

EXCERPTS FROM MIGHTY PELLEUR'S DISCOURSE

Santa Fe, New Mexico

December 28, 1950

I want you to know there is one place in this World where no discord can ever come, and that is Our Domain in the Heart of the Earth . . . So when you think of Me or the Activities of the Heart of the Earth, then you know positively that here in this World is the Focus of Eternal Purity and Eternal Peace. Do you know why that abides there? It is that the Earth itself may be held together by that Love which will not accept discord.

So whenever you think of Me, instantly there will come back to you the Peace of Our Realm of Activity . . . There is not one thing there that is not beautiful, pure, and luminous . . . While mankind on the surface of the Earth live in such frightful turmoil and destruction, yet every one who would give Us his or her attention could connect with the Purity and Peace that is Eternal in the Earth, and forever giving Its Purity and Blessing through the structure of Earth to help bring about its Eternal Freedom. The individual who cares to receive that Love and Blessing automatically absorbs that Purity into the outer self.

You can feel the Peace and the Purity and Love of the Fire Element in Our Great Domain in the Center of the Earth, and you may connect with Us at any time you choose to give Us your attention.

Since the Mighty Polaris governs the Activities of those Magnetic Currents from the Star Polar through the Pole of the Earth, and since We hold in the Center of the Earth this Electronic Force of Our Love, Purity, and Power of the Sacred Fire, then these two Streams of Energy are constantly pouring forth to the Beings of Nature, the Powers and Activities of Nature, and into mankind themselves that Perfect Balance of the Electronic and Magnetic Currents of the Energy that sustains this whole Planet.

So can the individual—through the attention and the feeling of love, gratitude, and devotion—enter into those same Streams of Magnetic and Electronic Energy drawn in and around the

individual to hold the same balance in the outer self that We hold in the structure of the Earth.

Now turn your attention to your “Beloved Mighty I AM Presence” several times a day with the feeling of intense love, devotion, and gratitude for all It has placed in the outer which you may use to expand Its Purity and Perfection into the world around you . . . At all times you may walk in a Pillar of the Magnetic and Electronic Currents in the Heart of the Earth that arise in, through, and around yourselves; and wherever you go, you would be enfolded in that Pillar of Flame and Substance which just automatically holds balance everywhere you move in the outer world. This is entirely independent of your own Tube of Light. It is like an outer Radiance around that Tube of Light that is definitely attuned to an individual to pour Its purifying, balancing Flame and Substance into the structure of Earth and the atmosphere of Earth wherever you move.

Now the Ascended Masters have given you an exercise of picturizing the Great Pillar of the Sacred Fire from the Ascended Masters’ Octave—which is the Electronic Belt around the Physical Sun—which you may draw from Their Octave in and around the physical body. Then We from the Center of the Earth are offering you another Pillar of Flame and Its Balancing Substance to hold that balance around you, in order to render certain service on the surface of the Earth and into the structure of Earth itself. So you are held in that Pillar of Fire from the Ascended Masters’ Octave from above; you are held in a similar Pillar of Fire from within the Center of the Earth. That passes through the crust of the Earth and becomes a tremendous Purifying, Blessing Activity of Love and the Sacred Fire to the Beings of the Elements and the Powers of Nature, as you automatically bless them with Love and Purity; then the Beings of the Elements within yourselves become freed from the substance that has been imposed upon them by discord.

Therefore as you turn your attention to your “Beloved Mighty I AM Presence” several times a day and keep demanding

that It come into yourselves and expand Its Flame through you; that you accept the Power of the Sacred Fire, the Victorious Cosmic Christ Fire from the Ascended Masters' Octave, and you abide in that; then you draw from the Center of the Earth the Great Pillars of Our Purifying Flame and Substance to enfold you in that. As these two Pillars of Flame meet and the Unfed Flame in your own Heart expands, will you find yourselves moving in a Sun of Light, and the Flame of Its Love will give you peace. That peace in you will never again allow you to feel the pressure of discord in the atmosphere around you, because you will move in your own atmosphere of the Sacred Fire and the Cosmic Light-Substance where Love—the Fiery Love from the very Heart of Creation—is Master and rules all with that great calm, peaceful Power which only abides within the Sacred Fire.

Try to feel as the Flame of Immortal, Fiery, Victorious Cosmic-Christ Love comes and enfolds you from above, and the Flame of Our Victorious Cosmic-Christ Love enfolds you from below, and the Unfed Flame in your Hearts expands from within, you become then that Action of the Threefold Action of the Sacred Fire that enables you to go forward rendering your service to the world.

“I AM” the Cosmic Law’s Immortal Action of the Immortal Purity and Balancing Love from the Heart of the Earth!

“I AM” the Cosmic Law’s Immortal Balancing Love and Sacred Fire compelling the Freedom of all!

This will give you boundless Immortal Perfection.
