters' Octave from above, and you are held in a similar Pillar of Fire from within the Center of the Earth. That passing through the crust of the Earth becomes a Tremendous, Purifying, Blessing Activity of Love and the Sacred Fire to the Beings of the Elements and the Powers of Nature. As you automatically bless them with Love and Purity, then the Beings of the Elements within yourselves become freed from the substance that has been imposed upon them by discord, and they too begin to release from within themselves their own greater Light and Blessing, until your world becomes Perfection manifested. Then the Higher Mental Body can expand Its Flame in and through and around the flesh form with much greater Power and Action, until It automatically manifests Itself through you.

Therefore, as you return your attention to your "Beloved Mighty I AM Presence" several times a day, keep demanding that It come into yourselves and expand Its Flame through you, that you accept the Power of the Sacred Fire, the Victorious Cosmic Christ Fire from the Ascended Masters' Octave, and you abide in that, and then you draw from the Center of the Earth the Great

Pillars of Our Purifying Flame and Substance to enfold you in that, and “as above, so below.” As those two Pillars of Flame meet and the Unfed Flame in your own Heart expands, will you find yourselves moving in a Sun of Light, and the Flame of Its Love will give you a Peace as you move in the outer atmosphere of Earth. That Peace in you will never again allow you to feel the pressure of the discord in the atmosphere around you, because you will move in your own atmosphere of the Sacred Fire and the Cosmic Light-Substance, where Love, the Fiery Love from the very Heart of Creation, is Master and rules all with that Great, Calm, Peaceful Power which only abides within the Sacred Fire. Then as you walk on the surface of the Earth will you truly become a Blessing to the Universe wherever you will move, and as that Fire Element with Its Fiery Love and Immortally Pure Substance go forth to bless the Beings of the Elements and the Powers of Nature, you will find as that Flame goes forth, will It draw back to you all the Blessings of the Sacred Fire.

If you give the Fire of your Love from your Heart to your own “Beloved I AM Presence” and to the Ascended Masters’ Octave of Life and to Our Realm of Activity, then everything that the Sacred Fire holds within It and Its Immortal Love and Purity, will give back to you, in yourselves and around you, Its Boundless Blessings and Its Immortal Freedom. (*Applause — audience rising*) Thank you, Precious Ones. Won’t you be seated, please.

Now try to feel as the Flame of Immortal, Fiery, Victorious, Cosmic Christ Love comes and enfolds you from above, and the Flame of Our Victorious Cosmic Christ Love enfolds you from below, and the Unfed Flame in your Hearts expands from within, you have become then that Action of the Three-fold Action of the Sacred Fire that enables you to go forward and render your service to the World — being in it and not being of it — and at no time ever again subject to the domination of the destructive force of this World.

If everyone in your National Defense understood this and called to the “Beloved Mighty I AM Presence” to blaze Its Fiery, Victorious Authority of Cosmic Christ Fire in and around the physical form, and then called for these Pillars of Flame from the

Ascended Masters' Octave and from Our Octave, Our Realm below, and those three Activities of the Fire Element were sent forth by Conscious Command to consume all destruction before it could approach, the outer self would never feel the pressure of discord in the atmosphere of Earth.

We have taken you very deep into the Activities of the Sacred Fire, and it is because you are going to require it; because as the outer world's discord seems to hold so many in its clutches, if you are to carry the Light and the Truth of the "Mighty I AM Presence" and give assistance to the mass of mankind, then I say to you, you will have to move clothed in the Fire from the Ascended Masters' Octave and from Our Domain, as a shield against the continued pressure in the atmosphere of Earth of the discord of mankind, but with this Great Power of the Sacred Fire filling and surrounding you — and remember, It is always Eternal Harmony, Eternal Purity, Eternal Protection and Peace. Then know, My Dear Ones, where you move, the discord of the outer cannot connect with you, for you abide within the Sacred Fire and It is Master over everything in this World.

Then you abide in the world of your own, of Eternal Purity and Peace and the Love of the Sacred Fire. That is no imaginary thing. That is not the figment of anyone's imagination! These Activities are Real, as Real as Reality can be, but mankind don't understand Them. Therefore, they do not know how to use Them and are subject to their own creation. So long as you let the Unfed Flame in your Heart from your own "Mighty I AM Presence" expand through the outer self, and clothe yourselves from the Ascended Masters' Octave with Their Great Flames of Eternal Perfection, and draw from within the Earth Our Flames and Substance of Immortal Purity and Balancing Power, then you move clothed with the Perfection from above, the Perfection and Balance from below, and your own Heart's Flame has got to expand through you and reveal Its Mastery in the physical octave, regardless of what is in the world around you. Then will you find these Greater Master Powers of Life coming into your outer use; because as you hold the Balance in that Activity of the Sacred Fire, will it be impossible for you to misuse these Greater Powers of

Life's Mighty Activities.

This is the Assurance that when you begin the use of these Powers again, you will never lose them. *The Guard is the Activity of the Sacred Fire from above with Its Directing Intelligence and Almighty Fiery Love, and from Our Octave from below, with Its Great Balancing, Immortal Purity — another Action of the Love which is Master o'er all.* As you allow the Unfed Flame in your Hearts to expand the Fulfillment of the Ascended Masters' Divine Plan through the Activities of the Sacred Fire, then wherever you move, they become permanently manifest in the physical octave, until their Expanding Radiance keeps consuming all that is of discord until it can never again exist in this World.

Draw these Great Magnetic Currents of Our Immortal Love and Purity and Peace and Its Perfect Balance into yourselves. Let the Power of the Sacred Fire unfold through you the Happiness and the Perfection you have always desired. We would love to be in connection with you again as often as you care for Our Visit, until We make you feel Our Reality by the Gift We give, until that Great Magnetic Power of Perfect Balance controlled by the Love and the Purity of Our Fire Element, reveals to you the Gifts which We wish to bestow, that you may have more Freedom and more Mastery over conditions on the surface of the Earth, which can only come through your use of the Fire Element. That Great Sacred Fire in Its Eternal Purity ever awaits your Call to bless you with all It has. The more you love your "Beloved I AM Presence," the closer that Flame can come into you, and the more powerfully will It act in the atmosphere about you.

So it all depends on your Love to your own "I AM Presence," and your Calls to the Ascended Host and to Us, Who govern these Activities in the Heart of the World. *Love alone is the Master within the Fire Element, and that is why when it is time to express your Mastery in the outer world, then Love must take Command of Its Own, and the Unfed Flame in your Hearts must be guarded by Our Sacred Fire, until your full Mastery moves into outer action that which no discord can oppose.*

Unto Its Heart do I call you! By Its Own Mighty Mantle of Loving Peace do I enfold you! As you are drawn deep within the

Heart of Its Power, may you feel Its Great Expanding Activity go forward and fulfill your every Heart's desire with a Joy that is yours for Eternity. Then in your Acknowledgment that “ ‘I AM’ THE COSMIC LAW'S IMMORTAL ACTION OF THE IMMORTAL PURITY AND BALANCING LOVE FROM THE HEART OF THE EARTH,” will you find again another Action of Love that will give you Boundless, Immortal Perfection.

Just know the Activity of the Sacred Fire and Cosmic Light-Substance from the Heart of the Earth is Our Gift of Love to your Life. It brings Purity and Balance by those Great Activities of the Sacred Fire that are qualified especially to produce that Perfect Result for you. Then when you say, “ ‘I AM’ THE COSMIC LAW'S IMMORTAL BALANCING LOVE AND SACRED FIRE, COMPELLING THE FREEDOM OF ALL,” then We move into action and you will be the first one to be set Free, because you let It act through yourselves. *You automatically free yourselves as you call this forth to hold the Purity and the Balance that frees others from strain and distress.*

So, he who is the giver of the gift is at all times the greatest beneficiary of its Blessings, and it is such a Joy to give the Love of Immortal Purity that holds Balance where turmoil seeks to produce destruction. Therefore, there cannot anything come to you from Us, of these Activities of the Fire Element, except the Great Balance and Perfection and Security of that which is Eternal, because It is the Fire Element. Let It enfold you! Let It expand through you! Let It send your Love to your “Beloved I AM Presence,” and then go forth and send of Its Magnificent, Victorious Presence to bless all the Universe with Its Happiness and Perfection and Ever-expanding Creation of that which fulfills the Divine Plan.

I commend you to the Joy of Its Heart, and may your Happiness be boundless in your service to Life that holds Balance, pours its Love and Purity forth, and sets Free all you contact, until you all stand in the Great Octave of Eternal Joy and Freedom in the Ascension.

Thank you, and good night.
