

EXCERPTS ON BELOVED LORD MAITREYA
THE GREAT INITIATOR!

I am called the "Great Initiator," which means that as you pass from one experience to another, as you rise out of old conditions of distress by the Power of Light and Love and Wisdom, you go on to greater achievement! Then again you are tested, and when you have made the Power of Light and Love and Wisdom in Its next Wave of Intensity fully your own, and built It into your Life Stream's experience in the Authority of your own Free Will, you rise another step higher; and each time I am present when the Greater Light and the Greater Love needs to be released to your assistance.

Those going forth into the outer world to carry a Message of Light and Assistance to mankind, have always stood within the Flame of My Heart, and as It flowed forth enfolding them, I have been able to charge them with the Activity of the Sacred Fire! It gives them the Strength, the Courage, and the Love to go through all human experiences keeping their faces to the Light, and hold to It with whatever Power is required, and step higher each time out of the problems through which they have passed.
(June 1945 "Voice of the I AM")

So, as We move forward on the Pathway of Light, as you move forward in your Calls for the Freedom of America and the World from the conditions of war, you may have all of the Love of My Heart that you can accept! I will give you all you can ask for and more! I offer you all that is required to still forever all human struggle, and I ask nothing in return! I just want your Freedom, because I love you and you are Life, and I live to set Life free on this Planet, until It comes into Our Permanent Octave of Happiness and Perfection.

I live as the Great Initiator to release the Cosmic Powers which are Mine to command, to enfold those Activities of Life that are expanding the Light and coming up into Our Octave, leaving the shadows to be dissolved by the Light. If you can live in the enjoyment of the Flame of Love from My Heart, I am sure you will know Rest, Peace and the Accomplishment which will amaze

and delight you greatly. I know of no stronger Power of Protection than the Cosmic Pressure of Cosmic Divine Love! It knows no resistance! It never struggles!

As the Great Initiator, it is part of My Duty when help is given to the mass of mankind through a Life Stream, to assist that Life Stream with all the Love at My Command, to cultivate and expand within that Life Stream the Love from the "Presence" of that individual, the Love from My Heart, from the Ascended Masters' Octave, and the Love from the Great Central Sun! Therefore, My Service is the anchoring within the mental and feeling world of those who go forth to set mankind free, of the Power of Light and Love which gives them Victory.

When you turn to your "Presence" and then to Me or any of the Ascended Host with that fierce determination to have more Power of Light to set Life free, you will know a Happiness, you will know a Joy and the Feeling of Mastery that nothing else brings! Then will you FEEL Our Heart's Flame enveloping you on the moment! That Flame can flash through you in a second and be the strength which sustains you for hours! That Flame of My Love can clothe you in the Mantle of Peace which nothing in human creation can pass through nor disturb.
(June 1945 "Voice of I AM")

I am called the Great Initiator, and do you know why? Because, until each one's Life Stream becomes the Full Cosmic Flame of Cosmic Love in Its Three-fold Action of Love, Wisdom and Power — balanced in Its Outpouring by the Pressure from the Great Central Sun — Freedom cannot come! Freedom, My Dear Ones, means the abiding within the Cosmic Flame of Cosmic Love and being Its Cosmic Pressure from the Great Central Sun into the atmosphere about you wherever you move.

The Great Initiation of the World is that which draws it into the Cosmic Flame of Cosmic Love, and thereby compels its disconnection from all that has been the distress of the centuries. You cannot have Perfection, you cannot have Freedom without the Cosmic Action of Life in Its Three-fold Manifestation. That Three-fold Manifestation is the Cosmic Blue Lightning, the Cosmic Flame and the Cosmic Substance of Love from the Great

*Central Sun, in addition to that which is pouring forth through you from your own "Mighty I AM Presence." Your own individual Life Stream's Outpouring is the Expansion of those three Activities from within yourselves; but the Cosmic Manifestations of that must come from Our Octave whenever you go forth to render service in a way that affects all mankind.
(October 1976 "Voice of the I AM")*

*The Lord Maitreya, known as the Great Initiator, is the Outpouring of that Divine Love, that Great Cosmic Love, which clothes any individual who is rendering service to a great many of mankind in a World-wide activity, in Its Cosmic Flame. My Outpouring of that same Cosmic Love is from the standpoint of Cosmic Supply, which also is part of the Cosmic Initiations through which those must pass who are to render service to the mass of mankind.
(May 1944 "Voice of the I AM")*

*When you think of Me as the Great Initiator, I hope you will remember Me as a Sun Presence of Cosmic Christ Love whose Sacred Fire Victory blazes in and around Me, expands without limit and commands hatred removed from Life everywhere.
(May 26, 1957)*

Therefore, My Service to Life as the Great Initiator is concerned with the mental and feeling world of the whole of mankind, and there is where the Purifying Love of Our Sacred Fire is required to help mankind look Godward and be the Strength of the Light in individuals to help hold to the Constructive Way of Life.

*I want you to know that when you call for My Sacred Fire Love to come in and still turmoil, It stills it, and this is what the Nation needs. The atmosphere over this Land needs the Sacred Fire of Our Love that stills the vibratory action of discord. So if We may pour that into you and through you to help hold steady the emotions of the people over the next two or three days, you will find a certain amount of that has become a permanent part within you. I hope We may use you to that end.
(Nov. 6, 1960)*
