Daughters of Light

BELOVED DAUGHTERS AND SONS OF LIGHT, to-day you remind Me of Our great Happiness, which We constantly experience. Knowing the unreality of human creation and its discord, of course We at no time ever accept it for a moment into Our Consciousness, even as We move in the atmosphere of Earth, either in the Tangible Body or otherwise. Therefore in the beauty of your sunshine and the perfection which you all are surging forward to, in far greater speed and power than you yet realize, I want you to feel the encouragement that is Our Joy to express to you today.

Sisters of Light, do you realize that you are entering a Freedom that is truly Divine, right here on Earth? We know something of what that means from a very ancient memory. For remember, once We moved in limited bodies as yours today, and let Me remind you that Our Freedom is today because We applied this *identical* Law which Saint Germain has brought to you. It only requires your firm determination, which is the outer activity of the Inner Will, to bring you to Us.

Oh, can't you realize, Precious Ones, oh, We know how your Heart cries out. How often We hear it, and always comes back from Us a Mighty Ray of Light, that sustained Power, to release you from the conditions that exist. But be patient, you are going forward with tremendous power and speed. Try to rest happily in that until you see and feel and find in the outer expression your fuller Victory. It is only a means, a matter of continued Application. *Remember that your outer determination is the activity, the power of the Inner Will, which is the "Mighty I AM."* Oh, try to remember that and then you will have such assurance, such confidence in your Application that your Application can't fail. That's what you need, oh, Dear Ones! Your Application can't fail you ever; and if you haven't cleared away all the little doubts and fears that happen to be registering in your feeling world, still don't

be discouraged, but go on and on with firmer determination, and then one day you will find yourself quite free. Everyone must do this, Dear Ones; there is no one who can do this for you, except to be of a great help, which I am sure We all are, and I am sure you are to each other. But you must be the decreer of your world, and then infinite assistance always can be given you, so long as you will hold your firm determination in your world—because you are the Heart of your world, and that’s why We want to encourage you so greatly.

Some of the Staff will no doubt be surprised to know that I heard their conversation this morning! (*Laughter*) When the Messenger said to them, “The day has arrived when the women of the World will stand in their own dominion and will no longer be a slave to mankind,” that’s true, quite true! And, you will notice, I was very greatly surprised to hear the Messenger make the statement—and which is quite true, and I did not realize that anyone in the outer had noticed it particularly—but you will notice in every age where great chivalry was to womankind, it was when the attention of mankind was in search of the Great Godhead. You will notice that if you will check up on it—that at the time of Parsifal, the greatest chivalry ever known in recent ages was given to womankind.

Today We are entering into a mighty eternal balance of the masculine and feminine element of the outer world which, to Me, is the eternal achievement for the Earth. Without this, the Earth could not and would not hold its balance, for all in the activity of Earth today is coming into that mighty balance which cannot come without the balance between the masculine and feminine element in the world. (*Applause*)

That is why I rejoice with you so tremendously today to see and know definitely that you are coming into that mighty balance, and shall I say something to you that I know you will forever remember and rejoice and give praise and thanks? Whatever part I had in it We shall not mention; but the Great Goddess of Liberty, the Goddess of Peace, in cooperation with the Queen of Light, have set into action certain Mighty Laws since the beginning of the Shrine Class that will hasten this tremendously. So know that We

are taking advantage of every slightest opportunity to hasten into action in the human octave this mighty Perfection—this mighty balance of all qualities which bring to mankind the complete release of all things that everyone requires.

As you understand and feel more and more, each time the Messengers are with you, the great value of harmony sustained in your feelings, refusing to accept gossip or anything that would stir your feelings discordantly—but remember that Great God Presence, the “Mighty I AM,” beating your Heart; It is the commander of all things, and there is no condition in your Life and world which that Great “Presence” will not correct. It does not make any difference how drastic it seems to be. I tell you, that Mighty Presence of Life and Power will charge into your body, through your body, into the world around you, Its mighty Harmony and Perfection if you give the simple obedience necessary in harmony maintained in your feelings, in order to let It do it. It’s within the reach and power of every one of you, and I say to you today, it is worth everything in the whole world! And really, the harmony necessary, the effort necessary is so little in comparison to the Eternal Freedom that comes through it.

As I look into your faces today and looking through—will you pardon Me if I use the expression—the outer shell, do you know how thin that is? You know your skin—well, the imperfection is really only skin deep; and I really mean that because the Light expanding within the cells of your body is ready to take Its Dominion in your flesh as you continue your mighty Call. Now that’s a great Truth. You stand ready to receive that, and there is not one of you in this room that could not transform your whole features, the texture of your skin, inside of thirty days if you only would realize it. This is a magnificent thing. You are not dealing with shifting human opinions in this Great Law, Precious Ones. You are dealing with your Mighty Law of Life that is Invincible and All-powerful; and just as fast as you harmonize your feeling world will It take Its Dominion in your flesh, in your body, in the activity of your world about you, and will hold that Dominion and Commanding Presence there. I want you to feel that, and I speak with definite Power to charge This into your world today, that you

may have that full Power. While I spread My Mantle of Love over you as the Messenger is repeating My Words, try to absorb that in all the Love and Devotion of your Heart to render that service to yourselves, your body, and to pour forth Its Radiance to mankind and hold Its Dominion there forever.

Beloved Ones, you need not longer continue in limitation. This Work is All-powerful, and It will last for a thousand years exactly as you have It today! I want you to know how accurate—*there will be no changes in this Explanation in a thousand years, as the Ascended Masters have given It to you!* I want you to know that every time you apply This with sincere feeling, you are bringing a change in your physical body to bless you forever. Therefore, Beloved Ones, you must know and realize and hold your outer determination that not a single discordant thing or limiting thing in the outer world has the slightest power to hold you or bind you longer. There is no power in your world but the Power of your “Mighty I AM,” the Great God Presence beating your Heart and flooding your body and world in Its greatest Perfection. There is no reason—oh, Beloved Ones, when I have looked into your Hearts, when I have looked into your homes, sometimes, and how I long to stand forth in My Tangible Body and cut you free; and yet that may not be.

Please feel, Beloved Ones, the imperative need of your Application, and when you have made sufficient Application, there will not be one thing withheld from you. Our Presence, tangible, will be there; but if We came forth before that time arrived in your Life, you would cease to make your Application and We would have caused your failure. *Your Application is the most vital thing in the world today*, and if every one of you make more and more Application as the Messengers have, then We will stand forth and walk and talk with you as you do with each other, and We cannot do it until you do. There are many that We could have come forth to in the Tangible Body, but We don’t dare do it because to the rest it would be very discouraging. Let the great Wisdom of the “Presence” direct, please, and at the earliest minute you will find Our Visible, Tangible Presence among you. But We know the Law and We must abide in that Great Law, and surely We are not

going to do anything that will retard your freedom any longer; but you may be sure We are pouring forth mountains of Energy and Love and Kindness to bless you; and just as long as you will hold out all discord, then We can do untold wonders for you.

Therefore, today I offer My very great Love and Blessings to Pearl and Charles Sindelar and their beloved staff, who are laboring so earnestly and sincerely in the spreading of the Light. I love them. I love you all, more than words can convey; and as I see the shadows steadily and surely being consumed and greater and greater freedom come into all of you, then My Happiness is very great.

I say to you, Beloved Ones, again, you have not the slightest idea what terrific destructive forces that our precious Pearl and Charles Sindelar have had to stand against. You have no more idea than anything, because the human forces of the world would like to have destroyed them, hoping that they might stop this mighty magazine, the *Voice of the "I AM,"* carrying Its Light and Blessings to the World everywhere, but it shall never do it! (*Applause*) Henceforth, they shall find a greater peace, a greater happiness, a greater joy in the Service of the Light than they have ever known in the world before, and I hold them in My Mighty Embrace of Light and shall continue until their great happiness is complete.

I so greatly rejoice when I look among the Students and see how, since the beginning of the Shrine Class, everyone is taking a firmer determination to shut out all discord or to listen to foolish human gossip. I tell you, Blessed Daughters of Light, be firm as the Rock of Gibraltar in these things. As soon as you do that, you will find the Answer that will come so quickly to your Calls in every way.

Just one more point in closing, Dear Ones—all activity of destructive forces of any kind is just human creation and it has no power! Please remember this. It has no power except what the energy of the human being has given it. It cannot be permanent, it is not sustained except for the energy that mankind puts into it. Therefore when you call the "Presence" into action, you have the Power of the Universe surging forth into your minds and bodies and out into your world of action. That is the Eternal Power of

Light of the Universe! Don't you see how much more powerful It is than anything in the outer world, because that is only a temporary thing; but the Light, which is the Freedom of the World, is Eternal! And as you continue to call It, It will set everyone free who will comply with those very simple Laws. They are Real! They are Eternal! Therefore, We thank you, Precious Daughters of Light, Precious Sisters of the Light, for your every effort which We know must one day become Victorious—and, think of it, oh, how near! Go on and on and on, and know that no such thing as failure ever exists in your world again! It can't be! That thing has been wiped out of your world as if it had never been, and the Daughters of Light shall enter into that Eternal Freedom of the World.

“I AM” the Light of God that never fails, that is the Victory of every Call! “I AM” the Glistening Presence of Light that beats your Heart! “I AM” Its Mighty Energy carrying you forward to Its Mighty Victory through the ages, as you have often come so near, and yet did not accept the Fullness of Its Victory. Then, in this embodiment, shall you accomplish that Victory; and even though you did not accomplish the Ascension, still shall you have accomplished the Victory over all human creation.

In your understanding of this “Mighty I AM Presence” from today, perhaps at Christmas time, We will take up a definite explanation of what those who have made powerful, mighty Application and then have cast off the body thus far in this Activity have done, and show you a word picture that no one can fail to comprehend what that has meant to those individuals. Some of Us shall bring Their records from the Ascended Master Octave to give you Their exact Words of Their experience, and I am sure it will lift you to tremendous height and hold you there. I thank you with all My Heart for your every sincere effort. Know that your Victory is certain in the Light!
