

**EXCERPTS FROM BELOVED
SAINT GERMAIN'S DISCOURSE**

Through Mrs. G. W. Ballard

Call forth the *Cosmic Force*, which means the Cosmic Pressure and Cosmic Concentration of that Light into your Decrees, into your Calls for the fulfillment of the Divine Plan.

No matter what the problem is, if you will use that phrase—*“The Cosmic Force of the Cosmic Light as of a Thousand Suns, descend into this condition and dissolve all human selfishness and discord from it and the Planet forever”*—you will move forward into agreement with the Cosmic Law that creates a Sun or a Planet or a System of Worlds.

If in every Decree you send forth, regardless of what you wish to see manifest, whether it be something to be dissolved or something to be brought forth for your use, if you will *call forth always that every Decree is charged with whatever Cosmic Force is necessary to dissolve and consume all human selfishness from the Planet*, then will you be in agreement with that Cosmic Command that has been issued by those three Magnificent Cosmic Beings of Almighty Perfection. Then will you give Me the greatest assistance to free the Nation and the World from all that is of human distress; because you cannot have freedom with selfishness in the feelings. You cannot have freedom with discord in the emotional body and particularly at the solar plexus.

Freedom is the Happiness, the Perfection and Almighty Authority, and the *Cosmic Force* of Light without limit, acting through the human form to all that is, and then charging into everything that comes toward the human form that it may raise, love, purify, and bless. Give it back to the Cosmic Beings who direct this Planet that They may make it a Cosmic Sun of Dazzling Light in the Universe around you.

The Victory of the Light and the Freedom of mankind must

be brought about by the Cosmic Force of the Cosmic Light and the Action of the Fire Element, which is the Violet Consuming Flame and the various other Activities of the Sacred Fire.

You may call forth into any condition the Cosmic Force of the Flame from the Elohim of Peace; and were you to call that forth into a room full of people and ask the "Mighty I AM Presence" of each one, and the Elohim of Peace and His Legions of Peace, to charge into that room the Cosmic Force of His Cosmic Flame of Cosmic Peace, you would see within at least five minutes the feelings of all begin to quiet down and His Flame would stop the action.

I would call forth the Cosmic Force of the Cosmic Violet Consuming Flame now to force the Flame of Peace into every destructive thing that comes to your attention, and dissolve and consume it, and follow it with the Cosmic Force of the Cosmic Flame of Cosmic Peace.

Call forth the Cosmic Force of this Cosmic Violet Consuming Flame and Cosmic Light as of a Thousand Suns into all offices and positions of trust and authority in your America, and even some vicious individuals will do better shortly.

Call forth the Cosmic Force of the Legions who wield the Sword of Blue Flame, to go into action and more quickly annihilate the cause of all that wants to destroy America's constitutional form of government. It will not be the easy victory they have contemplated.

Call the Cosmic Force of the Legions of the Sword of Blue Flame, the Cosmic Force of the Cosmic Violet Consuming Flame, and the Cosmic Force of the Cosmic Substance of the Cosmic Light into all human selfishness and discord, and force its annihilation from every Life Stream. It will give the Higher Mental Bodies of the people within America tremendous assistance to more quickly overcome that which seeks to undermine all that would release mankind from distress.
