

BELOVED MIGHTY COSMOS' DISCOURSE

Through Mrs. G. W. Ballard

Shasta Springs, California

September 21, 1953

Senior Conclave

PRECIOUS FLAMES of God's Heart, may you enter in tonight to a Peace you have never known; and may you forever see and feel such Love for that Peace, such Power of Its Authority in this World, that wherever you abide It holds Command by the very pressure of Its Authority and Its Power within yourselves.

In coming into the atmosphere of Earth to bring the Assistance which it is My Privilege to give, I wish you to feel My Guardianship of each one of your Life Streams. It is My Joy to help guard the energy of the Light which you have drawn forth through your Decrees, and to guard each of you as powerfully as I may, that at all times your "Beloved I AM Presence" may have real Dominion through you in outer world conditions.

As My Heart's Love ever stands ready to enfold you in Its Peace, so does the Power of My Heart's Flame ever enfolding you stand ready and obedient to the slightest Command from your "Blessed I AM Presence," as from moment to moment It makes effort to expand Its own Heart's Flame through you and reveal the Perfection that is your Destiny and is the Fulfillment of the Divine Plan.

In that great Love which always guards the Sacred Fire of God's Love to the Earth, there flows a Peace that is Power itself in outer conditions and will at all times still the turmoil and the vibratory action of the world about you. It is to make you aware of the Power of this Peace that I have come tonight to enfold you in My Love that will illumine to you Its Mighty Presence and focus Its Power around you. I want to build, with your cooperation, a momentum of this Peace in and around

you all, so that wherever you abide, wherever you move, a Pillar of Its Presence abides around you and holds command in the atmosphere about you, that you may not be disturbed in the effort you are making to accomplish certain things in the physical world. I want this momentum anchored within your Electronic Circle of Life and in and around you and your affairs —like a mighty Anchor that is cast into the structure of Earth to hold steady there the flowing Currents of Our Love, to help hold command of outer physical conditions. Then as this Power of Peace increases around you, you too will reach the day when you raise your hand as did the Beloved Master Jesus when He said to the waves, “Peace, be still.”

Now, in pouring That forth to control physical conditions that are simply a turmoil of energy—turmoil vibrating through energy—you need to have a momentum of that Power in and around the physical body to accomplish the control of certain destructive conditions in the atmosphere about you. So, if you will try as sincerely as you can to quiet the outer self as often as possible, and where there has been a feeling of excitement or turmoil, learn to say to that: *“Peace, be still! By the Love from the Great Central Sun, I command!”*—My Dear Ones, it will not take very long for you to begin to feel that Love in and around you like a Hand that says, “Peace, be still,” and stillness must manifest to you. That Power comes only within the Love from the Great Central Sun.

Therefore, when your “Mighty I AM Presence” wants to reveal Its greater Powers and release Them into your outer use, It must have the energy of the outer self quiet. It must have the stillness in the energy around the body, until It is through releasing into your intellectual consciousness and into your feeling world the greater Powers of Itself—because you cannot have these Powers in outer world direction with an incessant turmoil and excitement of the feeling world. If I can just show you tonight the Power that comes within the Peace of Our Love from

the Great Central Sun, you would never start the day, you would never start anything without *demanding the Presence*, mark you, *of all the Love from the Great Central Sun in and around you to compel Peace to hold command.*

You will pardon My expression, because it might seem peculiarly crude to you, but I tell you, Precious Ones, some people's feeling world is just like a "bull in a china shop." No matter where they go, their own energy is in such constant turmoil that they shatter every peaceful and constructive activity wherever they abide, and they always blame it on everyone else. So, in helping you to attain this Stillness, in standing your guard until you do attain it, "I AM" certain Authority of Cosmic Action and Power to command conditions around you to be still until I have accomplished My Service for you. When I command that Stillness to come, it is that you may begin to build there the momentum through your own Conscious Call by which you come to the point when you say to outer world conditions, "Be still," they are still instantly.

If mankind could understand what is in the Great Great Silence and what Power they can have by feeling the Peace of that Great Silence, they would understand how valuable it is to—several times a day—simply command all outer action to be still and reveal the Peace and the Love and the Perfection of God. People run around here and there and everywhere trying to get their problems solved, and changing one sometimes for many; while if they would stand perfectly still wherever they abide and settle the turmoil around them by the Command for the Love and the Peace of God to hold command, in the stillness of that Energy comes the Light that will reveal all things, and show you at all times the Perfect Thing to do in any situation to bring God's Perfection out of mankind's chaos.

The incessant turmoil in the vibratory action of the Earth to mankind's feeling world has gone on as a matter of race habit for so many centuries that it has caused that same turmoil to

enter into the plant life and the very structure of Earth itself, and has disrupted the magnetic currents of certain portions of the Earth and in the atmosphere. For your protection, am I reminding you of This tonight. (*applause—audience rising*) Thank you so much, Precious Ones. Won't you be seated and just remain so.

The sinister force has open playground the moment energy is in constant turmoil, and it will prod anybody or anything under any condition to get the energy disturbed so it can draw that off into itself and cause more disturbance. May I say, I am just as determined and more so than the sinister force is; and so, if the battle is in the atmosphere, well then, let us understand beforehand that "I AM" the Victor! (*applause*) Thank you, Precious Ones. The sinister force is not master of Me nor of My Energy; and since "I AM" the Guardianship of your Life Streams because "I AM" the same Authority over those Life Streams that your own "I AM Presence" is, and when one day you understand what That means, you will know why "I AM" the Power. I bring This to your attention to assist your "Mighty I AM Presence" fulfill Its own Divine Plan through you, until the hour comes when you reveal the Victory of Its Presence in this outer self and the control which you will have over the atmospheric conditions about you.

Long have We awaited this opportunity, Precious Ones! The Cosmic Hour is here wherein I am going to take a hand in things; and with your cooperation, we will still the turmoil and the chaos and the insane nonsense that has sought to touch those who are making progress on the Pathway of Light, and who must attain their Goal in order to be the Protection for this Nation. Unless We have a certain number of people within the Nation who are winning the Victory and are the Light within the Nation to save the Nation, how can God's Protection and Victory and Freedom be maintained here except through those individuals who are becoming that Victory and Freedom and

Protection by their own Conscious Call, by their own obedience to the “Mighty I AM Presence” and Us, and by their own release of the Power and the Authority and the Will of the people.

There has to be a certain group of mankind within your borders who are the Light, enough of the Light within your Nation to be the will of the people that makes the Demand upon the Cosmic Law to correct conditions within the Nation, and to hold the protection against the chaotic conditions of the sinister force in the rest of the World. Every diabolical thing of mankind’s human creation is directed against the United States of America and the Americas, with a determination to wreck everything that is of God. So, you who are forging ahead through the wilderness of mankind’s frightful creation have Guardians that you know not of. Since My Service to the Light and My Responsibility to Life is to help guard you as you come nearer your final Victory, then I come to establish an Anchor of Peace within and around you as a Powerhouse, that at any moment you may draw upon That, and your own “I AM Presence” may hold command of the conditions around you and through you that hold Command of the Nation.

I am placing My Peace within your Electronic Circle; and your “Beloved I AM Presence,” when It is ready to release certain Powers through you, will have that Protection and added Energy from Our Octave to protect you while the Powers are being anchored into your outer use. Dear Hearts, whether you want to use those Powers or not at the present time is not the question! If you are to survive against the destruction of the outer world, you will have to have those Powers in your outer use and direction. You have got to have more Power from your “Mighty I AM Presence,” from Our Octave and the Great Central Sun to be anchored within your Electronic Circle of Life to hold your own against the destructive forces, until they are finally leashed and consumed. It is not a matter of whether you want to or not—you either will, or you won’t survive; and the outer

world is in the same condition. Either those who want God will turn to God and give obedience to the Law, or they cannot have the Protection of God. The Great God Presence of the Universe will not protect that which is destructive, be it known or unknown.

My Dear Ones, when you understand what Blessings can be yours by Gratitude and Love to your “I AM Presence,” *enough* of It to your “Presence,” you cannot lack for any good thing in the outer world. So, when I place the Anchor of My Peace into the energy of your world, to hold control of that energy and keep it still while your “Beloved I AM Presence” reveals Itself through you, then with Conscious Recognition and Conscious Command to the energy around you to be still, will you find many things coming into Perfection in your world just naturally and as easy as breathing.

Your Great God Presence of Life does not struggle. We do not struggle. The Angels do not struggle. The Great Central Sun does not struggle. *It is the feeling in you of struggle that causes the struggle*, as the Mighty Saint Germain told you long ago. Therefore, unless you take the energy of your feeling world in hand and command it to be still, command it to be purified, command it to reveal the Light of the full Love from the Great Central Sun, until you do that, how can you have Freedom?

The turmoil of the centuries, My Dear Ones, is boiling to the bursting point. You must move insulated in that, and as you go forward you are untouched by it. I assure you, it is only the Energy and the Life and the Substance and the Love from the Hearts of the Ascended Host and the Angelic Host that has been your Sustaining Power over the last twenty years. You are living tonight on nearly ninety percent of the Energy and Substance and Love of Life, the actual Life from the Ascended Host, in addition to your own “Mighty I AM Presence.” If you did not have That around you, anchored through these

Dictations and through these years of training, if you had not drawn That around you tonight, and if you were not the Anchor of that Power within the Nation, you would be in the same chaos here as the rest of the World.

People don't understand what Love has done for them, and people do not understand how necessary is the communion — and by that I mean the Love and Adoration and Conscious Recognition of the “Mighty I AM Presence” and the Ascended Host to some group of unascended Beings—in order to keep the Powers from Our Octave coming into this World to hold it even in as much constructive activity as is present this hour.

Mankind can deny Us all they want to; but they better not defy Us, and they better not lie about Us! They little know into what they connect themselves and into what they enter when they pretend to have connection with Us when they don't. Mankind have bound themselves through the centuries through deceit, and now the hour is at hand for that which has entrapped mankind through the centuries to face its final consuming. So, those who are trying to hold to the Light are very dear to Us; and We give you everything from Our Octave to remind you every day of all these Powers, all of Our Assistance, all that Our Life and Our Love, Our Energy and Our Substance from Our Octave can draw in and around you to help you become Victorious and hold your Command of conditions around you.

As you take your stand that it does not make any difference what is in anybody, so long as the energy of you and your world is concerned, when you say: “*‘Beloved Mighty I AM Presence’ and all the Beings in the Great Central Sun, I demand that my world be still, by the Peace of Your Heart and the Love of Your Authority and the Power of Your Will,*” when you say that, you demand all the feeling in your world to be still and be only the Love and the Light and the Perfection of the Heart of your “Mighty I AM Presence.” If you demand it, your “Presence” will manifest it. If you demand it of Us, We will

manifest it. There isn't one Ascended Master who will ever fail you! Your own "Presence" cannot fail you! The Mighty Beings in the Great Central Sun cannot fail you! Therefore, the Law cannot fail you. But when the feelings become disturbed, then immediately, as you flash that Flame of Love about your "Presence" and you ask It to take command and compel Peace where turmoil wants to break forth, you only have to do That a few times to set the Habit, until wherever you abide you will be the Peace-commanding Presence. Then My Authority over your Life Stream, in combination with your "Blessed I AM Presence," can draw into you and around you the Blessings you will need to make your world the World of Our Octave, to close out the shadows of your distress and your problems.

You have asked tonight for all the Love from the Great Central Sun; so when It begins to manifest in and around you as the Control of the outer world conditions in which you move, you will find a very Powerful Friend is at hand and has come to abide with you until your journey is complete! (*applause*) Thank you, Precious Ones.

If you will take your feeling world in hand, or even that of someone else—and you don't need to issue the Command audibly. If someone else is in turmoil, go by yourself, and in all the Authority of your "Mighty I AM Presence" and the Love from the Great Central Sun, speak to that energy around individuals: "*In the Name of that 'Mighty I AM Presence,'*" say, "*I demand Peace, be still,*" and you will clear the atmosphere for others. It is just as if you raised your window shades and the Sun came in and you could see what you wanted to do to help others.

If people would take the energy of their feeling world in hand, night and morning, and command it to record thus and so of the Perfection you want, it would respond just as easily as you take a photograph, and you would have that Blessing in your world. But the outer world's demand is incessant; its

confusion, its hurry, and its din are just ever driving at you to disturb your feeling world — and you must be master of it! The only way you can be master of it is to command it. You are in this world to learn Mastery, to attain your Mastery, to express your Mastery — and that means Mastery of what? Mastery of energy! It means your Absolute, Invincible, Eternal Control of all energy wherever you abide, commanding it to be qualified and used only constructively. So, when you say to every feeling within you, “*I AM the Presence of Immortal Love, and I command Peace; therefore, you shall be still,*” — that energy is just like a child. The moment you issue your Command and you make it know you are its Master, it will give you loving obedience and you will have cooperation; otherwise, you will not.

It is not so much the command of people or things or conditions around you, as it is a command *to the energy and the feeling within you*, because the moment you have commanded the energy inside of you to be still and you have become Master of your feelings, do you know what occurs? The moment you have control of the energy within yourselves and you have become Master of it, and you hold it still, every Being of Nature in the atmosphere about you will cooperate with you because it knows you have mastered yourself. It will be your obedient servant because it knows you are Master and in control of the Beings within yourselves. Therefore, all Beings around you automatically will cooperate with your every constructive activity.

So, whatever you accomplish from within, will bring you boundless Blessings from the world around you; and many times you will just be silent and the Fulfillment of your Calls will automatically appear. I do not mean that you don't give Decrees. You will just raise in the stillness of that energy after you have given the Decree; and then, like a breath sometimes, you will find those Decrees fulfilled in outer world conditions — because the outer world is in chaos, and anyone who has the Power to move into the energy of that chaos and settle it and

say, *"Peace, be still,"* will automatically find whatever is there, will come to serve you because you are Master of it. *"He who is master of himself is greater than he who taketh a city."* Therefore, your assistance to other people and your cooperation with Us depends on the Mastery of yourself, and it is not difficult. Is it difficult to feel peaceful? Ask yourselves. Is it uncomfortable? I think not. You all crave it after you are in a certain amount of turmoil; you want to go somewhere where you can be quiet and alone.

Well then, if you form the Habit of compelling the energy within you to be still, and compel Peace to hold command, I tell you, you will be quite comfortable; and it is not a rigid discipline! It is not a sacrifice! It is not hard to accomplish! Believe Me, it is not difficult. All it takes is a remembering of the "Presence" and the Command that you, yourselves, must give to the energy in yourselves, to tell that energy how you want it to act for you. When you say to every bit of that energy inside: *"Peace, be still! 'I AM' in command,"* as soon as you accomplish that within yourselves, then you can say to the energy in the world around you or the waves, *"Peace, be still,"* and that energy will take on the radiation of your stillness and the waves will obey you. Then you will walk on the water as Beloved Jesus did.

Beloved Ones, it is My Pleasure to be one of your Guardians; and I trust as I call upon you, you will be able to feel Me more and more powerfully until the hour when you see Me face to face. (applause) Thank you, Precious Ones. So, as the sinister force plans more destruction and more turmoil, We plan to bring more Love and more Light and more Control by the Powers of Our Life in and around those who will try to hold to the Great God Presence of Life. Know always that when greater destruction seems to appear, greater Power and Presence of God is here. Dwell within It! Use It in yourselves, and It will automatically manifest around you.

As we go forward and you demand that Peace hold

command of everything in your world, then We can come more quickly and We can use you many times—just like an Extension of Ourselves—to bring quiet and peace to struggling mankind who know not where to look for the Light.

You have found the Light in that “Beloved I AM Presence.” Now you must be a Sun of Its Presence to command Peace and take Its Blessing to every person you contact, and establish that Blessing of Peace in the things and activity of the outer world wherever you abide. Then do you know what That will bring? With Love to your “Presence” and Gratitude to your “Presence” you will know only success in every outer world activity; and an abundance of every good thing will come to you, just naturally, as the result of your Obedience to the Law.

So, I bring you tonight, I trust, the Freedom and the Release of Love and the Light that does compel Peace. May My Heart ever enfold you as the Guardian Presence until your “Blessed I AM Presence,” in the Fullness of Its Mighty Powers pouring through you, holds command of everything; and when you *demand* Peace, Peace comes and holds command for you. May Our Love ever reveal Our Presence by the Blessings of Its Peace.

Thank you and good night.
