

## BELOVED LORD MAITREYA'S DISCOURSE

*Through Mrs. G. W. Ballard*

Akron, Ohio

(Afternoon)

October 23, 1949

*Beloved Godfre on Guard*

**P**RECIOUS ONES OF THE LIGHT, We enter into another spiral higher of the use of that Cosmic Authority of Our Love, and draw It into the physical world to raise it again another step nearer its Illumination. You as "I AM" Students do not quite understand the privilege which is yours, nor the authority that you have in the use of this Great Power of Cosmic Love, which comes under My Direction. Each one of the Ascended Host or Cosmic Beings who has spoken from time to time, has stressed again and again and again the need of the World for Our Love. You have been told repeatedly that the World is taking its Initiation in Love; and yet from the outer appearance, it would seem as if they had turned their backs on Love, and were rushing headlong into more hate; but from the Inner Standpoint that is not quite true.

So long as the Door is held open by a group of mankind unascended who will understand their Authority of the "Mighty I AM Presence," and use that Authority in Conscious Command that hate shall die and Love shall reign Supreme o'er all—so long as that Command arises to the Octave of Light from unascended mankind, so long will there flood over the Earth that Flame which consumes hate.

None of you understand what Authority and Power is yours to command that hate shall die; to command that Our Cosmic Love of the "Mighty I AM Presence" shall reign over mankind, shall reign through mankind, shall control mankind by Our Power—and it is to bring you the dynamic Action of This tonight that I am here to charge you with that greater Power of Life which makes you successful everywhere. There is no failure

to Our Love, Precious Ones! There is no failure to the individual who uses Our Love to control all conditions of the outer world; and the only reason mankind does not comprehend how great is the Mastery of Our Power of Love, is because they won't try It.

The moment anything needs adjustment in the physical octave, the first thing the outer self does is to rush into a quantity of energy without understanding what and where the Power is that is to control the energy in the condition.

Now mankind has prattled about Divine Love through the centuries, and uncountable sermons have been preached on It. Mankind has been reminded repeatedly of the principle; but who has loved mankind beside the Ascended Masters? Frequently there have come forth certain Streams of Love to the Earth through unascended beings who struggled the best they could in the midst of the surrounding discord, and they offered the service of their Life Streams by outer intellectual direction; but tonight I am offering you the actual Power of the Flame which will go forth at your Conscious Command and do what you can never do by just the outer self alone.

Mankind knows, just as well as they draw a breath, that everything that is of hate, everything that is of anger and discord, everything that is of war, is wrong. All Life knows that. Even insane consciousness knows that discord is wrong. Then it is going to take something more than an intellectual concept of Our Love to make them do right, and I am here to give you the assistance! I am here to release to you the Power—and you are the Authority to call It into outer action to handle anything and everything that comes to your attention as a problem or a condition to be raised into Perfection.

The Power of Cosmic Love of which I am speaking is innate within all Life. It lies quiet in the majority of mankind until some particular experience draws It up by magnetic attraction into outer use; but you who are consciously awake to your "Mighty I AM Presence," you who know your right and your

Authority of that “Mighty I AM Presence,” can draw forth Our Power of this Cosmic Love of the “Mighty I AM Presence” and consciously direct It into wrong conditions, exactly as in the case of a great fire. The fireman would direct the hose, whose pressure of water was far greater than the fire. Just exactly as they would turn water upon the fire to put it out, can you turn Our Flame into conditions where hate seems to appear. Then two things would occur: You not only would cover the condition with the Flame; but that Flame, on top of the condition, would draw forth from within the energy of Life, the Love in the electron that lies quiescent until It is drawn forth into dynamic vibratory Action.

You can cover a thing by Our Flame of Love from Above; and you can, by the Authority of your “Mighty I AM Presence,” awaken and draw forth in dynamic Action the Love that is naturally within the electron, which means all energy—because what you call “electrons” are particles of electricity or Universal Light-Substance, which manifests energy in the physical octave. Those electrons are in reality, tiny sparks or tiny Flames of the Love from the Great Central Sun. And since We have the Authority to draw That forth without limit, and concentrate It into any Manifestation that We choose to command to come forth, you, as unascended beings, Precious Ones, your Life is One with Our Life, and you have the *same Authority* to draw that Force and concentrate It in the physical octave wherever you choose—just the same as a fireman has the authority to turn that water where it will put out the fire. There is no difference.

You can have whatever intensity of that Flame you desire; and let Me tell you something—the Cosmic Love of which I speak, and the actual Flame of Its Manifestation, is a long way from just a little quiet feeling of Love. The Great Cosmic Beings who govern the Purifying Power to the Earth use the Love of the Blue Flame, the Love of the Blue Ray, of which the Great

Divine Director spoke last night. They use That to consume destructive qualities that are acting in energy, out of very Love for that which needs to be consumed in order to shut off its suffering. That's the Love I have reference to; and when mankind are caught in their own human creation of discord, that takes them like quicksand into its destructive activity. They must arise now of their own Free Will! You can stimulate or awaken within them the desire to understand that "Mighty I AM Presence" and use the Authority of their own Life Streams to consume the very human creation that has tortured and limited them through the centuries; or you will have to awaken them through the actual use of that Flame of Love which comes under My Direction. That is why "I AM" called the Great Initiator, because those who carry this Illumining Power of the Light of Life to mankind—the Conscious Understanding of the Divine Law of the "Mighty I AM Presence"—all who will ever carry that, so long as I remain the Initiator to the Earth, every one of those individuals in the outer self must stand within the Flame of Love from My Heart before they proceed to carry their Light to mankind. And in that hour when they are held within that Flame of Love from My Heart, there is drawn that Cosmic Love to this whole System of Worlds that is drawn in and around the individual to insulate that one's Life Energy from the destructive pressure of destructive conditions in the outer world. That Love Flame is from on High, because It does come directly from the Great Central Sun through the Physical Sun. That Flame enters into and becomes One with the Unfed Flame in the Life Stream of the individual rendering that service; and after the service is rendered, that one becomes, in that individual's Life Stream, a greater Flame of Love to the Earth. This is the natural expanding Action of the Cosmic Law.

That is why the Knowledge of the Sacred Fire, the Sacred Love of the Sacred Fire, must be brought to the intellectual consciousness of mankind if they are ever to be raised out of

the hypnotic control of their own human creation. You have seen people argue themselves into a thing by self-hypnosis. Well, that is simply because they kept saying a thing over and over that they know is wrong to begin with, until the outer self accepts the qualification in the energy, and the outer self goes ahead and outpictures the result. But you who are awake to that “Mighty I AM Presence,” you who have been clothed in the Flame of Our Love; you who have been healed by Our Love; you who have been lifted again and again and again out of distressing conditions by Our Love, become now the Power of the Great Central Sun Magnet and the Authority of the Cosmic Love of that “Mighty I AM Presence” in the physical octave, to draw whatever Intensity you desire to compel outer world conditions to change.

Now you have got to have This if you are going to have protection against certain conditions of the outer that are simply increasing discord. You should, each of you, be sealed within an Armor of Our Love and a Sun of Its Power, and then never fail to use Its Authority and command Its Release everywhere you go; whether you think a condition requires it or not, is not important.

What the atmosphere of Earth requires, what mankind must have to awaken them out of the hypnotic control of the senses, is the Flame of the Cosmic Love of that “Mighty I AM Presence”—and that means the Love from the Life Stream about everyone in this System of Worlds.

Now you have no concept, Precious Ones, just yet of how this Cosmic Love operates to the Earth. You have had fragments of ideas, you have had certain explanation of the Law; but from the standpoint of energy, you do not quite understand what the concentration of Our Flame into a condition does. As It is drawn in Cosmic Concentration into the substance, or into an individual, or into a condition, It burns Its way through everything. Therefore, It consumes what is wrong, and returns

the energy purified to the Universal to be used again for the upliftment of mankind. Therefore, It acts like a Magnet, and much as a magnet draws a piece of steel from its location and takes it where it desires, just so will your Call and use of Our Cosmic Flame of Love from the “Mighty I AM Presence” draw individuals away from destructive activities, and then awaken within them the Desire to use this Love. Now That is what must come to the people of Earth.

You remember the Mighty Master Jesus saying that during His Ministry, and for some time afterwards, He stirred the latent memory in mankind? Well, what in the world do you think that memory was about? That memory was the awakening of the Desire in mankind to reach up and try to understand the Power that the Master Jesus manifested to those who were fortunate enough to contact Him. Now we are on another spiral higher—to be exact, several spirals higher; and that same awakening, only in Cosmic Power, must now strike all Life on the Earth. We must either pour forth that Flame and compel the awakening of all Life out of these destructive activities, or individuals caught in that human creation must be allowed to experience the full release of its pressure.

Mankind have defied the Perfection of Life so long that only the Cosmic Law, due to the cycle you are in, can now reach them or shock them awake by the Action of the Sacred Fire, and that comes under My Direction, as well as that of many other Ascended Masters and Cosmic Beings. Your Mighty Saint Germain has awakened you and many other Life Streams by His use of that Cosmic Love of the “Mighty I AM Presence” in the Violet Consuming Flame, because the Violet Consuming Flame has a threefold Action. The outer Radiance or edge of that Violet Flame is Blue, and that acts like a knife of steel as It enters into a destructive creation. It cuts through the accumulated substance that is discordantly qualified. The actual color of the Violet Flame, as It follows the Blue, is to purify

all the substance It passes through. It burns off all human qualities; and then the Pink Flame at the center, which is the Great Mercy and Forgiveness and Divine Patience of Love, remolds that Light-Substance into the Purity and Perfection that fulfills the Divine Plan. *And that is the threefold Action of the Violet Consuming Flame.* That is one of the most wonderful Activities of the Cosmic Love of the “Mighty I AM Presence” to this whole System of Worlds.

You, in your conscious use of That, can have those exact Activities take place within the body, within your affairs, within anything and everything wherever you direct It. So I want you to think deeply tonight upon the Mighty Power of that Violet Consuming Flame; and try to feel and try to visualize, that when you wrap an individual in that Violet Consuming Flame, Its first Action is to cut through like a knife, all substance, all resistance, all impurity; and then follows the Consuming Activity of the Violet. Just the same as your violet quartz lamp consumes germs, so does the Violet Consuming Flame enter in and consume human creation. Then the Pink Flame follows and remolds the Light-Substance into That which fulfills the Divine Plan.

Many of the “I AM” Students have heard the Messenger say, “the threefold Action of the Violet Consuming Flame,” and they didn’t know what She meant. That is only one of the wonderful Activities of the Cosmic Love of the “Mighty I AM Presence.”

Now let Me focus your attention for a few moments upon that Blessed “Presence.” You, each of you, have that “Mighty I AM Presence,” which is your Individual Flame, connecting you with the Great Central Sun through the Physical Sun. Then there is the “Mighty I AM Presence” of all mankind embodied and disembodied. The “Mighty I AM Presence” of those who are embodied works in the lower atmosphere of Earth some of the time, and some of the time in the Octave of Light. Then

the “Mighty I AM Presence” of those who are out of embodiment, but who must come back here again, that “Mighty I AM Presence” works in the Octave of Light between embodiments. Then you have the “Mighty I AM Presence” of all Life Streams to this System of Worlds, and that’s what We refer to as the Cosmic “Mighty I AM Presence.” *It is the combined Action of the Flame of all Life Streams to this System of Worlds*—and that includes the Seven Mighty Elohim of Creation who have built and directed and sustained the System of Manifestation upon the System, upon each Planet in the System, and all Life Streams that embody within the System. This includes the Hierarchy of Divine Beings who govern this whole System of Worlds. Mark you, They are the Flames of Life from the Great Central Sun, and that Life is Its Love.

I want you, Precious Beings, who are of Divine Origin, to realize your Authority of that Love, use Its Flame without limit, and be absolutely unyielding to the acceptance of anything human. When you have this Supreme Authority, when you have this Divine Power, when you are created to use It in the physical octave, then My Dear Ones, don’t forget It! And please *ask for the Fullness of all the Cosmic “Mighty I AM Presence” Love means to this System of Worlds. Demand the Fullness of that Illumination come into yourselves and tell you all that that Love means to this System of Worlds.*

If you really want to understand all that is within It, charge the outer self with the Ascended Masters’ Cosmic Illumination of all that Divine Love means to Life, the Mighty Love of that Cosmic “I AM Presence.” Ask your “Presence” and Us to charge your outer intellect with the Full, *Our Full Illumination* of all We know that Great Divine Love means to this System of Worlds. Then you may enter deep, deep, deep into Its Flame and become aware of all the Powers that are within It, for It is the Great Treasure-house of Life; and within that Flame abides everything you could ever desire for all the rest of Eternity

to produce Perfect Manifestation — not only in this Octave, but anywhere you would move throughout Infinity.

I am determined to charge you with the full Ascended Master Comprehension of all the Power that is contained within the Cosmic “I AM Presence’ ” Mighty Love to this whole System. Then you will realize that We are asking you to use the Mightiest Power that Life contains to change conditions that have become chaotic in this World. Mankind may use all the intellectual concepts they please, and they can no more solve the problems of this nation or the World any more than a baby can; and yet, there is only one thing they need to show them how to solve the problems, and that is the comprehension of this Flame of Love.

Now let Me tell you something. You might think I am getting more and more dynamic tonight; but if so, it is for your benefit. If you really understand the terrific Power that is within Our Cosmic Love, you will know, Precious Ones, that you can draw Its Invincible Protection around anything and everything that is constructive; and then if you want to go forth and render a service to Life, and bring the Light to mankind until they understand how to help themselves, you will not be mowed down by destructive forces.

People prattle about Love, and they have stood right out and been shot down, because they did not know that in the use of this Power of Love you must demand Its Protecting Action to all that is constructive if you are going to have it protected. This Flame has all Power to protect people, but if they accept that It is just a peaceful, quiet martyrdom, well, that’s not the Love to which I refer. To lie down and let the sinister force wipe you out, when you have the Authority to dissolve and consume it, is nonsense; and that’s what has been the matter with mankind through the centuries — the acceptance of martyrdom.

We have stood ready all through the centuries, Precious Ones, to clothe mankind in this Love, if they will understand

It; but if they don't believe It is powerful, if they still feel they have to fight physically, when this Flame can do in one Flash what the physical cannot do with the muscles, if they believe in that, We cannot interfere.

This Knowledge of the "I AM Presence" has been given six times since the end of the Second Golden Age. Mankind knew this Law, they knew where that "Presence" was, but they forgot It again. But for the Strength of that Beloved Godfre and the Mighty Saint Germain—even with all the Mighty Jesus did, still they forgot that "Mighty I AM Presence." Do you think you are not privileged that you have awakened, My Dear Ones?

In the time of Atlantis, before the last cataclysm in a nation of sixty-three million people—more than that, approximately sixty-three to seventy million people—this Knowledge of the "I AM" was given as you have It today; and yet, only five hundred of that many million people accepted This before the cataclysm struck. Now you are millions throughout the World, and you would be surprised how many in foreign lands are reaching for the slightest crumb of this Knowledge. They would give anything that they ever expect to have in the physical octave for more of this Light of the "Mighty I AM Presence"; and you have been almost flooded with these Dictations, because you *did* have the strength to cut straight through the jungle of human creation and stand your ground, until you drew more and more and more of Its Power and Its Love.

Now I stand ready, not only to clothe you with this Cosmic Flame of Its Mightiest Power—and remember, there are Legions of that Flame that could sweep at your Command, and so disconcert the destructive forces that they would scarcely know where they are. Now I am going to arouse you, Precious Ones, to the Reality of your own Authority—draw This into outer physical action, and be not concerned about the appearances at the moment.

As you understand Me tonight, and you wield more and

more of this Power, your Decrees will be fulfilled more instantly; and when It reaches a certain momentum, the moment you flash the Flame, destructive forces will part before you and let you pass unharmed — and That is what I want to bring for your use tonight. Don't you bother with opposing anybody or anything under this Radiation. Everyone who still holds to this Light is trying the best he or she can with what accumulation is still left in their worlds; and *every one should be each other's defenders!*

You know, if you were in a foreign land and in that foreign land people were principally your enemies, and then an "I AM" Student came along who you thought was your enemy here — if you met in the foreign land with the common enemy, you would buckle on your armor and stand together, and you would be mighty grateful to see each other. I know that. (*applause*)

Well, Precious Ones, I thank you for that Love. Now We will just turn It into more Power. Precious Ones, you don't realize that when you have communism within your borders, that you have a common enemy. Don't allow one atom of discord to come between you and let that enemy drive in and hurt you all. You can't possibly imagine what would be imposed upon you, Precious Ones, if you don't keep communism out of this country. If you don't take those people out of places of trust, authority, and influence in this land, the suffering of the conquered nations of this Earth won't be a drop in the bucket compared to what they would impose upon you, or would attempt to. They hate purity! They hate everything that is of God, because they are insane. Anything that denies God is insanity! Anything that prefers the animal to the Beauty, Purity, and Perfection of God is insane; and therefore, don't give them one ounce of your energy by battling each other. Be each other's defenders. Why, if you battle each other, Precious Ones, in the Name of God, what chance does America stand?

There isn't another group of people within the nation that

could save it without Our Assistance! There isn't one channel that would save your nation! That's why every one of you is worth a million of the people of the outer world that don't understand this Law. Be a defender of each other! If the other person makes a mistake, well, haven't you made plenty? If not, you might, so long as you are here. I have never seen unascended beings yet that did not make mistakes, until they come into this Knowledge; then of course, their mistakes get less and less; but don't condemn people for mistakes.

If there is a mistake, spread Our Flame of Love over that mistake and say to that blessed one: "You have so much good in you, let's fan that good into the predominant power, and consume this mistake. Oh, let's forgive it and forget it, and burn it up in this Violet Flame." Isn't that what you would like someone else to do to you, if you make a mistake? If you make a mistake, do you like to be blamed and condemned and have your mistake aired before everybody? Do you like that? I am sure you don't. Have you forgotten the Golden Rule? "*Do unto others as you would have them do unto you.*" Isn't that very simple?

If you want your own mistakes forgiven, don't you realize the Cosmic Law will demand that you forgive others—but those old human feelings! Now watch! What is it in the feelings that says, "I don't care?" Yes, you do care; and don't ever use that expression! The moment you say, "I don't care," do you know what you have done? You have said to the sinister force, "I don't care," and the sinister force says, "Fine, this is a parking place; I will enter in." I have seen individuals in one intense feeling in that remark throw themselves open broadside to every filthy thing the destructive forces wanted to do. Don't ever say that! Do you know why? Because you yield your Free Will to the sinister force, and that's dangerous. Don't use that phrase. When you say, "I don't care," if it slips out, immediately say, "Yes, I do care, because 'I AM' the 'I AM Presence' "—and you can

use that word regardless of whether the thing seems to be what it is or not. “ ‘I AM’ the Presence of that Cosmic Flame of Love from the Cosmic ‘Mighty I AM Presence’ to this System of Worlds, that in one Flash of Lightning can cut through a condition and shatter it, until it cannot go forward and hurt any other part of Life.”

Your Life is One Life, Precious Ones. You cannot hurt another individual without hurting yourself. Sixty percent of the hurt stays in you before it touches the other person. It hurts your own self when it passes through, and you can never have happiness hurting someone else. I have seen people try this thing, and it is the most hypnotic thing from the standpoint of the sinister force. But if you leave the body at night with the Demand, made with intense dynamic feeling, that the body remain clothed in the Great Cosmic Flame of Our Invincible Love from the Cosmic “Mighty I AM Presence”; and you go forth to the Octave of Light or to Our Temples of Light in the Electronic Belt around the Physical Sun, clothed in the Great Cosmic Flame of the Love of the “Mighty I AM Presence,” and you receive what you require; and when you return to that body you command that your day is sealed in all the Victory of Perfection that is within that Cosmic Love of the “Mighty I AM Presence,” and you live that day deeper and deeper and deeper in the Victory of Our Love—why My Dear Ones, thirty days momentum of This would lift you unto the Heights!

You demand—We will do the fulfilling! But it is also required that when you call that Flame of Love into action, you see the actual Flame in your mind and in any condition that needs correction. Use the threefold Action of the Violet Consuming Flame. The Mighty Saint Germain told you to visualize that just like it was coming out of a great cannon, just like a great explosion of it through a thing. See the outer radiance blue, cutting through and actually visualize the whole condition consumed on the instant, because My Dear Ones, that

Activity of the Violet Consuming Flame of Our Love, the Cosmic “I AM Presence” of Love to the System, that Cosmic Violet Consuming Flame could spread over a city or sweep through a city like a tornado, and simply take out the substance in the atmosphere over a city that expresses destructive activities within it. It could sweep throughout the mental and feeling world of the people.

Now there is something We have not reminded you of for quite a while, and that is, don't forget to use the Secret Fire Breath of the Almighty. When you move in conditions, Precious Ones, where people who are very discordant live or abide, and you have to, for a time, be in the outer world's association with them, before you enter into the condition, take your stand that in association with those people, the outer self breathes in only the Invincible Fire Breath of the Almighty that purifies everything before it contacts you, and that you breathe It in. And if you choose to use that same Activity—that you breathe in the Great Fire Breath of the Cosmic Love of that “Mighty I AM Presence” to this System—you breathe That into yourselves; you demand It be the atmosphere about you, and you insist that that Cosmic Love is your Home, and you dwell in that each day. Precious Ones, it only takes this recognition to set That into dynamic action in and around your physical bodies.

Now when people are doing wrong, if you will demand that the Cosmic “Mighty I AM Presence” to this System flash whatever concentration of the Blue Ray of Our Cosmic Love into the individual is necessary, to absolutely drive out of that individual all intent to do wrong, all memory, all ways and means, and all capacity to do wrong; and then call that “Mighty I AM Presence” of that individual to take that outer self and so clothe it in that Flame of Cosmic Love, that regardless of the human creation or the temptation or anything else, that individual will step out, as it were, of the situation, and the

Higher Mental Body will take command.

Now this is far better than battling with people who are doing wrong, because the more you argue with people who are just determined to have their own way, the more energy the individual absorbs, and that sustains the wrong longer. But if you can keep your outer self quiet (you see, that's the big thing), and make it be still in order to preserve your energy; and then you ask Us to flash the concentration of Our Love into that condition, and compel the correction of what's wrong — well then, We handle it and you stay insulated within your Tube of Light, and your feelings are at peace. Then you will know why you have been told through the centuries, "I will fight your battles, and you shall hold your peace"; but the human has just reversed that. The human gets into the fight and then it yells for peace, and that's not success.

Now if you will just reverse this process, and if somebody else is doing wrong, tend to your own business first — and that means *you*; the biggest business in Life is, you attend to your business. I am going to be very plain tonight, because I love you; if I didn't, it would be too bad. (*applause—audience rising*) Thank you, Precious Ones; won't you be seated please.

Now if something distressing happens, your first duty, remember, is Love to your "Presence"; and if you will just, the very first thing, say: "*Mighty I AM Presence, hold onto me, and You see that my energy is the Victory of Your Invincible Love!*" — then give your Decree. Make your Calls to your "Presence" and to Us, or the other person's "Presence" to blaze whatever concentration of the Blue Ray of Our Cosmic Love is necessary to go into the condition and handle it, the Ascended Masters' Way! It will save you tons of energy! It will keep your outer self insulated, and it will give Us the opportunity to direct the Blue Ray of Our Love where We know It should be to correct the cause.

Many times you think a certain thing is the cause of a

condition and you work on that, and maybe that's not the cause at all. We see the cause and effect of all causes; and therefore, when you ask Us to direct That into whatever is the cause, and you ask Us to annihilate it, so it touches no other part of Life, and you hold your own energy obedient to your "Presence" — Precious Ones, you could no more fail than you can take the Sun out of the Heavens. Now, Love will do this thing! *That Blue Flame of Our Love will do what nothing else in Creation will do!* All mankind put together couldn't help you one atom compared to what that Flame of Love does that comes under Our Direction. We have offered It to you without reservation! It is yours to command! The Universe is full of It! The System is sustained by It! It is the Law of the Cosmic Christ, and *the Cosmic Christ is the "Mighty I AM Presence" of each Life Stream, as well as the Cosmic Beings who govern the System.*

Now the Beloved Saint Germain is certain Authority, Precious Ones, for the correction of certain hypnotic conditions that have held mankind bound a long while; and He is willing to flood that Flame at any moment, as is every other Ascended Master and Cosmic Being. When you *demand the Cosmic Action of the Blue Ray of whatever Power of Our Love is necessary to annihilate the hate or the cause of a condition that is wrong*, just rest assured, We will flash It as sure as you ask for It, because this whole World has got to have This. The rest of mankind don't know how to give It, and We are waiting for your Calls for this Love. We have the Gift to give! We are the Authority; but you must open the Door through your side of Life, and it takes your Demand, Precious Ones. I mean the Demand of a certain proportion of mankind, before the Cosmic Law will permit the Dispensations that could be had to prevent any further success of the sinister force.

Oh, My Dear Ones, when We see what mankind is doing to the Life Streams of blessed individuals in this country that has to be paid for, sometimes with lifetime after lifetime of

agony, We want so much to remove that. Tonight as a final reminder to you, you haven't used the Decree for a long while, but won't you please, Precious Ones, *demand whatever Forgiveness, whatever Mercy, whatever Divine Compassion the Great Cosmic Beings in the Central Sun will permit, to move into outer action those Activities of the Sacred Fire that remove from destructive individuals all use of the Free Will.* You demand and We will compel the fangs of the serpent removed again, and all its claws, until it lies helpless and is consumed. *You demand the destructive use of the Free Will be compelled to be withdrawn from every human being on this Earth, so that no more injury may go forth to Life;* and if you demand it, then there shall be removed from your nation those individuals who have nothing in their minds for America except total destruction and total depravity and torture to Her people.

Demand the destructive use of the Free Will be compelled to be withdrawn from every communist in existence. You have got to do something severe; and yet you are doing those Life Streams, through that Call, the greatest favor they could ever experience, because it shuts off their capacity to create any more punishment for themselves.

So tonight I trust My visit is not in vain! I trust My Love will prove Itself a very great Reality. And as We go forward in the accomplishment of the next greater responsibility, I think you will find My Heart has a Gift to give that is your Mantle of Protection and your Scepter of Power to accomplish what you will to assist the Mighty Saint Germain in the fulfillment of the Great Divine Plan of purifying the Life Streams of this World, and consuming the unfortunate creations that have tortured and limited Life so long.

You will find My Heart's Flame of Love will honor your Beloved Saint Germain, and His Family I would love to honor also. If you make the Call, I will help do that Service which will assist Him greatly in the reminders I have given tonight;

and there isn't all the Honor in the Universe that would be worthy of the Service of His Love through the centuries.

Just remember, when you *call forth the Authority of that Invincible Honor Flame of God's Cosmic Heart, the Invincible Honor Flame of the Cosmic "Mighty I AM Presence,"* then you honor your "Presence" with Love. You honor the Ascended Masters and the Cosmic Beings, and as surely as you honor that which is above, will you find That which is above honoring you in the outer world. I do not mean to gratify ambition, but if you love your "Presence" and Us with that intensity which will not allow any dishonor to Saint Germain's Work, or to those under this Radiation, then you will find Life will return that Honor—just as your love going to your "Presence" is flooded back to you infinitely more than you can give. Just as your love to Us draws back into the physical world thousands and thousands of times more than you give, so will your Honor to Life and Honor to your Precious "I AM Presence" bring back to you That which makes the World love you; and Honor in the Great Integrity of Our Cosmic Love will once again awaken those impulses and desires within mankind to arise and honor God with the Obedience that brings Freedom, and Perfection, and Happiness, and Boundless Supply to all.

Enter in, Precious Ones, to the boundless use of this Flame I have offered, and you will find not only Its Reality, but you will find Me proving My Presence with you, and if you choose to live in My Flaming Presence of Cosmic Love, It shall be so to you forever. May I say, no greater Gift can be given; for It is Life Itself—the Perfection of the "Mighty I AM Presence" in Cosmic Service to the System. No greater Gift can come to individuals than the Love and the Cosmic Life of that "Mighty I AM Presence," which loves to give you all and holds Perfection by Love alone.

Arise into the full use of Its Power! Gather the momentum that makes you Master over the things of this World, and

accept Our Victory while you are yet unascended; and then you become the outstanding minds of the World, the Shining Example that will be such hope to mankind struggling in the limitations of the outer world under its doubt and fear, and not knowing which way to turn. Just as a person lost in the forest leaps with joy when the rescuer comes with a light to show the way out, so will the rest of mankind leap with joy and be grateful to you forever as you become the Shining Example and Proof, the Fulfillment of the Law by the Power you wield of Our Love that never fails and is Master in the Full Perfection that Life intends.

May the “Mighty I AM Presence” remind you often of This which I have given tonight, until you stand untouched by anything human, because you have become the Fulfillment of the Law of Love whose Sacred Fire consumes everything unlike Itself wherever you command It to come forth.

May the fullness of all that We can give flood your worlds, until you prove the Power of Our Love, and Its Dazzling Flame reveals to mankind the vista ahead, of Joy and Perfection and Mastery, Its Power Eternal, and the Divine Plan’s Fulfillment ever draws you on into greater and greater Victorious Accomplishment.

Our Life, which is Our Love, cannot fail. May you become Its Victory everywhere by Conscious Command. I thank you; and until we meet again, may It ever reveal to you all that We know It means in the Universe, and you be the bearer of Its Gifts wherever you go.

Thank you, and good night.
