

BELOVED LORD MAITREYA'S DISCOURSE  
*Through Mrs. G. W. Ballard*  
CHICAGO, ILLINOIS                      OCTOBER 2, 1949

BELOVED ONES OF THE LIGHT, I come on the Wings of Love to show you the Powers of Creation and the Victory of Perfection everywhere throughout the Universe; and as We have told this Messenger from the beginning, there is nothing ever really accomplished except through Love. It is the only Permanent Activity of Perfection anywhere throughout Eternity, and as I impress upon you this afternoon Its Importance in your daily activities, will you realize that the Supreme Scepter of Dominion and the Open Door to Freedom is Our Love.

You have had the Love of your "Presence" all through the centuries, but you do not realize how Great has been Its Love to you! Is that Love not very Great, when the "Presence" gives you Its Own Life century after century after century to do with as you please? Since *Thought, Feeling, and the Spoken Word are the Only Creative Activity anywhere in the Universe*, then when that Great Presence, the "Mighty I AM," the Giver, the Sustainer and the Victory of all Love, has given you Its Life, which is Its Own Love from the Great Central Sun, and It has given you that through the ages to do with as you will, it is because the Great Creative Power of Perfection is within that Love, or you wouldn't be able to do the things you desire to do.

So within your Love from the "Presence," which is Its Life, you have received the Ways and Means of doing the things you desire to do in the physical octave. Well, may I remind you that the same Mighty, Creative Powers of Life abide within your love returned to the "Presence." If the "Presence" gave you Its Life, which is Its Love, and through the use of Its Life you are able to create things in the physical world, do you not realize that as you give your Life, your love, back to the "Presence," you too will be able to create anything of Its Perfection that is in Its Octave? You will be able to create a like Perfection in this World.

Just the accomplishment of things, My Dear Ones, in the physical octave, is not the Supreme Goal of Life. The Supreme Goal of Life is to draw forth the Life from the Great Central Sun, which is the Action of God's Mighty Energy, and all of the Cosmic Attributes of Its Love by which It has created the entire Universe and placed Systems of Worlds in Action by the Love in that Life! It has made you an Individualized, Concentrated Focus of Its Own Self through the physical form. Therefore, your Life which comes only from your "I AM Presence" and only from the Great Central Sun — your Life contains within It the Love of your "Presence," and within that Love is all Creative Power of Perfection, which can produce any manifestation in the physical octave at the Command of your "I AM Presence"!

You do not realize how close you are to the Heart of Love. *You do not realize that the Energy which is breathed through your lungs this moment and which is beating your Heart, was just a moment ago in the Great Central Sun.* That energy which is the Life from the Great Central Sun, contains within It the Love of the Great Beings There Who are constantly releasing that Life and Love to sustain outer manifestation, including your outer personal self.

Your Life has always been! There never was a time when you were not! There never will be a time when you are not, because even before this System of Worlds was created, your Life was Part of the Life in the Great Central Sun. Your energy abided There! Your present consciousness abided There and was part of the Great Creative Activity of the whole Universe! When you chose to come into outer physical manifestation to travel awhile upon the Earth, it was that you might draw the Qualities and the Attributes within the Love of Life in the Great Central Sun, into outer physical embodiment. You embodied that you might draw forth each Attribute and produce in dynamic action, manifestations of Perfection in the physical world so as to express some of the Beauty, Perfection, and Happiness from the Great Central Sun into outer action here.

Just as a flowering plant draws the Life energy or the sap of the plant up, until the blossom is completed, and then the fruit

forms, fulfilling its Divine Pattern — it only does that in obedience to the Law of its own Perfection — mankind are in a similar relationship to the rest of the Universe.

Whatever you wish to draw into outer manifestation, try to remember this: nothing is ever permanently manifested which produces Beauty, Perfection and continual Blessing to Life, unless it is brought forth, sustained and expanded in that Perfection by Love, and that Love is within Life Itself! It is within the Great Central Sun! That Love is Harmony Supreme! That Love is Boundless Opulence, for that Love of the Life in the Great Central Sun is the Causeless Cause of the Ever-expanding Power in all Perfection! If mankind could understand that that Love is the only Power of Life which enables Perfection to come forth and be sustained and expanded, because It is the Only Purifying, Harmonizing Power of Energy, within Energy, then they would realize that to draw forth Love from the Great Central Sun in Unlimited Action means Absolute Mastery over all conditions in the physical world!

You might use the most wonderful intellectual consciousness and the smartest ideas that you think necessary, and you might draw energy without limit, but regardless of what manifestations you produced, if they do not contain the Love from that Life in the Great Central Sun which is Eternally Sustained Harmony, if that Quality is not within, then whatever is brought into outer manifestation would only be temporary, and in time would dissolve and disappear, because its Sustaining Power of the Perfection of Life is the Love within the Life of the Great Central Sun which sustains all Creation!

Those who carry the Light and have come to mankind throughout the ages to carry the explanation of the Law of Life, before they have gone forth, have stood within the Flame of Love from My Heart! I have drawn the Love of Life from the Great Central Sun, which “I AM,” as a Sun of Gigantic Power and Invincible Protection around those who have tried to teach mankind the Law of Love, the Way of Perfection, and the Fulfillment of the Great Divine Plan of the Universe!

Therefore, whenever there is any important work to be done,

whenever those who want to carry the Light and raise mankind to greater Purity and Perfection have taken the responsibility of that Activity, they have had to be sealed within the Flame of Love from My Heart in order to give them Protection over a certain length of time, until the Truth of the Law they taught was released to a certain proportion of humanity.

May I say to you, Precious Ones, there is no difference in the Demand of the Cosmic Law today than there was four and a half million years ago when you left the Great Central Sun — not an atom. The Law is the Law for Eternity, and the Law of Its Action is Love! That means that Harmony holds command of substance and energy, until Beauty and Perfection come into outer dynamic action to fulfill the Command of the individual who speaks the Great Creative Word, “I AM.”

That is why there isn't a government on this Earth today which can solve the problems of its people, protect those people or its supply to the nation, unless they will call forth the Love in the Life from the Great Central Sun which is Master over everything in this World! There isn't a nation, or all of them on Earth put together, which can solve the problems of mankind, because they know not the Power of this Love. They may think they know how to solve problems, but they are but trading one problem for a dozen or hundreds.

Therefore, unless mankind know the Law of Love and know It is the Action of Perfection within Life Itself, they are not making any progress, and are only acting in destructive channels. I grant you because of their attention, they have made a greater accumulation of destruction through the drawing forth of the atomic bomb, but what have they perfected in the Universe? With all the energy, time and money spent, what have they done to Life?

Therefore, those who carry the Light, those who want Perfection and Protection of all that is Constructive, will either understand Me today and accept the Mantle of My Flaming Presence, and the Authority which My Love is to hold Protection around them while they render their Service to the Light, or they won't carry the Light, they won't have the protection, and they won't have the supply. You might concentrate all the energy of the outer

self upon supply for a time, and you might even produce a certain manifestation of that, but where is your security for keeping it? How many of you can tell Me what forces there are in the World which could sweep it away from you the next twenty-four hours! I am not telling you this to make you fear. I am telling you the Law of your own Protection. You cannot protect your supply except by the Love within Life Itself!

That Love is the most powerful Protecting Force in all Creation, because It not only produces all the Manifestations of the Solar Systems of this Universe, but It sustains them and It protects them! Just to carry out an idea, My Dear Ones, by the use of your own energy or the Application of this Law, does not mean that the manifestations you produce will be sustained or protected! The Sustaining Power of Life is Our Love, and that Love is Balance, Purity and Harmony to all that is! That Love is Light, and how could a Universe exist without Light? How could there be a System of Worlds without the Light of a Sun around which that System revolves? Where do you suppose the Light of that Sun or the Manifestation of that Sun comes from? It is the Focus of the most intense Electronic Force to that System, and It is held in Its Orbit, It is held concentrated, It is held in Its Activity by the Love from the Great Central Sun, and the Planets revolving around each Sun are held in connection with that Sun by the Love from the Great Central Sun. You may call It Magnetic Attraction or what you will, but nevertheless It is the Love within the Life from the Great Central Sun which drew and gave that Electronic Force and held It in a certain Concentration of Action. It is Our Love which gave that, or It would not be in manifestation.

I am determined to bring this before your attention powerfully enough to make you realize you have no security anywhere in the outer world today, unless you know the Authority and Power of this Love! You might think you can pull political strings or you have this person or that person who is a friend of another person; but who of you can tell Me what that friend will do when fear strikes in, or the reactions of the individual's own creations are ready to take their toll?

I want you to come to the point of Our Security, Precious

Ones. It is necessary because there is no security in the physical octave except by this Authority of that Beloved “Mighty I AM Presence” and the Power of Its Love! You have no security! Everything in the physical world is changing from hour to hour, but that “Presence of Life” changes never, except to expand Perfection and give you more Love of Itself. That is the Power which can concentrate the Electronic Force from the Great Central Sun and intensify Its Love into any condition to hold Harmony, and to cut it away from or keep it insulated from all the other energy by which it is surrounded.

Therefore, there is nothing accomplished permanently without that Love. It is the hub of the Universe. It is the beginning and the end of all Perfection, and It is the Sustaining Power of anything and everything that fulfills the Great Divine Plan. Therefore, whatever denies that Loving Authority, whether it be in thought, feeling, spoken word or act, will one day cause failure. That is why when you take a responsibility and you wish to go forward to its victorious accomplishment, it should be clothed in the Invincible Honor Flame of Love, and then no hate can touch it. No discord, no shattering action of energy can pass through Our Love, because Our Love consumes all unlike Itself.

Therefore, We are necessary to mankind’s outer manifestation, and let Me tell you the condition of individuals who have denied the “Great God Presence of Life” and who are denying It in action as well as in thought and feeling, when the hour strikes for their own energy to be bound back into them, the condition is pitiful in the extreme. You cannot imagine the fear and the torture which their own energy comes back and imposes upon them, when they have defied the Law of Love and the Purity and Perfection of Life.

No one on the Earth is greater than all the Universe and all the energy by which It is surrounded, and all that sustains and manifests that Universe is the Love within the Life within the Great Central Sun. He who is wise in the physical octave, he who knows that “I AM Presence,” he who believes the Words of the Mighty Saint Germain and the Blessed Jesus, will listen to Me tonight, pay attention to My Words, and use the Scepter of Power

I bring. When you DEMAND THAT ANYTHING AND EVERYTHING YOU CHOOSE TO CREATE IN THE PHYSICAL OCTAVE WHICH IS CONSTRUCTIVE, ANYTHING YOU WISH TO BRING FORTH TO FULFILL THE DIVINE PLAN, when you DEMAND THAT IT COMES FORTH PERFECT BY THE LOVE FROM THE GREAT CENTRAL SUN, AND IT IS HELD PROTECTED BY THAT LOVE FROM THE GREAT CENTRAL SUN, AND IT GOES FORWARD EXPANDING ITS PERFECTION TO FULFILL THE DIVINE PLAN THROUGH LOVE FROM THE GREAT CENTRAL SUN, then will you find your house in Divine Order. Then will you know what Power means when you can draw It into outer action consciously at your Command. Oh, you can draw all the Love in Creation that you want to when you make up your minds to it!

Therefore, those of you who are carrying this Light, to you who stand before the rest of the World in the Acknowledgment of your "Mighty I AM Presence" and Its Fulfillment of the Divine Plan, you, My Dear Ones, need to be clothed in the Flame of Love from My Heart if you would be held protected and insulated against the ever-increasing pressure of destruction which whirls everywhere around you in the physical octave.

Divine Love is not an ephemeral thing, by any means. It is a very tangible quantity of energy, containing within It the Ideas of Cohesive Power, the Energy, the Substance, the Principle and the Presence, mark you, of a Flame from the Great Central Sun that has the Power within to consume everything that is not Perfection. That Love has the Power to protect Itself and Its Manifested Forms.

In the mighty work that is ahead of you, in the joyous accomplishment that can be yours from moment to moment and day to day, one Law remains paramount before you all. When you say, "Beloved Mighty I AM Presence," know that that Greeting and your Call to that "Presence" is the love from your own Life to It, and as you give It your love will you find It opens Its Heart and reveals to you all the Love and all that abides within that Love of Itself.

It is a Projection, and you might say a localized Powerhouse, of the Flame of Love from the Great Central Sun. It is your

Individual Supply-station, so to speak, and the Key that opens the door to Its Boundless Wealth is love from the outer self to that “Presence.” It has loved you a long while, and let you misuse Its Energy until you came to the point where you could not stand your own creations; then It has been willing to take those creations, pass them through the Violet Flame of Its Purifying Love, and give you a new start to try again to fulfill the Great Divine Plan in the physical octave.

So that “Presence” has been very loving to you all through the ages. Do you not think that it is time now to return at least a little love of the outer self? Whenever you ask that “Presence” to do something for you, don’t just decree and say, “ ‘Mighty I AM,’ do this,” and “ ‘Mighty I AM,’ do that,” and “ ‘Mighty I AM,’ do something else.” Say, “ ‘BELOVED MIGHTY I AM PRESENCE,’ I LOVE YOU! YOU BLAZE THROUGH ME YOURSELF! FILL ME WITH YOUR LOVE, AND THEN LET THIS WHICH NEEDS TO BE ACCOMPLISHED COME FORTH BY YOUR LOVE! LET YOUR LOVE IN ME BECOME SO GREAT IT AUTOMATICALLY PRODUCES THAT WHICH YOU WISH TO DO THROUGH ME!”

I wish the whole Student Body to understand tonight that to just give Decrees to get things or to fulfill the desires of the outer self, is only a very small part of what your duty to the “Presence” is. *The first duty of Life is Love to that “Presence,” because the first thing It gave you in outer manifestation was the Love of Its Own Life!* If you just say Decrees and grind them out like a Tibetan prayer-wheel, or a mechanical repetition of words, My Dear Ones, your manifestations do not come as quickly as they could or should. That is only a partial requirement of the Great Law.

The first requirement of Life is Love, which is the “Mighty I AM Presence” in the Great Central Sun. Therefore, the first duty to that “Presence” is Love to the “Presence,” and through that your love goes to the Great Central Sun. The reason I am stressing this is because if you just keep on saying words with a mechanical feeling — wool-gathering everywhere — you will find it clutters up the mind and destroys the receptivity to the Light.

Now what you require when you desire to produce a

constructive manifestation in the outer, and your motive is all right, and it should go forth to fulfill the Divine Plan, then the first duty of the outer self is love to that “Mighty I AM Presence.” Then in Its Own Great Wisdom, as you feel your Oneness through the love of your Life to that Life, and you know from whence comes your Life and Its Power of Love to produce manifestations, then as you make the Call to your “Presence” for what you require, stop long enough to visualize the picture of the perfected thing you desire. If you don’t hold clearly in mind the picture or the pattern of what you desire out here, well, when it comes forth it will only be partially complete.

If you want it perfect you must visualize it perfect, and your power of the intellect to create, or rather the power of the mind or picturing action of the mind to create a picture of Perfection, is the scissors of the mind, cutting the Universal Light-Substance into the pattern you desire. When you have formed the “Cup,” then by your love to the “Presence” and Its Love back to you, you fill the “Cup” or the Pattern with the Light-Substance of your Love and the Love of the “Presence,” and it becomes a thing manifest with joy and protection and ever-expanding Power that is to go forward and serve Life in the Fulfillment of the Divine Plan.

Now you may have much more Instantaneous Fulfillment to your Calls as you take in hand your visualizing faculties. The Mighty Godfre used to remind you repeatedly that *your Attention, your Vision, your Power of Qualification are your three Master Powers of Life*, any one of which will produce Perfection for you if continuously controlled. You may say words into the atmosphere about you, but it takes a long time for all the energy around you to reach the point of saturation and produce your manifestation; or you can hold clearly in mind a picture of the Perfection you desire, and then as you call to your “Presence,” as you send It your love, as you send your love to your picture and ask the “Presence” to fill that with whatever is required to produce the manifestation, then will your joy know no bounds, because then will you find the Fulfillment of your Calls coming about almost instantaneously.

*The picture, My Dear Ones, is just as important to be held*

*clearly in the mind as the spoken word; and may I say that both take second place to the Love in your Heart that should go to your “Presence” first. Do you not remember in all the little Booklets the first Statement is, “In the Fullness of the ‘Presence’ is the Love that you require. In the Fullness of the ‘Presence’ are the things that you desire.”*

It is very important that I come at this time and clear your concepts concerning this, that you may go forward as you remember My Words today and give your love to your “Presence” first. Then will you find yourselves building a momentum of Supply and Protection and Illumination to you, the Student Body, that one day will not allow you to be touched by the discordant conditions of lack and limitations of the outer world. That is why I am turning your attention to this tonight, that you may have through your love to your “Presence” first, and then the drawing forth of Its Love into the picture that you want manifested out here, as you obey the Law of Love first, then will you be assured of your manifestation. Then will you give it the Love of Life which is the Expanding Power to make it ever grow greater in the Fulfillment of the Great Divine Plan.

An architect does not build a house that he intends without a blueprint. You don’t build — that’s not quite the right word — but I mean construct a dress unless you cut the form out first. You have to have the picture of that form in your mind or you can’t cut the material into a form. So don’t forget, My Dear Ones, the power in your visualizing faculties. Don’t forget that your Power of Qualification which compels or propels things into outer manifestation is your love. Your power to qualify anything with any quality of feeling is your Power of Qualification; and your attention is that flow or concentration of the flow of energy which is the Life of your “Presence,” within which is the Love from your “Presence” into that which you picturize.

You will soon see, My Dear Ones, shortly after this Film is released, you will soon see how magnificently you can control conditions in the body by the picture you hold before the sight; because everything your eyes rest upon, that form is photographed within every cell of your bodies, within all the energy in your

physical form, your mental and feeling world, and the atmosphere about you. If your mind, or your Calls to your “Presence” to stand guard over your thought, feeling, and spoken word, and your “Presence” by Its Love *forbids* the entrance into your consciousness or Being and world of any pictures that do not produce Perfection, and if It *forbids* any feeling to register in your energy that is not Its Own Love, well, you will be very fortunate indeed as you come closer and closer and closer into the realization of all the Love of your “Presence” has done for you. That Love of your “Presence” is the very Life that beats your Heart and breathes your lungs.

My Dear Ones, there is no Power greater than that Love which I offer you today. This is why when those who attempt some great accomplishment in the outer world, and who wish to give a service to Life that is constructive, unless those Blessed Ones are clothed in My Love, the jealousy and vicious feelings in the rest of mankind will tear them to pieces before they can give the Gift. That has been the history of mankind all through the ages since the end of the Second Golden Age. Mankind’s inner feelings to each other are positively barbaric the minute the human desires are opposed.

I am going to make a Request, if you care to use it, quite similar to the Master Jesus, but very Cosmically Powerful. That is, as He has made the Request to withdraw the capacity in mankind to hate, I am going to ask you to make the Request of the Cosmic Law — that means the “Mighty I AM Presence” and the Higher Mental Body of every Life Stream, as well as Ourselves and Those Who are Authority over mankind on this Earth — *I ask you to make the Request of the “Mighty I AM Presence” of every Life Stream, to make every outer self realize and understand and know and feel that all Life is Love from the Great Central Sun* — all Life within every form, regardless of its constructive or destructive use and qualities. But if you make the Call that the Love within all Life is *compelled* to become the Life through all form and Life, with the Perfection and Purity of the Ascended Masters, then in the withdrawal of the capacity to hate, We shall plant another tree in the Garden of Life and that tree shall bear the fruit of the

Love of the Universe, the Perfection in Life in the Great Central Sun. That lies quiescent in all energy, but in order to make it dynamically active in your outer use, where you can consciously direct it to dissolve wrong conditions or to bring forth the Perfection of something new, then you must demand that it become alive and dynamically active within those forms or the locality where you desire manifestation to appear. Then in the use of the Ascended Jesus Christ Consciousness of that, or any Ascended Being, will you find the latent memory to which the Master Jesus referred, stirring again within Life, and this time it will stir mankind with the desire to stop destruction. That is part of My Service to the Earth, and I shall be very grateful for those of you, the "I AM" Students, who will take Me at My Word and bring into outer dynamic action the Ascended Masters' Feeling and concept of all They know Divine Love to mean within Life.

So as you move into outer action, Precious Ones, the World is taking its initiation in Love, and this of which the Master Jesus has spoken and of which I am reminding you today, is the Supreme Scepter of Life's Great, Great, Great Law and Power of Perfection. You can't have Perfection except by the use of Life, and you can't have Perfection without the dynamic action of Love from the Great Central Sun. You can't produce Perfection nor protect It nor expand It without the Love in that Life that sustains all the Universe.

Each of you is connected with that Great Central Sun through your own "Mighty I AM Presence" by a Ray of Light, just the same as that Ray of Light comes down from the Heart of your "Presence" through the top of the head and anchors within the Heart, and It governs the outer self and supplies it with Life and Substance and Energy. Just so is your Higher Mental Body connected with the "Electronic Presence," and just so is the "Electronic Presence" connected by Its Own Individualized Flame to the Great Central Sun. So you are all At-One with that Great Central Sun. You can think of that Great Central Sun at any moment, and the Life in you can send its love to the Great Central Sun and that love goes There instantly; therefore, the Life in the Great Central Sun and the Beings Who direct It will send you Their Love

instantly in return.

When you call someone on the telephone and you say something, the other person answers instantly. When you send your love to the Beings in the Great Central Sun, Those Beings send Their Love back to you instantly.

Now comes the wonderful Secret of Power. So far in the outer you have only learned to love a little bit, even in your most encouraging moments. So, you encourage Us when you love the “Presence” and the Great Central Sun. You, in your most intense love to the Great Central Sun, send only a very little compared to Our Love, because of your outer capacity having not yet expanded fully. You send what you can, but those in the Great Central Sun, since They have so much more capacity to love than you do, send back infinitely more than you can understand. So, from There can come the Love that saves the World; and since the World is taking its initiation in Love, having been dragged into the depths of destruction through hate, if you will call Our Love into outer action, We shall be very happy to show you how much We can give. You do the best you can — send your love to the “Presence” and to the Great Beings Who have assisted mankind to be free. Send your love There, and They will come back to you a thousandfold, and Their Cultivation of the Love in your Life will expand. It will be the expanding Action of that Cosmic Power in and around you to do things in the outer world that the rest of mankind cannot or will not do for themselves.

You only rise above the conditions of the mass of mankind by your use of Love, the Love within the Life of the Great Central Sun; therefore, the more you use It, the more you become Its Miracles and Manifestations, and the more you are able to give It to others. Then when you desire to accomplish something, send your love to the “Presence” first; hold clearly the picture of the Fulfillment of your desire; and pouring your love upon that picture, it will join the Love from your “Presence,” because that “Presence” loves to give you everything that will make you happy, including Its Own Life. Then will you find your picture filled with your love and the Love from your “Presence” or from Us, producing for you what you call Instantaneous Miracles and

## Manifestations of Perfection.

I have come to give you this Explanation today, because as you put your hand to the responsibility of producing this Picture of "I AM" COME, We would like to see you live the Life and become as much of the Cosmic Love of the Master Jesus, as He has now become a Cosmic Authority of that Love in action to the whole World. We would like to see you draw as much of that as possible into yourselves and around yourselves in order to produce this Picture in the most powerful, joyous, invincible, wonderful way possible.

And now may I remind you as you visualize and hold His Luminous Presence either within or around yourselves, upon the forehead or around someone else, will you always remember *He is the Lord of Love, the Prince of Peace, and the Cosmic Christ Victory of Perfection! Your Beloved Master Saint Germain is Angel Deva of the Violet Flame, and the Violet Flame is the Love and the Purity and the Mercy of Forgiveness, which alone brings Freedom. He is the God of Freedom to the Earth! Your Mighty Godfre is the God of Obedience, the Healing Love of the Great Physician, and the Guardian of America's Land of God! The Mighty Victory is the Supreme Cosmic Christ Power of that Love that is always the Victorious Control of all in this World. He is the God of Love from Venus — the God-Victory of that Love and the Power of Its Control over all things of the Incoming Cycle.* They stand your Friends, My Loved Ones — Friends of Love Supreme — and if you send your love to Them, Theirs will come back to you a thousandfold greater. They have learned to love more than you, but They are still only the advanced consciousness of yourselves.

Therefore, that is your Greater Love to draw into the Life of this World, until that which has become defiant to the Perfection that is the requirement of the Great Cosmic Law, shall be dissolved and replaced by Love Supreme.

*"I AM" the Great Initiator,* and by My Love all is raised into the Perfection that fulfills the Divine Plan, and unless they pass through the Door of Love, then they are but slaves to the human. Love alone sets free! Love alone purifies! Love alone forgives! Love alone produces Perfection! Love alone holds the guard!

Those who enter not in through the Door of Our Love, remain in the degradation of the outer.

I have come to give you the Protecting, Blazing Sun of the Presence of My Love. May you remain and become Its Ever-increasing Victory of the Honor Flame of God's Heart. That Honor Flame is Love from the Great Central Sun, and when It is intense enough around an individual, hate cannot touch you because there is no room in your world for its presence. Lack cannot appear, because Love supplies all! Danger dare not approach — it knows better than to touch the Flame of Our Honor Love to the Universe.

Therefore, become the Master Presence of this Supreme Power and go forward fearless, demanding the Boundless Supply that Love alone can give, and the destructive forces cannot touch and cannot use. Draw forth the Boundless Supply that is the Gift of Love, clothed with that Power which the human cannot use, and then you are worthy of the Infinite, and you have become the World of Love whose Obedience automatically produces Perfection.

Thank you for your presence here, and remember, I am always ready to clothe you in a Sun of the Presence of Love — the Flame of Love from My Heart — and when I give, it is forever. May you become the Fullness of Its Victory, and you know It as your Eternal Home in the Sacred Fire. With that Love Supreme and the attendant Legions of the Angelic Host Who are always Its Guardians, may you feel the Living, Breathing Presence of that Flame of Love from My Heart, and honor It wherever you go, until you know It is your Home. Wherever you abide, Love becomes your Defender and your Supplier and your Illumining Presence, and others may be brought to you that they too may learn to give obedience to the Law of Love Supreme.

Thank you.
